FOIPA Request No.: 1363180-000
Subject: Breitbart News Network

Dear Mr. Greenewald:

This is in response to your Freedom of Information Act (FOIA) request.

Records responsive to your request have been processed. In order to avoid charging duplication fees unnecessarily, we have made these records available in the FBI's FOIA Library (The Vault) on the FBI's public website, <http://vault.fbi.gov>. On the right-hand side of the home page, under the heading "Vault Links" you can search for your subject alphabetically (click on "A-Z Index"), by category (click on "Categories"), or by entering text into our search engine (click on "Search Vault"). For records responsive to this request, please enter "Breitbart News Network" as the search term.

The available documents represent a final release of information responsive to your Freedom of Information Act (FOIA) request.

For your information, Congress excluded three discrete categories of law enforcement and national security records from the requirements of the FOIA. See 5 U.S.C. § 552(c) (2006 & Supp. IV (2010)). This response is limited to those records that are subject to the requirements of the FOIA. This is a standard notification that is given to all our requesters and should not be taken as an indication that excluded records do, or do not, exist.

- ┌ In accordance with standard FBI practice and pursuant to FOIA exemption (b)(7)(E)/ Privacy Act exemption (j)(2) [5 U.S.C. § 552/552a (b)(7)(E)/(j)(2)], this response neither confirms nor denies the existence of your subject's name on any watch lists.
- ┌ Additional records potentially responsive to your subject may exist. Please inform us if you would like the FBI to conduct a search of the indices to our Central Records System.
- ┌ Additional records responsive to your request were processed but are not currently available on The Vault. Please inform us if you would like to receive these records.

For questions regarding our determinations, visit the www.fbi.gov/foia website under "Contact Us." The FOIPA Request number listed above has been assigned to your request. Please use this number in all correspondence concerning your request. Your patience is appreciated.

You may file an appeal by writing to the Director, Office of Information Policy (OIP), United States Department of Justice, Suite 11050, 1425 New York Avenue, NW, Washington, D.C. 20530-0001, or you may submit an appeal through OIP's FOIAonline portal by creating an account on the following web site: <https://foiaonline.regulations.gov/foia/action/public/home>. Your appeal must be postmarked or electronically transmitted within ninety (90) days from the date of this letter in order to be considered timely. If you submit your appeal by mail, both the letter and the envelope should be clearly marked "Freedom of Information Act Appeal." Please cite the FOIPA Request Number assigned to your request so that it may be easily identified.

You may seek dispute resolution services by contacting the Office of Government Information Services (OGIS) at 877-684-6448, or by emailing ogis@nara.gov. Alternatively, you may contact the FBI's FOIA Public Liaison by emailing foipaquestions@fbi.gov. If you submit your dispute resolution correspondence by email, the subject heading should clearly state "Dispute Resolution Services." Please also cite the FOIPA Request Number assigned to your request so that it may be easily identified.

FBI FACT SHEET

- **The primary functions of the FBI are national security and law enforcement.**
- **The FBI does not keep a file on every citizen of the United States.**
- **The FBI was not established until 1908 and we have very few records prior to the 1920s.**
- **FBI files generally contain reports** of FBI investigations of a wide range of matters, including counterterrorism, counter-intelligence, cyber crime, public corruption, civil rights, organized crime, white collar crime, major thefts, violent crime, and applicants.
- **The FBI does not issue clearances or non-clearances for anyone other than its own personnel or persons having access to FBI facilities.** Background investigations for security clearances are conducted by many different Government agencies. Persons who received a clearance while in the military or employed with some other government agency should contact that entity. Most government agencies have websites which are accessible on the internet which have their contact information.
- **An identity history summary check or “rap sheet” is NOT the same as an “FBI file.”** It is a listing of information taken from fingerprint cards and related documents submitted to the FBI in connection with arrests, federal employment, naturalization or military service. The subject of a “rap sheet” may obtain a copy by submitting a written request to FBI CJIS Division – Summary Request, 1000 Custer Hollow Road, Clarksburg, WV 26306. Along with a specific written request, the individual must submit a new full set of his/her fingerprints in order to locate the record, establish positive identification, and ensure that an individual’s records are not disseminated to an unauthorized person. The fingerprint submission must include the subject’s name, date and place of birth. There is a required fee of \$18 for this service, which must be submitted by money order or certified check made payable to the Treasury of the United States. A credit card payment option is also available. Forms for this option and additional directions may be obtained by accessing the FBI Web site at www.fbi.gov/about-us/cjis/identity-history-summary-checks.
- **The National Name Check Program (NNCP)** conducts a search of the FBI’s Universal Index (UNI) to identify any information contained in FBI records that may be associated with an individual and provides the results of that search to a requesting federal, state or local agency. Names are searched in a multitude of combinations and phonetic spellings to ensure all records are located. The NNCP also searches for both “main” and “cross reference” files. A main file is an entry that carries the name corresponding to the subject of a file, while a cross reference is merely a mention of an individual contained in a file. The results from a search of this magnitude can result in several “hits” and “idents” on an individual. In each instance where UNI has identified a name variation or reference, information must be reviewed to determine if it is applicable to the individual in question.
- **The Record/Information Dissemination Section (RIDS)** searches for records and provides copies of FBI files responsive to Freedom of Information or Privacy Act (FOIPA) requests for information. RIDS provides responsive documents to requesters seeking “reasonably described information.” For a FOIPA search, the subject’s name, event, activity, or business is searched to determine whether there is an associated investigative file. This is called a “main file search” and differs from the **NNCP** search.
