Re: Appeal No. DOJ-AP-2017-000162
Request No. 1358374
CDT:JNW

VIA: FOIAonline

Dear Mr. Greenwald:

You appealed from the action of the Federal Bureau of Investigation on your Freedom of Information Act request for access to records concerning the shooting of Jamar Clark.

After carefully considering your appeal, and as a result of discussions between FBI personnel and this Office, I am remanding your request to the FBI for further processing of the responsive records. Although the FBI invoked Exemption 7(A) of the FOIA, 5 U.S.C. § 552 (b)(7)(A), at the time your initial request was processed, that exemption is no longer applicable to withhold the records in full. Consequently, the FBI will process and send all releasable records to you directly, subject to any applicable fees. You may appeal any future adverse determination made by the FBI. If you would like to inquire about the status of this remand, please contact the FBI directly.

If you have any questions regarding the action this Office has taken on your appeal, you may contact this Office's FOIA Public Liaison for your appeal. Specifically, you may speak with the undersigned agency official by calling (202) 514-3642.

If you are dissatisfied with my action on your appeal, the FOIA permits you to file a lawsuit in federal district court in accordance with 5 U.S.C. § 552(a)(4)(B).

Sincerely,

11/4/2016

X

Enclosure

In response to your negotiated Freedom of Information/Privacy Acts (FOIPA) request, enclosed are the processed documents.

FBI FOIPA Addendum

As referenced in our letter responding to your Freedom of Information/Privacy Acts (FOIPA) request, the FBI FOIPA Addendum includes information applicable to your request. Part 1 of the Addendum includes standard responses that apply to all requests. Part 2 includes additional standard responses that apply to all requests for records on individuals. Part 3 includes general information about FBI records. For questions regarding Parts 1, 2, or 3, visit the www.fbi.gov/foia website under “Contact Us.” Previously mentioned appeal and dispute resolution services are also available at the web address.

Part 1: The standard responses below apply to all requests:

- (i) **5 U.S.C. § 552(c).** Congress excluded three categories of law enforcement and national security records from the requirements of the FOIA [5 U.S.C. § 552(c) (2006 & Supp. IV (2010))]. FBI responses are limited to those records subject to the requirements of the FOIA. Additional information about the FBI and the FOIPA can be found on the www.fbi.gov/foia website.
- (ii) **National Security/Intelligence Records.** The FBI can neither confirm nor deny the existence of national security and foreign intelligence records pursuant to FOIA exemptions (b)(1), (b)(3), and PA exemption (j)(2) as applicable to requests for records about individuals [5 U.S.C. §§ 552/552a (b)(1), (b)(3), and (j)(2); 50 U.S.C § 3024(i)(1)]. The mere acknowledgment of the existence or nonexistence of such records is itself a classified fact protected by FOIA exemption (b)(1) and/or would reveal intelligence sources, methods, or activities protected by exemption (b)(3) [50 USC § 3024(i)(1)]. This is a standard response and should not be read to indicate that national security or foreign intelligence records do or do not exist.

Part 2: The standard responses below apply to all requests for records on individuals:

- (i) **Requests for Records about any Individual—Watch Lists.** The FBI can neither confirm nor deny the existence of any individual’s name on a watch list pursuant to FOIA exemption (b)(7)(E) and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(7)(E), (j)(2)]. This is a standard response and should not be read to indicate that watch list records do or do not exist.
- (ii) **Requests for Records for Incarcerated Individuals.** The FBI can neither confirm nor deny the existence of records which could reasonably be expected to endanger the life or physical safety of any incarcerated individual pursuant to FOIA exemptions (b)(7)(E), (b)(7)(F), and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(7)(E), (b)(7)(F), and (j)(2)]. This is a standard response and should not be read to indicate that such records do or do not exist.

Part 3: General Information:

- (i) **Record Searches.** The Record/Information Dissemination Section (RIDS) searches for reasonably described records by searching those systems or locations where responsive records would reasonably be found. A reasonable search normally consists of a search for main files in the Central Records System (CRS), an extensive system of records consisting of applicant, investigative, intelligence, personnel, administrative, and general files compiled and maintained by the FBI in the course of fulfilling law enforcement, intelligence, and administrative functions. The CRS spans the entire FBI organization and encompasses the records of FBI Headquarters (FBIHQ), FBI Field Offices, and FBI Legal Attaché Offices (Legats) worldwide and includes Electronic Surveillance (ELSUR) records. For additional information about our record searches visit www.fbi.gov/services/information-management/foipa/requesting-fbi-records.
- (ii) **FBI Records.** Founded in 1908, the FBI carries out a dual law enforcement and national security mission. As part of this dual mission, the FBI creates and maintains records on various subjects; however, the FBI does not maintain records on every person, subject, or entity.
- (iii) **Requests for Criminal History Records or Rap Sheets.** The Criminal Justice Information Services (CJIS) Division provides Identity History Summary Checks – often referred to as a criminal history record or rap sheets. These criminal history records are not the same as material in an investigative “FBI file.” An Identity History Summary Check is a listing of information taken from fingerprint cards and documents submitted to the FBI in connection with arrests, federal employment, naturalization, or military service. For a fee, individuals can request a copy of their Identity History Summary Check. Forms and directions can be accessed at www.fbi.gov/about-us/cjis/identity-history-summary-checks. Additionally, requests can be submitted electronically at www.edo.cjis.gov. For additional information, please contact CJIS directly at (304) 625-5590.
- (iv) **The National Name Check Program (NNCP).** The mission of NNCP is to analyze and report information in response to name check requests received from federal agencies, for the purpose of protecting the United States from foreign and domestic threats to national security. Please be advised that this is a service provided to other federal agencies. Private citizens cannot request a name check.

Community Support:

Speak about the shooting incident of Jamar Clark.

A man suspected of assault was shot on a north Minneapolis street by a police officer early Sunday while allegedly hindering emergency responders from aiding his victim.

Starting this Thursday from 4 to 7pm people can walk into **Urban League** to give their testimony. There will be paralegals and attorneys ready to document their statements and provide the witnesses a copy.

It is important to note that the **Urban League** is not trying to establish a separate process, to coach witnesses, or to establish an alternative process outside, or parallel to the BCA/DOJ investigation, yet the goal is to provide a safer environment (considering the circumstances) for the community to tell their stories.
