FOIPA Request No.: 1459602-000
Subject: Unsolved Mysteries TV Show

Dear Mr. Greenewald:

The enclosed 1,564 pages of records were determined to be responsive to your subject and were previously processed and released pursuant to the Freedom of Information Act (FOIA). Please see the selected paragraphs below for relevant information specific to your request as well as the enclosed FBI FOIPA Addendum for standard responses applicable to all requests.

- In an effort to provide you with responsive records as expeditiously as possible, we are releasing documents from previous requests regarding your subject. We consider your request fulfilled. Since we relied on previous results, additional records potentially responsive to your subject may exist. If this release of previously processed material does not satisfy your request, you may request an additional search for records. Submit your request by mail or fax to – Work Process Unit, 170 Marcel Drive, Winchester, VA 22602, fax number (540) 868-4997. Please cite the FOIPA Request Number in your correspondence.
- Please be advised that additional records responsive to your subject exist. If this release of previously processed material does not satisfy your request, you must advise us that you want the additional records processed. Please submit your response within thirty (30) days by mail or fax to—Work Processing Unit, 170 Marcel Drive, Winchester, VA 22602, fax number (540) 868-4997. Please cite the FOIPA Request Number in your correspondence. **If we do not receive your decision within thirty (30) days of the date of this notification, your request will be closed.**
- One or more of the enclosed records were transferred to the National Archives and Records Administration (NARA). Although we retained a version of the records previously processed pursuant to the FOIA, the original records are no longer in our possession.

If this release of the previously processed material does not satisfy your request, you may file a FOIPA request with NARA at the following address:

National Archives and Records Administration
Special Access and FOIA
8601 Adelphi Road, Room 5500
College Park, MD 20740-6001
- Records potentially responsive to your request were transferred to the National Archives and Records Administration (NARA), and they were not previously processed pursuant to the FOIA. You may file a request with NARA using the address above.

- One or more of the enclosed records were destroyed. Although we retained a version of the records previously processed pursuant to the FOIA, the original records are no longer in our possession. Record retention and disposal is carried out under supervision of the National Archives and Records Administration (NARA) , Title 44, United States Code, Section 3301 as implemented by Title 36, Code of Federal Regulations, Part 1228; Title 44, United States Code, Section 3310 as implemented by Title 36, Code of Federal Regulations, Part 1229.10.
- Records potentially responsive to your request were destroyed. Since this material could not be reviewed, it is not known if it was responsive to your request. Record retention and disposal is carried out under supervision of the National Archives and Records Administration (NARA) according to Title 44 United States Code Section 3301, Title 36 Code of Federal Regulations (CFR) Chapter 12 Sub-chapter B Part 1228, and 36 CFR 1229.10.
- Documents or information referred to other Government agencies were not included in this release.

Please refer to the enclosed FBI FOIPA Addendum for additional standard responses applicable to your request. **“Part 1”** of the Addendum includes standard responses that apply to all requests. **“Part 2”** includes additional standard responses that apply to all requests for records about yourself or any third party individuals. **“Part 3”** includes general information about FBI records that you may find useful. Also enclosed is our Explanation of Exemptions.

For questions regarding our determinations, visit the www.fbi.gov/foia website under “Contact Us.” The FOIPA Request Number listed above has been assigned to your request. Please use this number in all correspondence concerning your request.

If you are not satisfied with the Federal Bureau of Investigation’s determination in response to this request, you may administratively appeal by writing to the Director, Office of Information Policy (OIP), United States Department of Justice, 441 G Street, NW, 6th Floor, Washington, D.C. 20530, or you may submit an appeal through OIP’s FOIA STAR portal by creating an account following the instructions on OIP’s website: <https://www.justice.gov/oip/submit-and-track-request-or-appeal>. Your appeal must be postmarked or electronically transmitted within ninety (90) days of the date of my response to your request. If you submit your appeal by mail, both the letter and the envelope should be clearly marked "Freedom of Information Act Appeal." Please cite the FOIPA Request Number assigned to your request so it may be easily identified.

You may seek dispute resolution services by contacting the Office of Government Information Services (OGIS). The contact information for OGIS is as follows: Office of Government Information Services, National Archives and Records Administration, 8601 Adelphi Road-OGIS, College Park, Maryland 20740-6001, e-mail at ogis@nara.gov; telephone at 202-741-5770; toll free at 1-877-684-6448; or facsimile at 202-741-5769. Alternatively, you may contact the FBI’s FOIA Public Liaison by emailing foipaquestions@fbi.gov. If you submit your dispute resolution correspondence by email, the subject heading should clearly state “Dispute Resolution Services.” Please also cite the FOIPA Request Number assigned to your request so it may be easily identified.

Sincerely,

David M. Hardy
Section Chief,

Enclosure(s)

FBI FOIPA Addendum

As referenced in our letter responding to your Freedom of Information/Privacy Acts (FOIPA) request, the FBI FOIPA Addendum provides information applicable to your request. Part 1 of the Addendum includes standard responses that apply to all requests. Part 2 includes standard responses that apply to requests for records about individuals to the extent your request seeks the listed information. Part 3 includes general information about FBI records, searches, and programs.

Part 1: The standard responses below apply to all requests:

- (i) **5 U.S.C. § 552(c).** Congress excluded three categories of law enforcement and national security records from the requirements of the FOIPA [5 U.S.C. § 552(c)]. FBI responses are limited to those records subject to the requirements of the FOIPA. Additional information about the FBI and the FOIPA can be found on the www.fbi.gov/foia website.
- (ii) **Intelligence Records.** To the extent your request seeks records of intelligence sources, methods, or activities, the FBI can neither confirm nor deny the existence of records pursuant to FOIA exemptions (b)(1), (b)(3), and as applicable to requests for records about individuals, PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(1), (b)(3), and (j)(2)]. The mere acknowledgment of the existence or nonexistence of such records is itself a classified fact protected by FOIA exemption (b)(1) and/or would reveal intelligence sources, methods, or activities protected by exemption (b)(3) [50 USC § 3024(i)(1)]. This is a standard response and should not be read to indicate that any such records do or do not exist.

Part 2: The standard responses below apply to all requests for records on individuals:

- (i) **Requests for Records about any Individual—Watch Lists.** The FBI can neither confirm nor deny the existence of any individual's name on a watch list pursuant to FOIA exemption (b)(7)(E) and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(7)(E), (j)(2)]. This is a standard response and should not be read to indicate that watch list records do or do not exist.
- (ii) **Requests for Records about any Individual—Witness Security Program Records.** The FBI can neither confirm nor deny the existence of records which could identify any participant in the Witness Security Program pursuant to FOIA exemption (b)(3) and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(3), 18 U.S.C. 3521, and (j)(2)]. This is a standard response and should not be read to indicate that such records do or do not exist.
- (iii) **Requests for Records for Incarcerated Individuals.** The FBI can neither confirm nor deny the existence of records which could reasonably be expected to endanger the life or physical safety of any incarcerated individual pursuant to FOIA exemptions (b)(7)(E), (b)(7)(F), and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(7)(E), (b)(7)(F), and (j)(2)]. This is a standard response and should not be read to indicate that such records do or do not exist.

Part 3: General Information:

- (i) **Record Searches.** The Record/Information Dissemination Section (RIDS) searches for reasonably described records by searching systems or locations where responsive records would reasonably be found. A standard search normally consists of a search for main files in the Central Records System (CRS), an extensive system of records consisting of applicant, investigative, intelligence, personnel, administrative, and general files compiled by the FBI per its law enforcement, intelligence, and administrative functions. The CRS spans the entire FBI organization, comprising records of FBI Headquarters, FBI Field Offices, and FBI Legal Attaché Offices (Legats) worldwide; Electronic Surveillance (ELSUR) records are included in the CRS. Unless specifically requested, a standard search does not include references, administrative records of previous FOIPA requests, or civil litigation files. For additional information about our record searches, visit www.fbi.gov/services/information-management/foipa/requesting-fbi-records.
- (ii) **FBI Records.** Founded in 1908, the FBI carries out a dual law enforcement and national security mission. As part of this dual mission, the FBI creates and maintains records on various subjects; however, the FBI does not maintain records on every person, subject, or entity.
- (iii) **Requests for Criminal History Records or Rap Sheets.** The Criminal Justice Information Services (CJIS) Division provides Identity History Summary Checks – often referred to as a criminal history record or rap sheet. These criminal history records are not the same as material in an investigative “FBI file.” An Identity History Summary Check is a listing of information taken from fingerprint cards and documents submitted to the FBI in connection with arrests, federal employment, naturalization, or military service. For a fee, individuals can request a copy of their Identity History Summary Check. Forms and directions can be accessed at www.fbi.gov/about-us/cjis/identity-history-summary-checks. Additionally, requests can be submitted electronically at www.edo.cjis.gov. For additional information, please contact CJIS directly at (304) 625-5590.
- (iv) **National Name Check Program (NNCP).** The mission of NNCP is to analyze and report information in response to name check requests received from federal agencies, for the purpose of protecting the United States from foreign and domestic threats to national security. Please be advised that this is a service provided to other federal agencies. Private Citizens cannot request a name check.

EXPLANATION OF EXEMPTIONS

SUBSECTIONS OF TITLE 5, UNITED STATES CODE, SECTION 552

- (b)(1) (A) specifically authorized under criteria established by an Executive order to be kept secret in the interest of national defense or foreign policy and (B) are in fact properly classified to such Executive order;
- (b)(2) related solely to the internal personnel rules and practices of an agency;
- (b)(3) specifically exempted from disclosure by statute (other than section 552b of this title), provided that such statute (A) requires that the matters be withheld from the public in such a manner as to leave no discretion on issue, or (B) establishes particular criteria for withholding or refers to particular types of matters to be withheld;
- (b)(4) trade secrets and commercial or financial information obtained from a person and privileged or confidential;
- (b)(5) inter-agency or intra-agency memorandums or letters which would not be available by law to a party other than an agency in litigation with the agency;
- (b)(6) personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy;
- (b)(7) records or information compiled for law enforcement purposes, but only to the extent that the production of such law enforcement records or information (A) could reasonably be expected to interfere with enforcement proceedings, (B) would deprive a person of a right to a fair trial or an impartial adjudication, (C) could reasonably be expected to constitute an unwarranted invasion of personal privacy, (D) could reasonably be expected to disclose the identity of confidential source, including a State, local, or foreign agency or authority or any private institution which furnished information on a confidential basis, and, in the case of record or information compiled by a criminal law enforcement authority in the course of a criminal investigation, or by an agency conducting a lawful national security intelligence investigation, information furnished by a confidential source, (E) would disclose techniques and procedures for law enforcement investigations or prosecutions, or would disclose guidelines for law enforcement investigations or prosecutions if such disclosure could reasonably be expected to risk circumvention of the law, or (F) could reasonably be expected to endanger the life or physical safety of any individual;
- (b)(8) contained in or related to examination, operating, or condition reports prepared by, on behalf of, or for the use of an agency responsible for the regulation or supervision of financial institutions; or
- (b)(9) geological and geophysical information and data, including maps, concerning wells.

SUBSECTIONS OF TITLE 5, UNITED STATES CODE, SECTION 552a

- (d)(5) information compiled in reasonable anticipation of a civil action proceeding;
- (j)(2) material reporting investigative efforts pertaining to the enforcement of criminal law including efforts to prevent, control, or reduce crime or apprehend criminals;
- (k)(1) information which is currently and properly classified pursuant to an Executive order in the interest of the national defense or foreign policy, for example, information involving intelligence sources or methods;
- (k)(2) investigatory material compiled for law enforcement purposes, other than criminal, which did not result in loss of a right, benefit or privilege under Federal programs, or which would identify a source who furnished information pursuant to a promise that his/her identity would be held in confidence;
- (k)(3) material maintained in connection with providing protective services to the President of the United States or any other individual pursuant to the authority of Title 18, United States Code, Section 3056;
- (k)(4) required by statute to be maintained and used solely as statistical records;
- (k)(5) investigatory material compiled solely for the purpose of determining suitability, eligibility, or qualifications for Federal civilian employment or for access to classified information, the disclosure of which would reveal the identity of the person who furnished information pursuant to a promise that his/her identity would be held in confidence;
- (k)(6) testing or examination material used to determine individual qualifications for appointment or promotion in Federal Government service the release of which would compromise the testing or examination process;
- (k)(7) material used to determine potential for promotion in the armed services, the disclosure of which would reveal the identity of the person who furnished the material pursuant to a promise that his/her identity would be held in confidence.

FBI, police in Forest Grove ask public for help

By **LINDA CAMPILLO**

Correspondent, *The Oregonian*

The FBI and the Forest Grove Police Department appealed to the public Friday for help in identifying the man who robbed the First Interstate Bank in Forest Grove on Nov. 14 and killed a bank customer.

More than 30 customers and employees were in the bank at the time of the robbery. A customer, Frank A. Lucero, 70, of Yamhill, was shot and killed by the robber.

"We are trying to keep the community aware of finding this man," Forest Grove Police Chief Thomas Lowther said during a news confer-

ence in the FBI's Portland office.

Lowther said the police department had looked into four or five suspects in the case. Among them was a bearded, dark-haired man resembling a composite drawing released shortly after the robbery occurred. The man had been wanted for questioning, but Lowther said police have determined he was not involved.

Law enforcement officials now are looking for a lone robber who entered the bank wearing a rubber devil's mask, plaid shirt and blue jeans and was armed with what was thought to be a .38-caliber revolver. The suspect is described as in his

early 20s to mid-20s, 5 feet 10 inches, 160 to 180 pounds, medium build, dark curly hair and a deep voice.

"Particular lead information is sought concerning the devil's mask worn during this robbery," said Dave Miller, FBI special agent.

Lowther said the mask was manufactured in New York, and six were sent to Portland. They were carried by one store, which sold four.

The robber's mask and shirt were recovered about 150 feet from the bank, Lowther said.

A reward of \$20,000 is being offered for information leading to the arrest and conviction of the person responsible for the robbery.

Bank robbery probe continues

NOV 22 1988

FOREST GROVE—Investigation is continuing into the shooting death of a 70-year-old man and robbery of a Forest Grove bank Nov. 14.

The Forest Grove Police Department is currently searching for two individuals in connection with the incident. The robbery suspect is a white male, 25 to 35 years old, 5 feet, 10 inches to 6 feet tall and weighing 160 to 180 pounds. He is right-handed and has a deep voice. At the time of the robbery, he wore blue jeans, a

white t-shirt and white tennis shoes.

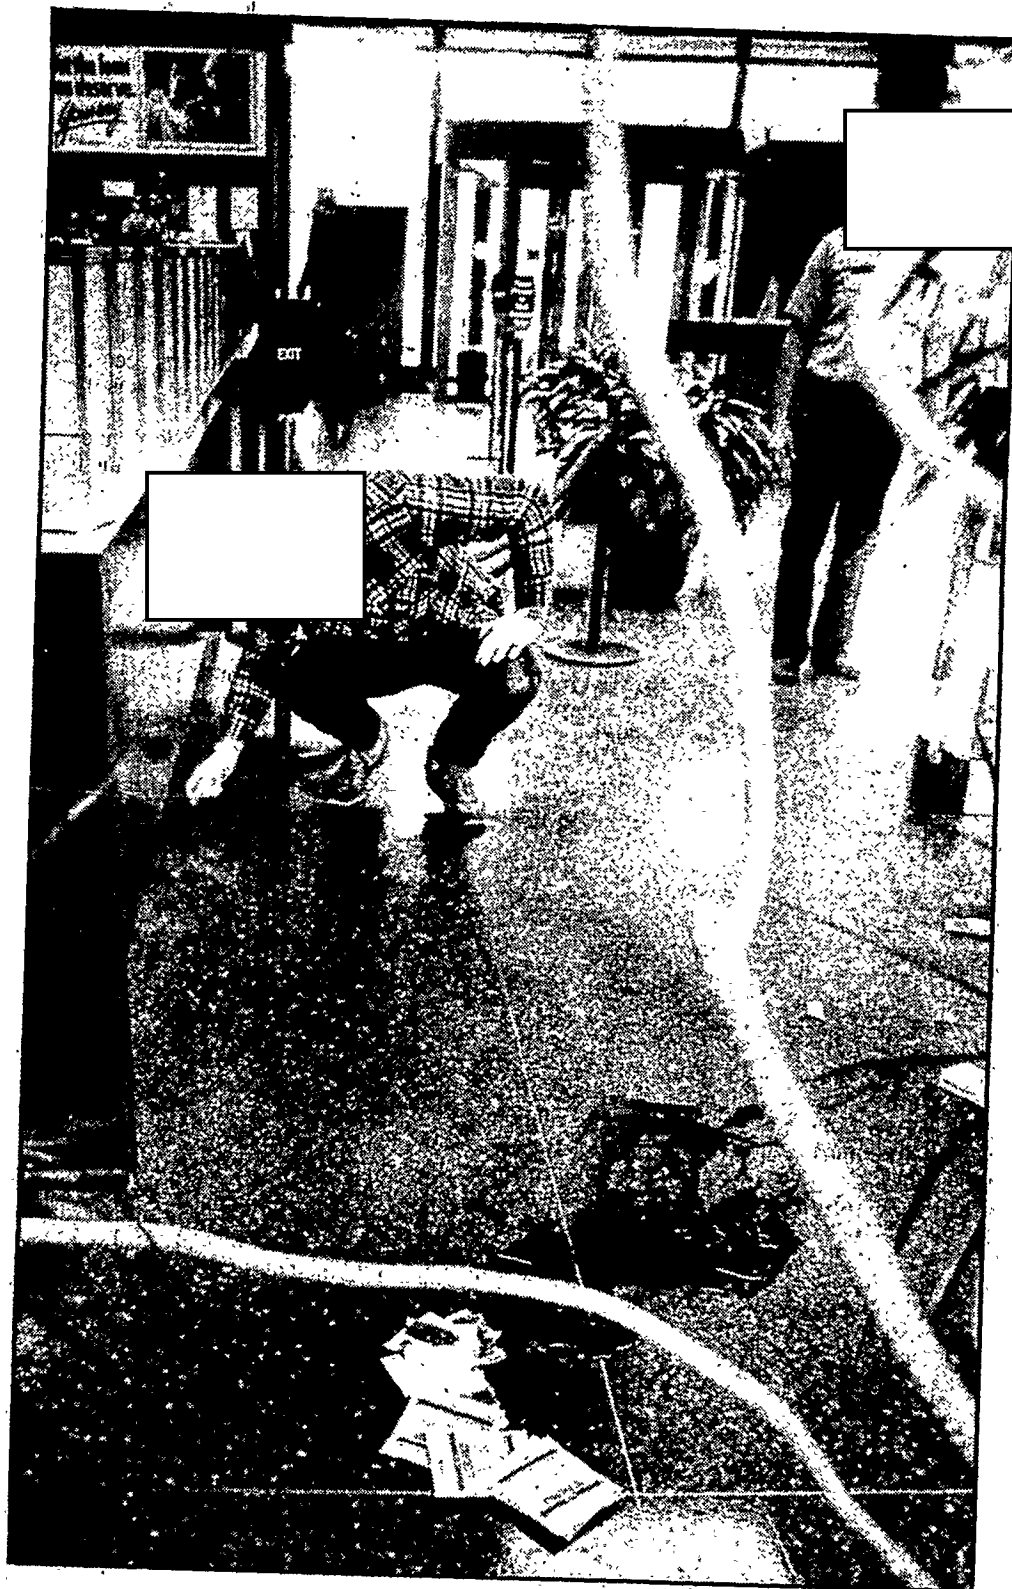

In addition, the department has released a composite drawing of a man wanted for questioning only. The subject is described as a white male, 25 to 35 years old, between 5 feet, 6 inches and 6 feet tall and weighing between 150 and 175 pounds. He has shoulder-length brown curly hair with a thick beard and mustache.

Frank Lucero, Yamhill, was fatally shot while struggling with the gunman at First Interstate Bank. After

demanding and receiving money, the suspect left the area on foot.

The Oregon Bankers Association and First Interstate Bank are each offering a \$10,000 reward for information that leads to an arrest and conviction in the case.

Both the FBI and the Forest Grove Police Department are investigating the incident. Anyone with information should contact the FBI, 224-4181, or the Forest Grove Police Department, 359-3260.

FOREST GROVE — An elderly bank patron was fatally shot Monday morning while apparently trying to intervene in a holdup at the First Interstate Bank branch in Forest Grove.

The victim, identified as Frank A. Lucero, 72, of Cove Orchard near Yamhill, suffered a single bullet wound to the head and was taken to Emanuel Hospital & Health Center. He was determined to be brain-dead, and was disconnected from life-support systems Monday afternoon at his family's request, according to the hospital.

Police were called to the bank branch at 1905 Pacific Ave. at 11:10 a.m.

According to the Forest Grove Police report, Lucero was being waited upon by a teller when the robber entered through a rear door and shoved him out of the way, brandishing a pistol at the teller and demanding money. Lucero scuffled briefly with the bandit, who then shot Lucero, according to police.

Suspect wore devil's mask

The robber took an undisclosed amount of money and ran out the back door.

Investigator Jeff Rose of the Forest Grove police said the robber was wearing a Halloween "devil's mask" but that dark, curly hair protruded around its edges. Rose said the man was in his mid-20s, about 6 feet tall and of medium build.

Bank officials closed the branch until Tuesday so that police agencies could investigate and search for fingerprints in the office.

The gunman's jacket and mask were found between two buildings near a city parking lot southwest of the bank, Bart Gori, special agent and spokesman for the FBI, said later. He said he did not know how much money was stolen.

Another customer, Albert Rheume of Cornelius, said he was only a few feet from the gunman when Lucero was shot.

He said the robber used a revolver. Rheume said he saw the victim, bleeding from the head, fall to the floor.

Forest Grove police and officers from neighboring police agencies surrounded the

area and began a search for the robber, who reportedly fled east on foot along 21st Avenue. Police, using a dog, were searching the streets along the possible escape route.

Inside the bank, Forest Grove police investigators were questioned some employees and patrons. One employee could be seen through the locked door cleaning up a pool of blood on the floor in front of a row of teller windows.

The bank offered a \$10,000 reward for information leading to arrest and conviction of the robber. Persons with information can call the FBI or the Forest Grove Police Department.

The same branch was robbed just before 5 p.m. Oct. 18. The suspect in that robbery also was described as being nearly 6 feet tall, medium build and using a handgun. He also fled on foot in the area of 21st and A streets.

Correspondent, The Oregonian

FOREST GROVE — Frank A. Lucero, the 72-year-old man fatally shot as he scuffled with a bank robber Monday, was not the kind of person to stand back while a crime was being committed, those who knew him said Tuesday.

"One time we were talking about that sort of thing," said Lyle Franck of Forest Grove, a friend of Lucero's. "He (Lucero) told me he'd step in."

Viola Lucero, who was waiting in the car outside the bank when her husband was shot, said Tuesday that it wasn't like her husband to fight with anyone, but it was like him to help someone in distress.

"He was very quiet, very peaceful," she said. "I don't know why he did that. Maybe he thought (the robber) was going to hurt somebody."

He'd be willing to help anybody."

Lucero, who lived in Cove Orchard near Yamhill, was being waited on in the Forest Grove branch of First Interstate Bank when his brief Monday morning tussle with the armed and masked bandit cost him his life. Lucero was shot once in the head and died in Emanuel Hospital & Health Center a few hours later without regaining consciousness.

Police and the FBI on Tuesday were sifting through license plate numbers and information from at least 35 telephone tips.

Late Tuesday afternoon investigators released a sketch that they think looks like the robber, based on descriptions from people who saw a man walking to the bank and later running away from it.

Investigators said the robber was 25 to 35, between 5 feet 6 inches and 6 feet tall, 150 to 175 pounds, medium build, with shoulder-length, curly

dark brown hair, a thick beard and moustache.

Tom Lowther, Forest Grove police chief, said the department had received 35 to 40 telephone calls from people offering information. The department also was tracking the ownership of every vehicle parked near the bank Monday morning.

A \$20,000 reward has been offered for the arrest and prosecution of the robber, with First Interstate Bank and the Oregon Bankers Association each contributing \$10,000.

According to Franck, the Luceros "only came into town (Forest Grove) about once a month, or sometimes every two months. Frank was coming back from a doctor's appointment when he went to the bank Monday."

Viola Lucero said she was waiting in the couple's car in the bank parking lot while her husband was in the bank, which they had patronized for

20 years.

She said she could not remember how much time passed, but she saw a man run from the back of the bank wearing a devil's mask.

"He ran back the same way he came in," she said.

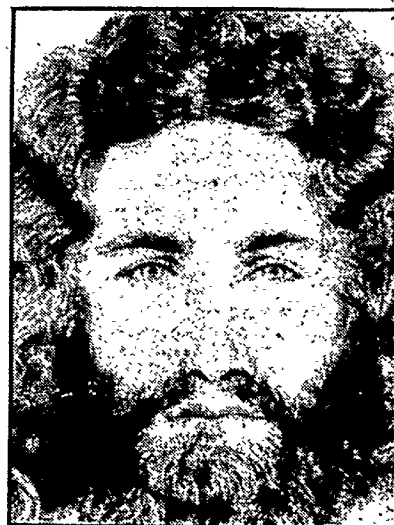

Franck, 33, said he grew up in the area around Yamhill and had known Lucero for more than 15 years. He said he had long been a friend of Lucero's youngest son, Floyd, who still lives in Yamhill. Franck said there were four other sons: Frank, who lives in the Oregon City area; Luke and Glenn, who live in Colorado; and Fred, who lives in Southern California.

Franck said he knew the elder Lucero to be a World War II veteran who had been unemployed since he had heart surgery to implant an artificial valve.

Viola Lucero said her husband had been medically retired since 1974.

Hunt for killer, robbery suspect pressed in FG

FOREST GROVE—Police are following every lead and the reward amount has climbed to \$20,000 in the search for the man who killed an elderly bank patron in Forest Grove Monday.

The Forest Grove Police Department released a composite drawing of a suspect Tuesday afternoon. The drawing was made after interviewing witnesses who saw a suspect before and after the incident, police said.

The subject is described as a white male, 25 to 35 years old, between 5 feet, 6 inches and 6 feet tall and weighing between 150 and 175 pounds. He has shoulder-length brown curly hair with a thick beard and mustache. He is right-handed and has a deep voice. At the time of the robbery, he wore blue jeans, a white t-shirt and white tennis shoes.

Frank Lucero, 70, Yamhill, died following the Monday morning shooting at First Interstate Bank. The gunman, wearing a Halloween mask of the devil, entered the bank and approached a teller who was waiting on Lucero. The man pushed Lucero aside, brandished a handgun and demanded money. Lucero struggled with the suspect and was pushed away and shot once, said police. After demanding and receiving money, the subject left the area on foot.

In addition, a Forest Grove woman who was standing nearby at the time of the incident received powder burns. Meredith Kingsley, 76, was treated and released at Forest Grove Community Hospital Monday.

The Oregon Bankers Association and First Interstate Bank are each offering \$10,000 reward for information which leads to an arrest and conviction in the case.

Both the FBI and the Forest Grove Police Department are investigating the incident. Anyone with information

FOREST GROVE—A 70-year-old man was fatally shot Monday during a robbery at a Forest Grove bank.

Frank Lucero, Yamhill, died after being transported by Life Flight to Emanuel Hospital and Health Center in Portland. Lucero suffered a gunshot wound to the head, said Ken Strobeck of Emanuel, and died at 2:10 p.m.

A lone gunman entered the rear entrance of First Interstate Bank at the corner of C Street and Pacific Avenue at 11:05 a.m. and approached the teller, who was waiting on Lucero, said Forest Grove police. The subject pushed Lucero aside, brandished a handgun and demanded money.

Lucero struggled with the suspect and was pushed away and shot once, said police.

The subject then demanded money.

After receiving about \$3,000, he left on foot, said Bart Gori, special agent and spokesman for the Federal Bureau of Investigation. The suspect was last seen at the rear of the bank.

At the time of the robbery, the suspect was wearing a rubber Halloween mask of the devil, which was later recovered.

The subject is described as a white male in his early to mid-20s, between 5 feet, 11 inches and 6 feet tall and weighing 160 to 180 pounds. He had a deep voice, was right-handed and was wearing blue jeans, a white t-shirt and white tennis shoes.

FBI officers, Forest Grove police and other Washington County police agencies—including the Hillsboro Police Department's canine unit—searched the area following the incident, but the suspect was not found. However, both the rubber mask and a shirt the suspect was wearing were located in a parking lot southwest of

the bank, said Gori.

The suspect should be considered "armed and dangerous," said Forest Grove police officials.

"Both the FBI and the Forest Grove Police Department are currently working the case," Tom Lowther, Forest Grove chief of police, told a solemn Forest Grove City Council Monday night. "We have recovered evidence and will continue to work the case."

First Interstate Bank is offering a \$10,000 reward for information leading to the arrest and conviction of the suspect. Anyone with information should contact the Federal Bureau of Investigation, 224-4181, or the Forest Grove Police Department, 359-3260.

The incident is the second robbery in less than a month at the Forest Grove branch of First Interstate. Oct. 18, an armed man demanded and received money from a bank teller, before fleeing the area on foot.

But no luck yet

Police dig into leads in murder case

By JULIE HART LAURITZEN
Of the Times

FOREST GROVE — The man who shot and killed a customer in the local branch of First Interstate Bank Nov. 14 is still at large.

Investigator Jeff Rose of Forest Grove Police Services reports that his office has received approximately 125 phone calls from people with information about the case, and the police are pursuing every lead.

The Federal Bureau of Investigation is also involved in the case, but would release no information about its investigation. The FBI is involved because the murder occurred during a bank robbery, which is a federal offense.

The only new development in the case during the past week is that the police are now looking for two suspects. The man identified in a composite sketch released last week is no longer thought to be the killer. This man has been placed near the scene both before and after the crime was committed, however, and he is wanted for questioning.

Meanwhile, the bank's employees are still reeling from the aftershocks of the crime. "Just ask any psychologist if you want an idea of what we've been going through," says Don Sparlin, manager of the bank. "Then multiply that about 10 times."

The robbery which resulted in the death of 70-year-old Frank Lucero of Cove Orchard was the second at the bank in less than 30 days. The previous holdup occurred Oct. 18.

Albert Rheume, 78, of Cornelius stood next to Lucero when the single shot that took his life was fired. He remembers that everyone stood still, in shock — nobody dared to move.

"My first instinct was to trip the

robber," Rheume says. "But then I'd have to deal with his gun."

Rheume and his wife feel that crimes like these can happen in any town, no matter what the size. But he never wanted to see it happen here.

"I don't sleep," he says, thinking back over the ordeal. "All I can see is that man laying on the floor. It's awful."

These two robberies are glaring reminders of a disturbing trend throughout the state. There have been 320 robberies of financial institutions in Oregon so far this year.

George Baucum, head of security for First Interstate Bank, feels that armed guards and electronic gadgetry are not the solution. Preventive measures will be taken at the Forest Grove branch to reduce the risk of a third attempt — including fencing off the escape route used by the previous robbers — but Baucum thinks the real

solution will come from the community.

"We have to get the community to help by supporting the entire criminal-justice system," Baucum says. He would like to see people support the building of more prisons so the judges and police can do their jobs. He would also like people to be unafraid of getting involved and come forward with information about suspects and identify the people who are committing crimes.

One useful tool the bank can employ is the tightening of cash control in the teller windows. If the amount taken in bank robberies is so small that it no longer seems profitable to rob banks, perhaps the number of robberies will go down.

The Financial Institution Security Task Force is providing a \$10,000 reward for information leading to an arrest in the local case, in addition to the \$10,000 offered by First Interstate.

Lucero family shares insight

By JULIE HART LAURITZEN
Of the Times

FOREST GROVE — The name of Frank Lucero was not well-known to those who lived outside of the tiny community of Cove Orchard until Nov. 14, when Lucero struggled with a masked gunman during a robbery at a Forest Grove bank and was murdered for his trouble.

His act of courage resulted in his death, but his son Francis believes if Lucero had to do it over again, he wouldn't change a thing.

"He did not believe in spontaneity without forethought," says Francis Lucero, the oldest of Frank Lucero's five sons. "He believed you had to think of some of the possible consequences of your actions."

Francis Lucero believes his father struggled with the gunman because the elder Lucero was a "doer." He was not a man who took kindly to rudeness, let alone armed robbery, and he believed everyone should do his part to stop injustice.

"Father was never indifferent," Francis Lucero says. "He was a man who acted."

Frank Lucero was born Francisco Antonio Lucero Jan. 25, 1918. His parents were farmers in Capulin, Colo., where they raised sheep, corn, potatoes, alfalfa and peas. His family was of Hispanic and Navaho descent, with some Irish and German, but Frank Lucero was not one to cling to any one culture. He was patriotic and proud to be an American.

As a boy, he walked or rode a horse each day to a tiny, one-room school that taught grades one through eight. He didn't have any formal education beyond the eighth grade, but he loved to read non-fiction and was an intelligent man.

"He was an educated man without a

degree," says his son.

Lucero enlisted in the Army in World War II and became a paratrooper with the 82nd Airborne Division. He was taken prisoner on D-Day at Normandy and was held in a German war camp. He didn't like to glorify his war experiences and seldom talked of them.

"Bad things were not discussed," says Francis. "You lived through them, you experienced them, but you didn't glory in them."

Frank married his childhood sweetheart Viola Muñoz, Nov. 30, 1945. The couple would have celebrated their 43rd wedding anniversary this month. They raised five sons in Leadville, Colo. — Francis, Luke, Glen, Fred and Floyd.

Lucero was a strict father with his sons. He expected the boys to always be their best.

"If you weren't," says Francis, "you had to try again. If it took you four or five times, then the first four tries were practice."

When Francis was a young boy, his father took him fishing. Francis decided he wanted to go out on a raft where he could catch a really big fish. His father didn't argue with him. Francis was about 10 feet from the shore when the raft broke up and he fell into the icy lake.

"You've got to start walking on water," called out his father. That's how Francis learned how to swim.

Fishing and hunting were always among Lucero's greatest loves. He often took his sons out with him, and they developed the same fierce love for the Colorado Rockies as their father. He loved to read, garden, and bake bread. He enjoyed all types of music, from classical to country — even rock and roll.

"He appreciated all the finer things," recalls Francis. "He was an artist without a medium."

Turn to LUCERO, Page 2A

Lucero — Continued from Page 1A

When the smelter where Frank Lucero worked shut down, he decided he wanted to become a mechanic. He bought the necessary tools and took correspondence courses to learn what he needed to know. He worked most of his life in the automobile and diesel truck industry until he retired in 1974.

Lucero and his wife moved to Cove Orchard in 1968. He was suffering from heart trouble and had received heart surgery and a new synthetic heart valve. It was the primitive ball-and-cage type, and he loved to tease the children with its ticking sound. To the children, he was just like the crocodile in Peter Pan, searching after the evil Captain Hook with his tick-tocking.

He moved to Oregon because of the low altitude, but he would more often say it was for the fishing. He missed his Colorado home, but the air was too thin and a change was necessary.

"He missed the mountains fierce," says Francis Lucero. "Those 14,000-foot peaks — and not just one, but bunches of them."

Lucero became an active member of the St. John Catholic Church in Yamhill. There he often helped with the care of the church grounds, and the younger children in the parish loved to talk to him. Most did not know his last name, but everyone knew his friendly smile.

It may be easier now to understand

why Frank Lucero struggled with an armed robber in the Forest Grove branch of First Interstate Bank last week. His sons knew him as a man who was not afraid to come forward with his opinions. He felt people had to do, not just exist. He felt a man must rely on himself — not the government, church or police.

And he was probably the last man in the world who would approve of someone taking money out of a bank at gunpoint.

"We're going to miss him," says Francis Lucero, but he has already come up with a way to help cope with the loss.

"We'll probably just think of him as gone fishing."

Robbers find banks easy prey

□ Theories on why Portland's banks are so attractive focus on crowded prisons and the number of branches

By **JOHN PAINTER JR.**

of The Oregonian staff

Last year, Portland had 238 bank robberies.

That's 200 more than Chicago, 143 more than Detroit, 193 more than Atlanta and 208 more than Cleveland.

In fact, Portland had more bank robberies than most major U.S. cities during a year in which Oregon led the nation in bank robberies per capita — one for every 7,326 residents.

Only three states — California, Florida and New York — had more than Oregon's 363 bank heists last year.

And nobody can say why for sure.

Bankers, FBI agents and others theorize that several factors may be part of the answer: Oregon's crowded prisons; the drug crisis; and the plethora of user-friendly branch banks, which are seen as easy prey.

But those are just guesses.

"I haven't the slightest idea why so many occur," said George Baucum, who heads security for First Interstate Bank and is chairman of the Financial Institution Security Task Force, a group of bank security officials. "If someone could come up with that answer, he's going to be wealthy. No one seems to know."

Certainly, Bob Long, a special agent with the FBI office in Chicago, has no easy answer.

"I've always been puzzled," he said. "We have 3.1 million people here, and I don't really know what accounts for the difference in bank robbery rates."

He said Chicago's total of 38 bank robberies last year was distorted because two bandits pulled 14 jobs between them.

Similarly, FBI Special Agent John Anthony in Detroit said he was at a loss to explain both Portland's soaring bank robbery rate and Detroit's.

"I wish I could come up with an answer, but I can't," he said.

As in Chicago, Detroit's 95 bank robberies last year were skewed by five serial bank robbers, including one who hit 24 banks, Anthony said.

That bandit was a pro who planned his jobs, unlike the typical spontaneous robber seeking money for a fix, Anthony said.

He said that about 85 percent of Detroit's robbers use or sell "crack" cocaine.

About the same percentage of Portland robbers pull off their heists

Banks: Authorities link drug, alcohol use to robberies

Continued from Page One

to support a drug or alcohol habit, Oregon authorities say.

According to Danny O. Coulson, special agent in charge of the Portland FBI office, "The average bank robber in Portland is white, between 25 and 35, is 6 feet tall, weighs about 150 pounds. He's skinny because of the drugs, has no possessions; his mother has thrown him out because he's stolen from her ... and he has eight or 10 prior convictions."

Coulson said that the state's proliferation of bank branches gives robbers more targets than ever before.

In 1960, Oregon's state-chartered banks operated 75 offices. In 1987, the latest year for which figures are available, there were 688 banking offices.

Coulson said bank robberies in Portland were just a symptom of greater problems — rampant drug use and a shortage of state prison beds.

"Multnomah County is the only jurisdiction I know that has fewer jail beds than it did 20 years ago," he said.

In 1971, the estimated maximum number of jail beds in Multnomah County was 1,069. In 1988, with the opening of the new Inverness Jail, the county had 1,042 jail beds.

Baron C. Sheldahl, chief criminal assistant U.S. attorney, agreed with Coulson on all counts.

About 85 percent of the bank robbers arrested in Oregon were on probation or parole from state charges or were wanted on state charges, Sheldahl said.

"If Oregon didn't have a unique jail overcrowding problem, those people would be serving sentences, not out robbing banks," Sheldahl said.

According to statistics compiled by Frank Gilbert, chief U.S. probation officer in Portland, Oregon in January 1989 had 30,908 persons under supervision. Of those, 5,048 were behind bars, 807 were on temporary leave and 25,053 were on probation or some other form of release.

Coulson portrayed bank robbery as the graduate level of crime. Typically, criminals start out small, with car break-ins or daytime residential burglaries.

But as their drug habits become more acute, they commit ever more serious crimes, he said.

On paper, the City of Roses shouldn't be so attractive to bank robbers, Baucom said.

The FBI office in Portland has one of the highest apprehension-to-bank robbery rates in the nation.

The U.S. attorney's office takes a fairly rigid stance with bank robbers, generally indicting on as many charges and as serious charges as possible, so that robbers are assured of long prison terms.

And the federal judges in Oregon have a national reputation for parceling out longer bank robbery sentences than most of their brethren in other federal districts.

The maximum penalty is 20 years for unarmed bank robbery. Five more years can be added if a gun is shown or threatened.

In Oregon last year, the 60 bank robbers who were sentenced received an average term of more than 14 years. The average sentence nationally for bank robbery is 11 years, 4 months.

So, on its face, Portland shouldn't be at all alluring to anyone who is mulling bank robbery.

But that assumes that bank robbers are rational people. Most of them are not, according to the FBI, police, prosecutors and defense lawyers.

"Many of our clients who rob banks are alcoholics or people functioning poorly as a result of drug use," said Federal Defender Stephen T. Wax, whose office represents a large number of the robbers the FBI arrests. "When they are committing the crime they are not functioning rationally."

Coulson recalled one recent bank robbery when FBI agents tracked the gunman from the bank to his home, where he was arrested with a needle in his arm, shooting up heroin.

In another case, a 53-year-old woman was arrested for multiple bank robberies after her drug habit burst out of control.

"People don't intend to become bank robbers just like they don't intend to become drug addicts,"

Coulson said. "It's a gradual process."

For many junkies, robbing a bank poses almost no risk and almost certain success.

"Most bank robberies are opportunistic," said Robert Jackson, Gov. Neil Goldschmidt's criminal justice coordinator. "There is not a lot of long-term planning. They are incidents of opportunity. There is easy access and getaway is likely."

Wax concurred. "The impression from (most) clients is that they rob banks because of their perception that there is money readily available," he said. "Of the few clients who rob banks and who are more sophisticated, criminally oriented people, we hear that banks have a lot of money and little threat of violence from the people in the banks."

Other defense lawyers agreed, noting that their clients believed that banks have more cash that is more easily obtained with less risk than at convenience stores, where the clerk just might have a shotgun under the counter.

"Among robbers, it's common knowledge in Portland that all you need is a (threatening) note," said Portland Police Detective Bob Benson, who handles bank robberies for the bureau.

Curbing bank robberies is not easy.

In Michigan, for instance, 1974 was a banner year for bank robberies. The statewide total hit 214, the worst since bank robbery records have been kept.

As a result, bankers, local police and the FBI joined forces to increase security, Anthony said.

Among the steps: Armed guards; bullet-resistant teller enclosures called "bandit barriers"; hidden, exploding red-dye and tear-gas packs; bank cameras; silent alarms; electronic tracking devices; and roving bank security patrols.

Last year, Michigan had 170 bank robberies — a 26 percent reduction from 1974. The number had been even lower in previous years.

In Illinois, state law limits the number of branches a bank can operate to five and limits the geographical dispersal of those branches, according to the Illinois Banking Association.

"There is no branch banking here as you know it there," said Martha Rohlfig of the association.

Also, most Illinois banks have armed guards or sophisticated electronic alarms, the FBI's Long said.

Oregon banks employ most of the same anti-robber equipment and tactics — armed guards being the major exception — and recently have also

stepped up their training of tellers.

"God knows we've spent money on training of staff, cutting shrubs and bushes to make banks more open, lowering the amount of money stolen in each robbery and so on," said Frank Brawner, executive vice president of the Oregon Bankers Association.

But U.S. Attorney Charles S. Turner said bank surveillance cameras need improvement. They take "grainy, extremely low-quality photographs" that he said are frequently inferior to those taken from several thousand feet by both mili-

tary and civilian authorities.

Fuzzy photos notwithstanding, the number of bank robberies has dropped this year, Coulson said. Through March 31, Oregon had 71 bank robberies, compared with 87 during the first three months of 1988.

Coulson explained: "Mainly I think because our guys are catching them before they could rob 10 or 15 banks. Once they get started, they don't stop until we get them."

"And I also think it's because of the efforts of the local police and the security efforts of the banks."

Police comb leads

FOREST GROVE — One down, one to go.

The bearded man sought for questioning in the murder of Frank Lucero at the local branch of First Interstate Bank Nov. 14 is no longer wanted by the Forest Grove police.

Further investigation since the man's composite photo was released two weeks ago has determined that he was not involved in the crime.

That leaves the man photographed in the bank wearing a devil's mask as the only suspect the police are seeking. A reward of \$20,000 has been offered for information leading to the arrest and conviction of this man.

Tom Lowther, chief of Forest Grove Police Services, says that his department has no shortage of leads in the case.

"I would say that if we didn't receive another phone call," Lowther says, "we'd have about two months of work on our hands. And if we don't find him the first time through, we go back and start over again."

The suspect is described as a white male, right-handed, 25-35 years old, 5-10 to 6 feet tall, 160-180 pounds and armed with a short-barreled revolver — possibly a .38 caliber weapon.

Robber slays senior in bank

By JULIE HART LAURITZEN
Of the Times

FOREST GROVE — A Yamhill man was killed here Monday during an armed robbery of the First Interstate Bank.

Frank Lucero, 70, was shot once in the head by a lone gunman. Lucero was taken to Emmanuel Hospital in Portland, where he died at 2:10 p.m.

The robber entered the bank through the rear entrance at 11:05 a.m. wearing a rubber Halloween devil's mask and brandishing a handgun. He pushed Lucero aside and demanded money from the teller. Lucero was shot after he began to struggle with the gunman.

After firing at Lucero, the robber demanded and received an undisclosed amount of money from the teller and fled on foot through the same door he used to enter the bank. He was last seen outside at the rear of the building, although the police recovered the mask used during the robbery in the walkway between Don's Toy Lines and Jim's Barber Shop, adjacent businesses facing 21st Avenue north of the bank.

The gunman is described as a white male, 25-35 years old, 5-6 to 6 feet tall, medium build, 150 to 175 pounds with dark, curly, shoulder-length hair, a thick beard and a mustache. His voice was deep and he was right-handed. He was last seen wearing blue jeans, a white T-shirt and white tennis shoes. He is armed and considered dangerous.

First Interstate Bank is offering a reward of \$10,000 to anyone with information leading to the arrest and conviction of the person responsible for this crime, and another \$10,000 has been offered by the Oregon Bankers Association.

Anyone with information should call the Forest Grove police at 359-3260 or the Federal Bureau of Investigation at 224-4181.

This is the second robbery at the Forest Grove branch of First Interstate Bank in less than 30 days. The previous robbery took place Oct. 18 just before the bank closed at 4:56 p.m. At that time, a masked man demanded money from a teller at gunpoint and then fled on foot.

The suspect of the previous robbery was also described as a white male in his early 20s, about 6 feet tall and weighing approximately 180 pounds.

UNKNOWN SUBJECT;
UNITED FEDERAL SAVINGS BANK,
301 A AVENUE WEST,
OSKALOOSA, IOWA,
SEPTEMBER 22, 1988,
BANK ROBBERY

At approximately 2 p.m. on September 22, 1988, an unknown subject (UNSUB) entered captioned savings bank, approached victim teller, and handed her a note written on a piece of scratch paper which read, "\$100, \$50, \$20, \$10, \$5. Put in a bag or I'll shoot." UNSUB then displayed a small, dark handgun and produced a small, brown grocery bag in which the victim teller was to place the contents of her teller drawer. After obtaining \$3,882 in currency, including a \$50 denomination bait bill, UNSUB confronted the bank manager who was standing nearby and demanded her money. Upon being informed she did not have any money, UNSUB backed towards the front door where he placed a hoax device on the floor. As he departed, UNSUB warned victim employees "not to do anything foolish" as it was a bomb.

Upon UNSUB's departure, all bank personnel evacuated the bank through a rear door. UNSUB's direction and means of escape were unobserved.

The area surrounding the bank was immediately evacuated until the device was determined to be a hoax.

UNSUB is described as follows:

Sex	Male
Race	White
Age	Mid to late 50s
Height	5'10"
Weight	165 pounds
Facial hair	None
Build	Slim
Clothing	Blue T-shirt
Weapon	Small, dark handgun, probably a snubnose revolver. Held in right hand.

BANK ROBBERY(A)
OO:ATLANTA

At approximately 2:45 p.m., on 11/3/88, an unknown white male entered captioned bank and produced a bank robbery note which indicated that he was not only armed with a weapon but had placed a bomb at the door of the bank. Unsub proceeded to rob the bank and exited the bank with over \$11,000. Surveillance cameras were activated and Unsub was photographed.

Following the robbery, Unsub was last seen walking away from the bank towards a parking lot in a business area near the bank.

Unsub is described as follows:

Race:	White
Sex:	Male
Age:	Approximately 60
Clothing:	Black jacket and camouflage hat

No further description was obtained, however, from the surveillance photograph, it appears Unsub has a noticeable chin, large ears, and a large nose.

UNSUB
TUCKER FEDERAL SAVINGS AND LOAN ASSOCIATION
4855 BRIARCLIFF ROAD
ATLANTA, GEORGIA
9-1-88
BANK ROBBERY (A)

At approximately 2:30 p.m., on 9-1-88, an unidentified WM approached victim teller at captioned Savings and Loan Association, and said, "This is a robbery. Put all the money in a bag. No Tricks! If you scream, I'll blow a hole straight through you." The unknown male then exhibited a black revolver, which he held in his right hand. He placed a device on the teller's counter with his left hand, which he said was a bomb. The victim teller placed bank funds into a cloth bank bag, which included a bank security dye/tear gas pack.

As the unidentified WM exited the bank, he dropped the device he had previously identified as a bomb, in the bank lobby. The security dye pack activated as unsub was attempting to get into a 1984 Blue Lincoln Town car. Unsub abandoned the bag and money and made his get away in the Blue Lincoln automobile.

The "bomb" device was found to be a hoax device, made from a coffee cup warmer, household electrical fuses, toggle switches and black electricians tape.

The attached demand note was recovered with the Saving and Loan funds, although it was not used during the robbery.

The photographs of unsub taken during the robbery are of a very poor quality.

Unsub is described as follows:

Sex:	Male
Race:	White
Height:	5'8" or 5'9"
Build:	Slim
Weight:	155 pounds
Age:	Between 55 and 60 years of age
Facial Characteristics:	Subject had wrinkled skin, yellow crooked teeth
Hair:	Salt and pepper hair
Glasses:	Subject had wire rimmed prescription type glasses

AT 91A-11977

Clothing:

Light blue trousers; red, white, and blue plaid shirt; grey golfing type cap with a plaid band.

Weapon:

Subject was carrying a black snub-nosed type revolver and left behind a black box which was wrapped with black electrical tape with red and black wires coming from it.

Miscellaneous:

Subject was wearing a ring on his right hand and a watch on his left wrist.

MATTER HAS ALREADY HAD ALMOST DAILY LOCAL MEDIA COVERAGE, AS WELL AS SIGNIFICANT NATIONAL MEDIA ATTENTION TO INCLUDE COVERAGE BY "USA TODAY," "TIME MAGAZINE," "THE WALL STREET JOURNAL," AND EVEN "SPORTS ILLUSTRATED". THE HIGH MEDIA PROFILE OF THIS PLANE CRASH IS PRIMARILY DUE TO AN UNSUBSTANTIATED "CONSPIRACY THEORY" BASED ON THE FOLLOWING:

(1) FOR AT LEAST SIX YEARS EXECUTIVES OF GULF POWER COMPANY AND ITS PARENT CORPORATION, SOUTHERN COMPANY, ATLANTA, GEORGIA, HAVE BEEN UNDER INVESTIGATION BY EITHER THE FBI AND/OR IRS FOR DIVERSION OR MISAPPLICATION OF VARIOUS CORPORATE RESOURCES, AND FAILURE TO REPORT INCOME;

(2) AN INDIVIDUAL, [REDACTED], UNDER FGJ SUBPOENA TO TESTIFY REGARDING [REDACTED]

[REDACTED]

(3) A RETIRED FORMER MEMBER OF THE GULF POWER BOARD OF DIRECTORS, ROBERT F. MC RAE, AND HIS WIFE WERE MURDERED IN THEIR RESIDENCE IN LATE 1988, TWO YEARS AFTER HIS SEVERANCE OF TIES WITH GULF POWER;

b3
b6
b7C

PAGE THREE DE JK 0002 UNCLAS

(4) PLANE CRASH RESULTING IN ONGOING JACKSONVILLE DAMV INVESTIGATION OCCURRED ON MAY 30, 1989, TAKING THE LIFE OF JAKE HORTON WHO HAD CRIMINAL EXPOSURE IN THE IRS MATTER, AND WHO HAD ON THE DAY OF THE CRASH BEEN TOLD THAT HE WAS GOING TO BE FIRED.

EXTENSIVE INVESTIGATION OF THE DAMV MATTER BY THE FBI (50-60 INTERVIEWS) HAS BEEN CONDUCTED WITH INTERVIEWING AGENTS BEING FAIRLY OPEN-ENDED IN SCOPE OF INQUIRY AND RECEPTIVE TO ANY INFORMATION THAT MIGHT GO BEYOND THE MERE CRASH ITSELF. NOTHING HAS BEEN OFFERED BEYOND WHAT COULD BEST BE DESCRIBED AS UNSUPPORTED CONJECTURE BY A FEW THAT THE ABOVE EVENTS ARE RELATED. THE "CONSPIRACY" THEORY IS RECEIVING CONSIDERABLE MEDIA ATTENTION, AND THE PRIMARY PROMOTER OF THE THEORY IS THE ESCAMBIA COUNTY DEPUTY SHERIFF ASSIGNED TO THE LOCAL ASPECT OF THE INVESTIGATION, WHO HAPPENS TO BE RELATED TO THE VICTIM, JAKE HORTON.

TO REFUTE THE THEORY INVESTIGATION HAS DETERMINED THAT THE SUBPOENAED FGJ WITNESS, [REDACTED]

[REDACTED]
[REDACTED] . THOSE CLOSE TO THE INVESTIGATION BELIEVE THAT HE

b3
b6
b7C

PAGE FOUR DE JK 0002 UNCLAS

PROBABLY CHOSE TO LEAVE THE PENSACOLA AREA UNTIL THE "HEAT"
COOLED DOWN.

ROBERT MC RAE HAD DISASSOCIATED HIMSELF FROM GULF POWER
PRIOR TO HIS MURDER. NO ONE CLOSE TO THE INVESTIGATION IS
AWARE OF ANY DAMAGING TESTIMONY HE COULD HAVE GIVEN REGARDING
THE IRS AND/OR FBI INVESTIGATIONS, AND HE WAS CERTAINLY NOT
KNOWN TO HAVE ANY CRIMINAL EXPOSURE HIMSELF. THE FLORIDA
DEPARTMENT OF LAW ENFORCEMENT (FDLE) HAS BEEN ACTIVELY
INVESTIGATING THE MC RAE MURDERS AND, EXCEPT FOR THE
UNSUPPORTED CONJECTURE WHICH SURFACED WITH THE PLANE CRASH,
HAS DEVELOPED NO CONNECTION BETWEEN THE MURDERS AND MC RAE'S
AFFILIATION WITH GULF POWER.

FDLE BELIEVES THAT THE MURDERS WERE THE RESULT OF A
BUNGLED ROBBERY ATTEMPT. FDLE CURRENTLY HAS A SUSPECT IN THE
MC RAE MURDERS WHO WAS REPUTED TO HAVE BEEN CASING THE MC RAE
RESIDENCE FOR A BURGLARY OR STRONG-ARMED ROBBERY PRIOR TO
THEIR MURDER.

WITH REFERENCE TO THE DAMV INVESTIGATION, THE FBI
LABORATORY HAS CONDUCTED EXTENSIVE EXAMINATIONS ON MATERIALS
SUBMITTED FROM THE CABIN OF THE AIRCRAFT INVOLVED TO

PAGE FIVE DE JK 0002 UNCLAS

DETERMINE WHETHER ACCELERANTS WERE A FACTOR IN THE CRASH. THE FINAL LAB RESULTS HAVE NOT BEEN RECEIVED BY JACKSONVILLE, BUT EVEN IF THE LAB SHOULD CONCLUDE AN ACCELERANT NOT INDIGENOUS TO THE AIRCRAFT WAS A FACTOR, ONE VERY LOGICAL POSSIBILITY IS THAT THE SABOTAGE WAS THE WORK OF HORTON (SUICIDE), RATHER THAN THE MURDER OF HORTON.

JACKSONVILLE IS NOT IN A POSITION TO CATEGORICALLY STATE THAT THERE IS NO CONNECTION BETWEEN THE INCIDENTS SET FORTH ABOVE; HOWEVER, INVESTIGATION TO DATE IS NOT SUPPORTIVE OF ANYTHING OTHER THAN A SERIES OF COINCIDENCES. IT IS READILY APPARENT THAT THERE ARE A FEW, INCLUDING AN ATTORNEY OF QUESTIONABLE ETHICS, WHO ARE ALL TOO EAGER TO "FUEL THE FLAMES" OF THE CONSPIRACY RUMORS. TO AIR THIS INCIDENT ON "UNSOLVED MYSTERIES" CAN SERVE ONLY TO ADD ADDITIONAL FUEL, AND SUGGEST THAT THE FBI POSSIBLY BELIEVES THAT THERE IS MORE INVOLVED THEN MEETS THE EYE.

IN SUMMARY, FBI JK HAS NO INFORMATION TO CORROBORATE THAT A CRIME WAS COMMITTED. IF THE CRASH WAS NOT ACCIDENTAL, IT IS PROBABLE THAT HORTON CAUSED THE CRASH TO COMMIT SUICIDE. IT IS RECOMMENDED THAT THE FBI NOT PARTICIPATE AND

PAGE SIX DE JK 0002 UNCLAS

DISCOURAGE COVERAGE BY "UNSOLVED MYSTERIES" IF THIS IS
APPROPRIATE.

Dear Sir:

Per your request, the following information is being submitted relative to an unknown white male believed responsible for a series of nineteen bank robberies in Texas and lower California:

The unknown subject described below is believed responsible for eleven bank robberies in the Dallas Division of the Federal Bureau of Investigation since July 3, 1986. The same unknown subject is believed responsible for five bank robberies in the San Diego Division, and three in the Los Angeles Division. The unknown subject's responsibility for these robberies has been assigned as the result of a comparison of modus operandi utilized in the robberies, and on similarity in appearance and physical description. The unknown subject has robbed nineteen Federally insured institutions, and has obtained in excess of \$250,000.00.

Set forth below is a brief summary of each of the eleven Dallas Division bank robberies. The unknown subject was photographed via bank surveillance camera on only three occasions. Copies of these photographs are attached. Also attached is a copy of a reward flyer which has been published in newspapers in the Dallas, Texas Metroplex newspapers. The reward is offered by the North Texas Regional Clearing House Association.

700 WEST SPRING CREEK PARKWAY,
PLANO, TEXAS,
AUGUST 12, 1988;
BANK ROBBERY

At about 11:30 a.m., Friday, August 12, 1988, an unknown white male entered the above named FEDERAL SAVINGS AND LOAN INSURANCE CORPORATION (FSLIC) insured institution and robbed it.

The unknown subject, armed with a dark revolver, pulled a black revolver from the left side of his waistband and pointed it at the victim teller with his right hand, saying "This is a hold-up". The man placed a brown, zippered canvas bag on the counter and demanded, "20's, 50's, 100's - All of it..Put it in the bag."

The victim teller placed all his loose bills in the bag. The unknown subject vaulted on top of the counter and began pacing back and forth. The unknown subject gestured at the drive-through teller's window and said, "Get in this teller drawer," and then fired a shot into the ceiling. The victim teller did not have a key to the drawer. The unknown subject then said, "Get in the second drawer." The victim teller placed strapped money from his second drawer into the bag, and then began putting in rolls of coins. "No change", unknown subject stated, picking up the drawer and hurling it to the ground.

The unknown subject then jumped from the counter, grabbed the bag and ran in an eastward direction out of the bank. The unknown subject was observed climbing a concrete wall behind the bank leading into an alley of a residential neighborhood.

Re tel call discussed the possibility of airing JORDAN'S story on Unsolved Mysteries at some future time. [redacted] requested information regarding JORDAN and information regarding the murder. As Atlanta Division is no doubt aware, Savannah Division was conducting a UFAC investigation and does not have on hand any information regarding the murder and armed robbery.

It is therefore requested that Atlanta Division make contact with aforementioned [redacted] and ALAN in regards to obtaining affidavits, police reports, interview reports, or anything else of interest that would be useful in putting together this television episode.

For the further edification of Atlanta Division, JORDAN was convicted in Superior Court, Gwinnett County on 6/14/74 and was originally sentenced to death by electrocution. The sentence was later reduced to life imprisonment.

The following identifying data regarding subject JORDAN is included for Atlanta Division's convenience in locating information regarding this matter.

Bank bunglers

S. Florida robbers often lack brainpower in pulling heists

By JEAN MARIE LUTES
Herald Staff Writer

The trail the robber left as he fled the NCNB branch last month wasn't hard to follow. Bills littered his route like bread crumbs. He was nabbed in minutes, with \$10s and \$20s bulging ridiculously from his pockets.

Federal agents say the suspect, nicknamed the "Yellow Cab robber" for his choice of getaway cars, is part of a new breed of bumbling bandits pushing the number of bank robberies in South Florida to record heights this year.

Bonnie and Clyde, they're not.

One Miami robber smeared his face with lemon juice last spring because someone told him it would keep bank cameras from picking up his picture. A 60-year-old robber at a Fort Lauderdale bank last fall could move no faster than a slow shuffle. Police caught him with \$1,400 a few blocks away.

Then there was the man who held up a Bank Atlantic in Sunrise in August. He stuffed the take down his pants just before the dye pack inside exploded. Agents found

him, indelibly marked, holed up in a Collins Avenue hotel.

"Bank robbers are not brain surgeons," said Steve Warner, the FBI's bank robbery coordinator for the counties from the Keys to Vero Beach. "They think they'll get a large amount from a bank."

Still, banks are an ever-more-popular target in South Florida. In Dade County, robberies are up 30 percent over last year. They're up 15 percent in Broward County. The number of robberies is holding steady in Palm Beach County.

Police blame the sharp rise in robberies on cocaine addicts looking for cash. They also blame a host of misconceptions about robbing banks, a trade at least fictionally filled with glamour and mystique.

The modern-day bank robber rarely gets more than a few thousand dollars. And, quite often, he gets caught.

Not too assertive

"These guys are basically losers," said FBI agent Wayne Russell, who has worked on the bank robbery squad for three years. "They often have drug problems, and they go after weak targets like bank tellers. They're easily intimidated."

It didn't take much, for instance, to scare away the robber who walked into a Hollywood AmeriFirst branch last November dressed in what is almost a uniform for the trade: a baseball cap, dark glasses and a scruffy shave.

The robber furtively scribbled out his note at the counter and turned around to see the entire banking staff staring at him.

"He just walked away," said Warner, whose agents caught the suspect a month later and charged him in nine robberies.

Along with the increase in robberies has come a sharp rise in arrests. In South Florida, police solve about 70 percent of the cases. That's a high percentage when compared to other crimes or even the national solution rate for bank robberies, which is 50 percent.

For instance, statewide, 22 percent of all robberies were solved last year, 14 percent of all burglaries and 16 percent of larcenies, according to the Florida Department of Law Enforcement.

Part of the reason so many bank robbers get caught is that they are remarkably predictable — and often use the same methods until they get caught.

One Broward County robber

would strike only NCNB branches for reasons police could never determine. And another robber hit the same teller twice in two weeks in August at a Savings of America branch in Fort Lauderdale.

Heists bring heat

One dearly wanted suspect, who is believed to have struck six banks in Broward since June 19, always wears a cap and sunglasses, carries a jacket over his left arm and wears shorts.

The FBI has labeled him "Shorts Rob."

Once they know they're dealing with serial robbers, FBI agents and local police who work the cases gradually get to know the suspects, carefully record their habits and slowly zero in on their identities.

Luck helps, too. Last February, a week after an AmeriFirst branch on Biscayne Boulevard in Miami was robbed, an FBI agent was showing a teller pictures of suspects when the robber walked in and tried to hold up the bank again.

The FBI man confronted the robber, a struggle ensued and the agent shot the suspect, who survived and now faces robbery charges.

One reason for all the arrests is that bank heists bring so much heat from law enforcement.

Since banks are federally insured, they are required by law to install security systems found in few other offices or stores. They must have cameras and alarm systems, train employees in security measures and keep "bait money" — marked bills or exploding dye packs — on hand.

The FBI is required by law to investigate the cases. Anyone convicted of bank robbery faces a hefty sentence in federal court:

CAUGHT ON FILM: A camera recorded this robber Aug. 9 at Savings of America on Federal Highway in Fort Lauderdale.

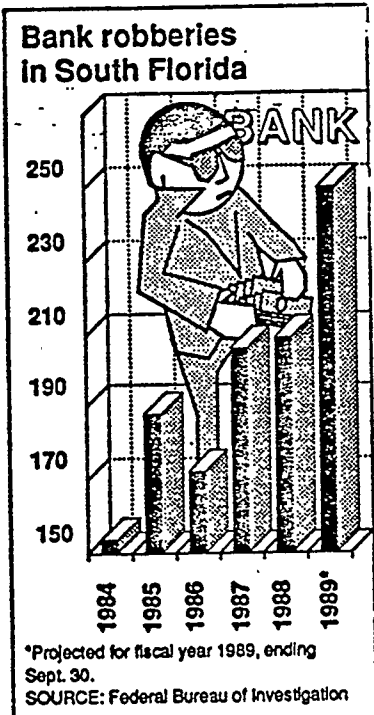

The maximum is 20 years in prison, regardless of whether they show a real gun or a water pistol, or just demand money.

Bills fluttering from pockets

All the effort spent on foiling the robberies may be working. But some South Florida bank robbers don't need help getting arrested.

In the case of the Yellow Cab bandit, the suspect, identified by police as Brendan Masterson and charged with armed robbery, could hardly have been more conspicuous as he fled the NCNB branch in Plantation in August. As he hustled through a parking lot, bills fluttered from the pockets of his shorts.

At just that moment, detective Larry Massey and rookie William Martin were on their way to a robbery seminar. They spotted Masterson before the police radio announced the bulletin and had him arrested in minutes.

2 banks robbed; week's tally hits 5

By KEVIN DAVIS
and SALLIE JAMES
Staff Writers

Two more banks were robbed in Broward County on Friday, bringing to five the number of financial institutions hit by bandits this week.

In Fort Lauderdale, a man wearing dark sunglasses and carrying a small shopping bag robbed a City Federal Savings Bank after threatening a teller with a gun on Friday morning, police said.

Witnesses said that as he fled with the money-filled bag, it began to smoke, apparently after being ignited by an exploding dye pack.

The man, wearing a polo shirt, shorts and white deck shoes and carrying a windbreaker, got about \$5,000 from the bank at 6232 N. Federal Highway, police spokesman Ott Cefkin said.

Although the teller did not see a gun, the man, who was wearing a painter's cap, threatened to use one if his demands were not quickly met, Cefkin said.

In Cooper City, a man who threatened a teller with a gun on Friday robbed a BankAtlantic branch of an undetermined amount of cash, the FBI said.

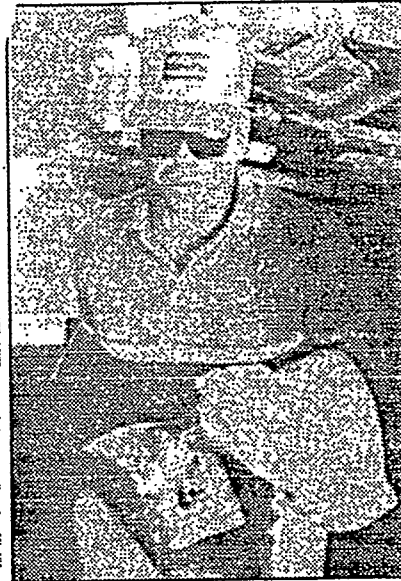

The man walked into the bank at 10016 Griffin Road at 3 p.m., pointed a gun at a teller and demanded money, investigators said.

The robber stuffed the cash into his shirt, then ran out the back door of the business.

The robber is described as white, 25 to 30 years old, about 5 feet 9 inches tall, 150 pounds, with black, wavy collar-length hair, a full, dark mustache. He was wearing a camouflage baseball cap, black metal frame sunglasses, and a plaid shirt, possibly with rolled-up sleeves.

Robbers hit savings banks in Lauderdale, Cooper City

By **SALLIE HUGHES**
And **TRACIE CONE**
Herald Staff Writers

Two bank robberies Friday kept local and federal law enforcement officers busy, tracking one man in Cooper City and another suspect in Fort Lauderdale who is believed to be responsible for at least three bank robberies.

Officers do not believe Friday's robberies were committed by the same man.

About 3 p.m., a man wearing a camouflage hat, a red-and-black plaid shirt and wire-frame sunglasses entered BankAtlantic, 10016 Griffin Rd. He meandered over to a teller, then pulled out a handgun and demanded cash, Cooper City detective Bret Mitchell said.

He told the teller, "Give me your money," and pointed a handgun at her, FBI special agent Joseph Del Campo said.

Suspect

The suspect escaped along the sidewalk of a shopping center with about \$700. An employee of a pizza restaurant next to the bank chased him until the suspect jumped a concrete wall and disappeared in the neighborhood, where police think an accomplice waited in a getaway car.

Earlier Friday in Fort Lauderdale, bank cameras recorded the best picture yet of a man police believe is responsible for a string of robberies in Fort Lauderdale and one in Pompano Beach.

The picture was taken about 11 a.m. when the robber entered City Federal Savings Bank, 6232 N. Federal Highway, and fled with more than \$5,000 in cash after telling a teller he had a gun.

The suspect wore dark sunglasses, walking shorts and a two-tone baseball cap, the same disguise worn by a robber who hit Savings of America on Federal Highway on Wednesday. He carried a light jacket and a shopping bag.

Anyone with information about the robberies should call the Fort Lauderdale Police Department at 761-5545 or 761-5527, or the Cooper City Police Department at 435-2000.

A bank robber walked away with an undetermined amount of cash Friday after posing as a customer and threatening a teller, police reported.

The robber, wearing sunglasses, entered Citicorp Savings, 1845 S. University Dr., about 12:30 p.m. He walked to the teller closest to the door, demanded cash and left on foot, police spokeswoman Christine Murray said.

Police are investigating whether the robber is the same one who has robbed three other Davie banks in recent months, always on a Friday.

DL 80-1158, Sub A

Enclosed for FBIHQ, Special Productions Unit, is a packet containing two copies of an LHM setting forth facts of the substantive offense, copies of the federal and state warrants for JUAN JACKSON, an assortment of newspaper clippings pertaining to the investigation, and two photographs of JUAN JACKSON.

Enclosed for each Field Office are two copies of an LHM captioned GENARO CAMACHO, AKA; ET AL; KIDNAPPING, OO: DALLAS. Also enclosed for each Field Office is one photograph of the fugitive, JUAN JACKSON.

For the information of FBIHQ and all receiving Field Offices, the purpose of the submission of this communication is to obtain publicity which might lead to the arrest of JUAN JACKSON. All communications pertaining to JACKSON's fugitive investigation should be directed to Dallas, captioned JUAN JACKSON-FUGITIVE (A); KIDNAPPING, OO: DALLAS, Dallas file number 7-2536, Sub Fug 2.

For the information of the Special Productions Unit and all receiving Field Offices, the facts of the offense are contained in the enclosed LHM. All of the subjects involved in this case are currently in custody and awaiting trial on federal and state charges with the exception of JUAN JACKSON. CAMACHO is currently awaiting trial in Dallas, Texas, for capital murder. The Dallas County District Attorney will seek the death penalty for CAMACHO. Capital murder charges are also pending against CAMACHO in Oklahoma and Stephenville, Texas. Subjects COOKE, CUMMINGS, and MERRILL are scheduled for trial in U.S. District Court, Northern District of Texas, Dallas, Texas, on 10/16/89. SPENCER CHARLES STANLEY, JR. is currently undergoing psychiatric evaluation at a state mental facility in Vernon, Texas, and has at the present time been ruled incompetent to stand trial. Subject JAMES STEVEN SMITH has entered into a plea agreement with the Erath County District Attorney in Stephenville, Texas, and the U.S. Attorney for the Northern District of Texas in Dallas, Texas. No formal charges have been filed against [redacted]

[redacted] Extensive investigation has been conducted to locate and apprehend JUAN JACKSON, however, to date JACKSON continues in a fugitive status. Dallas believes that JACKSON has been in contact with family members, specifically [redacted], and [redacted] ([redacted]). None of JACKSON's family members have been cooperative

in providing information concerning his whereabouts. Dallas has obtained source information which indicates JACKSON is somewhere near the Dallas area, and may at times return to Dallas. He is reportedly using identification in another name, and may possibly be living and working under that assumed name in a legitimate job.

Dallas has discussed the airing of this case on "UNSOLVED MYSTERIES" with Assistant District Attorney [redacted], who will prosecute CAMACHO on the capital murder cases, and also Assistant United States Attorney MARK NICHOLS, who will prosecute CAMACHO and the other subjects on the federal kidnapping charges. Neither [redacted] nor Mr. NICHOLS objects to the publicity concerning JACKSON and his fugitive status. However, care should be taken not to specifically identify JACKSON's associates and their specific roles in the kidnapping and murders. A general synopsis of the offense and the background of the victims, specifically the fact that ANDRE BANKS was a three-year-old child, could be of assistance in obtaining local cooperation from the public without jeopardizing the prosecution of the case.

b6
b7C

In referenced telephone call from Dallas to FBIHQ, Mr. [redacted] suggested that JACKSON could possibly be included in the "roll call" of fugitives on captioned program, with a brief synopsis of his offense in order to solicit assistance from the public in locating and apprehending JACKSON.

At the time that JACKSON will be featured on "UNSOLVED MYSTERIES", Dallas desires to add additional publicity in local area newspapers indicating that JACKSON will be featured to possibly increase the viewer audience in the Dallas area and capitalize on the publicity. Dallas desires to obtain as much notice as possible as to when this case will be featured so that arrangements can be made with local newspapers to coordinate their coverage with the specific episode on "UNSOLVED MYSTERIES".

NBC will be asked to give as much notice as possible

ET AL;
KIDNAPPING

FACTS OF OFFENSE

At approximately 8:00 a.m., May 20, 1988, GENARO CAMACHO, DAVID GEORGE COOKE, JUAN JACKSON, and LARRY GENE MERRELL, all armed with semi-automatic weapons and/or other weaponry, arrived at 7947 North Nassau Circle, Dallas, Texas, the residence of [REDACTED], EVELLYN ELAINE BANKS ([REDACTED]), and ANDRE BANKS, the three-year old son of EVELLYN ELAINE BANKS. CAMACHO'S intent on arrival at the residence was to force the collection of a \$30,000 drug debt owed him by [REDACTED].

CAMACHO, on arrival at the residence, had MERRELL guard the rear exit, with instructions that he shoot anyone trying to leave the residence. CAMACHO, JACKSON, AND COOKE forced entry into the front door of the residence, after JACKSON cut the chain securing the burglar bars protecting the front door. [REDACTED], EVELLYN ELAINE BANKS, and ANDRE BANKS were located inside the residence.

b6
b7C

CAMACHO, immediately on entry into the residence, announced his intentions and began gathering together and threatening the occupants of the residence.

DAVID WILBURN, a cousin of EVELLYN BANKS, arrived at the residence by happenstance as the assault was in progress. CAMACHO and associates, fearing the police had been called, readied their weapons, opened the door, confronted WILBURN, ordered him to make entry, and ordered him face down to the floor. CAMACHO, after making repeated threats to kill [REDACTED], approached WILBURN, placed a .357 magnum revolver to the back of his head, and executed him.

CAMACHO and associates, realizing they then had to evacuate the residence, took EVELLYN ELAINE BANKS and ANDRE BANKS hostage, threatening [REDACTED] as to what would happen to the hostages were he not successful in his efforts to immediately gather the \$30,000 and pay same to CAMACHO.

[REDACTED], seizing upon an opportunity when the abductors attention was briefly diverted, and fearing they would change their minds and kill him, escaped from the residence and bolted down the street.

GENARO CAMACHO, aka,
ET AL;
KIDNAPPING

CAMACHO and associates, seeking to find the best place the victims might be held pending [redacted] raising the \$30,000, decided to take BANKS and her small son to the Dallas apartment of DAVID GEORGE COOKE and his roommate, EDDIE BLAINE CUMMINGS. EDDIE BLAINE CUMMINGS and PAMELA ELAINE MILLER (HOLLY), CUMMINGS' girlfriend, were at the apartment when CAMACHO, COOKE, JACKSON, and MERRELL arrived at the apartment with the hostages.

EDDIE BLAINE CUMMINGS, an associate of CAMACHO'S, was aware CAMACHO and associates were going to the [redacted] residence to force collection of the \$30,000 drug debt, but PAMELA ELAINE MILLER, even though an associate of CAMACHO and CUMMINGS, became involved in the murder/kidnapping scenario merely by virtue of the fact she was present at the apartment at the time EVELLYN ELAINE BANKS and ANDRE BANKS were forcibly moved into the apartment, and thus she (MILLER) became a witness to the fact the BANKS were being forcibly held as hostages.

b6
b7C

CAMACHO, following the return to the apartment, ordered COOKE to take the vehicle which had been utilized during the kidnapping and to have it thoroughly cleaned. JACKSON, in the interim, dismantled and thoroughly cleaned the weapons utilized in the kidnapping/murder.

SPENCER CHARLES STANLEY, JR., also an associate of CAMACHO and CUMMINGS, came to the COOKE/CUMMINGS apartment on May 20, 1988, and was then ordered by CAMACHO to remain in the apartment to guard BANKS and her small son, ensuring they did not escape.

[redacted], a known Dallas drug trafficker, was a DRUG ENFORCEMENT AGENCY (DEA) fugitive at the time the above murder/kidnapping took place. The U.S. MARSHAL'S SERVICE and DEA had been seeking for months to locate and apprehend him on outstanding drug charges. [redacted], on May 21, 1988, telephonically contacted Dallas FEDERAL BUREAU OF INVESTIGATION (FBI) and, while refusing to provide his own whereabouts, volunteered the identity of GENARO CAMACHO as the individual who was the ringleader in the murder/kidnapping and the drug operation.

GENARO CAMACHO, aka,
ET AL;
KIDNAPPING

FBI Dallas, knowing that [redacted] would not be able to raise the \$30,000 ransom within the two-day time frame dictated by CAMACHO, began an intensive investigation to locate and apprehend [redacted], hoping they could then work through [redacted] in convincing CAMACHO that [redacted] had raised the \$30,000 and was prepared to make the exchange for the victims.

b6
b7C

[redacted] was arrested by Dallas FBI on May 26, 1988, in Dallas, Texas, following an intensive manhunt, and he agreed to assist the FBI in the ploy against CAMACHO, but [redacted] was then not able to make contact with CAMACHO through his network of mutual associates.

CAMACHO, COOKE, and STANLEY, on May 22, 1988, after hiding out in the Dallas area for two days while STANLEY guarded the kidnap victims, departed Dallas en route Oklahoma. CAMACHO, COOKE, and STANLEY took EVELLYN ELAINE BANKS and ANDRE BANKS with them to Oklahoma, where the group stayed at the BEST WESTERN HOTEL, Ardmore, Oklahoma, under COOKE'S name. EVELLYN ELAINE BANKS and her son were held in the motel room until approximately 11:00 p.m., May 23, 1988, when they were driven to a remote area near Ravia, Oklahoma, where STANLEY had been working for the previous two days readying their grave in order that they might be executed. CAMACHO, on arrival at the gravesite, shot both EVELLYN ELAINE BANKS and ANDRE BANKS to death with a .380 semi-automatic hand weapon. CAMACHO and STANLEY then covered the bodies with dirt, threw debris over the grave in order to conceal the murder site, and then traveled to Tishoamingo, Oklahoma, where they threw into Lake Texoma the weapon used to murder the victims and the pick and shovel used to bury victims.

CAMACHO, on leaving Dallas on May 22, 1988, had told CUMMINGS that PAMELA ELAINE MILLER (CUMMINGS' girlfriend) had become a witness to the murder/kidnapping, and subsequently had to either join the organization (CAMACHO'S drug organization) or be killed. CUMMINGS volunteered that she would join the organization. CAMACHO then tasked CUMMINGS to take MILLER with him and instructed that he take MILLER to meet CAMACHO and associates later in Oklahoma.

GENARO CAMACHO, aka,
ET AL;
KIDNAPPING

CAMACHO, COOKE, STANLEY, CUMMINGS, AND MILLER, following the murder of the victims in Oklahoma on May 23, 1988, remained in Oklahoma for several days, and then CAMACHO, COOKE, STANLEY, and MILLER drove back to Dallas in COOKE'S Cadillac, leaving CUMMINGS in Oklahoma.

CAMACHO, COOKE, STANLEY, and MILLER, having returned to Dallas, left a motel near DALLAS/FORT WORTH (DFW) AIRPORT on June 10, 1988, and were driving near the airport when CAMACHO became enraged after he and MILLER engaged in a verbal dispute and MILLER called him a "punk". He began beating her and tearing at her throat until she was unconscious. CAMACHO then had COOKE, still driving his mother's Cadillac, pull over to the side of the freeway. CAMACHO dragged MILLER from the car and kicked her and body slammed her against the pavement. CAMACHO, still seeing life in MILLER'S body, then placed her upper torso under the wheel of the Cadillac and ordered COOKE to drive back and forth over her body. She was then placed back in the car. The group took MILLER'S body to Stephenville, Texas, where it was concealed in a fifty-five gallon barrel near another of COOKE'S residences.

CAMACHO, COOKE, STANLEY, JAMES STEVEN SMITH and an individual then known only as "COWBOY" moved the body from near the COOKE residence to a remote location on the COOKE farm, where the body was chopped into pieces and forced through a wood chipping mulcher, which had been rented by SMITH. JAMES STEVEN SMITH and "COWBOY" are not known to have been previously involved in murders/kidnapping, but became involved as of June 13, 1988, when they assisted in the disposal of MILLER'S body.

The group, after having forced MILLER'S body through the wood chipper, then scoured the area, retrieved the pieces of MILLER'S body which had not been sufficiently ground in the mulcher, placed them in a hefty trash bag, along with other pieces of flesh not forced through the mulcher, and buried them, along with MILLER'S clothing, near the scene of the mulching.

GENARO CAMACHO, aka,
ET AL;
KIDNAPPING

On August 27, 1988, Dallas FBI and an Investigator of the DALLAS POLICE DEPARTMENT, Dallas, Texas, travelled to Oklahoma and, along with Oklahoma authorities and based on information developed during the investigation in Dallas, located the site of the BANKS' grave and recovered the bodies of EVELLYN ELAINE BANKS and her small three-year old son.

On August 31, 1988, divers from the OKLAHOMA STATE BUREAU OF INVESTIGATION (OSBI) recovered the .380 semi-automatic hand weapon and several other items from Lake Texoma, Tishoamingo, Oklahoma.

Dallas FBI, on August 31, 1988, conducted an intensive crime scene investigation on the COOKE farm, Stephenville, Texas, and recovered pieces of flesh, bone fragments, articles of clothing and several other items, to include human hair and human tissue from the site of the disposal of MILLER'S body.

FBI Dallas also recovered the trash bag containing the above mentioned body parts from the COOKE farm.

FBI Dallas, on September 12, 1988, located the wood chipping machine, which had been rented by a member of the group at an Irving, Texas, rental agency. The machine was examined and hair and flesh believed to be that of PAMELA MILLER was found in the machine.

CAMACHO, COOKE, CUMMINGS, MERRELL, and STANLEY have been arrested by the FBI as the result of an intensive FBI/DALLAS POLICE DEPARTMENT investigation of the brutal murders of EVELLYN ELAINE BANKS, ANDRE BANKS, DAVID WILBURN, and PAMELA ELAINE MILLER, and the disposal of MILLER'S body at Stephenville, Texas, all of which criminal activity was at the direction of GENARO CAMACHO.

FBI Dallas and the DALLAS POLICE DEPARTMENT, along with other law enforcement agencies, are now making every conceivable effort to locate and apprehend JUAN JACKSON.

BACKGROUND RELATIVE TO JUAN JACKSON

JUAN JACKSON has several prior arrests which

2 more indicted in kidnap-slayings of woman and son

By David Jackson

Staff Writers of The Dallas Morning News

A Dallas County grand jury on Tuesday indicted two more men in the abduction-slayings of a Pleasant Grove woman and her 3-year-old son, and authorities revealed that they had recovered the shredded remains of a woman who may have witnessed the killings.

At the center of the investigation of those slayings and two others is fugitive drug trafficker Genaro Ruiz Camacho Jr., who authorities fear may kill others for revealing information linking him to a string of violent drug-related crimes from Mexico to Oklahoma.

Details of Camacho's suspected criminal activities had been kept under tight wraps by federal and local investigators. But sources and records obtained by *The Dallas Morning News* provided evidence linking Camacho to a widespread crime spree that includes five killings.

The indictments Tuesday named two men suspected of being Camacho's accomplices in the May 20 abduction of Evelyn Banks and her 3-year-old son, Andre, from their Pleasant Grove home. Authorities found the bodies of the woman and child Aug. 27 in a camouflaged grave near Lake Texoma in Oklahoma. Both had been shot at least twice in the head.

tion with the Pleasant Grove case.

Camacho was indicted this summer on aggravated kidnapping and murder charges in the same case.

Jackson and Camacho remained at large late Tuesday, while Cooke was free on bond.

Cooke, a former manager of a Stephenville convenience store, initially was arrested in the case in early August and charged with two counts of aggravated kidnapping and capital murder. However, he was released from jail Sept. 2 after state District Judge Thomas Thorpe lowered his bail from \$250,000 to \$5,000 at the Please see TWO on Page 27A.

request of Assistant District Attorney Norman Kinne.

Cooke's attorney, Dan Suddreth, said his client is cooperating fully with authorities.

An indictment was expected to be sought Thursday against a fourth suspect in the case, Spencer Charles Stanley.

FBI agents, acting on federal kidnapping warrants issued in Dallas County, arrested Stanley, a 26-year-old carpenter, on Sept. 7 near Huntsville, Ala.

Stanley is scheduled to appear before a U.S. magistrate Thursday for a hearing to determine whether there is enough evidence to keep him jailed on the charge.

2 indicted in kidnapping of mother, child

By Debra Whitney Reecer
OF THE TIMES HERALD STAFF

A Dallas County grand jury indicted two men on aggravated kidnapping charges Tuesday in connection with the abductions of a Pleasant Grove woman and her 3-year-old son.

George David Cooke, 25, of Stephenville and Juan Jackson, 24, of Dallas are believed to be associates of Genaro Camacho Jr., who also has been indicted on kidnapping charges in connection with the disappearances of Evellyn Banks, 31, and her son, André.

The victims' bodies were found Aug. 27 buried in a southern Oklahoma pasture. Oklahoma authorities identified them Monday using fingerprint records

supplied by the FBI.

Cooke is free on bond. Dallas County Sheriff's department spokesman Jim Ewell said Jackson's whereabouts were unknown.

Another man, Spencer Charles Stanley, 26, of Grand Prairie was charged Saturday with the aggravated kidnapping in connection with the abductions, Ewell said. A Dallas County grand jury is expected to consider Stanley's case Thursday.

Stanley, who said he was an unemployed carpenter, was being held without bail Tuesday at Lew Sterrett Justice Center.

Camacho, 33, of Duncanville is suspected of leading a group of four men who stormed Banks' house in the 7900 block of Nassau Circle on May 20. Police said

the attack might have been drug-related.

Camacho, who has not been apprehended, is charged in a warrant with the shooting death of David Wilburn, a friend of the Banks' family who came to the house during the attack. Witnesses told police they saw the assailants take Banks and her son away in a white Lincoln.

Police reports show that Camacho demanded \$20,000 from Banks' husband, Sam Wright, who escaped from the house during the attack.

Police said neighbors and Wright identified Camacho as one of the assailants, and the FBI later received information that Camacho, Cooke and two others had taken Banks and her son to Oklahoma.

Authorities also are investigating the possibility that a topless dancer who knew Camacho may have witnessed the abduction. A source said Pamela Elaine Miller, 23, who worked as a topless dancer at a club on Northwest Highway, knew Camacho socially and may have been with him during the abduction.

Miller told a friend early in June that she had witnessed a drug-related murder and had to "go away for awhile." She has not been seen since June 5, when she told her friend that she was going to Jamaica. Police said Miller took six pieces of luggage and left her apartment with a man that day.

Dan R. Barber of the Times Herald staff contributed to this report.

Local indicted by Dallas grand jury

STEPHENVILLE (AP) — A Stephenville resident, George David Cook, 25, and Juan Jackson, 24, of Dallas, were indicted by a Dallas County grand jury in connection with the abduction slayings of a Dallas-area woman and her 3-year-old.

Cook and Jackson were indicted on aggravated kidnapping charges Tuesday in the abduction of Evelyn Banks and her son Andre.

The bodies of Ms. Banks, 34, and the child were found last month in a southern Oklahoma pasture. Both

had been repeatedly shot in the head.

Genaro Camacho Jr., a convicted drug trafficker, was indicted in June for aggravated kidnapping in the case. Camacho, 34, of Duncanville, and Jackson remain at large.

Police suspect that Camacho led four men into Ms. Banks' residence in Pleasant Grove on May 20. Police said the attack may have been drug related.

Camacho has also been indicted on a murder charge for the death of David Wilburn, who was shot in the

back of the head during the abduction, according to court records.

The grand jury also is expected to consider kidnapping charges against a 26-year-old man. The suspect was arrested in Alabama last week and is being held without bail in the Dallas County Lew Sterrett Justice Center.

Camacho demanded \$20,000 from Banks' husband, Sam Wright, who escaped during the attack, police reports said. One suspect, identified as Camacho, shot and killed Wilburn, a friend of the Banks family, during the abduction.

4 Charged in Kidnapping; Murder Charges Pending

By Chris Klayton
Lawton Bureau
TISHOMINGO — A total of four men are under Texas or federal indictment for the kidnapping of a Dallas area woman and her 3-year-old son, whose bodies were found buried near here Aug. 27.

Meanwhile, Johnston County District Attorney Fred Collins said Wednesday he has not yet filed charges in the deaths of Evelyn Banks, 27, and her son, Andre, 3. The two are believed to have been killed May 20.

Most recently indicted by a Dallas County grand jury for the aggravated kidnapping were George David Cooke, 25, of Stephenville, Texas, and Juan Jackson, 24, of Dallas. Genaro Camacho, 34, of Duncanville, was indicted by the Dallas grand jury in June, according to The Associated Press.

A fourth man, Charles Spencer Stanley Jr., 26, was arrested late last week in Huntsville, Ala., on a federal kidnapping charge, Johnston County Sheriff Arnold Isenberg has said. A Dallas newspaper reported

that Stanley is being held in the Dallas County jail.

The FBI has repeatedly declined comment on the case.

The woman and child are believed to have been shot several times near where they were found buried.

The kidnappings and shootings are thought to have taken place after a drug deal went sour, Isenberg has said.

While Stanley is a suspect in the killings, he is "not the major one," Collins has said.

Camacho also faces a murder indictment in the death of David Wilburn, a friend of the Banks family, who was allegedly shot during the abduction.

Four armed men are thought to have demanded money from Banks' husband before abducting the woman and child, the Dallas newspaper reported.

A companion of the woman is thought to have been involved with the drug deal, Isenberg has said.

Texas authorities also are investigating the suspected death of another person, possibly Camacho's girlfriend, whose body allegedly was put through a tree mulcher, the Dallas newspaper reported.

Murdered woman identified, linked to fugitive drug dealer

By Al Brumley

Staff Writer of The Dallas Morning News

A woman whose body was shredded by a mechanized tree mulcher has been identified as Pamela Miller of Dallas, a 23-year-old topless dancer and acquaintance of convicted drug dealer and slaying suspect Genaro Camacho, police said.

Parts of Ms. Miller's body were found strewn in an Erath County field earlier this month.

Lt. James Cron of the Dallas County Sheriff's Department said he identified Ms. Miller's remains Friday using fingerprints taken from four of the woman's fingers.

The cause of death was listed as "undetermined homicidal violence — body mechanically disrupted by a brush chipper," said a spokesman for the Dallas County medical ex-

aminer's office.

Camacho, who police say has killed repeatedly while supplying North Texas with drugs for a decade, resurfaced in Dallas on May 20, when he and three accomplices allegedly stormed a Pleasant Grove house to collect a debt on a 25-pound shipment of marijuana.

After their intended target, Sam Wright, escaped, the four men kidnapped Wright's wife, Evellyn Banks, and her 3-year-old son, Andre, police said.

The intruders also killed a friend of Wright's who had entered the house during the incident, police said.

On Aug. 27, the bodies of Andre and Evellyn Banks were found in a shallow grave near Lake Texoma in Oklahoma. Each had been shot repeatedly in the head, police said.

Camacho, who remains at large, was charged with murder in connection with the case and authorities have said he is a suspect in the slaying of Ms. Miller, who was reported missing to Dallas police on June 27.

A friend told police that she last saw Ms. Miller in early June and that Ms. Miller "was very nervous and stated she had seen something she shouldn't have and she was going to have to go away for a while," according to police reports.

FBI agents have not commented on Ms. Miller's connection with Camacho, but the friend told police that a man she later identified as Camacho was "standing in the background" the last time she saw Ms. Miller.

The date of Ms. Miller's death is not known, but FBI agents appar-

Prosecutor says he'll seek death penalty for Camacho

By David Jackson
Staff Writer of The Dallas Morning News

A Dallas County prosecutor says that he will seek the death penalty against suspected drug trafficker and murder suspect Genaro Camacho — assuming the FBI finds him.

Genaro Camacho

Camacho, 34, has been indicted on murder and aggravated kidnapping charges in connection with the May 20 abduction of a Pleasant Grove woman and her 3-year-old son, whose bodies were found last month in a makeshift grave in Oklahoma.

First Assistant District Attorney Norman Kinne said Thursday that he will ask a grand jury to reindict Camacho on a capital murder charge in the death of David Wilburn, who was shot after walking in on the kidnapping of Evellyn Banks and her son, Andre.

Meanwhile, a grand jury on Thursday indicted a fourth man in connection with the Banks abduction, charging Spencer Charles Stanley Jr., 26, with two counts of aggravated kidnapping.

Grand juries also have indicted George David Cooke, 25, and Juan Jackson, 24, on charges of aggravated kidnapping and murder in connection with the Banks case.

Camacho and Jackson are fugi-

tives. Stanley is in custody, while Cooke is free on bond.

A prosecution report filed with the grand jury accused Camacho, Cooke, Jackson and an unidentified man — also still at large — of breaking into a house shared by Ms. Banks and Sam Wright, demanding money. Wright escaped, but the men abducted Ms. Banks and her son.

Police accused Stanley of standing guard over the pair after they were taken to an apartment on Royal Lane, the prosecution report said.

After keeping the mother and child in the apartment two days, Camacho, Cooke and Stanley drove them to Ardmore, Okla., where they checked into a motel, the report

said.

The next day, the three men drove the mother and child to a wooded area northeast of Tishomingo, where Stanley dug a grave 5½ feet long, 3 feet wide and 5 to 5½ feet deep, the report said.

"Stanley picked up the child and carried him north through the woods," the report said. "Evellyn Banks followed him. She was followed by Camacho. When they reached the site where Stanley had dug the grave, both victims were shot to death with a .380 semiautomatic pistol."

An Oklahoma prosecutor said last week that his office would seek the death penalty against Camacho and Stanley for the death of Ms. Banks and her son.

Re: [redacted] wanted by the Kansas city public
Administrators office.

Dear Sir / madame

Last night television New Zealand screened on
channel 2, An American programme called Unsolved
mysteries.

The reporter indicated that the Kansas city public
Trust administrator was looking for relations of a
deceased, I wasn't really paying much attention to the
television at the time until I heard the name

[redacted] whom I believe to be the [redacted] of
the deceased, my mother. b6
b7C

I briefly saw the birth certificate of the deceased
He was Gyurka Zelenka born in Czechoslovakia in
1917 & died in American in 1979 (I think they said 1979)

He had come to America in the 1930s, changing
his name to 'George' ? Something, which I did not hear.
My mothers maiden name was [redacted] not a
common European name. 94-70698-182

I can recall as a child my mother telling me
that she had a brother who disappeared in the
early 1930s and his name was Gyurka Zelenka
which translated into English means George

After the first world war [redacted]
ended up in Hungary, where she still now lives
her name is now [redacted] she is a
widower. Her name translated into English is [redacted] b6
b7C

Her current address is [redacted]

P.T.O. : [signature]

[redacted]

I am her son, from her first marriage. I think she was born in 1919.

During the film the reporter showed photographs of the deceased with his sister & brother, when I saw the photograph I believed I was seeing my mother & my [redacted] when young! I know my [redacted] lives in Csabrendek a small country town near Veszpreim, Hungary. It's about 5km from the Czech border.

Television New Zealand refused to show me the film again, I called them this morning, but was told that the film had been packed ready for return, however they did give me the name of the filmmaker & distributor who is as follows:

Filmmaker: Casglove mirror and distributed by Horizon Television

11724 Ventura Boulevard, Studio city
California, 91604. U.S.A.

I then telephoned the U.S. Consulate, here in Auckland who asked me to write to you to pass on this information.

In the film the man said that he married in the U.S.A a woman called [redacted] & that the Kansas city Administrators office couldn't trace her past New Mexico. & that [redacted] had had a son. Photos of which were also shown in the film.

I believe the Kansas city public administrators office is looking for living relatives of this man as he has left no [redacted] but an inheritance of some sort. I do not know which State or County they were referring to in the film & I believe that there are 13 Kansas cities in the United States

I will enclose a photograph of [redacted] which was taken when I visited her in Hungary in 1979.

The numbers referred to in the film, tattooed on [redacted]

arm, indicate to me that he was possible in a German
Labour camp, who knows, it's speculative but it does add up.
Please pass on this information to the appropriate
people. I would like this photograph of my mother
returned to me, if possible, as I only have 2 others.

I'm 99% sure that the photograph I saw
on the film is the same woman as the photograph that
I send to you.

please keep me informed if any of this
information is helpful.

Yours sincerely,

UNSOLVED MYSTERIES--HOT TIP

STORY Name or description: Explanation for Blown up U.S. Airline

Where can we find the suspect NOW? where does suspect work? where does suspect live? Aircraft b6 b7C

When did you see suspect? 24 hours? 48 hours? days ago? length of time seen?

Summarize main points: such as distinctive physical characteristics? height? weight? hair color? accent? car licence

Caller: [redacted] SS# [redacted] Says that he knows the man (men) who are blowing up the U.S. Air planes - his name is [redacted]

is now somewhere in Alaska. He travels by bus often - is with a buddy - never carries ID - except to get this chemical used to make the bombs. The main solution used is an anti-oxide. He says he's using an entry card w/ "X-UNKNOWN" as name on the card. b6 b7C

This man was very blunt in his desc. of how he got the info and in explaining how he plans to take care of the men if he first finds them. He said he's going to show these men the American way to take care of men like them

Mr. Sigler tragically took his own life on April 13, 1976. The FBI did not conduct a separate investigation of his death; however, the circumstances surrounding his death were investigated at that time by the Maryland State Police. The FBI finds no reason to question the conclusions of the police.

I hope that this information will be of assistance.

ADDENDUM TO LETTER DATED 10/4/89, FROM COSGROVE/MEURER
PRODUCTION, INC., RE: RALPH SIGLER

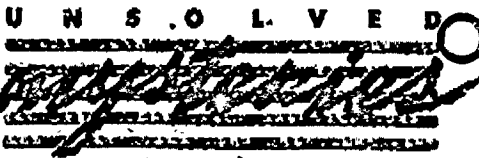

After serving his country for many years, Ralph Sigler tragically took his own life on April 13, 1976. Mr. Sigler assisted the FBI in conducting foreign counterintelligence operations against the Soviet intelligence services. [Due to the sensitive nature of this operation, the FBI is not at liberty to discuss the details of this case.]

The FBI did not conduct a separate investigation of his death. However, the circumstances surrounding his death were investigated at that time by the Maryland State Police. The FBI finds no reason to question the conclusions of the police.

Apparently, the reinterest in this case stems from the recent publication by Crown Publishers of the book Widows by William R. Corson, Susan B. Trento and Joseph J. Trento. Ralph Sigler's case is one of the featured examples in this book. Newsday's June 15, 1989, review of the book stated: "Unlikely scenarios offered in Widows place James Angleton, who was long head of the CIA's counterintelligence unit, and Henry Kissinger under Moscow control." The FBI does not support these theories.

Dear [Redacted]

b6
b7C

As we discussed earlier this afternoon, "Unsolved Mysteries" has proceeded with the filming of the Ralph Sigler story I had talked about with you and Milt Allerich several weeks ago. We never received a response to our request for an interview or a comment on the case from the FBI, and, although I realize that this probably means that the FBI prefers not to respond, I'd like some sort of an official response, even if its a simple "no comment."

Just to give you a brief review of the story, Ralph Sigler was an Army Intelligence agent found dead in his motel room in Jessup, MD on the night of April 13, 1976. Sigler, a career soldier of 20 years specializing in electronics, had been recruited by Army Intelligence and the FBI in 1966 to infiltrate the Soviet Embassy in Mexico City, posing as a traitor to the United States. In the ten years that followed, Sigler met with the Soviets more than a hundred times, exposing more than a dozen KGB agents in the process and producing a wealth of information about KGB operations in the United States.

Early in 1976, Sigler was asked by his Army Intelligence superiors to take a routine polygraph test. Over the course of several days of tests given in both San Francisco and Jessup, MD., Sigler repeatedly showed deception when asked whether he had given more information to the Soviets than he had told the Army about. After repeated attempts to provide a clear response, and repeated failures of the test, Sigler was due to undergo an interrogation at Ft. Meade. And then, the night of April 26, 1976, Sigler made a couple of very odd telephone calls to his wife and daughter in El Paso, TX. Concerned, and not knowing where he was calling from, they called his Army superiors to express their alarm. He had told his wife that he was dying.

By the time that Sigler's control officer arrived at Sigler's motel room in Jessup, Sigler was dead. He was found laying face down on the floor of his room. A detached lamp cord had been split in two, and the wires had been wrapped around each of his arms just above the elbow. Above him, a desk chair had been balanced atop an easy chair, and his belt lay loosely through the slats of the desk chair, as if intended to secure him there. The lamp cord had been plugged into the wall, and a light switch on the wall next to the desk chair had been flipped on. The control officer kicked the plug out of the wall, took notice of a message the victim had apparently left behind and notified the Maryland State Police.

[Handwritten signature]
11/3/89
dpm

The State Police investigation eventually concluded that Sigler's death was a suicide, but the entire affair struck all of the participants as fishy. Sigler's wife and daughter, the private investigators they hired, and investigative reporters Joe and Susan Trento, believe that Sigler was murdered.

As far as I can tell, the FBI has not made public comment on the issue in the 13 years since Sigler's death. I don't necessarily expect you to make a comment now, but I would appreciate some sort of an official response.

Thanks for your help,

Chip Clements

Director William Sessions
 FBI
 10th & Pennsylvania Ave. NW
 Washington, DC 20535

Dear Director Sessions,

Unresolved Mysteries

I was delighted to hear from your Special Productions Unit that our first FBI Alert generated substantial leads in the Rogge case. I understand that your field agents are now hot on this dangerous fugitive's trail. Once again, television and law enforcement are proving to be an effective combination.

I hope you'll consider following up on the success of the September 27th broadcast with two more editions of FBI Alert. These new segments will give a high profile to six additional Top Priority cases. In keeping with the President's recent initiative on drugs -- and knowing that drug enforcement is one of the FBI's six priority areas -- our next Alert could profile three of the FBI's most dangerous drug-related fugitives; the third edition of FBI Alert could profile three more violent crime fugitives.

I realize that your schedule is extremely busy. However, if you could find 90 minutes sometime in the next few weeks, we could film both FBI Alerts together.

Thank you for helping to make the first FBI Alert such a resounding success. I look forward to working with you again.

Sincerely,

John Cosgrove

TERMS AND CONDITIONS

DEFINITIONS

On this Airbill, we, our and us refer to Federal Express Corporation, its employees and agents. You and your refer to the sender, its employees and agents.

AGREEMENT TO TERMS

By giving us your package to deliver, you agree to all the terms on this Airbill and in our current Service Guide which is available on request. If there is a conflict between the current Service Guide and this Airbill, the Service Guide will control. No one is authorized to alter or modify the terms of our Agreement.

RESPONSIBILITY FOR PACKAGING AND COMPLETING AIRBILL

You are responsible for adequately packaging your goods and for properly filling out this Airbill. Omission of the number of packages and weight per package from this Airbill will result in a billing based on our best estimate of the number of packages received from you and an estimated "default" weight per package, as determined and periodically adjusted by us.

AIR TRANSPORTATION TAX INCLUDED

Our basic rate includes a federal tax required by Internal Revenue Code Section 4271 on the air transportation portion of this service.

LIMITATIONS ON OUR LIABILITY AND LIABILITIES NOT ASSUMED

Our liability for loss or damage to your package is limited to your actual damages or \$100, whichever is less, unless you pay for and declare a higher authorized value. We do not provide cargo liability insurance, but you may pay forty cents for each additional \$100 of declared value. If you declare a higher value and pay the additional charge, our liability will be the lesser of your declared value or the actual value of your package.

In any event we will not be liable for any damages, whether direct, incidental, special or consequential in excess of the declared value of a shipment, whether or not Federal Express had knowledge that such damages might be incurred including, but not limited to, loss of income or profits.

We won't be liable for your acts or omissions, including but not limited to improper or insufficient packing, securing, marking or addressing, or for the acts or omissions of the recipient or anyone else with an interest in the package. Also, we won't be liable if you or the recipient violates any of the terms of our agreement. We won't be liable for loss of or damage to shipments of cash, currency or other prohibited items.

We won't be liable for loss, damage or delay caused by events we cannot control, including but not limited to acts of God, perils of the air, weather conditions, mechanical delays, acts of public enemies, war, strikes, civil commotions, or acts or omissions of public authorities (including customs and quarantine officials) with actual or apparent authority.

DECLARED VALUE LIMITS

The highest declared value we allow for Overnight Letter and Courier-Pak Overnight Envelope shipments is \$100. For other Priority-1 and Standard Air shipments, the highest declared value we allow is \$25,000 unless your package contains items of "extraordinary value" in which case the highest declared value we allow is \$500. Items of "extraordinary value" include artwork, jewelry, furs, money, precious metals, negotiable

instruments, and other items listed in our current Service Guide. If you send more than one package on this Airbill, you may fill in the total declared value for all packages, not to exceed the \$100, \$500 or \$25,000 per package limit described above. (Example: 5 packages can have a total declared value of up to \$125,000.) If more than one package is shipped on this airbill, our liability for loss or damage will be limited to the actual value of the package(s) lost or damaged (not to exceed the lesser of the total declared value or the per package limits described above). You have the responsibility of proving the actual loss or damage.

FILING A CLAIM

ALL CLAIMS MUST BE MADE BY YOU IN WRITING. You must notify us of your claim within strict time limits. See current Service Guide.

We'll consider your claim filed if you call and notify our Customer Service Department at 800-238-5355 and notify us in writing as soon as possible.

Within 90 days after you notify us of your claim, you must send us all relevant information about it. We are not obligated to act on any claim until you have paid all transportation charges, and you may not deduct the amount of your claim from those charges.

If the recipient accepts your package without noting any damage on the delivery record, we will assume that the package was delivered in good condition. In order for us to process your claim, you must, to the extent possible, make the original shipping cartons and packing available for inspection.

RIGHT TO INSPECT

We may, at our option, open and inspect your packages prior to or after you give them to us to deliver.

NO C.O.D. SERVICES

We don't provide C.O.D. services.

RESPONSIBILITY FOR PAYMENT

Even if you give us different payment instructions, you will always be primarily responsible for all delivery costs, as well as any costs we may incur in either returning your package to you or warehousing it pending disposition.

QUALIFIED ACCEPTANCE

We reserve the right to reject a shipment at any time, when such shipment would be likely to cause damage or delay to other shipments, equipment or personnel, or if the transportation of which is prohibited by law or in violation of any rules contained in this Airbill or our Service Guide.

MONEY-BACK GUARANTEE

In the event of untimely delivery, Federal Express will at your request and without limitation, refund or credit all transportation charges. See current Service Guide for further information.

Reference Bureau teletype to Sacramento, October 26, 1989.

Regarding case captioned "GLYDE EARL MEEK, AKA - Fugitive (A); I.O. Number 5007; UFAP - Murder; OO: Boston" Boston 88A-8077, on November 1, 1989, [redacted] Field Operations Section, NEW HAMPSHIRE STATE POLICE, Hazen Drive, Concord, New Hampshire, advised that his office feels that it would not be appropriate at this time to recommend television coverage on the MEEK case since the NEW HAMPSHIRE ATTORNEY GENERAL'S OFFICE is currently reviewing this matter for possible dismissal of the warrant. Florida authorities have issued a death warrant for MEEK.

Certified

On November 3, 1989, JEFFREY HOWARD, United States Attorney, Concord, New Hampshire, advised that he concurred with [redacted] opinion on this matter.

Based upon the above, Boston is maintaining contact with New Hampshire state authorities for possible dismissal of warrant in this matter.

Therefore, Boston is not forwarding any additional material to Federal Bureau of Investigation Headquarters at this time.

FOR INFORMATION OF THE BUREAU, OVER THE CHRISTMAS AND
NEW YEAR HOLIDAYS, CHICAGO MADE EVERY EFFORT TO FOLLOW

[REDACTED] TO DETERMINE IF SHE MET WITH BARTKUS. AS WITH THE
THANKSGIVING MEETING, CHICAGO WAS UNABLE TO IDENTIFY AND
APPREHEND BARTKUS AS A RESULT OF THEIR EFFORTS. HOWEVER,
CHICAGO CONFRONTED [REDACTED] AT ONE POINT, SO IT IS ASSUMED THAT
BARTKUS WILL NOT BE MEETING WITH [REDACTED] AGAIN FOR SOME TIME.

AS PREVIOUSLY MENTIONED, CHICAGO AND DETROIT CONSIDERED
THE HOLIDAY SEASON TO HOLD THE GREATEST POTENTIAL FOR
LOCATING BARTKUS. IN VIEW OF THE FACT HE WAS NOT LOCATED,
AND OTHER LEADS ARE VIRTUALLY EXHAUSTED, IT IS REQUESTED THAT
THE OFFICE OF PUBLIC AFFAIRS AGAIN SUBMIT INFORMATION
REGARDING BARTKUS FOR POSSIBLE AIRING ON THE TELEVISION

Tucson FBI Agent Larry Bagley was hurrying down the hall of the federal building downtown. He said he didn't have time for an interview because he was headed for Phoenix.

Bagley was then told the subject of the interview was Leesa Jo Shaner.

The veteran agent stopped suddenly. He had time.

Ten years ago tomorrow Mrs. Shaner, daughter of a Tucson FBI agent, disappeared from the Tucson International Airport where she had gone to meet her husband, Gary, who was flying home from Okinawa after his discharge from the Air Force. Four months later, her decomposed body was discovered in a partially uncovered grave in a remote section of the Fort Huachuca Army post.

The hunt for her killer, or killers, has been described as the most extensive abduction-homicide investigation in Arizona history, costing several hundred thousands of dollars and incalculable man-hours.

"We've still got people working on it," Bagley said in a recent interview. "I got a call about it last Friday and again on Monday," he said. Bagley said whenever his office becomes aware of a sex-murder crime that involves abduction in places like airports or shopping centers, the situation and individuals involved in the crime are thoroughly checked.

Investigators found Mrs. Shaner's car at the airport parking lot. Her purse with all its contents, including her wallet containing money, was found in the back seat. When her body was discovered, she still was wearing her two wedding rings, so investigators have ruled out robbery as a reason for the abduction and killing.

"Any sex-murder case like the Shaner case isn't singular in nature," Bagley said. "That was a repeat of another murder or there will be another one similar to it," he said.

Bagley has personally worked the Shaner case these past 10 years. Other agents, of course, have also spent long hours on the case, but Bagley is in charge of the case.

Bagley admits that it is unusual to spend that much time on a single murder case. He also admits that this is not the way a case is normally handled. "You have to have a personal interest in the case," Bagley said.

Bagley says he and other agents have pursued leads and tips across the country and have answered numerous telephone calls and letters. He estimates that he has talked to 50 convicts in different prisons who said they had heard other convicts brag about being

Ten years ago, Leesa Jo Shaner went to meet her husband at the airport — her body was found four months later

The question still remains — Who killed Leesa Jo Shaner?

involved in the killing. Bagley has sat in on meetings of Tucson psychics to hear of their "vibrations" about the murder.

Bagley said his stance on the case has always been, "Hey, I'll listen to anybody," especially since there is so little evidence in the case and no one apparently saw the abduction at the airport.

Bagley has used the FBI computers in Washington, D.C., to search through the thousands of fingerprints of soldiers and civilians who were stationed at Fort Huachuca at the time of the murder. Two partial prints lifted from the Shaner car were never identified.

Despite the efforts by Bagley and many other lawmen, no hard, substan-

tial clues have turned up in the investigation.

"It's just been one of those cases that you just hope for a break," Bagley said.

"It's been a nightmare," he said. "Obviously we're not putting that much time into it anymore. But we're not quitting."

Tip on woman's murder sends

10-A THE DETROIT NEWS—Sunday, August 19, 1979

LEESA JO SHANER

Murder tip sends FBI to Detroit

By MICHAEL F. WENDLAND
News Staff Writer

A new technique for analyzing the truth or honesty in the spoken word — called psycho-linguistics — puts Detroit in the center of a 6-year-old investigation into the murder of the daughter of a Tucson FBI agent.

The voice is on a tape recording of an anonymous telephone call traced to an inner city Detroit phone booth. The message, considered insignificant until now, is the only unresolved lead in the search for the killer.

The victim, Leesa Jo Shaner, 22, disappeared from the Tucson International Airport on May 29, 1973. She had gone there to meet her husband, Gary, who was returning from an overseas military assignment.

Almost four months later — on Sept. 16, 1973 — Leesa's skeletal remains were found in a shallow grave in a deserted part of the sprawling Fort Huachuca military post, some 70 miles from Tucson.

THE FBI HAS no idea why or how she was killed.

The mother of two young children, Mrs. Shaner had been staying at the home of her parents while her husband was overseas. Her father, James A. Miller, was a special agent in the FBI's Tucson office.

Miller received the Detroit phone call July 6 while his daughter still was listed as missing. The call was made collect. The caller, whose voice appears on the tape to be that of a black male, told the father that he knew about Leesa.

Continued on Page 10A

94 - 70698 - 248

Tip on woman's murder sends FBI to Detroit

Continued from Page 1A

But he hung up before revealing what he knew, promising to call Miller later that day at his home. The call was received at the house but the FBI agent was still at work. No other call was made and a report of the incident was filed away.

Through the use of psycho-linguistics, the FBI has determined that the Detroit telephone call was genuine.

SEVERAL WEEKS ago, the 6-year-old tape recording was given to Dr. Murray Myron of Syracuse University, a leading authority on the technique.

By using psychological stress-measuring techniques to analyze a voice, Myron is able to determine truthfulness, much as a polygraph uses physiological data to indicate dishonesty.

John Anthony, a spokesman for the FBI in Detroit, says Dr. Myron has been consulted by the FBI in previous cases. "He's been right on," said Anthony. "It's amazing what he can tell from a voice. We have a great deal of confidence in his conclusions."

Myron is convinced from his analysis of the voice that the man who called Miller six years ago really knew what happened to his daughter.

Now the FBI wants to find that caller. The FBI cannot, by law, offer a reward as such. But it can give money to informants as an incentive. In the Leesa Jo Shaner case, that incentive could amount to \$10,000, the bureau said.

"WE THINK THE person who made that call is still around, maybe in Detroit," said Lawrence H. Bagley, the Tucson agent who has headed the investigation. "We want him to talk to us. And we're willing to take whatever steps we have to, be it immunity or financial payments, to catch the killer."

Such an immunity offer would extend to anyone except the actual killer, he said.

"We don't think the caller was the killer," said Bagley. "He had indicated that while he had knowledge about the murder, it came from another party."

In an effort to solve the case, the FBI has:

- Carefully evaluated infra-red photographs of the desert area around the military base that were taken by a weather satellite and Army planes the night Leesa vanished.

- Programmed a computer to review the names and records of 12,000 personnel assigned to the army post to trace their actions that day, an incredible task just now being completed.

- Identified every person who arrived or departed on a Tucson flight that night, most of whom were located and interviewed in the futile hope that someone saw something.

- Worked with psychics, drained a sewage disposal lake looking for clues and conducted two autopsies on the remains.

"With most cases, you find something. Not this one. Yet it's the kind of case you can't let go of," says Skip George, one of the Tucson agents who have stayed on the case through the years. "For us, it's like it happened yesterday."

For Leesa's father, the case has taken a terrible toll.

BECAUSE HE WAS emotionally involved, he was not allowed to join his fellow agents in the manhunt. But neither could he go back to his normal workload. Eventually, he transferred to Tampa where he took an early retirement. But

"With most cases, you find something. Not this one. Yet it's the kind of case you can't let go of," says Skip George, one of the Tucson agents who have stayed on the case through the years. "For us, it's like it happened yesterday."

For Leesa's father, the case has taken a terrible toll.

BECAUSE HE WAS emotionally involved, he was not allowed to join his fellow agents in the manhunt. But neither could he go back to his normal workload. Eventually, he transferred to Tampa, where he took an early retirement. But whenever he comes across a newspaper story about a sex crime or unsolved murder, he clips it out and sends it to Bagley.

Miller wanted to accompany his daughter to the airport the night she disappeared. But she demurred, explaining that she wanted to meet her husband alone.

"He tortured himself with guilt over that," said Bagley, "even though it was perfectly normal for a woman who hadn't seen her husband in months to insist on meeting him alone."

Miller found her unlocked car in the airport parking lot after his daughter's husband called to ask why Leesa didn't meet his plane.

Leesa's purse was in the back seat. It had not been disturbed, ruling out robbery as a motive.

THE FBI INVESTIGATED the possibility that Leesa was abducted and murdered in an attempt to somehow hurt the father. But nothing in his past actions lent credence to the revenge theory.

Others supposed that Leesa may have inadvertently witnessed a narcotics transaction at the airport, which is located just 60 miles north of the Mexican border.

Bagley believes it was a sex killing. He figures at least two persons were involved. At 5 foot, 9 inches and 115 pounds, Leesa was a "spunky" young woman, he says. "She would not be a willing victim. There would have been a considerable struggle."

Shortly after her disappearance, police and agents found a possible witness — an elderly Spanish-American woman who lives near the airport.

She told the FBI she was watering her garden the night Leesa vanished. Around 10 p.m., she saw a woman matching Leesa's general description jump out of a vehicle at a stop sign on the highway near her house. A black man, one of three or four occupants, grabbed the woman, beat her and pushed her inside.

FOR SIX YEARS, agents have been trying to get more information from the woman. They repeatedly proposed that she submit to a hypnotic interview. But she refused, saying that it would be against her religion.

This June, she suddenly changed her mind.

Under hypnosis, the woman recalled the 6-year-old incident as if it had happened the night before. She gave descriptions of the men she saw in the vehicle that were detailed enough to allow FBI artists to develop composite drawings.

The bureau wants to keep the details of the hypnotic interview confidential, as well as the exact location of the Detroit pay phone used to call Miller.

"Detroit is the best — and last — shot we have," said Bagley. "We think the lead that will finally break this case wide open may come from there — from the person who called Leesa's father. I just hope he's still out there."

7 Enclosed for FBIHQ are a copy of the indictment and
8 warrants for MICHAEL and KARIN CUTKOMP dated 10/4/90; a copy of
9 the superseding indictment and warrants dated 1/24/90; two color
10 photographs depicting CUTKOMPS; and newspaper clippings.

11 Referenced teletype indicated that Office of Public
12 Affairs (OPA) is planning to recommend Springfield case MICHAEL
13 JOHN CUTKOMP; KARIN CUTKOMP; DANNY LEE BROWN; ET AL (12F-SI-455)
14 for inclusion in captioned program. The prosecuting attorney for
15 this case, AUSA [redacted] Central District of Illinois;
16 and [redacted] Rock Island County Sheriff's office
17 were contacted on 2/16/90 and concur with the presentation of
18 this case.

19 This investigation has been a joint investigation
20 involving the FBI, IRS, and Rock Island County Sheriff's Office.
21 It involves a ring of marijuana dealers who were supplied by
22 MICHAEL CUTKOMP, a Rock Island native who moved to Tucson,
23 Arizona. CUTKOMP was supplying approximately \$1,000,000 worth of
24 marijuana to the Rock Island area monthly.

Eleven persons were indicted 10/4/89 for conspiracy to distribute in excess of 1000 kilograms of marijuana, money laundering, and income tax violations. All but CUTKOMPS were arrested on 10/10/89. More than 1.5 million dollars in assets have been seized to date. Six subjects have pleaded guilty and trial is now scheduled for 3/5/90.

Investigation to date indicates that CUTKOMPS left the Rock Island area in February, 1989 and fled to Mexico. They subsequently returned to the Tucson, Arizona area until they were indicted in October 1989. Since that time they have not been in known contact with family or friends. The following cases are being submitted as requested in referenced teletype:

1. GLENDON JACKSON LITTLE, also known as Jack Little;
UFAP-MURDER;
ASSAULT AND BATTERY WITH A DEADLY WEAPON WITH INTENT TO KILL;
OO: OKLAHOMA CITY
(88A-13076)

On 1/5/84, subject entered the residence of his [redacted] Midwest City, Oklahoma and shot her boyfriend, CLYDE CRAIGER, in the chest with a .38 or .357 caliber revolver. CRAIGER begged for his life after being shot in the chest and subject then fired two more shots into CRAIGER's right cheek and head. Subject then shot his [redacted] between the eyes. The bullet deflected and exited from the right neck area. [redacted] survived the assault and identified subject as the assailant. On 1/9/84, subject was charged with first degree murder and assault and battery with a deadly weapon with intent to kill. On 1/25/84, a Federal warrant charging subject with Unlawful Flight to Avoid Prosecution for Murder and Assault was issued at Oklahoma City, Oklahoma.

b6
b7C

Subject is described as a white male, born [redacted] 6' in height, 200 pounds, brown eyes and hair, graying with a bald spot on the top of his head. His Social Security Account Number is [redacted] and he was formerly in the United States Marine Corps. Subject is an avid hunter and gun collector and has relatives in Tennessee. Subject has worked as an electrician and was previously a union member in Memphis, Tennessee.

2. PAUL EUGENE STAMPER - FUGITIVE; ✓
[redacted] VICTIM;
KIDNAPING;
OO: OKLAHOMA CITY
(OC 7-1815)

On 11/23/85, in the vicinity of Dover, Oklahoma, subject stopped a vehicle occupied by his [redacted] who was in the company of her friend, [redacted]. During the ensuing struggle, subject shot [redacted] in the chest and left him for dead. Subject then ordered [redacted] out of [redacted] vehicle or he "would shoot the window out." [redacted] opened the door and subject STAMPER grabbed her by the neck and took her to his rented vehicle. He then drove into Kansas utilizing country roads. During this trip, subject told [redacted] to be quiet and stated he had a .44 magnum in addition to the .38, and that "one shot would kill her."

b6
b7C

[redacted] ultimately escaped from the subject in Topeka, Kansas where she notified law enforcement authorities. Subject was later apprehended by local authorities in Kansas and returned to Kingfisher County, Oklahoma to await trial on charges of kidnaping and shooting with intent to kill. Subject was confined to the Kingfisher County Jail in lieu of \$620,000 bond.

At approximately 3:30 a.m., on the morning of 4/28/86, STAMPER escaped from the Kingfisher County Jail. He was assisted in this escape by an unknown masked individual utilizing a handgun. There was also thought to be two other individuals outside the jail.

b6
b7C

On 5/5/86, a Federal warrant charging STAMPER with kidnaping was issued in the Western District of Oklahoma, Oklahoma City, Oklahoma.

PAUL EUGENE STAMPER is described as a white male, 5'6" or 5'7" tall, 140 to 150 pounds, with brown eyes and black hair. He was born [redacted] at Idabel, Oklahoma and has a [redacted] He has Social Security Account Number [redacted]

Local and state authorities and the United States Attorney's Office, Western District of Oklahoma, Oklahoma City have no objection to these cases being featured on "Unsolved Mysteries" or "America's Most Wanted."

LITTLE AND STAMPER SHOULD BE CONSIDERED ARMED, EXTREMELY DANGEROUS AND ESCAPE RISKS.

Subject : "UNSOLVED MYSTERIES" TELEVISION PROGRAM

PURPOSE: To request approval from the Training Division, the Laboratory Division (LAB), the Criminal Investigative Division (CID), and the Legal Counsel Division (LCD), to continue to assist the Office of Congressional and Public Affairs (OCPA) in cooperating with Cosgrove-Meurer Productions, Inc. (CMP), formally known as Dave Bell Associates (DBA), in the production of the television program "Unsolved Mysteries."

RECOMMENDATIONS: That Training Division, LAB, CID, and LCD approve and assist OCPA in cooperating with the production of "Unsolved Mysteries" programs to ensure that any subject matter involving current Bureau investigations or technology is both factually accurate and suitable for public dissemination.

Memorandum to Mr. Clarke from Mr. Ahlerich
RE: "Unsolved Mysteries" Television Program

On July 24, 1986, Nicholas V. O'Hara, SAC Omaha Field Office, [redacted], OCPA, and I met with [redacted], CMP, to discuss a proposed documentary regarding the FBI's "Top Ten" program for Home Box Office (HBO). At that time, [redacted] was advised that if such a documentary could not be successfully sold to HBO, public source material on the "Top Ten" could then be used by DBA in a segment on the "Unsolved Mysteries" program which had already been bought by the NBC network. A segment regarding "Top Tennesseans" Joseph William Dougherty and Terry Lee Conner appeared on the "Unsolved Mysteries" program which aired January 20, 1987. The proposed "Top Ten" documentary was not pursued due to apparent lack of network interest.

b6
b7C

CMP is currently interested in the production of a segment featuring the "UNABOM" case for the next "Unsolved Mysteries" program. A preliminary meeting regarding the "UNABOM" segment occurred June 25, at Quantico, with [redacted], CMP; [redacted], CID; [redacted], Training Division; [redacted], LAB; [redacted], San Francisco Field Office; and [redacted], OCPA. At this meeting and during previous telephone conversations with [redacted], OCPA, [redacted] was asked to supply the Bureau with an outline of the proposed segment to ensure factual accuracy.

b6
b7C

Attached for your further information is the outline for the proposed "UNABOM" segment (Tab A); the previous memorandum regarding CMP, formally DBA (Tab B); and an article which appeared in the "Los Angeles Herald Examiner" regarding the second edition of "Unsolved Mysteries" (Tab C). Please note that although [redacted] and [redacted] are mentioned on page nine of the outline as being interviewed, no interviews with Bureau officials have been formally requested or approved at this time.

b6
b7C

Videotaped copies of the previously aired "Unsolved Mysteries" programs can be provided to you upon request.

Memorandum to Mr. Clarke from Mr. Ahlerich
RE: "UNSOLVED MYSTERIES" TELEVISION PROGRAM

ADDENDUM: CRIMINAL INVESTIGATIVE DIVISION (CID) TEB:z&w 8/6/87

The CID has reviewed the recommendation of the Office of Congressional and Public Affairs. No objection is interposed to this recommendation so long as each production proposal is reviewed and approved on a case by case basis.

In addition, CID does not object to a segment on Unsolved Mysteries concerning UNABOM provided there is no disclosure of any information which would adversely impact on evidentiary matters, or jeopardize the investigation and eventual prosecution of the person(s) responsible for the UNABOM incidents.

The U.S. Postal Inspection-Service, the Bureau of Alcohol Tobacco and Firearms, and local law enforcement agencies involved in the UNABOM investigation opine that the proposed broadcast will be in furtherance of the UNABOM case.

Cosgrove-Meurer Productions, Inc. (CMP), producers of the Unsolved Mysteries program have advised that the content of the broadcast will be subject to review and approval of the agencies involved.

The Unsolved Mysteries program utilizes a documentary format and primarily relies on re-enactments of events to stimulate the viewing audience. Viewers with any information are encouraged to contact the appropriate agency. The content of the UNABOM segment will essentially be a video depiction of information previously approved for release to the media.

Since the occurrence of the last known UNABOM incident in Salt Lake City, Utah, in February, 1987, extensive efforts have been made to solicit information regarding possible suspects in this case. Newspaper articles containing the artist composite of the bomber have appeared nationwide, a Vi-Cap Alert appeared in the June, 1987, Law Enforcement Bulletin, an article was published in a national computer publication, an alert was sent to over 2,000 universities and colleges, and dissemination has been made to Interpol and the investigative branches of the U.S. Military. The Unsolved Mysteries program will provide an opportunity to reach a national viewing audience estimated to be at nearly 22 million.

The broadcast is designed to be positive and demonstrative of the coordinated intensive law enforcement effort being made to resolve this case.

Host on Camera
at Computer Location

(Host on Camera) The FBI and others have spent millions of man-hours trying to find this sick but elusive criminal. In our "Wanted" segment, we will present a thorough briefing on the bomber based on their investigations...his modus operandi; the key characteristics of his bombs; the common attributes of his targets; and a personality profile of this damaged man. Hopefully, this way his next victim will be forewarned and someone watching may have a clue that could help catch him.

2. M.O./SACRAMENTO BOMBING
(December 11, 1985)

Recreation:

1. Exterior, Sacramento shopping mall where Rentech Computer Rentals Store is located. The bomber approaches.

2. [redacted], Rentech employee, returns at 10:30 and enters back door
(NOTE: Bomb not yet dropped off)

3. The bomber places a device at the back door of the store. He leaves.

Narration and interviews explain the circumstances of the bombing:

-- when [redacted] returned, no bomb at back door.

Interviews:

FBI Agent [redacted]
FBI Bomb Expert [redacted]
S.L.C. Chief Willoughby

When asked why they were targeted, they have no idea why.

Narrator describes chart showing links between all the victims. Search for single, specific motive has been exhaustive but inconclusive.

They have learned:

- bomber targets institutions but not always specific individuals
- targets have been universities, airlines and computer businesses. In common: high technology.
- if bomber is sending a message, the message is unclear or they aren't smart enough to decipher it.

PROPOSED HBO TELEVISION DOCUMENTARY ON THE "TOP TEN" PROGRAM

PURPOSE: To request approval from the Criminal Investigative Division (CID) to proceed with assisting Dave Bell Associates, Inc., (DBA) in the production of a documentary on the FBI's "Ten Most Wanted Fugitives" program.

RECOMMENDATIONS: 1.) That CID approve of the Bureau's assistance in this production to ensure that all subject matter used in the documentary is both factually accurate and suitable for public dissemination.

2.) That CID approve of DBA being supplied with all available public source information on the previous and current members on the list. This material would consist primarily of news releases, photographs, and Identification Orders.

3.) That the release to DBA of any additional information not found in news releases and Identification Orders be coordinated and approved by CID and Legal Counsel Division.

Memorandum from W.M. Baker to Mr. Clarke
RE: PROPOSED HBO TELEVISION DOCUMENTARY ON THE "TOP TEN" PROGRAM

DETAILS: On July 24, Milt Ahlerich, Nick O'Hara and [redacted] met with [redacted], a Producer with DBA, to discuss the production of a documentary on the FBI's "Top Ten" program for presentation on HBO. DBA proposes to spotlight a number of fugitives currently on the list through filmed reenactments of their crimes. DBA also proposes to include, if possible, interviews with individuals who have appeared on the list in the past as well as interviews with willing family members and witnesses of the fugitives' crimes. At this time, DBA has not developed a formal plan for delaying the documentary in the event a current member on the list is apprehended prior to the program's telecast. Attached for information is a 1985 resume of productions in which DBA has been involved and a proposed treatment DBA has prepared for the documentary. A videotaped copy of DBA's production of "Missing...Have You Seen This Person," can also be provided to you upon request.

AMERICA UNDERCOVER

"Wanted: America's Most Dangerous Criminals"

In 1950, the FBI created a list of the "Ten Most Wanted Fugitives" in an effort to enlist the public's help in finding some of the most dangerous and elusive criminals in the United States. A look at some of the members of today's "most wanted" list reveals a chilling and intriguing cross-section of crime in America:

*Lohman Mays, Jr. escaped from a Tennessee prison where he was serving a life sentence for convictions of murder, armed robbery, firearms violation and shooting a police officer.

*Donald Webb is wanted for the murder of Gregory Adams, the Chief of Police of Saxonburg, Pa.

*Leo Koury, a well-known Richmond, Virginia businessman has been indicted on charges of murder, racketeering and extortion.

*Mutulu Shakur is wanted in connection with the robbery of an armored truck in Nanuet, N.Y. during which two police officers were killed.

*Robert Nicolaus is being sought for the murder of his ex-wife, after earlier being convicted of murdering his three children.

"Wanted: America's Most Dangerous Criminals" profiles the fugitives, the crimes they committed, and the manhunt that were conducted to find them. We will examine the mind of the violent criminal through interviews with the law enforcement officers who know them best. We will meet the families of their victims, whose lives have been changed forever. And we will examine the underground criminal subculture in America, through which the "most wanted" seem to move at will.

MOTION PICTURES

DO YOU REMEMBER LOVE

A two-hour Movie of The Week for the CBS Network sponsored by The Bristol-Myers Company. Starring Joanne Woodward and Richard Kiley, this telefilm portrays the heartbreak of Alzheimer's Disease on both the victims and their families. Directed by Jeff Bleckner. Aired May 21, 1985.

NADIA

A co-production with Tribune Entertainment Company in association with Jadran Film. This two-hour drama, filmed entirely on location in Zagreb, Yugoslavia chronicles the life of Nadia Comaneci, the Romanian gymnast whose performance in the 1976 Montreal Olympics won her seven Gold Medals and the first perfect "10" in Olympic history. Nationally syndicated, May 1984.

LET THE CHILDREN GO

It was 1975. American troops had withdrawn from Southeast Asia, but the fighting wasn't over. Thousands of refugees from Laos, Cambodia and Vietnam were seeking refuge in Thailand -- and the number of orphans was staggering. Let The Children Go is the true story of Pamela de Maigret's attempt to rescue these orphans from a life of pestilence and starvation to a better life in America. Although the Thai government prohibited the immigration of orphans, Ms. de Maigret succeeded in smuggling 1,500 children to new parents worldwide.

PRIMARY COLORS

Cecily and Brian Phillips waited until their late thirties to have their first child. After the birth, what seems to be a routine case of "baby blues" turns into a nightmare for Cecily who slowly loses complete touch with reality. Brian is informed that Cecily suffers from Post Partum Psychosis, and reluctantly commits her to a psychiatric hospital. The story follows her slow, difficult struggle back to lucidity, and Brian's struggle to keep his family together. Starring Lindsay Wagner.

FLASHBACK KILLER

According to Charles Heads, he was a victim of Post-Traumatic Stress Syndrome. According to his sister-in-law, he got away with murder. Heads was a decorated Vietnam veteran who came back to the United States and pursued the American dream with his wife and children. But when his wife suddenly left him saying she was frightened of his increasingly odd behaviour, Heads was determined to get her back. He drove to his brother-in-law's home, pulled a rifle out of his car and started shooting. On trial for the murder of his brother-in-law, Heads was acquitted due to the controversial disorder known as Post-Traumatic Stress Syndrome. For HBO.

TELEVISION SERIES IN PRODUCTION

ALIVE & WELL

A two-hour daily magazine series sponsored by The Bristol-Myers Company for USA Cable Network. Currently in its fifth season, "Alive & Well," hosted by Mike Jerrick and featuring Marion Ross, Cathy Rigby McCoy and Joanne Carson, explores a wide range of health-related subjects, from nutrition and dieting to career decisions to personal relationships -- everything that affects the quality of life.

ON CAMPUS

A weekly half-hour public series broadcast on KCET/28, Los Angeles' public broadcast station and KHJ, a Los Angeles Independent station. Hosted by George Fenneman, "On Campus" is the longest running series in Los Angeles television. Funded in part by a grant from Home Savings of America, "On Campus" is produced in association with the Independent Colleges of Southern California. A winner of three Los Angeles Emmys.

TELEVISION SPECIALS

MISSING: HAVE YOU SEEN THIS PERSON?

Aired directly after Adam, "Missing: Have You Seen This Person?" reenacts the disappearance of several children and adults and asks the audience to join the search. As a result of this show, two children were located who had been missing for seven years. Hosted by Meredith Baxter Birney and David Burney, with special guest Ricky Schroeder.

SEX AND THE AMERICAN TEENAGER

Based on the Rolling Stone book of the same title, this film examines sexuality and relationships through the eyes of teens. Airing on HBO, June 1985 available through Vestron Video-on home videocassette.

MY SIDE OF THE STORY: TRIAL BY MEDIA

It's the most common form of "justice" in America. Television covers every aspect of sensational crimes; broadcasting hurriedly gathered details into millions of homes. "My Side of The Story" gives those convicted by the media a chance to take the witness stand.

VICTIMS FIGHT BACK

An increasing number of victims of crimes are not content to passively accept the injustice done to them. This special profiles a new breed of victims that fight back -- some through the legal system, some counseling fellow victims and some through revenge. Produced for HBO and also in distribution on home videocassette.

"TOXIC TIME BOMB

The effects of hazardous waste on human beings is the major health problem facing America in the next twenty years. "Toxic Time Bomb" tells the story of Penny Newman, one of the many people personally affected by the dangers of toxic waste and her fight to save lives.

**MISSING PERSONS:
FOUR TRUE STORIES**

Police estimate that there are over 250,000 missing adults. Many people disappear because they want to, while others are the victims of foul play. This special profiles the disappearance of some missing adults throughout the country, focusing on those left behind and the law enforcement officials desperately working to find them.

One-hour specials for Home Box Office

- GROWING UP STONED** An alarming one in ten high school students gets stoned every day. Ninety percent of them have used alcohol. This is the story of three teenagers caught at different stages of drug and alcohol abuse.
- ONE MAN'S FIGHT FOR LIFE** This special chronicles one year in the life of Saif Ullah, a psychologist and father of two who struggles against lung cancer.
- FIVE AMERICAN GUNS** This special dramatically recreates the circumstances under which five law-abiding citizens made the decision to use deadly force.
- VANISHED: MISSING CHILDREN** This special examines some of the mysterious and tragic disappearances of thousands of children each year and the agony of their families.
- HOOKER** Through revealing looks at different levels of prostitution, this special gives an accurate picture of call girls, a madame and street-walkers.
- DECOYS** George Kennedy hosts this look at an elite corps of New York cops who pose as drunks, derelicts and naive innocents waiting to be mugged and then suddenly making an arrest.
- DEATHWATCH** A sobering look at life on death row at Arizona State Prison.

One-hour special for NBC

- LEFTY** A docu-drama produced in conjunction with Walt Disney Productions about Carol Johnston, a one-armed, world class gymnast.

One-hour specials for RKO General and syndication

- HARD TIME** A look at life in a maximum security prison — "where common thieves are turned into murderers." Hosted by George Kennedy.
- WHATEVER HAPPENED TO LORI JEAN LLOYD?** This special tells the story of a teenage runaway and the plight of all who get caught up in this kind of tragedy. Hosted by Marsha Mason.
- COMBAT IN THE CLASSROOM** Host Ed Asner examines the number one problem in our schools — violence.

TELEVISION SPECIALS

One-hour specials for ABC and National Syndication

- NATIONAL SAVE-A-LIFE TEST** Hosted by Michael Learned and Bernie Kopell, this special confronts viewers with emergency situations through dramatic recreations. At the critical moment the action freezes and the audience is asked a series of questions that will determine their degree of emergency preparedness.
- RICH, THIN & BEAUTIFUL** Bernadette Peters hosts this light hearted look at America's number one obsession.
- NOT THE SAME OLD STORY** This special profiles seniors who have found creative solutions to the common problems of aging. Danny Thomas hosts this effort at dispelling some of the myths about growing old.
- SAY GOODBYE AGAIN** Each year over one million children experience a divorce in their family. Mike Farrell examines divorce from the child's point of view and discovers that their needs are often overlooked.
- GOING STRAIGHT** Many people believe that forms of punishment other than prison might be equally tough but more effective and less costly. "Going Straight," hosted by George Kennedy, looks at some of the most interesting and promising of these community efforts
- SWEET SIXTEEN
AND PREGNANT** Teenage pregnancy has reached epidemic proportions. Host Sally Kellerman explores the growing problem of teenage pregnancy through five revealing profiles of five young girls who are mothers while barely out of childhood themselves.
- SHOOT/DONT SHOOT** Peter Falk hosts this special which allows viewers to participate in shoot/don't shoot tests to help them understand the split-second decisions police officers make every day.

One-hour special for Metromedia and syndication

ANGEL DEATH

Paul Newman and Joanne Woodward host this special which explores the serious consequences of Angel Dust (PCP). Case histories provide evidence of the drug's chronic and debilitating effects.

One-hour special for Golden West and syndication

THE REAL ROOKIES

Earl Holliman hosts this dramatic, behind-the-scenes look at police life. Beginning with the grueling months at the training academy, the film follows three new recruits through the rigors of police work.

LOS ANGELES HERALD

EXAMINER

Wanted by the tube

Ah, the power of television. In 1983, NBC aired the TV movie "Adam," and as a result all sorts of missing children were found.

On Monday, NBC came back with "Unsolved Mysteries," a Karl Malden-hosted special featuring re-enactments of crimes and interviews with participants and witnesses in the hope that viewers would recognize some of the criminals at large.

Apparently, one viewer did. Robert Dean Weeks, suspected of killing three women whose bodies have never been found, was apprehended Tuesday in Arizona after being recognized by a friend of a woman who was dating Weeks.

WILLIAM BRADFORD BISHOP, JR., aka-
FUGITIVE (A);
IO #4696
UFAP-MURDER
OO: BALTIMORE

On 3/12/76, Montgomery County, Maryland Department of Police (MCPD), Wheaton, Maryland, issued murder warrant charging William Bradford Bishop, Jr., with mass murder on 3/1/76 or 3/2/76, of his wife, mother, and three sons in Potomac, Maryland. MCPD requested FBI assistance in locating Bishop and joint investigation by MCDP and North Carolina State Bureau of Investigation (NCSBI) has determined that Bishop is responsible for bludgeoning to death of victims at Potomac, Md., and subsequent transporting to Columbia, N.C., where they were placed in a crude shallow hole and their bodies doused with gasoline and set fire.

Bishop had been absent from his job since 3/1/76, and a station wagon resembling his vehicle was seen in the area of the burial site on 3/2/76. A shovel found at the grave site was purchased in Potomac, Md., and a gas can found at the grave site had Bishop's fingerprint's thereon. Additionally, a \$15 Bank Americard charge made in Jacksonville, N.C., on 3/2/76, with charge receipt bearing signature closely resembling Bishop's.

Subject was allegedly seen in Sweden in 1978 and in Sorrento, Italy in January 1979. Both sightings are believed to be unlikely. Nothing regarding Bishop's location has been located since investigation at recovery site of bodies in 1976. Bishop had access to issue passports in his former position with the Department of State and he speaks four languages.

UNSUBS;
CATHLEEN MARIAN THOMAS - VICTIM;
REBECCA ANN DOWSKI - VICTIM;
CGR - HOMICIDE
OO: NORFOLK

At approximately 6:00 p.m., on 10/12/86, a U.S. Park Service Ranger, Yorktown, VA, discovered a 1980 Honda Civic, apparently pushed down a embankment, off of the Colonial Parkway, between Williamsburg and Yorktown, VA. The Colonial Parkway is U.S. Government property coming within the exclusive investigative jurisdiction of the FBI.

Thomas, a Naval Academy graduate, employed as a stockbroker in Virginia Beach, VA, and Dowski, a student at William and Mary College, Williamsburg, VA, were discovered in the vehicle dead, apparently as a result of strangulation and severe slash wounds to their throats. The inside of the vehicle was covered with dried blood and both victims were located in the rear seat. Dowski had one foot caught outside the passenger side door, which was closed. Evidence indicating that both victims' bodies and the interior of the automobile has been doused with approximately three to five gallons of diesel fuel in an apparent effort to burn the vehicle. Several paper matches, which has been ignited, were recovered inside the vehicle.

Dowski and Thomas were last seen alive at approximately 9:30 p.m. 10/9/86, when Dowski signed off the Laser printer Barrett Hall, The College of William and Mary, where she was using the computer to produce a class paper entitled "Cocktail After Taste," which was received in crime-scene vehicle. Dowski and Thomas regularly met at William and Mary every Thursday evening and would normally end up at some remote location on the Colonial Parkway to talk, etc. This parkway is a favorite "parking" location for William and Mary students and is heavily traveled by tourists and local residents of the area.

No murder weapon was recovered. Both victims' purses were located inside the vehicle and contained United States currency and numerous credit cards; therefore, seemingly ruling out robbery as a motive.

Interviews with associates of both victims has determined that victim Dowski was bisexual, experimenting in

94-70698-1X
ENCLOSURE

lesbian relationships, and victim Thomas was purportedly a confirmed lesbian.

Victim Dowski was a senior at The College of William and Mary, majoring in Computer Science. Victim Thomas was a graduate of the United States Naval Academy, Annapolis, Maryland, class of 1981, and honorably discharged from the United States Navy, Norfolk, Virginia, in May of 1986, where she last served as a Protocol Officer for the Commander of Chief, Atlantic Fleet. Victim Thomas was employed as a stock broker for a local firm in Norfolk, Virginia.

The Norfolk investigation is presently focusing on the theory that the UNSUB(S) were emotionally involved with the victims and that the probable involvement included homosexual activities.

Extensive investigation has failed to develop any possible leads concerning the UNSUB(S) possible whereabouts.

 "UNSOLVED MYSTERIES"
 REQUEST FOR FBI ASSISTANCE

PURPOSE: To request you or your designee attend a meeting on 6/29/88 at 2 p.m. in Room 7159, FBIHQ, in order to meet with [redacted] of the "Unsolved Mysteries" TV series.

RECOMMENDATION: That you or your designee attend a meeting to discuss FBI assistance to the NBC TV series, "Unsolved Mysteries."

DETAILS: In April, 1988, the National Broadcasting Network (NBC) made "Unsolved Mysteries" a weekly series. Cosgrove-Meurer Productions, Inc., has requested FBI assistance in the development of segments for the weekly series which beginning October 5, 1988, will air at 8 p.m. (EDT) on Wednesday evenings. NBC has approved 13 episodes with the option to authorize nine additional episodes for the 1988/89 season. [redacted] has requested to meet with officials to discuss cooperation. The Office of Congressional and Public Affairs (OCA) believes the FBI should continue to cooperate with "Unsolved Mysteries" and focus cooperation on unsolved cases only. The Bureau currently cooperates with "America's Most Wanted" on fugitive matters.

Memorandum from Mr. Ahlerich to Mr. Clarke
Re: NBC TV Series
"Unsolved Mysteries"
Request For FBI Assistance

A meeting has been scheduled from 2 to 3 p.m. with [redacted], who will set forth the exact nature of his request. There has been some interest by Cosgrove-Meurer in broadcasting 30-second spot announcements at the end of each program called "FBI VICAP ALERTS."

"Unsolved Mysteries" has a consistent viewership of 20 plus million based on the Nielson's ratings. Robert Stack will host the series. The one-hour programs will feature four segments. The programs will profile:

- (1) Wanted persons: Individuals with felony warrants.
- (2) Missing persons: Abductions where there is a suggestion of foul play, or insurance scam.
- (3) Unexplained death: Victim's death is not explainable by known facts and motive for death is undetermined by authorities.
- (4) Human interest: For example, a millionaire leaves his holdings to a lost family member. "Unsolved Mysteries" purpose is to locate the member with the good news.

b6
b7c

The FBI has cooperated with [redacted] ever since its pilot program in 1986, which profiled Top Ten fugitives. The FBI also provided indepth cooperation with [redacted] in the development of a 12-minute segment about the "UNABOM" case, which was broadcast in September, 1987, and rebroadcast in April, 1988.

[redacted] was exceptionally cooperative in the development of "UNABOM" and in effect let the FBI dictate how the case should be treated in the segment. On May 18, 1988, "Unsolved Mysteries" broadcast segments on FBI Fugitives Louis Carlucci, Jon Yount and Diane Brodbeck. As a result of the program, Carlucci was arrested by FBI agents in Nashville, Tennessee, within 24 hours. Yount and Brodbeck were arrested by the FBI on 6/15/88 in Couer D'Alene, Idaho, following a tip from a viewer.

A SECOND FBI CASE TO BE PROFILED INVOLVES PORTLAND CASE 1988-873; CAPTIONED STEVEN DEARL COX - FUGITIVE (B); DBA S. D. COX INVESTMENTS, INC. (SDC) 767 S. RIVERSIDE, MEDFORD, OREGON; FBW; ITSP; MF; UFAP-SALE OF UNREGISTERED SECURITIES; OO: PORTLAND.

COX IS DESCRIBED AS A WHITE MALE, DOB: [REDACTED], 6' 0", 200 LBS, WITH HAZEL EYES AND BROWN HAIR. HE IS REPORTED TO HAVE A SCAR ON HIS RIGHT KNEE.

A SEGMENT ON THIS FUGITIVE WAS PREVIOUSLY BROADCAST ON NOVEMBER 16, 1988. THIS AIRING ENABLED THE FBI TO IDENTIFY COX AS A RESIDENT OF BOISE, IDAHO. COX HAD FLED TOWN THE MORNING OF THE BROADCAST. AUTHORITIES, INCLUDING THE FBI, ARE NOW FOLLOWING UP NEW LEADS.

OTHER CASES TO BE TELEVISED OF NO INVESTIGATIVE INTEREST TO THE FBI INCLUDE AN UPDATED SEGMENT PORTRAYING THE ALLEGED SLAYING OF TWO ARKANSAS YOUTHS (THIS CASE WAS ORIGINALLY TELEVISED ON OCTOBER 12, 1988); A SEGMENT DEALING WITH PEOPLE WHO BELIEVE THEY WERE ABDUCTED BY UFO'S; AND A SEGMENT ON AN INDIVIDUAL WHO MAY BE SUFFERING FROM AMNESIA BROUGHT ON BY A STROKE.

AIRTEL

DATE: 11/14/88

TO : DIRECTOR, FBI *SOC/MA*
(ATTN: SPL PRODUCTIONS UNIT, OCPA,
ROOM 7861, TL 213)
FROM : SAC, SAN DIEGO (88-9978)
SUBJECT : NBC TV SERIES "UNSOLVED MYSTERIES"

Reference Bureau airtel, dated 11/1/88, the following San Diego cases are suggested for consideration for captioned TV series:

CASE I : UNSUB;
ROBBERY OF NUMEROUS BANKS IN SAN DIEGO,
DALLAS, AND LOS ANGELES;
BR;
SD FILES 91A-8115, 91A-8142, 91A-8222
BU FILES 91-131068, 91-131445, 91-132803

Beginning in July, 1986, this unsub has robbed 14 banks and is nicknamed "THE SHOOTIST" because he waves a handgun at employees and often fires a shot into the ceiling during robberies. The unsub is described as follows: Negro male; mid 30's; 5'10" tall; 160 pounds; acne scars and a fake moustache.

CASE II : UNSUB(S);
CHARITIE ANGELOU CAREINS-VIKID;
SD 7-1066

ON 8/5/88, CHARITIE CAREINS, age 8, disappeared from the home of a friend she was visiting near her home in San Diego. A street-wise child whose parents left her pretty much on her own, CHARITIE was first thought to have gone with some neighbors on a trip to Yucatan, but has not been seen since. CHARITIE is 4'00 tall; 65 pounds; blond hair; blue eyes; freckles.

CASE III : UNSUB;
MARY LOU OLSEN - VIKID
OO: SAN DIEGO
SD 7-1045

MARY LOU, age 12, disappeared from her San Diego home in 1960. Her body was found a few weeks later in Tijuana, Mexico. This case has never been solved.

CASE IV : CLIFFORD CARROLL GRAHAM - FUGITIVE;
FBW;
SD 196A-1153
BU 196A-5895

When CLIFFORD GRAHAM founded FOTOMAT CORPORATION he began a series of financial successes that made him world famous. A flamboyant spender with habits to match, he owned the largest private yacht on the west coast and owned BING CROSBY's former estate. He sold stock in a scheme to refine gold, and everyone rushed to invest because of his nose for success. The scheme turned out to be a fraud, GRAHAM disappeared, and investors lost \$13,000,000.00. He has not been seen since September, 1986. Among the investors were some of the wealthiest people in California, including a United States Senator .

identity of an individual dubbed the "Geriatric Bandit".

Detective [redacted] of the Ft. Collins Police Department is supportive of featuring the robberies on a national television program. Assistant United States Attorney (AUSA) [redacted], U. S. Attorney's Office, Denver, Colorado, likewise sees no problem with the release of the generalities involved in this investigation, to national media coverage.

II. UNSUB;
JONELLE MATTHEWS - VICTIM;
Denver file 7-1495

On Thursday, December 20, 1984, at approximately 8:15 pm, twelve-year-old JONELLE MATTHEWS was dropped off at her family home in Greeley, Colorado. At the time she was dropped off, JONELLE's family was not home. At approximately 10:41 pm on the same date, [redacted] discovered that JONELLE was not at the family residence. The Greeley Police Department, Greeley, Colorado, and the FBI were notified that the MATTHEWS girl was missing. An intensive search was initiated in Colorado and surrounding states for JONELLE MATTHEWS. During the initial investigation, there was never a ransom note or any significant information to indicate that the victim was in fact kidnapped or being held against her will. The crime scene was void of any physical evidence to assist investigators in eliminating a bona fide kidnapping violation or a runaway incident or homicide.

Intensive news coverage was provided to this incident at the time that it occurred with no visible leads resulting. The victim's father had the opportunity to present the incident on national tv at the time of its occurrence in the company of the father of an additional Colorado kidnap victim. Once again, this publicity did not result in any viable leads.

It is felt that if this presentation is made, it may be helpful to coordinate this through the Bureau's Behavioral Science Unit in order to obtain the greatest psychological impact on potential subjects and possible witnesses in this case. It is further felt that the presentation of this issue on or about the victim's birthday, which is February 9, 1972, could be a catalyst to the

b6
b7c

DN

confession if presented on a subsequent February 9 air time.

AUSA [] was consulted regarding featuring this incident on national television. [] was in concurrence with national media coverage regarding this investigation.

Contact with Sergeant [], Personal Crimes Supervisor, Greeley Police Department, determined that his department would be in support of such an attempt at a national news presentation.

III. RODERICK TALVIN HARVEY
Denver file 88A-11663

On August 17, 1979, an automobile accident occurred in Greenwood Village, Colorado, wherein two individuals were killed and an infant female was permanently paralyzed. Subsequent investigation by the Greenwood Village Police Department identified RODERICK TALVIN HARVEY as the driver of the hit-and-run vehicle. A local arrest warrant was issued by the Arapahoe County District Court charging HARVEY with Vehicular Manslaughter.

b6
b7c

On September 7, 1979, a complaint was filed charging HARVEY with violation of Title 18, U. S. Code, Section 1073, Unlawful Flight to Avoid Prosecution. A warrant was subsequently issued charging HARVEY with Unlawful Flight to Avoid Prosecution. HARVEY has been featured on Denver's Fugitive of the Month Program; however, the regional wide publicity has not resulted in HARVEY's apprehension.

At the time of the accident, it is suspected HARVEY was under the influence of alcohol, LSD and marijuana. As stated above, the accident resulted in the death of Mr. GARLAND NELSON and their six-year-old son, BRIAN, as well as the permanent paralyzing of [], who was age two at the time of the accident.

Contact with [], Arapahoe County District Attorney's Office, determined that their office was in full support of any nationwide publicity concerning the HARVEY investigation.

While it is noted that HARVEY is not an Unsub, and his name has previously been submitted as a possible

DN

candidate for America's Most Wanted, due to the age of the crime incurred, it was initially rejected as an appropriate subject for America's Most Wanted. However, due to the emotional impact of the matter and the feeling that HARVEY has left the Colorado area and has been reportedly seen in several other states, it is felt this could be an appropriate subject matter for Unsolved Mysteries.

16 MAY 19 1989

At approximately 11:30 a.m., on September 8, 1988, unknown subject (UNSUB), also known as "FUMBLES", responsible for numerous bank robberies in the Tampa, Jacksonville, and Miami Divisions, entered captioned institution. The victim teller and a customer service representative were on duty and no customers were in the bank. UNSUB said to the customer service representative, "You, stand up. Put your hands up". He then turned to the victim teller and said, "Give me your money". The victim teller took funds, including a bait pack, from her top drawer, but did not give the UNSUB a dye pack, which was also in the drawer. UNSUB then ordered her to the next teller station and told her to open the drawer, which was locked. She told him it was locked and he then ordered her to a third teller station where the drawer was locked but a key was in the lock. He told her to open the drawer and she removed funds from that drawer as well as a second bait pack. Another dye pack was present, which the teller did not give to the UNSUB.

UNSUB thereafter ordered the two employees to lie on the floor and then exited the bank turning right when he exited the door. No getaway vehicle was seen by either bank employee or by anyone contacted in a neighborhood survey.

The following description was obtained of the robber:

RACE:	White
SEX:	Male
HEIGHT:	6'0" to 6'2" tall
AGE:	29 to 35 years
BUILD:	Stocky
HAIR:	Light brown to brown
DISTINGUISHING CHARACTERISTICS:	Thick mustache
CLOTHING:	Blue baseball cap with some type of insignia, blue blazer, white button down shirt, red tie, dark sunglasses with plastic frames
WEAPON:	Dark colored automatic pistol

UNSUB, aka "FUMBLES" is responsible for approximately thirty bank robberies in the Tampa, Jacksonville, and Miami Divisions since July 1984. The modus operandi is normally the same and in the last several robberies, he continues to wear the same clothing, being a blue sports jacket, striped tie, baseball cap with the emblem "CAT" and sunglasses. He always displays an

TP 80-812

automatic handgun, and during some robberies, he appeared to be wearing a bullet proof vest. During several of the robberies, he has been observed driving an older model Mustang or Toyota type vehicle, rust in color, with black louvers on the rear window. This vehicle has been observed during robberies from 1984 through 1988.

Excellent surveillance photographs are available, specifically the best photos are contained in Tampa file 91A-7366, wherein he is depicted after removing his baseball cap.

TAMPA, FLORIDA;
11/23/87;
BR (A);
OO: TAMPA

Unknown subject, aka "BICYCLE BANDIT".

Dubbed the "Bicycle Bandit", a stocky white male, about fifty years old, has robbed six banks in the Tampa, Florida area since June 1986. The "Bicycle Bandit" has been so named because he always approaches and leaves the banks on a bicycle, which he always abandons not far from the scene.

The "Bicycle Bandit" usually wears a brimmed hat similar to a golf or fishing hat, with the brim down, dark glasses, and weightlifter-type gloves. He displays a black automatic handgun and makes verbal demands for money, stating "no exploders" (dye packs). The money is usually placed in an athletic-type bag carried by the robber. On one occasion, the "Bicycle Bandit" was observed abandoning his bicycle and entering an older Ford Pinto hatchback, light blue in color.

The "Bicycle Bandit" is described as:

RACE:	White
SEX:	Male
AGE:	45 years
HEIGHT:	5'7" - 5'9" tall

TP 80-812

WEIGHT: 190-210 pounds
BUILD: Stocky
HAIR: Brown

Excellent bank surveillance photographs of the "Bicycle Bandit" are available.

OO: TAMPA

Freedom Federal Savings and Loan, 925 West Brandon Boulevard, Brandon, Florida, was robbed on 10/13/88 by a lone black male, dressed in camouflage utilities with a full face mask, carrying a small revolver in his right hand.

The lobby of the captioned bank closes at 4:00 p.m., but the drive-in teller windows stay open until 6:00 p.m. At 6:01 p.m., unknown subject, who apparently was hiding on the roof of the Freedom Federal Savings and Loan, cut a window pane from the skylight, removing cut glass pane with a suction cup, and entered the lobby area after the three bank tellers had closed the drive-in teller windows and entered the bank vault room.

The unknown subject confronted the three victim tellers in the bank vault area, produced a cream-colored pillow case and using gestures with his gloved hands and a handgun, removed \$160,500.15 from the bank vault and tied the door leading to the bank vault room with hemp rope in an attempt to keep the victim tellers from escaping. The unknown subject, during the course of this robbery, did not speak, and exited through the south door of the bank lobby.

A witness observed a black male at approximately 6:04 or 6:05 p.m. leaving captioned bank wearing camouflaged utilities approaching an unknown vehicle.

TP 80-812

The bank video cameras were not operating. Bank money was taken by the unknown subject and has been entered by the Tampa Office into NCIC.

The unknown subject is described as follows:

RACE:	Black
SEX:	Male
AGE:	20 - 35 years
HEIGHT:	5'7" tall
BUILD:	Medium
CLOTHING:	Camouflaged utilities, black gloves, full facial mask described as a pig mask, gas mask or camouflaged cloth
WEAPON:	Small caliber revolver
MISC.:	One teller smelled alcohol on the unknown subject's breath

No additional UNSUB cases deemed appropriate for captioned T.V. series are open in the Tampa Division at this time.

SABOTAGE OF TRANSMISSION LINES CONNECTED
TO PALO VERDE NUCLEAR GENERATING STATION;
ATOMIC ENERGY ACT

The Palo Verde Nuclear Generating Station (PVNGS), which is located approximately 42 miles west of Phoenix, Arizona, is maintained and operated by several utility companies, to include Salt River Project (SRP), Arizona Public Service (APS) and Southern California Edison (SCE). This plant was built at an expense of 12 billion dollars and is the largest nuclear generating plant in the United States and second in size in the world.

On May 14, 1986, at approximately 8:58 pm, APS noted the 500 kw north Gila transmission line had experienced a power outage. At 9:02 pm, on May 14, 1986, the Kyrene line experienced a power outage. At approximately 9:23 pm, on May 14, 1986, the "west wing line," also servicing the PVNGS, experienced a power outage. No action was taken during the evening hours by the utilities due to the danger of working in the dark. At 7:15 am, on May 15, 1986, the Palo Verde North Gila transmission line was found to have a "cable sling" on the "center phase" (the conductor) in the center of the tower. There were two cable slings observed, one about three feet long and the other approximately 20 feet long. The slings were constructed of wire ropes with an "i" beam on each end of the slings and a connector in the middle. The 20 foot long cable sling had a piece of 3/8 inch polypropylene rope tied to it with the other end of the rope thrown to the ground. It appeared as if the perpetrator wanted to pull the two outside transmission lines together toward the center line to damage the wire; however, when the two lines met each other the polypropylene rope was burned and fell to the ground.

The other two locations were rigged in a similar fashion.

The investigation was instituted jointly with the Maricopa County Sheriff's Office and the Phoenix Office of the Federal Bureau of Investigation (FBI). Close coordination had been affected as being maintained with both SRP and APS, who are actively assisting the FBI's investigation.

**SABOTAGE OF TRANSMISSION LINES CONNECTED
TO PALO VERDE NUCLEAR GENERATING STATION;
ATOMIC ENERGY ACT**

No PVNGS reactors were operating at the time and no interruption of service to customers was experienced. A fourth transmission line servicing SCE customers, which travels along the path between PVNGS and San Diego, was not affected and inspection of this line did not reveal any tampering.

The Arizona Nuclear Power Project offered a \$25,000.00 reward for information leading to the arrest, prosecution and conviction of the person or persons responsible for the May 14, 1986, sabotage of the high voltage transmission lines tied to the Palo Verde Nuclear Generating Station.

To date, this case remains unsolved, but is receiving a high priority by the FBI.

The United States Attorney's Office at Phoenix, Arizona, as well as the Maricopa County District Attorney's Office and the Maricopa County Sheriff's Office were advised that this matter was being presented to NBC television series "Unsolved Mysteries." Each advised that they had no objections to publicity which would be generated by the airing of this crime and would welcome any information.

UNKNOWN SUBJECT;
MYRON TRAYLOR - VICTIM
PHOENIX, ARIZONA
JULY 27, 1988;
POSSIBLE KIDNAPPING

On July 31, 1988, the Federal Bureau of Investigation (FBI), Phoenix, Arizona, was notified by the Phoenix Police Department that there had been a possible kidnapping, which had occurred in a low-income area of Phoenix. The FBI assisted the Phoenix Police Department in its investigation of the possible kidnapping. [redacted] Myron Traylor's mother, was interviewed regarding his abduction. According to her, she was walking with her son in an area near their home, when Myron asked her permission to buy a soda pop at a store. He left his mother to buy the soda pop, however, he never returned from the store. After a short period of time, [redacted] started looking for her son and was not able to locate him. She later notified the Phoenix Police Department as to his disappearance.

Extensive media coverage of the disappearance and a community-wide search by concerned friends and neighbors failed to come up with any clues as to his disappearance. Additional investigation by the FBI and Phoenix Police Department also was unproductive.

[redacted] took an adamant stand that her son was not a runaway and had to have been abducted. Law enforcement had not uncovered any evidence of foul play in connection with his disappearance, however, they were not able to uncover any evidence that he was a runaway.

Myron Traylor is described as follows:

Race	Negro
Date of Birth	[redacted]
Height	5'5"
Weight	106 pounds
Hair	Black
Eyes	Brown
Scars and Marks	Small scar on right side of forehead

November 9, 1988

UNKNOWN SUBJECT;
LEESA JO SHANER, NEE MILLER - VICTIM (DECEASED);
DAUGHTER OF SPECIAL AGENT JAMES A. MILLER,
TUCSON RESIDENT AGENCY, PHOENIX DIVISION,
MAY 29, 1973;
KIDNAPPING

Leesa Jo Shaner was the daughter of Federal Bureau of Investigation (FBI) Special Agent James A. Miller of the Tucson Resident Agency. She had been residing at her father's residence in Tucson following the birth of a child on April 4, 1973. Her husband, Gary H. Shaner, had been serving in the United States Air Force in Okinawa, where Mrs. Shaner had also resided previous to the birth of her child.

On May 29, 1973, Airman Shaner contacted his wife at the Miller residence and advised her he would arrive at Tucson, Arizona, via Trans World Airlines at approximately 10:15 pm, May 29, 1973. He requested that his wife meet him at the airport.

At approximately 9:25 pm, May 29, 1973, Leesa Jo Shaner left the Miller residence, driving a 1972 American Motors Javelin, the property of her father, en route to the Tucson International Airport.

At approximately 10:30 pm, Miller received a telephone call from Gary Shaner wherein he inquired as to the whereabouts of his wife, as she had not met him at the airport. Shaner was informed by Leesa's mother that she should have arrived there in sufficient time to meet the airplane and it was agreed that Agent Miller would drive to the airport to pick up Airman Shaner and, while en route, look for Leesa, assuming that she had tire or engine trouble with the Javelin.

Agent Miller did not observe the vehicle or his daughter en route to the airport. Additional observations of alternate routes to the airport by other family members also did not result in locating Leesa or the Javelin. Later that evening, Agent Miller located the Javelin in the airport parking lot. A search of the vehicle revealed that Leesa's purse containing identification and money was on the rear seat of the automobile. The keys for the vehicle were not found at the scene, nor was the ticket dispensed by the parking lot entrance gate patrol located.

UNKNOWN SUBJECT;
LEESA JO SHANER, NEE MILLER - VICTIM (DECEASED)

Investigation at the airport revealed that no one observed Leesa enter the terminal building and no one was located who observed any altercation in the parking lot at the approximate time when Leesa would have been parking her vehicle.

Shaner's disappearance generated wide-spread public interest in the Tucson metropolitan area, as well as the Phoenix metropolitan area. In this connection, local wire services had made it known in their press articles that the victim was the daughter of a Special Agent of the FBI assigned to the Tucson Resident Agency. The FBI received many calls from the public.

At approximately 10:30 pm, May 29, 1973, which would have been roughly 45 minutes after her arrival at the Tucson International Airport, [redacted] Tucson, Arizona, whose residence is located a short distance south of the airport and en route to Nogales, Arizona, was standing near a group of oleander bushes near her residence and overheard screams emanating from a vehicle approximately 30 feet away. [redacted] observed two males and a female whose description generally matched that of Leesa Jo Shaner. In addition, [redacted] provided a detailed description of the female's clothing, which closely resembled that worn by the victim on the evening of May 29, 1973. She overheard the female scream "Mother. Mother. Don't kill me. Don't kill me." She observed that one of the two male occupants of the vehicle ran after the woman who was attempting to escape from the vehicle and, after catching her, he was observed to beat her about her body and throw her back into the car. The vehicle, which she described as a late model, was then observed to drive away and proceed south toward Nogales, Arizona.

b6
b7c

An extensive investigation was conducted into Shaner's background, both here in the United States and by the Office of Special Investigations of the United States Air Force at Okinawa, where her husband was previously assigned. All information developed indicated that there was no instability or unusual emotional behavior on the part of Shaner which would be reason for her to voluntarily disappear. Shaner returned to the United States three months before for the express purpose of giving birth to her second child in the Tucson area, with the understanding that she would be joined by her husband after his discharge from the United States Air Force. All personal belongings, including approximately \$600.00, remained behind at the Miller residence when she departed for the airport to meet her husband, which would also tend to negate any intentions of voluntarily disappearing.

Special Agent James A. Miller, since his assignment to the Tucson Resident Agency, had been assigned primarily to bank robbery matters and, in addition, had been involved in several

UNKNOWN SUBJECT;
LEESA JO SHANER, NEE MILLER - VICTIM (DECEASED)

organized crime investigations in the Tucson area. As an intricate part of this investigation, the possibility was explored as to whether or not any of the subjects whom Special Agent Miller had arrested or been primarily responsible for their incarceration as either a bank robbery suspect or in an organized crime matter, may have obtained his name and address and attempt either a possible extortion or kidnapping, which would result in a demand upon either the FBI or Special Agent Miller. Any possible act of retribution against Special Agent Miller emanating from any of the cases that he had previously handled was explored and it was determined that this was not the case.

On September 16, 1973, the remains of Leesa Jo Shaner were discovered in a shallow grave in a remote section of the military reservation known as Fort Huachuca, Arizona. The location of the grave was in such a remote area that it would lead to a logical conclusion that the individual or individuals burying the body had to be familiar with the post. Additionally, Fort Huachuca has manned gates and the guards check vehicles that would have gone in to determine if they have Fort Huachuca stickers. Extensive investigation was conducted at Fort Huachuca, however, no positive information was developed.

Since May 29, 1973, the Phoenix Division of the FBI has continued to investigate this matter on a priority basis. Thousands of leads have been covered and will continue to be covered until this matter comes to a logical conclusion.

The United States Attorney's Office at Tucson, Arizona, advised they have no objections to the publicity which would be generated by airing this matter on the NBC Television series "Unsolved Mysteries."

"UNSOLVED MYSTERIES" - "JACK THE RIPPER"
COSGROVE-MEURER PRODUCTIONS, INC.
LOS ANGELES, CALIFORNIA
10/26/88

For the information of LEGAT, London, this year marks the 100-year anniversary of the infamous "Jack the Ripper" serial murder case. While this case was never solved, there were many theories regarding the identity of this sadistic killer. Cosgrove-Meurer Productions, Inc., produces a very popular television program titled "Unsolved Mysteries." The FBI has assisted this program by providing unsolved crimes of violence in the hope that citizens watching the program may have information relative to the crime.

Cosgrove-Meurer Productions has scheduled a one-hour television special this fall relative to the Jack the Ripper case. SSA JOHN E. DOUGLAS, Training Division's Behavioral Science Investigative Support Unit (BSISU) was requested to prepare a crime analysis and an offender profile after being furnished investigative background information. Much of the program will include on-site interviews in London surrounding the entire police investigative efforts 100 years ago.

This program is scheduled to be aired live on 10/26/88, from Los Angeles, California, and will either be on local television in England on instant date or be a delayed-broadcast.

If additional information is essential, LEGAT, London, should contact SSA JOHN E. DOUGLAS, FBI Academy, BSISU.

Dear Mr. Sessions,

On behalf of everyone at "Unsolved Mysteries", we want to take this opportunity to thank you and your colleagues at the FBI for the cooperation we've enjoyed over the past year.

We're delighted that we've been able to help solve sixteen cases and bring fifteen fugitives to justice. Needless to say, the superlative efforts of FBI agents and staff played a major role in this record of success.

We're all looking forward to another year of working together.

Best Regards,

Dear [Redacted]:

I wanted to express my personal congratulations on the recent success of "Unsolved Mysteries." The capture of Joseph Arlin Shepherd illustrates how effective programs like yours can be.

I have attached a new Identification Order card on "Top Ten" fugitive Donald Eugene Webb. I thought you would like to know that our Laboratory and Criminal Investigative Divisions updated his photographs by using new equipment that can age a person. I thought you may want to consider a story on the ways which law enforcement is combining the fields of physiology and computer sciences to age fugitives or missing persons. Possibly, Webb could be the case example to help illustrate the new process.

WILLIAM LEWIS SHELTON,
also known as Bill Shelton,
William Street,
Gary Coe - FUGITIVE;
BANK FRAUD AND EMBEZZLEMENT

William Lewis Shelton is the former Branch Manager of Jefferson Federal Savings and Loan, Hoover Branch, Birmingham, Alabama. On November 5, 1984, Shelton telephonically contacted a fellow employee and advised that he was going to the doctor and would be late reporting for work. Shelton never returned to work and Jefferson Federal Savings and loan officials notified the Birmingham Office, Federal Bureau of Investigation (FBI), of his disappearance on November 9, 1984. At that time, Jefferson Federal officials had conducted a preliminary audit and determined that Shelton had embezzled money from Jefferson Federal by creating fraudulent loans for valid customers as well as fictitious ones. The loss to Jefferson Federal is approximately \$500,000. Shelton's whereabouts are unknown.

Shelton's automobile, located at the Birmingham airport on November 19, 1984, contained a "long-term parking ticket" indicating that he entered the parking area at 9:00 am on November 5, 1984. Record checks with the airlines have failed to disclose any departing passenger that date utilizing the name William Shelton or Bill Street. Checks with the rental car agencies have also been negative. Hence, it is not known under what name Shelton departed Birmingham or what his destination was.

On November 14, 1984, an arrest warrant, based on criminal complaint, was filed by United States Magistrate, Northern District of Alabama, Birmingham, charging Shelton with violation of Title 18, USC, Section 657.

ENCLOSURE

WILLIAM LEWIS SHELTON

All attempts to located William Lewis Shelton after his disappearance on November 5, 1984, proved negative.

On March 6, 1986, [redacted] stated that in 1973 and 1974, the subject spent approximately six (6) months in Colombia living with the [redacted] family in Alvaro, Colombia. [redacted] stated that since the completion of the exchange visit, the [redacted] family had been in frequent contact with the subject through written correspondence and through visits by family members in the United States. [redacted] stated the [redacted] considered the subject to be almost another son to them. [redacted] stated that [redacted] have not bee in contact with [redacted] for at least five (5) years. This exchange program was instituted in the early 1970's as a sister city program between Winston-Salem, North Carolina, and Alvaro, Colombia, and was terminated due to political problems in Colombia in the late 1970's. [redacted], who was on the [redacted], stated that there are no records kept today which would indicate specific dates of travel or the specific address of the [redacted] family in Colombia. [redacted] does not know the address of the [redacted] family in Colombia.

Based on Shelton's continued status as a fugitive and the Federal statute of limitations was expiring concerning charges surrounding the embezzlement to Jefferson Federal Savings and Loan in Birmingham, Alabama, Shelton was indicted in April, 1988, on 31 counts of violating Title 18, USC, 657.

b6

Jefferson Federal Hoover branch manager missing

By Andrew Kilpatrick
Post-Herald Reporter

A search is under way for the manager of the Hoover branch of Jefferson Federal Savings and Loan Association, who has been missing for more than a week.

Law-enforcement officials said yesterday the FBI is investigating the disappearance of Bill Shelton and trying to determine if any money is missing from the bank.

"He's missing. That's true," said Jefferson Federal President Brooks Yeilding. "We haven't been able to determine anything so far."

Yeilding said he doesn't think any money is missing from the branch office at 1004 Montgomery Highway. But he said accountants are going through all of Shelton's transactions.

FBI agents would not be involved in the case if there were not some question about whether money from the bank is missing, officials said.

Otherwise it would be investigated by local authorities as a missing person case.

Birmingham police are investigating the incident as a missing person case, said Sgt. Sue Boggan of the missing persons bureau.

Officials said the matter has been under investigation by the FBI since last Friday, but FBI spokesman Tom Moore said he could not say anything about the case.

Yeilding said Shelton, who has worked for Jefferson Federal about seven years, called the Hoover branch office a week ago Monday and said he was "going to the doctor" and wouldn't be in, that he'd be back later.

Since then, there has been no word from Shelton, Yeilding said yesterday.

He said Shelton, who lives at 1016-D 42nd St. South, is single and about 30 years old.

His roommate told authorities he has not seen Shelton since last Monday, Yeilding said.

Sgt. Boggan said the matter was reported to police Nov. 7 by Shelton's roommate, who thought Shelton may have been depressed and suffering from a drinking problem.

Shelton's disappearance was also reported by Jefferson Federal officials.

Sgt. Boggan said Shelton recently told a neighbor he needed to get away.

She said police investigators think Shelton may have checked into a rehabilitation center, but haven't been able to determine that since access to records is denied unless foul play is suspected.

She said there's no reason to suspect foul play.

Shelton's roommate, also a banker, refused to discuss the matter.

Bank manager missing; police search stymied

By Michael Jennings
News staff writer.

Birmingham police are stymied in their search for the manager of the Hoover branch of the Jefferson Federal Savings and Loan Association, who has been missing since Nov. 5.

William Shelton, of 1016 42nd St. South, was reported missing by his roommate Nov. 7, according to Sgt. Sue Boggan of the Birmingham Police Department's missing persons bureau. She said the roommate told police he had not seen Shelton since Monday of last week.

Sgt. Boggan said the roommate told police that Shelton had a drinking problem and that he seemed depressed when he left for work on the day of his disappearance. A neighbor told police that Shelton had said he "needed to go away for a little while," Sgt. Boggan said.

She said police investigators think Shelton might have checked into a rehabilitation clinic. But "we can't get that information verified" because clinics won't identify patients "unless we have pretty strong evidence that it's a foul-play situation," she said.

Jefferson Federal President Brooks Yeilding III said that, early last week, Shelton called the Hoover branch at 1004 Montgomery Highway and said he was going to the doctor.

When nothing further was heard from Shelton, bank officers filed a missing person report, he said.

"But we have not gone any further than that," added Yeilding, who said there was no indication that any money was missing from the bank. He said that as a routine measure, all the branch accounts are being audited and that will take some time.

Cecil Moses, special agent in charge of the Birmingham office of the Federal Bureau of Investigation, said Tuesday he could neither confirm nor deny a published report that the FBI is investigating Shelton's disappearance and trying to find if any money is missing from the bank.

"I'm aware of the missing person report filed with the local authorities," Moses said. "We're certainly monitoring and following those developments."

Sgt. Boggan said FBI agents hadn't told her they were looking into the case. "Normally if they're involved in one of our cases, they'll definitely let us know," she said.

Shelton's roommate, who said he is an accountant but declined to be further identified, refused to comment on Shelton's disappearance.

S&L manager charged with embezzlement

By **Michael Jennings**
News staff writer

A savings and loan association's Hoover branch manager, who has been missing since Nov. 5, is now being sought by the FBI on embezzlement charges.

FBI agents Wednesday obtained a federal warrant charging William Shelton, 27, of 1016-D 42nd St. South, with two counts of embezzling money from the Jefferson Federal Savings and Loan Association's branch office at 1004 Montgomery Highway, FBI special agent Tom Moore said.

He said auditors have found evidence that Shelton set up two phony loans in bank clients' names without the clients' knowledge, and took the loan proceeds himself. Moore said the amount of money missing has not yet been determined, "but it is in the six-figure range."

Jefferson Federal President Brooks Yeilding III said Wednesday that diversions of funds into phony loans "appear to have occurred over the past several months" at the Hoover branch.

He said auditors are checking all the accounts Shelton handled for the association. The two accounts mentioned by Moore are "the only ones that we've verified so far" as being phony, Yeilding said.

There are only a few accounts that give any cause for suspicion, but "until we check each one out and verify it with the alleged customer, we don't know which ones are legitimate and which ones are not," he said.

All clients' accounts are protected by the Federal Savings and Loan Insurance Corp., Yeilding noted. The FSLIC protection makes embezzlement of savings and loan funds a federal offense.

Moore said Shelton went to work for Jef-

"As far as we could tell, (he was) very dependable, very meticulous and very well-liked by customers, and we really had no reason to have any complaints against him or doubt anything that he was doing," Yeilding said.

He said Shelton came to Birmingham from North Carolina so that his wife could take medical training at the University of Alabama in Birmingham. The couple since divorced, he said.

Before his disappearance, Shelton was living with a male roommate, who made a missing person report to Birmingham police last week.

Moore said Jefferson Federal officials notified FBI agents last Friday that Shelton was missing and that his accounts were being audited. Agents obtained the warrant for Shelton from U.S. Magistrate Edwin L. Nelson Wednesday afternoon, Moore said.

Moore said the sort of embezzlement Shelton is suspected of committing is "pretty commonplace" in financial institutions throughout the United States.

Bank officials who carry out such schemes are "invariably detected sooner or later" through an audit or a security check, he said.

But they may not be detected in the short run, he said. That is because the loan payments are coming in on schedule, although they're being made by a bank employee rather than the client named in loan documents, Moore said.

Moore said Shelton is 5 feet 10 inches tall and weighs 160 pounds. He said

Audit shows \$500,000 embezzled

Examination of Jefferson Federal account books continues

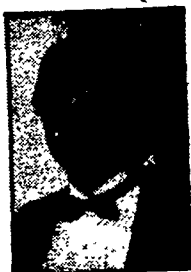

By Andrew Kilpatrick
Post-Herald Reporter

Auditors reviewing accounts following the disappearance of a Jefferson Federal Savings and Loan Association branch manager have discovered more than \$500,000 missing from the firm, a source said.

FBI spokesman Tom Moore said yesterday he could not confirm that figure, but said the amount exceeds \$200,000.

Jefferson Federal executives said they don't have a final figure yet on exactly how much money is missing.

However, they said they expect the total to be more than the \$200,000 that Brooks Yeilding, Jefferson Federal president, had earlier said was missing.

Bill Shelton

"I still haven't gotten confirmation on it. I just don't have any comment on it," Yeilding said yesterday.

Bill Shelton, 27, of 1016-D 42nd St. South, who has been charged with embezzlement, has been missing for almost a month.

Last week, Shelton's 1985 Oldsmobile Regency 98 was found at Birmingham Municipal Airport.

The car was searched after federal authorities obtained a warrant, Moore said.

He said FBI agents found a parking stub indicating the car was left in the airport parking deck at 9 a.m. Nov. 5.

Moore said a flight left shortly thereafter from Birmingham via Atlanta to Greensboro, N.C.

"Our investigation is concentrated in the North Carolina area, in the Greensboro, the Charlotte and Winston-Salem areas," Moore said.

Shelton's parents live in Winston-Salem,

but Moore refused to release their names. Shelton has been missing since Nov. 5 when he called his office saying he was going to a doctor.

Two false loans amounting to more than \$100,000 were found shortly thereafter in a check of Jefferson Federal's records, leading federal authorities to charge Shelton with two counts of embezzlement.

"The phony loan problem seems to be the main problem, but we are checking everything," Yeilding has said.

It's the first time in the 75-year history of Jefferson Federal that any employee has been accused of embezzling.

Yeilding said auditors have determined at least two loans were listed as made to customers who had other loans with the firm, but the customers had no knowledge of the loans.

Checks are continuing to be made for other possible phony loans.

Money invested at savings and loan companies is insured by the Federal Savings and

Loan Insurance Corporation for up to \$100,000 on each account.

Shelton went to work for Jefferson Federal in 1978. He began as a management trainee, then managed the Midfield branch

before taking over the Hoover branch several years ago.

The maximum penalty for conviction of embezzlement is five years in prison and/or a \$5,000 fine on each count, FBI agents said.

FBI Seeks Former Local Resident In Embezzlement Case in Alabama

From Staff and Wire Reports

BIRMINGHAM, Ala. — A missing savings and loan branch manager charged with embezzlement may be hiding in Winston-Salem, N.C., the FBI said Friday.

FBI spokesman Tom Moore said information that investigators found in William L. Shelton's car indicated that he may be in North Carolina.

Shelton's father, who lives in Winston-Salem, said yesterday that he was aware of the charges against his son and had been contacted by the FBI. He said that he had not talked to his son recently and declined further comment.

Shelton, 27, was reported missing Nov. 7 by his roommate, who told police that Shelton had a drinking problem and had been depressed.

The missing-person investigation shifted gears when it was discovered

that at least \$200,000 had been embezzled from the Jefferson Federal Savings and Loan office that Shelton managed.

Moore said that investigators later determined that the amount embezzled was "significantly" more than \$200,000. He said that the amount was "still in the six-figure range," but he didn't know how high the final total would be.

Brooks Yielding, Jefferson Federal president, said that he would not discuss the amount of money embezzled while an audit was still going on. He said that he didn't know when the audit would be completed.

State and federal authorities found Shelton's 1985 Oldsmobile parked at the Birmingham airport last week. After obtaining a search warrant, they went through the car and found a parking stub marked 9 a.m., Nov. 5.

"We did some checking and found that there is a flight to Atlanta and then Charlotte shortly thereafter," Moore said. "We don't know if he was on it. But knowing that he has family in that state, we are placing our emphasis on the idea that he is there."

Moore said that the FBI was searching for Shelton in Winston-Salem, Charlotte and Greensboro.

He said that Shelton was charged with embezzlement after auditors discovered evidence that he set up two phony loans in the names of savings and loan clients without their knowledge and took the money himself.

Robert Pence, who is in charge of the FBI's North Carolina operations, said that his office was responding to a request for help from the Birmingham FBI office. But he declined to give details of the investigation.

S&L audit ends; \$400,000 missing

By Andrew Kilpatrick
Post-Herald Reporter

An audit of transactions by a missing Jefferson Federal Savings and Loan Association branch manager is virtually complete and shows "a little more than \$400,000" missing, according to Brooks Yeilding, president of the financial institution.

Bill Shelton, 27, who resided at 1016-D 42nd St. S., did not report to work at the Hoover branch of the savings and loan on Nov. 5.

Shelton, originally of Winston-Salem, N.C., has not been seen since. He has been charged with embezzlement.

Yeilding said yesterday the audit shows the money is missing from the Hoover branch. He said the money was allegedly removed by writing phony loans to customers who never received the money.

The savings and loan will recover about 95 percent of the missing funds from a bonding company, he said. "It will probably be the bonding company that will find him," Yeilding added.

Yeilding said the savings and loan will owe a deductible on the insurance policy of less than \$20,000 on the loss.

Meanwhile, FBI spokesman Tom Moore said yesterday there is nothing new to report on the case.

Shelton has been charged with embezzlement in connection with two missing loans that amount to more than \$100,000, FBI officials say.

Shortly after Shelton disappeared, his 1985 Oldsmobile Regency was found at the Birmingham Municipal Airport and a parking stub found in the car indicated it was left there at 9 a.m. Nov. 5, Moore said.

Moore said a flight left shortly thereafter to Atlanta and went on to Greensboro, N.C.

"Our investigation is concentrated in the North Carolina area, in the Greensboro, the Charlotte and Winston-Salem areas," Moore has said.

Winston-Salem is included in the search area because Shelton's parents live there, but Moore declined to identify them.

It's the first time in the 75-year history of the savings and loan that any employee has been accused of embezzling money.

Jefferson Federal has about 200 employees and assets of more than \$600 million.

Shelton went to work for Jefferson Federal in 1978. He began as a management trainee, then managed the Midfield branch before taking over the Hoover branch several years ago.

William Shelton, a fugitive since last fall, still sought by FBI

William Shelton became a fugitive in the fall of 1984. Since November of that year, federal authorities have searched from North Carolina to Mexico for the 28-year-old banker accused of embezzling as much as \$430,000 from the Hoover branch of Jefferson Federal Savings and Loan Association where he worked as branch manager for about three years.

"The investigation has simply become a fugitive man-hunt," said Cecil Moses, special agent in charge of the FBI office in Birmingham.

"The first phase of the investigation is long since over," he said. It ended in November 1984 when FBI agents charged Shelton with two counts of embezzling money after auditors said they found evidence he had set up two phony loans in

bank clients' names, without the clients' knowledge, and had taken the money himself.

Shelton had worked for Jefferson Federal since September 1978 when he began as a management trainee. Investigators said he managed Jefferson Federal's Midfield office before taking over the Hoover branch.

His disappearance and the subsequent embezzlement charges took co-workers and acquaintances — who described Shelton with adjectives such as "dependable, dedicated, conscientious" — by surprise.

A neighbor at the 1016 42nd St. South apartment building where Shelton lived said he knew him as a "pretty quiet" person who kept to himself.

"He appeared to be very dedicated to his job," Douglas Centeno said. In the year and a half that Centeno and Shelton lived at the apartment building, Centeno said they probably socialized only once or twice. "I guess I knew him

Moses said Shelton had at one time been married, but since the divorce he had led "a very sheltered life." Although Shelton and another man shared the Southside apartment, Moses said there is no indication the roommate had any knowledge of the embezzlement.

Jefferson Federal President Brooks Yielding said at the time of Shelton's disappearance that the manager had appeared "dependable, very meticulous and very well-liked by customers," and that bank officials "really had no reason to have any complaints against him or doubt anything he was doing."

Last week Yielding said the S&L had "made a few access changes" on its computer, and had begun "spot checking" and following up transactions to make sure they are authentic.

The embezzlement was recently covered by the S&L's

bonding company, Yielding said.

Moses said the bonding company also recently increased its reward from \$1,000 to \$5,000 for information leading to Shelton's arrest. He said Jefferson Federal has also said it would pay a reward, although no amount has been given.

"We're concentrating efforts now on finding him and bringing him in for trial," Moses said.

Leads have been scarce, and the FBI hasn't ruled out the possibility that Shelton has fled the country. Because tips at one point led investigators to Dallas, the FBI has looked for Shelton in Mexico. "You kind of assume that if they travel to Texas, they might have gone farther south," Moses said.

The FBI first looked to North Carolina, where Shelton's parents live, "but we have no indication of any contact with the family," Moses said.

Former savings, loan official indicted on larceny charges

A former Hoover savings and loan manager who has been missing for almost four years and is suspected of embezzling \$450,000 was indicted yesterday on 31 counts of larceny.

William B. Shelton, 31, formerly of Birmingham, disappeared in November 1984, after calling the Hoover branch of the Jefferson Federal Savings and Loan Association, and saying he was "going to the doctor."

He faces a maximum penalty of five years in prison and a \$5,000 fine on each count, said U.S. District Attorney Frank Donaldson.

Donaldson said Assistant U.S. Attorney John E. Ott has been assigned the case.

"We had it all ready to go and decided to just go ahead with it," Donaldson said of the reasons for issuing the indictment.

He said that by making the case public again, it may flush out people who know

of Shelton's whereabouts. "Someone may recognize the fugitive and report it. That's happened before," Donaldson said.

The FBI issued an arrest warrant for Shelton on Nov. 14, 1984. Shelton went to work for Jefferson Federal in 1978 as a management trainee. Later, he managed the Midfield branch before taking over the Hoover branch.

For information of FBIHQ, the individual responsible for these six robberies in East Tennessee is also believed responsible for at least one additional robbery that occurred 2/14/86 at the FIRST CITIZENS BANK AND TRUST COMPANY, 1417 Patton Avenue, Asheville, North Carolina.

The normal modus operandi for the unknown subject is to contact a local resident who has advertised a vehicle for sale in the local newspaper or bargain mart-type publication. He will arrive at the residence on foot and alone, introduce himself as ALLEN (last name not given), and engage the seller in small talk. He will gain the confidence of the seller, who will eventually allow him to take the vehicle for a test drive alone, ostensibly to have a mechanic look at the car. He will then, or within one day, use this vehicle in a bank robbery as a getaway car. The car will be left a short distance from the bank, normally in a crowded parking lot. On one occasion, it was believed that a female accomplice was waiting for him in an older Dodge pickup truck, green in color, with a full aluminum camper top, bearing a Tennessee license plate.

In five of the six robberies, the unknown subject entered the bank between 10:30 a.m. and 1:30 p.m. on a Friday. He approached the teller, advised that he wished to make a withdrawal and then gave the teller a note written on yellow legal paper in red ink block-style letters which stated something to the effect, "No red dye, \$100's, \$50's and \$20's only, no alarms." The notes were always retained by the robber. After examining the money, he would calmly exit the bank, sometimes exchanging pleasantries with other tellers. On one occasion, he obtained a dye pack, which activated outside the bank, and all funds were recovered.

KX 66-33C

The enclosed photographs are considered excellent photographs of the unknown subject. No identification has been forthcoming, even though extensive media coverage has been afforded this matter. Unknown subject has obtained approximately \$20,000 in funds and has not committed any acts of violence during the commission of these robberies.

If further information is needed, FBIHQ should contact SA , Media Representative for the Knoxville Office.

Subsequent investigation by the FBI determined that the robbery of the Wells Fargo terminal was planned and supported by Ejercito Popular Boricua (EPB)-Macheteros, the clandestine Puerto Rican terrorist group responsible for the 10/20/83 rocket attack on the FBI Office in San Juan, Puerto Rico. Investigation further revealed that members of the Macheteros, including NORBERTO GONZALEZ CLAUDIO, were involved in the transporting of stolen Wells Fargo money to Mexico following the 9/12/83 robbery. Portions of the Wells Fargo money ultimately ended up in Cuba with Top Ten Fugitive VICTOR MANUEL GERENA.

On 10/19/84, the Macheteros left a communique in a public area which advised that the Macheteros were responsible for the robbery of approximately seven million dollars from Wells Fargo Services, Inc., West Hartford, Connecticut. They advised that their comrade, VICTOR MANUEL GERENA, had done an outstanding job and that he was currently in good health and committed to the struggle for Puerto Rican independence. They claimed the robbery of seven million dollars from the American imperialists was an example of their ability to fight to regain their liberty from the United States.

NORBERTO GONZALEZ CLAUDIO was indicted by the Federal Grand Jury, Hartford, Connecticut, on 8/23/85 and charged with violation of Title 18, U.S. Code, Section 1951, Obstruction of Commerce by Robbery; Conspiracy. A warrant was issued the same date in Hartford, Connecticut. In a superseding indictment, NORBERTO GONZALEZ CLAUDIO was indicted by a Federal Grand Jury in New Haven, Connecticut, on 3/21/86 and charged with violation of Title 18, U.S. Code, Section 2113(a) 2, Robbery of Federally Insured Bank Funds; Section 2113(d) and 2, Aggravated Robbery of Federally Insured Bank Funds; Section 659 and 2, Theft from Interstate Shipment; Section 2314 and 2, Foreign and Interstate Transportation of Stolen Money; Section 1951, Conspiracy to Interfere with Commerce by Robbery; Section 371, Conspiracy to Rob Federally Insured Bank Funds to Commit a Theft from Interstate Shipment, and to Transport Stolen Money in Interstate and Foreign commerce.

NORBERTO GONZALEZ CLAUDIO was born on [redacted] in [redacted] [redacted], Puerto Rico, and he resided at [redacted] [redacted], Puerto Rico, with [redacted]. He had no known occupation in Puerto Rico but he was a member of the clandestine Puerto Rican terrorist organization, EPB-Macheteros. Investigation by the FBI in San Juan, Puerto Rico, has established that NORBERTO GONZALEZ CLAUDIO has been a member of the Macheteros since at least 1981 and probably for several years prior. NORBERTO GONZALEZ CLAUDIO's continued leadership role was further established by physical surveillances of him in Puerto Rico from January to May, 1984, when he was observed to attend meetings of the Directive Committee. His position as a member of the Directive Committee for the last five years makes it reasonable to conclude that NORBERTO GONZALEZ CLAUDIO was fully aware of and approved of the Wells Fargo robbery in West Hartford, Connecticut, on 9/12/83.

b6
b7c

Information developed in Puerto Rico by the FBI indicates that NORBERTO GONZALEZ CLAUDIO may reside on the island of Curacao with his brother, AVELINO GONZALEZ CLAUDIO (also a Wellrob fugitive).

On 10/30/83, a Light Anti-Tank Weapon (LAW) rocket was fired at the United States Federal Building in Hato Rey, Puerto Rico. This attack was claimed by the Macheteros. The getaway vehicle used by the two males who fired the rocket was purchased under a false name by a male matching the description of NORBERTO GONZALEZ CLAUDIO. One of the males who is believed to have used the vehicle and whose fingerprint was found on it is AVELINO GONZALEZ CLAUDIO, brother of NORBERTO GONZALEZ CLAUDIO.

On 1/25/85, a second LAW rocket was fired at the United States Courthouse and Post Office Building in Old San Juan, Puerto Rico. Responsibility for this act was claimed by the faction of the Macheteros to which NORBERTO and his brother, AVELINO GONZALEZ CLAUDIO, belonged. Latent fingerprints of AVELINO GONZALEZ CLAUDIO were found on the expended rocket casing which was left at the crime scene. NORBERTO GONZALEZ CLAUDIO's position of authority in the Macheteros and his close relationship to his brother, AVELINO GONZALEZ CLAUDIO, make it reasonable to conclude that he was involved in or at least had prior knowledge of the rocket attacks.

AVELINO GONZALEZ CLAUDIO, aka FUGITIVE(A);
WF #530;

INTERSTATE TRANSPORTATION OF STOLEN PROPERTY(A);

On 9/12/83, VICTOR MANUEL GERENA, employed as an armed guard for Wells Fargo Armored Car Service (Wells Fargo), West Hartford, Connecticut terminal, disarmed two fellow Wells Fargo guards and made off with approximately \$7.2 million in U.S. currency from the Wells Fargo terminal.

Subsequent investigation by the FBI determined that the robbery of the Wells Fargo terminal was planned and supported by Ejercito Popular Boricua (EPB)-Macheteros, the clandestine Puerto Rican terrorist group responsible for the 10/30/83 rocket attack on FBI Office in San Juan, Puerto Rico. Investigation further revealed that members of the Macheteros, including AVELINO GONZALEZ CLAUDIO, were involved in the transporting of stolen Wells Fargo money to Mexico following the 9/12/83 robbery. Portions of the Wells Fargo money ultimately ended up in Cuba with Top Ten Fugitive VICTOR MANUEL GERENA.

On 10/19/84, the Macheteros left a communique in a public area which advised that the Macheteros were responsible for the robbery of approximately seven million dollars from Wells Fargo Services, Inc., West Hartford, Connecticut. They advised that their comrade, VICTOR MANUEL GERENA, had done an outstanding job and that he was currently in good health and committed to the struggle for Puerto Rican independence. They claimed the robbery of seven million dollars from the American imperialists was an example of their ability to fight to regain their liberty from the United States.

AVELINO GONZALEZ CLAUDIO was indicted by the Federal Grand Jury, Hartford, Connecticut, on 8/23/85 and charged with violation of Title 18, U.S. Code, Section 1951, Obstruction of Commerce by Robbery; Conspiracy. An arrest warrant was issued the same date in Hartford, Connecticut. In a superseding indictment, AVELINO GONZALEZ CLAUDIO was indicted by the Federal Grand Jury in New Haven, Connecticut, on 3/31/86 and charged with violation of Title 18, United States Code, Section 2113(d) and 2, Aggravated Robbery of Federally Insured Bank Funds; Section 659 and 2, Theft from Interstate Shipment; Section 2314 and 2, Foreign and Interstate Transportation of Stolen Money; Section 1951, Conspiracy to Rob Federally Insured Bank Funds, to Commit a Theft from Interstate Shipment, and to Transport Stolen Money in Interstate and Foreign Commerce.

AVELINO GONZALEZ CLAUDIO was born on [redacted] in [redacted] [redacted], Puerto Rico, and lived at [redacted] [redacted], Puerto Rico. He claimed to manage the Talleres Alborada Print Shop but he is actually a paid member of the Macheteros and a member of the Directive Committee in that organization. This terrorist organization has claimed responsibility for armed robberies and terrorists bombings.

b6
b7C

AVELINO GONZALEZ CLAUDIO was considered a suspect in Mira bombings in New York in the 1970s and a cooperating witness, [redacted], advised that AVELINO GONZALEZ CLAUDIO participated in a robbery of Banco de Ponce in Puerto Rico on 8/5/77. AVELINO GONZALEZ CLAUDIO was married to [redacted] [redacted] and he claimed to have four children: [redacted] [redacted].

b6
b7C
b7D

AVELINO GONZALEZ CLAUDIO appears to be actively involved in terrorist-related acts in view of the fact that his fingerprints were located on the LAW rocket fired at the Federal Office Building in Old San Juan, Puerto Rico, on 1/25/85. Also, his fingerprints were located on a getaway vehicle used by subjects responsible for firing a LAW rocket at the FBI Office in Hato Rey, Puerto Rico, on 10/30/83. When the LAW rocket projectile was fired at the United States Courthouse and Federal Building, the projectile struck a sixth floor concrete building support pillar and exploded, shattering windows in the Department of Agriculture offices located on that floor and FBI Offices

located on the fifth floor. A Macheteros communique claiming responsibility for this attack stated that, "A bazooka attack against the offices of the FBI located in the Federal Building, Hato Rey, Puerto Rico, had been executed in retaliation for the American invasion of Grenada."

Pursuant to the execution of a search warrant at the residence of AVELINO GONZALEZ CLAUDIO on 8/30/85, items located and seized at his residence included terrorist literature, disguises, weapons and bomb-making paraphernalia.

AVELINO GONZALEZ CLAUDIO was not located at his residence after his indictment on 8/30/85 and remains a Bureau fugitive. United States passport records for AVELINO GONZALEZ CLAUDIO indicate he arrived in Panama on 8/30/85 (the day of several executions of arrests and searches in Puerto Rico). Information indicates that AVELINO GONZALEZ CLAUDIO has visited Puerto Rico on more than one occasion while disguised and possibly resides on the island of Curacao with his brother, NORBERTO GONZALEZ CLAUDIO, (also a Bureau fugitive).

AVELINO GONZALEZ CLAUDIO was arrested on 4/15/86 in San Juan, Puerto Rico, for assaulting of Police of Puerto Rico (POPR) officer with a rock at a disturbance at the University of Puerto Rico.

AVELINO GONZALEZ CLAUDIO is a known member of the clandestine Puerto Rican terrorist organization known as the EPB-Macheteros which advocates the independence of Puerto Rico through force or violence. Latent fingerprints developed from the LAW rocket fired at the Federal Courthouse in San Juan, Puerto Rico, on 1/25/85 were identical to AVELINO GONZALEZ CLAUDIO. Latent fingerprints developed from the getaway vehicle used by subjects responsible for firing a LAW rocket at the FBI Office in Hato Rey, Puerto Rico, on 10/30/83 were identical to fingerprints of AVELINO GONZALEZ CLAUDIO.

Case #3

UNSUB(S);
TOMAS BERNABE RODRIGUEZ, aka
JEANNOT COLONNA-VICTIM;
GIANNINA COLONNA-VICTIM;
MAY 9, 1974;
KIDNAPPING;
OO:SAN JUAN

On 5/5/74, victims, JEANNOT COLONNA, age 12, and GIANNINA COLONNA, age 11, disappeared from their residence in Luquillo, Puerto Rico. Victims were the only two children of [redacted]. The victims' father was a wealthy real estate owner and developer of various properties in Puerto Rico, many of which are situated in the Luquillo area. On Sunday, 5/5/74, the victims were walking alone en route from their place of residence in Luquillo, Puerto Rico, to the home of a close family friend, TOMAS RODRIGUEZ. The RODRIGUEZ' residence was approximately one mile from the COLONNA residence. The purpose of the visit to the RODRIGUEZ residence was to play with the RODRIGUEZ' children. At approximately 3:30 p.m. that Sunday, the victims' mother found a note attached to the front screen door of her residence. The note was contained in a plain white envelope and both the notations on the envelope and the contents of the note itself were typewritten in red and in the Spanish language. The envelope contained a Spanish message indicating that it should be opened immediately. There was a ransom note inside the envelope demanding a payoff of \$70,000 on 5/12/74 for the safe return of the children.

An intensive investigation was conducted by the POPR and the FBI at San Juan, Puerto Rico, but the perpetrators of the kidnapping and the victims were never found.

On 1/2/75, the police department of Hialeah, Florida, located the body of TOMAS RODRIGUEZ, the intimate friend of the COLONNA family, in his automobile in Hialeah, Florida. Investigation of the crime scene indicated that RODRIGUEZ had died of a bullet wound in the right temple in a possible suicide. There was a suicide note found on the body which partially read as follows: "These two know this case and they know me. I, TOMAS RODRIGUEZ of Luquillo, Puerto Rico, wish to state that I know about the kidnapping of the COLONNA children of Luquillo, Puerto Rico, since the kidnapper of the children knows that I know him and has threatened to kill me and my family if I talk. I am the only one who knows who took them that day. And for fear that they would do something to my family, I left there quickly, without telling anybody, not my own family, not even my wife knows this, nor why I left so quickly. Even when I was here, I called him by telephone because I had business with him. He treated me harshly and told me that nobody can't prove it, and even if I accuse him, he will have time to eliminate me in a matter of minutes since here in Florida he has somebody he can trust who will always know where I am. This monster is [redacted] [redacted] of Bayamon, Puerto Rico...".

b6
b7c

During January, 1975, [redacted] was interviewed and polygraphed. The interview determined that [redacted] was not involved in the kidnapping and had no knowledge as to victims' whereabouts. Further investigation conducted discarded [redacted] as a possible suspect.

During November, 1987, details concerning captioned matter were aired in a local television station at San Juan, Puerto Rico, in a program named OJEDA SIN LIMITES. No positive information as to the whereabouts of the victims or the perpetrator of the crime was discovered as a result of the television program.

b6
b7c

Captioned matter received extensive news media coverage within the island of Puerto Rico, New York and Florida. Investigation at San Juan is recorded in a file containing 21 volumes. Investigation conducted by POPR is also extensively documented. Since the Statute of Limitations expired, POPR has the primary responsibility in investigating captioned matter as a homicide under state laws. FBI, San Juan, offered to furnish POPR with any assistance requested.

On 2/15/88, [redacted] mother of the kidnapped children, was visited by the FBI and POPR and was advised that the Federal Statute of Limitations had expired. POPR would handle captioned matter as a homicide violation and the FBI will provide any required assistance in the matter. COLONNA had no positive information to contribute to captioned matter.

JOSIE MARTINEZ NARVAEZ was a participant in the 5/29/81 robbery of the Consuegra Jewelry Store in Mayaguez, Puerto Rico. The store was robbed of \$320,000 worth of merchandise.

MARTINEZ-NARVAEZ, at the time, owned and operated a jewelry repair shop at Calle McKinley Oeste #25, Mayaguez, Puerto Rico. At the time of the robbery, MARTINEZ-NARVAEZ had business dealings with the Consuegra Jewelry Store. He had also, in the past, worked in the Consuegra Jewelry Store.

MARTINEZ-NARVAEZ provided information prior to the robbery as to the employees and the operation of the Consuegra Jewelry Store.

The gold in the robbery was taken to the residence of [redacted], who was [redacted]. There it was melted down according to white and regular gold. The white gold was sold to an individual in Puerto Rico for \$35,000 cash, the other gold was taken to a business in the jewelry district in New York, which was pointed out by MARTINEZ-NARVAEZ and sold for \$20,000 to \$30,000.

On 5/19/86, MARTINEZ-NARVAEZ was indicted on charges of armed robbery and interstate transportation of stolen property.

Efforts to locate and apprehend MARTINEZ-NARVAEZ at his business and residence were negative and he has subsequently been placed in a fugitive status. All leads in Puerto Rico have been exhausted. It is believed that MARTINEZ-NARVAEZ may have relocated to either New York or Miami.

MARTINEZ-NARVAEZ is described as follows:

SUBJECT: NBC TV SERIES: "UNSOLVED MYSTERIES"

Re Bureau teletype to all field offices, dated 10/31/88.

The following is a summation of four cases to be considered for the television program "Unsolved Mysteries".

There is no objection from local and Federal prosecutors or any other law enforcement agency. However, the cases are still under investigation and based on the possibility of newly developed information, circumstances can change and at that time it might no be advisable to have the case displayed on television. Therefore, before deciding to present any of the following cases to the producers, it is recommended that the Baltimore Division be contacted to insure that all interested parties have no objection to the case being displayed on television.

UNSUBS (2);
NABRA NUMBER 4071;
CAROLYN A. MCCOMAS - VICTIM (DECEASED);
FIRST NATIONAL BANK OF MARYLAND
ROUTE 40 AND LEWIS LANE
HAVRE DE GRACE, MARYLAND,
10/14/86;
BR (A);
OO: BALTIMORE
(BA 91A-15689)

On Tuesday, 10/14/86 at approximately 1:37 p.m., CAROLYN A. MCCOMAS, age 41, white female, employed as the Assistant Manager for the FIRST NATIONAL BANK OF MARYLAND, 739 Revolution Street, Havre de Grace, Maryland, arrived at the First National Bank's Automatic Teller Machine (ATM), located in the northwest corner of the ACME SHOPPING PLAZA, U. S. 40, Havre de Grace, to service the ATM machine. Upon exiting her personally owned vehicle, MCCOMAS, who transports no money, was approached from behind by a white male as she was about to enter the service door of the ATM. According to witnesses, the white male took MCCOMAS around to the front of the ATM machine and stopped at the front door, which is open to the public. They remained there momentarily and then returned to the service door, at which time the first white male followed MCCOMAS into the rear of the ATM. This is the area that allows access to the vault and the night depository. A few minutes later, the white male exited the service door of the ATM alone and calmly walked in a westerly direction through the Acme Plaza parking lot and then onto Route 40, which parallels the plaza. Upon exiting the ATM, he was wearing a bright yellow glove on his left hand and carrying a tan colored canvas bag with him. No one observed him entering a vehicle, however, a green service type van with no side or rear windows was

seen in the area roaming around the shopping plaza. The words "Burglar Alarm" or "Burglar Systems" were written in dark script letters on the side of the van.

At 1:37 p.m., same date, that ATM alarm was activated at the Havre de Grace Police Department and the first officer arrived at the ATM at 1:45 p.m. The responding officer was met at the ATM by the branch manager who had also been notified of the alarm. Upon opening the service door of the ATM, MCCOMAS was observed laying face down in a pool of blood; her hands and feet were bound with white nylon ties ("flexcuffs"). MCCOMAS had been shot twice in the back of the head and had been kicked numerous times in the stomach. One of the safes inside the ATM had been opened with the victim's key. On 10/17/86, MCCOMAS died as a result of the gun shot wounds and the injuries sustained during the robbery. The Maryland State Police Laboratory determined that MCCOMAS was shot twice with a .22 caliber long rifle Colt Frontier revolver.

UNSUBS (3);
ARMED ROBBERY OF LOOMIS
ARMORED CARRIER,
BALTIMORE, MARYLAND,
2/25/86;
HOBBS ACT - AC;
OO: BALTIMORE
(BA 192C-133)

At approximately 11:35 a.m., a LOOMIS armored truck, while making both a delivery and pickup at the EQUITABLE BANK, Security Square Mall, Baltimore, Maryland, was robbed of \$609,981 cash. Armored truck backed up to rear door of bank and female courier exited rear of truck, rang bell at bank, and gained admittance to bank. Driver remained in truck. After making coin delivery, courier returned to truck and began loading additional coin on a cart. Two unsubs, who had been waiting in a hallway (fire exit) approximately ten feet from truck, approached female courier, grabbed her around the neck, and forced her into the back of the truck. One unsub was armed with an automatic shoulder weapon. Courier was forced to lay face down in truck and unsubs began collecting bags, stating "Take only the big ones." Driver, noticing activity, pulled weapon and told unsubs to stop. Unsub placed automatic weapon to head of female courier and threatened to blow her

head off. Driver put gun down and attempted to drive away. As driver began to pull forward, unsub number three then approached driver, holding a remote control device with antenna, and told driver he would blow the truck up if driver did anything. Two unsubs in back of truck removed nine bank bags containing currency, leaving behind all coin and checks. Unsubs then ran to a 1980, blue and silver Chevrolet Suburban parked on lot, approximately 50 feet from scene. Outside witness observed Suburban leaving lot and obtained license plate number. Suburban recovered approximately three miles from robbery. Baltimore County Police Department Bomb Squad determined device well constructed, but contained no explosives. Step van used to block armored car was reported stolen to Prince Georges County Police Department on 2/22/86. Chevrolet Suburban used as get-a-way vehicle was reported stolen to Laurel, Maryland City Police Department on 12/15/85. Both vehicles and hoax bomb device taken to FBIHQ for processing.

UNSUB(S);
ARMED ROBBERY OF
LOOMIS ARMORED CARRIER,
COLUMBIA, MARYLAND,
7/15/86;
HOBBS ACT - AC;
OO: BALTIMORE
(BA 192C-135)

On 7/15/86 at approximately 9:25 a.m., a LOOMIS armored car making a pick up from the EQUITABLE BANK, Columbia Mall, Columbia, Maryland, was robbed. The armored car arrived at the bank and the guard exited the vehicle and entered the bank for a money pick up. The driver, only remaining crew member, remained in the truck. After picking up two bags from the bank, the guard determined that the truck was no longer parked in front of the bank delivery door, at which time the guard returned to the bank to return the money temporarily for safekeeping and to notify LOOMIS officials. LOOMIS officials instructed him to search the mall parking area for the armored car while they notified the Maryland State Police. The guard then proceeded to the parking lot of the mall and determined that the armored car was located at the north end of the mall. The guard approached the vehicle cautiously and, after entering the vehicle, determined that the driver, a white male, 21 years of age, was fatally wounded in the head and lying inside the

rear of the vehicle. The guard noticed no suspicious individuals or vehicles while making the pick up or after determining the armored truck had been moved. He had not observed any unusual activities during prior stops made by the armored car.

Several witnesses were interviewed and no witnesses are able to positively identify unsub(s) at this time. Tentative audit indicates loss at \$66,000 in cash. One witness indicates possible unsubs occupying a late model Ford product, possibly a Thunderbird or Cougar, silver or light blue, which vehicle was observed in the area where the armored car was recovered. No further details were obtained regarding the sex or race of the unsub(s), although one person was viewed in the car and two persons were observed in the armored carrier at this time.

INVOLVES A LOSS OF \$130,660.00 WHICH WAS TAKEN BY AN UNKNOWN SUBJECT WHO ENTERED THE BANK PRIOR TO ITS OPENING ON NOVEMBER 13, 1987, AND SECRETED HIMSELF INSIDE DURING THE PRE-OPENING SECURITY CHECK. AFTER TWO BANK EMPLOYEES HAD ENTERED THE BANK AND THE VAULT WAS OPENED, THE UNSUB, ARMED WITH A SMALL CALIBER AUTOMATIC PISTOL, CONFRONTED THE TWO EMPLOYEES FORCING THEM INTO THE VAULT. A THIRD EMPLOYEE OBSERVED THE UNSUB IN THE BANK AND IMMEDIATELY CONTACTED THE POLICE DEPARTMENT BUT THE UNSUB HAD DEPARTED PRIOR TO THE POLICE DEPARTMENT'S ARRIVAL. INVESTIGATION REVEALED THE UNSUB HAD GAINED ENTRY THROUGH THE BACK DOOR OF THE BANK BY DRILLING TWO LOCKS AND HAD RENDERED THE ALARM BUTTONS INOPERATIVE BY IMMOBILIZING THEM WITH SUPERGLUE. FOR THE INFORMATION OF THE BUREAU, [REDACTED], COSGROVE-MEURER PRODUCTIONS, HAD PREVIOUSLY BEEN IN CONTACT WITH THE LOS ANGELES DIVISION REGARDING THIS INVESTIGATION AND INDICATED UNSOLVED MYSTERIES MIGHT BE INTERESTED IN AIRING A SHOW REGARDING THIS CASE. FOR THE ADDITIONAL INFORMATION OF FBIHQ, WELLS FARGO BANK HAS INDICATED THEY WOULD RESIST UTILIZING THEIR NAME OR THE ACTUAL BANK LOCATION IN ANY UNSOLVED MYSTERIES PROGRAM.

CALIFORNIA; TUNNEL BURGLARY, AUGUST 22, 1987; OO: LOS ANGELES",
LOS ANGELES FILE NUMBER 91B-34704, BUFILE NUMBER 91-129772. THIS
INVESTIGATION INVOLVES A BANK BURGLARY WHEREIN THE BURGLARS
GAINED ACCESS TO THE BANK'S VAULT BY TUNNELING FROM A LARGE STORM
DRAIN WHICH RUNS BENEATH THE STREET ADJACENT TO THE BANK. THE
BURGLARS CUT AN 18-INCH CIRCULAR HOLE THROUGH THE SIDE OF THE
DRAIN USING A DIAMOND CORE BIT, THEN BEGAN TUNNELING TOWARD THE
BANK. THE HOLE WAS DISGUISED BY A ROUND 18-INCH PIECE OF PLYWOOD
WHICH WAS COVERED OVER WITH MORTAR WHEN THE BURGLARS WERE NOT
PRESENT. THE TUNNEL HAS A PROFESSIONAL APPEARANCE AND MEASURES
APPROXIMATELY FOUR FOOT WIDE BY FIVE AND ONE-HALF HIGH WITH A
FLAT FLOOR. THE TUNNEL EXTENDS 65-70 FEET BENEATH THE VAULT AND
ENTRY INTO THE VAULT WAS ACCOMPLISHED USING THE SAME 18-INCH CORE
BIT TO CUT THROUGH THE VAULT'S FLOOR. THE DIRT WAS HAULED AWAY
USING ATC VEHICLES AND WAS DUMPED DOWNSTREAM IN A BRANCH OF THE
STORM DRAIN. FIVE TELLER BUSES WERE PRYED OPEN AND A TOTAL OF
\$98,570.00 WAS REMOVED BUT THE BURGLARS WERE INTERRUPTED BEFORE
THEY HAD AN OPPORTUNITY TO ATTACK ANY SAFE DEPOSIT BOXES. THE
BURGLARY APPEARS IDENTICAL IN MANY RESPECTS TO THE BURGLARY OF
THE FIRST INTERSTATE BANK, 7700 SUNSET BOULEVARD, HOLLYWOOD,

PAGE FOUR DE LA 0014 UNCLAS

CALIFORNIA, JUNE 6, 1986 THROUGH JUNE 9, 1986, LOS ANGELES FILE NUMBER 91B-32793. LOS ANGELES POLICE DEPARTMENT IS ALSO INVESTIGATING THESE BURGLARIES AND THEY CONCUR IN THE APPROACH TO THE "UNSOLVED MYSTERIES" SHOW REGARDING THE AIRING OF AN RE-ENACTMENT OF THESE BURGLARIES.

"UNSUB(2); JULIE CROSS (DECEASED) - VICTIM; [REDACTED] - VICTIM; SPECIAL AGENTS, U.S. SECRET SERVICE, LOS ANGELES, CALIFORNIA; AFO(B); OO: LOS ANGELES", LOS ANGELES FILE 89-514, BUFILE NUMBER 89-4733. THIS INVESTIGATION RESULTED FROM THE MURDER OF SA JULIE CROSS AND THE ASSAULT OF HER PARTNER, SA [REDACTED] [REDACTED], UNITED STATES SECRET SERVICE, ON JUNE 4, 1980. SA CROSS WAS MURDERED WITH HER OWN SHOTGUN WHICH HAD BEEN FORCIBLY TAKEN FROM HER. SHE AND HER PARTNER WERE ASSAULTED ON OFFICIAL DUTY AT APPROXIMATELY 9:00 P.M. IN A GOVERNMENT VEHICLE. THE ASSAULT WAS COMMITTED BY TWO UNSUB NEGRO MALES. TAKEN AS A RESULT OF THE MURDER AND ASSAULT WERE SA CROSS' SHOTGUN AND SERVICE REVOLVER. SINCE JUNE 4, 1980, NO VIABLE SUSPECTS HAVE BEEN DEVELOPED AND SA CROSS' SHOTGUN AND SERVICE REVOLVER HAVE NOT BEEN RECOVERED. THE FBI HAS INVESTIGATED THIS MATTER IN A LIAISON CAPACITY SINCE SECRET SERVICE REQUESTED LOS ANGELES POLICE DEPARTMENT BE THE

ON AUGUST 28, 1988, TWO WHITE MALES FORCED THEIR WAY INTO THE PRIVATE RESIDENCE OF THE VICTIMS AND HELD THEM AT GUNPOINT UNTIL THE FOLLOWING DAY. ON AUGUST 29, 1988, [REDACTED], WHO WAS EMPLOYED BY THE BANK, WAS INSTRUCTED BY THE UNSUBS TO ENTER THE BANK AS SHE NORMALLY WOULD AND TAKE ALL OF THE CASH IN THE BANK AND PLACE IT IN A LARGE BAG. THE BAG WAS TO BE DELIVERED TO THE UNSUBS WHO WOULD BE WAITING JUST OUTSIDE THE BANK. [REDACTED] WAS TOLD IF SHE DID NOT COMPLY, THE UNSUBS WOULD KILL HER FAMILY. IN ADDITION, A BOMB, LATER FOUND TO BE HOAX DEVICE, WAS ATTACHED TO HER. DURING

INVESTIGATIVE TECHNIQUES.

REFERENCED TELETYPE ADVISED THAT OCPA IN CONJUNCTION WITH NBC TV SERIES "UNSOLVED MYSTERIES" IS PLANNING A POSSIBLE TV SEGMENT INVOLVING NEWARK FILE 88A-12741, ENTITLED "JOANNE CHESIMARD, AKA - FUGITIVE (A); IO NUMBER 4846; UFAC-MURDER; OO: NEWARK".

FOR THE INFORMATION OF THE BUREAU, CAPTIONED FUGITIVE'S CURRENT LOCATION HAS BEEN DETERMINED TO BE HAVANA, CUBA. THIS HAS BEEN VERIFIED THROUGH CONFIDENTIAL AND SENSITIVE INVESTIGATIVE TECHNIQUES AND PUBLIC STATEMENTS MADE BY THE SUBJECT CONCERNING HER EXILED STATUS IN CUBA. AS THE BUREAU IS AWARE, CHESIMARD WAS CONVICTED AND RECEIVED A LIFE SENTENCE FOR THE MURDER OF A NEW JERSEY STATE TROOPER ON 5/2/73. ON 11/2/79, CHESIMARD, WITH THE ASSISTANCE OF OTHER INDIVIDUALS, ESCAPED FROM THE STATE OF NEW JERSEY CORRECTIONAL INSTITUTE FOR WOMEN. ON 11/3/79, DEPARTMENT OF CORRECTIONS REQUESTED FBI UFAC PROCESS WHICH WAS OBTAINED ON SAME DATE VIA AUTHORIZED COMPLAINT FILED IN USDC, DISTRICT OF NEW JERSEY, CHARGING HER WITH VIOLATION OF TITLE 18 USC 1073 UFAC-MURDER. CHESIMARD'S WHEREABOUTS REMAINED UNKNOWN UNTIL STATEMENTS CONCERNING HER LOCATION SURFACED AT THE

PAGE THREE DE NK 0006 UNCLAS

BLACK NATION DAY CONFERENCE IN MARCH, 1985, AT ATLANTA, GA.

SINCE MARCH, 1985, THE FBI HAS MAINTAINED A "LOW KEY" POSTURE IN THE FUGITIVE INVESTIGATION OF CHESIMARD. THE MAIN REASON FOR THIS POSTURE IS THAT ANY UNDUE PUBLICITY BY LAW ENFORCEMENT OF HER CURRENT STATUS AND LOCATION MAY ADVERSELY EFFECT A FUTURE UNDERCOVER SCENARIO REGARDING HER APPREHENSION. ALSO, RECENT INFORMATION DEVELOPED IN THE CHESIMARD INVESTIGATION HAS DETERMINED THAT [REDACTED]

[REDACTED] HAS BEEN IN CONTACT WITH CHESIMARD. ALSO, THE NEW YORK DIVISION HAS DETERMINED THAT [REDACTED] IS PLANNING TO TRAVEL TO AFRICA FOR AN UNKNOWN PERIOD OF TIME IN THE NEAR FUTURE. CHESIMARD HAS MADE STATEMENTS ON PREVIOUS OCCASIONS OF HER DESIRE TO TRAVEL AT SOME FUTURE POINT IN TIME; HOWEVER, ACKNOWLEDGING AT THE SAME TIME THE DANGEROUS NATURE OF ANY TRAVEL OFF OF THE ISLAND OF CUBA.

BASED UPON THE ABOVE INFORMATION, NEWARK DIVISION OPINES AT THIS TIME THAT NO PUBLICITY BE GIVEN REGARDING THE CHESIMARD FUGITIVE INVESTIGATION IN LIGHT OF THE RECENT ACTIVITY REGARDING HER AND [REDACTED] AND ANY FUTURE UC SCENARIO. NEWARK ALSO OPINES

b6
b7C
b7D

PAGE FOUR DE NK 0006 UNCLAS

THAT THIS "LOW KEY" APPROACH TOWARD CHESIMARD WILL ULTIMATELY BE
IN THE BEST INTEREST OF THE FBI'S INVESTIGATION.

IT IS NOTED THAT NEWARK DIVISION CONTACTED THE NEW JERSEY
STATE POLICE (NJSP) ON 12/5/88, REGARDING THE TV SEGMENT AND
CAPTAIN [REDACTED], NJSP ASSISTANT SUPERVISOR, INTELLIGENCE
SERVICES SECTION, WEST TRENTON, NJ, ADVISED THAT THE NJSP CONCURS
WITH THE NEWARK DIVISION'S POSITION ON PROVIDING NO PUBLICITY
REGARDING THE CHESIMARD FUGITIVE INVESTIGATION AT THIS TIME.

OO: OKLAHOMA CITY (192B-136)

During the period 1/25/87 - 8/25/88, an unknown subject has robbed six hardware stores in five states. Two of the robberies have taken place in Oklahoma. The unknown subject is described as a white male, in his mid to late twenties, 6'-6'3" tall, 180-190 pounds, brown hair and eyes. The UNSUB either wears casual clothes or a three piece suit and carries a blue steel revolver. He will usually ask for the store manager and then instruct him to obtain all available cash

in the store. The UNSUB has threatened to kill store employees if his instructions were not followed. To date, no one has been injured. PAYLESS CASHWAYS is offering a reward of up to \$2,000 for any information about the individual responsible for these robberies. The UNSUB in the composite drawing was involved in the robberies in Lewisville, Texas; Edmond, Oklahoma; Wichita, Kansas; and Broken Arrow, Oklahoma.

2. UNSUB;
MENO GUARANTY BANK,
Meno, Oklahoma,
8/27/87;
BR (A);
OO: OKLAHOMA CITY (91A-10326)
3. UNSUB;
FIRST STATE BANK,
Goltry, Oklahoma,
2/18/88;
BR (A);
OO: OKLAHOMA CITY (91A-10363)
4. UNSUB;
ALFALFA COUNTY BANK,
Cherokee, Oklahoma,
6/15/88;
BR (A);
OO: OKLAHOMA CITY (91A-10403)

The UNSUB in these three cases is described as a white male, 40-45 years old, 6'1" to 6'2", 185-190 pounds, muscular build, and dark hair. He has utilized a blue steel automatic in these robberies. UNSUB's method of operation is to go into the bank just prior to closing time and ask to see a loan officer. He then talks with the officer for a few minutes, produces the handgun and announces the robbery. He then gives the bank officer a bag and instructs him to remove money from the vault. The officer then accompanies the robber to the front door. The robber may have an accomplice. In the Goltry robbery, the robber ordered all of the bank employees to get into the vault which he then locked. The employees were released within about one hour.

All of these banks are located in small towns in the northwestern quadrant of Oklahoma. Two of the banks are located in Alfalfa County and one is located in Major County. The banks are within a 30 mile radius of each other.

5. GLENDON JACKSON LITTLE, aka
Glendon J. Little,
Jack Little;
UFAP-MURDER I;
ASSAULT AND BATTERY WITH A
DEADLY WEAPON WITH INTENT
TO KILL;
OO: OKLAHOMA CITY (88A-13076)

On 1/5/84, subject entered the residence of [REDACTED], Midwest City, Oklahoma and shot her boyfriend, CLYDE CRAIGER, in the chest with a .38 or .357 caliber revolver. CRAIGER begged for his life after being shot in the chest and subject then fired two more shots into CRAIGER's right cheek and head. Subject then shot [REDACTED] between the eyes. The bullet deflected and exited from the right neck area. [REDACTED] survived the assault and identified subject as the assailant. On 1/9/84, subject was charged with first degree murder and assault and battery with a deadly weapon with intent to kill. On 1/25/84, a Federal warrant charging subject with unlawful flight to avoid prosecution for murder and assault was issued at Oklahoma City, Oklahoma.

Subject is described as a white male, born 9/8/41, 6', 200 pounds, brown eyes and hair, graying with a bald spot on the top of his head. His Social Security Account Number is [REDACTED] and he was formerly in the U.S. Marine Corps. Subject is an avid hunter and gun collector and has relatives in Tennessee. Subject has worked as an electrician and was previously a union member in Memphis, Tennessee.

SUBJECT: NBC TV SERIES;
"UNSOLVED MYSTERIES"

BUDED: 11/14/88

Re Bureau teletype to all offices, 10/31/88.

Memphis Division has carefully reviewed pending and closed investigations toward recommending cases for broadcast on "Unsolved Mysteries," however, at the present time there are no unsolved investigations which would be appropriate for this nationwide exposure. Although Memphis has many significant and interesting cases, these have been successfully resolved through investigation or are of a unique local nature not suitable for a national exposure.

Memphis is certainly aware of the benefit of cooperation in a national TV series as is demonstrated by the 8/21/88 broadcast on another similar TV show, "America's Most Wanted," of a significant triple homicide at Memphis, Tennessee, with many positive leads developed toward the location of two oriental fugitive subjects.

VICTIM WHO IS RECOVERING FROM A COMA; TWO MURDER VICTIMS WHO MAY HAVE BEEN INVOLVED IN INSURANCE FRAUD; AND A CASE CURRENTLY BEING INVESTIGATED BY THE NATIONAL MARINE FISHERIES SERVICE WHEREIN SEA LIONS ARE BEING MYSTERIOUSLY KILLED IN CALIFORNIA.

THE LOS ANGELES AND MIAMI FIELD OFFICES ARE REQUESTED TO SEND AGENTS TO THE BROADCAST OF THIS PROGRAM.

FOR THE INFORMATION OF ALL FIELD OFFICES, FBI I.O. FUGITIVE JOSEPH ARLIN SHEPHERD, (OO:KNOXVILLE) WAS ARRESTED BY CANADIAN AUTHORITIES ON NOVEMBER 17, 1988. SHEPHERD HAD BEEN IN FUGITIVE STATUS FOR 10 YEARS. HIS ARREST WAS DIRECTLY ATTRIBUTED TO AN OCTOBER 5, 1988 BROADCAST OF "UNSOLVED MYSTERIES".

IT SHOULD BE FURTHER NOTED THAT THIS PROGRAM ENJOYS ENORMOUS POPULARITY. ACCORDING TO THE LATEST A.C. NEILSON RATINGS, ON NOVEMBER 30, 1988, "UNSOLVED MYSTERIES" WAS SEEN IN OVER 18,000,000 HOMES. AS THE SHEPHERD CASE DEMONSTRATES THIS VAST AUDIENCE IS PARTICULARLY HELPFUL TO THE BUREAU IN THE SOLUTION OF FBI CASES SELECTED FOR PRESENTATION ON THIS PROGRAM.

NBC TELEVISION HAS ADVISED FBIHQ THAT THERE WILL BE NO BROADCAST OF "UNSOLVED MYSTERIES" ON DECEMBER 7, 1988.

FOR OPERATIONAL PURPOSES YOUR DIVISION MAY WISH TO
VIDEOTAPE THE DECEMBER 14, 1988 PROGRAM.

PLEASE ENSURE THAT APPROPRIATE INVESTIGATIVE PERSONNEL
ARE AWARE OF THIS WEDNESDAY EVENING TELEVISION PROGRAM.

IN THE EVENT THAT THESE OR ANY OTHER CASES PROFILED ON
"UNSOLVED MYSTERIES" ARE RESOLVED IN YOUR TERRITORY, THE
GENERAL CRIMES SECTION, CID, AND THE SPECIAL PRODUCTIONS
UNIT, OCPA, SHOULD BE TELEPHONICALLY NOTIFIED FOLLOWED BY A
CONFIRMING TELETYPE. INCLUDE ANY ASSOCIATION OF THE
ARREST/SOLUTION WITH THE BROADCAST OF "UNSOLVED MYSTERIES."
AFTER NORMAL WORKING HOURS THE NIGHT DUTY DESK, CID SHOULD
IMMEDIATELY BE TELEPHONICALLY NOTIFIED.

PLEASE DIRECT ANY QUESTIONS YOU MAY HAVE REGARDING
"UNSOLVED MYSTERIES" TO [REDACTED], SPECIAL PRODUCTIONS

REFERENCE BUREAU TELETYPE TO PHILADELPHIA, NOVEMBER 4, 1988, CAPTIONED, "NBC TV SERIES "UNSOLVED MYSTERIES".

THE REFERENCED TELETYPE ADVISED THAT THE CID AND OCPA WERE PLANNING TO COOPERATE WITH "UNSOLVED MYSTERIES" REGARDING THE M19CG INVESTIGATION AND REQUESTED RECEIVING OFFICES TO CONTACT LOCAL PROSECUTORS FOR THEIR OPINIONS. ON NOVEMBER 7, 1988, ASSISTANT UNITED STATES ATTORNEY (AUSA) [REDACTED], WASHINGTON, D.C., WAS CONTACTED REGARDING THIS MATTER. AUSA [REDACTED] IS THE LEAD PROSECUTOR IN THE CASE IN WHICH SEVEN M19CG MEMBERS ARE BEING PROSECUTED FOR CONSPIRACY AND FOUR BOMBINGS IN WDC INCLUDING THE BOMBING OF THE UNITED STATES CAPITOL ON NOVEMBER 7, 1983. AUSA [REDACTED] VOICED STRONG OBJECTIONS TO PUBLICIZING ANY ASPECT OF THIS INVESTIGATION AT THIS TIME. THE CASE IN WDC IS IN PREPARATION FOR TRIAL AND IS CURRENTLY GOING THROUGH THE DISCOVERY PROCESS WITH THE DEFENSE. THE DEFENSE HAS UNTIL JANUARY 3, 1989 TO FILE MOTIONS AFTER WHICH A TRIAL DATE WILL BE SET. AUSA [REDACTED] STATED THAT ANY PUBLICITY REGARDING M19CG MEMBERS AT THIS TIME WOULD BE CONSIDERED EXTREMELY PREJUDICIAL AND WOULD HAVE A NEGATIVE AFFECT ON PROSECUTION. SHE

SUBJECT: NBC TV SERIES: "UNSOLVED MYSTERIES"

Re Butel, dated 11/1/88.

Enclosed for the Bureau are two copies each of background information regarding four UNSUB cases appropriate for use on the "Unsolved Mysteries" television program. Where available, photographs and newspaper clippings are included.

There are no objections by local or federal prosecutors to these cases receiving television publicity, as each has already been extensively publicized in the local area. There are as yet, no known or strong suspects developed in any of these cases.

Delay in submission and not meeting the 11/14/88 deadline is due to the short deadline provided and Case Agents being assigned to priority work, in-services, or on annual leave until this time.

CAROLINA; DOMESTIC POLICE COOPERATION."

AT APPROXIMATELY 8:30 A.M. ON SEPTEMBER 18, 1988, THE BODIES OF THE TWO VICTIMS WERE FOUND IN A CONVENIENCE STORE AT THE INTERSECTION OF HIGHWAY 74 WEST/52 NORTH, JUST OUTSIDE THE WADESBORO CITY LIMITS, ANSON COUNTY, NORTH CAROLINA.

THE FIRST VICTIM, RICHARD EUGENE WILLIAMS, WHITE MALE, 40 YEARS OF AGE, WAS THE STORE OPERATOR. WILLIAMS WAS SHOT FOUR TIMES IN THE CHEST WITH A .25 CALIBER WEAPON AND STABBED FOUR TIMES WITH A "FISH FILET" KNIFE. HIS THROAT WAS CUT FROM EAR TO EAR.

THE SECOND VICTIM, JAMES ALLEN SHEPPARD, WHITE MALE, 24 YEARS OF AGE, WAS AN ASSOCIATE OF WILLIAMS'. SHEPPARD WAS SHOT ONCE IN THE BACK, ONCE IN THE TOP OF THE HEAD WITH A .25 CALIBER WEAPON, AND STABBED FIVE TIMES IN THE CHEST.

VICTIM WILLIAMS WAS A SMALL-TIME DOPE DEALER, MOST RECENTLY ARRESTED IN SEPTEMBER 1988 IN A COUNTY-WIDE ROUNDUP. VICTIM SHEPPARD HAD NO RECORD BUT HAD SOME MARIJUANA IN HIS PANTS POCKET WHEN HE WAS FOUND. A SMALL AMOUNT OF COCAINE WAS FOUND IN THE STORE. A MOTIVE FOR THE

DETERMINED MISSING.

DISTRICT ATTORNEY [REDACTED], WHO IS RESPONSIBLE
FOR PROSECUTING THIS CASE IF SOLVED, STATED THAT HE HAD NO
OBJECTION TO THIS CASE BEING AIRED ON THE NBC TV SERIES
"UNSOLVED MYSTERIES." NEWSPAPER ARTICLES ARE AVAILABLE AND
WILL BE FORWARDED TO THE BUREAU UNDER SEPARATE COVER AT A
LATER DATE. SHERIFF TOMMY ALLEN, ANSON COUNTY SHERIFF'S
OFFICE, ALSO CONCURS WITH THE AIRING OF THIS CASE. HE IS
MOST APPRECIATIVE OF FBI EFFORTS IN THIS MATTER.

Re Bureau teletype to All FBI Field Offices and Legal Attaches, dated 10/31/88.

Enclosed for the Bureau are a total of 22 news articles involving three Unknown Subject cases within the Butte Division.

The following four summarized cases are recommended by the Butte Division to be considered for airing on captioned program:

Butte File #198A-3927, captioned
 "UNSUB;
 TINA MARIE FINLEY - VICTIM
 CIR - MISSING PERSON
 OO: Butte"

TINA MARIE FINLEY, a 25 year old Indian female, resided with family members on the Coeur d'Alene Indian Reservation near Worley, Idaho. She was last seen on 3/8/88, leaving a local bar with another Tribal member. FINLEY was not reported missing until approximately one month later,

noting that she periodically left her residence unannounced to travel to nearby cities. All efforts to locate Miss FINLEY to date have been negative.

There are no news articles immediately available pertaining to this matter, although news articles can be located through newspapers in both Coeur d'Alene, Idaho, and Spokane, Washington, if necessary.

The USA's Office, Boise, Idaho, and the Bureau of Indian Affairs (BIA), Coeur d'Alene Indian Reservation have been contacted and are in agreement with airing details pertaining to this case if it is selected for presentation.

Butte File #198A-3821, captioned
"UNSUB"
HELEN LOUISE RICHTER,
nee Solum - VICTIM
CIR - HOMICIDE
OO: Butte"

Six newspaper articles pertaining to this case are included herewith.

HELEN LOUISE RICHTER, a 58 year old Caucasian female was reported missing from her home in Chester, Montana, on 6/30/87. Her badly decomposed body was discovered on 11/27/87, by two children who were accompanying their father on a trapping trip in the area. The body was in an abandoned barn between Browning and Blackfoot, Montana, which are communities within the boundaries of the Blackfeet Indian Reservation.

The USA's Office, Billings, Montana; the BIA, Browning, Montana, and the Glacier County authorities, who have an interest in this case concur with the possible airing of the details of this case on the captioned program.

Butte File #198A-3610, captioned
"UNSUB;
PATRICIA ANN YOUNG RUNNING CRANE - VICTIM
CIR - MURDER
OO: Butte"

One newspaper article pertaining to this case is included.

BT #88A-9345

The slightly decomposed body of PATRICIA ANN YOUNG RUNNING CRANE was discovered by two Indian men on 9/24/86, in an abandoned building in Browning, Montana, which is on the Blackfeet Indian Reservation. This apartment building is frequently used by street alcoholics to drink. Investigation indicated her death would have been between 9/17/86 and 9/21/86.

The USA's Office, Billings, Montana, and BIA, Browning, Montana, concur with airing the details of this case if selected.

Butte File #7-865, captioned
"LIA ELIZABETH SZUBERT (DECEASED) - VICTIM
KIDNAPING
OO: Butte"

Fifteen news articles pertaining to this investigation are included.

LIA ELIZABETH SZUBERT was traveling alone from Twin Falls, Idaho, to Boise, Idaho, on 6/9/87. She telephoned friends in Boise, Idaho, at approximately 4:00 p.m., on 6/9/87, indicating that she was experiencing car trouble at a truck stop located on Interstate Highway #84 at Mountain Home, Idaho. SZUBERT's disabled vehicle was later discovered on the westbound on-ramp by the aforementioned truck stop. On 6/13/87, the body of a white female later determined to be Miss SZUBERT was discovered 12 miles east of LaGrande, Oregon, along Interstate Highway #84.

The USA's Office, Boise, Idaho; Oregon State Police; Mountain Home, Idaho, Police; and Elmore, Idaho, County Sheriff's Office have no objections and think it would be a good idea to utilize this case on captioned program.

Dear [Redacted]:

I was recently informed that your October 5th broadcast of "Unsolved Mysteries" enabled Canadian authorities to apprehend FBI fugitive Joseph Arlin Shepherd.

Please accept my heartiest congratulations and allow me to thank you for the splendid assistance your program is providing. [Redacted] and your entire team are true professionals and are to be given credit for the successful capture of Shepherd.

I was also told that your November 30th broadcast reached over 18,000,000 households across the United States. With a viewership that vast, your program represents a very unique service to the law enforcement community.

Keep up the good work. We look forward to a long and mutually productive relationship with you and your program.

Sincerely yours,

I'm concerned that this sends the wrong signal to the FUGITIVE Program & it's importance to FBIHQ. In addition we have

FBI/DOJ

Milt Ahlerich

OFFICE OF CONGRESSIONAL AND PUBLIC AFFAIRS

been regularly questioned as to how we

minimize false arrests and
sort through the MANY "bad" leads.
I've always responded that the best
source of information — the CASE
Agent is ON THE SCENE talking
& screening calls.

— Our presence at FOX with the
CASE Agents displays our support
to FUGITIVES ~~IN~~ IN FRONT OF
MANY OTHER AGENCIES WHO PARTICIPATE
WITH FOX.

— I don't ~~want~~ want to
lose the positive edge we've
gained with FOX, the media and
our own Agents — physical
presence is the best way to do this
by the CASE Agent.

I strongly request you reconsider
this position. THANKS

DETAILS: "Unsolved Mysteries" is an hour-long program aired on NBC TV which features segments regarding missing persons, fugitives and miscellaneous investigations of an interesting nature. The program has been broadcasted on a quarterly basis for approximately the past two years but will begin airing weekly on Wednesday, October 5, 1988. NBC TV estimates that the audience will average 25 million viewers.

For the 1988 to '89 season, NBC has approved 13 programs with a contingency based on ratings to broadcast 9 additional programs.

Memorandum from M. Ahlerich to Messrs. Greenleaf, Clarke, Davis
and Castonguay
RE: "UNSOLVED MYSTERIES" TELEVISION PROGRAM

The OCPA has cooperated with the producers of this program on a limited basis since its inception in 1986. The program has resulted in the capture of seven Bureau fugitives and leads on the UNABOM case which has been aired twice.

"Unsolved Mysteries" and NBC TV have attorneys who specifically review each program for privacy and pretrial publicity concerns.

The network has agreed to establish a toll-free telephone number with operators in Los Angeles to handle leads from viewers. This is an exception to NBC TV's long-standing policy against establishing toll-free lines in connection with programs aired on the network.

As with the Fox's TV series, "America's Most Wanted" and previous cooperation with the producers of "Unsolved Mysteries," the OCPA proposes that each case provided, be approved by the SAC, local and Federal prosecutors and interested law enforcement agencies.

Memorandum from Mr. Ahlerich to Mr. Clarke
RE: "UNSOLVED MYSTERIES" TELEVISION PROGRAM

ADDENDUM: CRIMINAL INVESTIGATIVE DIVISION (CID) DMT:dfc 9/16/88

The recommendations made by the Office of Congressional and Public Affairs (OCPA), in reference to the "Unsolved Mysteries" television program have been reviewed by CID. Five recommendations were made by OCPA, and OCPA has been advised that CID concurs with recommendations (1) in reference to cooperation with the production of the program, (2) that on a limited basis high profile fugitive cases would be provided to the program, (4) that the SAC, Los Angeles, designate a Special Agent to serve as the Los Angeles coordinator and attend weekly tapings of the program and (5) that CID will be responsible for ensuring that appropriate approvals have been obtained.

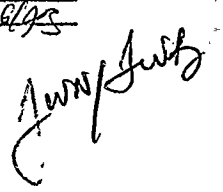

In reference to recommendation (3), that CID appoint an experienced employee to coordinate with the Special Productions Unit (SPU) the securing of cases to provide to Unsolved Mysteries, it is recommended that the SPU, because of its contact with the production company and its specific knowledge of the types of cases the production company desires to place on the air act as the coordinator with the field. SPU could then review the cases provided by the field to determine which cases would be appropriate for the television show and refer the cases to CID for approval by the appropriate section.

OCPA has prepared a teletype to be sent to the field requesting cases. The teletype requires that the field secure appropriate approval from local and federal prosecutors and other law enforcement agencies involved in the investigation to ensure that placing the case on the air would not effect the investigation and/or prosecution of the case. The initial approval should be retained with CID ensuring by contact with the field office that all appropriate contacts have been made before the final decision to air the case.

The CID change in the OCPA recommendation (3) has been discussed with [redacted] of the SPU and he concurs with CID's change.

 dated 9/8/88
 Re: "UNSOLVED MYSTERIES" TELEVISION PROGRAM

ADDENDUM: LEGAL COUNSEL DIVISION (LCD) RLW:tmb 9/28/88

On 6/29/88, [redacted], Unit Chief, Legal Research Unit, LCD, along with representatives from the Criminal Investigative Division and the Office of Congressional and Public Affairs (OCPA), attended a meeting with [redacted] of Cosgrove-Meurer Productions, Inc., who is producing captioned series. It was noted during that meeting that the legal issues which may arise are similar to those which arose in connection with the Fox Television "Most Wanted" production, even though the present series will, as we understand it, focus less on fugitive investigations per se. Those issues were addressed in LCD addendum, dated 7/28/88 (copy attached), to a 6/19/87 memorandum from Mr. Ahlerich to Messrs. Clarke, Castonguay, and Davis entitled "Request for Approval of Fox Television's proposed Fugitive Publicity and Crime Series Pilot."

b6

OCPA should refer to the above addendum for guidance in connection with FBI cooperation in the "Unsolved Mysteries" series.

LCD remains available for further assistance as problems and issues arise.

Re: "UNSOLVED MYSTERIES" TELEVISION PROGRAM

ADDENDUM: TRAINING DIVISION, 10/14/88, AEB:ja

Training Division has reviewed this memorandum and the recommendations made by the Office of Congressional and Public Affairs (OCPA). In regard to recommendation (1), Training Division will assist OCPA in cooperating with the production of "Unsolved Mysteries" programming. Recommendations (2), (4) and (5) raise no objections, although they deal with Criminal Investigative Division and the Los Angeles Field Office and therefore require responses from those respective divisions.

In reviewing recommendation (3), requests from "Unsolved Mysteries" will impact more heavily upon the National Center for the Analysis of Violent Crime than other entities in the Training Division, therefore, SSA JOHN E. DOUGLAS, Manager, Criminal Investigative Analysis Program, is selected to coordinate with the Special Productions Unit, OCPA.

In addition, it is very important that any crime analysis profile, personality assessment, or other related services provided to local law enforcement that may be part of an "Unsolved Mysteries" program be critically reviewed by Training Division so that no sensitive techniques or investigative strategies are revealed. This is essential in that certain disclosures might be detrimental to the featured investigation and provide information to the offender(s) that might assist them to avoid detection and/or prosecution.

There are a number of cases where cooperative efforts with "Unsolved Mysteries" would be beneficial to apprehension of the offender and would also be of public interest. Training Division, through SSA DOUGLAS, will review and identify appropriate cases that can be utilized throughout the year so that unreasonable deadlines will not be placed upon Training Division.

It is recommended that current representatives from OCPA that assist Training Division on a routine basis with media requests be available to assist SSA DOUGLAS as required.

Re: REQUEST FOR APPROVAL OF FOX TELEVISION'S PROPOSED
FUGITIVE PUBLICITY AND CRIME RESISTANCE SERIES PILOT

ADDENDUM: LEGAL COUNSEL DIVISION (LCD) ^{MBD} MBD:chr/tmb 7/28/87

It is LCD's understanding that the proposed project may involve the dissemination of information from pending investigatory files to representatives of Fox Television in order to assist Fox in its creation of a docu-drama about federal fugitives wanted by the FBI. LCD has been asked to address certain legal issues which may arise during the pendency of this project. Those issues, addressed below, involve 1) the applicability of the Privacy Act to the dissemination of information, 2) the potential liability of the Government, and 3) the potential for creating undue publicity which would impinge upon the fugitive's right to a fair trial. Those issues will be addressed below.

THE PRIVACY ACT

Whenever dissemination of information is made from FBI records the provisions of the Privacy Act of 1974 must be considered. The Privacy Act, as set forth at Title 5, U.S.C., Section 552, governs the disclosure of information contained in agency records. Under the Act an agency may not, without written consent of the person to whom the record pertains, disclose any record unless such disclosure falls under one of the express exceptions defined within the Act. Such an exception is found at Title 5, U.S.C., Section 552a(b)(3), which allows dissemination if the disclosure would be for a routine use, compatible with the purpose for which the information is collected.

It is LCD's opinion that because the FBI's fugitive files are created for the purpose of locating and apprehending the fugitive, the dissemination of information contained therein to Fox Television falls under the "routine use" exception. This opinion is consistent with the implementing regulations set forth in the Federal Register, Vol. 51, No. 19, January 29, 1986, which state:

"Relevant information may be disclosed from this system to the news media and general public where there exists a legitimate public interest, e.g. to assist in the location of Federal fugitives. . . ."

Memorandum from Mr. Ahlerich to Mr. Clarke, Mr. Castonguay,
and Mr. Davis, dated 6/19/87

Re: REQUEST FOR APPROVAL OF FOX TELEVISION'S PROPOSED
FUGITIVE PUBLICITY AND CRIME RESISTANCE SERIES PILOT

We caution, however, that any information released from the files must be information relating specifically to the fugitive. Any information regarding third parties - witnesses, relatives, friends - should not be released without the written consent of the third party. We understand that much of the background information will be obtained by Fox Television from public source information, which should alleviate potential problems regarding third party information.

PRETRIAL PUBLICITY

The Due Process Clause of the Fifth and Fourteenth Amendments provide an accused with the right to a fair trial. The Supreme Court has held that under certain circumstances pretrial publicity can deprive one of that right. Estes v. Texas, 381 U.S. 532, 542-43 (1965). Therefore, it is imperative that the manner in which facts surrounding the fugitive investigation are publicly disseminated be strictly scrutinized to assure that the Due Process rights of the fugitive are not infringed should he or she eventually be brought to trial.

While pretrial publicity is judged by a totality of the circumstances, Sheppard v. Maxwell, 384 U.S. 333 (1966), there are certain principles that should be followed in assisting with the preparation of the script by Fox Television. It is LCD's understanding that Fox anticipates re-creating the crime and the crime scene. In Sheppard the Supreme Court found a front page newspaper photograph depicting the victim's blood-stained pillow, which had been "doctored" to show more clearly an alleged imprint of a surgical instrument, to be violative of the Fourteenth Amendment. Id. at 356. Any re-creations for purposes of dramatic effect must be limited to the actual facts of the incident or scene being re-created. If evidence or the re-creation of evidence is enhanced it is possible that the defense will try to argue, with some chance of success, that that enhancement deprived the subject of a fair trial.

It is also important that any facts discussed in the script be limited to facts clearly subject to proof, and admissible into evidence, at trial. In Sheppard, various newspapers articles discussed the fact that the defendant refused to take a lie detector test, evidence which was clearly inadmissible at trial. The Supreme Court has consistently set aside convictions where the jurors were exposed "through news accounts" to information that was not admitted into evidence at trial. Id. at 349; Marshall v. United States, 360 U.S. 310 (1959).

Memorandum from Mr. Ahlerich to Mr. Clarke, Mr. Castonguay,
and Mr. Davis, dated 6/19/87

Re: REQUEST FOR APPROVAL OF FOX TELEVISION'S PROPOSED
FUGITIVE PUBLICITY AND CRIME RESISTANCE SERIES PILOT

In order to counteract any potential arguments concerning the deprivation of a fair trial which the fugitive may eventually raise it is suggested that care be taken in the script to refer to the underlying claims as allegations, rather than as facts. OCPA may want to suggest that it be clearly established within the script that the FBI (or the applicable state or local law enforcement agency) does not comment on the guilt or innocence of the fugitive, a decision which can only be made by the jury. It is also suggested that OCPA ensure that in the event a fugitive who is highlighted in a particular segment is apprehended that segment not be re-aired. This will put as much time between the initial showing of the television segment and the actual trial as possible.

LIABILITY CONCERNS

LCD does not see any unusual liability concerns so long as the provisions of the Privacy Act and the Due Process concerns mentioned above are followed. It should be noted that an aggrieved individual may sue the Government for injuries sustained as a result of the Government's violation of the Privacy Act, Title 5, United States Code (U.S.C.), Sections 2(g)(1). Furthermore, under Bivens v. Six Unknown Agents of the Federal Bureau of Narcotics, 403 U.S. 388 (1971), an individual may sue a federal official personally for violations of the Constitution -- in this case violations of the Due Process Clause.

The only other foreseeable claims that could arise out of the proposed project involve the common law torts of libel, slander or misrepresentation. Government officials, however, cannot be held personally liable for common law torts which occur within the scope of the official's employment. Barr v. Mateo, 360 U.S. 564 (1959). The Government itself cannot be held liable, as it has not waived its sovereign immunity for those torts. See, Title 28, U.S.C., 2680(h).

LCD will remain available for further consultation, as necessary, during the development and implementation of the proposed project.

UNKNOWN SUBJECT;
AYOYELLES TRUST AND SAVINGS BANK,
NORTHSIDE BRANCH,
CHEVY AND SHIRLEY ROADS,
BUNKIE, LOUISIANA,
APRIL 13, 1988;
BANK ROBBERY (A)

At 1:50 p.m., April 13, 1988, captioned institution, FDIC insured, was robbed of \$60,000 by a lone, white male. A hoax bomb device was used inside the bank while the robber initially utilized a phoney story to attract the attention of bank employees.

Unknown subject entered the institution and advised the three female tellers that one of the vehicles parked on the east side of the bank had a very bad gasoline leak. The parking lot to which Unsub referred was the employee parking area. The white male then went back out the front door and to the parking area.

Moments later, one of the tellers proceeded out the bank through a side/employee door adjacent to the employee's parking area. Once outside, the white male directed the female teller to a specific location. When the teller looked and saw nothing, the Unsub informed her he has a gun and explosives and told her to do as she directed.

At that point, a second teller came into the parking lot and Unsub then stated, "this is a holdup," and then directs the two back into the bank.

Suspect handed a teller a bluish/gray parachute-type material (nylon) bag and directed her to fill it with twenties, hundreds and fifties.

When the teller denied having access to the vault, Unsub told her she had three minutes to get it open. After dollars were taken from the vault, suspect told teller to get the rest of the money out of two of the three tellers' drawers, warning, "Be sure and not put any trap money."

After Unsub received dollars, he handed an apparent explosive device to a teller and told her to put it into her shirt, which she did.

Unsub then left out the side door and continued on foot to the front (south side) of the bank and west through a shopping center parking lot. Unsub used unknown method of travel after leaving the immediate bank and shopping area.

The United States Attorney's Office, Western District of Louisiana and the local prosecutor's office have advised they have no objections to this case being used on captioned series.

BANK ROBBERY (A)

On October 14, 1988 and October 18, 1988, unknown subject entered two bank in the Central Business District of New Orleans, Louisiana.

The unknown subject proceeded directly to the counter area in both banks and placed a tote bag on the counter. He then pulled out a piece of paper which said, "remain calm, I have a gun in the bag, but no one will get hurt. Give me all of your big bills." The unknown subject then put the money in his tote bag and requests more money from the "Federal Reserve Drawer". After receiving additional money the unknown subject then walked out of the bank.

In addition to these bank robberies this unknown subject may also be responsible for a robbery that occurred in Miami, Florida, on September 20, 1988, and also two robberies that occurred in Fort Lauderdale, Florida on October 4, 1988 and October 11, 1988.

The United States Attorney's Office, Eastern District of Louisiana and the local prosecutor's office have advised they have no objections to this case being used on captioned series.

BROWN HAIR, 6'0"-6'1", 155-175 POUNDS - FUGITIVE (A); UFAP-MURDER; OO: DALLAS", AND DL 88A-17092 ENTITLED "UNSUB, AKA JOHN DOE, FURTHER DESCRIBED AS WHITE MALE, APPROXIMATELY 20 YEARS OF AGE, BLOND WAVY HAIR, 5'11"-6'0", 140-150 POUNDS - FUGITIVE (A); UFAP-MURDER; OO: DALLAS", ARE RELATED UFAP-MURDER INVESTIGATIONS INVOLVING THE EXTREMELY SAVAGE MURDERS OF FOUR INDIVIDUALS BETWEEN MARCH 7-8, 1988. FURTHER DETAILS RELATIVE TO THESE TWO RELATED INVESTIGATION ARE SET FORTH AS FOLLOWS:

SOMETIME BETWEEN 12:00 A.M. AND 1:00 P.M. ON MARCH 7, 1988, DENA CAROL WOODARD, AGE 23, WAS BRUTALLY MURDERED INSIDE HER MOBILE HOME, WHICH WAS LOCATED IN A RURAL AREA JUST OUTSIDE THE CITY LIMITS OF GAINESVILLE, TEXAS. PRESENT AT THE TIME OF HER MURDER WAS HER ONE-YEAR-OLD CHILD. THE MURDER WEAPONS WERE A HATCHET AND A KNIFE. WOODARD WAS STABBED REPEATEDLY, AS WELL AS BEING DECAPITATED. WOODARD'S HUSBAND CAME HOME AT APPROXIMATELY 1:00 P.M. ON MARCH 7, 1988, AND DISCOVERED HIS MURDERED WIFE, AS WELL AS HIS SON WHO WAS CRAWLING ON THE FLOOR NEAR HIS DEAD MOTHER. WOODARD'S 1981, BLUE, FORD T-BIRD WAS MISSING, AS WELL AS GUNS FROM THE RESIDENCE. WOODARD'S VEHICLE HAS NOT BEEN RECOVERED.

PAGE THREE DE DL 6389 UNCLAS

AT APPROXIMATELY 9:00 A.M, WITNESSES IN THE VICINITY OF WOODARD'S RESIDENCE OBSERVED ABOVE CAPTIONED UNSUBS A SHORT DISTANCE FROM WOODARD'S RESIDENCE AND, WHEN CONTACTED BY THE WITNESSES, UNSUBS WERE UNABLE TO GIVE REASON FOR BEING IN AREA. UNSUB, AKA JOHN DOE WITH WAVY HAIR, WAS OBSERVED TO BE WEARING A "DANGLING-TYPE" EARRING.

THE WITNESSES ASSISTED IN THE PREPARATION OF COMPOSITE DRAWINGS, BUT STATE THE DRAWINGS MAKE THE INDIVIDUALS APPEAR OLDER. THE WITNESSES DESCRIBE THE INDIVIDUALS OBSERVED AS BEING "PUNK KIDS", WEARING ROCK-TYPE TEE-SHIRTS AND HIGH-TOP TENNIS SHOES, LACED HALF-WAY UP.

IT WAS DETERMINED ANOTHER RESIDENCE LOCATED APPROXIMATELY 100 YARDS FROM WOODARD'S RESIDENCE HAD BEEN BURGLARIZED.

AT APPROXIMATELY 10:30 P.M. ON THE NIGHT OF MARCH 7, 1988, APPROXIMATELY 60 MILES AWAY FROM GAINESVILLE, TEXAS, NEAR THE SMALL TOWN OF FARMERSVILLE, TEXAS, AUTHORITIES DISCOVERED A SECOND MURDER SCENE. AT THIS LOCATION, THE BODIES OF TWO ELDERLY FARMERS (FATHER AND SON), CECIL FLOYD MORRISON, AGE 35, AND CECIL LEONARD MORRISON, AGE 63, WERE DISCOVERED. BOTH THE MORRISONS HAD BEEN SAVAGELY BEATEN AND SHOT. ONE OF THE MURDER WEAPONS WAS

PAGE FOUR DE DL 9999 UNCLAS

A WOODEN "TIRE KNOCKER", OR STICK, WHICH BELONGED TO WOODARD (GAINESVILLE VICTIM) AND WAS LOCATED IN WOODARD'S MISSING VEHICLE. IT WAS ALSO DETERMINED MORRISON'S 1984 CHEVROLET PICKUP TRUCK WAS MISSING. WITNESSES IN THE VICINITY OF THE MORRISON RESIDENCE OBSERVED TWO, AND POSSIBLY THREE, INDIVIDUALS NEAR MORRISON'S RESIDENCE DURING THE AFTERNOON OF MARCH 7, 1982.

LAW ENFORCEMENT AUTHORITIES DISCOVERED THE MORRISON MURDERS BECAUSE LAW ENFORCEMENT AUTHOPITIES DISCOVERED MORRISON'S PICKUP TRUCK, PARTIALLY SUBMERGED IN MILLWOOD LAKE, LOCATED IN A RURAL AREA NEAR HOPE, ARKANSAS. MORRISON'S PICKUP TRUCK WAS PULLED FROM THE LAKE ALONG WITH CLOTHING AND OTHER ITEMS, INCLUDING WEAPONS TAKEN FROM THE WOODARD AND MORRISON RESIDENCE.

AT ABOUT THE SAME TIME MORRISON'S TRUCK WAS DISCOVERED IN LAKE MILLWOOD, THE BODY OF KENNETH OLDEN WAS LOCATED ON A COUNTRY ROAD NEAR THE LAKE. THIS INDIVIDUAL HAD BEEN SHOT SEVERAL TIMES AT POINT-BLANK RANGE. INVESTIGATION DETERMINED TWO WHITE MALES, FITTING DESCRIPTIONS OF ABOVE UNSUBS, WERE SEEN IN AREA OF LAKE AND, FURTHER, TWO WHITE MALES WENT TO OLDEN'S RESIDENCE AND REQUESTED TRANSPORTATION. OLDEN LEFT HIS RESIDENCE WITH THE TWO WHITE MALES IN HIS 1983 FORD MUSTANG.

PAGE FIVE DE DL 8989 UNCLAS

AT APPROXIMATELY 8:00 A.M. ON MARCH 3, 1988, A PASSERBY SPOTTED OLDEN'S CAR, PARTIALLY SUBMERGED IN A SMALL LAKE LOCATED IN SOUTHERN LOVE COUNTY, OKLAHOMA, APPROXIMATELY 5 MILES FROM GAINESVILLE, TEXAS (WOODARD'S RESIDENCE). THE LICENSE PLATE AND INSPECTION STICKER HAD BEEN REMOVED FROM THE VEHICLE. DIVERS LOCATED THE LICENSE PLAT AT THE DOTOM OF THE LAKE.

SUBSEQUENTLY, A THOROUGH SEARCH OF MORRISON'S PICKUP RESULTED IN THE DISCOVERY OF A DANGLING-TYPE EARRING (BAT CARRY A SKULL) LOCATED UNDERNEATH THE SEAT OF THE TRUCK.

INVESTIGATION RELATIVE TO THE EARRING DETERMINED IT WAS MANUFACTURED BY A FIRM LOCATED IN NEW MEXICO. A PHOTOGRAPH OF THE EARRING WAS DISPLAY'D IN THE LOCAL GAINESVILLE NEWSPAPER. SHORTLY THEREAFTER, A 16-YEAR-OLD WHITE MALE CONTACTED THE GAINESVILLE SHERIFF'S OFFICE AND IDENTIFIED THE EARRING AS BELONGING TO HIM. TWO FRIENDS HAD ALSO RECOGNIZED THE EARRING AS BELONGING TO THE 16-YEAR-OLD AND CALLED THE 16-YEAR-OLD AND TOLD HIM THEY HAD SEEN HIS EARRING IN THE PAPER. THE 16-YEAR-OLD, UPON BEING INTERVIEWED, ADVISED THAT HIS GIRLFRIEND HAD A MATCHED SET OF THE EARRINGS AND HAD GIVEN HIM THE EARRING APPROXIMATELY TWO YEARS AGO.

PAGE SIX DE DL 3009 UNCLAS

THE GIRLFRIEND WAS CONTACTED, AND SHE FURNISHED THE EARRING WHICH IS IDENTICAL TO THE EARRING LOCATED IN MORRISON'S TRUCK AND THE ONE IDENTIFIED AS BELONGING TO THE 16-YEAR-OLD. THE 16-YEAR-OLD HAS STATED THAT AROUND THE TIME OF THE WOODARD MURDER, HE GAVE THE EARRING TO A FRIEND, AND THE FRIEND LOST THE EARRING. THE FRIEND HAS BEEN INTERVIEWED AND HE DENIES HAVING THE EARRING. BOTH HAVE BEEN POLYGRAPHED, AND BOTH SHOW DECEPTION REGARDING PERTINENT QUESTIONS CONCERNING THE MURDERS. INVESTIGATION HAS ESTABLISHED THAT THE 15-YEAR-OLD WAS A FREQUENT VISITOR AT THE BURGLARIZED RESIDENCE LOCATED NEAR THE WOODARD RESIDENCE. BOTH BOYS ARE SCHOOL DROP-OUTS, HAVING NO PARENTAL SUPERVISION, HEAVILY INVOLVED IN THE HEAVY-METAL MUSIC SCENE AND ADMITTED DRUG USERS. TO DATE, NO PHYSICAL EVIDENCE HAS BEEN LOCATED TO POSITIVELY TIE EITHER OF THE BOYS DIRECTLY TO THE MURDER SCENES.

DALLAS, BECAUSE OF THE INTERSTATE NATURE AND EXTREME BRUTALITY OF ABOVE INVESTIGATIONS, CHOSE TO BECOME INVOLVED IN THE INVESTIGATION BY FILING UFAP-MURDER CHARGES AGAINST TWO UNKNOWN SUBJECTS. THE INVESTIGATION, CONSEQUENTLY, INVOLVES NOT ONLY EFFORTS TO LOCATE WANTED FUGITIVES, AS DOES THE NORMAL UFAP MATTER, BUT ALSO INVESTIGATION TO IDENTIFY THE FUGITIVES WHO ARE

BEING SOUGHT ON THE MURDER CHARGES. THE INVESTIGATION, QUITE
OBVIOUSLY, HAS DRAWN AN EXTREME AMOUNT OF PUBLICITY AND IS BEING
HANDLED BY A MULTITUDE OF LAW ENFORCEMENT AGENCIES IN TEXAS,
ARKANSAS, AND OKLAHOMA. DALLAS BELIEVES, ASSUMING THE TWO WHITE
MALES IDENTIFIED THROUGH TRACING THE EARRING ARE IN FACT THE
PERSONS RESPONSIBLE FOR THE MURDERS, THAT "UNSOLVED MYSTERIES"
PUBLICITY MIGHT BRING FORTH WITNESSES WHO COULD PROVIDE TESTIMONY

PAGE TWO DE DL 7010 UNCLAS

CRUCIAL TO DEVELOPING A PROSECUTABLE CASE. DALLAS BELIEVES, IN THE EVENT THE ABOVE TWO WHITE MALES ARE NOT RESPONSIBLE FOR THE MULTIPLE MURDERS, THAT "UNSOLVED MYSTERIES" PUBLICITY MIGHT PROVIDE INFORMATION WHICH COULD LEAD TO THE IDENTITIES OF THE TWO UNKNOWN SUBJECTS.

LAW ENFORCEMENT AGENCIES AND PROSECUTORS INVOLVED IN THE DUAL UFAP-MURDER INVESTIGATION CONCUR IN THE BELIEF THE INVESTIGATION WOULD BE WELL SERVED BY "UNSOLVED MYSTERIES" PUBLICITY.

DALLAS FBI, DURING RECENT YEARS, HAS BEEN INVOLVED IN THE INVESTIGATION OF SEVERAL KIDNAPPING MATTERS CLASSIFIED BY DALLAS AS "KIDNAPPING FOR SEXUAL GRATIFICATION" VIOLATIONS. DALLAS HAS ENJOYED TREMENDOUS SUCCESS IN ADDRESSING "KIDNAPPING FOR RANSOM" AND "CHILD STEALING" TYPE VIOLATIONS, BUT, LIKE ALL LAW ENFORCEMENT AGENCIES, IS FRUSTRATED BY THE INABILITY IN "KIDNAPPING FOR SEXUAL GRATIFICATION" VIOLATIONS TO RETRIEVE SMALL CHILDREN FROM THE GRASPS OF THEIR ABDUCTORS BEFORE THE SMALL VICTIMS ARE MOLESTED AND KILLED. DALLAS FBI, DALLAS POLICE DEPARTMENT AND OTHER DALLAS/FT. WORTH METROPLEX POLICE DEPARTMENTS ARE TAKING EVERY POSSIBLE STEP TO BETTER PREPARE

PAGE THREE DE DL 0010 UNCLAS

THEMSELVES FOR RESPONSE TO THESE TYPE VIOLATIONS, BUT CONTINUE TO BE FRUSTRATED BY THE INABILITY TO RESCUE THE SMALL CHILDREN. THE ABDUCTOR IN THE "KIDNAPPING FOR SEXUAL GRATIFICATION" VIOLATION MAKES NO CONTACT WITH FAMILY MEMBERS, DEMANDS NO RANSOM, DELIVERS NO ULTIMATUMS, BUT SIMPLY MOLESTS AND MURDERS HIS SMALL VICTIM.

DALLAS HAS ABSOLUTELY NO REASON TO BELIEVE THERE IS AN INTER-RELATIONSHIP BETWEEN THE SEVERAL "KIDNAPPING FOR SEXUAL GRATIFICATION" TYPE VIOLATIONS WHICH HAVE BEEN COMMITTED IN THE DALLAS/FT. WORTH AREA DURING RECENT YEARS, BUT LIKEWISE HAS NO DEFINITE INFORMATION TO PROVE THE VIOLATIONS TO BE UNRELATED. THE BODIES OF THESE SMALL VICTIMS ARE NORMALLY DISCARDED IN REMOTE AREAS AND NOT FOUND FOR MONTHS, OR EVEN YEARS, THUS RENDERING CRIME SCENE INVESTIGATIONS OR FORENSIC EXAMINATIONS ALL BUT USELESS.

DALLAS HAS NO IDEA WHETHER "UNSOLVED MYSTERIES" PUBLICITY WOULD BENEFIT THESE TYPE VIOLATIONS AS THE PERPETRATORS NORMALLY ACT ALONE AND THE POSSIBILITY THAT A FRIEND, ASSOCIATE, OR ACQUAINTANCE MIGHT HAVE INFORMATION WHICH COULD BENEFIT AN INVESTIGATION IS REMOTE, AT BEST. THERE ARE NO INVESTIGATIONS, HOWEVER, MORE IMPORTANT THAN THESE VIOLATIONS INVOLVING THE

PAGE FOUR DE DL 8918 UNCLAS

BRUTAL MURDER OF SMALL CHILDREN, AND DALLAS FEELS THE CASES DEFINITELY MERIT "UNSOLVED MYSTERIES" PUBLICITY, SHOULD AIR TIME BECOME AVAILABLE. DALLAS WOULD BE ANXIOUS TO GAUGE THE RESULTS OF SUCH PUBLICITY, AND BELIEVES THAT EVERY POSSIBLE AVENUE TO REDUCE THE NUMBER OF THESE TYPE VIOLATIONS MUST BE AGGRESSIVELY PURSUED.

DALLAS ON THE BASIS OF THE ABOVE, OFFERS THE FOLLOWING CASES AS EXAMPLES OF "KIDNAPPING FOR SEXUAL GRATIFICATION" VIOLATIONS:

DL 7-2351, ENTITLED "UNSUB; CHRISTIE DIANNE PROCTOR - VICTIM; KIDNAPPING; OO: DALLAS", INVOLVES THE FEBRUARY 15, 1986 ABDUCTION OF 18-YEAR OLD CHRISTIE DIANNE PROCTOR. CHRISTIE WAS ABDUCTED AT APPROXIMATELY 6:33 P.M. EPOM NEAR HER RESIDENCE AS SHE WAS WALKING HOME FROM THE HOME OF A FRIEND. [REDACTED]

[REDACTED], WAS THE LAST PERSON TO SEE VICTIM ALIVE. HE OBSERVED VICTIM IN FRONT OF A NEIGHBORHOOD ELEMENTARY SCHOOL AS VICTIM WAS EN ROUTE HOME AND OFFERED VICTIM A RIDE, BUT VICTIM, POSSIBLY FAILING TO RECOGNIZE HIM, REFUSED HIS OFFER.

DALLAS FBI AGGRESSIVELY PURSUED THE ABDUCTION OF PROCTOR. THE ENSUING INVESTIGATION LED TO THE DEVELOPMENT OF SEVERAL SUSPECTS AND HUNDREDS OF LEADS ENCOMPASSING THE ENTIRE COUNTRY.

ON SATURDAY, APRIL 9, 1988, A MAN COLLECTING CANS DISCOVERED A HUMAN SKULL IN FIELD, LOCATED IN THE SOUTHERN PORTION OF PLANO, TEXAS. AFTER A WEEK LONG SEARCH OF THE SURROUNDING AREA, INVESTIGATORS FOUND BONES AND DECOMPOSED BITS OF CLOTHING SCATTERED IN SMALL PIECES AROUND THE AREA.

ON APRIL 14, 1988, THE REMAINS WERE SENT TO THE COLLIN COUNTY MEDICAL EXAMINER'S OFFICE, ALONG WITH VICTIM'S X-RAYS. ON APRIL 16, 1988, [REDACTED] ANTHROPOLOGIST, NORTH TEXAS STATE UNIVERSITY, MADE A POSITIVE IDENTIFICATION OF THE REMAINS AS BEING THOSE OF CHRISTIE DIANNE PROCTOR. VICTIM WAS ABDUCTED ON FEBRUARY 15, 1986, AND THE MEDICAL EXAMINER'S OFFICE ESTIMATED THE TIME OF DEATH TO BE BETWEEN TWO AND FIVE YEARS. VICTIM'S

REMAINS WERE FOUND APPROXIMATELY SIX MILES FROM THE SCENE OF THE ABDUCTION.

CHRISTIE DIANNE PROCTOR (DECEASED), WAS WHITE FEMALE, BORN FEBRUARY 29, 1976, 4'10", BROWN HAIR AND BLUE EYES. AT THE TIME OF HER ABDUCTION, SHE WAS WEARING A BUTTONED PINK AND WHITE SWEATER, BLUE JEANS AND WHITE TENNIS SHOES.

DL 7-2506, ENTITLED "UNSUB; ROXANNE HOPE REYES - VICTIM; KIDNAPPING; OO: DALLAS", INVOLVES THE ABDUCTION AND MURDER OF A 4-YEAR-OLD FEMALE. REYES WAS ABDUCTED ON TUESDAY, NOVEMBER 3, 1987, AT APPROXIMATELY 4:00 P.M. REYES AND A SMALL PLAYMATE WERE PLAYING IN THE ALLEY BEHIND THEIR RESIDENCE, [REDACTED] [REDACTED] GARLAND, TEXAS. THE CHILDREN WERE PICKING FLOWERS IN AN OPEN FIELD. INFORMATION PROVIDED BY THE PLAYMATE IS INDICATIVE A WHITE MALE, ANGLO OR HISPANIC, WHO WAS PARKED IN THE ALLEY BEHIND THE APARTMENT COMPLEX AND NEXT TO THE FIELD, APPROACHED THE GIRLS AND OFFERED TO DRIVE THEM TO A NEARBY STORE TO BUY THEM CANDY. THE PLAYMATE REFUSED HIS OFFER, BUT REYES ENTERED HIS CAR AND WAS NEVER AGAIN SEEN ALIVE.

HOPE REYES, WAS TOO BADLY DECOMPOSED TO YIELD EVIDENCE THAT WOULD SHED ANY LIGHT ON THE MANNER OF DEATH OR IDENTITY OF ABDUCTOR.

ROXANNE HOPE REYES (DECEASED) WAS WHITE FEMALE, BORN JANUARY 14, 1984, 30 POUNDS, BROWN WAIST LENGTH HAIR, BROWN EYES, AND HAVING A SMALL CIRCULAR BIRTHMARK ON HER LOWER STOMACH, A FRESH CUT ON HER UPPER LIP, A BLISTER SCAR ON HER LEFT HEEL AND A GAP BETWEEN HER TWO FRONT TEETH. SHE WAS LAST SEEN WEARING A PURPLE SHIRT, PINK SHORTS, AND WAS BAREFOOT AT THE TIME OF HER ABDUCTION.

LOCAL AND STATE LAW ENFORCEMENT AGENCIES AND PROSECUTORS HAVE ABSOLUTELY NO OBJECTION TO THE AIRING OF THE ABOVE KIDNAPPING MATTERS ON NBC'S "UNSOLVED MYSTERIES".

THE FOURTH CASE SUBMITTED BY DALLAS FOR POSSIBLE AIRING ON "UNSOLVED MYSTERIES" IS AN INVESTIGATION WHICH BEGAN AS A THREATENED PRODUCT TAMPERING INVESTIGATION IN TEXARKANA, TEXAS, AND EVOLVED INTO AN INVESTIGATION OF INTERSTATE TRANSPORTATION IN AID OF RACKETEERING-MURDER (ITAR-MURDER). DALLAS REQUESTS THAT ANY CONSIDERATION TO AIR THE FOLLOWING CASE BE DELAYED FOR A PERIOD OF AT LEAST 90 DAYS. DALLAS IS SUBMITTING THE CASE FOR INITIAL CONSIDERATION VIA THIS COMMUNICATION BECAUSE OF THE FACT

PAGE THREE DE DL 8011 UNCLAS

THE CASE WOULD BE A PERFECT CASE FOR "UNSOLVED MYSTERIES" PUBLICITY, NOTING THAT NBC HAS PREVIOUSLY MADE PRELIMINARY CONTACT WITH LOCAL AUTHORITIES IN TEXARKANA, TEXAS RELATIVE TO THE CASE, BUT DALLAS REQUESTS THE DELAY IN VIEW OF THE FACT [REDACTED] [REDACTED] OF DARYL JON CROUCH (DECEASED VICTIM OF THE BOMB BLAST) IS APPOSED TO THE PUBLICITY. FEDERAL AND LOCAL LAW ENFORCEMENT AGENCIES AND PROSECUTORS BELIEVE THE PUBLICITY WOULD SERVE THE INVESTIGATION WELL AND THEREFORE CONCUR IN SUBMITTING THE CASE FOR CONSIDERATION AND MIGHT WELL EVENTUALLY SUBMIT THE CASE EVEN OVER THE OBJECTIONS OF [REDACTED], BUT ASKED FOR A 90 DAY DELAY IN ORDER THAT THE MATTER MIGHT BE FURTHER DISCUSSED WITH [REDACTED].

A SYNOPSIS OF THE VIOLATION IS SET FORTH BELOW FOR PRELIMINARY CONSIDERATION:

DL 250-29, ENTITLED "UNSUB; WALSH LUMPKIN DRUG COMPANY, STATE LINE AVENUE, TEXARKANA, TEXAS; DARYL JON CROUCH - VICTIM; TCP; ITAR-MURDER; OO: DALLAS", INVOLVES THE MURDER OF A VERY SUCCESSFUL TEXARKANA BUSINESSMAN BY MEANS OF THE PIPE BOMBING OF HIS VEHICLE.

ON AUGUST 13, 1936, PHARMACIES IN TEXARKANA, TEXAS, RECEIVED

PAGE FOUR DE DL 0011 UNCLAS

A LETTER FROM AN UNKNOWN SUBJECT, INDICATING THAT CERTAIN PERSON(S) HAD TAMPERED WITH SOME OF WALSH LUMPKIN DRUG COMPANY'S PRODUCTS. THIS LETTER BLAMED WALSH LUMPKIN DRUG COMPANY'S PRESIDENT, DARYL JON CROUCH, FOR THIS ACTION. WITHIN ONE WEEK, POLYGRAPH EXAMINATIONS IDENTIFIED A WHITE, FEMALE EMPLOYEE OF WALSH LUMPKIN DRUG COMPANY (WLDC) AS BEING RESPONSIBLE FOR THE LETTER. SHE WAS IMMEDIATELY TERMINATED. NO REPORTS OF PRODUCT TAMPERING WERE EVER RECEIVED, AND NO ONE WAS PROSECUTED FOR THIS HOAX.

ON FEBRUARY 2, 1987, DARYL CROUCH, A WHITE MALE, AGE THIRTY-SEVEN, WAS KILLED INSTANTLY WHEN A PIPE BOMB EXPLODED UNDERNEATH HIS 1983 MERCEDES BENZ AS HE WAS LEAVING WLDC. HIS SMALL DAUGHTER, ALSO IN THE CAR, MIRACULOUSLY ESCAPED INJURY ON BEING BLOWN FROM THE CAR. CROUCH WAS KNOWN AS A HARD DRIVING BUSINESSMAN AND ONE OF IMPECCABLE CHARACTER. SUSPECT IN THE THREATENING LETTER PROVIDED ALIBIS AND PASSED POLYGRAPH EXAMINATIONS ON BOMBING DEATH. RELATIVES, BUSINESS ASSOCIATES AND EMPLOYEES COULD NOT PROVIDE ANY MOTIVATION. ONE YEAR LATER, THE MOTIVE FOR HIS DEATH REMAINS UNKNOWN. THIS MATTER CONTINUES TO BE INVESTIGATED JOINTLY BY THE FBI, THE BUREAU OF ALCOHOL,

ordered everyone, except the manager and one teller, to lie face down on the floor and then bound their hands and feet with flexicuffs. Robber number two ordered the manager and the teller to open the bank vault and the safety deposit box in which the bank maintained money. After obtaining money from the vault, he went down teller row pulling money from the drawers, stopping first to ask tellers which bills activated the alarms and avoiding those bills. The total loss was \$50,560.75.

The robbers then placed the manager and the teller on the floor with the rest of the employees, flexicuffed them, and told everyone to stay down or someone would be shot. The robbers then departed the bank and it took several minutes before the employees were able to break free and contact police.

Robber number one was described as follows:

Race	White
Sex	Male
Age	Forty-five to fifty-two
Height	6'0" to 6'1"
Weight	175 to 180 pounds
Hair	Dark brown
Clothing	White hat, sunglasses, light brown or beige blazer, pin striped pants, "Hush Puppy" type shoes
Weapon	Revolver, possibly .38 caliber

Robber number two was described as follows:

Race	White
Sex	Male
Age	Thirty-five to thirty-nine
Height	5'10"
Weight	170 pounds
Build	Medium build
Hair	Black, graying, possibly a wig
Facial Hair	Mustache, possibly fake
Clothing	Blue baseball cap, sunglasses, windbreaker, white shirt, red tie, tan pants, black shoes, tan gloves
Weapon	Handgun
Miscellaneous	Wore a scanner ear piece

UNSUB;
PETER H. HUTCHINGS - VICTIM (DECEASED);
ITAR - MURDER
(OO: Portland)
(PD 166B-551)
(HQ 166-9627)

On 9/13/86, victim's body was discovered in the trunk of a Budget rental car in the short term parking lot at the Eugene, Oregon, Municipal Airport. Victim was shot once at the base of the skull with a .38 caliber weapon. Evidence indicates that the victim was shot at a location other than the vehicle and then driven to the Municipal Airport parking lot in the trunk of the vehicle.

The victim had been a resident of Eugene, Oregon, approximately nine years and owned a farm at Monrow, Oregon. He was divorced from his wife, [REDACTED], but had continued to reside with her. Victim operated a cocaine distribution system in Oregon, and in Hawaii, and had trafficked in at least ten kilograms of cocaine per month over an extended period of time. In 1984, victim became a follower of the Sikh faith, joining a large sect of Sikh followers at Eugene, where he has been active in the Sikh Golden Temple at Eugene. It is well known in the Sikh community that victim was a major cocaine trafficker. In 1985, victim became well acquainted with an individual from Los Angeles, California, who is believed to be a high-ranking Sikh leader in the United States. Through this person, victim was introduced to another Sikh member, who resides near Herndon, Virginia. Victim was also introduced to [REDACTED] (Last Name Unknown)(LNU), who also resides near Herndon, Virginia. Both of these individuals are believed to be high-ranking figures in the Sikh religious organization.

b6
b7c

Investigation has determined that victim entered into an agreement with the above individuals to fund a major smuggle of marijuana by boat. The above individuals were to make all the arrangements, including the purchase of a boat and the obtaining of a crew. In 1985, these individuals flew to Eugene, from the East Coast. The victim provided them with \$1.5 million in cash, which were partial proceeds from his cocaine business. These individuals then apparently ripped the victim off for the above money and did not arrange a smuggle, or did not include the victim in the proceeds from the smuggle. Victim, after losing the money, harassed the above individuals over the debt through personal contact and through contacts with other members of the Sikh community.

In June, 1986, victim traveled to Hawaii, where he rented a residence. The victim made several trips to Eugene, during June through August, 1986. On 9/6/86, he flew to Eugene, from Hawaii, to meet someone. Upon arrival he contacted the Golden Temple at Eugene, claiming he had lost his wallet and credit cards. Members of the Golden Temple rented a Budget rent-a-car for victim on 9/6/86, and victim was last seen by an associate in Eugene, at noon on 9/8/86. Review of airport parking lot records revealed the Budget rent-a-car showed up in the parking lot

sometime between noon and midnight 9/8/86, and therefore it appears that victim was murdered during this time.

On 2/1/87, an employee of Aaron Perkins Company (APCO) arrived at the company's jewelry concession in the Meier and Frank Department Store, Clackamas Town Center, 12100 Southeast 82nd Avenue, Portland, Oregon, to open for business. It was discovered the center island jewelry cabinet was partially open and approximately \$100,000.00 in jewelry was missing. The closing employee reported closing the concession at 9:04 p.m., on 1/31/87, locking the center aisle and cabinet doors, and setting the alarms.

Meier and Frank security reported that between the hours of 9:35 p.m., on 1/31/87, and 2:55 a.m., 2/1/87, most detectors in the area of the jewelry counters were set off several times, but most went unnoticed by security personnel. Local police were notified on one alarm and responded but found nothing amiss in the department store. Most detectors were again activated at the jewelry counter after police left, but again went unnoticed by security alarm personnel.

At 2:55 a.m., on 2/1/87, a perimeter alarm was activated in the area of an emergency exit. The alarm was reset, but police were not called.

PD 80-435

APCO personnel reported two suspicious Mexican males were at the jewelry concession earlier in the day on 1/31/87, and requested to see various items of expensive jewelry. The eventually purchased a seven diamond cluster ring, but later returned to the counter and again made inquiries regarding various jewelry items. No additional descriptions are available at this time on these individuals.

The concurrence of local and federal prosecutors, as well as all other interested law enforcement agencies has been obtained in each of the above cases.

Re Butel, dated 9/18/87, and Butel, 11/1/88.

Enclosed for the Bureau are one copy each of two "Missing" flyers with photographs of JEREMY GRICE and one newspaper article detailing the disappearance.

In accordance with the referenced communications, the following Columbia case captioned UNSUB, JEREMY JAMES GRICE - VICTIM, POSSIBLE KIDNAPPING, OO:CO, is submitted. Details are as follows:

JEREMY JAMES GRICE disappeared on the morning of November 22, 1985. He is believed to be last seen at a mail box at the front of his home at 8:45 a.m. by a neighbor. Bu Agents, the South Carolina Law Enforcement Division (SLED) and the Aiken County Sheriff's Office have interviewed all neighbors, and followed up on all reported sightings of the child, but have developed no positive information as to the child's whereabouts.

- Enclosure and C.C. returned in room 7861

JEREMY JAMES GRICE, age four, resided with his mother, [redacted], and his step-father, [redacted] South Carolina. [redacted] Aiken, South Carolina, is the natural father of the child. He and [redacted] were divorced in March, 1982. The residence is a mobile home located in a wooded area near two ponds.

On the day of the disappearance at approximately 8:40 a.m., [redacted], North Augusta, South Carolina, left her residence en route to work. At that time it was raining heavily due to weather conditions caused in the area by Hurricane Kate. While passing the [redacted] residence she observed a white male child and a dog. [redacted] stated that the child ran back towards the residence. It was raining heavily at the time, and [redacted] windshield leaked. It was necessary for her to clean the windshield with her hand on the inside as she drove. According to [redacted], the boy was dressed in a dark shirt and dark pants; he was not wearing shoes. She observed no lights or signs of activity at the [redacted] home. [redacted] was not familiar with the [redacted] and could not positively identify the child that she had seen as being JEREMY.

b6
b7c

JEREMY's mother, [redacted], stated that the child attended Jefferson Elementary School Monday through Thursday. November 22, 1985 was a Friday, and JEREMY did not have school that day.

[redacted] advised that normally JEREMY would arise at approximately 7:00 a.m., and would wake her for breakfast. He then would play, would go to his room, watch television or get into bed with her. She would then get up and give JEREMY a bath, help him on with his clothes, and get him ready for school. He would go outside between 8:30 and 9:00 a.m. She had often told him to play in the backyard, but he preferred to play in the front yard. The school bus would pick up JEREMY about 11:30 a.m. The bus would take JEREMY to Jefferson Elementary School, where he attended a pre-school kindergarten for four year olds. JEREMY would return by bus at 3:00 p.m. [redacted], who would ride the bus with JEREMY, would walk JEREMY to his house where [redacted] and his sister would watch JEREMY until [redacted] picked up JEREMY at approximately 4:30 p.m.

[redacted] advised that at the time of JEREMY's disappearance she was employed by Therm-O-Disc in Aiken, South Carolina, on the second shift. her hours were from 3:30 p.m. until 12:00 midnight.

[redacted] advised that on November 22, she returned to her home after getting off at midnight. As she passed by JEREMY's room, she noticed the balled up sheets and blankets, however, she did not remember actually seeing JEREMY in the bed. [redacted] advised that it was JEREMY's custom to sleep in a tight ball, with the covers wrapped around him tightly. She advised that normally she would stop in JEREMY's room and check on him or kiss him good night.

On November 22, she was particularly fatigued and did not do so. In the morning, she realized that she had not heard JEREMY playing or having been up and around yet that morning, and the covers were still balled up in the corner as they were.

[redacted] walked through the neighborhood and talked to the neighbors and other children to see if anyone had seen JEREMY, however, they had not. After her neighborhood search had proved fruitless, [redacted] called the Aiken County Sheriff's Department.

b6
b7C

[redacted], at the time of JEREMY's disappearance, was working at Kimberly-Clark in Beach Island, South Carolina, from 7:30 a.m. until 4:30 p.m.

A week prior to the disappearance, a neighbor had told [redacted] that JEREMY had come over to his home with no shoes on. [redacted] told [redacted] about the incident two days later, and JEREMY was told not to go outside without permission.

One day, prior to his disappearance, JEREMY asked "Was a woman a stranger?" [redacted] felt that JEREMY was referring to a friend, [redacted] (neighbor), who wanted to buy him some ice cream. [redacted] stated that she felt JEREMY should know [redacted] well enough not to consider her a stranger, and she did not understand the reason for the comment.

On Tuesday or Wednesday, immediately prior to his disappearance, JEREMY told her that he heard someone knocking on his bedroom window. She told him that he was having a bad dream. A short time later, JEREMY again awoke her to tell her that he heard someone knocking on his window again. She brought him into her room and allowed him to sleep on a palette on the floor. This occurred at approximately 3:00 a.m. She noted that JEREMY's bedroom window was not secured by a latch and could be opened by sliding the window upward.

On the afternoon of the disappearance, an extensive search was conducted of the area by the Sheriff's Deputies and

volunteers. No trace of the child was found. On the following day, volunteers, including [redacted], began draining the ponds near the child's home, but he was not located. On November 26, 1985, a second search of the area surrounding the child's home was conducted by Sheriff's Deputies, SLED and the South Carolina Wildlife Division, but the boy was not located.

Prior to their marriage [redacted] and [redacted] had lived together for approximately six months. After three weeks of marriage, [redacted] expressed second thoughts about being married to [redacted] because of his drinking and violent temper. [redacted] is known to local authorities as a heavy cocaine user and has had a long police record involving drug and alcohol offenses, as well as serving time for armed robbery. [redacted] further advised that [redacted] seldom speaks unless he is angry at something, and has often remained silent for three to four hours at a time. [redacted] also expressed a belief that [redacted] may be a bi-sexual to SLED investigators. Local authorities believe [redacted] attempted suicide by slashing his wrists. [redacted], however, maintains that it was an accident. [redacted] stated [redacted] would talk to JEREMY as though JEREMY were an older child. [redacted] would often say that he had to take care of himself when he was JEREMY's age, and seemed to expect more of JEREMY. She felt [redacted] was jealous of JEREMY, as he indicated she was doing too many things for JEREMY. She stated that she did not like [redacted] to spank JEREMY, and [redacted] often wanted to spank JEREMY with a belt. On one occasion, [redacted] made a list of "spanking offenses" and asked her if he could spank JEREMY if he committed one of the acts on the list. One day [redacted] saw JEREMY kick Blueie, the dog, and spanked him several times for doing this. On one occasion, [redacted] wanted to spank JEREMY with a belt, but [redacted] would not tell [redacted] where his belt was located in the trailer.

b6
b7c

She stated that on some occasions she came home and would find JEREMY in his bed with his clothes on, asleep, and [redacted] was also asleep in his clothes. It appeared to her that they were too tired to get ready for bed. On one of these occasions, JEREMY told her that they had been to [redacted] house. JEREMY indicated that [redacted] house was not far away, and that [redacted] had children. She stated that she did not know the [redacted] to whom JEREMY was referring, however, [redacted] has a step-mother by the name of [redacted] who lives nearby. When [redacted] questioned [redacted] about it, he denied having been out of the mobile home that evening.

Upon discovering JEREMY's disappearance, she noted that animal crackers were laid out on the kitchen table and had been

untouched. [] informed her that he told JEREMY he could have the crackers when he woke up. [] doubted that [] was telling the truth, because she had never known him to buy JEREMY anything.

Security officials at [] place of employment, Kimberly-Clark, Beach Island, South Carolina, advised that [] arrived at work on November 22, 1985, at approximately 7:30 a.m., and did not leave until approximately 2:15 p.m., when [] came to inform him of JEREMY's disappearance. According to [] only showed mild interest in JEREMY's fate.

The victim's photograph and history of disappearance has been furnished to the National Center for Missing and Exploited Children by local authorities. Through liaison with this organization, leads that they developed from citizens are being channeled to the FBI in Aiken, South Carolina, and immediate teletypes are being furnished to appropriate offices requesting investigation of the sightings. All reported sightings have been resolved except for the most recent reports.

b6
b7c

Neighbors of the victim, previously interviewed by local authorities, were reinterviewed by the FBI, and no information of value was obtained.

On December 17, 1985, "Night Stalker" aircraft was used to search the area in the vicinity of the victim's residence, which was previously searched by local authorities on foot. Subsequently, SLED aircraft also flew the area, with negative results.

On March 14, 1986, the victim's photograph was aired on the television show "Good Morning America".

On May 23, 1986, the victim's photograph was shown at the conclusion on the NBC television special "Missing . . . Have You Seen This Person?"

On December 16, 1987, [], white male, date of birth [], social security number [], contacted the Aiken County Sheriff's Office to relay a dream he had claimed to have had thirteen months earlier regarding a sexual assault and burial of JEREMY GRICE. [] was extremely detailed and explicit in his description of the assault. [] furnished the investigators with a composite drawing of one of the individuals he claimed to have seen in his dream. This composite strongly resembles [] himself, although

CO 66F-61

the hair was different. This interview was taped. At one time, [] was describing the clothing worn by the men, and he used the phrase "I had on".

[], in his dreams, saw the sexual assault and the two men burying something. He did not see a body or a murder.

After receiving a description of the burial site Sheriff's Office officials travelled to the Augusta Sand and Gravel Company, now abandoned, located along Storm Branch Road in Aiken, South Carolina. There they made efforts to locate the body of JEREMY JAMES GRICE, but were unsuccessful in locating the body or a grave. [] later accompanied the Sheriff's Department officials personally in an attempt to find the grave, but they were unsuccessful. Investigators noted that [] showed no emotion or psychological reaction to the visit to this site.

Investigation to date had determined that [] began working for North Brothers at the Savannah River Plant on November 26, 1985, indicating that he possibly was in the Aiken area on November 22, 1985, the day of the victim's disappearance. Prior to that, he resided at [], South Carolina, and has worked as [] on several out of state jobs.

b6
b7c

Police officials in Whitmire, South Carolina, say they have known of [] for several years, describing him as being mentally unstable and a religious fanatic. According to these officials, [] confesses to be a minister, but in reality is not. [] has never been known to sexually assault or abuse children, but he does have a criminal history of passing worthless checks.

[] has been interviewed and gave details of this dream to Bu Agents. The Behavioral Science Unit has been consulted on how to best handle the investigation with regards to [].

At the time of the disappearance, JEREMY JAMES GRICE was described as a white male, 3 feet 8 inches tall, 40 pounds, blonde hair, hazel eyes, born May 12, 1981, at Aiken, South Carolina. [] advises a tee shirt is missing from the child's wardrobe. The tee shirt is dark blue in color and read "IHRA" in white speckled letters. Beneath these letters was a red dragster, with the words "modern designs". Under the vehicle were the words "Knight Runner". [] stated the child's shoes were located in the home, indicating that he

CO 66F-61

fact barefooted at the time of disappearance. She also advised that JEREMY has a small mole in his hairline above his left ear, and a gap between his two front teeth.

Family members note that the victim was terrified of storms and would not have left the trailer during the storm that raged on November 22, 1985. It was also learned that JEREMY and his dog, Blueie, were inseparable. By watching a television show for the deaf with his mother, JEREMY was able to learn how to use sign language to say the words "I love you".

Hair samples believed to be JEREMY's are maintained in SLED files. Fingerprints lifted from JEREMY's coloring book are filed with both SLED and Aiken County Sheriff's Office. Medical records indicate the child was blood type as O positive.

The National Center for Missing and Exploited Children has caused the victim's photograph and descriptive data to be published nationwide.

The Aiken County Sheriff's Office has caused a number of missing persons flyers to be made on the victim, and have distributed them in Aiken and surrounding counties in South Carolina, as well as the Augusta, Georgia area. There is a \$2,500 reward for information leading to the child's whereabouts.

Continuing liaison is being maintained with the Aiken County Sheriff's Office, SLED, and members of the victim's family. All logical investigation is conducted immediately upon receipt, and all leads are set forth upon receipt.

In accordance with the referenced communications, Captain [REDACTED], Aiken County Sheriff's Office has reviewed this summary, and concurs with its contents.

Lt. [REDACTED], South Carolina Law Enforcement Division, advised that he concurred with the submission of the GRICE kidnapping case for consideration for the Unsolved Mysteries T.V. series.

Sir:

On September 6, 1986 at 9:35 am, our department responded to Oak Grove School Road outside Summerfield in rural St. Clair County Illinois in reference to a body found in a cornfield.

Deputies arrived and found the body of a white female between eighteen and twenty-five years old. The body was found by a farmer who had been working the field. The crime scene was processed by an evidence technician and an autopsy was performed on the victim. The personal effects of the victim gave no clue to her identity and a through effort was made in an attempt to identify the victim. Extensive media coverage, as well as fliers and posters distributed failed to identify the victim. Dental charts, fingerprints and photographs of the deceased also failed to identify the victim. Exhaustive efforts made by federal, state and local agencies to identify the victim still have not lead to any identification of the victim after nearly two and a half years.

Special Agent [] of your office developed a suspect profile for our department and has kept current on the case. Agent [] recommended permission from the sheriff and state's attorney be granted so that this case may be presented to the television show, Unsolved Mysteries.

I have spoken to Sheriff Mearl J. Justus and St. Clair County State's Attorney [] in reference to Agent [] recommendation. Both have given permission for the release of this case to Unsolved Mysteries to aid in the identification of the victim.

Our agency would appreciate any assistance you could render in getting this case presented on the television program.

Dear Bob:

In a previous conversation with [redacted] the possibility of submitting the Hall/Gordon murder case to the National Broadcasting Company as a candidate for "Unsolved Mysteries" was discussed. Enclosed for the Special Productions Unit is a Ashland County Sheriff's Office Police Report, number 356-88, and two photographs of victim, ROBERT JAMES MAYOTTE.

As set forth in the attached documents, the Ashland County Sheriff's Office, Ashland, Wisconsin, is investigating the disappearance of an 11 year old Indian boy, last seen on 9/17/88, walking from his home in Odanah, Wisconsin, to the Bad River Tribal Center. Victim never arrived at the center and searches of the path he followed have proved negative. Family members cannot provide plausible explanation for his disappearance (i.e., family disturbance) and fear he has been abducted.

Ashland County Sheriff's Office investigative efforts have established possible sightings, by friends of victim, in the City of Ashland. Confirmation of these sightings have not positively identified victim. Ashland area media and citizens have assisted in distribution of flyers with the victim's picture and information, but no new information has been provided by this.

At the time of his disappearance, the victim was

living with mother in Odanah, Wisconsin. Victim's parents were divorced approximately eight years ago and court restraining order was placed on husband due to alcohol problems. Husband, who works for the Federal Aviation Administration (FAA) in the upper mid-west region, has been advised of the disappearance. Family feels he may have further knowledge of the victim's whereabouts.

The victim's Father, [REDACTED], has been interviewed several times and denies any knowledge of his son's whereabouts. On 2/1/88, [REDACTED], was offered a polygraph test by agents from the Milwaukee Division. Without hesitation, [REDACTED] stated that he would not submit to a polygraph.

Description of the missing boy is as follows:

Name:	ROBERT JAMES MAYOTTE (Bobby)
Sex:	Male
Race:	Indian
DOB:	10/22/76
Weight:	150-161 pounds
Hair:	Brown
Eyes:	Brown
Complexion:	Light
Last seen:	Wearing a light green dress shirt, baggy blue jeans, white hi-top tennis shoes (Avia brand).

As further information regarding this victim and this investigation is needed, it is requested that Sheriff DAVID ENBLOM, Ashland County Sheriff's Office, Ashland, Wisconsin, telephone number (715) 682-7023, be contacted for specifics. The Ashland County Sheriff's Office has concurred with the submission of this matter to the "Unsolved Mysteries" Program.

Dear [Redacted],

On behalf of everyone at "Unsolved Mysteries", we want to take this opportunity to thank you and your colleagues at the FBI for the cooperation we've enjoyed over the past year.

We're delighted that we've been able to help solve sixteen cases and bring fifteen fugitives to justice. Needless to say, the superlative efforts of FBI agents and staff played a major role in this record of success.

We're all looking forward to another year of working together.

Best Regards,

Enclosed for the Special Productions Unit is an LHM, a Madison, Wisconsin Police Department report #021645 and two photographs of subject ERICH A. KESTLER.

As set forth in attached documents, KESTLER appeared in Madison, Wisconsin in May of 1986 and obtained employment at a local alcoholic treatment center. In the Fall of 1986, he made contact with the Madison businesswoman, began a relationship with her and ultimately scammed her for \$75,000. KESTLER reported himself to be a business developer, a native of Hamburg, Germany, and various other things. KESTLER was last seen in January of 1987 in Milwaukee, Wisconsin.

94-70698-97

Authorities at Madison, Wisconsin Police Department feel that there is a high probability that KESTLER is once again committing fraud on unsuspected victims somewhere in the United States and that in view of his lifestyle and high visibility exposure on a program such as "Unsolved Mysteries" would most likely be successful in affecting his apprehension.

ERICH A. KESTLER - FUGITIVE
MADISON, WISCONSIN POLICE DEPARTMENT

On November 3, 1988, Detective (Det.) [redacted] Madison, Wisconsin Police Department advised that his agency desired Bureau assistance in attempting to locate a fugitive from their department.

[redacted] advised that an ERICH A. KESTLER, left Madison, Wisconsin in January of 1987 after having committed a series of frauds against people in Madison while presenting himself to be a wealthy businessman. [redacted] advised that KESTLER has been charged in a criminal complaint, two count complaint charging him with Theft by Fraud and Uttering a Forgery.

b6
b7c

[redacted] advised that this scheme began in September of 1986 when subject KESTLER met a Madison area businesswoman who owned a beauty parlor and became associated with her. He stated that KESTLER presented himself to this woman as a land developer who had been involved in development projects in Houston, Texas and in Montreal, Canada. He further stated that he informed her that he was awaiting a sizable settlement on various projects but was at the present time short of cash. Ultimately, KESTLER was able to convince this woman that they should market a computer that would be able to take a picture of a person at a hairstyling salon and then potrait that photograph with various different styles, allowing the customer to choose what type of style would be most favorable to them.

[redacted] stated that KESTLER ultimately convinced this woman to invest \$25,000 of her own money and borrow \$50,000 from a friend of hers and proceeded for the next several months to travel around the United States spending this victim's money, on various

things such as clothes, car rentals, etc.

[redacted] stated that KESTLER is a very unique individual being approximately 6'5" in height, 240 pounds, and speaking with a very heavy German accent. In various conversations with the victim he told her that he had been raised in Hamburg, Germany in a Lutheran orphanage and that both his parents died when he was very young, and that he attended a college in Hamburg at the age 15, graduated as an engineer at 19. He stated further that he worked as an engineer in Africa for approximately 8 years, had moved to Montreal, met a woman who he married there, the daughter of a wealthy Chicago banking family. He stated that he had been involved in various land ventures in Montreal. KESTLER told this victim that his wife had been killed in a car accident, and then he moved south and had additional land developments in the Houston, Texas area.

[redacted] stated that in the course of his investigation he determined that subject KESTLER was identified as having been in the Madison, Wisconsin area in May of 1986, when he arrived at HOPEHAVEN facility for recovering alcoholics. [redacted] stated that he informed staff there that he was a recovering alcoholic and was employed for a time as a cook at HOPEHAVEN. He was ultimately hired as house manager and provided other residents with counseling and performed administrative duties. He left HOPEHAVEN at about the time he met the female victim in the Fall of 1986.

b6
b7c

[redacted] stated that in January of 1987 after the victim became suspicious of his various stories and the fact that he was apparently unable to come up with money of his own, he passed numerous checks in the Madison, Wisconsin area and was last identified as having been at a motel in Milwaukee, Wisconsin, where his trail ended. [redacted] stated that it is his belief this individual is once again perpetrating this type of a fraud on other unsuspecting victims in another part of the United States, since he was obviously successful here and nothing is known of his true identity or employment prior to coming to Madison, Wisconsin.

[redacted] stated that full description of KESTLER is as follows:

Name	ERICH A. KESTLER
Stated Date of Birth	[redacted]
Social Security Account Number	[redacted]
Race	White
Sex	Male
Height	6'5"

THE FIRST IS LOS ANGELES CASE 91B-34704 CAPTIONED UNSUBS; BANK OF AMERICA, 8501 PICO BOULEVARD, LOS ANGELES, CALIFORNIA; TUNNEL BURGLARY, AUGUST 22, 1987; OO: LOS ANGELES. THIS INVESTIGATION INVOLVES A BANK BURGLARY WHEREIN THE BURGLARS GAINED ACCESS TO THE BANK'S VAULT BY TUNNELING FROM A LARGE STORM DRAIN WHICH RUNS BENEATH THE STREET ADJACENT TO THE BANK. THE BURGLARS CUT AN 18-INCH CIRCULAR HOLE THROUGH THE DRAIN USING A DIAMOND CORE BIT, THEN BEGAN TUNNELING TOWARD THE BANK. THE HOLE WAS DISGUISED BY A ROUND 18-INCH PIECE OF PLYWOOD COVERED WITH MORTAR. THE TUNNEL MEASURED

"Unsolved Mysteries."

Re Bureau teletype to Detroit, dated 4/25/89.

Enclosed for the Bureau is one copy of bank signature card, HERTZ rental agreement, California driver's license, two photographs of DYER GROSSMAN, one FBI Wanted Flyer, and numerous newspaper articles.

Pursuant to referenced Buteletype, the enclosures are being furnished OPA.

All interested local prosecutors and law enforcement agencies have been contacted and interpose no objection to this kind of publicity.

Detroit has identified 145 summer camps for kids in the United States that fall within the parameters of GROSSMAN's background. Detroit intends to set out leads to have these camps contacted, and GROSSMAN's photograph displayed.

The Bureau is requested to prepare 400 copies of the enclosed FBI Wanted Flyer. It is requested that the above be completed and returned to Detroit by 5/26/89, so that appropriate leads can be set forth.

ASKED THAT A RANSOM BE PAID TO TWELVE UNRELATED PEOPLE. ONE MILLION DOLLARS IN RANSOM HAS SO FAR BEEN PAID OUT.

IN A RECENT DEVELOPMENT, NEWTON ALFRED WINN WAS ARRESTED ON MARCH 11, 1989. HE HAS BEEN CHARGED WITH CONSPIRACY TO COMMIT KIDNAPING, EXTORTION AND PERJURY.

FOR FURTHER INFORMATION, CONTACT SPECIAL AGENT [REDACTED], FBI, JACKSON, [REDACTED].

OTHER CASES TO BE PROFILED OF NO INVESTIGATIVE INTEREST TO THE FBI INCLUDE:

1. A CASE IN WHICH TWO MEN, ROBERT DOZIER AND JOHN RUSSELL, CLAIMED THAT THEIR BOAT, THE "FREEDOM II" WAS STRUCK BY A FREIGHTER NEAR SAN FRANCISCO AND WAS SUNK. THEY REPORTED THAT RUSSELL'S WIFE, SUZANNE RUSSELL AND A FRIEND KRISTEN TOMLIN, WENT DOWN WITH THE BOAT AND WERE MISSING. AUTHORITIES HAVE REASON TO BELIEVE HOWEVER, THAT THE BOAT SINKING WAS FAKED AND WAS PART OF AN ELABORATE INSURANCE FRAUD SCHEME THAT MIGHT INVOLVE MURDER. BOTH MEN ARE WANTED BY LOCAL AUTHORITIES.

FOR FURTHER INFORMATION, CONTACT [REDACTED], LOS ANGELES POLICE DEPARTMENT, {LAPD} HARBOR DIVISION, [REDACTED].

2. ANOTHER CASE SCHEDULED FOR PROFILE UNDER INVESTIGATION BY THE LAPD, INVOLVES LOS ANGELES DISC JOCKEY AND NIGHT CLUB

OWNER, LEE SELWYN. SELWYN, WAS STRUCK AND KILLED ON OCTOBER 8, 1988 WHILE RIDING HIS MOTORCYCLE.

THE HIT AND RUN DRIVER OF THE VEHICLE THAT KILLED SELWYN WAS APPARENTLY INVOLVED IN AN ALTERCATION WITH SOME OF SELWYN'S FRIENDS ONLY MOMENTS BEFORE HE RAN HIM DOWN UTILIZING A RED AND WHITE FORD BRONCO OR CHEVROLET BLAZER.

FOR FURTHER INFORMATION CONTACT DETECTIVE [REDACTED], LOS ANGELES POLICE DEPARTMENT AT [REDACTED].

3) AN ADDITIONAL SEGMENT OF THIS PROGRAM WILL DISCUSS THE "SON OF SAM" CASE AND WILL SPECULATE THAT OTHER INDIVIDUALS MAY HAVE BEEN INVOLVED WITH CONVICTED "SON OF SAM" MURDERER, DAVID BERKOWITZ.

CONTACT [REDACTED], THE DISTRICT ATTORNEY'S OFFICE, QUEENS, NEW YORK, [REDACTED], FOR FURTHER INFORMATION.

PLEASE ENSURE THAT APPROPRIATE INVESTIGATIVE PERSONNEL ARE AWARE OF THIS WEDNESDAY EVENING TELEVISION PROGRAM.

FOR INVESTIGATIVE PURPOSES, YOUR DIVISION MAY WISH TO VIDEO TAPE THIS PROGRAM.

On January 17, 1982, BIENVENIDO MEDINA, former Recording Secretary, LABORERS LOCAL 332, was beaten to death in his home by five men wearing Halloween masks.

Two days prior to his death, MEDINA resigned as Recording Secretary of LOCAL 332 and announced his intention to form his own slate and opposed SAMUEL STATEN for STATEN's position as Business Manager.

During the afternoon of January 17, 1982, MEDINA held a meeting in the basement of his home to organize his slate. Several hours following this meeting, he received a telephone call from a close friend and political ally of STATEN's. This individual told MEDINA that he was going to jump ship and support MEDINA in the upcoming union election. He asked MEDINA to come down to a Center City Philadelphia nightclub to talk. MEDINA said no and told this individual to come to his house.

Several hours later, five males wearing Halloween masks, dark shirts, and gloves entered MEDINA's house. One of the men took MEDINA's wife, tied her up and gagged her in a back bedroom. By her account, she heard arguing and then banging noises, and the men left the house leaving her tied up.

MEDINA's body and his wife gagged and bound were found by her daughter.

METROPOLITAN AREA NEWS IN BRIEF

Police believe that the fatal bludgeoning of a former union official was either the result of an attempted robbery or of strife within the union, a police source said yesterday.

*Bienvenido*Medina, #49, of the 4000 block of North 10th Street, was beaten to death early Sunday by five masked men, police said. Last Thursday, *Medina* had resigned as unpaid recording secretary of laborers local 332 and announced his intention of running for the post of local business agent.

Police said that in addition to resigning his union post, *Medina* had been fired last week from his job as the union's field representative, for which he was paid \$37,000 a year. A police source said *Medina* asked for the return of some money he had donated for a union election campaign. The source said it is not yet known whether the money was returned. Union officials were unavailable for comment.

A fire of undetermined origin routed 30 people from 12 apartments at the Hunters Glenn complex in Delran, N.J., early yesterday, fire officials said.

Volunteer firefighters from Delran were joined by companies from the neighboring Burlington County towns of Riverside and Cinnaminson in fighting the 1 a.m. blaze. Four firefighters were treated for minor injuries at Zurbrugg Memorial Hospital in Riverside and released.

Burlington County Fire Marshal Evan Kline said the cause of the fire which was brought under control at 2:14 a.m., was being investigated. He said he was checking with maintenance men who reportedly thawed frozen pipes in the complex earlier in the day.

The State of Delaware has fallen more than \$6 billion behind in its payments to the State Employees Pension Fund, according to a report released yesterday by State Auditor Thomas W. Spruance.

Spruance said the shortfall occurred because various state departments, particularly those that received special appropriations during the year to hire extra workers, failed to pay the full amount due the pension fund.

fiscal years 1976 through 1980.

Spruance said the state probably would increase its contribution to the fund until the shortfall is remedied. He said, however, that the fund is basically sound and that benefits are not endangered.

The owner of a motorcycle repair shop in Upper Oxford Township was fined \$250 in Chester County Court yesterday and placed on one year's probation in the shooting death of his wife.

Richard Sexton, 37, of Catawount Road, Upper Oxford Township, was convicted last year of involuntary manslaughter after admitting that he shot his wife, Collette, 34, during a quarrel the morning of Nov. 4, 1980. He maintained that it had been an accident.

"In this case, I don't think a jail sentence would accomplish anything," said Judge Lawrence E. Wood.

BY MAIDA ODOM
SECTION: LOCAL
EX-UNION SECRETARY FOUND SLAIN
BEATEN TO DEATH IN HUNTING PARK

By Maida Odom
Inquirer Staff Writer

A former union official was beaten to death in his Hunting Park home, covered with a sheet and left on his bed early yesterday, according to police.

They blamed the murder on five masked men believed to have entered the house through an unlocked front door.

*Bienvenido*Medina, 49, who resigned last week as recording secretary of Laborers Local 332, was pronounced dead at the scene at 4:30 a.m. Police said a medical examination indicated he died as a result of blows to his head by a blunt instrument.

Gloria Baez, 44, who lived with*Medina*in the house in the 4000 block of North 10th Street, was bound and gagged and thrown onto a bed in another room during the beating, according to police Lt. Arthur Woodie.

Woodie said that there was no indication that*Medina*was robbed and that police did not have a motive for the slaying.

Mrs. Baez was discovered by her daughter, Nancy Cabrera, 19, who also lives at the house. Ms. Cabrera said in an interview that she returned home from a baby shower about 4 a.m. yesterday and found the front door open. The only light in the house was in a back bedroom, where she found her mother lying on the bed, Ms. Cabrera said. Mrs. Baez' hands and feet had been tied with a telephone cord, apparently ripped from the wall, and the collar had been torn from her red dress and stuffed into her mouth, Ms. Cabrera said.

Ms. Cabrera said she asked neighbors to call police. She said that she checked the other two bedrooms but did not see*Medina's*body because it was covered. Police discovered*Medina's*body while searching the house.

Mrs. Baez told police that*Medina*had come upstairs to the bedroom, deliberately leaving the front door open because he was expecting visitors. Sometime after midnight, Mrs. Baez, who said she was ironing clothes in the middle bedroom, told police that she heard someone come in the house and yell

00479/005

BIENVENIDO & MEDINA

for *Medina,* who advised the visitor to come upstairs.

Seconds later, police said Mrs. Baez told them, she saw five men in Halloween masks come upstairs. One of them threatened her with a knife and took her into the back room, where she was bound and gagged, she said. Mrs. Baez said she could hear "banging and arguing" in the front bedroom. About 3 a.m., she told police, she heard the assailants leaving.

On Thursday, *Medina* resigned as union recording secretary and announced his intention of running for business agent for Local 332, according to his brother, Carlos. On Saturday, 40 union members assembled at *Medina's* home to begin discussing the campaign and the July election, his brother said in an interview.

Medina, who came to the mainland from Puerto Rico more than 40 years ago, was a union member for 23 years. He worked 15 years as a union official - first as a field representative and later as an officer. Carlos *Medina* said his brother had never discussed having any enemies. He described the victim as "a very good person, a very honest person who worked for his union and tried to help people."

BY JACK MCGUIRE
 UNION OFFICIAL SLAIN IN HOME
 By JACK MCGUIRE

*Bienvenido*Medina, a long-time labor official who was mounting a campaign to become business agent of his union local, was bludgeoned to death by five men he had apparently invited into his Hunting Park home early yesterday.

One of the assailants - all of whom wore Halloween masks - pointed a knife at Gloria Caez, 44, *Medina's* common-law wife, and forced her into a bedroom, where she was bound and gagged and left lying on a bed. Caez said she heard voices loud in argument and then a sudden silence.

Police found *Medina*, 49, until last week recording secretary of laborers Local 332, lying under the covers on a bed in a room next to the one where Caez had been left. The attackers had hit *Medina* on the head several times with a blunt instrument. He was pronounced dead at the scene by an assistant medical examiner about 4:30 a.m.

POLICE SAID THERE was no indication that *Medina* had been robbed, and could offer no immediate motive for the brutal slaying. Investigators refused to speculate whether *Medina's* death was connected in any way with his seeking the office of business agent in Local 332. He had been the local's recording secretary until last Thursday when he resigned, announcing his intention to run for the office of business agent.

Medina's brother, Carlos, said the victim had been a union member for more than 23 years and a union official for the past 15 years. Carlos *Medina* said his brother had also served as a union field representative and had never said anything about having any enemies.

CAEZ TOLD POLICE she was ironing clothes about midnight in a second-floor middle bedroom of the home in the 4000 block of N. 10th Street when someone came in the front door and shouted for *Medina*, who was also on the second floor. He had left the front door open, Caez told police, because he was apparently expecting visitors.

Medina called down to the men to come to the second floor, Caez told police, and it was then she saw that the men were wearing Halloween masks. One of them, armed with a knife, forced her into a back bedroom, where her hands and

feet were bound and the collar of her dress ripped off and thrust in her mouth.

Nancy Cabrera, 19, Caez's daughter, who lives at the house, discovered her mother in the bedroom when she returned from a baby shower at 4 a.m. yesterday.

CABRERA TOLD police the front door was open and that she went immediately to the bedroom because a light was shining from the room.

Cabrera got some neighbors to call police. Officers answering the call discovered Medina's body. Cabrera said she had looked in the other two bedrooms but hadn't seen Medina's corpse, which had been covered with bedclothing.

Caez told police that as she lay bound and gagged on the bed, she heard "banging and arguing" from the adjoining bedroom where Medina and the men were meeting.

Carlos Medina said his brother came to the mainland from Puerto Rico 40 years ago, and was active in neighborhood affairs. Last Saturday, in the wake of his decision to seek the office of business agent, Carlos said, 40 union members had gathered at his brother's house where preliminary campaign strategy was discussed for the union election scheduled for July.

MEDINA HAD LIVED at the Hunting Park address since last summer, and did not appear to be well known to some of his neighbors. However, Maria Santiago yesterday described Medina as "somebody who would try to help you if you needed help."

Santiago said Medina had helped neighbors build fences as a means of keeping vandals at bay, and she believed he was involved in a block patrol program that was designed to keep watch to prevent crime in the neighborhood.

PROCESS

On November 19, 1988, a true bill indictment was returned by Federal Grand Jury, Western District of Arkansas, Harrison, Arkansas, charging subject with violation of Title 18, U. S. Code, Section 1341 and 1323. Warrant in possession of U. S. Marshal, Fort Smith, Arkansas.

OFFENSE

Subject operated a "ponzi" scheme in the Hot Springs area for the past several years resulting in approximately \$4 million loss to victims. Subject was active in ALCOHOLICS ANONYMOUS (AA) and the majority of his victims in the Hot Springs area were AA members. Former associates state that subject will continue his contact with AA.

Receiving offices are requested to bring this to the attention of appropriate investigative and support personnel.

Referenced teletype informed that the television program, "UNSOLVED MYSTERIES" has requested cases involving bank robberies and kidnappings. NK Division would like to submit the following series of armed bank robberies for consideration to be aired on the television program "UNSOLVED MYSTERIES."

Since 5/88, a series of armed bank robberies have occurred in the Northern and Central Counties of New Jersey. In each robbery, a lone white/male has entered the bank, announced a robbery and displayed a handgun. During the 1/12/90, robbery of the Lakeland Savings Bank, Montague Township, New Jersey, one of the tellers informed the robber that his gun looked like a toy gun. The robber responded by stating, "It's no toy" and proceeded to fire one round into the wall. No one was injured. In all instances, after receiving money from the victim teller(s), the individual has fled the bank on foot. No vehicles have been observed with the exception of the 5/20/88, robbery of the Fellowship Savings and Loan, Verona, New Jersey. Eyewitnesses reported seeing the robber flee in a silver Peugeot.

Due to the similarity of the method of operations (MO) it would suggest that these robberies are being coordinated by one individual, however, descriptions provided by witnesses would suggest at the least, that these robberies have been committed by a team of two individuals. The possibility, however, does exist that these robberies have been committed by two totally separate and independent individuals.

Investigation conducted by the FBI, local county prosecutor's offices and police departments has resulted in the following description of one individual believed to be involved in several robberies:

Sex	Male
Race	White
Age	25-30
Height	5'10" - 6'
Weight	160 - 180 pounds
Build	Thin
Hair	Brown, wavy, shoulder length
Complexion	Acne, pock-marked checks
Clothing	Dark baseball cap, dark glasses (possibly prescription)
Miscellaneous	Left handed

Additionally, the following description of the unknown bank robber was provided in several of the robberies:

Sex	Male
Race	White
Age	Approximately 25
Height	5'10" - 6'
Weight	160 - 170 pounds
Build	Medium
Hair	Brown to dark brown, short
Clothing	New York Mets baseball cap, peach colored t-shirt, gold framed tinted eyeglasses (possibly prescription)

It is believed that the identification of either of these individuals will be of invaluable service in solving many, if not all, of the robberies. Newark is in possession of numerous photographs and bank surveillance videotapes ranging in quality from poor to good that are available for review.

88A-C-14871

All County prosecutor's offices and local law enforcement officials have been contacted and have no objection to the publicity generated regarding these bank robberies should they be aired on UNSOLVED MYSTERIES.

This particular series of unsolved bank robberies has been featured on local "Crime Stoppers" television programs and also during a segment of New York's NBC Nightly News and WWORTV Channel 9 News.

Any assistance that "UNSOLVED MYSTERIES" can provide to ensure maximum exposure will be greatly appreciated. For further information contact can be made with Newark case agent, SA

bank robberies tied to one suspect

long-haired, acne-scarred bandit

bank robber and a photograph taken during one of the holdups, of what police believe is the same suspect.

FBI officials said the four robberies, which have occurred since August in Garfield, Newark, Kearny, and Wallington, may be connected to bank robberies in Fairview and North Bergen. They did not elaborate.

In the four robberies, the man pulled a small handgun and directed tellers to fill a bag with money. No injuries were reported, and authorities did not say how much cash was taken.

The composite, created after the holdups in Newark and Kearny, shows a white man, 25 to 30 years old, 5-foot-7, 160 pounds, with shoulder-length wavy black hair, a medium build and severe acne. He wore dark glasses and a dark baseball cap.

The FBI released a photo of the man who robbed the Washington Savings Bank at 357 Paterson Ave., Wallington, on Aug. 2. Authorities said they think it is the man who fits the composite.

The man pulled a small handgun and directed tellers to fill a bag with money.

The man fled with an accomplice, who joined him outside, the FBI said. Authorities have described the accomplice as white, stocky, 5-foot-7, 180 pounds, and wearing a mustache.

On Oct. 3 in Garfield, the man held up two tellers at the Hudson City Savings Bank at 169 Lanza Ave., placed the money in a blue duffel bag, and ran. The last two robberies occurred at branches of the Howard Savings Bank in Newark on Oct. 26 and in Kearny on Nov. 29.

FBI officials are asking anyone with information to call their Newark office at 622-5613.

AREA — Photographs taken of a suspected armed bank robber who has hit Morris, Essex and Union County banks and is expected to strike again before Christmas were released last week.

The thief, who has taken \$50,000 from local small bank branches, was captured on film by a hidden camera during the March 28, 1989, robbery of the Howard Savings Bank on Springfield Avenue in Summit. Photos were released Monday by the law enforcement team investigating the robberies.

According to Det. Richard Misuriello of the Summit Police Department, the alleged perpetrator, if still in the area, will rob another bank before Christmas.

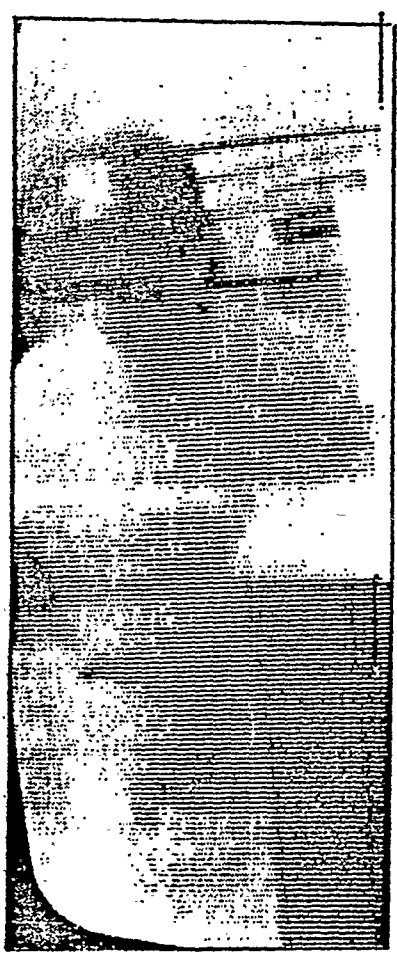

"If he's still in the area, he's going to hit one," he said.

Lt. Richard Dorsi of the Chatham Township Police Department also said the investigation in which he and Det. Misuriello are participating points to the likelihood of another bank heist before Christmas.

"He's well overdue," said Lt. Dorsi. He said the man might have realized the investigation has expanded and may have moved on.

"If he uses his head, he's done in this area. Smart crooks give cops credit," he said.

Robberies attributed to the suspect, who has been described by police as a white male in his early to mid twenties, 5 feet 11 inches tall with dark hair and medium build, have occurred at the Verona branch of the Gibraltar Savings and Loan on May 20, 1988; the Howard Savings Bank in Summit on March 28, 1989; Mayflower Savings and Loan in Livingston on May 16, 1989; the Howard Savings Bank in

Summit cops release suspect's photograph

SUMMIT — City police on Monday released a photo of a man wanted in connection with seven bank robberies in three counties over the past year and said he may strike again before Christmas.

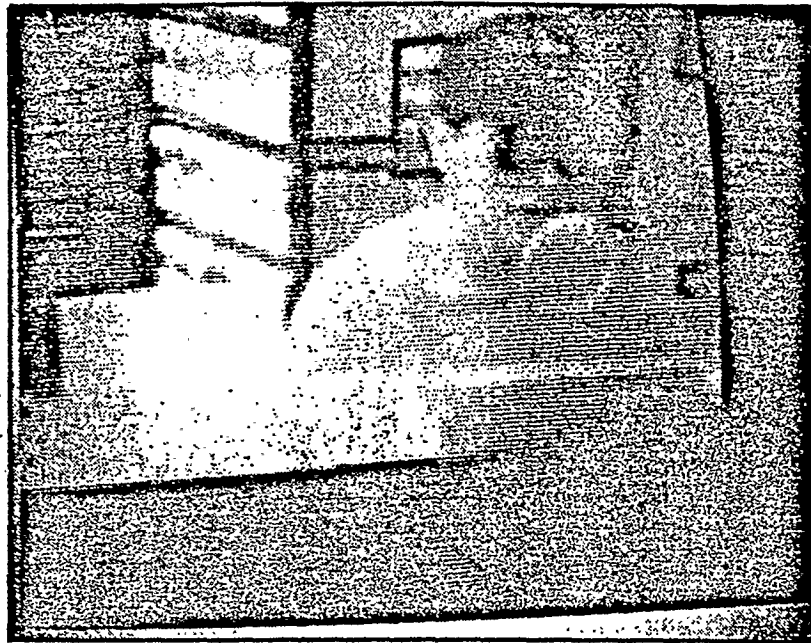

The lone gunman, whose picture was captured on a hidden camera in a Summit bank, has already taken nearly \$50,000 from small branch locations, said Detective Richard Misuriello.

The last hold-up was Sept. 15, 1989 at the Gibraltar Savings and Loan in Hanover Township, police said.

Summit police obtained their incriminating photo during a heist at the Howard Savings Bank in Summit on March 28, 1989.

Other robberies occurred at the Verona branch of the Gibraltar Savings and Loan on May 20, 1988 and June 1989; The Mayflower Savings and Loan in Livingston on May 16, 1989; The Howard Savings Bank in Rockaway on July 20, 1989 and the Chatham Savings and Loan in Chatham Township on Aug. 4, 1989.

The man is described as a white male, in his early to mid 20s, 5-foot 11-inches tall, with a medium build and dark hair, police

said.

In addition, the man has worn a N.Y. Mets baseball cap and dark sunglasses in almost every incident, police said.

The robber also was seen fleeing one of the hold-ups in a silver Peugeot automobile, police said.

Misuriello said more than 1,000 man hours have been devoted to investigating these robberies, including FBI officials, local police departments and members of the Union, Essex and Morris county prosecutor's offices.

In each case, the suspect has robbed small branch banks with few employees and has made his

move when there were few customers in the bank, police said.

The robber usually carries a white plastic bag with red lettering and forces the teller to fill it with money.

While the gunman has never verbally threatened any of his victims, police said he has always made the gun very visible.

A reward has been offered for any information leading to the identification and arrest of the suspect.

Anyone with information is asked to call FBI officials at 622-5613 or Summit Police at 273-0051. All calls will be kept confidential.

According to police reports, the man has worn a N. Y. Mets baseball cap and metal-rimmed dark glasses during each robbery. He also carried a white bag with red lettering that he used to carry the money out of the bank.

On one occasion a silver Peugeot with covered license plates was seen leaving the scene of the crime, police said.

According to Lt. Dorsi, the thief is calm during the robberies and speaks politely to the tellers he holds at gun point:

"Fortunately, this guy isn't the type who wants to hurt anyone, but he does have a gun and there is always that chance," he said. The suspect, according to police, chooses small banks with few employees and strikes when there are few customers in the way.

The combined forces of local police departments, FBI officials and members of the Union, Morris and Essex county prosecutors' offices have logged more than 1000 hours investigating the case

"It takes time and a lot of man hours," said Lt. Dorsi. "We're running in all different directions and looking at suspect after suspect. So far we're coming up with a dry well."

A reward has been offered for information leading to the arrest of the suspect. Anyone with information is asked to call either the Summit or Chatham police departments at 273-0051 and 377-0100, respectively, or FBI officials at 622-5613. Calls will remain confidential.

Bank robber expected to strike by Christmas

By GABRIEL H. GLUCK

Police in Union, Morris and Essex counties are convinced that a gunman who committed seven bank robberies in the tri-county area will strike again before Christmas.

Armed with what police believe is a black, snub-nose .38-caliber revolver, the lone gunman has stolen nearly \$50,000 from small branch banks in the three counties over the past year, according to Summit Detective Richard Misuriello.

"We expect he's going to hit a bank before Christmas," said the detective, noting that the robber's last heist was on Sept. 15 at the Gibraltar Savings and Loan Association in the Morris County Mall, Hanover Township.

"We didn't put (identifying) photos out sooner because we didn't want to scare him. But now we figure he's long overdue," Misuriello said.

Authorities are hoping the public can help them solve the case and that someone will recognize the robber, described as a white male, in his early to mid-20s, 5 feet, 11 inches tall, of medium build, and having dark hair.

In almost all the holdups, the thief wore a N.Y. Mets baseball cap and dark, wire-rimmed sunglasses.

Although police were hampered in their investigation because some of the banks did not have security cameras, investigators finally were able to get a picture of the thief when he robbed a bank in Summit.

The gunman was seen making his getaway in a silver Peugeot in only one of the robberies, so police are not sure whether the car is his. However, police said the license plates were covered with rags, leading investigators to believe the vehicle may have been the thief's and not a stolen car.

Misuriello estimated that more than 1,000 man-hours have been devoted to these robbery cases, noting that investigators from the FBI, the prosecutors' offices in the three counties, and local police departments have been pursuing every lead.

Police believe their suspect pulled his first bank job at the Verona branch of Gibraltar Savings and Loan Association on May 20, 1988, a bank he would return to in June of this year.

The robber also has been connected to the March 28 holdup of the Howard Savings Bank in Summit; the May 16 robbery at Mayflower Savings and Loan in Livingston; the Rockaway branch of the Howard on July 20, and the Aug. 4 robbery at the Chatham Savings and Loan in the Chatham Mall, Chatham Township.

In every case, the robber has sought out small branch banks with few employees and has pulled his jobs when there were few customers in the bank, according to Chatham Township Detective Jim Ford.

"He seems to also pick them in small shopping centers," Misuriello said.

The thief usually carries a white plastic bag, with red lettering, and instructs the bank teller to fill the bag with money. He's usually soft-spoken, with no discernible accent, according to the detectives.

While their suspect has never verbally threatened any of the tellers, he has always made his revolver visible the investigators said.

"We think that somebody knows who this guy is, who could help us," Misuriello said, adding that investigators expect their suspect will need "Christmas cash" soon.

"If he's still in the area, he's going to hit us," the detective said.

Bank robberies 1-man

By BILL REYNOLDS
The Daily Journal

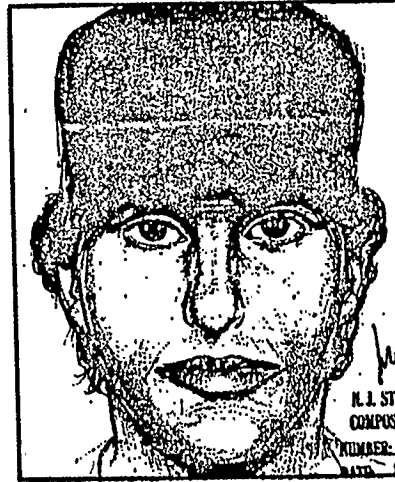

The robbery of the Howard Savings Bank in Summit last March presented few surprises to investigating police and FBI agents.

A lone thief wearing a Mets cap and dark sunglasses walked into the bank, showed a teller a gun, demanded money and was handed about \$8,000. He bolted out the door and was last seen running down Springfield Avenue.

"Whoever this guy is, he's not exceptional," said Gary Rohen, the supervisor of the Violent Crimes Squad for the FBI's Newark division. "He's just lucky."

Although the FBI reports the number of bank robberies in New Jersey rising slightly after a lull of several years, the agency predicts it can contain the crime. Eliminating bank robbery completely, however, is another matter.

With scattered exceptions, the days when a heavily armed gang would burst into a bank, fire

shots, order people to lie down and force the bank manager to open the vault are over. Two thieves are less common than one in a modern bank robbery.

In the Summit case, the thief was in the bank less than three minutes, about the same time it took police to respond to the

scene. The incident became more routine when the culprit was linked to subsequent bank hold-ups in Chatham, Roxbury, Hanover, Livingston, Garfield, Verona and four other towns.

The suspect was never caught, but apparently ended the robbery spree after pillaging a bank in

Cedar Knolls on Sept. 15, the FBI said.

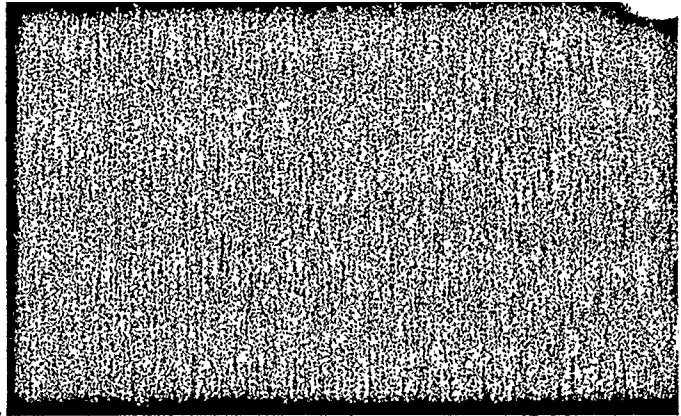

The 12 robberies attributed to the Summit suspect were similar to the majority of the other 55 bank robberies that took place during 1989 in New Jersey (excluding Gloucester, Salem and Camden counties), said Rohen.

Most of the lone thief passed the teller and escaped as possible.

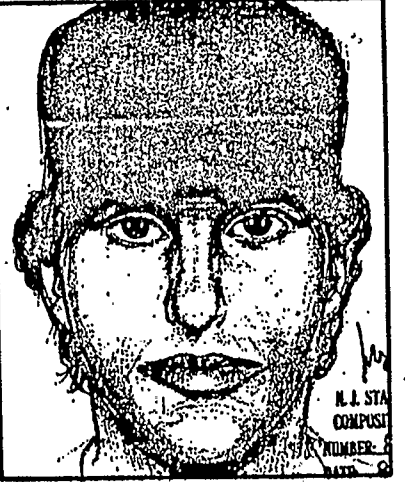

In addition to the robberies in the area involving direct physical contact, investigators have

Most of the holdups involved a lone thief passing a note to a teller and escaping as quickly as possible. In addition to the 67 bank robberies in the state last year involving direct or implied threats of physical harm, the FBI investigated seven bank burglaries

and six cases of bank larceny for a total of 80 cases. The equivalent number for 1988 was 72. Rohen said the rate has been basically steady for more than a decade, although the number of cases annually jumped

100 during a wave of bank robberies between 1978 and 1984. During that period, lone robbers were joined by gangs like the one that held up the City Federal branch on Stuyvesant Avenue in Union and the radical group The New World of Islam, which pulled off more than a dozen heists before being broken up by police.

While 26 percent of all robberies in the state during 1989 resulted in prosecutions, 45 percent of the bank robbery investigations yielded prosecutions, according to the FBI. The bank robbery figure would nearly double if the Summit suspect is caught and if he was responsible for the 11 other robberies.

Cooperation between the FBI,

local police departments and the banking industry are partly responsible for keeping the number of bank robberies under control, said Rohen. Many potential bank robbers are deterred by the risk of capture, the relatively small amount of money usually seized and fear of prosecution by federal authorities, he said.

Regardless of deterrents, the FBI is under no illusion that it can eradicate bank robbery.

"It's a cyclical crime in nature, like other violent crimes," said Rohen. "You'll never wipe it out."

"We can only guess the reasons people become involved in it. But as a bank robber caught in the 1960s answered when asked why he robbed banks, 'That's where the money is,'" Rohen said.

Depression-era bank robber Willie Sutton first coined that phrase and used it as the title for his autobiography.

Before Howard Savings was robbed in March, there had been no bank robberies in Summit since there were two in 1980, said Detective Richard Misuriello of the city police. Three bank hold-ups in the decade was not unusually low for a New Jersey municipality, he said.

In densely populated Elizabeth there were three bank robberies in 1989 and in Plainfield there were two, according to the FBI.

Union Township police were surprised when two local banks were held up in December, said Capt. William O'Rourke. Usually

the township undergoes one bank robbery a year.

In the first instance, Carteret Savings Bank on Route 22 was held up by a robber who handed a teller a threatening note. A 29-year-old Newark man was arrested and charged with the crime a week later after Mountainside and Union police pursued the suspect because he was driving a stolen car. The solitary thief who robbed United Jersey Bank on Route 22 on Dec. 29 remains at large.

O'Rourke said for many criminals, holding up gas stations involves less risk and more profit than robbing banks. But once the bank robber has struck, he's likely to do so again and again, he

said.

In 1988, "the pa bandits" robbed more than a dozen banks along the State Parkway. James C. who once lived in Linden sentenced to 30 years in prison for the robberies, a partner, Demetrio Ricard Elizabeth, is awaiting sentencing.

"These bank robbers times spend 20 seconds bank because they know response time is usually two minutes," said Misuriello. "They get what they can get. But they usually don't get more than a few thousand dollars."

In 1988, "the parkway bandits" robbed more than a dozen banks along the Garden State Parkway. James Casiano, who once lived in Linden, was sentenced to 30 years in federal prison for the robberies, and his partner, Demetrio Ricardione of Elizabeth, is awaiting sentencing.

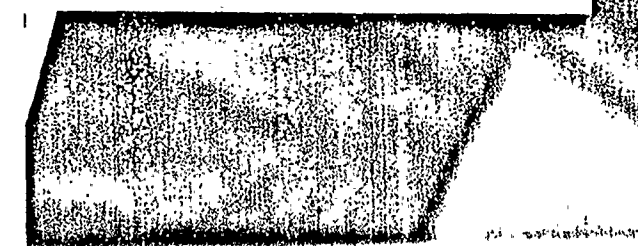

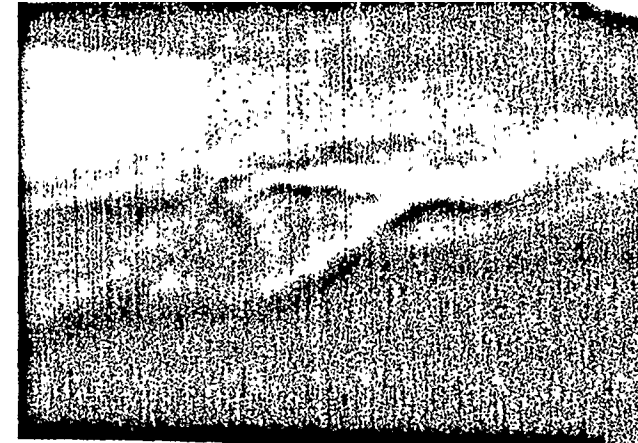

"These bank robbers sometimes spend 20 seconds in the bank because they know police response time is usually about two minutes," said Misuriello. "They get what they can and go. But they usually don't get more than a few thousand dollars."

The head security official for a large regional bank, who did not

want to be identified, said most banks were highly security conscious. "I can say unequivocally we're not having security problems internally or externally," he said.

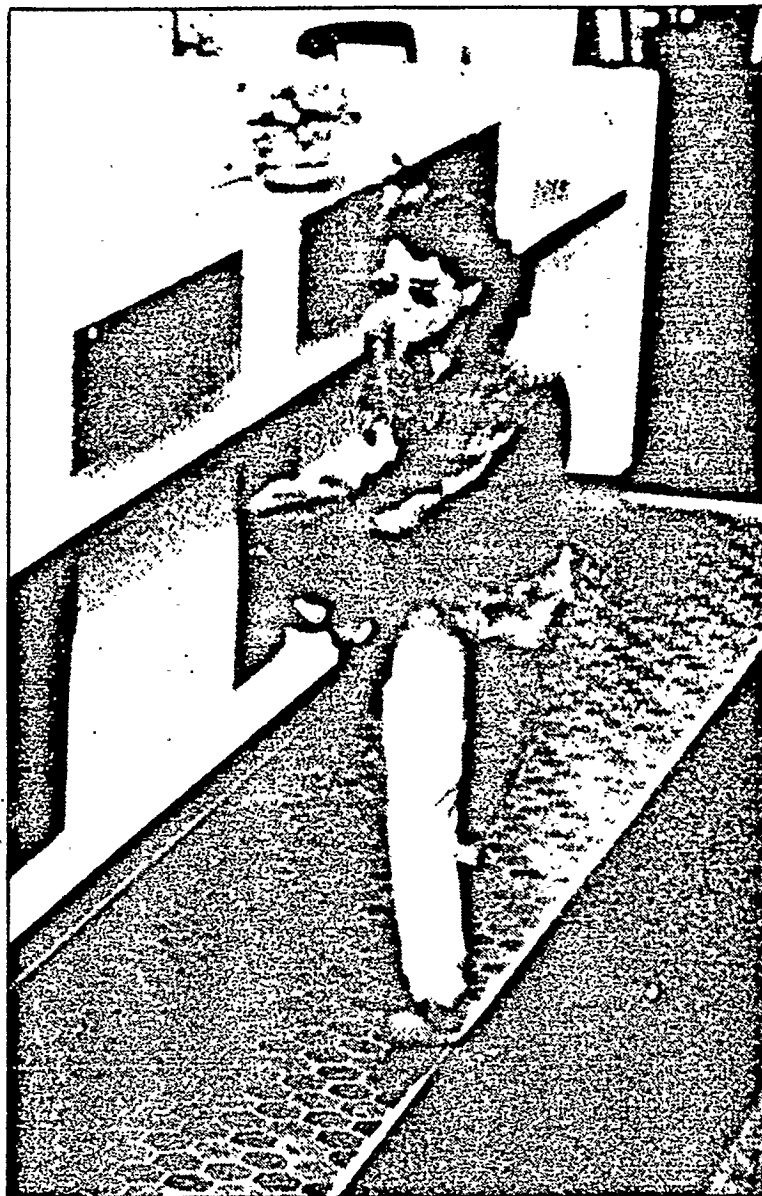

Misuriello had a different opinion. Many banks don't properly train employees, don't have transparent counter security shields, don't provide tellers with bait money or use video cameras of poor quality, he said.

Rohen said, in general, bank security was better than it was a decade ago. That, combined with the fact that bank robbery was not highly profitable, is sufficient to prevent a bank robbery epidemic, he said.

Bandit in action

The FBI has released this photograph of a man suspected of robbing eight banks of an undisclosed amount of money in Bergen, Hudson and Essex counties since May 1988. The robberies were in Verona, Wallington, Garfield, Newark, Kearny, Belleville, Lodi and Livingston, the FBI said. The photograph was taken from a bank surveillance camera. Anyone with information should call the FBI's 24-hour hotline at 622-1412.

For the information of FBIHQ, the purpose of the submission of this communication is to obtain publicity which might lead to the identification and arrest of the UNSUB described and depicted in the above enclosures. All communications pertaining to this matter should be directed to Dallas file 91A-9411, entitled, "UNSUB; NABRA #4040; FIRST TEXAS SAVINGS, 15635 Coit Road, Dallas, Texas; 7/3/86; BR; OO: DALLAS."

For the information of the Special Productions Unit, the UNSUB described in the enclosures is believed responsible for twelve bank robberies in the Dallas Division since July 3, 1986. The same UNSUB is also believed responsible for six San Diego Division bank robberies, four Los Angeles Division bank robberies, and one San Antonio Division bank robbery. The UNSUB'S responsibility for these robberies has been assigned as the result of comparison of modus operandi utilized in the robberies, and on similarity in appearance and physical description. To date, the UNSUB has robbed twenty-three federally insured institutions, and has obtained in excess of

[REDACTED]

The number and frequency of bank robberies committed by UNSUB, his obvious willingness to use the handgun he carries, and his propensity to travel between California and Texas while committing bank robberies, he has become the most notorious active bank robber in Texas.

Dallas notes that this UNSUB has previously been featured in the "roll call" segment of captioned program. Since that time, the UNSUB has committed additional bank robberies, and no positive information regarding the UNSUB'S identity has been developed. Dallas believes that if the details of UNSUB'S bank robbery activity were depicted, and the public was afforded ample time to view the bank robbery surveillance photographs, valuable leads regarding the UNSUB'S identity may be obtained.

Dallas has discussed the airing of this case on "UNSOLVED MYSTERIES" with Dallas County, Texas, Assistant District Attorney [REDACTED] Collin County, Texas, Assistant District Attorney [REDACTED] Assistant United States Attorney [REDACTED] Northern District of Texas, and Assistant United States Attorney [REDACTED] Eastern District

Dear [Redacted]

[Redacted] of my staff told me of your recent telephone call asking that I appear on "Unsolved Mysteries." As she informed you, previously scheduled commitments prevent my accepting this offer; however, I have made tentative plans to assist you on August 6, 1991.

You can be justifiably proud of the valuable contribution your program is making to both law enforcement and the American public. Please do not hesitate to contact my staff if we can be of any further assistance.

Sincerely yours,

Slaying suspects identified

5 sought in shooting of teens in bathtub

By Rachel Boehm

Staff Writer of The Dallas Morning News

Dallas police have identified five reputed drug dealers suspected of killing one teen and wounding three others last week to "leave a message" to stay off their turf.

Police believe all five are members of a Jamaican drug posse that controls much of the South Dallas drug trade.

The teens, who were shot last week in a South Dallas crack house, were targeted by the gunmen because they were dealing drugs on the Jamaicans' turf, said homicide Detective Chuck Hudson.

"They put them in that bathroom to kill them — to leave a message to other people dealing in that area," Detective Hudson said.

Jamaican drug dealers in recent months have clashed with Nigerian drug dealers who are trying to take control of several South Dallas neighborhoods, narcotics officers said.

Undercover officers said crack houses in the Fair Park area and in the area where the shooting occurred have become hotly contested. Jamaican drug dealers, known for their ruthless brand of street justice, have been fighting back by raiding competing crack houses, said one investigator who asked that his name not be used.

"These are two violent groups," he said. "From what we hear this is something we could see more and more this summer."

Warrants were issued Tuesday for Randy Shawn Brown, 19, known by the

street name of "Baby Face"; Mark Anthony Larmond, 19, known as "Uzi" or "Trouble"; Christopher Barrionte, 20, and Phillip King, 21, Detective Hudson said.

A warrant was issued June 1 for the fifth suspect, Michael Charles Edwards, 19, known as "Money Mike," Detective Hudson said.

Police believe the men fled Dallas, possibly to Brooklyn, N.Y., shortly after the shooting May 31. Detective Hudson said the men are part of a Jamaican drug ring based in Brooklyn, although only two of the five are Jamaican.

All five men are out on bond on other charges, including drug-related, aggravated assault and auto-

theft charges, Detective Hudson said. The Drug Enforcement Adminis-

tration, the FBI and the New York Police Department have been notified of the warrants, but authorities

may have their best chance of catching the men if they return to Dallas, he said.

"They feel the heat's off if they're gone a couple months," he said. "They'll come right back."

Junior Ray Maham, 15, died of gunshot wounds after robbers herded him and four other teens — Kenneth Covington, 19, a 14-year old boy and two 16-year-old girls — into the bathtub of the apartment, in the 2700 block of Cleveland Street, and opened fire.

The only one to escape the shots was one of the girls. Covered with blood, she played dead, then ran for

help after the robbers left the apartment.

Before opening fire on the teens, the men took \$700 cash, \$1,400 in crack cocaine and assorted jewelry, the girl said.

The girl said the boys had been counting money made from \$30 to \$50 drug deals when the gunmen kicked in the apartment door. Detective Hudson said the teens were not dealing large amounts.

"They were small fish caught up in a big ocean," he said.

Staff writers Todd Copilevitz and Al Brumley contributed to this report.

(245B-148 Sub Fug 9) (88A-TP-13346)

[redacted] was indicted by a Federal Grand Jury, Middle District of Florida, Tampa, Florida, on April 29, 1988, for Federal narcotics violations, Title 21, United States Code (USC), Section 841(a)(1) and 846, and Title 18, USC, Section 2. In this 2-count superseding indictment, [redacted] did knowingly and intentionally possess with intent to distribute approximately two hundred and eighty thousand (280,000) pounds of marijuana. If convicted of these charges, [redacted] faces a minimum of 10 years to life imprisonment.

b6
b7C

Captioned investigation stems from an organization which began in the late 1970s. [redacted]

b6
b7C
b7D

[redacted] assembled and operated a cocaine and marijuana smuggling cartel which imported hundreds of thousands of pounds of marijuana and thousands of kilograms of cocaine into the United States annually, for approximately 10-12 years. This organization had access to numerous cargo vessels, ocean-going tug boats, aircraft, and barges. [redacted] currently a Federal fugitive, [redacted]

[redacted] during the late 1970s and early 1980s.

This total investigation throughout the United States, involving several other field offices, has achieved at least 80 convictions and/or guilty pleas to date. In the Middle District of Florida, Tampa, Florida, an 18-count indictment was returned against 24 individuals in 1986. Numerous spin-off investigations have resulted and over ten million dollars (\$10,000,000) has been forfeited in this, one of the most successful Organized Crime Drug Enforcement Task Force (OCDETF) investigations in the United States.

This investigation led to the indictment of Panama General MANUEL NORIEGA in Tampa, Florida. [redacted]

Due to the tremendous size and scope of this investigation, the criminal episodes which relate to the 18-count indictment returned in Tampa, Florida, are referred to by code names.

"The Bulldog" is believed to be the most successful operation of the [redacted]. Through extensive planning, this organization during June 1983, imported approximately 280,000 pounds of marijuana, on-board a barge towed by tug, named "The Bulldog". This marijuana was

(245B-148 Sub Fug 9) (88A-TP-13346)

off-loaded in Houma, Louisiana and take via tractor-trailer trucks to the New Jersey, New York, New England and Ohio areas, where it was distributed throughout the upper mid-west, east coast, including Florida, during the summer of 1983.

[redacted] for this marijuana and received approximately 22-24 million dollars in U.S. currency as his share of the proceeds.

b6

GULFSTREAM RESTAURANT, 351 Northhampton Road, Amherst, Massachusetts, on March 22, 1988, for approximately seven hundred and fifty-five thousand dollars. Subject has invested in a number of businesses and corporations in the state of Massachusetts, to include a home developing company.

[redacted] is suspected also of having invested millions of dollars of drug profits (in assumed names) in various properties throughout the United States. Subject's former stockbroker in Florida, alleges subject in 1987, was putting together a deal involving the construction of apartment houses in the Atlanta, Georgia area.

b6
b7C

Extensive fugitive investigation has been conducted by various divisions, to include toll record analysis, associate interviews, parent interviews, financial investment contacts, etc. which have been met with negative results.

Tampa Division is of the opinion that captioned subject is maintaining contact with his wife, children, and parents somewhere in the Massachusetts area. Due to subject's extensive investments in real estate and financial markets, Tampa believes that any type of publicity on a national level regarding fugitive would result in successful apprehension of him.

Should this fugitive be chosen for profile on "Unsolved Mysteries", Tampa Division can furnish further background information pertaining to fugitive's last known addresses, vehicles registered by name, etc.

SUBJECT: NBC TELEVISION SERIES "UNSOLVED MYSTERIES"

Re Bureau teletype to All Offices dated 6/29/90.

Enclosed for FBIHQ, Special Production Unit, are two packets each containing two copies of an LHM setting forth facts of the substantive offense, copies of federal and state warrants, photographs and copies of newspaper articles for subject [redacted] and subject [redacted]

b6
b7C

The facts of the offense for each subject are contained in the enclosed LHMs. Extensive investigation has been conducted to locate and apprehend both [redacted] and [redacted] however, to date, both remain in fugitive status.

b6
b7C

On 2/18/90 [redacted] was discovered using the alias [redacted] and living in [redacted] Florida. Investigation disclosed that [redacted] was tipped off and he fed on 2/16/90. He was last known to have boarded an airplane for Houston, Texas. At that time, he had \$8,000 in cash in his pocket. There have been no new sightings of [redacted] since then. Throughout the investigation [redacted] family members have been totally uncooperative and have indicated they would help [redacted] if asked.

Sacramento has discussed airing of this case on "UNSOLVED MYSTERIES" with District Attorney [redacted] Sacramento County District Attorney's Office, as well as AUSA [redacted] U.S. Attorney's Office, Eastern District of California, Sacramento. Neither objects to the publicity concerning [redacted] and his fugitive status.

b6
b7c

Initial investigation regarding [redacted] indicated he had fled to England. However, investigation conducted by Legat, London, disclosed that sources there denied that [redacted] was, or ever had been there. Information from London revealed that [redacted] wife and child were in London, but he remained in the United States. Efforts by Sacramento to verify [redacted] presence and to locate him have proved negative. Family members are uncooperative and insist they have not seen him since the offense.

Sacramento has discussed the airing of the [redacted] case on "UNSOLVED MYSTERIES" with [redacted] Assistant Chief Deputy District Attorney Sacramento County District Attorney's Office, and AUSA [redacted] U.S. Attorney's Office, Eastern District of California, Sacramento. Neither objects to the publicity concerning LAL and his fugitive status.

Sacramento requests that consideration be given for inclusion of [redacted] and [redacted] on the next "FBI Alert" segment to be aired on "UNSOLVED MYSTERIES" in order to solicit assistance from the public in locating and apprehending both fugitives.

Dear Director Sessions,

I was disappointed to hear that you would not be available to introduce the third season's edition of "FBI Alert" on "Unsolved Mysteries".

As you know, last season's series of "FBI Alerts" was quite successful -- [redacted] a "Top Toner" was captured as a result of our September 27 broadcast. To date, 55 of the cases presented on "Unsolved Mysteries" have been solved -- a 25% success rate. The cooperative "experiment" we began together 3 years ago has become one of the most successful programs on television -- two weeks ago, "Unsolved Mysteries" was the fifth highest rated show in the country.

b6
b7C

I'm hoping you will reconsider and give us an hour of your time this summer. We will of course work around your schedule to find a time that is convenient. We believe that your personal appearance emphasizes in a highly visible way the important role television can play in the FBI's fugitive program.

Thank you for considering our request.

Dear [Redacted]

I received your June 19th letter concerning my inability to appear on the first "FBI Alert" segment of "Unsolved Mysteries" when it begins its third season this fall. I genuinely regret that my schedule simply makes it impossible for me to reconsider.

As you know, my colleagues and I are very supportive of your efforts to produce this quality program, and we hope that the third season of "Unsolved Mysteries" will continue to be popular among its viewers.

With best regards,

Sincerely yours,

The facts of the offense are contained in the enclosed LHM. Extensive investigation had been conducted to locate and apprehend [redacted] however, to date, [redacted] continues in a fugitive status. Dallas believes that [redacted] has obtained complete new identification, inasmuch as early on in the investigation, information was received that [redacted] obtained new identification in Oakland, California. Family members indicate they have had no contact with [redacted] since he became a fugitive. [redacted] father recently passed away in Reno, Nevada, and investigation by the Las Vegas Division failed to disclose any contact by subject [redacted] with family members.

Dallas has discussed the airing of the case on "UNSOLVED MYSTERIES" with District Attorney [redacted] who will prosecute the local theft over \$20,000 case, and AUSA [redacted] who will prosecute the bank fraud and embezzlement case. Neither [redacted] or AUSA [redacted] objects to the publicity concerning [redacted] and his fugitive status.

Following his escape, [redacted] is known to have been responsible for the 12/14/87, robbery of the MERCHANTS AND SOUTHERN BANK OF ALACHUA COUNTY in Gainesville, Florida, in which approximately \$489,000 was taken. Since that time, [redacted] was also believed to be responsible for the robbery of the SOUTHTRUST BANK OF DOTHAN in Dothan, Alabama, which occurred on 4/25/89.

Recent information seems to indicate that [redacted] may also be responsible for two armed bank robberies occurring in Orlando and Melbourne, Florida on 12/4/89, and 6/4/90, respectively. The Tampa Office of the FBI is currently conducting investigation in regards to those two robberies.

[redacted] was previously featured on "America's Most Wanted" during February of 1989, and information was developed as to his whereabouts during 1988, in the state of Texas, however, no current information has been developed subsequent to that time.

Copies of the identification order, photographs, and other items of interest, were previously forwarded to FBI Headquarters at the time subject was featured on the FOX network "America's Most Wanted."

Additional process was obtained on 2/15/90, in which a Federal Grand Jury in Tallahassee, Florida indicted [redacted] for violation of Title 18, USC 2113(a)(d), for his role in the 12/14/87 robbery of the MERCHANTS AND SOUTHERN BANK OF ALACHUA COUNTY, Gainesville, Florida. [redacted] is an articulate, intelligent individual, who can easily influence others and who has a great love of horses and gambling. It has also been reported that [redacted] has a cocaine habit of approximately \$300 a day.

In regard to the double homicide, on 6/30/85, at approximately 1:00 a.m., victims SHERRI A. PIATER and MICHAEL R. HEIER left a rural bar. The victims then journeyed to a rural setting, known to be a "lovers' lane". It is believed that the victims were abducted and transported about 20 miles to where they were both shot with a .22 caliber weapon and a shotgun numerous times. The victims were driving a 1979 Mercury, which was owned by the [Redacted]

[Redacted] The victims' vehicle was used during part of the abduction; however, in processing this vehicle, there were no signs of blood, semen, or anything to indicate an assault. The shirt of HEIER was found in the trunk, and both victims' shoes were found on the rear floor, hers behind the driver's seat and his behind the passenger seat.

b6

On 11/17/88, the subject, utilizing the name [REDACTED] [REDACTED] was arrested by the COVINGTON, GEORGIA, POLICE DEPARTMENT, on charges of burglary, robbery, and using a weapon during the commission of a felony, after he and an accomplice hid inside a grocery store overnight and confronted the manager upon his arrival the next morning. The manager activated the alarm and when police responded, [REDACTED] and his accomplice took the manager hostage. A SWAT team eventually entered the store and apprehended [REDACTED] and his accomplice.

b6
b7c

[REDACTED] was lodged in the NEWTON COUNTY JAIL, Covington, Georgia, awaiting trial, when he escaped on 11/17/88, by scaling a fence and entering a waiting vehicle.

b6
b7c

In addition, [REDACTED] is also wanted by the MCCOMB, MISSISSIPPI, POLICE DEPARTMENT, under his true name, [REDACTED] on charges of Forgery, based on a warrant, issued 3/25/87; the RALEIGH, MISSISSIPPI, SHERIFF'S OFFICE, under his true name, [REDACTED] based on a warrant issued 1/27/88, charging him with Robbery-Business; and by the TULSA, OKLAHOMA POLICE DEPARTMENT, under the alias [REDACTED] based on a warrant issued 4/29/89, for Failure to Appear on the underlying charges of Robbery with a Firearm; Assault with a Deadly Weapon; and Kidnaping, which occurred on 12/22/84. During the latter incident, a shot was fired by the subject as officers moved in to arrest him.

Based on the request of the Newton County District Attorney, Covington, Georgia, a complaint was filed in U.S. District Court, NDGA, Atlanta, on 6/9/89, charging [REDACTED] with violation of T18, USC, Section 1073, Unlawful Flight to Avoid Confinement-Escape, and a warrant was issued the same date and is on file with the U.S. Marshal, Atlanta, Georgia. No bond is recommended.

The subject is described as follows:

Atlanta notes that in addition to the above outstanding warrants, the LOS ANGELES POLICE DEPARTMENT (LAPD), Los Angeles, California, is actively attempting to locate the subject, who is a prime suspect in an investigation in which the victim was murdered and robbed in a Los Angeles motel on 7/30/89. He has not been charged in connection with this investigation, thus the LAPD requests no mention be made of their investigative interest.

On 7/27/90, [redacted] District Attorney, Newton County, Covington, Georgia, advised he had no objection to television publicity in this matter as long as the Newton County Sheriff's Department is not depicted in an unfavorable light regarding the subject's escape from the NEWTON COUNTY JAIL.

b6
b7C

88A-AT-61796

On 7/20/90, [REDACTED] COVINGTON, GEORGIA, POLICE DEPARTMENT, advised his agency has no objection to publicity which would result from subject's appearance on the "FBI Alert" segment of Unsolved Mysteries.

b6
b7c

On the same date, [REDACTED] USDC, NDGA, Atlanta, advised she had no objection to any publicity which would result from airing this matter on Unsolved Mysteries.

Extensive investigation has been conducted to locate and apprehend the subject, who was last arrested by the ATLANTA POLICE DEPARTMENT for armed robbery on 11/23/89, but was released prior to being photographed, fingerprinted, or formally charged. He used the alias [REDACTED] on this occasion. Since that time, investigation has indicated the subject has recently been in the Jackson, Mississippi, area. However, he is known to travel throughout the country, has numerous sets of identification, and his current whereabouts are unknown.

Investigation to date has shown that the [redacted] devised a complex and well planned escape with the children. One of the techniques used by the [redacted] to remain in loose contact with relatives was the use of mail forwarding through a close friend. Extensive record searches has produced a 11/14/88 California birth record which indicates that the [redacted] gave birth to a [redacted]. According to the birth certificate ~~the event~~ took place at home, [redacted]. A check of this address indicates that the information provided by the [redacted] on the birth certificate is fictitious. Further investigation in the California area has failed to produce the [redacted] whereabouts. Interviews of persons who were familiar with the [redacted] feel that they may have adopted a communal living lifestyle somewhere in northern California. It is believed that without exposure on programs such as "Unsolved Mysteries" or "America's Most Wanted", apprehension of the [redacted] is unlikely. It should also be noted that this case may have some appeal to the producers of these programs due to [redacted] being a former minister gone bad.

[redacted] brutally gunned down two individuals outside of a local Miami restaurant in 1983. The FBI obtained an arrest warrant 2/23/88, in the Southern District of Florida charging him with TFIS in the theft of a \$200,000 trailer containing high valued cigarettes. [redacted] is described as an armed and extremely dangerous individual.

[redacted] is one of "Florida's Most Wanted Fugitives," which is operated by the FLORIDA DEPARTMENT OF LAW ENFORCEMENT, Tallahassee, Florida. On 3/2/90, a UFAP-Murder warrant was issued in Ft. Lauderdale, Florida. [redacted] is wanted by the PEMBROKE PINES, Florida, POLICE DEPARTMENT for the abduction and murder of MOHAMED DIB MUCHALLAH. [redacted] allegedly abducted the victim and another individual, bound them hand and foot, and placed tape over their mouths. The victim was subsequently transported to a canal, shot several times in the head and dumped into the canal. The second abductee was released unharmed.

The Miami Division believes that these two dangerous individuals would be suitable for inclusion in the segment "FBI Alert."

As set forth in the attached documents [redacted] was arrested on 11/17/82 in Lake Geneva, Wisconsin, on charges of delivery of cocaine. Charges were brought in Wisconsin State Court in Walworth County, Wisconsin, against [redacted]. He was released after posting a cash/surety bond. He has been a fugitive since his release.

Subsequent investigation conducted by the FBI in conjunction with the Wisconsin Department of Justice - Division of Criminal Investigation, the agency involved in the original investigation, led to [redacted] indictment by a Federal Grand Jury in the Western District of Wisconsin at Madison, Wisconsin, on 4/28/83. After his indictment, a Federal warrant was issued for [redacted] arrest.

b6
b7c

[redacted] has been sought as a fugitive by the FBI since his indictment.

Active investigation in an attempt to locate and apprehend the fugitive [redacted] outlined in the enclosed LHM, has thus far been unsuccessful.

It is believed that [redacted] maintains his fugitive status through constant change of alias identities and through assistance of associates and acquaintances who are also involved in drug trafficking activities.

On 5/16/90, AUSA [redacted], WDW, Madison, Wisconsin, advised that he has no objections to a profile of fugitive [redacted] appearing on television programs such as "Unsolved Mysteries".

On 5/16/90, [redacted] Wisconsin Department of Justice - Division of Criminal Investigation, Eau Claire, Wisconsin, advised that he has no objections to a profile of fugitive [redacted] appearing on a program such as "Unsolved Mysteries".

The submission should be self-explanatory; however, additional information, if needed, can be obtained from Special Agent (SA) [redacted], Eau Claire Resident Agency, Milwaukee Division, phone [redacted].

SUBJECT: "UNSOLVED MYSTERIES" NBC TELEVISION.

"UNSOLVED MYSTERIES" HAS ADVISED THE OFFICE OF PUBLIC AFFAIRS (OPA), THAT FBI CASES ARE NEEDED FOR SEVERAL 6-MINUTE SEGMENTS STILL AVAILABLE ON UP-COMING BROADCASTS.

"UNSOLVED MYSTERIES" IS SEEKING LATE BREAKING FBI CASES, THAT INVOLVE EITHER KNOWN FUGITIVES OR UNKNOWN SUBJECTS WHO HAVE BEEN PHOTOGRAPHED IN THE COMMISSION OF THEIR CRIME (E.G., A BANK ROBBER}. THE SHOW HAS ALSO EXPRESSED A PREFERENCE FOR BUREAU CASES WITH UNUSUAL INVESTIGATIVE TWISTS AND/OR OTHER INTERESTING FACETS THAT WOULD HOLD THE INTEREST OF THEIR VIEWERS.

"UNSOLVED MYSTERIES" IS UNQUESTIONABLY THE MOST WIDELY VIEWED "REALITY" CRIME SHOW ON TELEVISION. THE PROGRAM'S NOVEMBER 14, 1990, NIELSEN RANKING WAS NUMBER TEN.

SINCE 10-17-90, "UNSOLVED MYSTERIES" HAS BEEN DIRECTLY RESPONSIBLE FOR THE ARREST OF 5-BUREAU FUGITIVES, INCLUDING A TOP TEN FUGITIVE WHO WAS CAPTURED JUST SEVEN DAYS AFTER A BROADCAST. THE PROGRAM IS CLEARLY A PROVEN INVESTIGATIVE TOOL.

IT IS REQUESTED THAT THIS COMMUNICATION BE DIRECTED TO TO APPROPRIATE PERSONNEL WHO ARE REQUESTED TO TELEPHONICALLY ADVISE [REDACTED] THE SPECIAL PRODUCTIONS UNIT, OPA [REDACTED] [REDACTED] OF THEIR RECOMMENDATIONS, BY CLOSE OF BUSINESS, 12-14-90.

Referenced Boston airtel requested the Bureau to consider having the [Redacted] case profiled on "UNSOLVED MYSTERIES". Referenced Bureau letter advised that the [Redacted] matter had been referred to "UNSOLVED MYSTERIES" on 2/15/90 and the producers of that program had been instructed to contact Boston for further information. Referenced Bureau teletype indicated that "UNSOLVED MYSTERIES" is seeking late breaking FBI cases for several segments available on up-coming broadcasts. According to the teletype, "UNSOLVED MYSTERIES" has also expressed a preference for Bureau cases with unusual twists and/or other interesting facets that would hold the interest of their viewers.

While the [Redacted] matter is not late breaking, Boston believes the case raises controversial issues that would be of interest to a national television audience.

For example, a book published last month, WANTED FOR MURDER, by [redacted] and [redacted] profiles 37 of "America's Most Wanted Killers". The authors found [redacted] and his crimes to be of such interest that they included him in this select group and they devoted a chapter in the book to [redacted] (pages 123 through 130). The authors write that the [redacted] case is one of the best illustrations of such "controversial", and "incendiary" issues in America today as: "What is the appropriate punishment for murder?", "Is it possible for a killer to reform and to rejoin society?", "How does the state determine if, or when, rehabilitation has been achieved?" and "What about a victim's survivors' demands for retribution?".

b6
b7c

The authors write that the above questions, much like the [redacted] case are ". . . certain to divide any community into adamantly opposing sides".

b6
b7c

As set forth in the referenced Boston airtel and in the above book, [redacted] received a college degree, wrote poetry, and started a prison newspaper and radio station while incarcerated. He became, for many, the leading example in the Massachusetts correctional system of the rehabilitated prisoner and he became the darling of many of the State's "progressive and reform-minded citizens". On the other hand, there are the views of the relatives of [redacted] victims and the correctional officials who are acquainted with [redacted]

For the above reasons, Boston believes the [redacted] case would hold the interest of a national television audience and should, therefore, be considered for inclusion on "UNSOLVED MYSTERIES".

Submit the results of the inquiry in a Letterhead Memorandum (LHM), observing the following points in its preparation:

1. Do not use the character "Foreign Police Cooperation" in LHMs. The caption should be limited only to the subject(s) and aliases and substantive character (i.e., Bank Fraud and Embezzlement).

2. Information from confidential sources and techniques must be paraphrased in such a way as to fully protect their identities. When reporting information from an informant, do not use "T" symbols or the words "source" or "informant". The phrase "investigation has disclosed" or similar wording should be used.

3. The names of Special Agents and law enforcement officers are to be omitted. They must be deleted also from any signed statements submitted. Agents and law enforcement officers should be identified in the cover communication.

94-70698-443

4. Mark nondissemination copies of documents with proper classification level (Top Secret, Secret, Confidential) and authority for declassification. Mark dissemination copies with the classification level only and omit authority and extension data, reason for extension and date of review for declassification.

5. The property statement should appear on LHMs being disseminated to a foreign government.

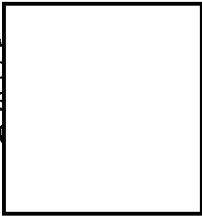

6. Secure authority to disseminate to the interested foreign government any information which was obtained from other agencies. Your cover communication must state this was done.

7. Personal addresses in the United States and social security numbers are to be omitted on LHMs unless they are pertinent to the inquiry.

Direct your responses to the attention of the Interpol/Foreign Police Cooperation Unit, Room 7458, by COB 3/31/91.

"NOW IT CAN BE TOLD" - SYNDICATED TELEVISION PROGRAM

The FBI has cooperated with captioned program on a case-by-case basis. There is no formal agreement to assist this program as we have with "America's Most Wanted" on the FOX network and "Unsolved Mysteries" on NBC.

After careful review of segments produced by captioned program, further cooperation will not be extended.

Should you be contacted by "NOW IT CAN BE TOLD" refer all calls to Special Productions Unit Chief [redacted] or [redacted] FBIHQ, Extension 5348.

NOTE: Geraldo Rivera hosts captioned program. The program has aired several segments which we believe to have misled viewers about the FBI. The Special Productions Unit (SPU) has cooperated with producers but the producers, have not cooperated with SPU. SPU requested advanced listings of segments dealing with criminal cases; the producers agreed to provide the information. They have not done so. This information is important so SPU can intelligently handle calls from the field.

NBC'S "UNSOLVED MYSTERIES" AND FOX TELEVISION'S "AMERICA'S MOST WANTED"

For your information, the FBI continues to receive encouraging results from our cooperation with "Unsolved Mysteries" (UM) and "America's Most Wanted" (AMW). As of this date, approximately 445 FBI cases have been profiled on AMW and UM. As a result of tips by viewers, 170 FBI cases have been solved. This success, blended with the unique opportunity to nationally broadcast FBI cases, can only continue with outstanding cooperation from field divisions.

Surprisingly, the Office of Public Affairs (OPA) has noticed a lack of support from some field offices through the diminished number of case submissions and Agents declining attendance to the programs' broadcasts.

The purpose of this communication is to address the following concerns by the Office of Public Affairs:

(A) Recently, cases broadcasted have been either submitted to OPA by the Criminal Investigative Division or discovered by the programs' researchers on their own. According to NCIC, the FBI has over 1,500 outstanding substantive cases and over 3,000 outstanding unlawful flight cases. This should allow most offices to assist in identifying cases that can benefit from national television exposure.

RE: NBC's "Unsolved Mysteries" and FOX Television's "America's Most Wanted"

(B) A lack of support by some field offices has also been noticed by declining attendance to the broadcast. It appears that a trend has been developing where Agents are not appearing at the FOX and NBC studios. It is imperative that case Agents appear for the tapings and broadcasts. They are needed as technical advisors during tapings and to assist in handling hotline calls during and after broadcasts. Without this support by case Agents, a tremendous burden falls on Agent representatives who are required to be in attendance for broadcasts from the nearby Los Angeles and the Washington Metropolitan Field Offices.

To assist you in identifying and selecting cases for consideration to the programs you may find the following criteria useful:

(1) TIMELINESS AND PERCEIVED THREAT - Fugitives who have more recently committed crimes, instill fear in viewers and are perceived as a threat to society, therein generating maximum interest. Producers realize that a stronger need for assistance lies with older cases; however, clues and good photos are less likely to be available reducing the effectiveness of this publicity.

(2) SYMPATHETIC VICTIM - If the victim of the crime is someone whom the public will sympathize with, the crimes are much more likely to generate publicity. Producers look for a sympathetic victim such as a family member left behind who will convey in an emotional way the sense of loss.

(3) UNUSUAL CRIMES AND SERIOUS CRIMES - The seriousness of a crime is of utmost importance. However, the producers also focus on crimes committed under unusual circumstances. With methods and motives far out of the ordinary, a criminal is more likely to attract the attention. This is particularly important in cases regarding escapees.

(4) CHARACTER - If little is known of the character and personality of the fugitive, the story becomes almost impossible to do.

(5) GOOD INTERVIEWS - Producers want to interview people who can tell the story in a way that brings it to life. Witnesses, family members, friends, or investigators are always good sources. Interviews are especially important in cases with no action such as white-collar crimes because interviewees can convey how people's lives have been devastated.

RE: NBC's "Unsolved Mysteries" and FOX Television's "America's Most Wanted"

(6) STORIES WITH GOOD VISUAL POSSIBILITIES - With the help of good photos, action scenes, and dramatic situations, the producers can create the perfect reenactments.

The elements that producers look for when deciding on a story include, but are not limited to, those listed above. For example, older cases are highly desirable when they involve particular subject matters of interest to the producers for special segments.

These programs have proven to be significant tools in our fugitive publicity efforts. The results and benefits of these efforts warrant and are dependent upon a continued spirit of cooperation between FBI Headquarters, field divisions, and the producers of the programs. All field offices are encouraged to continue to assist these programs with regard to fugitive publicity.

Questions on the above should be forwarded to Swanson D. Carter, Chief, Special Productions Unit, OPA Extension 5348. Cases should be forwarded to [redacted] or [redacted] OPA, Room 7861. Please include a detailed synopsis, photographs, newspaper clippings and other helpful information regarding these cases. Also include a statement that all prosecutors and state and local law enforcement agencies have been contacted and have no objections to this kind of publicity.

b6
b7c

NOTE: This airtel is to express the Office of Public Affairs' concerns regarding the field offices' lack of support to "America's Most Wanted" and "Unsolved Mysteries." Throughout the past year, there has been a noticeable decline in case submissions and Agents attending the programs' broadcasts.

Honorable Fred Upton
House of Representatives
Washington, D.C. 20515

Dear Congressman Upton:

I am writing in further response to your October 8th communication on behalf of [redacted] regarding the relationship between the FBI and Fox Television, which publicizes the FBI's "Ten Most Wanted Fugitives."

b6
b7C

The news media has reported incorrectly that the FBI has entered into an exclusive agreement with "America's Most Wanted" and "Unsolved Mysteries" to publicize "Top Ten" fugitives. We do not, in fact, have an exclusive agreement with these two programs, and press releases pertaining to additions to the "Ten Most Wanted Fugitives" list are provided to various national media outlets in a fair and equal manner prior to the announcement of a new "Top Ten" fugitive. The erroneous information reported by the news media appears to be the result of confusion caused by our efforts to time the announcements of "Top Ten" fugitives to coincide with the broadcasts of "America's Most Wanted" and "Unsolved Mysteries." We do this in an attempt to maximize the exposure of a new "Top Ten" fugitive.

I hope that this information will assist you in responding to [redacted] and that it will help allay his concern.

Gentlemen:

On April 24 the "Unsolved Mysteries" program  carried a segment concerning  who was named as a suspect in the slaying of the daughter of an FBI agent in Arizona.  was arrested by the FBI in Phoenix on April 25.  was wanted for a 1982 Virginia murder of Hilda Roche and three Los Vegas bank robberies.

b6
b7c

The FBI agent's daughter was Leesa Jo Shaner, nee ~~Miller~~ who was kidnapped on May 29, 1973 at the Tucson, Arizona airport. Her body was found on September 6, 1973 at Fort Huachuca, Arizona.

I would appreciate your continuing to publicize the Shaner case and the need to obtain additional leads that may help solve the identity of the person who kidnapped and murdered her. I am sending a copy of this letter to the FBI with the request that they too strive to solve this case. The case should not be put aside in a closed file of unsolved cases. Thank you.

Sincerely yours

Dear Mr. Nelson:

I recently learned at a meeting of the Society of Former Agents of the Federal Bureau of Investigation of the possibility that the television series "Unsolved Mysteries" is considering running a segment concerning Leesa Jo Shaner and a suspect in her murder, [redacted]. I would like to encourage the producers of that program to assist the Bureau and other law enforcement agencies in providing that coverage.

Dear [Redacted]

Your November 13th correspondence to Inspector Scott Nelson has been brought to my attention. I can appreciate your interest in bringing to justice the person or persons responsible for the 1973 kidnap/murder of Leesa Jo Shaner, and I can assure you that interest is also shared by all of us in the FBI.

The suspect you mentioned was arrested by Phoenix FBI Agents on April 25, 1991, in connection with another case based on a tip received from a viewer of "Unsolved Mysteries." You may recall that during that broadcast, information leading to the arrest of a suspect in the case of Leesa Jo Shaner was also requested. Regrettably, there have been no new developments in this case since that broadcast. The decision to air further segments about this case on "Unsolved Mysteries" rests solely with the program's producers. It is my understanding, however, that over 80 percent of these shows for the rest of this season have already been produced.

We are hopeful that the case of Leesa Jo Shaner is resolved in the very near future.

Sincerely yours,

NOTE: Referenced case involved the 1973 slaying of LEESA JO SHANER, daughter of former SA [REDACTED]. On 5/29/73, SHANER was kidnaped from the Tucson, Arizona, Airport. On 9/6/73, her body was located in a shallow grave at Fort Huachuca, Arizona. On 4/24/91 the television series "Unsolved Mysteries" ran a segment on [REDACTED] who was a suspect in the 1982 murder of HILDA ROCHE in Virginia and three Las Vegas bank robberies. As a favor to the FBI, it was also mentioned on the air that [REDACTED] could be a suspect in the death of SHANER. [REDACTED] was subsequently arrested 4/25/91 by Phoenix FBI Agents in connection with the ROCHE case based on a tip received from a viewer of "Unsolved Mysteries"; however, no information has been received to date which would substantiate that [REDACTED] is the murderer of SHANER. Since she is the daughter of a former SA, a letter-writing campaign has begun by members of the Society of Former Special Agents of the Federal Bureau of Investigation, Inc., who are requesting further publicity be given to this case on an upcoming segment of "Unsolved Mysteries."
