MEMORANDUM FOR MR. LADD

Re: Lt. Gen. Hoyt S. Vandenberg
Director, CIG

Special Agent Doherty of the Liaison Section contacted Colonel Wright, Executive Officer of General Vandenberg, and indicated to him that he had received a rumor to the effect that General Vandenberg was to resign and was to be replaced by an Admiral of the United States Navy.

Colonel Wright stated that ever since last August there have been rumors to the effect that General Vandenberg is to resign and take over some top position in the Government. Colonel Wright stated that he has talked these rumors over with General Vandenberg frequently and at the present time feels assured that as far as he or the General knows the General has no intention of leaving CIG.

Colonel Wright stated, however, that when top Army officers are being considered for various assignments General Vandenberg is usually mentioned in connection with this type of rumor because he believes the General is an individual that must be considered in shifting Army top flight personnel. Colonel Wright stated that he is aware of the rumors to the effect that General Eisenhower is going to become Ambassador to a foreign country and also another rumor that General Eisenhower is to resign as Chief of Staff and run for the Presidency. He stated that to follow through with these rumors top flight Army officers also must be shifted and since General Vandenberg is considered a top flight Army officer it is only natural that he is mentioned in some capacity in filling the gaps created by the removal of Eisenhower.

Colonel Wright further related that in the event Vandenberg resigned as Director of CIG, and as Colonel Wright stated the General has no intention of doing so at the present time, he believed that his position will be filled by an Admiral due to the fact that it is believed CIG is not ready as yet for a civilian director.

Colonel Wright assured Agent Doherty that these rumors are strictly rumors at the present time and in the event anything definite occurs, he would be very happy to bring it to the Bureau's attention.

Respectfully,

Dear [Redacted]

Dwight

Whoever told you that General Eisenhower is seeking the Democratic nomination for President is, I feel sure, mistaken. The General was here in Texas a week or two ago, was wined and dined mightily, and made speeches in San Antonio, Houston, and so on. Wherever he went, his cronies (fellow-guests at luncheons and dinners) were members of the old-line Republican organization in Texas. These same Republicans, two years ago, were hot for Bob Taft and wouldn't touch Eisenhower with the proverbial ten-foot pole.

(b)(7)(C)
(b)(7)(D)

[Redacted] and local Republicans merely snorted at it. [Redacted] - though not all- were Democrats who voted in the end, as I did, for Truman. When the General was down here this time he let the Republican regulars corral him, and his original supporters never even saw him. We're not miffed about it, but it strikes me that nobody who really wanted to be President would commit the tactical error of ignoring any organized group of supporters, especially a nonpartisan one such as ours was.

Another thing. Though Eisenhower spoke mighty softly on the recent Navy-Air Force hearings, he did speak against the Navy side. There are enough ex-Navy men in this country [Redacted] to defeat any candidate who is against a strong Navy - even though there may not be enough of us to elect a Navy supporter. I doubt if a man who seriously wanted to be President would alienate the Navy veterans.

(b)(7)(C)
(b)(7)(D)

Eisenhower has turned out to be something of an enigma to me, and I suspect the reason is that he himself is confused about what he wants. He would like to be President, but he won't do anything to get the nomination because he likes the role of elder statesman. You can't be Bernie Baruch and FDR too - you have to choose. And I think that Eisenhower has let his chance slip by. He won't get the Democratic nomination because Truman controls it, and if he runs as a Republican I think he'll be beaten. I don't believe that any Republican except Stassen has a chance of being elected in 1952.

Hearty congratulations on your fine work in behalf of the Navy and the Marines.

General Dwight D. Eisenhower
President
Columbia University
New York, New York

Dear General Eisenhower:

It is my very great pleasure to extend to you an invitation to deliver the graduation address to the Forty-fourth Session of the FBI National Academy on Friday, June 30, 1950. The exercises will be held in Washington, D. C., in the Departmental Auditorium located on Constitution Avenue between Twelfth and Fourteenth Streets, Northwest, and will begin promptly at 10:30 A. M. There is always a capacity audience of approximately 1,500 in attendance at these exercises, consisting in part of state, county and municipal officials and officials of the Federal Government.

The FBI National Academy for law enforcement officers was established by the FBI in 1935. The purpose of the Academy is to afford training in the advanced methods and techniques of law enforcement to representatives of state, county and municipal police organizations. The course of training is twelve weeks in length and is designed to develop police executives and police instructors. The Academy, since its inception, has been most enthusiastically received by law enforcement organizations and officials throughout the United States and its territories and there is always a waiting list of officers for attendance. With the graduation of the Forty-fourth Session, consisting of fifty-eight members, there will be 2,196 graduates.

While I realize there are very heavy demands upon your valuable time, I want to assure you that not only would the law enforcement officers attending the Academy be greatly honored by your acceptance of this invitation, but that the entire personnel of the FBI would likewise feel it a distinct honor if you could be with us. We shall be glad to arrange for a representative of this Bureau to confer with you about the program, the matters of transportation and hotel reservations at any convenient time, if you desire. I do hope that you can accept this invitation and if there is any additional information or assistance which you desire, I would appreciate hearing from you.

Dear Mr. Hoover:

Much as I should be delighted and honored to deliver the graduation address to the FBI Academy, I simply cannot accept your invitation. On my calendar, for many months, there has been a firm commitment for the final week of June that cannot be cancelled or postponed. I will not be free of it until the evening of July 3 at the very earliest. Under the circumstances, I have no alternative in the matter, as you will appreciate--I am sure. I reach this decision most reluctantly, but it is inescapable in the light of my scheduling.

My thanks and best wishes to you.

I deeply regret your inability to deliver the graduation address to the FBI National Academy here in Washington on June 30th. ASAC Whelan called from New York on the afternoon of 1/12/51, to advise that a G-2 representative in New York had come over to see him to relate a story which had been brought to them concerning a possible plot to kill General Eisenhower and his aide. G-2 received its information from [REDACTED]

(b)(7)(C)
(b)(7)(D)

G-2 requested the FBI to run down this rumor in view of the fact that civilians were involved.

I advised ASAC Whelan that there had been some publicity here recently in the newspapers concerning possible threats against the General and as a result, several Communists in France were arrested and that this might be the basis for the statement. However, in view of the fact that this statement had been made and until it was run down, we had no way of knowing whether there was any subversive angle involved. The New York Office should therefore attempt to locate [REDACTED] who made the statement and get to the bottom of it. ASAC Whelan said he would do this.

While talking to SAC Carson on other matters today, he referred to the wire the Director received from [redacted] who wanted to have an Agent come see him. They had difficulty contacting him on the phone and locating him, but an Agent did see him at [redacted] told the Agent that he and a group of people are interested in backing General Eisenhower, however, he had received a rumon to the effect that Eisenhower was either a German Jew or a Dutch Jew. [redacted] wanted to get the straight dope on this from the Director. The Agent told [redacted] did not know and that the Bureau did not make inquiries pertaining to race, color or creed. [redacted] he was a friend of the Director's and asked the Agent to advise the Director of his inquiry.

Dwight D. Eisenhower

I told Carson to have the Agent call [redacted] back and stated that they had been in touch with the Washington headquarters of the Bureau and that it would not be possible for the Director to make any inquiries on this matter, and that the Director did not have any firsthand information.

In this connection, [redacted] called me from Los Angeles last week to say hello. In the course of the conversation, he asked if I had ever heard that Eisenhower was a "German Jew"; that he had heard that in Eisenhower's application for admittance to West Point he had described his race as "Semitic." [redacted] he is fearful somebody is getting ready to start a rumor campaign and he wanted to find out himself. I told him that we, of course, could not make any inquiries. Dear Mr. Ladd

I thought you would be interested in the attached morning editions of London newspapers regarding the death of the King.

I was informed by a Parliamentary Member last night that the King, as I told you before, had cancer of the lung, one of which was removed some time ago. The cancer apparently, according to the Parliamentary Member, spread into his chest and all over his body and it was known in Royal Circles that he would not live over six months. Practically all of the members of the Royal Family knew this, excepting Princess Elizabeth as it was felt that it would interfere with her plans in visiting the Colonies and Dominions.

My Parliamentary contact also informed that other Members of Parliament believe World War III will start in 1953. He has just returned from a trip to [redacted] and he says that high-ranking officials there also hold the same views. He also had talks with Eisenhower and claims that Ike told him that he would run for President, if drafted.

Mr. Hoover:

An acquaintance of [redacted] has advised that not long ago [redacted] privately explained the General's attitude about future political plans as follows:

The General definitely will not campaign for the presidency and will continue his present activities without definitely committing himself. However, if a stalemate arises insofar as the Republican nomination is concerned and General MacArthur feels that it will be his patriotic duty to accept the nomination, he will then agree to be nominated.

(b)(7)(C)

DWIGHT D.

[redacted] stated that, [redacted] General MacArthur and General Eisenhower had a conference some time in the past. During the course of the conference, General Eisenhower allegedly discussed the possibility of his being nominated by both the Democratic and Republican Parties for the Presidency and indicated he would like to run with this dual nomination. General MacArthur literally "blew his top" and asked Eisenhower if he realized what he was saying.

General MacArthur pointed out that this would be destroying the two-party system, by which the citizen is guaranteed a choice of candidates and that Eisenhower's actions would be contrary to the whole political philosophy of this country.

PURPOSE:

The purpose of this memorandum is to summarize action concerning Kevin C. McCann, the man behind the Dwight D. Eisenhower campaign.

BACKGROUND:

There is no information in our files concerning McCann.

The New York Times on April 8, 1951, reported that McCann was named President of Defiance College, Defiance, Ohio, on April 7, 1951, to succeed Dr. Harold Dana Hopkins, who was retiring on June 30, 1951.

The Times stated that McCann was a graduate of the University of St. Mary's, San Antonio, Texas, holding Bachelor and Master of Science degrees. The paper stated McCann is a former industrial engineer and newspaper publisher who enlisted in the Army in 1942. He received a Washington assignment with the Army in 1945, and was transferred to General Eisenhower's Headquarters in 1946. He was discharged from the Army in 1948 as a Lieutenant Colonel. The Times stated McCann was associated with Eisenhower, from 1946 until he accepted the presidency of Defiance College, as the General's assistant at both Columbia University and Supreme Headquarters of the Allied Powers in Europe. (New York Times, April 8, 1951, page 70)

The New York Times reported on September 11, 1951, that during an address to the Toledo, Ohio, Rotary Club on September 10, 1951, McCann spoke highly of Eisenhower, praising him for his "armored liberation" of Europe during World War II and his "spiritual liberation" of Europe in 1951. (New York Times, September 11, 1951, page 27)

Defiance College is a co-educational school established in 1885 offering degree courses in liberal arts subjects. (Patterson's American Education Directory, page 49)

On Sunday evening, May 25, 1952, the writer was present at a small informal get-together at the [redacted] attended by [redacted]

[redacted] and four or five other friends of [redacted]. The get-together was held prior to the time that the NBC-TV Program "AMERICAN FORUM OF THE AIR" was televised.

In conversation with the writer, [redacted] made the following observations:

(1) The GOP Convention will be a real hot battle between TAFT and EISENHOWER. Neither will win on the first ballot. [redacted] real concern is that the battle won't disrupt the Republican Party.

(2) EISENHOWER and his backers will do everything possible to prohibit the naming of General MacARTHUR as a compromise candidate. [redacted] EISENHOWER, if an unbreakable deadlock results, will throw his strength to TAFT rather than to MacARTHUR. EISENHOWER would not accept MacARTHUR as a running mate, but TAFT might run with MacARTHUR.

(3) EISENHOWER will attempt to divorce himself from public forums and debates prior to the GOP Convention in July. He will explain his position on the major issues through one or two speeches and by answering inquiries from newspaper, radio and television correspondents.

(4) [redacted] doesn't know what EISENHOWER's campaign will encompass if he receives the GOP nomination.

[redacted] will do everything possible to incite EISENHOWER to make a vigorous and aggressive campaign so that the GOP fate of 1948 won't be repeated.

(5) [redacted] doesn't think that Governor DEWEY would be acceptable to the GOP Convention if a deadlock develops. He doesn't think that DEWEY is trying to maneuver himself into such a position.

(6) [redacted] doesn't think that MacARTHUR would accept a bid from the Democratic Party to be the V.P. nominee if EISENHOWER receives the GOP Presidential nomination.

MEMORANDUM FOR THE DIRECTOR

At 12:45 PM on July 13, 1952, Mr. Arthur Vandenberg, Jr., who identified himself as Executive Assistant to General Eisenhower, telephonically communicated with the Bureau and expressed a desire to speak to you. In your absence, Mr. Vandenberg agreed to talk to me. It is noted that Mr. Nichols was not immediately available at the time of this call.

Mr. Vandenberg inquired of me as to whether the Bureau could provide personal protection to General Eisenhower during the course of his campaign for the Presidency. Mr. Vandenberg was informed that the Secret Service had been given the jurisdiction and the responsibility to provide personal protection to the President and his family. At this point, Mr. Vandenberg interrupted and stated that he should have known this and that this answered his question completely. He stated that apparently the Secret Service did not have jurisdiction to extend personal protection to General Eisenhower, as a candidate for the Presidency, as General Eisenhower had not heard anything from the Secret Service along these lines.

Mr. Vandenberg stated that he regretted bothering us regarding this matter and that he should have known our jurisdictional limitations. He asked that his very best wishes and personal regards be extended to you.

Respectfully submitted,

SUBJECT: CONVERSATION WITH QUARTERMASTER GENERAL -
MAJOR GENERAL GEORGE A. HORKAN
Dwight Eisenhower

Tolson

Nichols

Winterrowd	
Tele. Rm.

Monday night I met the Quartermaster General, Major General George A. Horkan. He was talking to several people and described himself as a very close friend and military associate of General Eisenhower. His son and Eisenhower's son served as Best Man at each others wedding and also each served as godfather for the others children first born.

He described Eisenhower as a square shooter and a diplomat. For example, Horkan wanted to be Quartermaster General when Eisenhower was Chief of Staff. Eisenhower told him that he would prefer personally for Horkan to be Quartermaster General but that he could find no fault with the present Quartermaster General and he would not recommend Horkan. By so doing, he won Horkan's additional respect for his straightforwardness, although he was disappointed at the time.

He stated that Eisenhower is demanding and expects things to be done properly. He also stated that Eisenhower is a very sensitive person which should not at any time be overlooked. He said that General Eisenhower is trusting and is in for many rude jolts if he is elected. For example, he would be unable to understand how a Congressman would be able to tell him one thing at ten o'clock and then the Congressman do another thing an hour later.

This is for your information.

Dear Sir:

As God had decreed that the Holy United States should NEVER lose a victory in war, and as you have betrayed "The Power of God" working in behalf of His chosen United States in your giving away the American victory to the atheistic Soviets, you therefore became a TRAITOR before God, and against the Holy heritage which He gave to the American people.

Therefore I say to you, in God's Holy Name, that you shall in NO wise be elected president of this Holy nation.

The leadership of the Republican party has rejected the Divine Plan for our nation, and God has again rejected the Republican party.

It is therefore Spiritually impossible for you to become President of the United States.

"This know also, that in the LAST days (of this Christian age) perilous times shall come.

"For men shall be lovers of their own selves ('me-firsters').

"Traitors, heady, high-minded,

"Having a FORM of godliness, but DENYING the POWER thereof."
2nd Timothy - 3rd chapter.

The Republicans have "denied the Power of God" working in American politics.

Governor Stevenson had nothing to do with the policies which has brought our nation into judgment before God; therefore he shall be elected president, the LAST President of this age.

Sincerely,

In response to your inquiry concerning the attached memorandum, each reference to Eisenhower contained in the Bureau's files has been examined by the File Review Unit of the Records Section, with negative results, in an effort to locate any information indicating Eisenhower had directed a letter of commendation to the Teachers Union or the United Public Workers Organization in New York City.

W. J. P.

On the contrary, one reference was located on Page 67 of the Sixth Report of the Senate Fact-Finding Committee on Un-American Activities, California Legislature, 1951, which includes the following statements in connection with loyalty oaths.

"There seems to be little controversy concerning the idea that actual members of the Communist Party should not be permitted to teach in our schools. Among those who have voiced such opinions are General Dwight Eisenhower, recently President of Columbia University, and President James B. Conant of Harvard University. These gentlemen and 18 fellow members of an educational policies commission reached this conclusion two years ago, and their sentiments have been generally approved by educators and educational administrators throughout the Country. ..." Dear Sir:

I wonder if you realize the dangers that confront
Eisenhower! The thieves and murderers from Stalin through
Washington and every corner of these United States are
America, and in almost every country throughout the world,
are busy right today trying to cover their tracks. These
vampires will stop at nothing to prevent his ever reaching
Washington and thus uncovering the crimes he has committed
to have planned to commit.

Every man should be made at once to witness their accom-
plishing his destruction and throwing the nation into the
worst state of confusion imaginable. I have over the
vicious effort that has just been made to take his positions.
Why did they go so far to take his positions? They are clean.
Warn him to avoid the same fate. He has to be warned
at once!

Very truly yours,
Dwight D. Eisenhower

The following information has been obtained by Liaison Agent [redacted] from Mr. Bryan LaPlante, Chief, Washington Area Security Operations, Atomic Energy Commission (AEC). On November 19, 1952, the AEC Commissioners (Gordon Dean, Thomas Murray, Eugene Zuckert, and Henry Smyth) went to New York City to brief President-elect Eisenhower on the entire AEC operations and the contemplated program for the next 4 years. According to LaPlante, they were well received by the General who expressed extreme interest. Eisenhower again expressed his concern and displeasure with the disclosures of AEC operations and activities in the public press. You will recall that he mentioned this to the public press. You will recall that he mentioned this to LaPlante when LaPlante briefed him in Georgia concerning the hydrogen bomb explosion. He stated he felt something should be done about this.

LaPlante commented that while he was waiting in the outer office for the Commissioners to finish their meeting, the General's Secretary came out and made the comment to the Appointment Secretary that he could see no reason for "these CIA men" to have to come in to see the General every day. He felt that one briefing a week by the CIA representatives would be enough and that it appeared that these daily meetings were merely taking up time.

Mr Hoover
Chief of F.B.I.

Dear Sir:

I am writing with reference to Mr Eisenhowers coming visit to Korea and to say that I hope you can induce him to wear bullet-proof clothing under his outer garments.

I think he is taking a big risk and his loss would be a terrible blow to this country at this time. The Russians as well as the Chinese Communists are likely to lay many plans hoping for an opportunity to take a long range shot at him.

Yours truly

1.11.52. Le point de vue
de l'astrologue égyptien!

Le Caire. — Le célèbre astrologue égyptien Mohammed Youssef Elimini qui prédit des mois à l'avance le désastre de Pearl Harbor, la victoire de Churchill aux élections britanniques, la victoire d'El-Atmeïn, la naissance d'un fils au roi Farouk, etc., assure aujourd'hui que le général Eisenhower sera élu président des Etats-Unis par une « faible majorité », mais mourra assassiné quelque temps après son succès.

Il déclare également que le général, comme il l'a promis, se rendra en Corée et réussira à conclure une trêve. Mais celle-ci sera de courte durée.

Elimini a vu dans les astres que le général Mac Arthur reprendra à brève échéance son commandement à Tokio.

TRANSLATION FROM FRENCH

THE VIEW-POINT OF THE EGYPTIAN ASTROLOGER

11-1-52

Cairo.- The celebrated Egyptian astrologer, MOHAMMED YOUSSEF ELIMINIANI, who predicted, months in advance, the Pearl Harbor disaster, CHURCHILL's victory in the British elections, the victory of EL-Alamein, the birth of a son to King FAROUK, etc...declares today that General EISENHOWER will be elected President of the United States by a "feeble majority," but that he would die at the hand of an assassin some time after his success.

He also declares that the General, as he promised, would go to Korea and would succeed in bringing about a truce. But it would be of short duration.

ELIMINIANI saw in the stars that General MACARTHUR would take back his command in Tokio for a brief period of time.

Dear Mr. Hoover:

DR. MILTON S. EISENHOWER

Governor Sherman Adams has authorized me to communicate with you directly concerning the following matter.

Shortly before his departure for Korea, the President-elect designated me as Chairman of a Special Committee on Government Reorganization, with Dr. Arthur Flanning and Dr. Milton Eisenhower as its members, to make certain studies and recommendations concerning the Executive Branch of the government. In the course of these studies we will inevitably be dealing with information of a classified nature.

EG-1

The purpose of this letter, therefore, is to request you to order such an inquiry as would be appropriate to the circumstances, of each of the persons whose names are listed on the attached page and, likewise, of myself. In the event that any derogatory information is developed with respect to me, I would expect you to present it to the President-elect. The reports on the other names should be communicated to me in such form as has been customary in your relations with other executive agencies.

With best wishes,

Sincerely,

Nelson A. Rockefeller

Dear Mr. Hoover:

Your letter of December 11 to which was attached reports on certain investigations has been hand delivered to me.

There are certain other investigations now being conducted which will be transmitted when complete. Kindly include in your investigations those as shown on list attached.

I do not think I made it clear in my letter of December 10 that the reports on names of individuals submitted by Mr. Nelson Rockefeller may be sent to me for purpose of keeping these records in one file.

I presume the investigations of Arthur H. Vandenberg and Martin Durkin are in process.

There will be a considerable number of the present personnel of the White House retained in employment. These are principally those of the lower Civil Service Classes. I assume that a satisfactory and favorable record of each presently employed White House employee is in your file.

Sincerely yours,

Sherman Adams

It is not normally the practice of this Bureau to investigate employees of the White House. Ordinarily, the Civil Service Commission conducts investigations of persons entering on duty in the classified Government positions. We also know, from past experience, that the United States Secret Service conducts investigations of at least some of the individuals employed at the White House.

It is assumed, therefore, that individuals on duty at the White House or in the Executive Offices of the President have been checked against files of this Bureau and, of course, if such a check had developed information reflecting upon their loyalty, a full field investigation under the Loyalty Program would have been conducted concerning them; otherwise, as above-stated, any investigation of such persons would have been made either by the Civil Service Commission or the United States Secret Service.

With expressions of my highest esteem and best regards,

Sincerely yours,
J. Edgar Hoover

In connection with an investigation under the Special Inquiry concerning [redacted]

(b)(7)(c)

several members of the National Republican Committee were interviewed by Special Agent [redacted]. Among them was MR. DOUGLAS WHITLOCK, who is the assistant to the Chairman of the Committee, MR. SUMMERFIELD.

MR. WHITLOCK requested an early conference with the appropriate Bureau representative handling policy concerning Special Inquiries. MR. WHITLOCK was very cooperative and interested in the Bureau's work, and stated that he wished this conference in order to facilitate both his committee's appointments and the Bureau's work in conjunction with Special Inquiries.

(b)(7)(c)

MR. J. GEORGE STEWART, who was formerly Chairman of the Speakers Bureau of the National Republican Committee, and who advised that he would be in charge of security in the future for the Committee, presented Special Agent [redacted] with several personnel rosters, which he said were used by the Committee in interviewing potential candidates for policy positions in the Executive Branch of the Federal Government. He requested that these sample rosters be forwarded to the Bureau for study, and asked that the Bureau make recommendations for additions or deletions in this roster questionnaire. Two copies of this roster are being forwarded to the Bureau for its study.

With reference to the letter from the Washington Field Office dated 12/29, captioned as above, I telephonically contacted SAC Hood of the Washington Field Office on the morning of 12/31. MEMORANDUM FOR MR. TOLSON

MR. LADD

D. L. R. - 8
DWIGHT D. EISENHOWER

On December 30, 1952, at the request of General Eisenhower, I called at his headquarters at 9:30 a. m.

The General stated that he was desirous of talking with me about the contents of some of the reports upon the investigations which we had made of persons who were being appointed to important positions in his administration. He referred particularly to the report upon [redacted]

[redacted] He stated he noted that in the FBI report there was reference to the fact that there had been a rumor at one time that [redacted] but that the investigation had failed to substantiate any such allegation. The General stated that he would like to have me give consideration to the possibility of setting up two files upon cases, one to contain the factual material and the other to contain the rumors which we have not been able to substantiate. He stated that he made this suggestion because he felt, first, that it was probably unfair to disseminate rumors about an individual, even though such rumors are dispelled through investigation; and secondly, he stated that he anticipated that there would be brought to bear upon him considerable pressure after he became President to make available certain Government files. He stated he had, while in the Armed Services, declined to make available files to Congress but that there might be pressure of sufficient volume exerted that would make it necessary for him to re-evaluate this procedure and if there were two sets of files on an individual or a situation, one containing facts established and the other the rumors, that he might be inclined to make available in some situations the actual files. He stated he certainly would be opposed to making available to Congress or anyone else the so-called "raw" files that contained largely rumors.

I informed the General that it had been the practice of the Bureau not to disseminate to other Government agencies uncorroborated information but that we had included complete information in the reports being made to his office upon applicants in view of the importance of the positions to which such persons were being appointed. I also informed the General that I would have an immediate study made to put into force and effect the suggestions that he had made of having two separate files, one containing facts and the other rumors. (Upon my return to my hotel, I contacted Mr. Ladd by long distance and instructed him to see that this study was made and that steps were taken to put the practice into force and effect. I also instructed Mr. Ladd to see

that all future reports to General Eisenhower's headquarters be carefully screened to eliminate any uncorroborated rumors or gossip.)

The General discussed at some length with me some of the over-all problems dealing with investigations and with intelligence. He stated that it was his desire to have the FBI handle the domestic phase of such matters and CIA the foreign. He stated he felt that both agencies might be able to work cordially together and effect results for the best interests of the country. He commented that General Smith was a very good man, although inclined at times to "pop off." He commented favorably upon Mr. Allen Dulles and inquired of me as to what my opinion was concerning him. I told General Eisenhower I felt that Allen Dulles was a brilliant man with a very excellent mind but that he sometimes was not as practical as he might be in regard to operational intelligence. I also indicated to General Eisenhower that I felt that General Smith was a very sincere and earnest man but, unfortunately, he had inherited from OSS some elements that were not conducive to the best operations of such an agency as CIA.

During the course of my discussion with General Eisenhower

INFORMATION CONCERNING

With reference to my memorandum of January 5, 1953, concerning the above individual, I telephoned Miss Kurtl Isbell of General Eisenhower's Staff at the Commodore Hotel this evening, January 8, 1953, and gave her the information from the loyalty form and that there was no derogatory data or criminal record.

Miss Isbell stated that she was very happy to get the results of the name check so quickly. She stated that Mr. Sweeney also informed her that [REDACTED]

During my conversation with her, she stated that she will not return to Capitol Hill but that she will be assigned in the White House to what she believes will be an important position.

Miss Isbell further stated that she wanted the Bureau to know that everyone on General Eisenhower's staff is delighted with their contacts with the FBI, that the FBI has really been playing ball efficiently and right on the line to the delight of everyone. I thanked her for her remarks and told her I was certain the Director would be very happy to know that our efforts have been acceptable.

Miss Isbell stated she would call me again after January 20th when she is settled in the White House.

Dwight D. Eisenhower

Governor Sherman Adams' secretary called me today to tell me that Bureau letter addressed to Governor Adams dated January 21, 1953, was absolutely correct as stated: that these people have been reported by the press and have been appointed to posts and Governor Sherman Adams' office has no record either of having requested an investigation of them. She stated she presumed I would like to have the Governor's office request an investigation of these people in writing and I told her this was not necessary if that was what the Governor wanted, that we would go right ahead on her assurance. She stated she knew the Governor wanted these people investigated and she would just note on our letter that the investigations have been requested. I told her this would be entirely satisfactory and we would not have to have any correspondence and when the investigations were completed, we would send copies of the reports to Governor Adams.

The Director has talked to Herbert Brownell and has worked out with Mr. Brownell the following procedure.

Cabinet Officer-designates, who call the FBI and request investigations on sub-Cabinet positions, such as deputies, should be investigated and reports submitted to the Cabinet officers. Any others calling the Bureau, such as Nelson Rockefeller, President Johnson of Philadelphia, and persons in lesser ranks, should be referred to Herbert Brownell. Brownell will handle such requests and will decide whether we are to make investigations or not.

(b)(7)(C)

The Director wants copies of all the summaries on investigations furnished to Governor Sherman Adams and any others, such as Mr. Benson, sent to Mr. Brownell; that we should set forth in the letter to whom we have furnished copies of the material and we should list the pending investigations, pointing out that upon the conclusion of the investigations, copies of these reports will be sent to Mr. Brownell.

For the purposes of these instructions, the Director stated we would assume that Oveta Culp Hobby has a Cabinet rank and investigations requested by her will, of course, be included in the letter to Brownell.

W

The Director stated the Rockefeller letters should be answered along this line, however, we have already answered the Rockefeller letter and I will have to straighten this out with the Director when he calls back.

Purpose:

To advise that the Correlation-liaison Section of the Domestic Intelligence Division is currently receiving name check requests from various agencies concerning persons investigated or under investigation for President-elect Eisenhower or his Cabinet officers and to point out their method of handling and possible pitfalls of future dissemination. *(b)(2)(c)*

Details:

(b)(2)(c) The Correlation-liaison Section of the Domestic Intelligence Division has received requests for name checks from other government agencies concerning persons investigated or under investigation for President-elect Eisenhower or his Cabinet officers. Upon receipt of the first request of this type, the Correlation-liaison Section contacted [redacted] for information as to the status of these inquiries.

It was pointed out that no reports are being disseminated to the officials of the new administration as yet and that the investigation was being summarized into memorandum form for dissemination. It was further pointed out that in view of this it would be dangerous to disseminate reports to other agencies and that in any event a memorandum should undoubtedly be prepared on their requests thoroughly apprising the Bureau officials of the situation.

This is even more necessary at the present time as General Eisenhower has requested that unsubstantiated rumor be omitted from the summary memoranda. This is being done; however, unsubstantiated rumors are not being deleted from the reports that remain in our files as no such deletion should be made. *c*

The above is being brought to your attention so that you will be aware of the situation. The Correlation-liaison Section has been requested to make available tickler copies of their memoranda concerning their handling of the name check requests so that we will be apprised of their manner of handling.

On January 22, 1953, Rear Admiral Stout, ONI, advised the Bureau's Liaison Representative that he had heard rumors around the Pentagon that Admiral Carney, Commander in Chief Allied Forces, Southern Europe, may be asked by President Eisenhower to be his "Chief of Staff" and Chairman of the Joint Chiefs of Staff. Admiral Stout explained that as "Chief of Staff" he would advise the President on military matters throughout the world.

Admiral Stout also advised that it had been fairly reliably reported that when the President went to Korea recently he asked Admiral Radford to be Chairman of the Joint Chiefs of Staff but that Admiral Radford had turned him down. Admiral Radford is presently Commander in Chief of the Pacific and accompanied President Eisenhower to Korea. Admiral Radford has been on his present tour for four years and a change in his assignment is contemplated. He is reportedly a good friend of General Walter Bedell Smith.

Admiral Stout advised that the above information has in no way been confirmed

Dwight D. EISENHOWER

MR. PRESIDENT, MR. SPEAKER, MEMBERS OF THE EIGHTY-THIRD CONGRESS:

I welcome the honor of appearing before you to deliver my first message to the Congress.

It is manifestly the joint purpose of the Congressional leadership and of this Administration to justify the summons to governmental responsibility issued last November by the American people.

The grand labors of this leadership will involve:

Application of our influence in world affairs with such fortitude and such foresight that it will deter aggression and eventually secure peace;

Establishment of a national administration of such integrity and such efficiency that its honor at home will ensure respect abroad;

Encouragement of those incentives that inspire creative initiative in our economy, so that its productivity may fortify freedom everywhere; and,

Dedication to the well-being of all our citizens and to the attainment of equality of opportunity for all, so that our nation will ever act with the strength of unity in every task to which it is called.

The purpose of this message is to suggest certain lines along which our joint efforts may immediately be directed toward realization of these four ruling purposes.

The time that this Administration has been in office has been too brief to permit preparation of a detailed and comprehensive program of recommended action to cover all phases of the responsibilities that devolve upon our country's new leaders. Such a program will be filled out in the weeks ahead as, after appropriate study, I shall submit additional recommendations for your consideration. Today can provide only a sure and substantial beginning.

Our country has come through a painful period of trial and disillusionment since the victory of 1945. We anticipated a world

27 1953

of peace and cooperation. The calculated pressures of aggressive Communism have forced us, instead, to live in a world of turmoil.

From this costly experience we have learned one clear lesson. We have learned that the free world cannot indefinitely remain in a posture of paralyzed tension, leaving forever to the aggressor the choice of time and place and means to cause greatest hurt to us at least cost to himself.

This Administration has, therefore, begun the definition of a new, positive foreign policy. This policy will be governed by certain fixed ideas. They are these:

(1) Our foreign policy must be clear, consistent and confident. This means that it must be the product of genuine, continuous cooperation between the Executive and the Legislative branches of this government. It must be developed and directed in the spirit of true bipartisanship.

(2) The policy we embrace must be a coherent global policy. The freedom we cherish and defend in Europe and in the Americas is no different from the freedom that is imperilled in Asia.

(3) Our policy, dedicated to making the free world secure, will envision all peaceful methods and devices -- except breaking faith with our friends. We shall never acquiesce in the enslavement of any people in order to purchase fancied gain for ourselves. I shall ask the Congress at a later date to join in an appropriate resolution making clear that this government recognizes no kind of commitment contained in secret understandings of the past with foreign governments which permit this kind of enslavement.

(4) The policy we pursue will recognize the truth that no single country, even one so powerful as ours, can alone defend the liberty of all nations threatened by Communist aggression from without or subversion within. Mutual security means effective mutual cooperation. For the United States, this means that, as a matter of common sense and national interest, we shall give help to other nations in the measure that they strive earnestly to do their full share of the common task. No wealth of aid could compensate for poverty of spirit. The heart of every free nation must be honestly dedicated to the preserving of its own independence and security.

(5) Our policy will be designed to foster the advent of practical unity in Western Europe. The nations of that region have contributed notably to the effort of sustaining the security of the free world. From the jungles of Indo-China and Malaya to the northern shores of Europe, they have vastly improved their defensive strength. Where called upon to do so, they have made costly and bitter sacrifices to hold the line of freedom.

But the problem of security demands closer cooperation among the nations of Europe than has been known to date. Only a more closely integrated economic and political system can provide the greatly increased economic strength needed to maintain both necessary military readiness and respectable living standards.

Europe's enlightened leaders have long been aware of these facts. All the devoted work that has gone into the Schuman Plan, the European Army and the Strasbourg Conference has testified to their vision and determination. These achievements are the more remarkable when we realize that each of them has marked a victory -- for France and for Germany alike -- over the divisions that in the past have brought such tragedy to these two great nations and to the world.

The needed unity of Western Europe manifestly cannot be manufactured from without; it can only be created from within. But it is right and necessary that we encourage Europe's leaders

by informing them of the high value we place upon the earnestness of their efforts toward this goal. Real progress will be conclusive evidence to the American people that our material sacrifices in the cause of collective security are matched by essential political, economic and military accomplishments in Western Europe.

(6) Our foreign policy will recognize the importance of profitable and equitable world trade.

A substantial beginning can and should be made by our friends themselves. Europe, for example, is now marked by checkered areas of labor-surplus and labor-shortage, of agricultural areas needing machines and industrial areas needing food. Here and elsewhere we can hope that our friends will take the initiative in creating broader markets and more dependable currencies, to allow greater exchange of goods and services among themselves.

Action along these lines can create an economic environment that will invite vital help from us.

This help includes:

First: Revising our customs regulations to remove procedural obstacles to profitable trade. I further recommend that the Congress take the Reciprocal Trade Agreements Act under immediate study and extend it by appropriate legislation. This objective must not ignore legitimate safeguarding of domestic industries, agriculture and labor standards. In all Executive study and recommendations on this problem, labor and management and farmers alike will be earnestly consulted.

Second: Doing whatever government properly can to encourage the flow of private American investment abroad. This involves, as a serious and explicit purpose of our foreign policy, the encouragement of a hospitable climate for such investment in foreign nations.

Third: Availing ourselves of facilities overseas for the economical production of manufactured articles which are needed for mutual defense and which are not seriously competitive with our own normal peacetime production.

Fourth: Receiving from the rest of the world, in equitable exchange for what we supply, greater amounts of important raw materials which we do not ourselves possess in adequate quantities.

III

In this general discussion of our foreign policy, I must make special mention of the war in Korea.

This war is, for Americans, the most painful phase of Communist aggression throughout the world. It is clearly a part of the same calculated assault that the aggressor is simultaneously pressing in Indo-China and in Malaya, and of the strategic situation that manifestly embraces the island of Formosa and the Chinese Nationalist forces there. The working out of any military solution to the Korean War will inevitably affect all these areas.

The Administration is giving immediate increased attention to the development of additional Republic of Korea forces. The citizens of that country have proved their capacity as fighting men and their eagerness to take a greater share in the defense of their homeland. Organization, equipment, and training will allow them to do so. Increased assistance to Korea for this purpose conforms fully to our global policies.

In June 1950, following the aggressive attack on the Republic of Korea, the United States Seventh Fleet was instructed both to prevent attack upon Formosa and also to insure that Formosa should not be used as a base of operations against the Chinese Communist mainland.

This has meant, in effect, that the United States Navy was required to serve as a defensive arm of Communist China. Regardless of the situation in 1950, since the date of that order the Chinese Communists have invaded Korea to attack the United Nations forces there. They have consistently rejected the proposals of the United Nations Command for an armistice. They recently joined with Soviet Russia in rejecting the armistice proposal sponsored in the United Nations by the Government of India. This proposal had been accepted by the United States and fifty-three other nations.

Consequently there is no longer any logic or sense in a condition that required the United States Navy to assume defensive responsibilities on behalf of the Chinese Communists, thus permitting those Communists, with greater impunity, to kill our soldiers and those of our United Nations allies, in Korea.

I am, therefore, issuing instructions that the Seventh Fleet no longer be employed to shield Communist China. This order implies no aggressive intent on our part. But we certainly have no obligation to protect a nation fighting us in Korea.

IV

Our labor for peace in Korea and in the world imperatively demands the maintenance by the United States of a strong fighting service ready for any contingency.

Our problem is to achieve adequate military strength within the limits of endurable strain upon our economy. To amass military power without regard to our economic capacity would be to defend ourselves against one kind of disaster by inviting another.

Both military and economic objectives demand a single national military policy, proper coordination of our armed services, and effective consolidation of certain logistics activities.

We must eliminate waste and duplication of effort in the armed services.

We must realize clearly that size alone is not sufficient. The biggest force is not necessarily the best -- and we want the best.

We must not let traditions or habits of the past stand in the way of developing an efficient military force. All members of our forces must be ever mindful that they serve under a single flag and for a single cause.

We must effectively integrate our armament programs and plans in such careful relation to our industrial facilities that we assure the best use of our man-power and our materials.

Because of the complex technical nature of our military organization and because of the security reasons involved, the Secretary of Defense must take the initiative and assume the responsibility for developing plans to give our nation maximum safety at minimum cost. Accordingly, the new Secretary of Defense and his civilian and military associates will, in the future, recommend such changes in present laws affecting our defense activities as may be necessary to clarify responsibilities and improve the total effectiveness of our defense effort.

This effort must always conform to policies laid down in the National Security Council.

The statutory function of the National Security Council is to assist the President in the formulation and coordination of significant domestic, foreign, and military policies required for the security of the Nation. In these days of tension, it is essential that this central body have the vitality to perform effectively its statutory role. I propose to see that it does so.

Careful formulation of policies must be followed by clear understanding of them by all peoples. A related need, therefore, is to make more effective all activities of the government related to international information.

I have recently appointed a committee of representative and informed citizens to survey this field and to make recommendations in the near future for legislative, administrative, or other action.

A unified and dynamic effort in this whole field is essential to the security of the United States and of the other peoples in the community of free nations. There is but one sure way to avoid total war -- and that is to win the cold war.

While retaliatory power is one strong deterrent to a would-be aggressor, another powerful deterrent is defensive power. No enemy is likely to attempt an attack foredoomed to failure.

Because the building of a completely impenetrable defense against attack is still not possible, total defensive strength must include civil defense preparedness. Because we have incontrovertible evidence that Soviet Russia possesses atomic weapons, this kind of protection becomes sheer necessity.

Civil defense responsibilities primarily belong to the state and local governments -- recruiting, training and organizing volunteers to meet any emergency. The immediate job of the federal government is to provide leadership, to supply technical guidance, and to continue to strengthen its civil defense stockpile of medical, engineering and related supplies and equipment. This work must go forward without lag.

I have referred to the inescapable need for economic health and strength if we are to maintain adequate military power and exert influential leadership for peace in the world.

Our immediate task is to chart a fiscal and economic policy that can:

- (1) Reduce the planned deficits and then balance the budget, which means among other things, reducing Federal expenditures to the safe minimum;
- (2) Meet the huge costs of our defense;
- (3) Properly handle the burden of our inheritance of debt and obligations;
- (4) Check the menace of inflation;
- (5) Work toward the earliest possible reduction of the tax burden;
- (6) Make constructive plans to encourage the initiative of our citizens.

It is important that all of us understand that this Administration does not and cannot begin its task with a clean slate. Much already has been written on the record, beyond our power quickly to erase or to amend. This record includes our inherited burden of indebtedness and obligations and deficits.

The current year's budget, as you know, carries a 5.9 billion dollar deficit, and the budget which was presented to you before this Administration took office, indicates a budgetary deficit of 9.9 billion for the fiscal year ending June 30, 1954. The national debt is now more than 265 billion dollars. In addition, the accumulated obligational authority of the federal government for future payment totals over 80 billion dollars. Even this amount is exclusive of large contingent liabilities, so numerous and extensive as to be almost beyond accurate description.

The bills for the payment of nearly all of the 80 billion dollars of obligations will be presented during the next four years. These bills, added to the current costs of government we must meet, make a formidable burden.

The present authorized government debt limit is 275 billion dollars. The forecast presented by the outgoing Administration with the fiscal year 1954 budget indicates that -- before the end of the fiscal year and at the peak of demand for payments during the year -- the total government debt may approach and even exceed that limit. Unless budgeted deficits are checked, the momentum of past programs will force an increase of the statutory debt limit.

Permit me this one understatement: To meet and to correct this situation will not be easy.

Permit me this one assurance: Every Department head and I are determined to do everything we can to resolve it.

The first order of business is the elimination of the annual deficit. This cannot be achieved merely by exhortation. It demands the concerted action of all those in responsible positions in the government and the earnest cooperation of the Congress.

Already, we have begun an examination of the appropriations and expenditures of all departments in an effort to find significant items that may be decreased or cancelled without damage to our essential requirements.

Getting control of the budget requires also that State and local governments and interested groups of citizens restrain themselves in their demands upon the Congress that the Federal Treasury spend more and more money for all types of projects.

A balanced budget is an essential first measure in checking further depreciation in the buying power of the dollar. This is one of the critical steps to be taken to bring an end to planned inflation. Our purpose is to manage the government's finances so as to help and not hinder each family in balancing its own budget.

Reduction of taxes will be justified only as we show we can succeed in bringing the budget under control. As the budget is balanced and inflation checked, the tax burden that today stifles initiative can and must be eased.

Until we can determine the extent to which expenditures can be reduced, it would not be wise to reduce our revenues.

Meanwhile, the tax structure as a whole demands review. The Secretary of the Treasury is undertaking this study immediately. We must develop a system of taxation which will impose the least possible obstacle to the dynamic growth of the country. This includes particularly real opportunity for the growth of small businesses. Many readjustments in existing taxes will be necessary to serve

these objectives and also to remove existing inequities. Clarification and simplification in the tax laws as well as the regulations will be undertaken.

In the whole area of fiscal policy -- which must, in its various aspects, be treated in recommendations to the Congress in coming weeks -- there can now be stated certain basic facts and principles.

First: It is axiomatic that our economy is a highly complex and sensitive mechanism. Hasty and ill-considered action of any kind could seriously upset the subtle equation that encompasses debts, obligations, expenditures, defense demands, deficits, taxes, and the general economic health of the Nation. Our goals can be clear, our start toward them can be immediate -- but action must be gradual.

Second: It is clear that too great a part of the national debt comes due in too short a time. The Department of the Treasury will undertake at suitable times a program of extending part of the debt over longer periods and gradually placing greater amounts in the hands of longer-term investors.

Third: Past differences in policy between the Treasury and the Federal Reserve Board have helped to encourage inflation. Henceforth, I expect that their single purpose shall be to serve the whole nation by policies designed to stabilize the economy and encourage the free play of our people's genius for individual initiative.

In encouraging this initiative, no single item in our current problems has received more thoughtful consideration by my associates, and by the many individuals called into our counsels, than the matter of price and wage control by law.

The great economic strength of our democracy has developed in an atmosphere of freedom. The character of our people resists artificial and arbitrary controls of any kind. Direct controls, except those on credit, deal not with the real causes of inflation but only with its symptoms. In times of national emergency, this kind of control has a role to play. Our whole system, however, is based upon the assumption that, normally, we should combat wide fluctuations in our price structure by relying largely on the effective use of sound fiscal and monetary policy, and upon the natural workings of economic law.

Moreover, American labor and American business can best resolve their wage problems across the bargaining table. Government should refrain from sitting in with them unless, in extreme cases, the public welfare requires protection.

We are, of course, living in an international situation that is neither an emergency demanding full mobilization, nor is it peace. No one can know how long this condition will persist. Consequently, we are forced to learn many new things as we go along -- clinging to what works, discarding what does not.

In all our current discussions on these and related facts, the weight of evidence is clearly against the use of controls in their present forms. They have proved largely unsatisfactory or unworkable. They have not prevented inflation; they have not kept down the cost of living. Dissatisfaction with them is wholly justified. I am convinced that now -- as well as in the long run -- free and competitive prices will best serve the interests of all the people, and best meet the changing, growing needs of our economy.

Accordingly, I do not intend to ask for a renewal of the present wage and price controls on April 30, 1953, when present legislation expires. In the meantime, steps will be taken to eliminate controls in an orderly manner, and to terminate special agencies no longer needed for this purpose. It is obviously to be expected that the removal of these controls will result in

Individual price changes -- some up, some down. But a maximum of freedom in market prices as well as in collective bargaining is characteristic of a truly free people.

I believe also that material and product controls should be ended, except with respect to defense priorities and scarce and critical items essential for our defense. I shall recommend to the Congress that legislation be enacted to continue authority for such remaining controls of this type as will be necessary after the expiration of the existing statute on June 30, 1953.

I recommend the continuance beyond June 30 of the authority for federal control over rents in those communities in which serious housing shortages exist. These are chiefly the so-called defense areas. In these and all areas, the federal government should withdraw from the control of rents as soon as practicable. But before they are removed entirely, each legislature should have full opportunity to take over, within its own state, responsibility for this function.

It would be idle to pretend that all our problems in this whole field of prices will solve themselves by mere federal withdrawal from direct controls.

We shall have to watch trends closely. If the freer functioning of our economic system, as well as the indirect controls which can be appropriately employed, prove insufficient during this period of strain and tension, I shall promptly ask the Congress to enact such legislation as may be required.

In facing all these problems -- wages, prices, production, tax rates, fiscal policy, deficits -- everywhere we remain constantly mindful that the time for sacrifice has not ended. But we are concerned with the encouragement of competitive enterprise and individual initiative precisely because we know them to be our Nation's abiding sources of strength.

VI

Our vast world responsibility accents with urgency our people's elemental right to a government whose clear qualities are: loyalty, security, efficiency, economy and integrity.

The safety of America and the trust of the people alike demand that the personnel of the federal government be loyal in their motives and reliable in the discharge of their duties. Only a combination of both loyalty and reliability promises genuine security.

To state this principle is easy: to apply it can be difficult. But this security we must and shall have. By way of example, all principal new appointments to departments and agencies have been investigated at their own request by the Federal Bureau of Investigation.

Confident of your understanding and cooperation, I know that the primary responsibility for keeping our Nation loyal and the dangerous rests squarely upon the Executive Branch. When this Branch so conducts itself as to require policing by another Branch of the government, it invites its own disorder and confusion.

I am determined to meet this responsibility of the Executive. The heads of all Executive departments and agencies have been instructed to initiate at once effective programs of security with respect to their personnel. The Attorney General will advise and guide the departments and agencies in the shaping of these programs, designed at once to govern the employment of new personnel and to review speedily any derogatory information concerning incumbent personnel.

To carry out these programs, I believe that the powers of the Executive Branch under existing law are sufficient. If they should prove inadequate, the necessary legislation will be requested.

These programs will be both fair to the rights of the individual and effective for the safety of the Nation. They will, with care and justice, apply the basic principle that public employment is not a right but a privilege.

All these measures have two clear purposes. Their first purpose is to make certain that this nation's security is not jeopardized by false servants. Their second purpose is to clear the atmosphere of that unreasoned suspicion that accepts rumor and gossip as substitutes for evidence.

Our people, of course, deserve and demand of their federal government more than security of personnel. They demand, also, efficient and logical organization, true to constitutional principles.

I have already established a Committee on Government Organization. The Committee is using as its point of departure the reports of the Hoover Commission and subsequent studies by several independent agencies. To achieve the greater efficiency and economy which the Committee analyzes show to be possible, I ask the Congress to extend the present Government Reorganization Act for a period of eighteen months or two years beyond its expiration date of April 1, 1953.

There is more involved here than realigning the wheels and smoothing the gears of administrative machinery. The Congress rightfully expects the Executive to take the initiative in discovering and removing outmoded functions and eliminating duplication.

One agency, for example, whose head has promised early and vigorous action to provide greater efficiency is the Post Office. One of the oldest institutions of our federal government, its service should be of the best. Its employees should merit and receive the high regard and esteem of the citizens of the nation. There are, today, in some areas of the postal service, both waste and incompetence to be corrected. With the cooperation of the Congress, and taking advantage of its accumulated experience in postal affairs, the Postmaster General will institute a program directed at improving service while at the same time reducing costs and decreasing deficits.

In all Departments, dedication to these basic precepts of security and efficiency, integrity and economy can and will produce an Administration deserving of the trust the people have placed in it.

Our people have demanded nothing less than good, efficient government. They shall get nothing less.

VII

Vitally important are the water and minerals, public lands and standing timber, forage and wild life of this country. A vast-growing population will have vast future needs in these resources. We must more than match the substantial achievements in the half-century since President Theodore Roosevelt awakened the nation to the problem of conservation.

This calls for a strong federal program in the field of resource development. Its major projects should be timed, where

possible, to assist in levelling off peaks and valleys in our economic life. Soundly-planned projects already initiated should be carried out. New ones will be planned for the future.

The best natural resources program for America will not result from exclusive dependence on federal bureaucracy. It will involve a partnership of the states and local communities, private citizens and the federal government, all working together. This combined effort will advance the development of the great river valleys of our nation and the power that they can generate. Likewise, such a partnership can be effective in the expansion throughout the nation of upstream storage; the sound use of public lands; the wise conservation of minerals; and the sustained yield of our forests.

There has been much criticism, some of it apparently justified, of the confusion resulting from overlapping federal activities in this entire field of resource-conservation. This matter is being exhaustively studied and appropriate reorganization plans will be developed.

Most of these particular resource problems pertain to the Department of the Interior. Another of its major concerns is our country's island possessions. Here, one matter deserves attention. The platforms of both political parties promised immediate statehood to Hawaii. The people of that Territory have earned that status. Statehood should be granted promptly with the first election scheduled for 1954.

VIII

One of the difficult problems which face the new Administration is that of the slow, irregular decline of farm prices. This decline, which has been going on for almost two years, has occurred at a time when most non-farm prices and farm costs-of-production are extraordinarily high.

Present agricultural legislation provides for the mandatory support of the prices of basic farm commodities at ninety percent of parity. The Secretary of Agriculture and his associates will, of course, execute the present act faithfully and thereby seek to mitigate the consequences of the downturn in farm income.

This price-support legislation will expire at the end of 1954.

We should begin now to consider what farm legislation we should develop for 1955 and beyond. Our aim should be economic stability and full parity of income for American farmers. But we must seek this goal in ways that minimize governmental interference in the farmers' affairs, that permit desirable shifts in production, and that encourage farmers themselves to use initiative in meeting changing economic conditions.

A continuing study reveals nothing more emphatically than the complicated nature of this entire subject. Among other things, it shows that the prosperity of our agriculture depends directly upon the prosperity of the whole country -- upon the purchasing power of American consumers. It depends also upon the opportunity to ship abroad large surpluses of particular commodities, and therefore upon sound economic relationships between the United States and many foreign countries. It involves research and scientific investigation, conducted on an extensive scale. It involves special credit mechanisms, and marketing, rural electrification, soil conservation, and other programs.

The whole complex of agricultural programs and policies will be studied by a Special Agricultural Advisory Commission, as I know it will by appropriate committees of the Congress. A non-partisan group of respected authorities in the field of agriculture has already been appointed as an Interim Advisory Group.

The immediate changes needed in agricultural programs are largely budgetary and administrative in nature. New Policies and new programs must await the completion of the far-reaching studies which have already been launched.

IX

The determination of labor policy must be governed not by the vagaries of political expediency but by the firmest principles and convictions. Slanted partisan appeals to American workers, spoken as if they were a group apart, necessitating a special language and treatment, are an affront to the fullness of their dignity as American citizens.

The truth in matters of labor policy has become obscured in controversies. The very meaning of economic freedom as it affects labor has become confused. This misunderstanding has provided a climate of opinion favoring the growth of governmental paternalism in labor relations. This tendency, if left uncorrected, could end only by producing a bureaucratic despotism. Economic freedom is, in fact, the requisite of greater prosperity for every American who earns his own living.

In the field of labor legislation, only a law that merits the respect and support of both labor and management can help reduce the loss of wages and of production through strikes and stoppages, and thus add to the total economic strength of our Nation.

We have now had five years' experience with the Labor Management Act of 1947, commonly known as the Taft-Hartley Act. That experience has shown the need for some corrective action, and we should promptly proceed to amend that Act.

I know that the Congress is already proceeding with renewed studies of this whole subject. Meanwhile, the Department of Labor is at once beginning work to devise further specific recommendations for your consideration.

In the careful working out of legislation, I know you will give thoughtful consideration -- as will we in the Executive Branch -- to the views of labor, and of management, and of the general public. In this process, it is only human that each of us should bring forward the arguments of self-interest. But if all conduct their arguments in the overpowering light of national interest -- which is enlightened self-interest -- we shall get the right answers. I profoundly hope that every citizen of our country will follow with understanding your progress in this work. The welfare of all of us is involved.

Especially must we remember that the institutions of trade unionism and collective bargaining are monuments to the freedom that must prevail in our industrial life. They have a century of honorable achievement behind them. Our faith in them is proven, firm and final.

Government can do a great deal to aid the settlement of labor disputes without allowing itself to be employed as an ally of either side. Its proper role in industrial strife is to encourage the processes of mediation and conciliation. These processes can successfully be directed only by a government free from the taint of any suspicion that it is partial or punitive.

The Administration intends to strengthen and to improve the services which the Department of Labor can render to the worker and to the whole national community. This Department was created -- just forty years ago -- to serve the entire nation. It must aid, for example, employers and employees alike in improving training programs that will develop skilled and competent workers. It must enjoy the confidence and respect of labor and industry in order to play a significant role in the planning of America's economic future. To that

and, I am authorizing the Department of Labor to establish promptly a tripartite Advisory Committee consisting of representatives of employers, labor and the public.

Our civil and social rights form a central part of the heritage we are striving to defend on all fronts and with all our strength.

I believe with all my heart that our vigilant guarding of these rights is a sacred obligation binding upon every citizen. To be true to one's own freedom is -- in essence -- to honor and respect the freedom of all others.

A cardinal ideal in this heritage we cherish is the equality of rights of all citizens of every race and color and creed.

We know that discrimination against minorities persists despite our allegiance to this ideal. Such discrimination -- confined to no one section of the nation -- is but the outward testimony to the persistence of distrust and of fear in the hearts of men.

This fact makes all the more vital the fighting of these wrongs by each individual, in every station of life, in his every deed.

Much of the answer lies in the power of fact, fully publicized; of persuasion, honestly pressed; and of conscience, justly aroused. These are methods familiar to our way of life, tested and proven wise.

I propose to use whatever authority exists in the office of the President to end segregation in the District of Columbia, including the federal government, and any segregation in the armed forces.

Here in the District of Columbia, serious attention should be given to the proposal to develop and authorize, through legislation, a system to provide an effective voice in local self-government. While consideration of this proceeds, I recommend, in the meantime, an immediate increase of two in the number of District Commissioners to broaden representation of all elements of our population. This will be a first step toward insuring that this Capital provide an honored example to all communities of our nation.

In this manner, and by the leadership of the office of the President exercised through friendly conferences with those in authority in our states and cities, we expect to make true and rapid progress in civil rights and equality of employment opportunity.

There is one sphere in which civil rights are inevitably involved in federal legislation. This is the sphere of immigration.

It is a manifest right of our government to limit the number of immigrants our nation can absorb. It is also a manifest right of our government to set reasonable requirements on the character and the numbers of the people who come to share our land and our freedom.

It is well for us, however, to remind ourselves occasionally of an equally manifest fact: we are -- one and all -- immigrants or sons and daughters of immigrants.

Existing legislation contains injustices. It does, in fact, discriminate. I am informed by members of the Congress that it was realized, at the time of its enactment, that future study of the basis of determining quotas would be necessary.

I am therefore requesting the Congress to review this legislation and to enact a statute that will at one and the same time guard our legitimate national interests and be faithful to our basic ideas of freedom and fairness to all.

In another but related area -- that of social rights -- we see most clearly the new application of old ideas of freedom.

This Administration is profoundly aware of two great needs born of our living in a complex industrial economy. First: the individual citizen must have safeguards against personal disaster inflicted by forces beyond his control. Second: the welfare of the people depends on effective and economical performance by the government of certain indispensable social services.

In the light of this responsibility, certain general purposes and certain concrete measures are plainly indicated now.

There is urgent need for greater effectiveness in our programs, both public and private, offering safeguards against the privations that too often come with unemployment, old age, illness, and accident. The provisions of the Old Age and Survivors Insurance Law should promptly be extended to cover millions of citizens who have been left out of the Social Security System. No less important is the encouragement of privately sponsored pension plans. Most important of all, of course, is renewed effort to check the inflation which destroys so much of the value of all social security payments.

Our school system demands some prompt, effective help. During each of the last two years, more than 1-1/2 million children have swelled the elementary and secondary school population of the country. Generally, the school population is proportionately higher in states with low per capita income. This whole situation calls for careful Congressional study and action. I am sure that you share my conviction that the firm conditions of federal aid must be proved need and proved lack of local income.

One phase of the school problem demands special action. The school population of many districts has been greatly increased by the swift growth of defense activities. These activities have added little or nothing to the tax resources of the communities affected. Legislation aiding construction of schools in these districts expires on June 30. This law should be renewed; and, likewise, the partial payments for current operating expenses for these particular school districts should be made, including the deficiency requirement of the current fiscal year.

Public interest similarly demands one prompt specific action in protection of the general consumer. The Food and Drug Administration should be authorized to continue its established and necessary program of factory inspections. The invalidation of these inspections by the Supreme Court of December 8, 1952, was based solely on the fact that the present law contained inconsistent and unclear provisions. These must be promptly corrected.

I am well aware that beyond these few immediate measures there remains much to be done. The health and housing needs of our people call for intelligently planned programs. Involved, too, are the intricate matters of achieving proper federal, state, and local relationships; assuring the solvency of the whole security system; and guarding against its exploitation by the irresponsible.

To bring clear purpose and orderly procedure into this whole field, I anticipate a thorough study by an appropriate commission of the proper relationship among federal, state, and local programs in this whole field. I shall shortly send you specific recommendations for establishing such a commission, together with a reorganization plan defining new administrative status for all federal activities in health, education, and social security.

I repeat that there are many important subjects of which I make no mention today. Among these is our great and growing body of veterans. America has traditionally been generous in caring for the disabled -- and the widow and the orphan of the fallen. These millions remain close to all our hearts. Proper care of our uniformed citizens and appreciation of the past service of our veterans are part of our accepted governmental responsibilities.

II

We have surveyed briefly some problems of our people and a portion of the tasks before us.

We have seen that the idea of individual freedom applies across the whole span of these matters -- from a foreign policy of world purpose to the daily needs of the aged, from an enforcement of economy in government to the development of our great river basins.

The hope of freedom itself depends, in real measure, upon our strength, our heart, and our wisdom.

We must be strong in arms. We must be strong in the source of all our armament -- our productivity. We all -- workers and farmers, foremen and financiers, technicians and builders -- all must produce, produce more, and produce yet more.

We must be strong, above all, in the spiritual resources upon which all else depends. We must be devoted with all our heart to the values we defend. We must know that each of these values and virtues applies with equal force at the ends of the earth and in our relations with our neighbor next door. We must know that freedom expresses itself with equal eloquence in the right of workers to strike in the nearby factory -- and in the yearnings and sufferings of the peoples of Eastern Europe.

As our heart summons our strength, our wisdom must direct it.

There is -- in world affairs -- a steady course to be followed between an assertion of strength that is truculent and a confession of helplessness that is cowardly.

There is -- in our affairs at home -- a middle way between untrammelled freedom of the individual and the demands for the welfare of the whole Nation. This way must avoid government by bureaucracy as carefully as it avoids neglect of the helpless.

In every area of political action, free men must think before they can expect to win.

In this spirit, must we live and labor, confident of our strength, compassionate in our heart, clear in our mind.

In this spirit, let us together turn to the great tasks before us.

DWIGHT D. EISENHOWER

The Attorney General called me today concerning the memorandum I sent him last week concerning a meeting attended by one of our Agents in which the experts on germ warfare decided to make a test of the New York subways and also the President's accommodations. The Attorney General said he talked to the President today and he had the same reaction which both the Attorney General and I did - that it was a foolish thing. I stated there was also an aspect about the ease with which that man got into the President's accommodations at the Commodore through some maid and if it could be done by him it could be done by anybody and anything could be planted in those rooms. I stated I was concerned to how careful the Secret Service is in going through those accommodations which the President has occasion to occupy. I stated it sounded like a "cope and robbers" show and if attempted it might get out through the various leaks which do occur and I stated I thought it would be a terrible story to have the President made a specimen in a laboratory examination. The Attorney General agreed and stated he would like to do whatever is necessary to stop it and wondered if our Agent could report back to this meeting that we thought it was a mistake. I stated I could have this done and we could see what the reaction is and if we needed word from a higher level my suggestion would be that he, the Attorney General, talk to the Secretary of Defense about it and have him issue the order. I stated we would indicate our concern about it and see if they would then drop it and if they would not I would let the Attorney General know so he could talk to the Secretary of Defense about it. The Attorney General said this would be fine.

Very truly yours,

PRESIDENT EISENHOWER HAS INVITED NEWSMEN TO REPORT TO THE WHITE HOUSE INCIDENTS WHERE THEY FEEL OFFICIALS ARE CHOKING OFF OR STRANGLING NEWS.

MR. EISENHOWER TOLD HIS NEWS CONFERENCE YESTERDAY TO BRING SUCH INSTANCES TO HIS PRESS SECRETARY AND HE WOULD ACT. THE QUESTION CAME UP WHEN HE WAS ASKED WHETHER HE INTENDED TO RESCIND OR AMEND AN ORDER ISSUED IN 1951 BY FORMER PRESIDENT TRUMAN WHICH DEALT WITH NEWS DISTRIBUTION BY FEDERAL AGENCIES.

THE QUESTIONER SAID THE ORDER, WHICH GAVE OFFICIALS AUTHORITY TO WITHHOLD INFORMATION WHICH MIGHT AID "POTENTIAL ENEMIES," IS REGARDED BY MANY NEWSPAPER EDITORS AS RESTRICTING THE FLOW OF LEGITIMATE NEWS.

MR. EISENHOWER SAID THAT IF ANY PRESS MAN HAS A SPECIFIC INSTANCE WHERE THE TRUMAN RULE HAS BEEN APPLIED TO WHAT THE NEWSMAN BELIEVES TO BE THE DETRIMENT OF THE PROPER FUNCTION OF THE NEWSPAPER WORLD HE SHOULD INFORM THE PRESIDENT'S PRESS SECRETARY.

While at the office of Dr. Hauge of the White House this afternoon, Dr. Hauge mentioned most favorably the Director's presentation this morning to the White House Staff. The comment came up in the discussion of a television program the President contemplates being on on June 3rd. Dr. Hauge had remarked that the President wants to get over the idea in the program that the administration is keeping the good things it inherited, for example, the Director and the FBI.

It was at this point Dr. Hauge, as an aside, stated Mr. Mullen, Mr. McGuire, Mr. Arnold Lee of the Advertising Agency handling the President's program and Mr. Steven Benedict of Dr. Hauge's staff that the Director had made an excellent presentation at the White House this morning; that the Director does a terrific job of selling the Bureau, its program and its objectives and that when he had finished one could not help but have implicit confidence in the Director and the Bureau.

Pursuant to instructions, [redacted] of the Liaison Section attended a conference on May 25, 1953, in the office of Colonel Carroll, the President's Liaison Officer with the Military. Also in attendance were Major General Joseph Carroll, OSI; Captain D. C. Hamberger, ONI; Mr. U. E. Baughman, Chief, U. S. Secret Service; Mr. James Rowley, Chief of the White House Detail, U. S. Secret Service; and Mr. Winston Scott, CIA.

The purpose of this meeting had to do with security precautions to be taken in connection with the proposed conference to be held in Bermuda sometime in June between President Eisenhower, Prime Minister Churchill, and the French Prime Minister. It is expected that the date will be subsequent to June 14 after the French name a new Government.

Chief Baughman asked if the FBI would check against its files the names of all the passengers and crews of passenger ships, airplanes, and freighters, who have left the U. S. for Bermuda since Wednesday, May 20, 1953, the date the conference was announced. He further stated that this would be a continuing proposition up until the time the conference is over.

(b)(5)
(b)(7)(C)
(b)(7)(D)

[redacted] pointed out to the group the loopholes that exist from checking the FBI files where the check is based on just the name and partial address and that such a check is not practical. [redacted] further pointed out that a large majority of the tourists going to Bermuda in May and early June would have already returned to the United States by the time the conference begins. Chief Baughman requested that [redacted] discuss this matter at his Headquarters to determine how this request could be logically handled.

RECOMMENDATIONS:

INDEXED-34 RECORDED-34

62-81742-77-

It is recommended that through Liaison we advise Chief Baughman that the Bureau is willing to cooperate in any way possible for the safety of the President; however, it appears that:

1. Most of the tourists going to Bermuda in May and early June would have already returned to the U. S. by the time the conference begins and, therefore, the checking of these names would be a waste of time.

Mr. Herbert Brownell
Attorney General of the U. S.
Washington, D. C.

Dear Sir:

I listened to Glamour Boy's program in which you had a small part, which you must know was so much babble.

I have no confidence or trust in Glamour Boy Eisenhower. He was brought into our Nation's affairs by the efforts of conniving lies and influence of the International Banking interests of which the Heb Wall Street Bankers are a unit.

Seeing their rotten work at the Republican National Convention, carried out by Pipsqueak Dewey, you, Aldrich and other dupes, makes an American sick. I never thought our Republican Party could or would ever sink to such low level. Herbert Lehman said in substance "We put him over." The Hebs and your associates and the New Deal and Truman gang were and are satisfied. One wonders why your change? Your association with Alf. Landon never taught you such low levels in political matters.

Now, in your attempt to tell the people of this Republic of what you are going to do, there was little sense. Why there is no sense in what you said is shown by your own words. In substance, you and Glamour Boy said that things you did would be brought into the open; out from behind closed doors. What you said is that after you have made settlements with tax dodging crooks, you will tell the nation's people about it. Why not tell the people who the crooks are; the amount they have cheated the government out of and that they will pay it all and go to jail besides. That is what you will do to any of us who work on a small salary, should we fail or refuse to pay our small tax. Mine amounts to \$240.00 to \$278.00 per year. That is as much as a man 70 years can pay. He pays it because it is deducted from his weekly pay check.

Now who makes up the differences between these unfair, unjust and doubtful settlements Mr. Humphrey and you make? The small salaried people pay the tax that you donate to men who are not entitled to any adjustment. Settlements with crooks, such as have been made and what you and Mr. Humphrey make are short of your oath to represent the people. I cannot believe that you or Glamour Boy have, as yet, represented the people honestly nor do I believe you will. Neither one of you wear the honor of a statesman. You both are politicians in the lowest sense of the strict use of the word.

ENCLOSURE

Would that we had men of ability and honor such as is found in Secretary Benson, in our affairs of government.

The people of the Nation have little to hope for. We thought we had rid the Whitehouse of Truman and in nonfeasance, malfeasance and his sell-out to unsavory interests. Now, we have a glamour boy following his policies, a man who told the World that "I am one twelveth American" and he is in the office of President of the United States.

The glamour boy said "We have 8 to 1 in support of our program." That 8 to 1 if the percent is correct, did not come from Americans, but from "One Workers" New Dealers, Fair Dealers, Wall Street and the like.

I am over the country from Pennsylvania to Utah and the Dominion and the Gulf throughout the year in an effort to make a meager living. I meet and talk with hundreds of people, mostly business men. I cannot refrain from holding Glamour Boy's promises up to those with whom I talk and compare them with his doings and inconsistent advocacies which, with his illconsidered off the cuff statements of matters he knows not anything, makes him unworthy of confidence. No less can be said of you, because you are his boy and you must do his biddings.

Respectfully yours,

On June 15, 1953, Earl "Bud" Eisenhower, nephew of the President, and Ross Melvin, Jr., a relative of the President's wife, were assisted by this office in connection with their travel through Chicago.

The youths, both 17, arrived two hours apart at different train stations. They were met on arrival and introduced to each other as they had not previously met. Thereafter, they were taken to lunch and on a tour of Northwestern University campus and the Chicago Museum of Natural History. In line with "Bud" Eisenhower's request, they also visited briefly at the Elks National Memorial.

They departed on the Olympian Hiawatha of the Milwaukee Road at the Union Station at 4:30 CDST and will arrive at Tacoma, Washington, June 17, 1953, at 11:45 AM. SAC R. D. Auerbach, Seattle, who was previously conferred with on this matter, was advised of their itinerary.

With reference to the Reception the President first indicated that he was not interested in meeting the Messenger, Secret Service, or White House police groups as "he didn't want to shake hands with any niggers." It was later discreetly called to the President's attention by secretaries James C. Hagerty and Thomas E. Dear Mr. Hoover:

I am herewith enclosing a copy of a letter which I am sending our President, hoping that he may stop and consider. The American people elected him to do a job. We feel that he is being misguided, and that we are not getting the fulfillment of his campaign promises.

At the suggestion of [redacted] whom I know well personally, and who is doing a Herculean job against communism, I am sending this copy for your records.

I also want to personally express my sincere gratitude to you, Mr. Hoover, and your organization. You are doing a magnificent job. Keep it up. With the government so riddled with communists and sympathizers, it is wonderful to know of your patriotic and untarnished record. Without your staunch efforts to keep America safe for Americans, we would have been sabotaged to destruction long before now. We hope that the American people can be awakened from their lethargy, and start fighting for our Constitution and the sovereignty of our great nation. We must not allow the traitors to take over.

With Kindest Regards and High Regards,

Sincerely Yours,

The President,
White House,
Washington, D.C.

Dear Mr. President:

I was heartily in favor of your nomination and election. I voted for you, with the high hopes that you would clean house in Washington, and give America a chance. I still feel that you are a man of integrity, who could be the greatest man this world has ever seen, providing you admit of your past mistakes and alliances, such as occurred as result of Yalta agreements and other Rooseveltian entanglements. If you will keep your campaign promises, and sever all relations with Rockefeller's Council of Foreign Relations, and truly lead this nation back to sanity and away from destruction internally as well as externally, then America can be saved as a sovereign nation.

Reconsider, Mr. President, your course in history. Are you going to be just another Truman or a Franklin D. Roosevelt, to whom you owe much personally, who were ruled by the same Internationalists? That the American people are becoming awake and aware of many of the truths which have been concealed for a long time, is an established fact. Some day history will record you either as one of our greatest Presidents, or else you will be revealed as one, who sold us down the river. Which will you be? Under the plan of the Internationalists, we will be losing our constitutional liberties and freedoms. You have the choice to make yourself another Abraham Lincoln, or, may Almighty God forbid, another tool of the Internationalists, such as Franklin D. Roosevelt.

The American people are becoming disgusted with your coddling the Internationalists and communists. Many people are beginning to know of your one-time membership in the Council of Foreign Relations, and your close association with Alger Hiss at Columbia University as President of the Carnegie Endowment for International Peace, and that you are ruled by them. Are you still a member of the CFR? Be a man of your word, admit your mistakes and come clean. The American people will forgive everything, if they know you are really sincere. This Korean war could have been stopped a long time ago, according to reports from men who were over there, and who were Generals in the U.S. Army. Quit killing American youth for the sake of Internationalists lust for oil and power.

Billions of Christian Americans are shocked by your comment on Matthews article in American Mercury magazine, which article is neither generalized or irresponsible. It is based on documented facts. You are saying, in effect, just as the minority of collaborators want said, "traitors are safe in America if they wear the clerical robes," or if they belong to Rockefeller's Council of Foreign Relations.

Now, Mr. President, the American people will be behind you 100%, providing, you don't try to deceive them any longer. The people are becoming awake and aroused at your actions. We object to your actions in pressuring Congress in regards to the Excess Profits Tax extension. We can't support your ideas in regards to the Russian-controlled United Nations. Either we abolish the veto as so frequently used by Russia, or else Russia should be thrown out of the U.N. If this is impossible, we should get the United States out of the U.N. Let us end this hamstringing war by a military victory, instead of a stalemate armistice, which does nothing but continue the communists and internationalists intentional "cold war".

I am still a believer in you as a true and patriotic American, who can save America from the Internationalist and world-wide communistic conspiracy. Be a man of principle, just as Ex-President Hoover was, when he decided against taking the U.S. into the proposed Internationalists war, which Franklin D. Roosevelt was only too eager to do. You must release yourself from their control.

I hope that I may have your personal answer to my inquiries in this letter. Just an answer by one of your secretaries, unless personally signed by you, will not do. With all due respect to your high office, and its high purpose, which is to uphold and protect our Constitution and national sovereignty,

I remain,

A sincere, loyal, but worried American

The Attorney General has received the following letter from the Secretary to Mrs. Eisenhower:

"The President and Mrs. Eisenhower plan to hold the usual state receptions this fall and winter. For use in preparing invitations to these receptions it is necessary for us to call upon the various departments and agencies of the government to furnish us with the names and addresses of their higher ranking personnel. Therefore, will you please send me a list, at the earliest practicable date, using the following as a general outline of the persons and information we desire?"

"The names, official titles, and local home addresses of the officials in your department holding presidential commissions, the assistants to the Attorney General, and the chiefs of bureaus or divisions, together with the names of members of their immediate families actually residing with them in their homes in Washington who are eighteen years of age or older.

"Because of the limitation of space at The White House and the tremendous number of government officials in Washington, the President has asked that the lists be kept as low as possible."

Will you please send me at the earliest practicable date, a list as specified of the officials in your Division (or Bureau) to whom these invitations should be sent.

The President of the United States,
 The White House,
 Washington, D.C.

Dear Mr. President:

Dwight D. Eisenhower

I am writing you at this time, at the suggestion of Senator McCarthy. I am very strenuously opposed to giving aid to England and other countries and allies, who insist on trading with outlaw Red China now, or any time in the future. As long as one single American boy is held prisoner by the Red Chinese, no trade should be allowed with them. I am in favor of complete boycott of the Red Chinese and North Koreans, until they are completely subservient to our demands. In this cold war with Russia and her satellites, everything must be done to restrict trade with them. Any other method is appeasement. You, Mr. President and your Secretary of State, are going back to the old Truman-Acheson foreign policy. We have had enough of that. You were elected to lick communism, not to appease it, or coddle the communo-socialist English government, who have been dragging their feet all along, and not doing their fair to fight communism. Even now, England and India are doing more to aid communism, than to annihilate it. There is our national honor, as long as we allow Chinese Reds to keep our men prisoners and to practice atrocities on them and to murder them. The American people demand that you do everything in your power to release these men, otherwise your administration is not fit to have the respect of the American people. Because of this, the American people are getting behind Senator McCarthy and his views more and more. I suggest you heed his words, and show us what kind of an American President you are. We want action and leadership in recalling communism. So far you are not doing as you so faithfully promised before your election.

On July 28, 1953 I wrote you a letter, and asked for an answer from you personally. To date I have received no reply. I am sure you have had ample time to answer my inquiries. I am still expecting your reply to some very important questions. I sent a copy of this letter to the FBI. Have you seen additional questions I would like answered at this time.

1. Are you still a member of Rockefeller's Council of Foreign

2. What was your relationship with Alger Hiss at Columbia University, and with the Carnegie Endowment for International Peace, when Alger Hiss was President of that organization? What was John Foster Dulles's relationship in these organizations with Alger Hiss and the Council of Foreign Relations?

3. Why did you allow the Russians to take over Berlin, and other portions of Eastern Europe, when General Patton and others were so opposed to letting the Russians in first? What about the thousands of people, who rather committed suicide, than be released to the Russians by the American army? You know about these atrocities, and did nothing to prevent or stop them. Do you not feel a sense of extreme guilt in allowing the Russians to kill many of these people, or to make slaves of them? You, President Eisenhower, could have rebelled against such inhumanities, just as did General MacArthur, and not obeyed such orders from your superiors and the JCFM. The American people demand explanation of many of your past actions.

4. Why are you backing the United Nations, when you know that it lost the Korean war for us, the first in American history. It did not allow us to win, but instead the Russians used the United Nations to pin-point our armies, so that the Reds could annihilate them. Why were we not allowed to win this war?

5. What is the organization which is guiding and controlling most of your actions, now that you are President? Is it the A.L. of B'nai B'rith, or the Council of Foreign Relations? Or is it both? Neither one has the good of America at heart. It was very degrading to the office of the President of the United States, for the President to be seen and heard over television the other night, sponsored by the A.L., and receiving and accepting their "Democratic Legacy Award". You have stooped to a new low, when you exempt the guards from such red-infiltrated organizations. Both organizations, as shown by documented proof, are un-American in character, since they have been practically taken over by the Reds in this country. Is this the type of President the American people voted into office as a CHAIRMAN? Not much change from the preceding twenty years.

6. Why did Secretary of State John Foster Dulles, not allow himself to be investigated for loyalty to the U.S. after he suggested that his entire State Department personnel would be checked? Was it because of his relations to traitor Alger Hiss? He at first stated, he would be the first to be cleared, but after the question in regards to Alger Hiss came up, he immediately stopped any further investigation of himself. Could it be that John Foster Dulles, the great churchman, also has a skeleton in his closet?

3.

Now, Mr. President, these are a few questions which in my mind, need definite answers from you, if we, the common people are to have confidence in you and your administration. I have waited four months for a reply to my letter of July 28th. I hope that I may now have the courtesy of a reply.

I am also adding the following statements for your earnest consideration.

The Bricker Amendment must be passed by Congress in its original form, and not as amended by Knowlton.
Communism must be outlawed in the U.S.
We must get out of the United Nations, unless it is drastically changed to exclude Russia, so that the peaceful nations can accomplish their avowed objects.
Congressional Investigating Committees must be assisted in their heroic work. Any true American has no reason to hide behind the Fifth Amendment. You, Mr. President, can strengthen the position of these committees by discouraging the red propaganda and aiding against those committees that is so prevalent today.
Most important of all, our Constitution must be protected so that no United Nations Treaty can supersede it.
Our national sovereignty must be increasingly safe-guarded against all "One-World Government" internationalists.

Yours For Better America,

A Loyal American and Patriot,

After checking and finding no record in the Bureau of having received information from San Diego concerning this matter, at 10:45 A.M. today I talked with SA [redacted] who was acting in charge of the Office, and asked that he determine if the Office had been contacted by a representative of Secret Service and, if so, why the Bureau had not been fully advised. (b)(7)(C)

At 11:30 A.M. SAC Willis called back and stated that he had made a complete check of the indices of the San Diego Office, had contacted all Headquarters City Agents, as well as the Resident Agents at Indio, Palm Springs, and Riverside, California, and developed no information indicating that anyone in the Office had been contacted by Mr. Rowley or any other representative of Secret Service concerning this matter. He also checked with the Los Angeles Office and received no information indicating that Secret Service had made a contact with that Office concerning the President's contemplated trip to California. While handling this matter with San Diego, SAC Willis was furnished with the information appearing in the attached memorandum concerning the contemplated trip of the President to Indio, California. He was also informed that he should keep the Bureau advised of any significant developments or requests for assistance from Secret Service in connection with this matter.

ACTION: In view of the above, Liaison Agent [redacted] will recontact Mr. Rowley in an effort to determine what Bureau representatives on the West Coast were contacted in connection with this matter.

DWIGHT D. EISENHOWER

Mr. James J. Rowley, Chief, White House Detail, Secret Service, confidentially informed [redacted] this afternoon that the President is taking an unannounced trip to southern California during the week of February 15, 1954. He is planning to stay at a private lodge in the desert near Indio, California. Indio is approximately 25 or 30 miles from Palm Springs, California. Mr. Rowley commented that he understood that the Bureau had a Resident Agency at Palm Springs and that perhaps he may be calling upon our representatives for help if the occasion arises in that neighborhood. Rowley indicated that the President probably would be in Indio for approximately a week to 10 days. Mr. Rowley also advised that this weekend the President will spend a few days at the plantation residence of Secretary of the Treasury Humphrey.

Mr. Rowley stated he desired to call these matters to the Bureau's attention in the utmost confidence as the California trip is not to be announced prior to the President's arrival there.

The San Diego Office is not being informed of this visit as Mr. Rowley indicated that he, on an advance trip to the west coast, had already been in touch with the Bureau's Office.

ACTION:

None. For your information.

Did they notify me?
B

* The Bureau does not have office space, but does have one Resident Agent assigned to Indio, California.

(b)(7)(c) Mr. Sizoo's memorandum to you of February 10, 1954, recommended that [redacted] recontact Mr. James J. Rowley of the White House and determine from him the identity of the Bureau's representative on the west coast that Rowley had contacted on a previous trip, the indication being that Rowley had talked to Bureau representatives in the San Diego-Los Angeles area and that the Offices had failed to notify the Bureau.

(b)(7)(c) As requested, [redacted] recontacted Mr. Rowley on February 17, 1954 (he has been out of the city until recently) and inquired of him the identities of the Bureau representatives with whom he had discussed the President's trip during his advance work on the trip a couple of weeks ago. Mr. Rowley stated that perhaps he had previously misinformed [redacted] as he had in fact traveled incognito and had not made known to those outside of Secret Service the purpose of his trip. Rowley stated that he had been placed in contact with representatives of a number of Federal, state, and local organizations but that he does not recall the names of the Bureau representatives but relied upon the local Secret Service to handle all details.

ACTION:

In view of the fact that Mr. Rowley cannot determine the exact identity of a Bureau representative who may have been contacted, it is recommended that no further action be taken on this matter.

Jack ~~Martin~~ called from the White House. He has a personal problem which is of some consequence to him. He stated that somebody wrote a letter to the President on the stationery of the [redacted] and signed the letter [redacted]. The letter was exceedingly critical of the President and nasty in tone. It did not contain any threats. It caused considerable concern around the White House and after some discussion of the higher echelon prior to giving it to the President, Martin was consulted. He knew that [redacted] would not write such a letter even if he thought as the letter stated and he happened to know that the entire [redacted] was friendly disposed to the President. He checked with [redacted] who flatly denied writing such a letter and that such a letter was a forgery. Martin was wondering if we could run this down and find out who wrote the letter because such a letter was simply not good for the country and there are enough evil forces at work as it is.

I told Jack that since the letter did not contain any threats I frankly did not see any basis whereby we could undertake to make such an investigation; however, I would like to mull it over a little bit and I would let him know. The letter has not been shown to the President as yet. The possibility of finding out who wrote the letter could be a long involved, if not remote, process from the standpoint of success. I do not think we should get into this.

Martin wondered if there would not be some statute governing this having to do with the U. S. mails. I told him that if there were, this would not be under our jurisdiction, but nevertheless I would like to check on it. If approved, I will advise Martin there is no way we can undertake this.

Dear Sirs

Permit me, one of your sub-alternates, to congratulate you on your stand in both national and international problems.

God being willing, we will some day have a better world in which to live. Too many people on this earth believe that world owes them a living, which was not the intent of our Maker.

This comes from a registered Democrat, who is, has been, and will be, a Dixiecrat. Voted for you the last time, will again, should you choose to run.

I have just been advised by ED EISENHOWER that the trip to Walla Walla to see the President is off.

Apparently TOMMY STEVENS of the White House staff called ED last night and advised him that in the meantime since the original arrangements were made the President has accepted an interim invitation to stop off at Missoula, Montana, to dedicate some forestry project, and accordingly he will have to have supper there rather than in Walla Walla.

Accordingly the President will be in Walla Walla from only about midnight tonight through breakfast tomorrow morning and the dedication of the McNary Dam and will go on then directly to Portland for another engagement.

ED tells me that there will be other opportunities in the immediate future in connection with visiting with the President but has not elaborated on the situation.

Dear Mr. Kelly:

In May 1954, you acknowledged one of my letters, so I am writing to you again. This may or may not be of importance - but here it is.

is a person I have written to your department several times. Lately she has been to see a "merchist" speak - and this week - and last has been spreading the following rumor - "Mrs. Amy Eisenhower is an alcoholic. The president has had this problem with her all their married life. Her illnesses are not illnesses but alcoholism - There is great ado in Washington at State dinner because she must be seated next to the president so he can prevent

her from drinking" etc etc. 0:50
If it's true ok. If not, it is
a very mean rumor.

Maybe it's worth nothing - but
she still has as her. fake

They are the ones
who have been outspoken right along
in their attitudes.

Take it for what it is worth.

Very truly yours, C

I

[redacted] did not reveal interest of FBI in matter and it has been indicated to him that interest in this stems from personal curiosity and has no connection with the FBI.

She is currently 46 years of age, born in Ireland and served in British Armed Forces before becoming a WAC Captain in U. S. Army Auxiliary. While President Eisenhower was Supreme Allied Commander in Europe, Summersby served as confidential secretary, aid and driver. All checks mentioned above were made with complete secrecy and it is felt that no interest has been aroused on the part of outsiders concerning this matter. You will be advised of the result of New York's pretext call they will make during the evening hours.

MORSE FOR PRESIDENT!! FEARLESS, FAITHFUL MORSE!! Back in '52 Eisenhower was no sooner "elected" than W K instantly said "he fooled The People to win his election"!! NOW the same fearless, faithful MORSE say Eisenhower is forging an "economic fascism" against The People - the depravity of one performance in the depravity of the other!! Fooling The People to forge fascism against them is the very pattern of Adolph & Benito all over again but badfaith against The People is not the American Way of Life!! Guile with a grin is no qualification for President of these United States & THE AMERICAN PEOPLE will not be fooled by any such badfaith!! Newberger's LARGENT AT HELLS CANYON cries aloud for MORSE at that CANYON & in our White House!!! This "hero" with a grin, in all his guile, has a healthy fear of MORSE whose stride & stature, character & integrity, standing & goodfaith are AMERICAN to the core !! VOTERS will go for MORSE with thundering shout of joy & make Gettysburg a last retreat for guile & badfaith!!!
SIC SEMPER !!! MORSE FOR PRESIDENT !!!

Must be all of a century since Walt Whitman cried "That a filthy President!"!! And NOW - a President whose "character" morals are so insensately imbedded in a preposterous pretender, pious punk, sanctimonious shyster, denuded desperado called JFDullest!! A Stumblebum of Big Bunk, Screwbull of Bedlam, Schizoid on a Binge, Shyster of Bafflegab, he must be supreme S O B, the Panjandrum of Pandemonium himself, & his empty echo the hero who "fooled The People to win election"!! The Desperate Dolts of Dollar Demencia got what they wanted in his election all right but The People got a sellout, a giveaway, no less!! Dullest & echo are, of course, duplicates of double talk, double cross, 2 hearts that beat as one, their first concern always profits of their plunderbund!! On 2-16-56 Mr. James Rowley, Chief of the White House Detail, U.S. Secret Service, advised Mr. Bartlett of the Liaison Section in extreme confidence that there is a possibility that the President may go to Puerto Rico on March 10-11, 1956, to attend a meeting of the Military Joint Chiefs. He stated that this meeting will probably be held within the confines of a military installation, possibly an air base.

Mr. Rowley asked that this information be held closely within the Bureau and that no action be taken at this time. He stated that if the trip materializes for the President, he will get in touch with the Bureau so that we can alert the San Juan Office.

Dear Mr. Hoover:

A while back I was amazed to hear Drew Pearson say or say that President Eisenhower would not run, even though he said he would, for President again. This amazement increased when the President said he felt so well he would be quite active in his campaign.

(b)(7)(C) While discussing another matter with [redacted] of Senator McCarthy's office, [redacted] referred to the book, "The Inside Story" by Robert J. Donovan and to that portion on page 341 which discusses the background of the Celler investigation. The paragraph in question as taken from the book states,

"Discussing the background of the Celler investigation, Brownell digressed into a situation he had uncovered in the General's office. When the Attorney General investigated the failure of the [redacted] to the F. B. I. on questionable activities by a certain clothing manufacturer, [redacted] discovered that some of the G. A. O. staff had been instructed by McCarthy to hold back such information until McCarthy felt the right time had come for producing it. Sherman Adams remarked dryly that the G. A. O. staff situation was being corrected."

In connection with this paragraph, [redacted] stated the G. A. O. was alarmed about this and advised Senator McCarthy's office that nowhere in G. A. O. files are there any memos or directives to show that any instructions were given orally or in writing by Senator McCarthy to hold back information from the FBI until McCarthy felt that the right time had come to produce it nor could anyone handling the Celler investigation at G. A. O. recall any such oral instructions from McCarthy. [redacted] advised that there is nothing in the files of the Committee to show that Senator McCarthy had ever instructed G. A. O. not to give the FBI any information and that there is no one on the Committee that knew of any such instructions. [redacted] Senator McCarthy felt that somebody should ask Brownell to explain just what he meant because there is certainly nothing, either in the Committee's records or at G. A. O., to indicate that any such instructions were given by Senator McCarthy.

(b)(7)(C) [redacted] advised that he personally handled the Celler investigation and when there was a change in the Administration of the case the whole file was turned over to young Kennedy as counsel of the new reform committee and that he had no recollection or any reason to suspect that any such instructions had ever been issued by Senator McCarthy.

Re: Wright

Reference is made to my memorandum to you dated July 8, 1956, concerning statements appearing in the book by Robert J. Donovan entitled "Eisenhower: The Inside Story." These statements indicated that the Attorney General investigated the failure of the General Accounting Office (GAO) to report to the FBI on questionable activities of a certain clothing manufacturer and that the GAO staff had been instructed by Senator McCarthy to hold back such information. As I pointed out in the July 8, 1956, memorandum, Joseph Campbell, Comptroller General, had requested clarification from this Bureau regarding the statements appearing in the Donovan book.

Comptroller General Campbell has been advised that the question as to whether the FBI could or could not clarify the statements in the Donovan book is academic; that, as a matter of propriety, this is something which should be left to the Attorney General. Mr. Campbell stated he understood and intended to contact the Attorney General in the next few days. Campbell commented that he had checked and had determined that the McCarthy Committee in 1954 furnished information to the GAO concerning [redacted] and asked for a GAO investigation. When this investigation indicated possible criminal activity, the GAO went to the committee indicating that the matter had proceeded to the point where it should possibly be referred to the Department of Justice. The committee indicated to the GAO that it would take care of the matter. Therefore, according to Campbell, the GAO's hands were tied and they could take no further action. This statement is similar to information furnished to you by this Bureau in a memorandum dated July 11, 1955, which was confidentially furnished by Mr. William L. Ellis of the GAO.

Campbell has also indicated to a representative of this Bureau that several days prior to the July, 1955, Cabinet meeting on which the comments in the Donovan book were based, Sherman Adams called him and stated that he had received information that a GAO employee might be personally involved in an inquiry being made by GAO. Campbell said he would check into it and if true, would see that the employee was removed from any work on this particular case. Campbell stated that the statement by Sherman Adams in the Donovan book might be based on this conversation.

FRAUD AGAINST THE GOVERNMENT;
BRIBERY; CONSPIRACY

This is to advise the Attorney General's reply to Senator John L. McClellan, furnished by Rogers 7/6/56, requesting Bureau comments, has been reviewed and statements therein are in accord with the facts as known to this Bureau. Memorandum so advising Rogers enclosed.

This concerns a statement in Robert Donovan's book "Eisenhower: The Inside Story" wherein the Attorney General is quoted at a Cabinet meeting concerning Senator McCarthy instructing General Accounting Office (GAO) to withhold information concerning clothing contractor from the FBI.

The proposed letter to Senator McClellan, after identifying the remarks in the Donovan book, furnishes facts known to the Department concerning this matter. The letter highlights the dates of the committee hearings, discusses information developed by the committee indicating a criminal violation, and outlines the Department's handling of this matter, including investigation by the Bureau. The letter further indicates that the Department made arrangements with the Comptroller General in 1955 to have allegations of Fraud Against the Government referred to the FBI by GAO promptly. The letter concludes that because this understanding with the Comptroller General would preclude a repetition the subject was carried no further. Specific references to the Bureau contained in the letter are set out below, together with pertinent facts from the Bureau files.

STATEMENTS RELATING TO THE FBI

1. On page 2, the first full paragraph states in part "neither the FBI nor the Criminal Division of the Justice Department had any knowledge prior to the opening of the Subcommittee's public hearings on 5/18/55, of the facts or allegations suggesting possible bribery on the part of Government civilian and military personnel and had not investigated same."

In this matter general information was furnished by [REDACTED] Senate Investigating Committee, on a highly confidential basis 3/29 and 4/6/55. To date all 1956 matter inquiries were conducted by Philadelphia and New York. New York interviewed [REDACTED]

Memorandum to Mr. Rosen

In the meantime we contacted GAO who advised some investigation had been conducted, but committee clearance would be necessary before the results of that investigation could be furnished to us. You will recall that Robert Kennedy on 5/11/55, refused to furnish information developed by GAO or the committee until committee hearings then scheduled for 5/18/55, were completed.

Inasmuch as we only had general information and not the specific allegations, and sources thereof were denied us by the committee at that time, the matter was referred to the Criminal Division for decision as to whether the investigation should proceed or should be deferred pending completion of the committee hearings.

2. On page 2, the second full paragraph reports the Criminal Division requested appropriate investigation on 6/6/55. We did receive instructions by memorandum from Olney 6/6/55, to institute investigation.

3. On page 2, the third paragraph reflects that in the course of its investigation the FBI learned that a number of witnesses had been interrogated by GAO as early as the Fall of 1954.

Reports were furnished to the Department [redacted] that [redacted]

4. Page 3 of proposed letter to Senator McClellan in the second full paragraph sets out that a representative of the FBI had been informed by William L. Ellis, Chief of Investigations of GAO, that GAO had originally inquired into this matter, had developed information indicating illegal activity and had gone to the committee advising them the investigation indicated criminal violations. It also sets out that Senator Joseph McCarthy had told GAO not to turn the matter over to the FBI.

SUBJECT: **PROBE BY SENATE INVESTIGATIONS-SUBCOMMITTEE (McCLELLAN) COMMITTEE REGARDING DISCLOSURE OF SECRET DATA MISCELLANEOUS - INFORMATION CONCERNING**

A news article dated June 25, 1956, in the "Daily Mirror," a New York newspaper, reflects that Maxwell Rabb, a Cabinet secretary, was summoned, on June 24, 1956, by Senate Investigators, to explain why an author was given access to secret White House information denied to members of Congress. The Senate Investigations Subcommittee Chairman, Senator McClellan (D. Ark), announced that Rabb had been asked to appear on June 26, concerning information which appeared in the book written by Donovan, a Washington News man.

The book in question is entitled "The Inside Story" deals with the Eisenhower administration. It is alleged to contain the confidential minutes of Cabinet meetings, advisory opinions and other information which the Executive Branch has withheld from Congressional Committees. Chairman McClellan noted particularly that the White House had refused to make available information on the decontrol of embargoed trade goods sent by NATO allies to the Soviet Union and other communist countries.

News releases on June 25 and 26 concerning this matter indicate that Maxwell Rabb has denied furnishing any information to Donovan in connection with the publication of Donovan's book and further stated that to his knowledge, none of his staff gave confidential minutes of Cabinet meetings to Donovan. Rabb declined to appear before the McClellan Committee as requested to testify regarding the information in Donovan's book which is to be released to the public next Monday. Excerpts from Donovan's book previously appeared in the Washington "Star."

OBSERVATIONS:

1. Based on information appearing in the press, it appears that the request for Rabb to appear is based on an old point which has been raised many times between the Executive and Legislative Branches of the Government, namely, the right of Congress to have access to information in the files of the Executive Branch of Government.

2. Information in the files of the Executive Branch of the Government is classified under an Executive Order and it appears that it is the prerogative of the White House to declassify that information for such purposes as it deems advisable.

3. Maxwell Rabb has denied furnishing information from White House files to Donovan, and there is, in fact, no specific allegation as to what information was actually leaked to Donovan which was denied to the Congressional Committee. Therefore, it would appear that so far as this allegation is concerned, we should institute no investigation. The question as to what may be classified information is one which the White House is in a position to resolve.

RECOMMENDATION:

Since Donovan's book should contain much information of interest to the Bureau, it is recommended that the Crime Records Section obtain a copy of the book when it becomes available and that the book be reviewed.

Dear Mr. Hoover:

While the great majority of us abhor Communism, very few people have thought through a definition and set forth its aims. In reading President Dwight D. Eisenhower's address at Baylor University on May 25th, I was particularly impressed with the clear and simple language in which he spelled out Communism's meaning and objectives.

From the context of the President's speech, I put together his definition of Communism. On June 19th, the President wrote me giving his approval of the wording and permission to make unrestricted distribution.

With this letter, I am sending you a copy of the definition in form suitable for display as it is or, preferably, for framing. In the greatest ideological clash of all centuries, between the free world nations representing Liberty and the U. S. S. R. representing Communism, I believe that our cause would be furthered if tens of thousands of these definitions of Communism were hanging in homes, schools, stores, and offices all over the world.

If you wish copies to send to your friends and acquaintances, I am happy to tell you that  is prepared to make them available at cost (i. e., reproduction plus shipping expenses). Small pocket size cards bearing the definition have also been prepared. Please address your inquiry to me.

(b)(7)(c)

In addition to making this definition available in these forms in English, consideration is being given to reproducing it in the other principal languages of the world.

Memorandum for Mr. Nichols

July 9, 1956

The book "Eisenhower: The Inside Story," by Robert J. Donovan, was released recently by Harper and Brothers, Publishers, New York.

AUTHOR, ROBERT J. DONOVAN SUMMARY

Robert J. Donovan, born in Buffalo, New York, has covered Washington for the New York Herald Tribune since 1940. A past president of the White House Correspondents Association, he has been a frequent contributor to such magazines as "Harper's," "The New Yorker," "The Reporter," and "Collier's." He is the author of "The Assassins," a study of the motives behind the men who have attempted to murder Presidents. Taking a leave of absence from his paper, he spent weeks and months in intense research, and as much time in exhaustively interviewing with present and former members of the government in order to complete "Eisenhower: The Inside Story." THE BOOK

"Eisenhower: The Inside Story," a pro-Eisenhower book concerning Eisenhower's first three years in the White House, gives an account of Cabinet meeting discussions and high-level conferences, neatly interspersed with incidents in lighter moments which serve to enliven the book, from pre-inauguration sessions in New York to the President's decision of February 29, 1956, to run for a second term.

While it would be impossible, from a practical standpoint, to mention all of the many and varied topics covered in this 407-page book, some of the items of particular interest to this Bureau include:

1. The President's decision in connection with the Rosenbergs' appeal for clemency. (Chapter 3; pp.42-47)
2. Civil Rights. (Chapter 11; pp.154-163)
3. The Brownell-Truman-Harry Dexter White Affair. (Chapter 12; pp.177-182)
4. Eisenhower and McCarthy--refusal to descend to McCarthy's level--Zwicker, Stevens and Peress Case--the Army-McCarthy Hearings. (Chapter 18; pp.243-258)
5. The Administration's revision of the Employee Security Program--Executive Order 10450--Ladejinsky and Chasanow Cases--Oppenheimer. (Chapter 21; pp.285-299)
6. Racial tensions and disorders in the South--the Director's reports to the Cabinet. (Chapter 29; pp.389-391)

REFERENCES TO THE FBI

There are numerous references to the FBI and/or the Director, none of which appear to be critical.

Cabinet Members Investigated

On page 80, the author indicates that when the President began his selection of high officials of his administration before his inauguration, he made it clear that those chosen must have records of conduct beyond reproach and that he (Eisenhower) let it be known that they must expect a systematic inquiry into their backgrounds, and even members of the Cabinet were subjected to full field investigation by the Federal Bureau of Investigation.

July 9, 1956

Bohlen Nomination

In connection with the President's fight with Congress over the nomination of Charles E. Bohlen as Ambassador to the Soviet Union, there are several references to the FBI. On page 87, the author states: "On March 20 McCarran (Senator) charged in the Senate that R. W. Scott McLeod, the State Department security officer, had been 'unable to clear' Bohlen 'on the basis of information received from the FBI' but that McLeod had been 'summarily overridden' by Dulles." On page 88, he states: "Dulles had assured the Foreign Relations Committee that an FBI investigation had left 'no doubt' that Bohlen was loyal and was not a security risk." Further on page 88, he says: "Still, McCarthy and McCarran had stirred up such a tempest that on March 23 Taft and Senator John J. Sparkman, of Alabama, the 1952 Democratic Vice-Presidential nominee, agreed to act as a sort of two-man Senate jury and read the FBI summary of the Bohlen file."

Harry Dexter White Case

References to the FBI in connection with the Harry Dexter White case are as follows:

Page 178--"Brownell said that on December 4, 1945, an FBI report on the 'espionage activities' of White was delivered to Truman at the White House through his military aide, Brigadier General Harry H. Vaughan....The FBI, according to Brownell, then prepared a second report on White and gave it to Vaughan on February 4, 1946, 'for delivery to the President.'"

Page 179--"Truman explained that he first learned of the accusations against White early in 1947 through an FBI report brought him by Vaughan and through a warning from James F. Byrnes, then Secretary of State, who also had seen the report."

Page 180--Truman, after consultations with members of his Cabinet, decided to let White's nomination and appointment take its normal course, because "any unusual action might have alerted White to the FBI investigation being made of himself and others and thus imperiled it."

The author states: "Brownell and FBI Director J. Edgar Hoover subsequently appeared before the Senate Internal Security Subcommittee and testified that Truman's decision to retain White had hampered rather than helped the FBI investigation. Hoover said he had never agreed to it."

Page 181--At the President's press conference, November 11, 1953, a reporter asked, "What did you understand was the purpose of bringing information from the files of the FBI before a luncheon group instead of some official body, such as a grand jury or another body of Congress...?" The President replied he had not considered

July 9, 1956

the point since he had merely been told that certain information was going to be made public.

Page 182--At a Cabinet meeting on November 12, 1953, "Brownell told the Cabinet that in the controversy then raging the point should be stressed that the FBI reports actually went to the White House before White was promoted."

Security-Government Printing Office

Page 246--In connection with McCarthy's subcommittee investigations into security regulations in the GPO, it is stated: "...McCarthy and GPO officials got into a dispute as to whether the FBI file on a certain bookbinder listed forty informants as having reported that the man had engaged in Communist activities."

J. Robert Oppenheimer

Page 294--"On November 7, 1953, William L. Borden, former executive secretary of the Joint Congressional Committee on Atomic Energy, sent a letter to J. Edgar Hoover saying that 'more probably than not J. Robert Oppenheimer is an agent of the Soviet Union.'"

(b)(7)(C)

(100-██████████548)

Pages 294-295--"After Borden's letter arrived, the FBI prepared an inch-thick summary report on Oppenheimer--the full Oppenheimer dossier, when stacked up, rises, it is said, four feet and six inches above the floor--and distributed it, along with copies of the letter, to the White House and interested government departments on November 30."

Page 295--"Simultaneously another copy had gone out from the FBI to the Pentagon, where it caused a shock."

General Accounting Office-Brownell

Page 341--"When the Attorney General investigated the failure of the GAO to report to the FBI on questionable activities by a certain clothing manufacturer, he discovered that some of the GAO staff had been instructed by McCarthy to hold back such information until McCarthy felt the right time had come for producing it."

July 9, 1956

Racial Tensions

The March 9, 1956, Cabinet meeting considered segregation.

Page 390 - "J. Edgar Hoover was present and made a long report."

The author continues: "In discussing resistance to segregation he noted that Democratic Senator James O. Eastland of Mississippi, new chairman of the Senate Judiciary Committee, had urged resistance at a meeting in Birmingham, Alabama, on February 10, saying, 'The Anglo-Saxon people have held steadfast to the belief that resistance to tyranny is obedience to God.' Hoover informed the Cabinet, however, that Eastland had not advocated violence. He quoted the Senator as having said at the same meeting, - 'The fight we wage must be a just and legal fight. Acts of violence and lawlessness have no place in our organization.' He reviewed the Negro boycott of buses in Montgomery, Alabama, in protest against segregation, and the disorders at the University of Alabama to bar the admission of a Negro student, Autherine Lucy. Hoover called the latter a 'disgraceful incident.'

"He then reported that the Communist Party was trying to infiltrate the National Association for the Advancement of Colored People, but that the association remained anti-Communist.

"The Communists have decided now,' he continued, 'to concentrate their activities in Alabama, Georgia and Mississippi since these are the growing areas of industrial concentration where Communists think they have their best chance to infiltrate and expand the party strength. The party is now engaged in an active program to send party members from the New England States to these three states where they will concentrate in the textile industry.

"The Communists intend to inject the Negro question into every possible issue. They claim that the unfortunate and brutal killing of fourteen-year-old Emmett Till in Greenwood, Mississippi, in August, 1955, is the finest thing that has happened from their standpoint. For public consumption they claim that the Till case is an historic event and the turning point in the Negro struggle for liberation.'

"The antisegregation white Citizens Councils throughout the South, Hoover said, 'either could control the rising tensions or become the medium through which tensions might manifest themselves.' The FBI knew of 127 of these which had come into existence since the Supreme Court decision on school segregation. Hoover told the (p.390) Cabinet: 'The Councils' program in some areas in applying economic pressure already has begun to make itself felt.'

Memorandum for Mr. Nichols

July 9, 1956

"He cited a number of cases. For example: 'A Negro dentist was told by the local bank he would be given no more financial assistance. A Negro gas-station operator who refused to put up a sign FOR COLORED ONLY was notified by the gas distributor that he would have to pay cash for oil and gas in advance. The local bank fixed a short deadline on his repayment of a loan. A doctor who was a member of the N.A.A.C.P. was told by patients that their employers would not pay their doctor bills in the future.

"'Calm, judicious judgment, public education and real understanding are needed to avert explosive incidents,' Hoover concluded. 'The area of danger lies in friction between extremists on both sides ready with violence.'

"During the ensuing discussion Hoover said that the sale of firearms had increased significantly in the South--by 400 per cent in one community, he said, citing an extreme case."

CONCLUSION:

Inasmuch as references to this Bureau concern matters already widely publicized and in view of apparent non-critical nature of these references, Bufiles were not checked.

Dear Members of Congress:

I am writing to ask of Mr. Nixon's statement is true that Mr. Dwight D. Eisenhower has been impeached by Congress and that he and Mrs. Eisenhower are on public execution at the mercy of the people. If this is true, then will Congress please supply the people with executioners, for I am nearly dead myself with Mr. Eisenhower's orders to members of his paid vicious circle, which is part of the Eisenhower Extortion Racket.

_____ has requested me to mention to you that he is tired of being told by both Mr. and Mrs. Eisenhower to kill me in cold-blooded murder at my brother's residence from where I am writing this letter.

According to Mr. Eisenhower's own confession, he and Mrs. Eisenhower and his vicious circle have been trying to take my life since the day of my birth, October 26, 1906, and in my immediate family have succeeded in taking the lives of my parents, _____ and my three brothers, _____

_____ as well as my father's sister and her husband, _____ by vicious circle and cold-blooded murder.

Mr. Eisenhower explains to me that the above is all a part of Mr. Eisenhower's Extortion Racket. The reasons for these deaths he tells me is for my grandfather's fabulous fortune, which he, Mrs. Eisenhower and the Mother Queen Elizabeth now possess.

It is now my godly duty to request the prosecution of Mr. and Mrs. Eisenhower and all members of their paid vicious circle and paid trained murderers who will not stop praying death and killing in cold-blooded murder throughout the entire universe.

Because of these extortionists, I cannot at present afford a lawyer and have been unable to get a court order through the Superior Court of New Jersey, Hackensack, N.J., or the Supreme Court of the United States of America.

_____ of the Superior Court of New Jersey answered my letter saying he would do the best he could in regard to this matter, but to date no action deliberately, I understand, has been taken by _____ and he has not forwarded my correspondence to the Judge of the Supreme Court at my own request, if for any reason he found it impossible to handle the matter for myself and the people of the United States of America.

Will you therefore please do whatever you can to restore my grandfather's fortune to me, which was willed in part to myself and the remaining part to my parents and brothers, which amount, deeds to properties and items of

I also believe you will find among these names the name of the Other Queen Elizabeth and her Royal Family, from whom I wish returned everything of my grandfather's extorted fortune, the correct amount, sterling silver, furnishings, etc. which you can also secure approximately from President Dwight D. By mental telepathy, President Dwight D. Eisenhower has requested me to ask your immediate attention to this matter and over a year ago in the same way has requested me to expose Mrs. Eisenhower's Extortion Racket throughout the entire universe. As a member of God's service for the past twelve years, I have investigated to the very best of my ability, with God's help, every available detail of Mrs. Eisenhower's Extortion Racket and now ask your immediate cooperation in this matter, especially in securing the assistance of the police throughout the world, as in Florida and in New Jersey even by personal request I have been unable to do so. My understanding is that the police and judges of courts are paid not to prosecute members of Mrs. Eisenhower's Extortion Racket.

I understand the United States Government at [redacted] in the United States Post Office a reward of \$500 for the capture of Jack the Ripper. Mr. Dwight D. Eisenhower, by his own true confession, is that man and it is his wish that the check for \$500 be forwarded to me at [redacted]

Mr. J. Edgar Hoover -
Washington, D.C.

My dear Sir -

I have just finished reading with great interest, your article in today's N.Y. magazine on "Vision for America", and automatically another great "visionary" came to my mind, ie our great and beloved "Ike." Should he not be immortalized with the other great leaders represented in the illustration? What other great leader have we had who has given as much to our Country, in service, dedicated his life from his youth not only to his Country but to the world! I am an elderly woman and not qualified for the task but would dearly love to do my bit towards such a project.

My dear Sir -

I have just finished reading with great interest, your article in todays' H. T. magazine on "Vision for America", and automatically another great "visionary" came to my mind is our great and beloved "Dca." Should he not be immortalized with the other great leaders represented in the illustration? What other great leader have we had who has given as much to our Country, in service, -- dedicated his life from his youth not only to his country but to the world! I am an elderly woman and not qualified for the task but would so dearly love to do my bit towards such a project.

Eisenhower

(b)(D)(C)

Mr. J. Edgar Hoover
Director of the F. B. I.
Washington, D. C. U S A.

My dear Mr. Hoover:

I have just re-read the absorbing book "Crusade in Europe" written by General Dwight D. Eisenhower. My previous sympathy and admiration for him - common almost to every body in the free countries - were thereby instantly raised sky-high! The simple and modest way in which he refers to the greatest achievement in human history and to his own exhausting planning and work and to the risks of his own life, make the book more attractive and its author becomes the dear human hero deserving love and devotion.

There, in his book, Mr. Eisenhower is not only the greatest Captain of all times, but reveals himself as the prominent Statesman in whose wisdom and foresight may rely Humanity to secure freedom, bread and happiness.

My sincere most genteel feelings and my deep and warm affection for him have led me, to humbly wish he were so kind as to accept through you, if possible, a little token, provided -of course- I do not hurt his delicate feelings and great dignity. As you are -I understand- a personal friend of his and have access to the White House, I think that no one near him is in better circumstances than you, for this purpose, if there is no objection from your part.

Among my gold indian jewels I have a "royal eagle" whose size is hereby delineated. Legend and information report that such "royal eagles" were consecrated to the exclusive use of the Great Chief. Nobody deserves it so well, then, as Mr. General-President Eisenhower! To collectors this piece offers certain characteristics of interest: of solid gold with a light copper alloy -to enhance its beautiful color,- it has some simple drawings of Maya nature, a detail I did not find in thousands of eagles that have passed by my hands. Pre-Columbian jewels with such an alloy become more and more rare and difficult to find as most of them appear very deteriorated due to the natural corrosion produced in the ground. But it happens that this one is in fine condition and complete.

RECORDED-13

It would make me the happiest man on earth to know that Mr. Eisenhower is so understanding and noble as to accept it.. Then I hope you may be so nice as to instruct me about how to send it carefully and safely to you, so that you may present it for me, or otherwise as it should be more convenient.

There is another circumstance which has caused me to like better and feel in more affinity with Mr. Eisenhower:

I was suffering of my heart in 1942 and according to the doctors diagnosis I should be in the grave since 1945, particularly if I would continue carrying on the tremendous bulk of work I usually had and have. But I put myself under "observation", studied well my pantings, depressions, irritations, the general tendency to apathy, the lasitude or fatigue produced by stairs or any strong effort... and then applid myself to cure all that and the rest of the symptoms, in a natural way, absolutely without pills, in-jections, etc, etc... and here I am stronger than ever, feeling better than ever and doing more work yet! I found that there are certain natural products with which to feed the heart and which operate as wonderful chemicals to safely secure the restoration and health of that organ (the most brave and intelligent we have) if, helped, besides, with certain breathing exercises to promote a better auto-irrigation of the heart. If this interests in any way Mr. Eisenhower, with the greatest pleasure and immediately I would communicate these little discoveries to you for him, or directly if I were allowed to do so.

I wish that you Mr. Hoover, may be also so generous as to forgive my daring and trouble to you. But it happens that I do not have friends in Washington able and fit enough to do this most diplomatic commission near his Excellency the President.

Referring to another matter: perhaps you remember (or if not it must be in your files) that some years ago, I wrote you that Hitler was alive after the last war and despite the many as-ertions about his death.

Well, the last December Police Gazette on pages 3-4 brings a sensational report on the subject. And something of interest: practicing one of my hobbies -science of "radiesthesis"- the pendulum reveals and ratifies this, in relation with the en-closed pictures:

- Hitler is still alive;
- Borgman is dead;
- Hitler's dog is also dead;
- Hitler is in Switzerland, but is really in Argentine at present!

I always thought that he was too much of a yellow devil, and with no family or military traditions to commit suicide.

When, -and if I come to the States-I will try to see you and communicate to you from person to person, something very serious concerning my last letter to you.

With my most cordial wishes for you,
Let me remain,
Yours very sincerely,

My dear Mr. President:

It is my very great honor and privilege to extend to you this invitation to attend the graduation exercises of the FBI National Academy on November 8, 1957. The exercises, which will be held at the Departmental Auditorium here in Washington at 11:00 a. m., will mark the joint conclusion of the 60th Session of the Academy and of the retraining session for previous graduates.

The Academy, established in 1935 for the purpose of training state, county and municipal law enforcement officers to become police executives and instructors, has graduated 3,262 officers, representing every state in the Union, our territorial possessions and several foreign countries. Several hundred of these graduates, together with their guests, will attend the graduation ceremonies.

We, of the FBI, would consider it a very high honor to have you present on the occasion. The graduation ceremonies last approximately one hour. We would, of course, be happy to have you formally address those in attendance, but, if you would prefer, we would be delighted to have you make a few remarks rather than a formal address.

Respectfully submitted,

J. Edgar Hoover

DWIGHT D. EISENHOWER

Dear Edgar:

Thank you for your cordial invitation to attend the graduation exercises of the FBI National Academy to be held on November eighth. As I am sure you realize, it is impossible for me to foresee my commitments at that particular time of the year, and I therefore dare not predict whether it would be possible for me to be with you. May we leave it that I shall ask someone to get in touch with you approximately a month before the graduation date?

At any rate, I would like to be excused from any kind of formal address -- since the preparation, for me, of any talk is enormously time-consuming.

Again my gratitude, and warm personal regard,

As ever,

Dwight D. Eisenhower

My dear Mr. President:

I deeply appreciate receiving your letter of March 5, 1957, and we are tremendously pleased to learn that it may be possible for you to attend our National Academy graduation exercises on November eighth.

We, of course, thoroughly understand your preference not to make a formal address. Your presence and encouragement, however, I assure you, would be of immeasurable benefit to all of us in law enforcement work.

I shall look forward to hearing from one of your staff prior to our exercises.

The Director has invited the President to appear at the graduation exercises of the National Academy in November, 1957. The President replied by saying that he did not desire to make a commitment this far in advance and would consider the invitation a month or so before the scheduled time.

On May 8, 1957, Mr. James Rowley, Chief of the White House detail of the Secret Service, advised [redacted] that the President was in receipt of a letter dated May 3, 1957, from [redacted]

[redacted] Mr. Rowley said that this letter invited the President to address the banquet meeting of the annual convention of the Society on November 16, 1957, at Atlantic City, New Jersey. Mr. Rowley advised that he discussed this matter with Mr. Bernard Shanley, Appointment Secretary to the President, and that an answer would be sent declining the invitation. Mr. Rowley said that he reminded Mr. Shanley at that time that the Director had invited the President to speak at the National Academy graduation in November. According to Mr. Rowley, Mr. Shanley indicated that the President was favorably inclined to accept this invitation; however, nothing definite would be known until early Fall.

Reference is made to my memorandum to you dated October 18, 1957, reporting that the White House desired to have a copy of the scheduled events to take place at the FBI National Academy graduation, November 8, 1957. Reference is also made to your memorandum from Mr. Tamm to Mr. Tolson dated October 21, 1957, recommending that liaison furnish the necessary program to the White House and also to find out if it would be proper to list the President on the program.

(b)(7)(C)

On October 21, 1957, [redacted] of the Liaison Section handed a copy of the program to Mr. Thomas E. Stephens at the White House. Mr. Stephens said that he was very pleased to see that this event lasted only 45 minutes because the President earlier today had indicated to Mr. Stephens that he desired to attend the entire graduation exercises. Mr. Stephens stated that this event will be on the President's calendar; therefore, will become public knowledge that he is attending the graduation exercises. Mr. Stephens said that it would be proper to list the President on the program and to take any other action necessary in connection with his appearance.

[redacted] of the Liaison Section today contacted Mr. James Hagerty, Press Secretary to the President, in connection with the President's appearance at the FBI National Academy graduation November 8, 1957. [redacted] handed Mr. Hagerty a copy of the program. This interview took place immediately following Mr. Hagerty's announcement concerning the Attorney General leaving. Mr. Hagerty notices that Mr. Brownell was scheduled to give out the diplomas and said he was not sure exactly when Mr. Brownell was leaving and that we should take up this point with the Attorney General.

*The 8th will be Brownell's last day. **

Mr. Hagerty advised [redacted] that he is extremely tired and that he had hoped to get away on vacation but that this has been delayed and if he is in Washington or even New York, he will attend both the banquet on November 6 and the graduation on November 8. Concerning the graduation, Mr. Hagerty stated that if he comes with the President he will sit on the platform if the Director insists, otherwise he will sit with the press. Mr. Hagerty stated that at the most one White House staff member will sit on the platform with the President; that the President does not like a large entourage.

Concerning the President's appearance on the platform, Mr. Hagerty said that the persons who are to be on the platform other than the Director and the President should take their places on the platform and that the President and the Director (the President standing on the Director's right) will appear in the doorway at which time the Marine Band will play Ruffles and Flourishes. After this phrase is sounded four times, the band then plays "Hail to the Chief," at which time the President and the Director will step forward to their chairs and remain standing until the entire piece is played.

Mr. Hagerty told [redacted] that he would like to announce the President's appearance at this graduation on Thursday October 31, and asked [redacted] if he could hand to him prior to this time a writeup on the FBI National Academy, the retraining session and the graduation. [redacted] said that he would see to it that this material was made available to him.

Mr. Hagerty stated that the White House press people will cover this event with photographers, both still and motion picture and reporters. He stated that the photographers will photograph the President on the platform immediately after he begins his remarks and then will move away. The moving picture cameras, which records for news events and television, will probably photograph the entire President's remarks.

Mr. James Rowley, Chief of the White House Secret Service Detail, was also furnished a copy of the graduation program today. Mr. Rowley stated that the Secret Service would like to make a survey of the Departmental Auditorium early next week. At that time arrangements will also be made for the press tables and the photographers.

RECOMMENDATION:

It is recommended that the Records and Communications Division prepare appropriate comments as requested by Mr. Hagerty for transmittal through Liaison to Mr. Hagerty.

Dear Mr. Hoover: Dwight Eisenhower

I write you after considerable thought as to where to forward my message. For quick action and also your capacity of responsibility for security of our President, I decided this letter should go to your department.

About a year ago I started a campaign through our local newspaper, to eliminate outdoor inauguration of Presidents. No great man, because of tradition, should be allowed to expose himself to weather conditions, waiving his hat and taking risks of a 71 year old.

Now I am greatly grieved, for the second time, that our President has again been subjected to an attack which I believe is at least partially brought on by exposure. I am enclosing newspaper photograph

"Whenever it is felt our President, or anyone of prominence for that matter, should be required to expose himself, there should be provided a wig, exactly duplicating his normal appearance and such covering should be made of such material as to provide as good or better protection than normal hat coverage. Subject: PRESIDENT'S STATE VISIT
TO CANADA, JULY 8 - 10, 1958

There is enclosed an article from "The Gazette," Montreal, Quebec, Canada, dated 6-27-58, referring to searching of houses in Ottawa in connection with the visit of President Eisenhower to this city. Also enclosed is an article from "The Ottawa Journal," Ottawa, Ontario, Canada, dated 6-27-58, which mentions that there will be no searching of Ottawa houses by the FBI on any future U.S. presidential visits. It refers to former U. S. President Truman's visit at which time it reports the FBI had searched every home along his route through the capital. These articles are based on the debates in the House of Commons Thursday, 6-26-58, a copy of the pertinent portion of which is furnished as an enclosure. It will be noted that no mention was made in the debates of the FBI. Also that the debate apparently originated with an article appearing in the "Printed Word." I have been unable to obtain a copy of this.

The matter was again brought up in the House of Commons on Tuesday, 7-8-58, and there are enclosed an article from "The Ottawa Citizen," Ottawa, Ontario, dated 7-8-58, and two articles from "The Ottawa Journal," dated 7-9-58, reporting on this matter.

This is furnished for the information of the Bureau.

HOUSE OF COMMONS DEBATES, Official Report, Thursday, June 26, 1958

ROYAL CANADIAN MOUNTED POLICE

Security Measures During Visits of Heads of State

On the orders of the day:

MR. H. W. HERRIDGE (Kootenay West): Mr. Speaker, I should like to address a question to the Minister of Justice, with some restrained indignation. In view of the very disturbing tale in the "Printed Word," a periodical published by the public relations firm of Johnston, Everson and Charlesworth Limited, to this effect:

When President Truman visited Ottawa at the end of the war, his guards searched, without warrant, every house along the line of march, including clothes closets, attics and cellars.

Would the Minister of Justice (1) make inquiries as to the veracity of this report and later inform the house as to the result; (2) assure the house that such procedure will not be countenanced in Canada, at any time, for any purpose, and that the basic rights and freedoms of Canadians will be recognized and respected on all such occasions?

HON. E. D. FULTON (Minister of Justice): Mr. Speaker, I rather doubt whether an allegation about a matter that took place some 10 or 11 years ago, as the visit of President Truman did, is one of sufficient or immediate urgency to justify an inquiry on the orders of the day. However, I have had some inquiry made---

MR. SPEAKER: Order. If the minister is raising that as a point of order I would agree with him that the first part of the question might be dealt with differently, but the second part of the question remains.

MR. FULTON: Yes, Mr. Speaker. I can assure the hon. gentleman, as a result of inquiries I have made and discussions I have had with those connected with such matters that there is no likelihood of any such event taking place in connection with any future visit by any head of state who visits Canada. I am also able to say, since the matter has been raised, that the inquiries I have made indicate, so far as my present information goes, that the report of the incidents in connection with the previous visit to which the hon. gentleman has referred is greatly exaggerated, certainly in so far as any allegation of the searching of every private house along the route is concerned.

62-81742-167
ENCLOSURE

Mr. HERRIDGE: Would the minister inform the house if he considers that on such occasions the Royal Canadian Mounted Police are quite competent to provide all the security required?

Mr. FULTON: Of course, Mr. Speaker, I consider the Royal Canadian Mounted Police sufficiently and absolutely competent to provide all the security precautions that are necessary. However, the hon. gentleman will realize that certain protocols and forms are observed in connection with the visits of heads of state of other countries.

Hon. Senator Homer Capehart
Senate Office Bldg.
Washington, D. C.

Dear Senator:

Thank God a few, and only a few, courageous Congressmen are to be found among the many loud-mouthed, spineless cowardly rubberstamper for Eisenhower. Your statement that we should go into East Germany and get our people regardless of the consequences is like a breath of fresh air in a dungeon.

I have long ago come to the painful conclusion that both Eisenhower and Dulles are cowards as far as the Russian Communists are concerned. As for Communism in general I believe that Eisenhower's association with the Negro-Jew Communist-membered N.A.A.C.P. indicates a pro-Communist attitude as against his own white race. Further proof is his silence as his Socialist Warren Court empties prisons of convicted Communists, robs states of their rights to prosecute Communists, sends Communists abroad to degrade this country, and hands down many other pro-Communist decisions, one as you know, the release of even a rapist, no doubt a Negro, for trivial cause. These are the vultures who set themselves up as guardings of our honored Constitution. And they are also the creatures who are usurping the power of a cowardly Congress to make the laws of the land. Surely, Senator, there are enough men like yourself with courage to curb these power-mad old men. One Senator had the courage to start--Jenner; but only Southern senators were ready to follow. That bill to limit the appellate power of the court should be forced out of committee and passed, along with a law to give the State Department the right to refuse passports to subversives. Old Mrs. Roosevelt is one of the worst of the lot.

Senator Capehart, please vote to kill the Foreign Aid bill and also the Reciprocal Trade Act. Both are against this country. The Administration does not want to stop the cold war. If no such war existed the Government could not so easily rob the people of tax billions. If the Government stopped newspapers and magazines from mentioning the name of Russia for a year or two the cold war would be over. Today after the upheaval in the Middle East the papers and radios screamed quotes from politicians seeking their own selfish ends. I don't mean that the Government should stop watching Russia, and closely, but stop all papers and magazines from putting out anything on the Russian situation.

But Eisenhower, being pro-Communist, will not stop these stories. He won't even send troops into little Cuba to get

our men out when we would be welcomed by the government, because the president wants, I believe, the Communist rebels to win. That has been our policy everywhere, so there is no other answer as I see it.

The billions sent abroad goes to either Communist or Socialist countries in varying degrees. Why should we pay these countries to fight for their own freedom? They are better off financially than when either of the two great wars began, and we did not have to furnish them the money and guns to start those wars. They are simply playing us for suckers.

In conclusion, Senator, now that Russia has moved in the Middle East we should go all out, call in our hand and have it over. Anyway, America has become over-crowded with crooks, self-seeking politicians and subversives and could well do with a few million killed off. However, I don't believe Russia would back up their threatening talk!

SUBJECT: **PRESIDENTIAL POLITICAL CAMPAIGNING**

While discussing other matters with Presidential Appointment Secretary Tom Stephens and Assistant to the President General Persons, Stephens voiced some concern over the President's forthcoming campaigning on behalf of certain Republicans seeking election in November. Stephens stated that in order to fill all the commitments, the President has made it will be necessary to use a helicopter in many instances on very short trips; that the press is objecting to this as they are not able to keep up with the President when he hops from one appointment to another. The press complained that they cannot afford helicopter transportation and that they will miss considerable coverage if they are not with the President at the time he leaves and at the place where he arrives. Stephens said they had come to a near impasse in that the President must get around fast but the press must be accommodated and it will be necessary to reach some type of compromise.

Stephens indicated that the President is committed to considerable extensive campaigning. His most recent trip to New York with Nelson Rockefeller being an example. Stephens commented that between those seeking appointments (Stephens' responsibility) and those demanding certain press rights (Hagerty's responsibility) they are having "one hell of a time." According to Stephens the President is getting a big kick out of the whole thing.

On Monday, August 24, 1959, an air express package was received at Washington National Airport addressed to the President of the United States and bearing the return address:

(b)(7)(C)

Some incoherent typing, in English, on the front of the package indicated the contents to be a cure for polio.

Mr. Roy E. Keeny, Quarantine Inspector, U. S. Public Health Service, received the package and because of the indicated contents took it to NIH (National Institutes of Health). NIH officials were hesitant about opening the package which was a wooden box 10 1/2" X 8" X 6 3/4" secured with nails and screws. NIH officials contacted Assistant Director D. J. Parsons on the afternoon of August 25, 1959, and arrangements were made for us to inspect the instant suspicious box.

Mr. Keeny brought the box to our building this morning and it was opened.

The box contained several dozen glass ampules. Mr. Keeny was advised of the results and he requested a short written note relative to the findings. Attached hereto is a copy of the note given to Mr. Keeny.

The above position has been vacant for several months since the resignation of Mr. R. G. Magy.

While talking with a General Services Administration (GSA) official on another matter today, he advised me that as of 10:30 A. M. this morning Mr. Karl E. Wallace was appointed Commissioner of the Public Buildings Service (PBS). Mr. Wallace was formerly GSA Regional Commissioner for Region Three which covers the Washington, D. C. area. He will be succeeded in the above position by Mr. R. T. Daly who is presently Assistant Commissioner of the Federal Supply Service and according to individuals from GSA he has no prior experience in the PBS field.

DWIGHT

You will recall that Mr. Wallace was talking with an Agent assigned to the Dallas Office during a recent visit there at which time he stated that he had previously been proposed to head up PBS by the GSA Administrator, Franklin Floete; however, when the recommendation was taken up with President Eisenhower he had declined to go along at that time since Mr. Wallace was a close friend of Lyndon Johnson and the President was miffed at Johnson for his role in blocking the nomination of Mr. Strauss as Secretary of Commerce.

Apparently the matter has been reconsidered somewhere along the line resulting in today's appointment of Mr. Wallace.

SUBJECT: PRESIDENT'S BIRTHDAY PARTY
BY CORRESPONDENTS OF WASHINGTON, D. C.

59
31
26

DC
Mr. Malone has advised me that he has been invited by *Paul* Cunningham, who until recently was President of the American Society of Composers, Authors and Publishers (ASCAP), to attend a birthday party being given for President Eisenhower at the Sheraton Park Hotel on Monday evening, October 12, 1959, at 7:30 PM.
DWIGHT

Mr. Cunningham advised Mr. Malone that the Lennon Sisters of the Lawrence Welk Band, who are presently in Hawaii, are flying from Hawaii to Washington to be on the program. They are arriving at Washington Friendship Airport at 8:30 AM, Monday, October 12, 1959. Mr. Malone stated that when he saw the Lennon Sisters in Los Angeles recently they stated that they hoped some day to be in Washington and if they ever were they wanted to be sure to meet Mr. Hoover and see the FBI.

RECOMMENDATION:

It is not known at this time what the schedule of the Lennon Sisters in Washington will be, but inasmuch as they have expressed a desire to see the Director if and when they ever came to Washington, Mr. Malone expects to hear from them upon their arrival in Washington and expects that they will ask to see the Director. If so, it would be appreciated if the Director could see the Lennon Sisters. They are being accompanied on this trip by their father, Mr. William Lennon, and a tutor.

BRANIGAN

Immediately following the President's press conference this morning, Mr. Rowley, Special Agent in Charge of Secret Service at the White House, called to advise that a reporter had asked the President whether the Director was unduly concerned about Russians visiting this country, and the President's reply was warmly commendatory of the Director.

At 12:45 p.m. Mr. Rowley called back and furnished the verbatim question and answer as follows:

(b)(7)(D)

QUESTION (by Lambert Brose, who represents the "Lutheran Layman": -

"You referred before to Mr. Mikoyan's visit to Cuba, and a month ago J. Edgar Hoover talked about another famous Russian or two's visit to our country, said that Mr. Khrushchev's visit had some effect in making Americans more receptive to communism; and since it is the FBI's job to detect subversive activities in this country, is Mr. Hoover, perhaps understandably but unduly, sensitive and apprehensive in this matter? Or do you think his contention might have some merit?"

ANSWER (by the President): -

"Well, I haven't talked to Mr. Hoover about this effect of Mr. Khrushchev's visit. Now, I have stayed very--in very close touch with him over the years. He is a man for whom I have the greatest respect; not only for his views, but for him as a character, as a public servant. Now this is what I know about his views: Once I proposed we study the matter of just inviting a very great number of Russians, particularly students, in our country. And he looked it over and said it would not increase the difficulties in his department whatsoever. Now, what he thinks about this one I don't know. I never talked to him about it."

I thanked Mr. Rowley for his very real thoughtfulness in calling us immediately on this. He said he knew the Director would be interested.

The attached newspaper photograph of President Eisenhower discussing census matters with the District's chief census taker which was published in the Evening Star on 4-1-60 depicts in the background the honorary award which the President received from Mr. Hoover on the occasion of the graduation exercises of the 60th session of the National Academy on 11-8-57. Dear Sir:

(b)(7)(C)

At a meeting of the [REDACTED] this noon, [REDACTED] made a talk on the dangers of Communism. The basis for his talk seemed to be information he secured at some forum held at a college at Searcy, Arkansas.

(b)(7)(C)

[REDACTED] stated that at this forum a former investigator or counsel for the House Un-American Activities Committee stated that President Eisenhower is surrounded by advisors working hand in glove with the Communists and are keeping the truth about Communism in this country from the president. Further [REDACTED] told us that one of these advisors was the president's brother "Milton".

(b)(7)(C)

[REDACTED] and hope that I am a patriotic citizen. I am a Democrat, but President Eisenhower is my president, and I resent being told that he is being a dupe or hearing his advisors and his brother called communistic sympathizers. Frankly, I am mad.

Dwight D.

Knowing, your lifelong battle against the enemys of our country, I am writing you for the answer to two questions:

- ✓ 1. Is President Eisenhower being fully informed by your agency and other agencies of the activities of communists in our nation?
- ✓ 2. Do you have any reason to doubt the integrity and patriotism of Milton Eisenhower?

BY SPECIAL MESSENGER

Honorable Dwight D. Eisenhower
The President
The White House
Washington, D. C.

My dear Mr. President:

Many tributes and accolades are being paid you as you leave the highest office in the land, and although the FBI's voice is but one of millions, it nevertheless rings with sincerity and respect.

Working under your brilliant leadership for two administrations has represented to us the fulfillment of many splendid opportunities to serve the best interests of our great country. Your keen insight and understanding of the crushing responsibilities faced by the Nation's criminal and subversive fighters have made our task easier.

I personally am very grateful for your considerable interest in the FBI and its personnel. The staunchness of the FBI career service is only as strong as the enduring friendships we make throughout life. To borrow a phrase, to us you will never "fade away," but will always remain one of our brighter memories of service to God and country.

With all good wishes,

Sincerely,
EDGAR

General of the Army Dwight D. Eisenhower
Gettysburg, Pennsylvania

Dear General:

It has certainly been good to hear from mutual friends and various news sources that your health is exceptionally well and that, despite your busy schedule, you do get a chance to relax occasionally.

I wanted you to know that we realize Mrs. Eisenhower and you must travel considerably. It would be a great privilege for us to be of help to you in these travels, both foreign and domestic, at any time. The FBI has fifty-five offices, strategically arranged according to density of population, in the United States. We have nine offices located outside the continental limits of the United States. The personnel of these offices would be more than happy to be of service at any time.

It would indeed be a happy moment for us if we could be of assistance. We look forward to continuing good relationships for many years.

Sincerely,

Edgar

SUBJECT: FORMER PRESIDENT DWIGHT EISENHOWER
TENTATIVE TRAVEL SCHEDULE

At 11:10 a.m. on 8-30-61, [redacted]

[redacted] called the Director's Office and when the Director's absence was explained, he talked to Kemper.

[redacted] said that he had been in touch with the President's office at Gettysburg and that they had asked him to pass on the following information to the Director dealing with Mr. Eisenhower's travels in the near future. He said they were as follows:

1. 9-3-61 - travel to Hagerstown, Maryland, (to rededicate a Confederate cemetery. *we should contact his office to see if we can be of assistance*)
2. 9-16-61 - will travel to Chicago in connection with a rally being given for Senator Everett Dirksen (R-Ill.).

3. On 9-21-61 - travel to New York City to visit the World's Fair. [redacted] said he didn't know what this meant as he understood the World's Fair had not yet been brought into being. He said perhaps he is going to visit the site of the coming World's Fair.) Former President Eisenhower will be staying at the Waldorf-Astoria Hotel and will engage in other activity which was not specified. The length of his stay in New York City is not known.

4. On 10-17-61, he will be traveling about the State of New Jersey in connection with rallies being given in connection with the campaign of former Secretary of Labor Jim Mitchell who is running for Governor.

5. On 10-18-61, he will travel to New York City where he will spend approximately one week engaging in a "variety of functions." [redacted] did not have the details.

6. On 11-14-61, the former President plans to go to Augusta, Georgia, where he will spend considerable time. He will be making trips to various places out of Augusta, and [redacted] said that this would be given to us at a later date.

TENTATIVE TRAVEL SCHEDULE**

*km

(b)(7)(D)*

My memorandum of August 30, 1961, reflected a call from [redacted] relative to General Eisenhower's travels in the near future. [redacted] outlined six trips. (Memorandum attached.)

(b)(7)(C)

Pursuant to the Director's instructions, I called Colonel Schulz, General Eisenhower's aide at Gettysburg and informed him of [redacted] call and told him the Director wanted to be of every possible assistance, however, we needed a few more specific details. Col. Schulz stated that General Eisenhower had not informed him of such travel plans and that he felt [redacted] had been talking out of turn. He stated he would immediately check with General Eisenhower and would call me back.

(b)(7)(C)

Col. Schulz called at 4:45 PM this afternoon. He stated that as he expected, [redacted] had "jumped the gun." General Eisenhower had not requested [redacted] to contact the FBI relative to the six trips in question. General Eisenhower had apparently mentioned to [redacted] the Director's kindness in offering to be of assistance. Later on in the conversation, General Eisenhower told [redacted] of his plans for the future. [redacted] took it upon himself to inform the FBI of these plans.

Col. Schulz stated that he personally will get in touch with us on the occasion of each need for assistance. He stated he was still a little confused as to what assistance the Director desired to furnish General Eisenhower. I told him that Mr. Hoover wanted to be of every possible assistance. Col. Schulz then mentioned that he plans to make a "dry run" to Hagerstown, Maryland, to make final plans for General Eisenhower's visit September 3, 1961, to rededicate a Confederate cemetery. He advised that the Executive Flight Detachment of the Air Force would pick him up at 3 PM Saturday and fly him by helicopter to Hagerstown. He mentioned that the cemetery commission is furnishing cars, therefore, there will be no need for the FBI to furnish transportation for General Eisenhower at this time.

Col. Schulz, in a most friendly manner, stated that his greatest difficulty in providing for the comfort of General Eisenhower was the control of enthusiastic people. He stated in some instances huge mobs try to merely touch General Eisenhower,

that often they press him against cars in attempting to get souvenirs, pieces of his clothing, etc. He added that the result is the possibility of physical injury to the General. In this connection, Col. Schulz wanted to know if we could possibly convey to the local police in such situations the fact that General Eisenhower would be in town and that it would be appreciated if the mobs were controlled to the extent that General Eisenhower was not bodily harmed in any manner. I told the Colonel that the Director would naturally want us to maintain liaison with the police and that we, of course, could inform local law enforcement in each instance, however, in different localities you have different qualities of law enforcement; consequently we could not always guarantee the absolute maximum of safety. Col. Schulz stated that he deeply appreciated this and that he, of course, was not asking for "protection" from the FBI.

Col. Schulz indicated that he was personally "rusty" on diplomacy and liaison with local law enforcement. He mentioned that sometimes the police and local civic groups become too security conscious and, therefore, the delicate feelings of a sentimental public are injured because they are not allowed to exhibit the cordial atmosphere they desire for the former President. Col. Schulz stated that he, of course, desired to reach a happy medium whenever possible.

Col. Schulz mentioned that he and General Eisenhower are most anxious not to take advantage of good friendship. He stated we should not hesitate to refuse him favors whenever he steps out of line on any occasion in the future. At this point he stated that General Eisenhower had confidentially told him that he knows that "Mr. Hoover is as usual proving his great qualities and friendship in offering to do this, that the FBI could, of course, be embarrassed by having a representative drive a former President when such service is not included under the jurisdiction of the FBI." I interrupted Col. Schulz at this point and told him that this was not a matter of jurisdiction, that to the contrary this was a sincere and genuine desire on the part of Mr. Hoover to be of service to a great man. I informed him that Mr. Hoover was not the least bit afraid of any possible embarrassment and that the Director had instructed us to be of every possible service. I told Col. Schulz for his confidential information the Director had been of great assist. to former President Herbert Hoover over the years and not the slightest embarrassment has occurred as a result. Col. Schulz told me that General Eisenhower was most anxious to avail himself to the services of the FBI and that the former President had stated several times "the FBI is one organization that doesn't forget someone merely because they are no longer in high office." I told Col. Schulz he was certainly correct in this statement.

Re: Former President Dwight Eisenhower

8/31/61

Col. Schulz is to call me Saturday afternoon, September 2, 1961, from Hagerstown, Maryland, to advise if we can be of any possible assistance in connection with the rededication of the Confederate cemetery. He stated he wanted to reiterate he was not asking for "protection" but that he needed guidance badly. He also reiterated the fact that "he was a very easy fellow to get along with and he looked forward to working closely with us in the future. I reciprocated his sentiments in this regard.

SUBJECT: GENERAL DWIGHT D. EISENHOWER

Colonel Schulz, General Eisenhower's aide, called late Saturday night regarding the General's speech at the rededication of a Confederate cemetery in Hagerstown, Maryland, on Sunday, September 3, 1961. Previous memoranda reflected two conversations that Colonel Schulz and I had had regarding this matter.

Colonel Schulz stated he was concerned about two things. (1) The possibility of the General being mobbed by huge throngs upon his arrival at 11:45 AM at the Hagerstown Airport. (2) The possibility of the General being mobbed at the entrance to the hotel in Hagerstown. He stated he would appreciate it if we would establish liaison with the police and insure that the General had safe passage from the airport and into the hotel. He stated he did not think FBI transportation would be necessary, however, he would advise me in the event this later became necessary.

I contacted SAC Powers, Baltimore, immediately following Colonel Schulz' call Saturday night. Powers was instructed to have two experienced Agents on hand in Hagerstown to contact the police prior to the General's arrival and to set up plans regarding the two points listed above. Powers was told to have the Agents personally contact Colonel Schulz immediately upon his arrival, make known their identity and to be of any possible assistance.

The attached teletype from Baltimore reflected the assignment was handled satisfactorily. Colonel Schulz expressed his and the General's deepest appreciation.

He quickly added that he would like very much to know of some contact with the FBI in New York so that he could get in touch with someone immediately in the event the General needed transportation or some other matter needed to be handled.

I gave Colonel Schulz the name of SAC Harvey Foster and told him that we would be glad to lend all possible assistance. Colonel Schulz asked that I have Foster call upon him at 8:30 p. m., tonight, at the Waldorf-Astoria. I told him this would be done.

I called SAC Foster and explained the circumstances. He will call by Colonel Schulz' suite at the Waldorf tonight at 8:30 p. m. and will have Special Agent [redacted] with him at that time.

It is noted that we received details on the trip from Colonel Schulz and these details were transmitted to SAC Williams, San Antonio. He was instructed to extend every possible courtesy to General Eisenhower.

At 9:25 a. m., today, Williams called and talked to me. He stated that he met General Eisenhower yesterday afternoon and that he was the first one to greet him as he got off the plane. He stated it was not necessary to afford transportation in that they "practically had a parade" into town.

Williams has been in contact with Colonel Schulz and will keep in contact with him during the General's visit to San Antonio, and will extend all possible courtesies. Williams said the Colonel and General Eisenhower were appreciative of attentions shown.

SUBJECT: GENERAL EISENHOWER, Dwight David
 TRANSPORTATION REQUEST
 BALTIMORE OFFICE
 10:35 A. M., 10-25-61

An Agent in the Baltimore Division called my office at 11 a.m. this morning and said they had received a call from the Hagerstown Airport Control Office at 10:35 a.m. this morning. The Airport Control Office said they had called the Resident Agency at Hagerstown, had gotten no answer and, therefore, were calling the Baltimore Office. The Control Tower reported that General Eisenhower was coming in on a plane in four minutes and inquiry had been made as to whether the FBI could be on hand to meet him. The time factor involved in getting a car to the Airport was explained and the Control Tower then indicated that State Police were immediately available and would be contacted by them regarding the General's imminent arrival. The Baltimore Office advised they were taking no further action.

RECOMMENDATION:

If you agree, I will get in touch with the General's aide and mention to him the importance of alerting us in advance so that we may be of assistance in connection with any transportation problems the General might encounter.

SUBJECT: GENERAL DWIGHT D. EISENHOWER
TRAVELS TO SAN ANTONIO
10/29-31/61

Reference is made to my memorandum of October 27, 1961, setting forth our contact with Colonel Robert Schulz, aide to former President Eisenhower, regarding the former President's travel to San Antonio, Texas, on October 29, 1961.

Last evening we were again in touch with Colonel Schulz in order to learn more details of the flight.

Colonel Schulz advised as follows:

1. He had originally advised that the Continental Oil Company was providing the aircraft, but now he thinks it is a Gulf Oil Company plane. He then said he really did not know.

2. He said the plane is a Gruman Gulfstream. It is painted green and white and bears the number N708G.

3. They plan to take off from Friendship Airport, Baltimore, Washington, at 10:30 a. m. Eastern Standard Time on 10-29-61, and their approximate arrival in San Antonio will be 2:30 p. m. Central Standard Time.

4. He said that the President's party will be occupying Rooms 272, 274, 276 and 278 at the Menger Hotel.

5. The President will occupy 278 and across the hall from him in 273 will be Army Sergeant Mooney. He said that the manager of the hotel, Ernest Kunz, is a friend of his and that a buzzer arrangement had been set up between the Sergeant's room and the General's room in case of any emergencies.

6. He said that in view of the fact that this trip had political overtones, he was going to alert the CID Headquarters in San Antonio, but was not going to use CID men. He wonders if we could possibly contact the police department and

arrange to have a plain-clothes man available. He said usually police departments have officers who handle VPIs.

7. He also said that he would like to have a uniform policeman alerted who could be in Room 272 but that he did not know whether he would need this individual but would advise SAC when he arrived in San Antonio.

8. He said that the oil company was arranging for a car and a driver. He said he did not know the driver's name but that as soon as he could secure it, he would let us know so that San Antonio could make a quick check.

The Colonel was advised that we would be glad to make these arrangements and that SAC Williams would be at the airport with transportation and, if the need arose, we would, of course, be only too glad to take the General to the hotel.

The Colonel was again advised we would be very glad to assist the Friendship Airport, but he said this was not necessary.

SAC Williams had been given the above information and instructed that he should personally handle this matter and should be no slip-ups and that he should extend every courtesy to the General and advise the Bureau.

SUBJECT: GENERAL DWIGHT D. EISENHOWER
TRAVELS TO SAN ANTONIO

At 2:55 p. m. today Colonel Robert Schulz, aide to former President Eisenhower telephoned and while I was tied up on another phone talked to Wick. He said that General Eisenhower and a party of three will be taken to Friendship Airport on Sunday, 10-29-61, by the President's brother where the group will depart at 10:30 a. m., Eastern Standard Time, on a direct, non-stop flight to San Antonio, Texas, aboard a private craft owned by Continental Oil Company. Colonel Schulz did not know their arrival time in San Antonio. He said the group will stay at the Menger Hotel there. Those accompanying General Eisenhower will be a Sergeant Moaney, Bryce Harlow of Washington, D. C., and Colonel Schulz.

Colonel Schulz advised the plans are that a private dinner will be held in the hotel that night attended by the former President. On Monday, 10-30-61, General Eisenhower will have breakfast at the hotel and will be a lunch that day and on Monday evening 10-30-61 the former President will attend a rally. Take-off from San Antonio (he presumed it will be the local airport) will be sometime Tuesday, 10-31-61, probably by private aircraft to either the Thomasville Airport at York, Pennsylvania, or Friendship Airport.

Colonel Schulz said he was calling to simply alert us that General Eisenhower might desire our San Antonio people to meet the party upon arrival at the San Antonio Airport sometime Sunday, 10-29-61, and provide a car to transport the party to the hotel there. Colonel Schulz said he did not believe any further assistance would be necessary but at that point, frankly, he did not know.

Wick told Colonel Schulz that the Director wanted to be of all possible assistance to General Eisenhower, that Mr. Hoover would certainly welcome the opportunity of providing transportation and will do everything possible. Wick supplied Colonel Schulz with the name, office and home phone number of SAC Eldon C. Williams of our San Antonio Office and the home phone number of ASAC W. T. Brooking, Jr. He was told, however, that either or both of these men would, if desired, meet the party at San Antonio.

Re: General Dwight D. Eisenhower, Travels to San Antonio

Colonel Schulz advised Wick that he intends to be at his home in Arlington sometime after 8:00 p. m. today, 10-27-61, at which time he would telephone either me or Wick advising us of the arrival time of the Continental plane with the party aboard at San Antonio, the name of the airport where they will land and whether General Eisenhower desired transportation or other assistance. Colonel Schulz said his home phone number is private and unlisted in Arlington: [REDACTED] Wick told him we would be in touch with him tonight if he did not call us so the matter could be resolved definitely inasmuch as there should be no misunderstanding. Colonel Schulz assured Wick he would be in touch with us giving us the details of the arrival, need for transportation, etc.

ACTION TO BE TAKEN:

I will definitely see to it that we are in contact with Colonel Schulz tonight, that we get the details and I will personally telephone SAC Williams of our San Antonio office thereafter pointing out precisely what he and ASAC Brooking should do to accommodate General Eisenhower.

Dear General:

Once again, I want to congratulate you on your splendid performance on the CBS program, "Eisenhower on the Presidency." Since seeing the first of the series several weeks ago, I had looked forward with eager anticipation to your second program last night.

The keen insight you demonstrated in realistically outlining the many problems your Administration faced and the problems which beset our country today certainly must have given many millions of Americans considerable knowledge of affairs in which they are deeply interested.

I personally am very grateful for the opportunity of witnessing this series and look forward to your third program in early 1962.

Sincerely,
Edgar

Pursuant to instructions, I drove to Gettysburg early this morning, accompanied by SAs [redacted] and [redacted] of the Laboratory, at the request of Colonel Robert Schulz, aide to General Eisenhower. We met at the General's office, 300 Carlyle Street, Gettysburg, Pennsylvania, and after a brief inspection tour of the facilities, Messrs [redacted] and [redacted] began a thorough scrutiny of the telephone system not only at the office in town but additionally at the apartments of Col. Schulz and Chief Warrant Officer Good who will serve as the General's secretary when Mrs. Ann Whitman leaves early next month.

General Eisenhower will be in Los Angeles until early March, 1962. He will then return to Gettysburg. His private office and conference room is replete with souvenirs of his military and Presidential days. One of the more prominently placed items is the gold badge and plaque presented to him by the Director on the occasion of his speech before the National Academy graduation exercises. Col. Schulz told me that the General is prouder of this souvenir than any he knows of.

Col. Schulz was most cordial and during luncheon mentioned a number of items of interest. He stated that the General had been somewhat embarrassed on occasions as a result of so-called friends attempting to do him favors. As a specific example, he mentioned that transportation is often offered in various cities only to find out the next day that the person offering such transportation has leaked this to the newspapers for self-publicity. He stated on occasions transportation has been offered to the General, then later the individual offering the transportation would seek to have the General intercede in some type of a contract. Col. Schulz stated for these reasons, plus the tremendous respect the General has for the Director, General Eisenhower was most appreciative when Mr. Hoover wrote him he would be glad to be of any service. He stated the General desired to utilize FBI service more often if the Director would not feel this was an imposition.

I carefully outlined to Col. Schulz what I believe the Director has in mind in attempting to be of service to General Eisenhower. I told him the Director would want to be of every possible service and this, of course, included transportation. I told Col. Government is very sadly lacking in taking care of ex-Presidents. Col. Schulz agreed most

wholeheartedly. He stated within a period of five minutes following the inauguration, an ex-President's whole world collapses from under him. He reiterated that General Eisenhower was most grateful for the Director's kindnesses.

Col. Schulz brought up the subject of the Director and Mr. Tolson coming to Gettysburg. He stated General Eisenhower had often mentioned this possibility and he felt certain that in the early Spring the General would want to have the Director as his guest for luncheon at the Eisenhower farm. He stated the General would also take great delight in showing the Director around certain parts of the Gettysburg Battle Field.

Col. Schulz confided when the two of us were alone, that his greatest problem at Gettysburg is handling Mrs. Eisenhower. He stated she was quite temperamental and would not listen to reason on occasion. He mentioned she was quite possessive of the General and often insisted on talking with him regardless of who might be in the General's office at the time.

Col. Schulz told me that the General when in Gettysburg is in his office everyday and not only dictates a considerable amount of mail but additionally sees a large number of people. He is quite accustomed to a well disciplined schedule.

I talked briefly with Lt. Colonel John Eisenhower, the General's son who has an office right below that of his Father's. He, of course, is still in the service but is on loan to his Father for the purposes of writing a book covering his Father's life. Doubleday is handling the publishing of the book and has an employee assigned to Col. Eisenhower for assisting him in the writing.

It is believed that Col. Schulz is well aware of the Director's desire to be of assistance to General Eisenhower and that such assistance will probably pick up in the near future. Col. Schulz has both my office and home telephone numbers and I have told him the Director would want him to call me at any time day or night to be of service to General Eisenhower.

FROM : M. A. Jones

SUBJECT: SUBCOMMITTEE ON PREPAREDNESS
 SENATE ARMED SERVICES COMMITTEE
 SENATOR JOHN STENNIS (D-MISS)
 CHAIRMAN

Today's hearing got under way shortly after 2:30 p. m. with the reading into the record of a brief letter from former President Dwight D. Eisenhower. You will recall that at the opening session of this series of hearings, a letter from Mr. Eisenhower was made a part of the record in which he questioned the desirability of requiring Government officials, whether military or civilian, to submit their proposed public statements for review. Mr. Eisenhower's current letter was in response to an inquiry by Senator Stuart Symington requesting a definition of those officials who should not be required to submit their statements for review. Mr. Eisenhower said he felt this should be applied to all top military officials, including the Joint Chiefs of Staff, as well as those top officials in appointive positions in the Defense Department and in other agencies.

In an opening statement, Senator Stennis reviewed the purpose of these hearings which would include an examination of the policies affecting censorship of the statements of military officials, the effectiveness of troop information and education programs, and the responsibility of the military in alerting its own members as well as civilians to the menace posed by communism. He stated that the use of questionnaires to question military personnel had been discontinued. He pointed out this procedure had never been authorized by ranking members of his Subcommittee; rather, it had been undertaken by a staff member who lacked proper "experience."

The witness for the afternoon, General George H. Decker, Chief of Staff, U. S. Army, read a prepared statement in which he pointed out that communism is an extremely complex subject, that members of the military should have some knowledge concerning it, but that the primary function of the military establishment is to insure the safety of the country from a military standpoint. He felt that a knowledge of communism and foreign policy was primarily the responsibility of other Government agencies. He said he had no

Re: Subcommittee on Preparedness
Senate Armed Services Committee

objection to having his speeches reviewed by the proper authorities, that it was not possible for him to be informed concerning every detail of our foreign policy, and he felt that such a review insured the accuracy of his speeches. He said that since he had become Chief of Staff, he had made approximately 18 speeches, and approximately 50% of these had been subjected to minor changes upon review. Personally, he felt the changes were picayune; however, he did not believe they warranted an official protest on his part. The changes which were made never prevented him from getting across the main points in his speeches.

General Decker was questioned by Senator Strom Thurmond. Thurmond wanted to know if it was United States policy that we should be concerned primarily with communism as an external threat rather than an internal threat. General Decker replied that as a military man he did not feel he could give an opinion on this matter. Thurmond pointed out he was not requesting the General's personal opinion but rather his knowledge of an official government policy. Thurmond asked the same question two more times, and the General finally replied that he knew of no policy which would lead to the conclusion suggested by Thurmond. Thurmond then wanted to know if United States policy was based on the proposition that there is a lessening of control of world-wide communism by Moscow. General Decker again replied that he knew of no such policy.

Thurmond went into specific deletions which had been made in the General's speeches, and stated he believed that the deletions constituted a very definite pattern. The General stated that he noted no such pattern. Thurmond criticized reviewing authorities noting that at one time they had made deletions for the reason that sensitive international negotiations were taking place at the time but that they made the same type of deletions at other times when no such negotiations were taking place. Thurmond also noted that in October, 1960, the Army indicated that the film, "Operation Abolition," would be widely used by the Army; however, in April, 1961, it was removed from the Army's list of training films. Thurmond wanted to know the reason for this removal, and the General stated that it had been done upon instructions of the Defense Department.

General Decker's testimony was concluded with a discussion as to what the Army is doing to prepare its soldiers for the brainwashing techniques utilized in the Korean War. He referred to figures concerning the number of "turn coats" in Korea and, after Senator Symington questioned the accuracy of these figures, the record was left open for possible correction. General Decker said he would attempt to see if other figures were available.

Senator Stennis advised that the Subcommittee would reconvene tomorrow afternoon at 2:30 for the purpose of hearing testimony from Rear

RE: GENERAL DWIGHT D. EISENHOWER

Colonel Bob Schulz, General Eisenhower's aide, called from Gettysburg at 4 PM this afternoon. General Eisenhower will leave Los Angeles, California, 9:30 AM Sunday morning, March 4, 1962, via American Airlines Flight #6. He will arrive at Idlewild Airport, New York City at 5:10 PM. He will be accompanied by [redacted] whom Col. Schulz thought was an FBI Agent. He will also be accompanied by Mr. Charles J. Jones of the Richfield Oil Company.

Col. Schulz stated he did not believe General Eisenhower would need transportation, however, would appreciate transportation being available just in the event Richfield Oil Company had not taken care of this matter. I told him the Director would definitely want this done and that the Director's personal car would be at the airport on Sunday afternoon for the General.

Col. Schulz stated that he would like to have one of our representatives meet him at the American Airlines Passenger Service Agent's office at 4:30 PM, Sunday, March 4, 1962, regardless of whether General Eisenhower desired transportation or not. I told him we would arrange for this. He also desired to determine whether [redacted] as mentioned above, was an FBI Agent.

General Eisenhower will stay at the Pierre Hotel in New York. He will attend funeral ceremonies on Monday, March 5, 1962, of Mr. W. Alton Jones, Chairman of the Board, Sun Oil Company. Following the funeral services, General Eisenhower will depart immediately for Los Angeles via commercial airline transportation which has not yet been arranged for.

62-81742-220

Following my conversation with Col. Schulz, I called SAC Foster in New York and issued appropriate instructions. ASAC Winterrowd will handle this assignment inasmuch as SAC Foster will be in Washington at the time. I also called SAC Simon in Los Angeles and told him to be of any possible service in arranging for the General to be brought to the Los Angeles airport. SAC Simon will contact Ann Whitman, the General's secretary. SAC Simon advised me [redacted]

I informed Col. Schulz of the above-mentioned arrangements and of the identity of [redacted]

Respectfully,

C. D. DeLoach

(b)(7)(C) A Malone to Mohr memo dated 4-7-61 set forth information concerning the Los Angeles County Peace Officers' Association. [REDACTED]

(b)(7)(C) At that time, SAC Simon was a member of the active Executive Committee of the Association, and the memo pointed out that the SAC at the Los Angeles Office had been a member of the Executive Committee of the Association since 1946. It was noted that at that time the Executive Committee was voting on a proposed resolution to condemn Governor Brown for his action in criticizing law enforcement officers in Los Angeles County. It was contemplated placing the resolution before the full meeting of the Association several days later. Mr. Tolson suggested and the Director agreed that we should get off this committee in a way which would not upset anyone and SAC Simon was so advised.

BACKGROUND:

Mr. J. C. Hall, President of Hallmark Cards, telephoned through to the Director's Office on May 4, 1962, and in the absence of the Director was referred to Mr. Kemper in your office. Mr. Hall advised that Hallmark Cards has invited General Eisenhower to go to Stockholm, Sweden, to address the World Organization of the Teaching Profession in August of this year. General Eisenhower is considering this invitation and asked that Mr. Hall contact the Director to determine if the Bureau knew of any reason why General Eisenhower should not accept this invitation.

INFORMATION IN BUFILES:

MAY 14 1962

Bureau Library references reveal that the World Confederation of Organizations of the Teaching Profession (WCOTP) was formed by a merger of the International Federation of Teachers Association and International Federation of Secondary Teachers, no date given but possibly in 1952, and WCOTP is located at 1227 16th Street, Northwest, Washington 6, D. C. The Secretary General is listed as William G. Carr.

Bufiles reveal we have never investigated WCOTP [REDACTED]. The August 9, 1956, issue of the "Washington Post and Times Herald" on page 10 contained an article under the headline, "Teacher Unit Demands End of Red Ties." This article was under a Manila date line and stated that the World Confederation of Organizations of the Teaching Profession ended its week-long session with a demand that its members sever all ties with communist-bloc teachers' organizations. The article stated in part as follows: "The demand for an end to 'divided loyalty' was aimed at the IFTA (International Federation of Teachers' Associations) and FIPESO (International Federation of Secondary Teachers). Both are members of the communist-sponsored 'comite d'entente' as well as of the world confederation."

But Republicans will continue to believe that it is bad for America to stop practicing frugality, prudence, and self-discipline. This use of the word 'sophistication' seems to include quite a number of things. - - - Recent events suggest it also means that Government has the right to use the FBI, the Internal Revenue Service, the Defense Department, the Justice Department, as well as the White House, to control labor-management affairs, especially to dictate the economic decisions of management."

In the original of a memorandum captioned and dated as above, the Congressional Record for Saturday - *6/23/62* was reviewed and pertinent items were marked for the Director's attention. This form has been prepared in order that portions of the original memorandum may be clipped, mounted, and placed in appropriate Bureau case or subject matter files.

SUBJECT: LIAISON WITH LIEUTENANT COLONEL JOHN EISENHOWER

*(b)
(7)
(c)*

Supervisor [redacted] of the Liaison Section has been on very friendly terms (first-name basis) with Lieutenant Colonel John Eisenhower who was Assistant Staff Secretary to his father when General Eisenhower was President. [redacted] has advised me that while he was on annual leave traveling to northern Pennsylvania he stopped at General Eisenhower's office on the campus of Gettysburg College, Gettysburg, Pennsylvania, to see Colonel Eisenhower. Colonel Eisenhower is on indefinite leave from the U.S. Army assisting his father in the preparation of a book which is to be published sometime in the future. [redacted] reported that his short talk with Colonel Eisenhower was very friendly and Colonel Eisenhower asked [redacted] to return to Gettysburg and have lunch with him when "he has more time to talk." (General Eisenhower was leaving Gettysburg for his trip to Europe on the day that [redacted] saw Colonel Eisenhower.)

Dwight
OBSERVATIONS:

(b)(7)(c)

It is realized that Assistant Director DeLoach is in contact from time to time with Brigadier General Robert Schultz, General Eisenhower's aide. The door is open for additional liaison with General Eisenhower's office through [redacted] friendship with John Eisenhower if an occasion should arise making this desirable.

At 9:27 a. m. today, General Schulz, Aide to former President Eisenhower, telephoned and in my absence talked to Wick. General Schulz said that General Eisenhower would like to speak briefly with Mr. Hoover.

After checking, Wick told General Schulz that the Director was not in his office at the moment whereupon General Schulz said he would check with his "Boss" to see what the General desired to do. General Schulz came back on the line and said that General Eisenhower would like to have Mr. Hoover return his call since he did have one question he wanted to ask him. General Schulz told Wick he did not know the nature of the matter General Eisenhower wished to discuss with Mr. Hoover. Wick told General Schulz that Mr. Hoover would be so advised.

General Schulz said that General Eisenhower can be reached through his office at Gettysburg all day today. The telephone number is Edgewood 4-6248. General Eisenhower's unlisted number is Edgewood 4-3500.

DWIGHT D.

Former President Eisenhower called and stated once in awhile one or two of his Republican friends made statements suggesting he make statements in political attacks that he thought the FBI was being directed into unusual or illegal channels and was being used to do a lot of improper things.

I told President Eisenhower I have seen things by Republican leaders in New York State indicating we were investigating Governor Rockefeller for political purposes. I stated this is absolutely untrue, that I have under this administration followed the same procedure as under previous administrations of not conducting an investigation of anyone or any organization unless they were in violation of a Federal statute. I stated I have followed the policy of not making political investigations. I stated in assisting in civil rights cases down South where they wanted Agents to drive buses carrying Negroes I have insisted they use U. S. Marshals for this purpose as it was not within the Bureau's duties and that I have not been overruled on that.

President Eisenhower inquired about the [redacted] in which it was alleged the FBI was used to rout out newspapermen. I told him that the Attorney General asked us to interview [redacted]

[redacted] I stated the conference was held in the afternoon and the reports carried in the evening paper and the President wanted the information the next morning. I told him we were asked to make an investigation at six o'clock in the evening; that our Philadelphia Agents indicated they could not reach [redacted] at his office or at his home; finally they went out to his home and found him there, at which time he said he would have to go down to his office with the Agents to check his notes in order to give us the names of

(b)(7)(C) [redacted] I stated that our Agents took him down to his office and it was around eleven o'clock before we got the names [redacted] named were then called on the telephone; some were not available and some calls were made about two or three o'clock in the morning. I stated it was a chain of circumstances which never should have occurred; that there was no way to speed it up because [redacted] was not available and only he knew the names of [redacted]

(b)(7)(C) President Eisenhower asked if these critics have any right to criticize the action of the FBI. I told him I do not think they have; that this was information the President wanted for use the next morning and normally we would have concluded the investigation by eleven o'clock at night if we could have reached [redacted] who, I thought, was avoiding us. I said I thought he was at home when the maid told our Agents he was not there and then, when we reached him, we had to go back to his office with him to get his notes.

(b)(7)(C) President Eisenhower remarked that [redacted] would not have had to go. I stated he was cooperative after we reached him; that I thought he was trying to avoid us if he could without openly doing so; that he did not have to go to get those notes; that there was no way to compel him; that [redacted] did not have to give information - some refused and some gave information wanted the next morning by the President.

President Eisenhower stated he is going to say he worked with the FBI for a long, long time and never saw them do anything illegal or permit themselves to be used for improper purposes. I told him that never will occur under my administration. I stated if I received any order for an improper political investigation, or gestapo nature, or concerning the NAACP, Ku Klux Klan, or pressure of any kind, I would refuse to do it and, if they insisted upon it, I would leave.

Very truly yours,

SUBJECT: GENERAL DWIGHT D. EISENHOWER
TRAVEL MATTER

By airtel to the Denver, Chicago, Philadelphia and Omaha Offices, June 26, 1963, the Bureau advised that General Eisenhower, his wife and Brigadier General Robert L. Schulz, his aide, would be in their territories or leaving them through approximately July 12, 1963. It was planned the party would leave Denver July 10, 1963, and arrive in Iowa on July 11 and thence to Chicago arriving there July 12 via train.

DEVELOPMENT:

SAC Werner of the Denver Office advised Wick by telephone at 10:50 AM today that General Schulz had contacted him. General Eisenhower is concerned for fear the railroad strike, scheduled for 12:01 AM, Thursday, July 11, 1963, will affect his travel plans. General Eisenhower wondered if the FBI could provide two limousines and a station wagon from Omaha to Chicago sometime Thursday, July 11, after the party arrives from Denver.

After checking with Mr. Tolson, I had Wick inform SAC Werner that he should tell General Schulz the Director would be very pleased to make any transportation desired available to him. SAC Werner was told by Wick he should instruct the Omaha and Chicago Offices to perfect the necessary arrangements to accommodate the Eisenhower party to the fullest extent. SAC Werner said he would so handle the matter and inform General Eisenhower this would be done.

For the information of the Bureau, General and Mrs. EISENHOWER arrived at Denver at 6:05 p.m. on 7/4/63. They were met by approximately 100 people, including Mr. AKSEL NIELSEN, who is a longtime friend of the EISENHOWERS, and who arranged for transportation from the depot to the Brown Palace Hotel, where the EISENHOWERS are presently staying. I personally contacted General EISENHOWER and General ROBERT SCHULZ, his aide, and offered the full courtesies of the Denver Division in connection with his stay in Denver. I also had a car available if it was needed and I have advised General SCHULZ that this car will be available at any time it may be needed by General EISENHOWER.

Close liaison is being maintained with General SCHULZ who has advised that their future plans are not as yet finalized, but has assured me that he will advise at once when they are finalized. Mrs. EISENHOWER will remain at Boone, Iowa until the railroad strike is terminated, or if the strike remains in effect over a period of time, Mrs. EISENHOWER's chauffeur will bring her car to Boone, and take her on to the EISENHOWER home. If Mrs. EISENHOWER is to stay in Boone, Iowa, close contact should be maintained with her by the Resident Agents in that area. General SCHULZ has requested that if she does drive back, that the Omaha Office assist her in setting out an itinerary and in making reservations for her between Boone, Iowa and her home.

In the event no railroad strike should occur, the EISENHOWER party will then proceed to Des Moines, Iowa via Rock Island Railroad Train #8, arriving at Des Moines at 1:30 a.m., 7/11/63. Their private cars will be sidetracked at Des Moines, where General SCHULZ requests that he be contacted at 8:00 a.m. on the morning of 7/11/63 with a limousine and a station wagon, at which time the party will proceed to Boone, Iowa. They will remain in Boone during the day and return to Des Moines on the evening of July 11, and will again board their private cars. These cars will be picked up at 1:45 a.m. on July 12, 1963 and they will proceed to Harrisburg, Pennsylvania by way of Chicago. General SCHULZ did not have the arrival time of this train in Chicago, and the Resident Agents at Des Moines should ascertain the arrival time, advise the Chicago Office so that Agents can be available when this train arrives in Chicago if their assistance is needed by the EISENHOWER party. The Resident Agents at Des Moines should also ascertain from General SCHULZ if assistance will be needed upon the arrival of the train at Harrisburg, Pennsylvania.

The Bureau has instructed that every courtesy be extended to General EISENHOWER and his party, including making available a limousine or other transportation.

Close liaison is being maintained with General SCHULZ and should there be any change in the above plans, the Bureau, Omaha and Chicago will be advised immediately.

FROM : N. P. Callahan

SUBJECT: The Congressional Record

and
ST

DWIGHT D. EISENHOWER

Page A4498. Congressman Schwengel, (R) Iowa, extended his remarks concerning a recent visit to Iowa by former President and Mrs. Eisenhower. He included an article entitled "Ike and Mamie Greeted by Many Admirers at Boone" which appeared in the Cedar Rapids (Iowa) Gazette. The article stated "Eisenhower and his wife, Mamie, slept late Thursday morning after their private cars were shunted onto a siding about 1:30 a. m. They had breakfast aboard the cars before climbing into a limousine driven by a Federal Bureau of Investigation agent for a trip to Mrs. Eisenhower's hometown, Boone, 45 miles northwest of here. - - - Mrs. Eisenhower slipped almost

unnoticed from the railroad car to the waiting limousine while her husband talked rapidly with newsmen and signed a few autographs. Only about 15 persons were on hand when he stepped down from the railroad car. Two other cars carrying FBI agents accompanied the Eisenhowers to Boone."

In the original of a memorandum captioned and dated as above, the Congressional Record for 7-17-63 was reviewed and pertinent items were marked for the Director's attention. This form has been prepared in order that portions of a copy of the original memorandum may be clipped, mounted, and placed in appropriate Bureau case or subject matter files.

SUBJECT: HENRY STEELE COMMAGER
REVIEW OF FORMER PRESIDENT DWIGHT D. EISENHOWER'S
BOOK, "MANDATE FOR CHANGE"

(b)(7)(C)

BACKGROUND:

(b)(7)(C)

The November 10, 1963, issue of "The Washington Post" in its book review section contains a review by Henry Steele Commager of former President Dwight D. Eisenhower's current book, "Mandate for Change." References to the FBI in the book review are as follows: In commenting on presidential appointments, Commager relates that Eisenhower asked the FBI to investigate every potential judicial appointee. Commager comments "Could anything be more centralizing?" In commenting upon Eisenhower's appointments to the Supreme Court, he asserts in his first of four criteria, "First, every appointee shall be thoroughly investigated and approved by the FBI." Commager comments that Eisenhower's criteria constitutes an abandonment of good sense. "Does not the President see that it is his responsibility to judge character, not that of the FBI? Does he forget so quickly that he and Secretary Dulles had to override the misguided advice of the FBI on the appointment of Ambassador Bohlen?" These are rhetorical questions offered by Commager.

"MANDATE FOR CHANGE" BY DWIGHT D. EISENHOWER:

A copy of former President Eisenhower's book has been obtained by the Bureau Library and the following references to the Director and the FBI were noted.

On Page 90 in discussing the formation of his cabinet, Eisenhower states that the man he picked for a particular post would have to pass with flying colors an exhaustive examination by the FBI as to his past record, reputation and standing in his community. At this point Eisenhower digressed that he heard rumors to the effect that the Director had been out of favor in Washington. "It was my respect for him that I invited him to a meeting, my only purpose being to assure him that I wanted him in Government as long as I might be there and that in the performance of his duties he would have the complete support of my office."

On Page 213 Eisenhower continues his discussion of his nomination of Charles E. Bohlen as an Ambassador to Moscow. He referred to the controversy in the Senate over the naming of this individual and Eisenhower stated, "The suggestion that Bohlen was unacceptable to the FBI led to Senators' demands to see the security file."

M. A. Jones to Mr. DeLoach memo
RE: HENRY STEELE COMMAGER

He then outlined how he had ordered the Attorney General to allow two Senators to see the FBI summary.

On Page 226 Eisenhower discusses his decisions with respect to appointments to the Supreme Court and how he directed Attorney General Brownell to use the FBI in making a thorough investigation of a prospective appointee's reputation and of every pertinent detail of his life.

In his chapter on "Problems of Internal Security," on Page 309 Eisenhower makes a passing reference to the FBI which conducted full field investigations on those individuals who worked in sensitive jobs or where the Civil Service Commission developed disloyal data on the individual involved.

On Page 314 and 315 references are made to the FBI in connection with the investigation of Harry Dexter White. He referred to a speech by the Attorney General on November 6, 1953, whereby White was characterized as a Russian spy and these statements were based on information from the FBI. He also referred to the fact that the Director supported the Attorney General by testifying that at no time did the FBI approve the previous administration's promotion of White for the avowed purpose of making it easier to keep him under FBI surveillance.

On Page 331 in discussing Senator McCarthy's Senate censure and McCarthy's investigations he stated that the benefits flowing from them "do not loom large." Eisenhower states he was told by members of the Executive Departments, including the FBI, that those discovered by the subcommittee (McCarthy's) to be disloyal or unreliable were few in number.

SUBJECT: FORMER PRESIDENT EISENHOWER
GRAND MARSHAL
PASADENA "TOURNAMENT OF ROSES"

Reference my memorandum dated 12-4-63 in captioned matter recommending that General Schulz, former President Eisenhower's Aide, be contacted concerning the former President's desire as to having Special Agents of the FBI in his box at the reviewing stand of the 1-1-64 Pasadena Rose Bowl Parade. It was agreed this should be done.

ACTION TAKEN:

I had Wick talk with General Schulz at 7:30 p. m. yesterday. General Schulz said this is all a mistake, that [redacted] had no authority to make such a request, that neither he nor the former President has made such a request nor does the former President desire anything of this nature.

General Schulz did say that he was concerned about the security of the former President during the festivities on the West Coast but that this is a matter he will discuss with the law enforcement people there charged with such duties, namely the Pasadena police, the Sheriff's Office, etc. General Schulz stated he did think he would call me and get my general ideas as to how he should proceed, whether it was the FBI's belief the General should ride in an open car, etc. Wick told him certainly we would be glad to help any way we could in discussing the matter and he should feel free to contact me.

General Schulz suggested that we simply have SAC Simon personally contact [redacted] Simon can tell [redacted] that normally his request concerning Special Agents sitting with the former President in his box is a type of request which comes from another source, namely, General Schulz direct to the FBI. Simon can tell [redacted] that if there is any change certainly General Schulz will be in touch with the FBI. General Schulz said certainly [redacted] will understand this kind of language. General Schulz regretted very much that [redacted] had been so presumptuous as to contact us on the West Coast. As the matter now stands, we are so informing Simon to take the matter up with [redacted] and straighten him out.

ACTION: For information.

SUBJECT: FORMER PRESIDENT EISENHOWER
GRAND MARSHAL

(b)(2)(C)

At 11:25 a. m. today, SAC Simon of the Los Angeles Office telephoned Mr. Simon said that [redacted]

[redacted] told our Agent that former President Eisenhower will be the Grand Marshal of the "Tournament of Roses" and the former President and Mrs. Eisenhower will sit in a box in the reviewing stand January 1. [redacted] informally asked whether two Special Agents of the FBI could sit in the box with the former President and Mrs. Eisenhower to assure they would not be annoyed.

(b)(2)(C)

Mr. Simon said our Agent asked [redacted] pointedly whether this was an official request or an informal request and [redacted] indicated it came from one of the former President's aides. SAC Simon got the distinct impression that possibly General Bob Schulz (whom I know personally) had possibly mentioned such an arrangement to [redacted]

(b)(2)(C)

SAC Simon said that the Pasadena Police and law enforcement agencies from the whole area normally guard visitors such as former President Eisenhower and it would be their responsibility to do guard duty. SAC Simon pointed out he wanted to make it clear that neither [redacted] nor General Schulz had even intimated that the FBI do guard duty for the former President. It was merely a suggestion that Agents sit in the box to assure no annoyance.

RECOMMENDATION:

(b)(2)(C)

That I get in touch with General Schulz to see if he has made such a request to [redacted] I doubt very much whether General Eisenhower would want us to be present in his box and I think we should stay clear of this. Simon can then be told how to handle the matter with [redacted]

SUBJECT: UNSUB; Anonymous Letter Addressed
To X. P. (Last Name Illegible)
Possibly, EISENHOWER; ██████████ - Complainant
MISCELLANEOUS INFORMATION

DWIGHT D. EISENHOWER 437856

Enclosed for the Bureau is an envelope containing five pieces of paper with mostly illegible handwriting.

The enclosed letter was made available by ██████████

██████████ The letter was delivered to this ██████████ and accepted by ██████████ who opened the same believing it was addressed to him. Most of the handwriting is illegible, but appearing throughout the letter are phrases indicating death and the eating of bodies, (cannibalism). The name Apple Creek S. H., possibly meaning Apple Creek State Hospital, appears in the letter, and on the white sheet, there appears the letters "FBI." Because of the illegibility, the text is not discernable, but no threats appear in those few lines which can be read.

██████████ made same available to the FBI, since it was his opinion, at the closest scrutiny, that the letter was addressed to X. P. EISENHOWER, Gettysburg, Pa., and he was of the opinion that the X. P. possibly was written to indicate ex-President EISENHOWER.

It is noted that there is an Apple Creek State Hospital at Apple Creek, Ohio, (Wayne County).

This letter is being forwarded to the FBI Lab for search through the Anonymous Letter File and any other examination deemed advisable, due to the fact that it was possibly mailed to former President DWIGHT D. EISENHOWER.

It is suggested that on completion of the examination, this letter be forwarded to the Cleveland office so it can be brought to the attention of the Apple Creek State Hospital officials in the event it has been written by one of their patients, since they may be able to recognize the handwriting.

ARRIVAL AT SAN BERNADINO, CALIFORNIA

(b)(7)(C)

At 1:35 p.m. [redacted] telephoned long-distance from San Bernadino and spoke to SA [redacted] in my office upon referral from the Director's Office. He advised that railroad police and local officers of the San Bernadino Police Department had just arrested a man at the station at San Bernadino as former President Eisenhower was arriving in the station. This individual was carrying a gun in a suitcase and had four sets of identification in his possession. His identity is not yet known.

(b)(7)(C) [redacted] wanted to know whether or not the FBI has any jurisdiction in regard to the protection of former presidents. He was advised that it has not.

SAC Simon has called regarding this matter and advised Assistant Director Rosen that he is checking into it.

Attached are copies of three letters which constitute an exchange of correspondence between [redacted] and Brigadier General Robert L. Schulz, Executive Assistant to General Dwight D. Eisenhower, concerning the unauthorized commercial use of General Eisenhower's name by captioned corporation. This material was furnished by General Schulz, who requested the matter be checked to verify this improper use of General Eisenhower's name.

You should immediately make discreet inquiry at the Better Business Bureau, Long Beach, California, to determine if they have reports substantiating commercial use of General Eisenhower's name by this firm. Dear General Schulz:

Unfortunately I do not have a copy of the testimonial brochure used by the Traid Corporation to pass on to you.

To my knowledge all sales of the Fotron camera have been made in the home of the customer. There was no verbal or printed advertising material presented to us prior to the time that the salesmen visited our home.

At that time we were shown various pieces of literature relating to the work of the Traid Corporation in developing high speed cameras and film for government reconnaissance work.

The salesmen than showed us a printed brochure which contained the names of a large number of prominent people who had allegedly used the Fotron camera and endorsed it as a quality product. One of the names at that op of the list was that of General Dwight D. Eisenhower.

The brochure was not given to us to keep. Therefore it is not in our possession, and we regret that we are unable to supply you with any printed material to assist your inquiry.

Thank you for your time.

Sincerely,

Dear [REDACTED]

General Eisenhower asked me to respond to your letter of April 1st and thank you for taking the trouble to write concerning the use of his name by the Traid Corporation of Encino, California.

In my long years of association with the General, I have never known him to endorse any commercial product in the manner you describe. I would be very appreciative if you take the time to send me any material which would assist this office in discussing the matter with the Corporation involved. I have reference to any printed matter or other material which would be the basis of my inquiries.

With renewed thanks and best wishes,

April 1, 1964

Dear General Eisenhower,

Your name is being used by the Traid Corporation of Encino, California to endorse their Fotron Electronic Camera.

I wonder if you are aware of the misrepresentation of this product and its inferior quality.

My husband is now a [redacted] but in July will become a [redacted]

[redacted] We bought this Fotron camera primarily for his professional use.

We bought the camera in September 1963 under the impression that we were a "test family" and that the camera was coming to the market in December at a much higher price than the \$280.00 which we were to pay. The camera and its film are not on the open market. One camera store owner was asked by the Traid Corporation to buy the camera for \$80.00 and sell it for \$130.00, but he refused as he does not feel that the Fotron camera is a quality product.

This store owner also said that the pictures taken by this camera which he has seen have been poor, and this has been our experience.

The Better Business Bureau of Long Beach has a large file of complaints against this product. The camera has been presented in varying ways and at varying prices.

Your name was one of a number which they were using to endorse their product and their company. I do not remember any of the other names. But I feel that you would want to know that their customers are disappointed in their product and their business practices.

Sincerely,

Brigadier General Robert L. Schulz, Gettysburg, Pennsylvania, Executive Assistant to General Dwight D. Eisenhower, by note to you dated 4-22-64, enclosed copies of three letters which constituted an exchange of correspondence between his office and [REDACTED]

The initial letter in this exchange, dated 4-1-64, from [REDACTED] complained that General Eisenhower's name was being used by captioned company as an endorser on advertising material for their Fotron Electronic Camera. [REDACTED] had purchased one of these cameras and found it to be of poor quality. She stated the Better Business Bureau, Long Beach, California, had received many complaints concerning this product.

General Schulz, by letter of 4-10-64, replied to [REDACTED] advising that he knew of no such commercial endorsements by General Eisenhower and requested advertising material reflecting General Eisenhower's name. To this, [REDACTED] replied that she had no such material but had seen the General's name as an endorser on a printed brochure which had been shown to her by a salesman of the Traid Corporation.

General Schulz, by his note to you, requested that the Better Business Bureau in Long Beach be checked to determine if [REDACTED] statements concerning the use of General Eisenhower's name were correct.

General Schulz told me that he had found it necessary to call upon SAC Simon in Los Angeles to arrange for airline reservations for him and General Eisenhower. He stated that they also used transportation while out in California.

General Schulz additionally told me that the Director had recently written him a personal note concerning an individual by the name of [redacted] who had made threats against General Eisenhower. **REQUEST TO PROVIDE TRANSPORTATION
 FORMER PRESIDENT EISENHOWER
 UNVEILING OF SHEVCHENKO MONUMENT
 1:00 P. M., SATURDAY, JUNE 27, 1964
 WASHINGTON, D. C.**

At 10:10 a. m. today, General Robert Schulz telephoned from Gettysburg and talked to Wick. He said that former President Eisenhower has accepted an invitation to make the principal address at 1:00 p. m., Saturday, 6-27-64, at the unveiling of the monument honoring the Ukrainian Poet-Laureate Taras Shevchenko. This ceremony, said General Schulz, takes place at about 1:00 p. m. in the vicinity of 23rd and P Streets, Northwest, Washington, D. C.

General Schulz said that former President Eisenhower will only attend the unveiling although there is a parade, a line of march and other festivities planned in conjunction with this affair during the day.

REQUEST OF GENERAL SCHULZ:

General Schulz stated that he is dealing with Major William Rutherford (telephone OXford 5-7187) who is the Aviation Officer of the Military District of Washington in arranging air transportation from Gettysburg to Washington. General Schulz said that a helicopter will bring former President Eisenhower and General Schulz to a landing area at Ft. Myer at approximately 12:30 p. m., Saturday, 6-27-64. General Eisenhower would then appreciate having the FBI provide him transportation with an FBI driver from Ft. Myer to the site of the unveiling in the vicinity of 23rd and P Streets, Northwest. The car should wait until the completion of the address (in the neighborhood of 15 to 20 minutes) and then drive former President Eisenhower and General Schulz back to Ft. Myer to board the helicopter for the trip to Gettysburg. General Schulz says he is alerting the necessary law enforcement officers in the area but the one thing lacking is transportation for his boss. Wick told him he knew the Director would be very happy to assist and that we would, in turn, be in touch with Major Rutherford to ascertain details of the exact landing site of the helicopter, etc.

When arrangements are worked out, we will be in touch with General Schulz to confirm the final details.

former Attorney General William P. Rogers called. He stated he was troubling me because he had received a call from former Attorney General Herbert Brownell, who had a call from former President Dwight D. Eisenhower. President Eisenhower told Messrs. Brownell and Rogers to issue a statement apropos of President Johnson's statement yesterday that President Eisenhower had the same kind of a problem as the [redacted]. Rogers stated he wanted to check with me; that he remembered the [redacted] matter but as he recalled, Vandenberg was not employed.

(b)

I told Mr. Rogers that what happened was that we [redacted] an investigation [redacted]

contact the Bureau and request to be investigated. I stated President Eisenhower initiated the procedure before he was inaugurated that all Cabinet members and all people in close association with Eisenhower were to call the [redacted] investigation and all the Cabinet members did.

Mr. Rogers stated that President Eisenhower wants them to issue a statement, what they will probably say is that the people employed at the White House in the Eisenhower Administration were subjected to full field investigations by the FBI. I stated this included Cabinet officers. Mr. Rogers concluded with what the statement would be by saying that there was no one [redacted] and by the White House staff who was involved in this kind of a problem.

(b) I stated I thought that was all right; [redacted]

(c) [redacted] Mr. Rogers stated that he thought the reason President Eisenhower wants to go this is not for political reasons but because it casts doubt on everybody who worked over there.

(b) Mr. Rogers said that it would not be so bad if he had said what happened; [redacted]

(c) [redacted] stated that as soon as I heard it this morning, which was my first knowledge of it; [redacted]

(c) I thought it was not accurate.

Mr. Rogers stated they have to make a statement if President Eisenhower orders them to and all they are going to say is that the people employed on the White House staff were subjected to full field and background checks during the eight years none of the people employed had this kind of a problem and President Johnson must have this information. I stated I thought that covered it. Mr. Rogers said he did not see how President Johnson could take offense at that.

SUBJECT: REQUEST FOR THE DIRECTOR AND GENERAL EISENHOWER TO REPRIMAND THE JOHN BIRCH SOCIETY FOR ITS USE OF PHOTOGRAPHS AND STATEMENTS IMPLYING ENDORSEMENT. **DWIGHT D.**

esa

By letter of 11-19-64, to the Director with a copy to General Eisenhower and [redacted]

[redacted] pointed out it was his intention to go to the root of this issue and expected Mr. Hoover and Eisenhower to allow him to use the correspondence between them to be published in the [redacted] as a contribution to the efforts to show the American people the true nature of ultra-isms, both left and right. He admits the issues involved are complex and assumes the position that the slogans of the John Birch Society including "liberty, freedom and conservatism" parallel the communist front's "shield" in the words such as "opportunity, justice and democracy." It is his contention that the use of a picture is well worth "a thousand words" and the Society by printing the Director's photograph -- even with the disclaimer that the FBI does not endorse any organization -- still has a carrying effect to impress the reader. Indirectly, he implies he will bring this matter to the attention of the Attorney General, if necessary.

(b)(7)(C) [redacted] in his letter to Eisenhower, a copy of which he enclosed to Mr. Hoover, set forth his "credentials" naming apparently substantial people in his area and noted the formation of the National Council for Civic Responsibility, known in Bureau files as having been formed recently by Arthur Larsen, (former aide to General Eisenhower at the White House,) which Council has as its purpose to look into the propaganda disseminated by extremist groups, both right and left. [redacted] states that he is not motivated by any group, but is merely acting on his own, his position appears to be that following all of the tenets set forth by the principles of the National Council for Civic Responsibility.

Enclosed with his communication are copies of editorials appearing in the "Idaho Statesman" (which newspaper the Bureau has enjoyed cordial relations and its editors have been on the Special Correspondents' List.) These editorials describe at length the rising problem facing the American people in connection with extremist groups. Much of the literature figuring in the recent Presidential campaign was mentioned.

D. C. Morrell to Mr. DeLoach
Re: Request for the Director and General Eisenhower...

Also enclosed was a copy of the advertisement sponsored by the John Birch Society as it appeared in this paper on 11-2-64. This advertisement has photographs of General Eisenhower, former Secretary of Agriculture Benson and W. Cleon Skousen, former Bureau Agent. This advertisement is apparently a cut-down version of the color supplemental section originally brought to the Bureau's attention as published by the "Los Angeles Times" in the fall of this year. It is to be noted that the original Birch ad, quoted the Director from his appearance before the HCUA in March, 1947; however, the current ad has the additional disclaimer that this should not be interpreted as an endorsement of the John Birch Society, as the FBI endorses no organization.

By telephone call of 11-25-64, General Robert ~~Schultz~~^V, aide to General Eisenhower, told Inspector Robert E. Wick that Eisenhower intended to reply to his letter by pointing out he has never responded to such incredulous charges throughout his life and did not intend to start now.

OBSERVATIONS:

PA.
D.C.

(b)
(7)
(c) The Birch Society has used the Director's photograph and statement previously in several ads appearing in various newspapers throughout the country. In answer to specific inquiries concerning this ad, our reply has been to note that the Director's speeches and articles are a matter of public record and are quoted from time to time; however, their use does not necessarily mean that this Bureau has or has not "cleared" the manner in which these were employed. A specific statement was included to the effect that no permission was sought or granted in connection with the use of Mr. Hoover's photograph and statement. The confidential nature of Bureau files and our policy of not evaluating organizations are usually set out and the general reminder that the Director is not in a position to comment along these lines is stated. [redacted] assumes a strong position; however, it would appear to the Bureau's better interest to continue to rely upon our policies in these matters. [redacted] permission to publish the Director's reply, it is believed it should be an "in absence" for this reason.

RECOMMENDATION:

(b)(7)(c) That the attached letter be directed to [redacted]

SUBJECT: GENERAL EISENHOWER
VISIT TO BOSTON

General Schulz, Assistant to General Eisenhower, called and advised that the General was to pay a private visit to Boston tomorrow to attend a birthday party for General Bob Cutler. General Eisenhower will be flying to Boston from Cleveland in former Secretary of the Treasury Humphrey's plane. In Boston General Eisenhower will be staying at the Summerset Club and then will be going to the Tavern Club for the birthday party tomorrow in honor of General Robert Cutler. Apparently the problem of getting General Eisenhower from the Summerset Club to the Tavern Club is of some concern.

General Schulz asked if our Agent in Charge of the Boston Office could please contact General Cutler at his home and discuss the matter with him. It was felt that if uniformed police guards were assigned to transfer Eisenhower from the Summerset Club to the Tavern Club this would attract large crowds and General Eisenhower would like to avoid this.

I talked with SAC Handley, told him to get in touch with General Cutler and work out arrangements for transferring General Eisenhower between the Summerset Club and the Tavern Club while he is in Boston. Arrangements for transportation for General Eisenhower from the airport to downtown Boston have already been taken care of. A

The above is for information.

MR. GEORGE ALLEN
VENTNOR, NEW JERSEY
AUGUST 20,--22, 1965

CS 3-1

(b)(7)(C) Mr. George Allen telephoned Miss Gandy this morning at 11 a. m. from New York advising that Former President Eisenhower will be a guest at Mr. Allen's summer place in Ventnor, New Jersey located at [REDACTED] He said he knew Mr. Hoover would desire to be of any service possible.

I had Wick contact General Robert Schulz at Gettysburg, former President Eisenhower's aide, concerning the matter. General Schulz told Wick that he was making no special arrangements for the General's trip to Ventnor this week end but it would be his suggestion that we contact Mr. Allen informing him that the FBI would be glad to brief the local police as to how to handle any crowd situation, etc., during the former President's stay. General Schulz said he also understood Mr. Allen and the General's party would attend the races at Atlantic City probably on Saturday. He said it might be a good idea to have an Agent at the track in case he is needed and, of course, to brief the local security people at the track on the General's presence.

ACTION TAKEN:

REC-31 62-81742-292

Wick talked with Mr. Allen at 5 p. m. today. He said Mr. Hoover would be happy to be of any assistance, that we could brief the local Chief of Police, Lewis M. Johnson, at Ventnor and furnish any transportation necessary. Mr. Allen said he only wanted to be certain that local police protected the former President and that while he and the General were at the track on Saturday it would be advisable to have local security people and track personnel fully briefed on their presence. He asked if an FBI man could handle this in advance.

ENCLOSURE

Wick assured Mr. Allen that we would have an Agent and the Chief of Police call on him either tomorrow evening or Friday morning prior to General Eisenhower's arrival Friday noon so that Mr. Allen would completely understand who he could call in case of an emergency. Also, our man would

RE: Travels of former President Eisenhower

SAC Bachman was instructed by Wick at 5:30 p. m. today to have the Atlantic City Resident Agent get in touch with the Chief, call on Mr. Allen and also inform the track people as stated above. Mr. Bachman stated there will be no problem since the Chief of Police is most cooperative

[REDACTED]

In summary, Wick instructed Bachman to be certain that the FBI only introduce the Chief of Police to Mr. Allen, that we likewise inform the appropriate track people of the former President's plan to visit and that on Saturday our representative is available at the track in case he is needed by Mr. Allen or General Eisenhower. It was pointed out to Bachman that according to Mr. Allen there is no need for the FBI to furnish any transportation for the Eisenhower party.

Bachman said he would handle the matter in accordance with the above and there would be no problem.

TO : The Director

DATE: 2/9/66

FROM : N. P. Callahan

SUBJECT: The Congressional Record

Pages 2373-2374. Congressman Ashbrook, (R) Ohio, spoke concerning the need to teach youth the facts about communism and quoted from an address by former President Eisenhower. Mr. Ashbrook stated "In the light of events of the past few years, few can deny that the advice of former President Eisenhower regarding responsible education on communism assumes a greater urgency day by day, especially in the ranks of American youth, our leaders of tomorrow." Mr. Ashbrook pointed out that Jerry Greene of the New York Daily News in a column on February 2nd provided additional justification for such training. Mr. Greene's column and Mr. Hoover's message from the February FBI Law Enforcement Bulletin were included with Mr. Ashbrook's remarks.

SUBJECT: KANSAS CITY SECTIONAL
RETRAINING SESSION
FBI NATIONAL ACADEMY

BP

DWIGHT D

For record purposes, at 4:20 p.m. today, Assistant Director Casper advised me that former Presidents Eisenhower and Truman received awards at the Muehlebach Hotel in Kansas City today from the "U. N. We Believe" group, a 10-year-old nonprofit body, sponsored by the Board of Regents of the University of the State of New York. The group has as its purpose making a more effective United Nations. Mr. Casper said the site of the National Academy Retraining Session is in the same hotel and arrangements were made for the two former Presidents to briefly greet the 300 assembled National Academy men. This was done. Former President Eisenhower said he was very proud to be an honorary member of the FBI and Mr. Truman said he was very happy to be present.

Mr. Casper said the press paid the visits quite some attention, and he thought much good publicity to the FBI National Academy would result.

All friends of General and Mrs. Eisenhower, we believe, will want to know about the Golden Wedding Tribute to them. The enclosed reprint of Parade, June 26th issue, covers a recent interview with them. It also describes the objectives of the Tribute, in respect to their wishes, to advance the construction of Eisenhower College.

We ask that you endorse its purpose and encourage your friends to support the two objectives of the Tribute: to honor the Eisenhowers on a singularly important anniversary and to help in advancing the College which bears the Eisenhower name.

We are very pleased that President Harry S. Truman has accepted the Honorary Chairmanship of this Committee.

Dear General:

I was exceedingly pleased to learn from Assistant Director Joseph J. Casper that you took time from your busy schedule to drop in for a brief visit with the FBI National Academy Associates recently in Kansas City. We of the FBI have always been most grateful for your continuing support, and you may be sure that the officers attending this conference were indeed honored to have former President Truman and you appear at the assembly.

An article, including several photographs, based on the occasion has been published in the August issue of the FBI Law Enforcement Bulletin. An advance copy of the magazine is enclosed and the story appears on pages 12 and 13.

SUBJECT: ROBERT ERWIN, DIRECTOR OF PUBLICATIONS
HARVARD UNIVERSITY CENTER OF INTERNATIONAL AFFAIRS
CRITICAL COMMENT RE FORMER PRESIDENT EISENHOWER

Dwight

Reference is made to United Press International news release, 11-11-66, which states that Robert Erwin, in a lecture at Tufts University, had given former President Eisenhower "a barely passable grade" as President. Erwin reportedly stated that Eisenhower differed from the "fatherly" individual portrayed by some individuals. According to Erwin, Eisenhower was capable of "cruelty, lying, hypocrisy and arrogance" during his administration. Erwin described Eisenhower as "a more efficient administrator and a less admirable personality than generally portrayed."

MEMORANDUM FOR MR. TOLSON
MR. DE LOACH
MR. SULLIVAN
MR. WICK

General of the Army Dwight D. Eisenhower called from Gettysburg, Pennsylvania. He said he wanted to ask me one question; that he has seen three or four performances by the groups "Sing Out" and "Up With People," which are very patriotic and very inspiring performances. He said it turns out they are sponsored by an organization called Moral Rearmament. He continued that everybody who has seen performances by these groups has been inspired and is keen on them, but a number have questions about Moral Rearmament. The General stated he knew nothing about this and a friend had called him and advised that a couple thousand of these young people were coming to his state and he wanted to know about Moral Rearmament. General Eisenhower said he is so puzzled about this as, for example, this month there are going to be performances by about 300 of these young people in Constitution Hall for about a week and he even wrote and suggested the President ought to have them over to the White House. I commented that it sounded like a good idea. General Eisenhower said they are tops and what he wanted to know is, is there anything against them.

ORIGINAL FILED IN 62-81742-552

I told the General that off hand, I would say that I know nothing against them but I would like to check our files. The General asked if I would do that and drop him a note. I told him I would write him today.

Mr. DeLoach has been instructed to have a memorandum prepared today regarding Moral Rearmament together with a letter to General Eisenhower.

Very truly yours,

J. E. H.

General of the Army Dwight D. Eisenhower called from Gettysburg, Pennsylvania. He stated he has developed with Reader's Digest an article on crime and delinquency to be published soon. He stated one man he talked with was a member of the National Council on Crime and Delinquency and, as a matter of fact, he thought this man had some good ideas so he wanted to put in his article that here is one group trained to do something in this field. He said that now one of the staff heard indirectly where this outfit at one time had a lot of leftists and communists in it. General Eisenhower said [redacted] is the man he talked to, [redacted] certainly is a dedicated American and for law and order. The General wondered if I knew anything about the organization.

I told him it used to have a different name as it had the name of something about parole and probation before the name was changed. I said at that time there were in the organization and may still be a number of these so-called "bleeding hearts," as I call them, in regard to penology and law enforcement who believed parole should be extended to everyone. I stated I had several arguments with them as to that because I believe in parole and probation but I do not like to see the abuses. I said I had never heard them or know now of any subversives or communists in that group and there are some very good people in it and I thought you are bound to find a difference of opinion on the subject. The General asked if [redacted] and I told him I did not know. He said he knew [redacted]

I told him I knew nothing that would support the contention that there are communist or subversive elements in it and it could possibly be an extreme statement made by someone who has different views. The General said he would tell the editors that and expressed his appreciation.

DWIGHT D.

President Lyndon B. Johnson called and said he had an interview in front of him of former President Eisenhower on the UPI ticker and asked if I had read it. He stated Eisenhower says they ought to empower the FBI to investigate this. I told the President I saw it, but General Eisenhower is completely misinformed. The President said he thought I ought to call his briefing officer and say to him to see UPI #35. The President proceeded to read the ticker as follows: "Former President Eisenhower suggested today there is a pattern to current city riots. He suggested that Congress empower the FBI to move into the situation. The General, meeting with reporters in his office on the Gettysburg College Campus, said he had been told while in Washington several days ago that there is no law in the books by which the FBI can use its investigative forces in the present situation. When there is good reason on the part of the Government to believe that there is some national organization that is bringing about this trouble, the FBI should be allowed and directed to make an investigation and report," et cetera. I told the President that the General later said he was told that by Senator Dirksen.

The President told me to call General Andrew Goodpaster and tell him the President said he was the man designated to keep General Eisenhower fully informed and briefed and would appreciate his help and he, the President had asked me over night before last and been in touch with me and that I have all the resources needed and that the President had given me full authority to spend anything to get the facts and to tell Eisenhower we don't want to put it on full page headlines the FBI is going "to eat you up" and scare everybody and put them on notice what we are doing, but I have the authority and the President is on top of it and called me weeks ago when in Newark and insisted I get anybody, including their wife if she contributed. The President then stated he noticed this Rap (Brown) outfit said he was going to get a gun and shoot Lady Bird (Johnson.) I stated Brown has issued a statement that no Negro is bound to obey any law he does not believe in. I stated Brown will be arraigned at two o'clock.

Memorandum for Messrs. Tolson, DeLoach, Sullivan, Wick

The President told me if I could before I go to lunch, to call General Goodpaster and say I have all the approval and authority and money and if I don't, he, the President, will go to Texas and get it, and to tell Goodpaster to get Eisenhower fully briefed. I told the President I would do this.

12:10 PM

I attempted to call General Andrew Goodpaster, who was hosting a luncheon and was not available. I left word with the White House switchboard that when they reached the General, they could reach me at the White House and to put the call through there because I had a message the President wanted me to get to General Goodpaster.

Very truly yours,

J. E. H.

I received the call from General Goodpaster while at the W. H. & conveyed to him the President's message. The General stated he would talk to General Eisenhower & straighten him out.

This person volunteered to contact them through the switchboard operator. [REDACTED] did not request him to do so. [REDACTED] to [REDACTED] on the conference line not to take any action but to hold the line, and he would be right back.

General SCHULZ [REDACTED] said this information has no basis in fact and verified that Mr. EISENHOWER was alive. [REDACTED] had informed the President and DEAN RUSK that the call was a hoax. He then informed [REDACTED] the information was untrue. [REDACTED]

[REDACTED] then notified Mr. ROSTOW, Special Assistant to the President, MARIE FEHNER, one of the personal secretaries to the President, and the White House switchboard that the call was a hoax.

Mrs. Mildred Stegall
The White House
Washington, D. C.

Dear Mrs. Stegall:

Set forth below are the results of our inquiry into the
hoax call made to the White House on August 19, 1968, by an individual
identifying himself as [REDACTED]

[REDACTED] White House Office, advised she
received the call at 11:34 p. m. on August 19, 1968. She placed the call
with [REDACTED] and immediately advised [REDACTED]
at his residence. At [REDACTED] request, she made the call a
three-way conference call between the caller, [REDACTED] and
[REDACTED]. The caller sounded like a person in his late twenties
and he spoke with a very authentic tone. She did not detect any accent.

[REDACTED] He spoke with the above caller on
the President's private telephone. He was suspicious of the call because
it was not made in accordance with previous arrangements with Walter
Reed Hospital. A call was made to Walter Reed Hospital to verify the
information and it was determined that the call was a hoax. [REDACTED]
described the caller as appearing to be in his late twenties, intelligent,
articulate, cool and deliberate. He did not discern any degree of
emotionalism in the caller's voice. He was of the opinion that the
person could be from either the Washington, D. C., area or the
Midwest but not from New England or the South. The caller was
able to describe the physical layout of the Presidential suite at the
hospital.

[REDACTED] on the conference call he heard part of the conversation between
[REDACTED] and the caller. This individual was not emotional and said he
was calling on a direct line [REDACTED]. He felt he would be unable
to identify the voice of the caller.

Tom Johnson, a staff member at the White House, called me at 1 o'clock this morning, and indicated he was calling at the instructions of the President. Tom Johnson stated that at approximately 11:30 p.m., last night, 8/19/68, an individual giving the name of [REDACTED] had called the White House switchboard, indicating he was calling from [REDACTED] and wanted to immediately advise the President of former President Eisenhower's death. The caller went through three operators, and was eventually connected with the President. The President talked with him for a matter of of a few minutes and eventually realized that either the man was a mental case or else someone was deliberately trying to pull a trick. DWIGHT D. EISENHOWER

Tom Johnson stated the President was infuriated and ordered him to cause an immediate investigation.

(b)(7)(C)

I called SAC Purvis at 8:10 this morning and told him to have the Washington Field Office check with the White House switchboard operators to get the facts concerning this matter. I requested also that the Washington Field Office check at Walter Reed Hospital to discreetly find out if there is a [REDACTED] assigned there. Indices of the Washington Field and at the Bureau are also being checked, following which a brief report will be sent to the White House. A call of this nature is almost impossible to trace, unless it is anticipated in advance.

SUBJECT: DEATH OF FORMER PRESIDENT
DWIGHT D. EISENHOWER

Robert Gresham, Minority Clerk of the House Appropriations Committee, telephonically advised the writer at 3:30 P.M. today he had just learned from the White House that there will be a private service for former President Dwight D. Eisenhower in the Bethel Chapel of the National Cathedral where his body will be taken tomorrow morning at 11:00 A.M.

He stated that on Sunday it will be removed to the Rotunda of the Capitol arriving there at 4:30 P.M.; that President Nixon will be present and a eulogy service will be conducted from 4:30 P.M. to 5:30 P.M.

He also advised that the public funeral service will be held at 3:00 P.M. on Monday afternoon at the National Cathedral when the body will be returned to that location and the President is declaring Monday a national day of mourning and a holiday for Federal employees.

We have been checking with Departmental officials as to what instructions will be forthcoming from the Department with regard to Monday as a workday and to date they have not been able to furnish us any advice.

Gresham also advised that Congressman Bow is going to recommend to Chairman Mahon of the Appropriations Committee that all scheduled hearings be cancelled until President Eisenhower's body is interred in Abilene, Kansas. This is to take place it is understood on Wednesday afternoon April 2nd.

I have checked with Ken Sprankle, Clerk of the House Appropriations Committee and he advised he had no information at this time as to what the plans of the committee would be in regard to hearings that have been scheduled but will keep the writer informed as soon as he gets any definite indication.

The above is submitted for information.

By Inspiration of God.

The man laid there with courage, and patienes
A great, great man, loved by every nation,
His Family was there sitting by his side
They all loved him dearly, and with deep pride.

He had suffered a dangerous heart attack
His endurance was great, and he bounced back
The world rejoiced of his recovery
And all his family, he loved so dearly.

He made it possible to live in peace
His love for fellowmen never ceased,
Faithful devotion he gave his nation
And to all allies, and their relation.

All things worth doing, is worth doing well
All of his life, that saying rang a bell,
For everything this man put out to do
He did right, stayed with it, till it was through.

The people thinking, his attacks were through
Stopped worrying, though of other things to do,
Other great men died, he still held his own
They once were his friends, and now they were gone,

And all of them was much younger than he
Unjustly killed, and casted in eternity,
Presidents, Kings, Rulers, people all morned
But the killings continued on and on.

This world, the old world; All wondered why
Such great men, working for good, had to die,
And each man had, yet his three score and ten
To live, but their life was taken before then.

Their destiny, and their life were over
Tears was stopped, by each ones eye lid cover
For every one knew, deep down in their heart
That the worlds a stage, each one plays their part,

And God is the maker, of all mankind
Some he takes young, and some he leaves behind,
There's an old saying. The good die young
Not so, its when God says, your life is done.

Then the great one, had another bad spell
Put in hospital, so doctors could tell,
What his chances were, For him to survive
His faithful wife, family were at his side,

He put up a great battle, this great man
For his life, but the end was near at hand.
And when the doctors announced, he had died,
His family and the whole world weeped and cried.

And I believe, while he was lying there
That he was put into our fathers care,
And carried to a magnificent place
To see old friends, that had long left the race.

They all were there, and enjoying their life
Some were with their old friends, some with their wives,
They had made it in, their journey was hard
And they were safely in the care of God,

God knows your troubles, and what you can bear
Your prays will relieve them, for our God cares
Your dearly ones, that's gone one before you
You'll see again, if you make it there to

I'm sure that every one know who I mean
He was a good boy came from Abilene,
Of respectable parents, God fearing to
They were right, and this, this little boy knew.

This boy attended the local schools there
Worked in creamery, Did job with utmost care,
Determined to do jobs the best he could
Believed fairness was right, and right was good.

He was energetic, with lots to spare
Used it right, he gained what others wouldn't dare,
Use to hard work, took that to get along,
If he satisfied, the job couldn't be wrong.

And by doing this, he'd get other jobs,
And he would take them, no matter how hard
Willingness to work, and fairness to
Kept him busy Each gave him more to do. - 2 -

Abilene Kansas, he lived till twenty
Graduated from West Point with many,
Somewhere in the years, married a true one
She was noble and fine, gave him two sons

One died early, and the other servised
He wept for the lost, other gave him pride,
And in the year of ninteen forty one
Boy grown to man, was called to Washington

To serve in war plans, to him, joy it meant
The division of the war department
From there, appointed Commander in Chief
Hard work, fairness, came true to his believe.

Later relieved orders to leave for London
Maybe he asked himself, what wrong, he's done
Learned, he was full command of E. T. O.
He was a five star general that we know

Was the Sarpreme Commander of the Allied Force
With that reputation, a man could boost
But not this man, he completed his job
Thanked God, for helping with job that was hard,

We thanked him for bringing peace to our land
Thanked him for being a courageous man
Honored him, for doing best job he could
Given metals, for job he did was good,

With all this, he still remained the same one
With willingness to get any job done,
He gave advice, and could take advice to
That is why the war was over, and through,

Made him President of the U.S.A.
Worked over hours, that was called a day,
And the oath he made, was the oath he kept
To assure peace in day, and while we slept,

He said, hed do his best for all man kind
And so he did just that, all down the line,
He also did his best for this country
To keep it safe from all our enemy.

And he did his best, for the eight long years
Now we all mourn him, and many shed tears,
Many pass by and review his remains
But I sure the great soldier rose again,

And he rose to a better life of peace
Where of his fighting is forever ceased,
Paid with last respect, and honor to God
It just a body, waiting for the sod,

But if we cherish his thoughts and ideals
That would help the people a great deal,
Tell them about his determination
To do his best for the folks of this nation,

No job was to long, no job was to hard
He knew where there was help in the great God,
He prayed as he worked, and prayed as he cried
He prayed as he lived, and prayed as he died.

Dwight D. Eisenhower, the one mean
Supreme Commander that made our land clean,
Two time president, of the U.S.A.
Who did his best, and who went all the way,

To brother, and grandchildren standing by
Know you loved him, know you had to cry,
If he could talk, here's what he would tell you
Finished what was to late for him to do.

(10/20/41)
TO JOKE OUR GOOD FRIEND BY INSPIRATION
OF GOD

THE MAN LAID THERE WITH COURAGE, AND PATIENCES
A GREAT, GREAT MAN, LOVED BY EVERY NATION,
HIS FAMILY WAS THERE SITTING BY HIS SIDE,
THEY ALL LOVED HIM DEARLY, AND WITH DEEP PRIDE,
HE HAD SUFFERED A DANGEROUS HEART ATTACK
HIS ENDURANCE WAS GREAT, AND HE BOUNCED BACK
THE WORLD REJOICED OF HIS RECOVERY
AND ALL HIS FAMILY, HE LOVED SO DEARLY
HE MADE IT POSSIBLE TO LIVE IN PEACE
HIS LOVE FOR FELLOW MEN NEVER CEASED,
FAITHFUL DEVOTION HE GAVE HIS NATION
AND TO ALL ALLIES, AND THEIR RELATION,
ALL THINGS WORTH DOING, IS WORTH DOING WELL
ALL OF HIS LIFE, THAT SAYING RANG A BELL,
FOR EVERY THING THIS MAN PUT OUT TO DO,
HE DID RIGHT, STAYED WITH IT, TILL IT WAS THROUGH,
THE PEOPLE THINKING HIS ATTACKS WERE THROUGH,
STOPPED WORRYING, THOUGH OF OTHER THINGS TO DO,
OTHER GREAT MEN DIED, HE STILL HELD HIS OWN,
THEY ONCE WERE HIS FRIENDS, AND NOW THEY WERE GONE
AND ALL OF THEM WAS MUCH YOUNGER THAN HE
UNJUSTLY KILLED, AND CASTED IN ETERNITY,
PRESIDENTS, KINGS, RULERS, PEOPLE ALL MORNED,
BUT THE KILLINGS ~~WENT~~ ON AND ON.
CONTINUED

THIS WORLD, THE OLD WORLD, ALL WONDERED WHY
SUCH GREAT MEN, WORKING FOR GOOD, HAD TO DIE
AND EACH MAN HAD, YET HIS THREE SCORE AND TEN
TO LIVE, BUT THEIR LIFE WAS TAKEN BEFORE THEN.

TO LOVE OUR GOOD FRIEND BY INSPIRATION OF GOD

THEIR DESTINY, AND THEIR LIFE WERE OVER
TEARS WAS STOPPED, BY EACH ONES EYE LID COVER
FOREVERY ONE KNEW, DEEP DOWN IN THEIR HEART
THAT THE WORLDS A STAGE, EACH ONE PLAYS THEIR PART,
AND GOD IS THE MAKER, OF ALL MANKIND
SOME HE TAKES YOUNG, AND SOME HE LEAVES BE HIND
THERE'S AND OLD SAYING, THE GOOD DIE YOUNG
NOT SO, ITS WHEN GOD SAYS, YOUR LIFE IS DONE,
THEN THE GREAT ONE, HAD ANOTHER BAD SPELL
PUT IN HOSPITAL, SO DOCTORS COULD TELL
WHAT HIS CHANCES WERE, FOR HIM TO SURVIVE
HIS FAITHFUL WIFE, FAMILY WERE AT HIS SIDE
HE PUT UP A GREAT BATTLE, THIS GREAT MAN
FOR HIS LIFE, BUT THE END WAS NEAR AT HAND
AND WHEN THE DOCTORS ANNOUNCED, HE HAD DIED
HIS FAMILY AND THE WHOLE WORLD WEEPED AND CRIED,
AND I BELIEVE, WHILE HE WAS LYING THERE
THAT HE WAS PUT INTO OUR FATHERS CARE,
AND CARRIED TO A MAGNIFICENT PLACE,
TO SEE OLD FRIENDS, THAT HAD LONG LEFT THE RACE,
THEY ALL WERE THERE, AND ENJOYING THEIR LIFE
SOME WERE WITH THEIR OLD FRIENDS SOME WITH THEIR WIVES
THEY HAD MADE IT IN, THEIR JOURNEY WAS HARD
AND THEY WERE SAFELY IN THE CARE OF GOD,
GOD KNOWS YOUR TROUBLES, AND WHAT YOU CAN BEAR
YOUR PRAYS WILL RELIEVE THEM, FOR OUR GOD CARES
YOUR DEARLY ONES, THAT'S GONE ONE BEFORE YOU
YOU'LL SEE AGAIN, IF YOU MAKE IT THERE TO
I'M SURE THAT EVERYONE KNOW WHO I MEAN
HE WAS A GOOD BOY CAME FROM ABILENE,
OF RESPECTABLE PARENTS, GOD FEARING TO
THEY WERE RIGHT, AND THIS T...

THIS BOY ATTENDED THE LOCAL SCHOOLS THERE
 WORKED IN CREAMERY, DID JOB WITH UT MOST CARE,
 DETERMINED TO DO JOBS THE BEST HE COULD
 BELIEVED FAIRNESS WAS RIGHT, AND RIGHT WAS GOOD.
 HE WAS ENERGETIC, WITH LOT TO SPARE
 USED IT RIGHT, HE GAINED WHAT OTHERS WOULDNT DARE
 USE TO HARD WORK, TOOK THAT TO GET ALONG,
 IF HE SATISFIED, THE JOB COULDN'T BE WRONG,
 AND BY DOING THIS, HED GET OTHER JOBS,
 AND HE WOULD TAKE THEM, NO MATTER HOW HARD.
 WILLINGNESS TO WORK, AND FAIRNESS TO
 KEPT HIM BUSY. EACH GAVE HIM MORE TO DO,
 ABILENE KANSAS, HE LIVED TILL TWENTY
 GRADUATED FROM WEST POINT WITH MANY,
 SOM WHERE IN THE YEARS, MARRIED A TRUE ONE
 SHE WAS NOBLE AND FINE, GAVE HIM TWO SONS
 ONE DIED EARLY, AND THE OTHER SERVED
 HE WEPT FOR THE LOST, OTHER GAVE HIM PRIDE
 AND IN THE YEAR OF NINTEEN FORTY ONE
 BOY GROWN TO MAN, WAS CALLED TO WASHINGTON
 TO SERVE IN WAR PLANS, TO HIM, JOY IT MEANT
 THE DIVISION OF THE WAR. DEPARTMENT
 FROM THERE, APPOINTED COMMANDER IN CHIEF
 HARD WORK, FAIRNESS, CAME TRUE TO HIS BELIEVE.
 LATER RECEIVED ORDERS TO LEAVE FOR LONDON
 MAYBE HE ASKED HIMSELF, WHAT WRONG, HE'S DONE

[REDACTED] a local T.V. news-director (Charles Harness, KCAU, Sioux City, Iowa) stated that our former president, Dwight D. Eisenhower was a member of the American (?) Civil Liberties Union. Are you at liberty to confirm or rebute that statement?

I find it very difficult to accept Mr. Harness' statement. President Eisenhower always seemed to be a good American who could not adopt the tenets of an organization with the history of the A. C. L. U. May I please know the truth?

MEMORANDUM FOR MR. LADD

Re: Lt. Gen. Hoyt S. Vandenberg
Director, CIG

Special Agent Doherty of the Liaison Section contacted Colonel Wright, Executive Officer of General Vandenberg, and indicated to him that he had received a rumor to the effect that General Vandenberg was to resign and was to be replaced by an Admiral of the United States Navy.

Colonel Wright stated that ever since last August there have been rumors to the effect that General Vandenberg is to resign and take over some top position in the Government. Colonel Wright stated that he has talked these rumors over with General Vandenberg frequently and at the present time feels assured that as far as he or the General knows the General has no intention of leaving CIG.

Colonel Wright stated, however, that when top Army officers are being considered for various assignments General Vandenberg is usually mentioned in connection with this type of rumor because he believes the General is an individual that must be considered in shifting Army top flight personnel. Colonel Wright stated that he is aware of the rumors to the effect that General Eisenhower is going to become Ambassador to a foreign country and also another rumor that General Eisenhower is to resign as Chief of Staff and run for the Presidency. He stated that to follow through with these rumors top flight Army officers also must be shifted and since General Vandenberg is considered a top flight Army officer it is only natural that he is mentioned in some capacity in filling the gaps created by the removal of Eisenhower.

Colonel Wright further related that in the event Vandenberg resigned as Director of CIG, and as Colonel Wright stated the General has no intention of doing so at the present time, he believed that his position will be filled by an Admiral due to the fact that it is believed CIG is not ready as yet for a civilian director.

Colonel Wright assured Agent Doherty that these rumors are strictly rumors at the present time and in the event anything definite occurs, he would be very happy to bring it to the Bureau's attention.

Respectfully,

Dear

Dwight

Whoever told you that General Eisenhower is seeking the Democratic nomination for President is, I feel sure, mistaken. The General was here in Texas a week or two ago, was wined and dined mightily, and made speeches in San Antonio, Houston, and so on. Wherever he went, his cronies (fellow-guests at luncheons and dinners) were members of the old-line Republican organization in Texas. These same Republicans, two years ago, were hot for Bob Taft and wouldn't touch Eisenhower with the proverbial ten-foot pole.

(b)(7)(C)
(b)(7)(D)

and local Republicans merely snorted at it. - though not all- were Democrats who voted in the end, as I did, for Truman. When the General was down here this time he let the Republican regulars corral him, and his original supporters never even saw him. We're not miffed about it, but it strikes me that nobody who really wanted to be President would commit the tactical error of ignoring any organized group of supporters, especially a nonpartisan one such as ours was.

(b)(7)(C)
(b)(7)(D)

Another thing. Though Eisenhower spoke mightily softly on the recent Navy-Air Force hearings, he did speak against the Navy side. There are enough ex-Navy men in this country to defeat any candidate who is against a strong Navy - even though there may not be enough of us to elect a Navy supporter. I doubt if a man who seriously wanted to be President would alienate the Navy veterans.

Eisenhower has turned out to be something of an enigma to me, and I suspect the reason is that he himself is confused about what he wants. He would like to be President, but he won't do anything to get the nomination because he likes the role of elder statesman. You can't be Bernie Baruch and FDR too - you have to choose. And I think that Eisenhower has let his chance slip by. He won't get the Democratic nomination because Truman controls it, and if he runs as a Republican I think he'll be beaten. I don't believe that any Republican except Stassen has a chance of being elected in 1952.

Hearty congratulations on your fine work in behalf of the Navy and the Marines.

General Dwight D. Eisenhower
President
Columbia University
New York, New York

Dear General Eisenhower:

It is my very great pleasure to extend to you an invitation to deliver the graduation address to the Forty-fourth Session of the FBI National Academy on Friday, June 30, 1950. The exercises will be held in Washington, D. C., in the Departmental Auditorium located on Constitution Avenue between Twelfth and Fourteenth Streets, Northwest, and will begin promptly at 10:30 A. M. There is always a capacity audience of approximately 1,500 in attendance at these exercises, consisting in part of state, county and municipal officials and officials of the Federal Government.

The FBI National Academy for law enforcement officers was established by the FBI in 1935. The purpose of the Academy is to afford training in the advanced methods and techniques of law enforcement to representatives of state, county and municipal police organizations. The course of training is twelve weeks in length and is designed to develop police executives and police instructors. The Academy, since its inception, has been most enthusiastically received by law enforcement organizations and officials throughout the United States and its territories and there is always a waiting list of officers for attendance. With the graduation of the Forty-fourth Session, consisting of fifty-eight members, there will be 2,196 graduates.

While I realize there are very heavy demands upon your valuable time, I want to assure you that not only would the law enforcement officers attending the academy be greatly honored by your acceptance of this invitation, but that the entire personnel of the FBI would likewise feel it a distinct honor if you could be with us. We shall be glad to arrange for a representative of this Bureau to confer with you about the program, and matters of transportation and hotel reservations at any convenient time, if you desire. I do hope that you can accept this invitation and if there is any additional information or assistance which you desire, I would appreciate hearing from you.

Dear Mr. Hoover:

Much as I should be delighted and honored to deliver the graduation address to the FBI Academy, I simply cannot accept your invitation. On my calendar, for many months, there has been a firm commitment for the final week of June that cannot be cancelled or postponed. I will not be free of it until the evening of July 3 at the very earliest. Under the circumstances, I have no alternative in the matter, as you will appreciate—I am sure. I reach this decision most reluctantly, but it is inescapable in the light of my scheduling *problems*.

My thanks and best wishes to you.

Sincerely,

Dwight D. Eisenhower

Dear General Eisenhower:

I deeply regret your inability to deliver the graduation address to the FBI National Academy here in Washington on June 30th. I realize your previous commitments, which cannot be cancelled or postponed, prevent your being with us. I do hope that we will be privileged to have you deliver the address at some future graduation of the Academy.

With expressions of my highest esteem and best regards,

Sincerely yours,

ASAC Whelan called from New York on the afternoon of 1/12/51, to advise that a G-2 representative in New York had come over to see him to relate a story which had been brought to them concerning a possible plot to kill General Eisenhower and his aide. G-2 received its information from

(b)(7)(C)
(b)(7)(D)

G-2 requested the FBI to run down this rumor in view of the fact that civilians were involved.

I advised ASAC Whelan that there had been some publicity here recently in the newspapers concerning possible threats against the General and as a result, several Communists in France were arrested and that this might be the basis for the statement. However, in view of the fact that this statement had been made and until it was run down, we had no way of knowing whether there was any subversive angle involved. The New York Office should therefore attempt to locate *who made* the statement and get to the bottom of it. ASAC Whelan said he would do this.

While talking to SAC Carson on other matters today, he referred to the wire the Director received from [redacted]

[redacted] who wanted to have an Agent come see him. They had difficulty contacting him on the phone and locating him, but an Agent did see him at [redacted] told Agent that

he and a group of people are interested in backing General Eisenhower, however, he had received a rumon to the effect that Eisenhower was either a German Jew or a Dutch Jew.

[redacted] wanted to get the straight dope on this from the Director. The Agent told [redacted] did not know and that the Bureau did not make inquiries pertaining to race, color or creed.

[redacted] he was a friend of the Director's and asked the Agent to advise the Director of his inquiry.

(b)(7)(C)
(b)(7)(D)

I told Carson to have the Agent call [redacted] back and stated that they had been in touch with the Washington headquarters of the Bureau and that it would not be possible for the Director to make any inquiries on this matter, and that the Director did not have any firsthand information.

In this connection, [redacted] called me from Los Angeles last week to say hello. In the course of the conversation, he asked if I had ever heard that Eisenhower was a "German Jew"; that he had heard that in Eisenhower's application for admittance to West Point he had described his race as "Semitic."

[redacted] he is fearful somebody is getting ready to start a rumor campaign and he wanted to find out himself. I told him that we, of course, could not make any inquiries. He then stated that he would check with either [redacted]

He then asked if I would call one or them and ask them if they knew and if they did not know, to find out and get in touch with him.

I did talk to [redacted] and advised him of [redacted] inquiry. [redacted] they had a photostat in the office of the year book at West Point which characterizes Eisenhower as a "Swedish Jew."

[redacted] would in due time talk to [redacted]

Mr. Hoover:

Recently I was at a social gathering of a small group which included

(b)(2)(c) in New York. He mentioned that General Eisenhower once told him a story to illustrate "how nice President Truman could be if he wanted to."

Dwight D. Eisenhower said that he and President Truman received honorary degrees at Princeton at the same time (this was in 1947), and on that occasion President Truman told him that the people at Princeton were interested in seeing Eisenhower and not "just another politician," and that he wanted Eisenhower to take all the bows and to consider himself the "main event."

Dear Mr. Ladd

I thought you would be interested in the attached morning editions of London newspapers regarding the death of the King.

I was informed by a Parliamentary Member last night that the King, as I told you before, had cancer of the lung, one of which was removed some time ago. The cancer apparently, according to the Parliamentary Member, spread into his chest and all over his body and it was known in Royal Circles that he would not live over six months. Practically all of the members of the Royal Family knew this, excepting Princess Elizabeth as it was felt that it would interfere with her plans in visiting the Colonies and Dominions.

My Parliamentary contact also informed that other Members of Parliament believe World War III will start in 1953. He has just returned from a trip to [redacted] and he says that high-ranking officials there also hold the same views. He also had talks with Dwight D. Eisenhower and claims that Ido told him that he would run for President, if drafted.

Mr. Hoover:

An acquaintance of has advised not long ago privately explained the General's attitude about future political plans as follows:

The General definitely will not campaign for the presidency and will continue his present activities without definitely committing himself. However, if a stalemate arises insofar as the Republican nomination is concerned and General MacArthur feels that it will be his patriotic duty to accept the nomination, he will then agree to be nominated.

DWIGHT D.

 stated that, General MacArthur and General Eisenhower had a conference some time in the past. During the course of the conference, General Eisenhower allegedly discussed the possibility of his being nominated by both the Democratic and Republican Parties for the Presidency and indicated he would like to run with this dual nomination. General MacArthur literally "blew his top" and asked Eisenhower if he realized what he was saying.

General MacArthur pointed out that this would be destroying the two-party system, by which the citizen is guaranteed a choice of candidates and that Eisenhower's actions would be contrary to the whole political philosophy of this country.

PURPOSE:

The purpose of this memorandum is to summarize information concerning Kevin C. McCann, the man behind the Dwight D. Eisenhower campaign.

BACKGROUND:

There is no information in our files concerning McCann.

The New York Times on April 8, 1951, reported that McCann was named President of Defiance College, Defiance, Ohio, on April 7, 1951, to succeed Dr. Harold Dana Hopkins, who was retiring on June 30, 1951.

The Times stated that McCann was a graduate of the University of St. Mary's, San Antonio, Texas, holding Bachelor and Master of Science degrees. The paper stated McCann is a former industrial engineer and newspaper publisher who enlisted in the Army in 1942. He received a Washington assignment with the Army in 1945, and was transferred to General Eisenhower's Headquarters in 1946. He was discharged from the Army in 1948 as a Lieutenant Colonel. The Times stated McCann was associated with Eisenhower, from 1946 until he accepted the presidency of Defiance College, as the General's assistant at both Columbia University and Supreme Headquarters of the Allied Powers in Europe. (New York Times, April 8, 1951, page 70)

The New York Times reported on September 11, 1951, that during an address to the Toledo, Ohio, Rotary Club on September 10, 1951, McCann spoke highly of Eisenhower, praising him for his "armored liberation" of Europe during World War II and his "spirit of liberation" of Europe in 1951. (New York Times, September 11, 1951, page 27)

Defiance College is a co-educational school established in 1885 offering degree courses in liberal arts subjects. (Patterson's American Education Directory, page 49)

On Sunday evening, May 25, 1952, the writer was present at a small informal get-together at the [redacted] attended by

[redacted] and four or five other friends of [redacted] The get-together was held prior to the time that the NBC-TV Program "AMERICAN FORUM OF THE AIR" was televised.

In conversation with the writer, [redacted] made the following observations:

(1) The GOP Convention will be a real hot battle between TAIT and EISENHOWER. Neither will win on the first ballot. [redacted] real concern is that the battle won't disrupt the Republican Party.

(2) EISENHOWER and his backers will do everything possible to prohibit the naming of General MacARTHUR as a compromise candidate. EISENHOWER, if an unbreakable deadlock results, will throw his strength to TAIT rather than to MacARTHUR. EISENHOWER would not accept MacARTHUR as a running mate, but TAIT might run with MacARTHUR.

(3) EISENHOWER will attempt to divorce himself from public forums and debates prior to the GOP Convention in July. He will explain his position on the major issues through one or two speeches and by answering inquiries from newspaper, radio and television correspondents.

(4) [redacted] doesn't know what EISENHOWER's campaign will encompass if he receives the GOP nomination.

[redacted] will do everything possible to incite EISENHOWER to make a vigorous and aggressive campaign so that the GOP fate of 1948 won't be repeated.

(5) [redacted] doesn't think that Governor DEWEY would be acceptable to the GOP Convention if a deadlock develops. He doesn't think that DEWEY is trying to maneuver himself into such a position.

(6) [redacted] Doesn't think that MacARTHUR would accept a bid from the Democratic Party to be the V.P. nominee if EISENHOWER receives the GOP Presidential nomination.

MEMORANDUM FOR THE DIRECTOR

At 12:45 PM on July 13, 1952, Mr. Arthur Vandenberg, Jr., who identified himself as Executive Assistant to General Eisenhower, telephonically communicated with the Bureau and expressed a desire to speak to you. In your absence, Mr. Vandenberg agreed to talk to me. It is noted that Mr. Nichols was not immediately available at the time of this call.

Mr. Vandenberg inquired of me as to whether the Bureau could provide personal protection to General Eisenhower during the course of his campaign for the Presidency. Mr. Vandenberg was informed that the Secret Service had been given the jurisdiction and the responsibility to provide personal protection to the President and his family. At this point, Mr. Vandenberg interrupted and stated that he should have known this and that this answered his question completely. He stated that apparently the Secret Service did not have jurisdiction to extend personal protection to General Eisenhower, as a candidate for the Presidency, as General Eisenhower had not heard anything from the Secret Service along these lines.

Mr. Vandenberg stated that he regretted bothering us regarding this matter and that he should have known our jurisdictional limitations. He asked that his very best wishes and personal regards be extended to you.

Respectfully submitted,

F. C. Holloman

Office Memorandum • UNITED STATES GOVERNMENT

TO : Mr. Tolson

DATE: August 6, 1952

SUBJECT: CONVERSATION WITH QUARTERMASTER GENERAL -
MAJOR GENERAL GEORGE A. HORKAN
Dwight EISENHOWER

Monday night I met the Quartermaster General, Major General George A. Horkan. He was talking to several people and described himself as a very close friend and military associate of General Eisenhower. His son and Eisenhower's son served as Best Man at each others wedding and also each served as godfather for the others children first born.

He described Eisenhower as a square shooter and a diplomat. For example, Horkan wanted to be Quartermaster General when Eisenhower was Chief of Staff. Eisenhower told him that he would prefer personally for Horkan to be Quartermaster General but that he could find no fault with the present Quartermaster General and he would not recommend Horkan. By so doing, he won Horkan's additional respect for his straightforwardness, although he was disappointed at the time.

He stated that Eisenhower is demanding and expects things to be done properly. He also stated that Eisenhower is a very sensitive person which should not at any time be overlooked. He said that General Eisenhower is trusting and is in for many rude jolts if he is elected. For example, he would be unable to understand how a Congressman would be able to tell him one thing at ten o'clock and then the Congressman do another thing an hour later.

This is for your information. ✓

Dear Sir:

As God had decreed that the Holy United States should NEVER lose a victory in war, and as we have betrayed "The Power of God" working in behalf of His chosen United States in your giving away the American victory to the atheistic Soviets, you therefore became a TRAITOR before God, and against the Holy heritage which He gave to the American people.

Therefore I say to you, in God's Holy Name, that you shall in NO wise be elected president of this Holy nation.

The leadership of the Republican party has rejected the Divine Plan for our nation, and God has again rejected the Republican party.

It is therefore Spiritually impossible for you to become President of the United States.

"This know also, that in the LAST days (of this Christian age) perilous times shall come.

"For men shall be lovers of their own selves ('me-firsters').

"Traitors, heady, high-minded,

"Having a FORM of godliness, but DENYING the POWER thereof."
2nd Timothy - 3rd chapter.

The Republicans have "denied the Power of God" working in American politics.

Governor Stevenson had nothing to do with the policies which has brought our nation into judgment before God; therefore he shall be elected president, the LAST President of this age.

Sincerely,

(b)(7)(C)

To advise that Bureau files contain no information to confirm the allegation of Dwight D. Eisenhower to the effect that Dwight D. Eisenhower forwarded a letter of commendation to the Communist-controlled Teachers Union in New York City in approximately 1947.

DETAILS:

G.I.R.-8

W. J. ...

In response to your inquiry concerning the attached memorandum, each reference to Eisenhower contained in the Bureau's files has been examined by the File Review Unit of the Records Section, with negative results, in an effort to locate any information indicating Eisenhower had directed a letter of commendation to the Teachers Union or the United Public Workers Organization in New York City.

W. J. ...

On the contrary, one reference was located on Page 67 of the Sixth Report of the Senate Fact-Finding Committee on Un-American Activities, California Legislature, 1951, which includes the following statements in connection with loyalty oaths.

"There seems to be little controversy concerning the idea that actual members of the Communist Party should not be permitted to teach in our schools. Among those who have voiced such opinions are General Dwight Eisenhower, recently President of Columbia University, and President James B. Conant of Harvard University. These gentlemen and 18 fellow members of an educational policies commission reached this conclusion two years ago, and their sentiments have been generally approved by educators and educational administrators throughout the Country. ..." Dear Sir:

I wonder if you realize the dangers that now confront
Eisenhower! The thieves and murderers from Stalin through
Washington and every corner of these United States of
America, and in almost every country throughout the world,
are busy right today trying to cover their tracks. These
vampires will stop at nothing to prevent him from reaching
Washington and thus uncovering the crimes they have committed
to have planned to commit.

Every means should be made at once to prevent their accom-
plishing his destruction and throwing our nation into the
worst state of confusion imaginable. Don't overlook the
vicious effort that has just been made by men in top positions.
Why did they go so far to stop him if their skirts are clean.
Warn him to avoid them and have nothing to do with them.
Act at once!

I am a life long Democrat, but one who believes in honest
government.

Sincerely,

A

The following information has been obtained by Liaison Agent from Mr. Alan LaPlante, Chief, Washington Area Security Operations, Atomic Energy Commission (AEC). On November 19, 1952, the AEC Commissioners (Gordon Dean, Thomas Murray, Eugene Zuckert, and Henry Smyth) went to New York City to brief President-elect Eisenhower on the entire AEC operations and the contemplated program for the next 4 years. According to LaPlante, they were well received by the General who expressed extreme interest. Eisenhower again expressed his concern and displeasure with the disclosures of AEC operations and activities in the public press. You will recall that he mentioned this to the public press. You will recall that he mentioned this to LaPlante when LaPlante briefed him in Georgia concerning the hydrogen bomb explosion. He stated he felt something should be done about this.

LaPlante commented that while he was waiting in the outer office for the Commissioners to finish their meeting, the General's Secretary came out and made the comment to the Appointment Secretary that he could see no reason for "these CIA men" to have to come in to see the General every day. He felt that one briefing a week by the CIA representatives would be enough and that it appeared that these daily meetings were merely taking up time.

Dear Sir:

I am writing with reference to Mr Eisenhowers coming visit to Korea and to say that I hope you can induce him to wear bullet-proof clothing under his outer garments.

I think he is taking a big risk and his loss would be a terrible blow to this country at this time. The Russians as well as the Chinese Communists are likely to lay many plans hoping for an opportunity to take a long range shot at him.

THE VIEW-POINT OF THE EGYPTIAN ASTROLOGER

11-1-52

Cairo.- The celebrated Egyptian astrologer, MOHAMMED YOUSSEF ELIMINIANI, who predicted, months in advance, the Pearl Harbor disaster, CHURCHILL's victory in the British elections, the victory of El-Alamein, the birth of a son to King FAROUK, etc...declares today that General EISENHOWER will be elected President of the United States by a "feeble majority," but that he would die at the hand of an assassin some time after his success.

He also declares that the General, as he promised, would go to Korea and would succeed in bringing about a truce. But it would be of short duration.

ELIMINIANI saw in the stars that General MACARTHUR would take back his command in Tokio for a brief period of time.

Le Caire. — Le célèbre astrologue égyptien Mohammed Youssef Elimini qui prédit des mois à l'avance le désastre de Pearl Harbor, la victoire de Churchill aux élections britanniques, la victoire d'El-Azmein, la naissance d'un fils au roi Farouk, etc., assure aujourd'hui que le général Eisenhower sera élu président des Etats-Unis par une « faible majorité », mais mourra assassiné quelque temps après son succès.

Il déclare également que le général, comme il l'a promis, se rendra en Corée et réussira à conclure une trêve. Mais celle-ci sera de courte durée.

Dear Mr. Hoover:

Governor Sherman Adams has authorized me to communicate with you directly concerning the following matter.

Shortly before his departure for Korea, the President-elect designated me as Chairman of a Special Committee on Government Reorganization, with Dr. Arthur Fleming and Dr. Milton Eisenhower as its members, to make certain studies and recommendations concerning the Executive Branch of the government. In the course of these studies we will inevitably be dealing with information of a classified nature.

EG-1

The purpose of this letter, therefore, is to request you to order such an inquiry as would be appropriate to the circumstances, of each of the persons whose names are listed on the attached page and, likewise, of myself. In the event that any derogatory information is developed with respect to me, I would expect you to present it to the President-elect. The reports on the other names should be communicated to me in such form as has been customary in your relations with other executive agencies.

With best wishes,

Sincerely,

Nelson A. Rockefeller

Dear Mr. Hoover:

Your letter of December 11 to which was attached reports on certain investigations has been hand delivered to me.

There are certain other investigations now being conducted which will be transmitted when complete. Kindly include in your investigations those as shown on list attached.

I do not think I made it clear in my letter of December 10 that the reports on names of individuals submitted by Mr. Nelson Rockefeller may be sent to me for purpose of keeping these records in one file.

I presume the investigations of Arthur H. Vandenberg and Martin Durkin are in process.

There will be a considerable number of the present personnel of the White House retained in employment. These are principally those of the lower Civil Service Classes. I assume that a satisfactory and favorable record of each presently employed White House employee is in your file.

Sincerely yours

Sherman Adams

Dear Governor Adams:

I wish to acknowledge receipt of your letter dated December 16, 1952, requesting investigations of Miss Edith Sweeney, Mrs. Floyd K. McCaffree, Mr. Jesse W. Tapp, Mr. Robert Blaine Murray, Jr., and Mr. Samuel Wagner Anderson.

With regard to Mr. Tapp, he has already been investigated at the request of the Honorable Ezra Taft Benson. A summary of the investigation of Mr. Taft was forwarded to you by letter dated December 15, 1952.

The investigation of Arthur H. Vandenberg is presently being conducted.

The investigation of Martin P. Durkin has been completed and the results were forwarded to you by letter dated, December 15, 1952.

With regard to your inquiry concerning the personnel at the White House who would be retained in employment, I am unable to answer your inquiry because we are not advised of the identity of the individuals who are employed at the White House in various capacities.

It is not normally the practice of this Bureau to investigate employees of the White House. Ordinarily the Civil Service Commission conducts investigations of persons entering on duty in the classified Government positions. We also know, from past experience, that the United States Secret Service conducts investigations of at least some of the individuals employed at the White House.

It is assumed, therefore, that individuals on duty at the White House or in the Executive Offices of the President have been checked against files of this Bureau and, of course, if such a check had developed information reflecting upon their loyalty, a full field investigation under the Loyalty Program would have been conducted concerning them; otherwise, as above-stated, any investigation of such persons would have been made either by the Civil Service Commission or the United States Secret Service.

With expressions of my highest esteem and best regards,

Sincerely yours,
J. Edgar Hoover

PRESIDENT EISENHOWER

In connection with the President's current stay and vacation in Denver, the following personal items are being brought to your attention:

The President lives at the home of his mother-in-law, Mrs. JOHN DOUD, 750 Lafayette Street, which is in east Denver. He usually plays his golf at the Cherry Hills Country Club. He has spent several days fishing at Swan Ranch, Pine, Colorado, which is owned by B. F. SWAN of Denver, and also at a ranch in Fraser, Colorado, which is owned by a personal friend of the President, AKSEL NIELSEN. Several weeks ago, former President HOOVER joined President EISENHOWER on one of his fishing trips.

Close personal friends of the President, with whom he is known to have played golf, include Governor DAN THORNTON of Colorado; AKSEL NIELSEN, a mortgage banker; PALMER HOYT, Editor of the Denver Post; FRED M. MANNING, Jr., an oil operator, and others.

SMITH ACT CASE - DENVER

BACKGROUND

Complaints were filed and warrants issued on July 30, 1954 at Denver, Colorado, after preparation by Departmental Attorneys on the following:

1. ARTHUR BARY, Director of the Rocky Mountain Region of the Communist Party, and Western United States Communist Party Underground Leader.
2. ANNA BARY, member, Colorado State Board, Communist Party, who was in an underground reserve status.
3. HAROLD ZEPELIN, District Organizer, Communist Party of Colorado.
4. LEWIS MARTIN JOHNSON, District Organizer of the Communist Party for the State of Utah.
5. PATRICIA JULIA BLAU, formerly in the Communist Party Underground in California, and former member of Colorado State Board of the Communist Party.
6. MAIA SCHERRER, Section Organizer of the Communist Party at Pueblo, Colorado.
7. JOSEPH WILLIAM SCHERRER, Branch Leader of the Communist Party at Pueblo, Colorado.

Of the above seven subjects, four were in the Communist Party Underground at the time the warrants were issued; namely, ARTHUR and ANNA BARY, LEWIS MARTIN JOHNSON, and HAROLD ZEPELIN.

APPREHENSIONS

ARTHUR and ANNA BARY, HAROLD ZEPELIN, and LEWIS MARTIN JOHNSON were apprehended by FBI Agents on Sunday afternoon, August 1, 1954, in front of the Olin Hotel, 1420 Logan Street, Denver, Colorado, where these four individuals met on the street. JOSEPH WILLIAM SCHERRER was apprehended by FBI Agents at his residence, Pueblo, Colorado, on August 2, 1954, and MAIA SCHERRER was taken into custody by the FBI at the Municipal Airport, Denver, Colorado, on the same day. PATRICIA JULIA BLAU was apprehended by Agents of the Los Angeles Office at her residence in Los Angeles on the evening of August 1, 1954.

CURRENT STATUS OF PROSECUTION

All seven subjects were indicted by a Federal Grand Jury, for violation of Smith Act, at Denver, Colorado, on August 9, 1954. These defendants have been brought into Federal Court on several occasions for arraignment on indictment before Federal Judge JEAN BREITENSTEIN, and arraignments have been postponed because the defendants claimed they have not as yet been able to obtain counsel. Arraignment is

now scheduled for September 15, 1954. No date has been set for trial.

STATUS OF DEFENDANTS

All seven of the above defendants are currently detained in Denver County Jail in default of bond with the exception of MAIA and JOSEPH SCHERRER, who have been released on bonds set at \$5,000 each. The bonds for the remaining defendants, who are still in jail, are as follows:

ARTHUR BARY	\$30,000
ANNA BARY	25,000
HAROLD ZEPELIN	15,000
LEWIS MARTIN JOHNSON	15,000
PATRICIA JULIA BLAU	10,000

The total bonds set in this case, therefore, amount to \$105,000.

FEDERAL OFFICIALS IN DENVER

The following is submitted regarding Federal officials of possible interest in Denver, Colorado:

Federal Judges: WILLIAM LEE KNOUS (former Governor
 of the State of Colorado)
 JEAN S. BREITENSTEIN (assumed office
 June 3, 1954)

U. S. Attorney: DONALD E. KELLEY (assumed office
 November 25, 1953)

U. S. Marshal: THOMAS O. KIMBALL (assumed office
 March 15, 1954)

Of the above, Judge BREITENSTEIN, U. S. Attorney KELLEY, and U. S. Marshal KIMBALL were recommended for appointment by Senator EUGENE MILLIKEN (Republican), Junior U. S. Senator for Colorado.

The Denver FBI Office has excellent relations with all of the above.

CURRENT POLITICAL SITUATION IN COLORADO

The following is submitted in view of the fact that there has been considerable newspaper publicity in Denver concerning the coming elections:

U. S. SENATOR

Senator EDWIN C. JOHNSON (Democrat) is not a candidate. The Republican candidate is GORDON ALLOTT, presently Lieutenant Governor. The Democratic candidate for U. S. Senator has not been selected. A Primary Election will be held September 14, 1954, between JOHN A. CARROLL, Denver, former Congressman, and QUIGG NEWTON, present Mayor of Denver. This has been a very spirited and heated campaign, receiving considerable newspaper publicity.

GOVERNOR

Governor DAN THORNTON is not a candidate for any public office. The Republican candidate for Governor is State Senator DONALD G. BROTZMAN, while the Democratic candidate is U. S. Senator EDWIN C. JOHNSON.

Governor THORNTON, a personal friend of President EISENHOWER, has been very friendly with the Denver Office, and spoke very highly of you in connection with his recent visit with you while in Washington, D. C.

BOETTCHER KIDNAPING CASE

You will recall that in 1933 the BOETTCHER kidnaping case broke in Denver. Briefly, the following facts are brought to your attention:

About midnight on February 12, 1933, upon returning to his residence with his wife, CHARLES BOETTCHER II, then age 31, son of a wealthy and prominent Denver family, was kidnaped by REO VERNE SANKEY, was., and GORDON FRANCIS ALCORN, was., who left a ransom note with Mrs. BOETTCHER demanding \$60,000 for his release. BOETTCHER was immediately driven to SANKEY's ranch near Kimball, South Dakota, where he was held pending payment of the ransom, with ARTHUR HENRY YOUNGBERG acting as a guard. CARL W. PEARCE typed a number of notes sent to BOETTCHER's father. On March 1, 1933, the ransom money was thrown over a culvert north of Denver, Colorado, and BOETTCHER was released in Denver the same night.

On March 7, 1933, YOUNGBERG was arrested at Kimball, South Dakota, by Denver Police. On May 27, 1933, in the U. S. District Court at Denver, he was sentenced to sixteen years and fined \$1,000 for his participation. CARL W. PEARCE was arrested by Denver Police on March 5, 1933 at Denver. On May 27, 1933, in the Federal Court at Denver, he was sentenced to twenty-six years.

SANKEY and ALCORN were arrested on January 31, 1934 and February 1, 1934 in Chicago, Illinois, by the FBI and were

immediately taken to Sioux Falls, South Dakota, where an indictment was outstanding against them for the kidnaping. On February 8, 1934, SANKEY committed suicide by hanging himself in the jail. On February 9, 1934, ALCORN was sentenced to serve the rest of his life in a Federal penitentiary.

[REDACTED]

The above is being brought to your attention at this time since CLAUDE BOETTCHER, the father of the above victim, presently resides in Denver, and is a personal friend of President EISENHOWER. Mr. BOETTCHER recently advised me that President EISENHOWER was a guest in his home.

BERT KEATING - DISTRICT ATTORNEY AT DENVER

Of possible interest to you, BERT KEATING (Democrat), who is District Attorney in Denver, was seriously injured in an automobile accident on Thursday evening, September 9, 1954. He was crushed under his car when it plunged over an embankment in Turkey Creek Canon, which is located in the mountains near Denver. As of September 10, 1954, he was in Mercy Hospital, where his condition is reported as satisfactory but serious. He suffered numerous bone fractures.

You will recall that KEATING is outgoing President of the National Association of County and Prosecuting Attorneys, having been so elected at the National Convention in Denver last year. Mr. CLEGG attended this convention. [REDACTED]

(b)(7)(C)

EUGENE SMALDONE, WAS., ET AL
OBSTRUCTION OF JUSTICE, BRIBERY,
CONSPIRACY, CONTEMPT OF COURT

You will recall that the captioned case involving the SMALDONE Gang in Denver, Colorado, received considerable publicity on a local and national basis during the fall of 1953. I am briefly setting forth for your ready reference certain facts surrounding that case in view of the fact that there is currently appearing in the Denver papers newspaper publicity since the matter is now being argued on appeal in Denver.

EUGENE and CLYDE SMALDONE, brothers, were Denver gamblers, mobsters, and hoodlums, who controlled the criminal element in the Denver area for many years. In connection with a federal income tax case, EUGENE SMALDONE was tried in June, 1953, in the United States District Court, Denver, on charges of income tax evasion. The jury was unable to reach a verdict and retrial of the case was scheduled for September 21, 1953.

(b)(7)(D)

[REDACTED]

[REDACTED]

[REDACTED]

[REDACTED] As a result, the Denver FBI Office was requested to conduct an immediate investigation of possible jury tampering by then United States Attorney CHARLES VIGIL and Federal Judge WILLIS W. RITTER. The Denver FBI Office conducted an immediate investigation and as a result, an indict-

ment was returned on September 21, 1953, by the Federal Grand Jury, charging EUGENE SMALDONE, WILLIAM CALVARESI, and JERRY BENALLO, JR. with violations of the Obstruction of Justice, Bribery, and Conspiracy Statutes. These three subjects were arrested by FBI Agents at Denver on September 21, 1953. A similar indictment was returned against CLYDE SMALDONE on September 22, 1953, and he was arrested by FBI Agents on September 24, 1953.

Late on the afternoon of September 21, 1953, United States Attorney VIGIL requested the Denver FBI Office to interrogate the currently sitting jury panel and to investigate the jury panel. You will recall that he was advised that a jury panel investigation required approval of the Department, and the Department refused the request of United States Attorney VIGIL.

The Internal Revenue Service then interrogated the remaining members of the jury panel and as a result, additional indictments were returned on similar charges against FIORE SMALDONE, LOUIS F. SMALDONE, MICHAEL J. BENALLO, and JOSEPH F. CEFALU. After a trial by jury, five of the above defendants were found guilty on October 29, 1953, and were sentenced as follows:

EUGENE SMALDONE, 60 years plus \$24,000 fine;
CLYDE SMALDONE, 60 years, plus \$24,000 fine;
WILLIAM CALVARESI, 15 years plus \$5,000 fine;
JERRY BENALLO, JR., 15 years plus \$5,000 fine;
MICHAEL J. BENALLO, 10 years plus \$5,000 fine.

The remaining three defendants were not tried at that time.

You will recall that Judge RITTER at the time of the sentencing of the five principal subjects made some caustic remarks concerning the failure of the Justice Department to permit the FBI to continue the investigation in this matter. This subsequently became a political controversy and was culminated by a hearing by the Senate Judiciary Committee in Denver under the chairmanship of Senator WILLIAM LANGER of North Dakota, on December 12, 1953. You will further recall that WARREN OLNEY, Assistant Attorney General in charge of the Criminal Division of the Department, appeared at this hearing and after an all-day session, the hearing adjourned with charges and counter-charges being made by the various members of the Committee against each other.

This particular phase of the SMALDONE Case has received no additional publicity in the Denver area during recent months, but the convictions of the five principal defendants were appealed and were argued before the 10th United States Circuit Court of Appeals in Denver on September 9, 1954, and the case is currently under advisement.

I. NATIONAL CRIME PICTURE

A. TRENDS

Urban and Rural Crime Trends, 1952-53

There was a general increase in crime across the country during 1953 as compared with 1952, with the totals up 4.5% in the cities and 9.6% in the rural areas. A comparison of the more serious crimes reflects the following:

<u>Offense</u>	<u>Urban</u>	<u>Rural</u>
Murder.....	-2.2%	+0.4%
Negligent manslaughter.....	+6.6%	-5.5%
Rape.....	+2.8%	+5.4%
Robbery.....	+6.3%	+9.5%
Aggravated assault.....	+4.5%	+8.3%
Burglary.....	+5.4%	+16.5%
Larceny.....	+3.7%	+6.7%
Auto theft.....	+5.1%	+8.6%

Crime in 1953 (Urban and Rural)

Major crimes went over the 2 million mark again in 1953 - 6% above 1952 - for a new high of 2,159,080 estimated major crimes and the rise cannot be charged to the increase in population alone. The population of the U. S. rose 5% between 1950 and 1953, but crime totals rose more than 20% in that same period. Murders and negligent manslaughters took 12,810 lives in 1953 as compared to 12,860 victims the year before. Robberies numbered 63,100 with an average of \$222 lost per robbery. Rapes increased from 17,240 in 1952 to 17,900 in 1953 and aggravated assaults increased from 1952's 87,930 to 92,600 in 1953. There were 479,120 burglaries reported in 1953 causing a loss of more than 78 million dollars in money and property. Auto thefts continued as the major crime against property when 226,530 cars were reported stolen in 1953 as compared to 215,310 in 1952.

Estimated Number of Crimes, 1952-53

	<u>Number of Offenses</u>		<u>Change</u>	
	<u>1952</u>	<u>1953</u>	<u>Number</u>	<u>Percent</u>
TOTAL:	2,036,510	2,159,080	+122,570	+6.0%

Estimated Number of Crimes, January-June 1954

There was 8.5% rise in crime during the first six months of 1954 as compared with a similar period last year. During this same period, the Nation's population rose less than 2%. There were an estimated 1,196,140 crimes from January to June of 1954, 88,850 more than for the same period in 1953. Urban crime rates rose 7.2% and rural rates increased 11.9% during the latest reporting period over the January-June rates of 1953.

<u>Offense</u>	<u>Urban</u>	<u>Rural</u>
Murder.....	-2.1	+5.8
Negligent manslaughter.....	-0.4	-0.6
Rape.....	+0.6	-3.5
Robbery.....	+2.6	+10.8
Aggravated assault.....	+0.5	+1.8
Burglary.....	+11.8	+16.7
Larceny.....	+7.1	+13.6
Auto theft.....	-2.7	-0.8

B. JUVENILE CRIME TRENDS - 1953

Of the 1,791,160 arrests recorded by the 1,174 reporting cities over 2,500 in population, 8.4% were persons 17 years of age or less, and 14.7% were under 21. In the category of auto thefts, 53.6% of all persons arrested were juveniles, and in fact 29% were not even old enough to get a regular driver's license in most states.

Nearly half of the persons arrested for burglary were not yet 18, and two-thirds of these were under 16 years of age. Persons under 21 represented 50.6% of the arrests for crimes against property--robbery, burglary, larceny, auto thefts, embezzlement and fraud, buying and receiving stolen property, and forgery and counterfeiting.

IV. COMMUNIST PARTY LINE

The March 7, 1954, issue of the "Daily Worker" set forth the new governing principles of the Communist Party, USA. This Party "line" is known as the Communist Party Draft Program and returns the Party's thinking to the World War II days when the Party represented itself as the proponent of free government and the defender of all things American.

The Draft Program denies that the USSR threatens the U. S. and declares it seeks "no conflict with any church or any American religious belief." The Party further declares that the country is on the brink of a depression and that American foreign policy has led us up a blind alley.

The Communists call for Government expenditure for "human welfare and not warfare." Coexistence with the USSR and its satellites is the core of Communist thought. The election of "progressive" candidates and the defeat of the present Administration are also called for by the Draft Program.

In connection with this program, the Communist Party is printing and distributing a million copies of a booklet entitled "The American Way--To Jobs, Peace and Democracy." This 23-page booklet is being sent to libraries, political officials, Congressmen, and anyone who has any standing in the community.

As of September 9, 1954, 117 Communist leaders have been arrested and 81 convicted. Prison terms total 311 years and fines total \$421,000.

DENVERCRIME CONDITIONS:

Denver, it will be recalled, was for years the home of the widely publicized Saldone gang headed by two brothers, Clyde and Eugene. In October, 1953, Clyde and Eugene Saldone were each sentenced to sixty years on charges of obstruction of justice, bribery and conspiracy. On February 17, 1954, the brothers started serving their sentences at Leavenworth. The case has been appealed and arguments will probably be heard by the Appellate Court in the 1954 Fall Term. Several additional members of this gang have also been indicted and face trials during the Fall of 1954.

As of August, 1954, reliable sources have developed no information indicating that any person or group was seeking to perpetuate the racketeering and gambling activities formerly controlled by the Saldones.

The Denver Office has received no data during this year to indicate there is any political tie-ups with criminal activities in the Greater Denver area.

The Denver Police Department's Annual Report for 1953, released in March of 1954, reflects no major over-all increase in serious offenses between 1952 and 1953.

(b)(7)(D) [REDACTED]

As an aside, Centennial Race Track opened the first week in July and runs through the first week of September, 1954. Dog racing at the Mile-Hi Kennel Club runs from July 7 through September 13, 1954.

Since the first of the current year, the Juvenile Bureau of the Denver Police Department has reported an encouraging and steady decrease in the number of cases coming to that Bureau's attention.

LAW ENFORCEMENT RELATIONS:

We have had friendly and cordial relations with the Denver Police Department which until April 3, 1954, was under the leadership of Chief of Police Herbert E. Forsyth. Forsyth resigned effective April 3, 1954, because of ill health, and Walter F. Johnson was appointed new Chief of Police. He was formerly Division Chief in Charge of the uniformed ranks. Johnson is a graduate of Northwestern University course in police administration and traffic and has been connected with the Denver Police Department since November 1, 1934. We wrote him a letter of congratulations upon his appointment as Chief.

The Denver Police Department has four men on active duty at the present time who are graduates of the FBI National Academy. For a short time in 1950, the Bureau discontinued accepting students for the National Academy from the Denver Police Department and also refused to provide any instruction for the officers of the Denver Police Department. This was not occasioned by any trouble with the police department itself but because of trouble we had with Mayor Quigg Newton of Denver. In December, 1949, the American Municipal Association adopted a resolution unfriendly to the Bureau with reference particularly to police training policies and indicated the Bureau's policies were handicapping their state programs. Information received indicated that the antagonism was spear-headed by Mayor Devin of Seattle. The same convention elected Mayor Quigg Newton of Denver as President. Repeated efforts orally and by letter to get the American Municipal Association to furnish specifications documenting their allegation were fruitless.

CRIME FIGURES:

In comparing crime figures for the first six months of 1954 with a similar period for 1953, the following is noted: Murder decreased 23.1%; robbery increased 27.6%; aggravated assault increased 22.1%; burglary increased 22.9%; larceny increased 3.8% and auto theft increased 6.7%. These figures concerning Denver are based on a comparison with urban crime figures in the United States.

Relationship: Satisfactory with the exception of one editorial dated August 28, 1953. (see below). Relations with Hoyt excellent.

On August 28, 1953, the Post carried a critical editorial entitled "Behind In His Reading." The editorial stated that apparently Mr. Hoover had never read the report of the Subcommittee of the Senate Committee on Elections and Privileges nor had he read a pamphlet by the Wisconsin Citizens' Committee on McCarthy's record. The editorial pointed out that Mr. Hoover had said Senator McCarthy is both "earnest and honest" and inferred that McCarthy's enemies comprise the "opposition inevitable to one who attacks subversives of any kind." It is pointed out that if Mr. Hoover had read the documents mentioned he would have heavily qualified his endorsement of McCarthy's integrity.

The editorial continues by stating that the endorsement of McCarthy is a poor way "for Mr. Hoover to cultivate the trust of the free people who heretofore had entertained no fears that the FBI would depart from the stern injunctions of constitution and statute in prosecution of its duties."

At the Gridiron Club dinner on 12/12/53 Mr. Nichols jumped on Palmer Hoyt about this editorial. Hoyt was apologetic saying the Post was anti-McCarthy and was taking a crack at him although they had nothing against the FBI or Mr. Hoover. Hoyt said they didn't agree with Mr. Hoover's views on McCarthy but they were not being anti-FBI. The Post is a crusading type of paper and with this one exception has been basically friendly to our Denver Office and the Bureau.

By air-tel dated March 30, 1953, SAC Denver transmitted a copy of a column by Roscoe Fleming of "The Denver Post" which was dated March 27, 1953. Fleming stated in this column that columnist Houston Naring inquired of the Director as to the identity of two men who used a recorder in interviewing a Denver University dean and that the Director answered they were not FBI men and that the FBI never carried recorders. The two investigators were actually

69023

from the Atomic Energy Commission, and we wrote to Palmer Hoyt, Editor and Publisher of the Denver Post, on April 3, 1954, and advised him of the true facts in this matter.

It should further be noted that on May 13, 1954, we sent a note to Hoyt concerning favorable articles by Charles Hess of the Denver Post staff. These articles were very favorable to the Bureau.

On May 25, 1954, the Director wrote Hoyt regarding a very favorable editorial on the Director's 30th Anniversary.

On August 11, 1954, Director wrote Hoyt on an editorial entitled "The FBI Strikes" which dealt with our work in the internal security field.

Relationship: Satisfactory

In a memorandum dated April 13, 1954, Mr. Nichols advised that Jack Foster, Editor of the Rocky Mountain News, and his wife planned to come to the Bureau on that date at 3:00 p.m. for a special tour. Mr. Nichols stated that at the last Gridiron Club Dinner he had spent considerable time with Foster and, in fact, Foster was with the group when he (Mr. Nichols) had a run-in with Mark Etheridge of the "Louisville Courier" and Foster supported the Bureau's position. (Etheridge's paper stated that the Director was politically motivated in testifying on the Harry Dexter White matter.) Mr. Nichols suggested that if the Director was in at the time when the Fosters arrived at the Bureau that he greet them as our relations had been cordial. The Director was not in his office at the time of the Fosters' visit and consequently did not meet him.

It is pointed out that John Bell Barnard, Jr., is the Department Commander, Department of Colorado American Legion. This individual was a disruptive influence in both executive sessions of the Americanism Commission and on the floor of the general assembly during the recent American Legion Convention in Washington. His remarks typed him as a "ultra-liberal," and he was the individual who fought against a resolution commending Congressional investigative bodies. Although he did not name Senator McCarthy by name, he tried to have the resolution commending Senatorial investigative bodies amended to read that they should be commended only when they followed due process. His amendment read like something from the Daily Worker.

Observations:

(b)(1)(D)
The New York Office submitted Photostats of [REDACTED] letter for any action considered advisable by the Bureau. The New York Office has not acknowledged her letter in view of a possible misinterpretation she might make of an acknowledgment without definite mention being made of the alleged rumor concerning Mrs. Eisenhower.

(b)(1)(D)

(b)(1)(D)
Further, [REDACTED] has communicated with the New York Office a total of seven times since April, 1951, furnishing nonspecific data and an acknowledgment of her letter of June 6, 1955, would only serve to encourage her to report further hearsay information. The New York Office should also be instructed ^{that} no inquiry be made concerning this rumor reported by [REDACTED] inasmuch as such action is beyond the scope of FBI authority and jurisdiction. Rather, the Secret Service will be furnished a Photostat of [REDACTED] letter together with the results of our file review for their information and any action considered advisable.

(1) It is recommended that the attached letter be directed to the New York Office containing the above-mentioned instructions.

Liaison Representative [redacted] arrived in Washington at 2:35 p.m. today aboard the Presidential aircraft "Columbine" returning from Ottawa, Canada, with a stop-over at Massena, New York, so that the President could view the new St. Lawrence Seaway. [redacted] reports that the Bureau's participation in this visit was handled without incident. Both the President and the Secretary of State are pleased with the trip and it is generally felt that some good has been done by this visit.

Dwight D. Eisenhower

Two incidents previously reported took place in Ottawa which caused concern for the White House and the U. S. Secret Service in particular, the first being the remarks made in the House of Commons on July 8, 1958, by Mr. H. W. Herridge, a member of the Cooperative Commonwealth Federation (CCF). The CCF is the Socialist Party in Canada and there are eight members in the House of Commons which has a total membership of 265. The remarks made by Mr. Herridge dealt with the fact that Secret Service agents entered the Parliament chambers carrying firearms which he considered an invasion of Canadian rights. His remarks were made prior to the President's speech before Parliament and this was answered in the press by a complete denial on the part of the U. S. Government.

The second incident took place on the afternoon of July 10, during the time the President was playing golf with Canadian officials at the Ottawa Hunt and Golf Club.

MEMORANDUM FOR MR. TOLSON

MR. BELMONT
MR. DELOACH

Dwight D. Eisenhower

Deputy Attorney General Walsh called. He stated he was probably being a little previous in bothering me but he thought it likely at the President's next press conference that he would be questioned concerning the demonstrations down South. I told him that yesterday I had sent a memorandum to the Attorney General and to him which gave a complete picture concerning this matter. I stated that boiled down it showed that the sit-down demonstrations were initiated by the NAACP

(b)(7)(D)

The Deputy Attorney General was advised that we have not entered into any investigations

(b)(7)

concerning these matters. I commented that in practically every community, including Houston where the incident involving the carving of the initials "KKK" occurred, the local authorities had moved in with great efficiency and swiftness. I stated there were no acts of violence except in the Houston matter which involved three or four men. Walsh was advised that we have been following the Attorney General's instructions and only when necessary have stated

(b)(7)

concerning this matter. I also told him that in the sit-down demonstrations

(b)(7)

we have already sent to him a complete resume of this matter to date, and we will probably supplement this every two or three days to bring it up-to-date. I told Walsh if he wanted to send this to Jerry Parsons it would be all right.

Walsh indicated that this entire situation was very hard on the President as it put him on the spot, and I agreed, commenting on the difficulty of remaining neutral in such situations.

I told Walsh that as yet there has been no move to get the federal authorities to move [redacted] to get action in the sit-down demonstrations. I commented that I have been amazed at the restraint shown by the local citizenry and I thought the police have been doing a very worthwhile job in maintaining order, and as long as it does not get out of hand the federal government should stay out. I told Walsh that I thought it was bad for the NAACP to start such demonstrations as they tend to invite riots; that the NAACP states riots should be prevented but the Negroes go into these restaurants with brickbats and of course the whites do the same. Walsh was informed that the NAACP is appealing some of the arrests of Negroes for trespassing or for disturbing the peace and I commented that this is the only way I can see where the federal government might get into it. I further commented that many communities have laws that no one is required to serve food if he does not want to do so. I commented such a situation was different from one involving the Greyhound Bus where the court might construe it to be a public utility, for instance where a bus stops at a certain place for food and food is denied to the colored people and there is no other place for them to go. I stated so far I did not see where this could be applied to private restaurants not utilized in interstate business. I commented that the press will probably question the President concerning these matters and he certainly should be prepared with answers.

The Deputy Attorney General stated he has requested that something be gotten up for the President for his use. He then mentioned that there are some states which require segregation which might involve the 14th Amendment, and I told him that this was an area which I did want to touch on but I wanted to do some legal research on it first so as to be sure of our ground. Walsh stated he would get this up for us.

Very truly yours,

J. E. H.

MR. MOHR: DATE 6/17/85 BY SP4 ELO/KED
 GENERAL DWIGHT D. EISENHOWER

General Bob Schulz called from Gettysburg at approximately 9 p. m., 5-2-63. General Schulz is the permanent aide to General Eisenhower.

General Schulz told me that while Mrs. Mamie Eisenhower was recently in Phoenix, Arizona, she sent General Eisenhower's chauffeur (an Army enlisted man) to the airport at approximately 1 a. m. one morning to deliver a house guest. On the return trip to the General's quarters, the chauffeur had a minor auto accident. According to General Schulz, the chauffeur was driving at 15 miles per hour and barely touched the rear end of another vehicle.

General Eisenhower's car, a Buick stationwagon, was not damaged. A slight dent was placed in the bumper of the car that was struck by the chauffeur. General Eisenhower authorized his insurance company to pay for repairs to the car that was struck. There was one woman riding in the car that was struck. There being no apparent damage, this woman expressed satisfaction over the fact that her bumper would be fixed. Three weeks later, the same woman, [redacted] notified General Eisenhower's office, through her attorney, [redacted] that she had suffered a "whiplash" as a result of the accident and was suffering pains in the neck and back. Her attorney demanded \$5000 from General Eisenhower.

(b) General Schulz told me that General Eisenhower is going through a very delicate political period at this time and wanted no unfavorable publicity whatsoever, (7) despite the nature of such publicity. As a result, the General authorized his insurance (c) company to pay [redacted] the sum of \$5,000.

(b) Two days later, a second attorney, [redacted] contacted the General's office and indicated that [redacted] had been (7) discharged and that he now represented [redacted]. He stated that his client would not (c) settle for \$5,000 and it would be necessary for General Eisenhower's insurance agency to pay considerable more.

Informal DeLoach to Mohr
Re: General Dwight D. Eisenhower

(b)(7)(C)

[REDACTED] General Schulz stated that he was very much concerned with possible adverse publicity in this case. He stated that he personally feels this would be a very bad time for a suit to come up in court against General Eisenhower.

General Schulz wanted to know if we could advise him discreetly of any background information on [REDACTED] He also advised that [REDACTED]

I telephonically contacted the SACs in Phoenix and Cleveland and told them to make the necessary discreet investigations in so far as credit and criminal checks are concerned. I additionally instructed them that under no circumstances should the principals learn of an inquiry being made.

[REDACTED]

(b)(7)(C)

[REDACTED]

ACTION:

From the facts, it would appear obvious that this is a "shakedown" with General Eisenhower as the victim. It is suggested that I confidentially advise General Schulz of the foregoing information and indicate that the FBI can, of course, not be listed as the source. He will be given guidance as to investigative leads which can turn up the same information.

SUBJECT: GENERAL DWIGHT D. EISENHOWER
RESEARCH (CRIME RECORDS)

Under above caption, Legat, Paris, advised by letter dated 7/12/63, and cablegram dated 7/16/63, that General Eisenhower will visit France between August 5 and August 9 for the purpose of filming commemorative scenes. This film will be released on the Twentieth Anniversary of "D Day" landings in June, 1964. Columbia Broadcasting System (CBS) is doing this film. Legat indicated that the Embassy is alert to General Eisenhower's visit.

Mr. James J. Rowley, Chief, U. S. Secret Service (USSS), advised Liaison Agent [redacted] that General Eisenhower asked specifically to have USSS Special Agent in Charge [redacted] (of the Vice-President's detail) accompany him on this quick trip to France. Mr. Rowley asked that we alert our Legal Attache in Paris to the general itinerary and the fact that [redacted] will accompany the former President.

On 7/25/63, [redacted] advised [redacted] that he will accompany General Eisenhower to France and that they will leave New York on the "Queen Elizabeth" on July 31. They will arrive at Cherbourg, France about noon, August 5. They will stay at Hotel Malherbe in Caen, France. They will be in the Normandie area until August 10 and will return aboard the "United States" arriving at New York on the morning of August 15.

[redacted] said he had no specific request to make of the Legal Attache but he did want to have permission to contact him if necessary on unusual matters which would involve the French Police. [redacted] indicated that Fred Friendly is the producer for CBS of this film and that Mr. Friendly has already been in touch with [redacted]
