

**OPERATIONAL INCIDENTS DURING DEFENCE NUCLEAR MATERIAL CONVOYS  
1 July 2007 - 31 December 2012**

<b>Type</b>	<b>Date</b>	<b>Description &amp; Cause</b>	<b>Outcome</b>
ROAD	Mar-08	Convoy Route changed to avoid Road Traffic Collision (RTC).	Minor delay to planned operation.
ROAD	Apr-08	Anti Nuclear Demonstrator interference en-route and at Staging Post.	Minor delays - no arrests.
ROAD	Jul-08	Convoy Support Vehicle (CSV) stopped to assist at scene of RTC not involving Convoy Assets.	CSV rejoined convoy at next Rest Break.
ROAD	Jan-09	Route diversion due to severe weather conditions.	Shorter route utilised - convoy arrived early.
ROAD	Jul-09	MDP Traffic Unit stopped to assist at scene of RTC not involving Convoy Assets.	No Impact.
ROAD	Oct-09	Convoy delayed start time - adverse weather conditions.	Minor delay to planned operation.
ROAD	Dec-09	Convoy delayed on route due to poor weather conditions.	Minor delay to planned operation.
ROAD	Jul-10	Convoy unintentionally off route - Escort Commander error.	Convoy stopped - route to rejoin approved carriageway identified, and convoy cleared to proceed. Minor delay - 45 minutes.
ROAD	Mar-11	Route diversion due to severe traffic ahead.	Minor delay to planned operation.
ROAD	Jul-11	Convoy Route changed to avoid RTC.	Minor delay to planned operation.
ROAD	Mar-12	Route diversion due to road works.	Minor delay to planned operation.
		Route diversion due to proximity of low flying at MoD establishment.	No impact.
ROAD	Oct-12	Convoy Route changed to avoid RTC.	Minor delay to planned operation.
ROAD	Dec-12	Convoy stopped to assist at scene of RTC not involving Convoy Assets (road ahead blocked by RTC). Assistance rendered by Convoy Medics and Fire Crews.	Significant delay leading to additional Crew Rest break being required. Convoy continued without further incident after unscheduled break.
