STATEMENT:

I left behind my former life because I could not sit by and watch career politicians continue bleeding this country dry and allow other nations to take advantage of us on trade, borders, foreign policy, and national defense. As President, I took on every powerful special interest, fixing globalist trade deals, ending foreign wars, securing the border, and standing up to Big Pharma and China. Together, we put America First and returned power to the American People.

The corrupt government cartel is once again destroying our country. We are a nation that has declared war on hard-working Americans. We are a nation where free speech is no longer allowed, crime is rampant like never before, terrorists are invading our southern border, and the economy is in a recession. We are a nation that is hostile to liberty, freedom, and faith.

Our populist movement to Make America Great Again is the only force on earth that will lead our country back to safety, prosperity, and peace. I will unleash American energy, renew the Trump tax cuts, repeal stifling government regulations and stop wasteful spending.

Together, we created the greatest American economy in history and together we will do it again. We will create unprecedented opportunities for all Americans through explosive economic growth.

We can Make America Great Again by tackling lawlessness head-on, stopping the endless flow of illegal immigrants across our southern border, and reversing inflation by restoring America's prosperity.

-President Donald J. Trump
