New York, New York.

Dear Mr. Thompson:

Reference, your letter to me dated December 13.

The report to which you refer was not acted upon by the Congress until quite recently. On October 22, 1940 the President signed a bill which, in effect, embodied the recommendations contained in the report of last May. A copy of this legislation is enclosed for your information. No meeting of the Committee has been held since October 22. Kisseloff-24609

Yours sincerely,

Dear Mr. Thompson:

I acknowledge the receipt of your letter of February 11 in which you refer again to the activities of the Holmes memorial committee.

Although the committee has met since I last wrote to you, there have been no developments of a sufficiently definite nature to warrant any public statement at this time as to the committee's activities.

Yours very truly,

Dear Mr. Thompson:

In reply to your letter of February 17, I may say that the Holmes Memorial Committee has not met for some months past. As far as I can see, it is not likely that the Committee will wish to recommend any action involving the utilization of space near the Supreme Court Building while all energies are being directed to the war effort. Consequently, I do not think that there is anything which can appropriately be said about the Committee's activities at this time which would be helpful to you in any article you may

Dear Mr. Thompson,

I am unable to give you any helpful information in reply to the questions set forth in your letter of December 23. One of the members of the Committee, Representative Kent Keller of Illinois, was not re-elected last November. Consequently I assume that until the new Congress Kisseloff-24615nes and a successor to Mr. Keller can be

chosen, the Committee will not meet. Each
of your other questions depends upon such
action as the Committee may choose to
take. I expect that the Committee will
meet soon after the new Congress comes in.

Very truly yours,

Algier Hiss
