J-5 TASKING—10 JUN 97

The United States has experienced multiple electronic attacks on many power systems throughout the country (over a dozen during the last few days), as well as physical attacks on two satellite tracking sites (in Guam and Hawaii) that resulted in taking of four civilian hostages.

There is a strong possibility that this is a coordinated, multi-tiered attack on the U.S., and that this attack may involve Iran, North Korea, and Cuba.

Assuming we are able in the next few hours to link those countries with this attack, what does J-5 propose for response options with each country?

Need one slide covering:

- Political: xxxxxxxxxxxxxxxxxx
- Economic: yyyyyyyyyyyyyyyyy
- Military: zzzzzzzzzzzzzzzzzzzz
