Subject: 6.28.13 Subpoena to Internet Archive

Chief Warrant Officer Ford,

The Electronic Frontier Foundation represents the Internet Archive with respect to the June 28, 2013 subpoena it received, requesting records and testimony at Fort Meade on Monday July 1, 2013 at 7:00 a.m.

As I explained over the phone, the Archive intends to comply with the subpoena but cannot do so in the specified time frame. Because the documents cannot be prepared by the requested time, the Archive needs additional time to comply.

Specifically, the Archive requests a delay until the week of July 8 to produce the records and appear at Fort Meade.

Feel free to email or call the number below at your convenience if there are any other questions I can answer for you.

Thanks,
