(( ANTHEM )) THE ATTITUDE OF THE PEOPLE OF THE UNITED STATES  
IS ONE OF HORROR AT THE GENOCIDAL POLICY BEING CONDUCTED BY THE  
NIXON ADMINISTRATION IN INDOCHINA. THE PEACE MOVEMENT IN THE  
UNITED STATES NOT ONLY IS A MOVEMENT OF THE MAJORITY, IT COMPRISES  
SEVENTYSIX TO SEVENTYSEVEN PERCENT OF ALL THE PEOPLE IN THE UNITED STATES,  
IT UNITES PEOPLE OF VARYING POLITICAL VIEWS: BLACK, WHITE, BROWN,  
YELLOW, RED, AND IT IS A PROGRAM FOR THEIR UNITY. IT LEADS  
THEM TO UNITY AROUND THE PROGRAM FOR ENDING THE WAR NOW IN  
VIETNAM, FOR THE COMPLETE WITHDRAWAL OF THE U.S. FORCES, AND A PROGRAM  
WHICH GIVES AND CREATES THE CONDITIONS FOR THE VIETNAMESE PEOPLE  
TO HAVE THE RIGHT TO DETERMINE THEIR OWN FUTURE FROM U.S.  
IMPERIALISM, BEING FROM THE AIR OR SPIES AT SEA. IT HAS BEEN THE  
REASON THAT SUS HALL, SECRETARY GENERAL OF THE COMMUNIST PARTY  
OF THE UNITED STATES, WHO IS NOW OUR PRESIDENTIAL NOMINEE  
AND (CHARLES TYNER), CHAIRMAN OF THE LEAGUE FOR THE LIBERATION  
OF YOUNG WOMEN, WHO IS OUR VICE PRESIDENTIAL NOMINEE, WENT  
TO HANOI AND SAW WITH THEIR OWN EYES THE CRIMINALITY OF THE  
WASHINGTON PIRATES, WHO DROPPED BOMBS FROM THEIR B-52 BOMBER  
PLANES AND USED ALL KINDS OF GENOCIDAL CHEMICAL WEAPONS

4-00000

THREE THOUSAND VILLAGES DESTROYED BY BOMBS DROPPED BY THE  
PLANE OF U.S. MONOPOLISTS, BY U-S-SECRET R-S-CLONES, THREE  
THOUSAND VILLAGES MEANS THREE THOUSAND S,000 LIVES, THESE  
BOMBS ARE BEING DROPPED BY THE U.S. MONOPOLY BOMBERS,  
WHICH DIRECTS NIXON AGAINST THE PEOPLE OF VIETNAM,

(QUESTION) WOULD YOU TELL ME IN THIS CONTEXT WHAT IS THE  
RESPONSE TO THE SOVIET PEACE OFFENSIVE IN THE UNITED STATES?

(ANSWER) THE PEACE MAJORITY ABOUT WHICH I SPOKE IN  
THE UNITED STATES REFLECTS ITSELF IN GREETING THE POSITIONS  
TAKEN BY THE PEOPLE IN EUROPE IN GENERAL ON THE BASIS OF THE  
SOVIET INITIATIVE AND IT IS HOPING TO CREATE A ZONE WHERE  
WORLD HUMANITY WILL NOT AGAIN BE FACED WITH THE DANGER OF  
NUCLEAR WAR, THAT IS WHY YOU FIND SUCH STRONG SUPPORT FOR  
THIS INITIATIVE TAKING PLACE IN A THOUSAND DIFFERENT FORMS  
AND DEVELOPING FURTHER, THE AGREEMENT ON EUROPEAN SECURITY  
HOLDS A PROMINENT POSITION ON WHICH THE PEOPLES OF EUROPE AS  
SUCH CAN UNITE AGAINST THE REVANCHISTS AND KARYUNBERS AND ONCE  
AND FOR ALL PREVENT A WAR, WHICH COULD ONLY PRODUCE HUNDREDS  
OF MILLIONS OF LIVES DESTROYED AND BURNED BY THE NUCLEAR  
WEAPONS;

(QUESTION) THE CRISIS OF U.S. SOCIETY ALSO ENVELOPS THE

DAVIS. IT IS GENERALLY KNOWN THAT CZECHOSLOVAKIA, LIKE  
THE ENTIRE PROGRESSIVE PUBLIC, FULLY SUPPORTS IT IS WELL-KNOWN  
U.S. COMMUNIST, IN YOUR OPINION WHAT WILL BE THE FURTHER  
COURSE OF THE TRIAL?

((ANSWER)) FIRST OF ALL I BRING GREETINGS FROM THE U.S.  
COMMUNIST PARTY, FROM THE COMMITTEE FOR THE DEFENSE OF ANGELA  
DAVIS AND FROM ANGELA DAVIS PERSONALLY, MOST CORDIAL GREETINGS  
AND THANKS TO THE CZECHOSLOVAK PEOPLE WHO SO COURAGEOUSLY AND  
SELFLESSLY STRUGGLE FOR THE FULL FREEDOM OF THE POLITICAL PRISONERS,  
PERSECUTED BY THE MONOPOLISTS AND RACISTS IN THE UNITED STATES.

((QUESTION)) THANK YOU VERY MUCH.

((ANSWER)) ANGELA DAVIS CASE IS A REFLECTION OF THE REACTIONARY  
PROFASCIST POLICY WHICH IS NOW BEING PRACTICED IN THE COUNTRY,  
AND IT IS PART AND PARCEL OF THE CAMPAIGN OF EXTERMINATION  
AGAINST THE PEOPLE OF VIETNAM, AND IT IS PART AND A STRIKING  
EXAMPLE OF THE POLICY THROUGH WHICH THE UNITED STATES SUPPORTS  
ALL POSSIBLE SORTS OF MILITARISTS AND REACTIONARIES IN WEST  
GERMANY AND THE APARTHEID GOVERNMENT IN SOUTH AFRICA. U.S.  
IMPERIALISM DOES NOT SUPPORT ANY PROGRESSIVE REGIME ANYWHERE  
IN THE WORLD, BUT IT SUPPORTS ALL REACTIONARY REGIMES EVERYWHERE  
--THAT IS WHAT IN TERMS OF DOMESTIC POLICY LEADS TO THE STRONG

14-00000  
TRIAL OF A W. L. DAVIS, WITH RESPECTS TO THE ATTACK ON THE SUPREME COURT  
PUTTING FORWARD A POLICY IN THE UNITED STATES,

IT BEGAN WITH AN ATTACK ON ALL NEGRO PEOPLE IN THE UNITED  
STATES, THAT IS WHY THE NIXON ADMINISTRATION IS NOW TAKING  
STEPS TO BACK THE SUPREME COURT IN SUCH A WAY THAT IT BECOMES  
A NIXON COURT, WHOSE RULINGS WILL BE TO RIP OUT ALL THE PROGRESSIVE  
PEACEFUL LEGISLATION OF THE CONGRESS AND EVERY PROGRESSIVE DECISION  
OF THAT COURT, AND THAT IS WHY EFFORTS ARE BEING MADE TO PREPARE  
THE APPROVAL OF NEW LAWS AND REGULATIONS WHICH ARE AIMED AT  
CURSING DEMOCRACY AND AT MAKING IT POSSIBLE NOT ONLY TO WAGE  
THE WAR BEYOND THE SEA BUT ALSO TO SUPPORT FORCES INSIDE THE  
UNITED STATES WHICH WOULD CRUSH THE BLACK LIBERATION MOVEMENT  
AND CRACK THE UNITY OF THE WORKING PEOPLE. (7) (S) (C) (B) (R) (N) (A)

POLITBURO MEMBER AXEN RECEIVES CPUSA LEADER WINSTON

East Berlin NEUES DEUTSCHLAND in German 5 May 72 p. 2-3

[Text] Berlin (ND) -- On Thursday, Hermann Axen, Politburo member and SED Central Committee secretary, received Henry Winston, chairman of the CPUSA, who is currently in the GDR for a friendship visit in the headquarters of the Central Committee. During the meeting, which was marked by a spirit of comradeship and the close fraternal friendship between the two parties, the chairman of the fraternal U.S. party reported on the results of the 20th CPUSA Congress, the party's successes in the struggle for increasing its membership before the presidential elections in November 1972, on problems of the struggle against the U.S. imperialist aggression in Vietnam, Laos, and Cambodia and on the struggle for the defense of Angela Davis.

Hermann Axen conveyed the greetings of Erich Honecker, First Secretary of the SED Central Committee, to Gus Hall, secretary general of the CPUSA, and to all U.S. communists, reassuring them of the continued fraternal solidarity of the SED and the GDR working people in their struggle for peace, democracy and social progress, for the defense of civil rights and the liberation of Comrade Angela Davis.

Hermann Axen extensively informed the U.S. workers leader about the implementation of the decisions of the Eighth SED Congress and the GDR's struggle for peace and security in Europe.

The talk once again confirmed the full agreement of the SED and the CPUSA on all basic questions of the struggle of the world communist movement and served the further deepening of the fraternal relations between the two parties.

At a very cordial meeting with representatives of the GDR Committee for Human Rights, Henry Winston, chairman of the CPUSA, movingly outlined the efforts of thousands of U.S. citizens in defense of Angela Davis.

HENRY WINSTON

I. Personal History

A. Birth and Family Background

Henry Winston, Negro, was born April 11, 1914, at Hannasburg, Mississippi, to Joseph and Lucille Bingham Winston, both of whom were born in Mississippi. The family moved to Kansas City, Missouri, about 1927. Joseph Winston died there on October 28, 1958. He and his wife had been separated for many years.

Winston had several sisters and a brother, namely, Dora Humphrey, Lillie Belle Black, Roberta Smith, and Otis D. Winston. Another sister, Anna Lee McConico, is dead. Apparently none of Winston's family ever became affiliated with the CPUSA.

B. Marital Status

On May 2, 1941, Henry Winston and Edna Lerner, a white native-born New Yorker, were married in Brooklyn, New York. Edna was born April 23, 1918. Her father was born in Russia, and her mother in Austria. Henry and Edna have two children, Larry Douglas, born February 14, 1947, and Judith Anne, born September 25, 1950, both in New York City.

HENRY WINSTON

Guy Owens, a Negro, was born March 5, 1934, in New York City, the illegitimate son of Fred Owen, although Henry Winston is often referred to as his father. He has been active in communist affairs since the late 1930s. At one time, he suffered a mental breakdown and spent some time in the Soviet Union, where he was hospitalized. He also attended school there. For a time, he lived with his mother and Winston, although he is currently living in apartment 2-C, 150 Rott Street, New York City, and is unemployed.

#### C. Education

Winston attended Lincoln High School in Kansas City, Missouri, from 1928 to about 1930.

#### D. Employment

While in Kansas City, he worked at miscellaneous jobs from 1930 to 1932 before going to New York City. Since then, he has given his full time to CPUSA activities.

#### E. Foreign Travel

In November, 1933, Winston was sent to the Soviet Union by the CPUSA to attend the Lenin School, and remained at this school until May, 1935. In March, 1937, he reentered the Soviet Union.

14-00000

Winston, accompanied by his wife, Lena, and their two children, went to the Soviet Union in the Fall of 1961. His wife and children returned to the United States in November, 1961, but Winston remained abroad for two and a half years. During this period, he underwent examination and treatment by Soviet doctors for his virtual blindness. On his return, he stated he had been to East Germany twice and had attended Congresses of the Communist Parties in Hungary, Czechoslovakia, and Bulgaria, in addition to having traveled extensively in the Soviet Union.

Winston has indicated that he has traveled to many socialist countries throughout the world, including Red China as well as Korea, Indonesia, and other places, where he had discussed the international communist movement and the problems connected therewith.

Winston with his wife, Fern, went to Santiago, Chile, in October, 1965, to attend the 13th Congress of the Chilean Communist Party as a delegate-observer.

In March, 1966, they traveled to the Soviet Union to attend the 23rd Congress of the Communist Party of the Soviet Union. They revisited that country in the Fall of 1967, as part of the official delegation of the CPUSA, to attend the 50th

On January 12, 1960, authorities in the United States  
 Penitentiary at Terre Haute, Indiana, where Winston was  
 incarcerated, stated that he was ill and appeared to be losing  
 his equilibrium. Later that month, Winston was examined by a  
 neurologist from Indianapolis whose findings showed that  
 he had intercranial pressure which could be caused by a brain  
 tumor or a brain hemorrhage resulting from high blood pressure.  
 As a consequence, Winston was operated on February 2, 1960,  
 for a benign tumor in the brain. A marked degree of improvement  
 in his condition was noted, and he was considered to be totally  
 blind. On June 30, 1961, he was released from prison following  
 commutation of his sentence by President Kennedy.

In August, 1961, there were indications that Winston  
very likely possessed a brain tumor. He had refused to undergo  
another operation because he was given only a 50 percent chance  
for survival. Soviet medical reports in early 1962 allegedly  
revealed that Winston's condition was such improved that his  
vision was 85 percent in his right eye and one percent in  
his left, and that the tumor in his head had not grown.  
On March 12, 1963, Soviet doctors after a complete physical  
examination, stated that the symptoms indicating a recurrence  
of Winston's brain tumor had completely disappeared.

In January, 1965, Fern Winston advised that doctors  
in the Soviet Union told Winston that he must return to that  
country for hospitalization and treatment twice a year for  
periods of four to six weeks. This treatment, consisting of  
injections, exercises, medicine, and diet, is supposed to reduce  
the blood pressure and enable Winston to see, at least, some  
contrast between dark and light.

Winston has claimed on numerous occasions that, while  
he was in prison, the Government doctors made a wrong diagnosis  
of his ailment and, as a result, he is now blind. On November 7,  
1960, while in prison, Winston brought suit against the U.S.  
Government for one million dollars under the Federal Torts Claims  
Act, alleging that the failure of prison authorities to properly  
diagnose his condition and to treat him for a brain tumor had  
resulted in his becoming totally blind. On January 18, 1965,

however, Winston's attorney, John Abr., said he was dropping this suit because of the difficulty of extracting the necessary information from prison authorities and because the time required would detract from Winston's public activities.

Winston reportedly suffers from some ailment of his metabolism which causes him to have attacks of dizziness persisting for several days.

#### His Current Address

Winston resides at 334 East 108th Street, New York, New York.

## II. Communist Party Affiliations

### A. History

Winston joined the YCL in January, 1931, and became a member of the CPUSA in the Summer of 1931. In December, 1932, he left Kansas City, Missouri, as a YCL delegate to the National Hunger March in Washington, D. C., and then proceeded to New York City, where he worked for the "Young Worker," official organ of the YCL.

In 1933, he was Chairman of the Harlem Youth Section of the Unemployed Councils and was later named Chairman of the Youth Section of the Unemployed Council for the New York City metropolitan area. From April through November, 1933, he was Section Organizer of the YCL in Brooklyn.

14-00000

From November, 1933, to May, 1935, he was in the Soviet Union, where he attended the Lenin School. Upon his return to the United States, he became Organizational Secretary of the YCL in Cleveland and was named to the Ohio District Committee of the YCL. In March, 1936, Winston was named YCL National Organizational Secretary, and in May, 1937, was elected YCL National Administrative Secretary.

Winston was active in the YCL as editor of the "Young Communist Review," official magazine of the YCL, and as Director of the YCL Training School held at Camp Beacon, New York, during 1937 and 1938. He was reelected YCL National Administrative Secretary in May, 1939, and held this office until his induction into the Army in February, 1942.

Winston became a member of the CPUSA National Committee in June, 1940; was elected a member of the Communist Political Association National Committee while serving in the Armed Forces in 1944; and was renamed to the CPUSA National Committee in July, 1945. From October, 1945, to July, 1946, he served as Secretary of the Party's National Negro Commission. He was named a member of the editorial staff of "Political Affairs" in 1946. In July, 1946, he was elected a member of the Party's National Board and appointed CPUSA National Organizational Secretary. He held the latter position until his disappearance into the Party's underground apparatus in July, 1951.

Winston was a fugitive from July 2, 1951, following his failure to appear after being convicted of a violation of the Smith Act, and his surrender to authorities on March 5, 1950.

In August, 1961, Winston was elected to the CPUSA's National Executive Committee and was made CPUSA Vice Chairman. On his return to the United States in January, 1954, after two and a half years abroad, Winston was elected a member of the Secretariat and the National Executive Board. At the 18th National Convention of the CPUSA in June, 1966, he was elected CPUSA National Chairman.

#### B. Current Activity

Winston is currently CPUSA National Chairman and a member of the Secretariat, the National Executive Board, and the National Committee.

#### C. Congressional Testimony

Winston testified before the Senate Armed Services Committee on April 2, 1948, on behalf of the CPUSA in opposition to universal military training and the draft.

#### D. Indictments and Arrests

Winston was indicted on July 20, 1948, under conspiracy provisions of the Smith Act of 1940. He was tried, convicted, sentenced to five years imprisonment, and fined \$10,000 but

failed to appear in Federal Court for commitment to prison on July 2, 1954. He remained a fugitive until his surrender on March 5, 1956, as a result of which he received an additional three-year sentence for contempt of court. Winston remained in prison until his sentence was commuted by President Kennedy on June 30, 1961, for reason of health.

On August 3, 1961, the Department of Justice, in view of Winston's physical condition, dismissed the detainer against Winston which had been placed because of his indictment under the Smith Act. Winston's indictment under the Smith Act was dismissed on May 29, 1962.

III. Characterization

A. Physical appearance

Winston is six feet tall. He is stockily built, weighing around 200 pounds. He has black hair, brown eyes, and a pockmarked face. He dresses neatly, wears a suit and tie, and appears to be well groomed at all times.

B. Habits and Idiosyncrasies

Because of his near-total blindness, Winston has to be led or driven around, except when he is at home or at CPUSA headquarters. His associates read to him, and in this way he is able to keep informed about national and world events and Party affairs.

Winston renishes his position as CPUSA National Chairman and the emoluments accruing from it. He does not lack for personal or material comforts. He can travel anywhere in the world any-time he desires. When he goes to the Soviet Union, he is paid homage, catered to, and afforded all the medical attention he wishes.

Winston's wife Fern is said to have complained that she has no easy life because she frequently has to act as his nurse, secretary, and chauffeur and gets nothing in return from him except abuse. Gus Hall is reported to have helped patch up their marital difficulties and persuaded them to stay together.

#### C. Effectiveness as Party Leader

Winston occupies his top post in the CPUSA by virtue of the fact that Hall, when he became General Secretary, needed a prominent Negro Party leader to give him support because of his own lack of following among Party Negroes. Since Winston is now an important figure in the national leadership, Hall and other Negro functionaries are obliged to be attentive to and respectful of him.

Hall is apparently resentful that Winston is essential to his continuing Negro support in the Party and that he must necessarily treat Winston with deference. Hall reportedly would like nothing better than to have Soviet doctors keep Winston in the USSR for an indefinite period of time when he visits that country for a medical check-up, thereby preventing Winston

14-00000

from participating in CPUSA affairs. He is said to believe that Winston is mentally ill as a result of his brain tumor.

From Winston's earliest days in the communist movement until his release from prison, he--unlike many other Negro Party leaders--was not known to be arrogant or to press for special recognition or advantage because of his life. But on ascending to the highest level of national leadership, a change came over him. The old, affable Winston became irascible and straddling in inner Party circles and let it be known to all his associates in the National Office that he was an important figure. He made it obvious that he was to be consulted, with his opinion sought, and his approval obtained on all matters. To the office workers in the national headquarters, Winston is a terror; to associates and co-workers, he is arrogant and domineering.

Nevertheless, Winston is considered to be an effective and popular Party leader among the membership, white as well as black. He has an engaging personality and is always smiling or laughing. Because of his pleasant, cooperative demeanor, his roguish humor and wisecracking, and his lack of temper, he enjoys an easy relationship with people. He seems to like everyone, and his friendly manner has ingratiated him with the rank and file.

In his rise to the top leadership, Winston was extremely careful to faithfully follow the Soviet and the prevailing CPUSA line at all times and to be in tune with the thinking of his

superiors. While forceful and decisive in debate, he rarely displayed any independence or initiative, but hewed to the Party line. He avoided becoming angrily contentious in debate or discussion because he wanted to be on the side of those who counted most in terms of authority and leadership. He worked well with people on committees, but became firm when issues of moment were at stake and he knew the desires of higher officials. He never conflicted with a person in higher authority or standing but went along as a "good guy."

Winston stays clear of personal intrigue and maneuvering. In the Party's Negro cadre, which is perpetually divided and rife with unending rivalry and backbiting, he strives to play the role of the middleman or the pacifier.

As a speaker, Winston is of the rough-and-tumble type who is a good agitator. He makes an effort to assume a dignified stance on the platform and seldom resorts to exaggerated oratorical antics.

He gives every indication--in speech and in vocabulary--of having had minimal schooling. His extempore language is choppy, disorganized, colloquial, and full of mispronunciation of even simple words. He has virtually no writing skill and is not known to have authored any type of document during his long career in the Party. Speeches, reports, and articles issued under his name are the work of ghost writers.

Winston, who was re-elected National Chairman of the CPUSA at its recent 19th National Convention, is, along with Gus Hall, the type of loyal leader the Soviets want in the CPUSA at the present time.

HENRY WINSTON DENOUNCES U.S. POLICY IN INDOCHINA

Moscow TASS International Service in English 1916 GMT 2 Mar 71 L

[Text] New York March 2 TASS--The National Chairman of the U.S. Communist Party Henry Winston sharply denounced Washington's policy of escalating the war in Indochina and stepping up racialism and anti-communism in the United States. Speaking in the past few days at youth meetings over the radio and television in Connecticut he emphasized that if the United States had unilaterally intervened in the war it can and must withdraw from Vietnam in the same way.

USSR INTERNATIONAL AFFAIRS  
(THE AMERICAS)

This is pure demagoguery when the administration talks of cutting military spending and of saving the lives of U.S. servicemen. The communists believe that not a cent should be spent on the aggressive war waged thousands of miles away from the shores of our country.

Henry Winston condemned the campaign of political persecution conducted by the U.S. authorities. I am quite sure, he emphasized, that the forthcoming trial of Angela Davis in California is a political conspiracy. I met Angela Davis a few days ago. After my talk with her I became even more convinced of the political character of this trial. The case of Angela Davis has been framed up by the racist and anti-communist forces of the State of California.

The Washington DAILY NEWS points out that the 'Peace Corps' program, which costs taxpayers 100 million dollars annually, does not work, and recommends that the administration find better ways to use these funds.

Official Washington has in fact acknowledged the failure of the 'Peace Corps' activity. This is evidenced by the White House's decision to merge the Peace Corps with VISTA, so-called corps of teachers.

The activity of such centralized 'volunteer service', in the opinion of the White House, may bring greater returns for the invested dollars.

But the U.S. press casts serious doubt on the effectiveness of the administration's plans, and not without reason.

The fameless ten-year activity of the 'Peace Corps' made many in America convinced that no one, except for ideological saboteurs, needs this 'volunteer' organization.

**HENRY WINSTON DESCRIBES U.S. RACIST POLICIES**

Moscow TASS International Service in English 0903 GMT 27 Feb 71 L

[Text] New York Feb 27 TASS--Speaking at the law faculty of the Yale University in New Haven on Friday, National Chairman of the Communist Party of the United States Henry Winston has said that Nixon's policy, aimed at expansion of the war in Cambodia, Laos and other areas of Indo-China, is actually the racist policy of American imperialism.

Henry Winston has emphasized that the policy of the present-day government of the United States becomes increasingly menacing. Henry Winston said this policy leads to intensification of racism and anticommunism as component parts of the programme, aimed at elimination of the resistance to the governments line.

Current reprisals against civil right fighters are only the beginning of a campaign which was launched with the aim of breaking the resistance of the Negro people. This campaign is now spearheaded against Angela Davis, a symbol of struggle against racism and anticommunism. These reprisals, if they are not duly rebuffed, will tomorrow spread to the whole of the American people, blacks and whites. The struggle in defence of Angela Davis and other political prisoners is, therefore, the matter of honour for all Americans, who cherish freedom and peace.

The vicious frameup persecution of Angela Davis by the Nixon-Agnew-Reagan axis is an attack upon the rights of all who struggle for peace, democratic rights and freedom from capitalist exploitation. In addition, Angela Davis shares the plight of all who would escape the yoke of racist oppression.

# Brazil junta gives in

RIO DE JANEIRO, Sept. 5 (UPI) — The Brazilian government bowed today to the demands of a band of very, very determined men who kidnaped U.S. Ambassador C. Burke Elbrick and threatened to execute him.

The Foreign Ministry announced it would free 13 political prisoners as demanded. The announcement came barely an hour and 20 minutes before expiration of an ultimatum that presumably would have meant death for the 61-year-old envoy.

The ambassador was seized by a band of four men on a Rio de Janeiro street Thursday and the kidnapers set a deadline of 48 hours for their demands to be met. They repeated the ultimatum this morning but moved up the deadline for acceptance of their demands 2:30 p.m. (1:30 p.m. EDT) today.

The government announcement came at 12:30 p.m. (11:30 a.m. EDT) after it received a handwritten note from the ambassador to his wife saying that he was alive and well but asking the government to accede to what he called "very, very determined" men.

There had been two original demands—release of the unnamed prisoners and full publication of the kidnaping, one which denounced the government as a "dictatorship." The note was published in a newspaper.

The government has already

command, the Foreign Minister and high national authorities.

This way the responsibility will be completely upon the head of the kidnapers for the safety of Ambassador D. Burke Elbrick, the statement said.

The kidnapers were believed to be members of "MR8," a guerrilla group made up mostly of Brazilian university students. Its initials stand for "Movimento Revolucionaria and the '8' refer to the date of the death of Ernest Che Guevara, the Cuban revolutionary killed in Bolivia Oct. 2, 1967.

# Blockade of Cuba hits U.S. consumer: Winston

By TOM FOLEY

NEW YORK, Sept. 5 — American consumers pay more for sugar and steel because the United States does not have normal relations with Cuba, Henry Winston, national chairman of the Communist Party, said today.

W-201  
306887

Daily World 6 Sep 69

The economic blockade of Cuba not only affects that island but hurts the ordinary American by boosting monopoly prices on a number of items, including the steel and nickel that goes into his car and refrigerator. Winston pointed out: Cuba has 50 percent of the world's nickel deposits, he noted.

Winston gave his views to a press conference at Communist Party Headquarters here a few days after his return from Cuba. He led a Communist Party delegation that visited every province in Cuba in August.

See editorial Page 7

The blockade of Cuba affects economic and political relations between U.S. and Latin America, he went on.

U.S. consumers hit

"It's not only a matter of sugar, but also steel, in terms of the U.S. Steel monopoly and trust," he said.

"It's not only sugar prices — Cuba is the world's second largest sugar producer — but even the price of lobsters."

Instead of receiving Cuban lobsters U.S. consumers get lobsters from the racist, fascist and apartheid regime of South Africa," Winston said. "This trade between U.S. and South Africa actually upholds a regime which opposes everything decent in the world."

He emphasized that reversal of the policy of the Nixon Administration towards Cuba is the only effective answer to achieving new relationships towards Latin America as a whole.

Scientific exchange affected

He said he was very happy to

receive the information about Cuba by the Central Committee of the Communist Party of Cuba.

"There I was able to observe the crimes that U.S. imperialism has inflicted on the country and also the courageous manner in which the Socialist government of Cuba has undertaken to erase the effect of these crimes," he said.

The economic blockade of Cuba not only affects normal trade (sugar, steel, lobsters) but also scientific exchange, for example, Winston pointed out.

Doctors are prevented from going to Cuba, exchanging information, from helping to train technicians and other doctors, and from using textbooks, he added.

Life span rots

"Despite all this, some most inspiring developments in science are taking place in Cuba today," he said. "Despite this lack of scientific exchange, the life span

of Cubans is now longer, so is that of the rest of the world. It is not a single case of malaria, though Cuba used to be known as the source of malaria fever. Cuba has combated malaria by using the Salk vaccine variety developed and produced by the Soviet Union.

Now Cuba's main concern today is the battle for industrialization of the country. Winston said, stressing that the fight to produce 10 million tons of sugar is an important one in Cuba and will help it to meet international commitments and improve the mechanization of agriculture.

"Cuba is showing how a country can develop under socialism," he concluded. "This, in turn, is having a very dramatic effect on the rest of Latin America. This is why normalizing relations with Cuba is a prerequisite for developing normal relations with Latin America."

authorized the publication of a declaration authorizing the transfer to a Cuban country the 15 persons detained whose names will be indicated," the government said in a public statement.

### Black GIs anti-war action reported in South Vietnam

HANOI (ENS) — More than 100 black GIs staged an anti-war protest July 30 in the port base of Qui Nhon, in Binh Hoa province, according to a report by the Liberation Press Agency of South Vietnam.

The report, as transmitted by Prensa Latina, said that the men marched from one end of the base to the other and also marched on the local airport. They reportedly "shouted slogans demanding peace, the end of the U.S. aggression in Vietnam and the immediate withdrawal of the U.S. troops."

At the airport, the black GIs battled with cops who tried to stop the demonstration.

## Episcopalians vote \$200,000 'reparations'

By RICHARD GREENLEAF

NEW YORK, Sept. 5 — Church leaders in the U.S. are still striving to evade the principles set forth in the Black Manifesto, even though some churches are making payments on the reparations account which the Manifesto holds they owe black Americans.

Such is the situation following this week's action by a convention of the Episcopal Church, which after two days of heated debate in South Bend, Ind., allocated \$200,000 to the Black Economic Development Conference, the group which promulgated the Manifesto and has been seeking to collect payments on the \$10 million it says the churches owe the

Negro people for centuries of oppression.

The resolution adopted by the Episcopalians included a passage rejecting the "ideology" of the Manifesto.

The Rev. George M. Murray, Bishop of Alabama, said in the course of the debate: "I cannot vote for a group whose only record is this manifesto, a violent, Marxist document."

But the resolution did recognize the Black Economic Development Conference as a movement for "organizing the self-determination" of the black community.

Evangelist charged

The action followed by less than two weeks an address by the Rev.

Lucius Walker, Jr., executive director of the Interreligious Foundation for Community Organization, in which he charged that many churches and synagogues were seeking to avoid doing anything about the Black Manifesto.

Walker was addressing the National Catholic Conference for Interracial Justice, meeting in Los Angeles. IFCO is the group which financed the meeting in Detroit earlier this year at which the BEDC was founded and the Manifesto formulated.

"After all the churches' rhetoric about love, brotherhood and justice," Walker said, "at many points it is flipping out when the real proposition is put, acting

like a young lady who knows what to do to get a young man's attention, then falling back on her virtue when the question's popped."

He suggested that recourse might be had to the UN or an international court of law.

The 1915 Paris Conference, he argued, established the validity of reparations being given to individuals rather than to nations.

One of the most fervent pleas made at the Episcopalians' meeting was that of the Rev. Junius F. Carter, Negro rector of Holy Cross Episcopal Church in Pittsburgh.

"I am sick of you," he cried. "You don't trust me, you don't trust black priests, and you don't trust black people."

# 'Blockade must be ended, ✓ --U.S. Communists in Cuba

Special to the Daily World  
 HAVANA, Aug. 28 —  
 Henry Winston, national  
 chairman of the Communist  
 Party of the U.S.A. who is  
 heading an American Com-  
 munist delegation visiting  
 here, issued the following  
 statement:

HENRY WINSTON

U.S. imperialism, before the  
 revolution, accounted for 75 per-  
 cent of Cuba's imports and 66 and  
 two thirds percent of all her ex-  
 ports.

How to strangle in infancy the  
 greatest event of our time in this  
 hemisphere was the main concern  
 of the U.S. monopolists. They  
 broke off diplomatic and trade  
 relations.

The mass release of revolution-  
 ary energy, the unity and creati-  
 vity established among the people  
 of Cuba, demonstrated what a free  
 people can accomplish.

They found reliable friends in  
 the Soviet Union, other socialist  
 states, and many other countries.

'Blockade will fail'

Socialism in Cuba continues  
 developing.

The anti-Cuba policy of U.S.  
 imperialism now includes the  
 blockade. This policy, too, will  
 fail.

Our delegation saw with their

mass building of housing, schools,  
 in short, an advance on every  
 front.

The story of Camaguey shows  
 concretely the boldness in the  
 planning of construction and the  
 mass undertaking in cadre train-  
 ing to be able to manage this un-  
 dertaking.

Hails Cuba's racial equality  
 Just imagine a plan which be-  
 gins with the daily output of 11,000  
 liters of milk, to be increased to  
 one million per day. And what  
 then? The creation of a milk-  
 processing plant in which all kinds  
 of dairy products will be develop-  
 ed.

Such is the approach in every  
 field.

Of great beauty is that racist  
 practices ended with imperialism  
 and among the many great lessons  
 of this revolution is the equality  
 established between black, white  
 and mulatto.

The cause of Cuba must be-  
 come the cause not only of Com-  
 munist but of all democrats,  
 anti-imperialists and radicals.

The story of Cuba must become  
 known to the millions of our land.  
 The economic blockade must go.  
 This barbarity is the essence of  
 U.S. imperialist policy. The peo-  
 ple can and must compel the Nix-  
 on administration to put an end  
 to this criminality.

# Delegation of CP visiting Cuba

NEW YORK, Aug. 12 — An official six-person delegation of the Communist Party U.S.A. headed by national chairman Henry Winston, is now in Cuba at the invitation of the Cuban Communist Party. It is first such delegation since 1960.

"We are enthusiastic about the delegation and feel great pride in it and the reinforcement of warm, cordial cooperation between the Cuban Communist Party and ours," James Jackson, chairman of the International Department of the Communist Party, told the Daily World.

He recalled that Cuban President Fidel Castro himself had invited Winston to Cuba to recuperate after the eye operation Winston underwent in prison that resulted in loss of his eyesight. Castro offered to exchange 100 "gusanos" ("worms," a term applied to Cubans who turned against their own country in the service of imperialism) for Winston while in prison.

There have long been warm bonds between the Cuban people and the people of the U.S. Jackson said. The opportunity exists for a change in official relations between the United States and Cuba.

Comradely relations between our party and the Cuban Communists under the leadership of Fidel Castro will be strengthened by this series of discussions which will contribute to a necessary campaign to end the boycott and reverse the present antagonistic policy of the United States toward Cuba.

"This delegation will have an opportunity to see socialism in process in Cuba and will exchange opinions in the two week period. They will report back to our party and to the American people.

tempt to outflank the Democratic Republic of Vietnam and get into position along its western border. The Pathet Lao counterattacked and captured the important air base of Muong Soui.

Fifteen miles south of Muong Soui lie the two secret CIA bases of Sam Thong and Long Thien held by the CIA, an estimated 1-150 U.S. Special Forces troops, and several Thai artillery units. Theoretically, the two bases are under the control of the Royal Lao General Vang Pao. Actually, they are controlled from the Special Forces headquarters in Udorn, Thailand.

Long Thien, in the mountains on the western edge of the strategic Plain of Jars, is Special Forces headquarters for Laos, containing the "Green Beret" supply and command center.

General Vang Pao, like the units under Special Forces command, is of Lao nationality.

The charges by Laos Premier Souvanna Phouma that "40,000 North Vietnamese" have invaded Laos in violation of the 1962 agreement on the neutralization of the country, are directly related to the fact that Sam Thong and Long Thien are threatened by Pathet Lao attack. It may be predicted that the closer the Pathet Lao get to the CIA "Green Beret" center, the louder Souvanna Phouma's cries will become.

Souvanna Phouma's charges of violations of Laos "neutrality" come from a man who approved the U.S. bombing of more than 70 percent of his own country over the last several years. The U.S. policy behind this bombing was first stated by an American diplomat in Vietnam: "To make progress in this country, it is necessary to level everything."
