# Realtors Hear Communism Talk by Dies

Representatives of the Nation's realty boards were told yesterday that "in every battle against communism we have lost every engagement" and heard the prediction that in "10 years or so we will join the Soviet Union as one of its satellites if the growth of communism continues as it has in the past 25 years."

The speaker was Representative Martin Dies (D-Tex.) former chairman of the House Un-American Activities Committee. He addressed members of the National Association of Real Estate Boards, during the closing session of a week-long meeting of NAREB at the Statler Hotel.

Representative Dies, who said his speech was "pessimistic but realistic" said that if the country ever approved of socialized housing and medicine—"two critical fields of marxism"—"Russia need not worry herself about physically taking this country—we'll be in the same camp."

Dies said that the fall of private enterprise would kill the Marxist groups "because they can only live from the genius of private enterprise," but said that such an event would result in "ruthless dictatorship."

More than 800 delegates of NAREB have been in Washington for the past week for regional directors' meetings and inaugural ceremonies installing Henry G. Waltemade of New York as the 1955 president of the group.

One Case Frightened Him

# Dies Wants Fairer Hearings for 'Risks'

Rep. Martin Dies (D., Tex.) is drafting legislation to require fairer hearings for persons accused as security risks.

REP. MARTIN DIES

His ideas are not in final form, he said in an interview today, but he has decided on some "basic principles."

"I know the accused ought to be confronted with witnesses," he said. "I know he ought to have a bill of particulars in advance, and he ought to know the criteria for judging—the rules on what constitutes guilt."

### BEYOND IKE'S VIEWS

Rep. Dies' views, which go far beyond the Eisenhower Administration's concept of an accused risk's rights, are likely to startle as many persons as have the recent caustic speeches on the security program by former Sen. Harry P. Cain (R., Wash.).

Even more than Sen. Cain, Rep. Dies has had the reputation of a man concerning himself zealously with the internal communist threat, and not especially with the civil liberties side of the question.

He was the first chairman of the House Un-American Activities Committee.

### WARNING

"When the committee started in 1938," Rep. Dies said today, "I warned in my opening statement that such a probe could go to excess. I pledged if it did that I would take the lead in correcting it and defending innocent people. So I felt a moral obligation."

(DIES) REP. MARTIN DIES (D-TEX.) DEMANDED THAT THE JUSTICE DEPARTMENT DESTROY THE COMMUNIST PARTY IN THIS COUNTRY THROUGH USE OF THE 1954 COMMUNIST CONTROL ACT.

IN A LETTER TO ATTORNEY GENERAL BROWNELL, HE SAID IT IS NEARLY TWO YEARS SINCE THE ACT WAS PASSED AND HE IS DEEPLY CONCERNED THAT THE DEPARTMENT OF JUSTICE HAS NOT YET ENFORCED THIS LAW.

"THE COMMUNISTS ARE NOW PREPARING TO REBUILD THEIR INTRICATE WEB OF FRONTAL ORGANIZATIONS," HE DECLARED. "WITH MY BILL ON THE STATUTE BOOKS IT WILL BE SUICIDAL IF THE GOVERNMENT PERMITS THIS TO HAPPEN."

DIES, FORMER CHAIRMAN OF THE HOUSE COMMITTEE ON UN-AMERICAN ACTIVITIES, SAID HE UNDERSTANDS THE JUSTICE DEPARTMENT IS NOT ENFORCING THE LAW BECAUSE IT IS WAITING FOR A FINAL SUPREME COURT RULING IN CERTAIN CASES.

"I never wanted this to become an emotional, hysterical thing."

Rep. Dies thinks the hunt for security risks has become just that. His feeling developed in part because of his experience in defending Dr. Edward Elliott, a Federal employe in Ft. Worth, Tex., who was charged under the old Truman loyalty program.

Dr. Elliott had been accused before the Dies Committee in 1942, the congressman said, but an investigation cleared him. So when he heard about the loyalty case, Rep. Dies decided to represent Dr. Elliott without fee.

#### **EYE-OPENER**

Being a lawyer in that case opened his eyes, Rep. Dies said.

"I believe that in back of this thing was violent opposition to Dr. Elliott's views," he said. "He had liberal ideas. But we're not supposed to punish men for their ideas."

Procedurally, Rep. Dies was frightened because standards were so vague, the decision took so long and the whole burden of proof was on Dr. Elliott.

#### **'STAR CHAMBER'**

"It made me feel we were getting back to the star chamber," he said. "It frightened me, because it seemed so contrary to what I always believed was fundamental American fair play."

Rep. Dies deplored "extremes"—the extreme of what he thought was tolerance of communism 15 years ago, the extreme of what he thinks is hysteria about alleged communists today.

"I want to do something," he said, "and I want to be sure it's right. My ideas are still in the formative stage, and it's a difficult problem. I'm trying to accomplish the purpose of keeping 'security' from being used for oppression or political purposes."

### Dies Seeks Probe On Communist Ban

By the Associated Press

Representative Dies, Democrat of Texas, a former chairman of the House Committee on un-American Activities, today called for a committee inquiry into what he called the "failure" of the Justice Department to outlaw the Communist party as provided under a 1954 law.

Representative Walter, Democrat of Pennsylvania, the present committee chairman, indicated disagreement with Mr. Dies' suggestion.

Mr. Walter said he believes the Justice Department is "proceeding as expeditiously as possible" on prosecutions of persons for seeking violent overthrow of the Government.

He told newsmen it is "more important" to go after such persons than to prosecute for the "mere membership of the Communist party."

Mr. Dies introduced a resolution directing an investigation of the failure of the Department of Justice to enforce the Dies (Communist control) Act to outlaw the Communist party.

Dear Mr. Hoover:

I have read some of the unfounded and vicious attacks made against your Department. Regardless of how people feel about the civil rights legislation, the vast majority appreciate the wonderful work that you have done throughout your career. You have built one of the most efficient and successful enforcement agencies in the world. I would not let my critics disturb me. Our people have confidence in you.

Sincerely yours,

Dear Mr. Hoover:

The purpose of this letter is to request your advice about a matter and not to obtain any official ruling, because none is required. A number of foundations, such as Freedom Foundation at Valley Forge, the McArthur Academy of Freedom, etc., as well as colleges and universities, like Texas University, A&M College, and others have been urging me to donate to them all of my papers covering my service of twenty years in Congress, and particularly the seven years that I was chairman of the special Committee on Unamerican Activities. I am preparing to remove all this material from boxes and trunks and to index and catalog it so that when I decide which college or foundation should receive it, I can send it to them. I am sure you must know that much of my papers deal with Nazi, Fascist, Communist and Japanese activities preceding and during World War II. Some of this material was at one time considered classified information, but I would not think that after this lapse of time this situation would still be true.

SUBJECT: MARTIN DIES, SR.  
FORMER CONGRESSMAN FROM TEXAS  
- LUFKIN, TEXAS

BACKGROUND:

The Director, under date of November 23, 1965, has received a letter from the above captioned individual. Dies states that a number of Foundations, such as Freedoms Foundation at Valley Forge and the McArthur Academy of Freedom as well as certain colleges (Texas University, Texas A & M College), are urging him to donate his papers covering his 20 years service in Congress, particularly the seven years when he served as Chairman of the special Committee on Un-American Activities. Dies states that he is preparing to remove this material from boxes and trunks and to index and catalogue it so that when he decides where he will place it, everything will be ready. Many of the papers, according to Dies, deal with Nazi, Fascist, Communist, and Japanese activities during World War II. Some of the material was at one time classified, but Dies feels that after the lapse of time this situation probably isn't still true.

Dies adds that he is planning to employ a Mrs. Richard B. Cravy to work with his papers. Dies comments that, before turning these documents over to some institution, he wanted the Director's advise if there would be any objection from a security standpoint. Dies has not seen this data for many years but if the Bureau would like copies, he would be glad to furnish them.

OBSERVATIONS:

REC-28 62-101944-4  
11 DEC 22 1965

Dies, as you know, for many years was extremely prominent as a Congressman in the investigation of subversive activities. Bufiles contain no derogatory information concerning him. Moreover, Mrs. Richard B. Cravy is unidentifiable in Bufiles.

It is felt that the Director should diplomatically make mention to Mr. Dies of the J. Edgar Hoover Library at Freedoms Foundation at Valley Forge. The plans of the J. Edgar Hoover Library call for the acquisition of all possible papers, documents etc., on communism, especially in the early years of the communist movement. If the J. Edgar Hoover Library could secure the papers of Mr. Dies, it would be most helpful to the Library. We know, for example, that

Dear Mr. Hoover:

I appreciate very much your prompt reply to my letter.

I read in the paper that you plan to retire. While you richly deserve retirement, it will be a very great loss to this country. You have been a most courageous, dedicated and patriotic public servant throughout the years. You have kept the Federal Bureau of Investigation independent of partisan politics, and I fear that when you leave, it will become a political agency. I hope that I am wrong, because under your leadership it has become a very great instrumentality for the protection of our free institutions.

You have been one of the few men in Washington who has appreciated the gravity of the communist menace. I am delighted to know that there will be a room at Freedom Foundation at Valley Forge to preserve your papers. Several senators have telephoned me about depositing my records and files there, and I have been giving the matter very serious consideration. However, I have a very difficult task to catalog, index and arrange this material so that it can be used by students and historians. In 1938 we seized a vast amount of records under subpoena and, of course, much of this information came to me in strict confidence and with the understanding that it would not be used for many years. I think that I have information that could not be obtained from any other source, and I want it deposited where it will not be destroyed or altered

Dear Mr. Dies:

Thank you for your letter of December 6th and for your confidence in my administration of the FBI. Your generous remarks mean a great deal to me, and it is hoped my future endeavors will continue to merit such approbation. You may be interested in knowing that it is my desire to remain as Director as long as I may be of service to our Nation.

Your consideration of using the J. Edgar Hoover Library of the Freedoms Foundation in Valley Forge, Pennsylvania, as a repository for your records and files is indeed appreciated. Should you have any further questions, you may wish to communicate directly with Dr. Kenneth D. Wells, President, Freedoms Foundation at Valley Forge, Valley Forge, Pennsylvania 19481, or Mr. Louis B. In this regard, the FBI, of course, cannot be responsible for confidential or classified material that you have nor can the Freedoms Foundation or the Library. As you may realize, the Library is open to all and the records and information therein are on full view for those who use it. Should specific provisions be required to handle your material, naturally, you can arrange them with the Freedoms Foundation.

SUBJECT: INTEREST EXPRESSED BY HONORABLE MARTIN DIES FOR POSSIBLE USE OF J. EDGAR HOOVER LIBRARY, FREEDOMS FOUNDATION, VALLEY FORGE, PENNSYLVANIA, AS A REPOSITORY FOR DIES' RECORDS

*Redacted area with handwritten 'b7c' and other marks.*

BACKGROUND:

ALL INFORMATION CONTAINED  
HEREIN IS UNCLASSIFIED  
DATE 8-22-80 BY LP-2 TAP/KJ

By letter 11-23-65 Dies, head of the Committee which gained reputation as the "Dies Committee" for combating communism and threats to this country, expressed the general intention of finding a suitable location to place his personal records and those of the Committee bearing his name for future generations to see. He mentioned he was aware of the fact that a Library bearing Mr. Hoover's name was located at the Freedoms Foundation, Valley Forge, Pennsylvania, and thought this was an excellent idea. Jones to DeLoach memo 11-30-65 explored the factors involved and outgoing 11-30-65 to Dies conveyed a general expression that perhaps the J. Edgar Hoover Library would be a logical repository.

CURRENT DEVELOPMENT:

By letter dated 12-6-65, Dies expressed sincere praise for Mr. Hoover's public service and appeared to be interested in utilizing the J. Edgar Hoover Library; however, he said he was withholding a final decision.

*Handwritten file number: 62-101944-6*

OBSERVATIONS:

REC-109

1e DEC 23 1965

While there is no doubt that some of the material and papers contained in Dies' collection could be misinterpreted or assigned the term as being "controversial," it is felt that it would be an excellent idea to have his papers included in the J. Edgar Hoover Library for the following reasons:

RE: INTEREST EXPRESSED BY HONORABLE MARTIN DIES

1. The work of the Committee bearing Dies' name is a significant segment of a phase of American history as it pertains to the internal security of our Nation. Whether all the material contained therein is factual or not, this has little bearing as Dies' efforts were an important part of American history. Therefore, his records and papers should be recorded for all to see.

2. The Library itself does not vouch for the accuracy or truth of the material contained therein. The Library is merely a repository for documents of history and while there are some individuals who may always want to misuse information/<sup>or</sup> records, it is not the function of a library to exclude or authenticate information, nor can the FBI be responsible for the protection of any classified material deposited.

3. As a research center, the J. Edgar Hoover Library should present both pro and con arguments about communism and anticommunism and, therefore, records of this important Committee would be an invaluable adjunct to the broad spectrum of knowledge about communism.

RECOMMENDATION:

That the attached letter be sent to Dies politely and tactfully indicating to him that perhaps the J. Edgar Hoover Library at Freedoms Foundation would be an excellent location to place his papers.

# Martin Dies, Pioneer in House Probes, Dead at 72

LUFKIN, Tex., Nov. 14 (UPI) — Martin Dies Sr., founder of the House Un-American Activities Committee and a controversial Texas congressman for three decades, died tonight, apparently of a heart attack. He was 72.

Rep. Dies was first elected to Congress in 1930 from Orange, Tex., but it was not until the late 1930s and early 1940s for his work on the

"Dies Committee," looking into the activities of subversive groups, that he became a national figure.

Under his leadership, HUAC first investigated German-American Bund groups and Fascists and then turned to communism.

He introduced a bill to stop immigration for an indefinite period and once demanded

that 6 million aliens be deported to solve unemployment in the 1930s. He claimed credit for the indictment of American Communist leader Earl Browder in 1940.

His work brought criticism from President Franklin D. Roosevelt, who said the Dies Committee had made "absurdly false" charges that Communists had inspired auto workers strikes and that the com-

mittee had a list of 500 governmental employees belonging to an organization the committee said was communistic.

Rep. Dies, born Nov. 5, 1901, in Colorado City, Tex., was elected in 1930 to the seat his father represented from 1909 to 1919.

In 1941, he ran for the Senate in a special Texas primary, but finished fourth. He

retired to private practice in Lufkin in 1945, but was re-elected to the House as a Texas delegate-at-large in 1952. He again retired in 1958.

But his anticommunism did not decrease. He said in 1963 that Moscow might have directed the assassination of President Kennedy.

Rep. Dies is survived by a Jack, who is now a state judge in Texas.

# Martin Dies, Flamboyant Prober,

## Dead

By Jean R. Halley  
Washington Post Staff Writer

Former Rep. Martin Dies Sr., flamboyant hunter of subversives and founder of the House Un-American Activities Committee, died Monday after an apparent heart attack in Lufkin, Tex. He was 71.

The spellbinding oratory of the congressman, who was a master of red-baiting long before the McCarthy era, brought him into national prominence during the late 1930s.

He took on high government officials, the powerful CIO and anybody else he thought was posing a threat to the United States during his first 13 years in the House.

Rep. Dies voluntarily retired in 1944 because of what he termed ill health but came back to the House in 1952 "to help finish the job of housecleaning which I helped to start in 1938."

But the headlines that he had triggered during his earlier terms failed to materialize. In 1957, while still a House member, he ran unsuccessfully in a special election for the Senate seat vacated by the resignation of Price Daniel, who became governor of Texas. Rep. Dies retired a second time in 1958.

The Un-American Activities Committee, now the House Internal Security Committee, was known popularly as the "Dies Committee" after it was organized in 1938.

It first went after the German-American Bund and Fascist groups, then took on alleged Communists, sending subcommittees all over the country.

Government employees were predominant among its targets. Dies and his Committee soon found themselves under heavy criticism from top officials, including

President Franklin D. Roosevelt.

The President branded as "sordid procedure" the Committee's publication of the names of more than 500 government employees on the "membership and mailing" list of an organization the Committee said was a front for Communist activity.

Secretary of the Interior Harold L. Ickes charged Dies with being "irresponsible" and Wendell L. Willkie accused him of "undermining democratic procedure."

In defense of his own methods, Dies countered

"America is a free country and I would defend with my life the rights of its citizens, but when they take the oath of allegiance and then seek to undermine the government, I say what amendments to our Constitution protect these spies and agents of the foreign governments?"

He introduced bills that would have stopped all im-

migration into this d for an indefinite tin would have deported a desirable aliens already here.

"If we don't sit down and find out how strong these alien forces are, they may take us by surprise and destroy the form of government the United States has always had," he declared.

Despite the criticism of officialdom, Rep. Dies had a popular following.

In 1940, he published a

book, "The Trojan Horse in Government," in which he charged that "Communist Trojan Horses" — organizations that he said always denied Communist control — were bidding for American youth, the unemployed and black people by inviting distinguished American citizens to address them.

He included the "First Lady of the Land," Cabinet officers and other officials as contributing to the Communist interests in this way.

He made hundreds of speeches in the style of a fire-eating, fear-spreading evangelist. At 6-foot-3 and 210 pounds, he made his loud, ranting deliveries spectacular.

He had a sense of the dramatic. At one time he charged that one of his sons had been endangered by enemy agents who intended "either to kill or kidnap him" but he refused to elaborate on the claim.

In 1950, between his two sets of terms in Congress, Rep. Dies claimed he had been "vindicated by the events" of the previous 10 years.

"When I warned, a decade ago, of Communists in our government, I was called a witch hunter. When I said, in the days of Hitler and Mussolini, that Russia would turn out to be the real world menace, my views were regarded as fantastic.

"Well, I have been vindicated. But I feel no satisfaction. I wish I had been wrong," he said in an interview.

Rep. Dies was born in Coltrane City, Tex. He spent his early years in Washington, where his father, also named Martin, was a congressman from 1909 to 1919. After attending the University of Texas, the younger Dies got a law degree from National University here.

He practiced law in Marshall and Orange, Tex., before his first period in the House, and resumed a law practice in Lufkin between his terms and after his second retirement as a congressman.

Since then he had remained essentially out of public view although he occasionally was called on to address patriotic meetings.

He is survived by his wife, Myrtle Dies, and three sons, Martin Dies Jr., of Beaumont, Tex., and Robert M. and Jack Dies, of Lufkin.

Rep. Martin Dies is pictured in 1940 as chairman of the House Un-American Activities Committee.
