MEMORANDUM FOR THE DIRECTOR.

94411

Mr. Brabner Smith called on the telephone and stated that he has a telegram from the Sheriff in Ohio asking for the assistance of this Division in the investigation of the shooting of a Sheriff there by escaped convicts. He stated he had talked with Mr. Parrish and Mr. Parrish felt that it would be a good idea to have an Agent contact the Ohio people and make an offer of cooperation and perhaps accomplish something in the way of fingerprint identification. I told Mr. Smith that inasmuch as the case was one entirely without the jurisdiction of the Division I felt that the Director would like to have something in writing from either Mr. Parrish or the Department before taking any action. Mr. Smith stated he wanted to send a telegram in reply immediately stating that an Agent would call upon them. I told him that I could not authorize him to send such a telegram; that the matter would have to be passed upon by the Director and that a memorandum should be addressed to the Director.

Respectfully,

V. N. Hughes.

MEMORANDUM FOR THE DIRECTOR

94409

Upon receipt of the attached memorandum from J. W. Brabner Smith, dated October 14, 1933, I conferred with Mr. Frank M. Parrish. Mr. Parrish stated that he had previously talked to Mr. Smith and felt that it might be a good idea to have one of our Agents contact Congressman Kloeb of Ohio and volunteer to cooperate, to a limited extent at least, with the authorities of Allen County, Ohio, in their efforts to identify and apprehend the killers of Sheriff Jess Sarger.

I thereupon called the Detroit Office and advised Agent in Charge Larson of the telegram received from Congressman Kloeb and of the suggestion of the Department, and directed that he communicate with the Allen County authorities and offer such cooperation as might be practicable in the way of identifying latent fingerprints, or forwarding the fingerprints of any convicts who were suspected of this crime. Mr. Larson stated that he would give the matter immediate attention.

I advised Mr. Smith of the fact that the Division had appropriately instructed its Detroit Office.

Respectfully,

*V. W. Hughes*

Memorandum to Mr. Hughes,  
Bureau of Investigation.

We have just received a telegram from Congressman Frank L. Kloeb of Ohio who requests that the Federal Government lend every available resource to aid in the search of the killers of Sheriff Jess Sarger of Allen County Ohio, who was murdered by convicts escaped from Indiana State Penitentiary as they freed their pals from the Allen County Jail.

As Congressman Kloeb asks for an immediate answer I would be pleased to advise him that an agent of the Bureau of Investigation has been ordered to offer his services. Mr. Parrish also suggests that this is advisable.

FEDERAL BUREAU OF CRIMINAL IDENTIFICATION AND INVESTIGATION

LONDON

XXXXXXXXXXXXXXXXXXXXXXXXXXXX

October 18th

1933

Mr. J. E. Hoover,  
Director, Bureau of Investigation,  
Department of Justice,  
Washington, D. C.

Dear Mr. Hoover:

I was in conference yesterday, with Mr. Ernest Botkins, Prosecuting Attorney of Allen County, Lima, Ohio, in connection with the Jail Delivery and the Murder of the sheriff of Allen County. He stated that your Mr. Wm. Larsen of the Detroit office was in to see him with reference to this case, and informed Mr. Botkins that the Department of Justice would gladly circularize these wanted men, but did not want to do so, until he contacted me so that there would not be a duplication of efforts. We shall be glad to discuss the matter with your man if the meeting can be arranged by you.

I feel certain that your Bureau has been advised of the names of the men wanted in this case, but in the event that the information has not reached you the following is the list; Charles Makley, John Hamilton, Edward Shouse, Russell Clark, Henry Pierpont, Harry Copeland, and John Dillinger. They all have been indicted for Murder, Jail Delivery and Bank Robbery. There is ONE THOUSAND DOLLAR REWARD on each of their heads, DEAD OR ALIVE for their return to Allen County. We have late pictures of the majority of these men in this Bureau, if you so desire to use them.

Mr. Howard G. Robinson,  
Assistant Superintendent,  
Ohio State Bureau of Criminal  
Identification and Investigation,  
London, Ohio.

Dear Mr. Robinson:

I desire to acknowledge receipt of your communication of the 18th instant with reference to your conference with Mr. Ernest Botkins, Prosecuting Attorney of Allen County, Lima, Ohio, and with reference to the jail delivery and the murder of the Sheriff of Allen County.

As indicated in your letter, a memorandum has been received from Mr. Larson, Special Agent in Charge of the Detroit Office of this Division, and I have since taken steps to cooperate actively with the Indiana State authorities in their efforts to bring about the location and apprehension of the escapes from their institution, who, I understand, form a part of the group which caused the jail delivery and murder of the Sheriff at Lima, Ohio.

With reference to your remarks relative to circularization of the men who are wanted for this offense, I believe it would be well for Mr. Botkins to proceed with the preparation and distribution of his circulars, and in the meantime I shall place in our bulletin, "Fugitives Wanted by Police", the names, descriptions and fingerprint classifications of the individuals in question. This bulletin, as you probably know, has a circulation of approximately 7,000. Of course, wanted notices will be placed in our identification files immediately so that in the event any of these persons are apprehended you may be notified promptly.

I would suggest, too, that in the event you receive information which you desire to check at points distant from Lima, I shall be glad to cause an appropriate inquiry upon receipt of your request, and I trust that our cooperation will prove of assistance in the apprehension of these persons.

Sincerely yours,

Director.

MEMORANDUM FOR UNIT FIVE,  
IDENTIFICATION UNIT

A letter has been received from Mr. Howard G. Robinson, Assistant Superintendent of the Ohio State Bureau of Criminal Identification and Investigation, under date of October 13th, a copy of which is attached, advising of the fact that the following named individuals are wanted in connection with the jail delivery and murder of the Sheriff of Allen County, at Lima, Ohio:

- Charles Makley
- John Hamilton
- Edward Shouse ✓
- Russell Clark
- Henry Pierpont
- Harry Copeland
- John Dillinger

Presumably you have records on these individuals, as I understand they were formerly incarcerated in the Indiana State Penitentiary.

Please place wanted notices in your files and arrange to publish their names and descriptions in the next issue of the bulletin, "Fugitives Wanted by Police".

Very truly yours,

Director.

# COUNTY COUNCIL ORDERS NEW ARMS TO PROTECT JAIL AGAINST GANG RAID

INDIANAPOLIS  
TIMES  
10/23/33

struct Armor Plated Gunner's Cage,  
Approves Plan of Sheriff Sumner to Co-  
Purchase Machine Gun.

WORK ON PLANS TO GET FUNDS

Eleven Additional Deputies May Be Em-  
ployed, Board Indicates After  
Tour of Prison Here.

Grim-faced and aroused, the county council met in in-  
formal session at the county jail today and approved the plan  
Sheriff Charles (Buck) Sumner for protecting Marion county  
from possible attack by organized criminal gangs.

After an inspection tour of the jail, council members au-  
thorized county commissioners to proceed at once with con-  
struction of an armor plate gunner's cage, purchase of a ma-  
chine gun, five rifles and three shotguns.

Employment of at le-  
eleven additional deputy  
sheriffs for the remainder  
the year received tentat-  
approval of the councilmen  
pending a special meeting  
which ways and means of ob-  
taining the money can be dis-  
cussed.

It is expected that a special  
meeting will be held within the next  
days. In the meantime, coun-  
ty commissioners and Sheriff Sum-  
ner will work out a plan for getting  
funds for the additional deputies.

"We are faced with a crisis that  
should crowd everything else from  
our minds," said Ernest Mack,  
county commissioner, in opening  
meeting in the afternoon.

94621

62-29777-6

People Need Protection  
The people of Martin county need protection, and with our limited equipment, it is impossible to give it to them. Mr. Mayor advised that the \$1,000 needed for the purchase of the new equipment was obtained by a transfer from the appropriations.

Red tape was washed away, insuring that the second phase would be approved by the Ordinance authorizing the expenditure will be approved tomorrow at next council meeting, with authority proceeding on legal work.

Time to Complete  
Now is the time to complete about 100 rifles. Last night, Messner, council president, let's get the equipment installed before we have a wholesale job done.

When William Boyer, chief of police, informed the council that the old armory consisted of only six shotguns and that no submachine gun was available for defense against heavily armed hoodlums, he was authorized to purchase additional weapons.

Under the plan advanced by Sheriff Sumner Saturday, the armor plate gunner's cage will be attached to the second cell floor, forming the gun entrance to the cell block. It will be manned twenty-four hours a day by a deputy sheriff, armed with the submachine gun and shotguns.

The council also voted to purchase a new motor and removed the motor from the building. They also voted to purchase a new motor for the building. The council also voted to purchase a new motor for the building.

We discussed two of these plans before they go to council. I have heard that the council will approve them. I am sure they will be approved.

There are many more things to be done. I am sure they will be approved. I am sure they will be approved.

The council will also vote to purchase a new motor for the building. I am sure they will be approved. I am sure they will be approved.

Mr. William Larson,  
U.S. Department of Justice,  
Detroit, Michigan.

Dear Mr. Larson:

Conferring with Mr. Ernest Botkins, Prosecuting Attorney of Allen County, Lima, Ohio in connection with the Jail Delivery and Murder of the Sheriff, of Allen County. He informs me that your Department of Justice would gladly circularize these wanted men, but that you did not want to do so until you had talked the matter over with me, in order to avoid duplication of efforts. I have no objections to Your Department circularizing these men and suggest that it be done without further delay. If at any time in the near future that you should be in this vicinity I shall be glad to discuss the various phases of this case with you.

With assurances of my desire to cooperate with you in this case or in any other in which our services will be of assistance to you, I am,

Yours very truly,

HOWARD G. ROBINSON, Ass't. Sup't.

INDEXED  
NOV 2 - 1933

Dear Sir

I am transmitting herewith a copy of a letter received at this office from Mr. Howard G. Robinson, Assistant Superintendent of the Ohio State Identification Bureau, London, Ohio, dated October 19, 1933, which, it will be noted, concerns the issuance and distribution of identification orders for the following named fugitives who are involved in the murder of Sheriff Jesse Barber, Lima, Ohio, during the recent escape from the county jail there of John Dillinger, who was being held on a State charge of bank robbery.

Harry Pierpont  
Russell Clark  
Charles Makley  
Edward Ghouse

Harry Copeland  
John Hamilton  
John Dillinger

94623

In this connection, reference is made to my communication of October 20, 1933, showing the result of an inquiry made at Lima, Ohio, by this office. During the course of the investigation, and while conferring with Mr. Botkin, Prosecuting Attorney, he informed me that it was his understanding that the Ohio State Identification Bureau was contemplating issuing identification orders, and I advised Mr. Botkin that if the division could be of any assistance in distributing the identification orders, he should contact this office and necessary arrangements would be made with the division at Washington along this line. He advised me that he intended to confer further regarding this matter with Mr. Robinson of the Ohio State Identification Bureau.

It will be noted in the copy of the communication transmitted herewith that evidently Mr. Botkin is assuming that the division would issue the identification orders as well as distribute them. Following the receipt of the letter from Mr. Robinson, I telephonically communicated with Mr. Robinson, at Zanesville, Ohio, where he was found attending a convention, and I then informed him, if he so desired, that the division would distribute the identification orders by forwarding copies to each of the

field offices in the country for making the necessary  
enforcement effort but that in view of the fact that  
in respect. It would be impossible for the division to prepare

Mr. Robinson stated that he did not believe that it was the usual  
policy for the division to print identification orders on state matters,  
and was of the opinion that Mr. Botkin was confused about the matter,  
since he, Mr. Robinson, was conferring with him. He added that he  
appreciated our interest in aid in the distribution of these identifi-  
cation orders, and that he would take immediate steps to further confer  
with Mr. Botkin with regard to the issuance of same, and that either  
this or the Cincinnati office would be notified concerning arrangements  
made for distribution.

Mr. Robinson also stated that he was very desirous of conferring with  
a representative of this division regarding federal aid in state law  
enforcement, indicating that within a short time there is to be a peace  
officers' convention in his vicinity, and he wanted to be able to inform  
them of the work performed by this division. I presume kidnaping was  
one of the particular subjects he had in mind. I advised Mr. Robinson  
that in view of the fact that he was located in a territory covered by  
the Cincinnati office, that I would immediately convey his request to  
that office, and that undoubtedly an agent from Cincinnati would call  
upon him within the course of the next few days for the purpose of dis-  
cussing the matters which he had in mind, and also of that time the  
matter of distributing identification orders concerning the case at Lima  
could be gone into.

Mr. Robinson stated that he was very interested in this division which  
had always rendered him very excellent cooperation, and that he was very  
willing to furnish all possible assistance and cooperation. It may here  
be stated that Mr. Robinson has made several trips to Lima in connection  
with the murder of Sheriff Sarber, and is well familiar with the angles  
of this case, and it is therefore suggested that the agent from Cincinnati  
contacting Mr. Robinson determine if he has any additional information to  
offer which might assist in the location of the fugitives.

The substance of the information set out in this letter was telephonically  
furnished to your office yesterday.

Very truly yours

94624

October 28, 1933

Director,  
Division of Investigation,  
U. S. Department of Justice,  
Washington, D. C.

Dear Sir:-

With reference to telephone conversation with Acting Special Agent in Charge N. B. Klein, October 24, 1933 Agent Klein immediately contacted Mr. Matt Leach, Chief of the Indiana State Police at Indianapolis, Indiana by telephone and also arranged with Agent Bliss Morton at Indianapolis, to contact the Indiana State Police as to this matter, in order that they might forward to us complete information as to the various prisoners who had escaped and, also, it was arranged that Mr. Leach would forward to the Division complete information as to the various persons concerned with this activity, and this was done by Mr. Leach in his letter of October 25, 1933 addressed to the Division at Washington, D. C., copy of which was later furnished to me by Walter Mentzer of the Indiana State Police, who is working on this case at Hamilton, Ohio.

In detailed conversation as to this matter by Agent Bliss Morton, with Captain Matt Leach of the Indiana State Police at Indianapolis, Indiana, he furnished us the information as indicated above, which was furnished to the Division in letter of October 25, 1933.

Escaped prisoners

b7D

Captain Matt Leach advised Agent Morton in subsequent conversation of October 26, 1933 that the man who escaped from the State Prison have not been identified as connected with any of the bank robbery

COPIES DESTROYED

jobs subsequent to their escape, despite newspaper stories, however, in this connection it will be noted that this is at variance with statement in his letter of October 25, 1933 wherein he advised that it has been an established fact now that Dillinger, Pierpont, Clark and Makley have been identified as the hold-up men in the Central National Bank at Greencastle, Indiana October 24, 1933.

He further advised that Dillinger when arrested at Dayton, Ohio released his Essex Terraplane automobile to Attorney Egan, Dayton, Ohio and the latter turned the car over to Dillinger's brother, who lives at 409 LaSalle St., Indianapolis, Indiana; that the brother, in turn, transferred same to Mrs. John Dillinger, 1052 S. 2nd St., Hamilton, Ohio October 6, 1933; that thereafter she was issued Ohio license plates A 63,167 on this car; that these same plates were used on a Studebaker car in connection with the robbery of the bank at Greencastle, Indiana; that one Mary Kinder, 930 Daily St., Indianapolis, Indiana is suspected of being connected with Dillinger in his operations and in this connection, this same information, of course, has appeared in the newspapers, together with the picture of this woman. The State Police have not been able to locate her, but have questioned her mother, and sister-in-law; that Dillinger uses the name of John Donovan; that he had rented an apartment as John Donovan at Gary, Indiana with Sam Goldstein, now serving a sentence in Michigan City, Indiana State Penitentiary; that he, Captain Leach advised he did not wish Dillinger's brother talked to or arrested at present, as he has the brother's house covered and is watching his movements.

In connection with the contact with the Indiana State Police, I understand that Special Agent in Charge Larson of the Detroit office, as per information furnished by Agent Bliss Morton was at Indianapolis on October 27, 1933 to confer with Captain Matt Leach, who apparently was out of the City.

Contact was also had with Mr. Robinson, Assistant Superintendent of the Division of Criminal Identification, State of Ohio, London, Ohio by telephone and he advised Special Agent N. B. Klein that he would forward to us immediately he had same prepared, circulars or identification orders of the State, as to the possible seven persons involved in connection with the Lima, Ohio murder of the Sheriff, there, which he desired us to forward to points in Southern Ohio, Southern Indiana and Northern Ohio, as to which latter, we will immediately forward the supply furnished to the Detroit Office, in order that they may furnish same to their mailing list.

Reference is made to letter of the Detroit office under date of October 20, 1933 referring to the activity of Special Agent in Charge Larson at Lima, Ohio and particularly to that portion indicating that Fred Pierpont had furnished them rather definite information that a number of these fugitives were located at 1052 S. 2nd St., Hamilton, Ohio or located in a cottage along the river bank, out of Hamilton, Ohio and in this connection, yesterday, I conferred with Mr. Walter Mentzer of the

Indiana State Police, who has been handling the investigation at Hamilton, Ohio and Mr. A. E. Lincoln, Chief Deputy Sheriff, Butler County, Hamilton, Ohio who called at the Division office here and advised that upon the arrival of the Indiana State Police and other officers at Hamilton, Ohio on the night of October 15, 1933 at approximately midnight, they contacted the Chief of Police Calhoun and advised him of their mission and thereafter, it was suggested that one of the Indiana State Police accompany the Chief of Detectives on an observation of the house at 1052 S. 2nd St., Hamilton, Ohio, which they did about 12:30 A.M., and at this time they noted a light in the house and all the blinds were closely drawn. Also, they noted that there were two cars in the garage at 1052 S. 2nd St., and 1054 S. 2nd St. That they thereafter returned, apparently to headquarters, and debated upon the next move necessary and thereafter at about 7:30 A.M. October 16, 1933 they raided this address, and at this time they found nobody there; the beds had not been slept in the night before and one of the automobiles in the garage previously above noted, had disappeared.

Mr. Mentzer indicated that possibly they had been tipped off in Hamilton, Ohio as to this; that they then thereafter proceeded to the house on the river bank, near Hamilton, which had apparently been occupied by the five men and apparently they thereafter left shortly before the arrival of the officers. Apparently there is no question but what the five men concerned are those referred to in the letter of the Detroit office under date of October 20, 1933 and were the persons responsible for the killing at Lima, Ohio and as will be noted, due to the manner in which they endeavored to apprehend them, they apparently were warned of the efforts of the officers being made to apprehend them.

In connection with the car which remained in the garage at 1052 S. 2nd St., we had previously been advised by Chief of Police J. C. Calhoun that they had recovered this car; that they believed it had been used by the parties who were identified as having killed the Sheriff at Lima, Ohio, that is evidently Dillinger, Pierpont and one John Hamilton, Michigan City Penitentiary #11963; that they had left this car at the address, however, as will be noted when this car was recovered there was nobody at home at either address and no information could be obtained that anyone was in possession of this particular car, at any time; that this car was a black Ford V-8, two door Sedan, 1930 model worth apparently \$500.00, motor #18394929, bearing Illinois license 1933 #1268040; that the Automobile Protective and Information Bureau, Chicago, Illinois had reported that this car was stolen from W. H. Underwood, 1337 Fargo Ave., Chicago, Ill., October 6, 1933. Chief of Police Calhoun indicated that Mr. and Mrs. Stanley Wagner and Mr. and Mrs. Leroy Hooten, who had been living at 1052 S. 2nd St., were now located at 215 W. Chestnut St., Hamilton, Ohio; that the Chief had interviewed these people and they denied any knowledge concerning this car; that in connection with the information furnished by Fred Pierpont, Dillinger et al., were located at a camp near Venice, Ohio Bridge, Colerain Pike near Hamilton and that they had located this camp and same showed signs of very recent occupancy, and that a note was found on the table "Thanks Dillinger, for the new coat".

They advised that a bill was also found <sup>in</sup> this coat, showing that a lady's Lapin jacket had been purchased at Rollman's Cincinnati Ohio for cash, October 13, 1933.

Mr. Calhoun was of the opinion that this car had been driven by Dillinger, et al., and that Mr. and Mrs. Wagner and Mr. and Mrs. Hooten knew the whereabouts of these men, as they apparently had spent considerable time with them at the camp, above referred to. He was of the opinion that possibly if the Wagners and Hootens were arrested for violation of the National Motor Vehicle Theft Act, they might be induced to tell something as to the location of these parties.

In this connection, Special Agent Wood conferred with United States Attorney Canny as to the possible issuance of a warrant for the Wagners and Hootens and he indicated, at that time, he did not believe there was sufficient upon which to file against them, as to this particular automobile, however, this will be considered further in the possible working-out of the case.

According to Mr. Lincoln, Chief Deputy Sheriff, Hamilton, Ohio the Hooten family is now living on State Route #4, Middletown-Hamilton Pike, which is just beyond the Fair Grounds, outside the city limits; that Mrs. Leroy Hooten is the former wife of Bob Kolker, convict, who served sentence at Atlanta Penitentiary, and she is the sister-in-law of Russell O'Clark, one of the gang sought in connection with this matter; that Stanley Wagner, who lives at 1052 S. 2nd St., Hamilton, Ohio and owns this property and the property at 1054 S. 2nd St., Hamilton, Ohio is the father of Mrs. Hooten; that there is a son Walter Wagner, also living at this address, Walter Wagner being a taxi driver in Hamilton, Ohio.

Mr. Lincoln advised that George Wagner lives at 215 W. Chestnut St., Hamilton, Ohio; that George Wagner is a relative of Stanley Wagner and apparently these people are still located at 1052 S. 2nd St., as Mr. Lincoln and Mr. Mentzer have been making observations of the place as late as October 27, 1933.

*Hooten Sept*

In connection with the above indicated information, it has been indicated by the officers who conferred with me that there is some apprehension of a leak in connection with their contact with the Police at Hamilton, Ohio and it was suggested that possibly the Indiana State Police could designate one or more under-cover men to work at Hamilton, Ohio in order to cover the movements of the Wagners and the Hootens, whom it is believed will contact these parties, particularly if they are hiding out in the vicinity of Hamilton, Ohio. Arrangements were made to render every and all possible assistance to Mr. Mentzer in connection with his work at Hamilton, Ohio or the under-cover men whom they desire to place there with the possibility in mind that some contact may be made with these various persons, although apparently they have been

24

to raid the place in question.

Special Agent Bliss Morton at Indianapolis, Indiana has been instructed to keep in close contact with Captain Leach of the Indiana State Police and we will endeavor to render any and all possible assistance to the Indiana State Police as to this in accordance with instructions of the Director, it being indicated that it was his desire that we cooperate fully with them in every manner possible and if necessary, use any and all Agents of the office for this, however, that we were not to take the initiative in the activity as against these FUGITIVES.

Very truly yours,

  
E. J. CONNELLEY,  
Special Agent in Charge.

MEMORANDUM FOR THE DIRECTOR.

Mr. Jones, of the Washington Times, called to ascertain something of the details concerning the escape of ten prisoners from the Indiana State Penitentiary. I advised him that we had none of the details at this time. He knew, in fact had been told by Colonel Gates, of the fact that the Division is cooperating with the state authorities.

Respectfully,

V. W. Hughes.

Washington, D. C.

Dear Sir:

Reference is made to telephonic communication received from Mr. Vincent Hughes on 10/14/33, requesting that officials at Lima, Ohio be contacted for the purpose of this Division's rendering aid with regard to the murder of Sheriff Jesse Sarber at Lima, Ohio on 10/12/33 during a jail delivery at which time a prisoner, John Dillinger, escaped from the county jail.

Dillinger, a former convict of the Indiana State Prison, Michigan City, Indiana, was incarcerated in the county jail at Lima, Ohio on a charge of bank robbery which occurred at Bluffton, Ohio. He was arrested by the Dayton, Ohio Police and subsequently removed to Lima on 9/28/33.

Accompanied by Special Agent (A) Genau, I proceeded to Lima on Saturday afternoon, following the call received from Mr. Hughes, and immediately went into conference with the Prosecuting Attorney, Mr. Ernest M. Botkins; Chief of Police J. W. Cooke; Inspector of Police B. J. Rooney and Detectives Clyde Dickson and James Goodwin who were engaged in this investigation. Also, an interview was had with Mrs. Jesse Sarber, wife of the slain sheriff, and Deputy Sheriff W. L. Sharp. It was determined through the above mentioned interview that at about 6:00 P.M. on the night of 10/12/33, three men entered the sheriff's office, stating that they were from the Indiana State Prison and came to get John Dillinger who was a parolee from that institution. The sheriff, who was seated at his desk, asked the man who was doing the talking, for his credentials and simultaneously the individual pulled a gun and advised the sheriff that that was his authority. It appears that the sheriff evidently made a move to reach his own gun which was on the desk and as he did so the slayer fired a bullet through the sheriff's abdomen. He then quickly jumped on the sheriff and began beating him on the head with the butt of a pistol. The sheriff fell helpless to the floor.

The second man then asked Deputy Sheriff Sharp for the keys and Mrs. Sarber, who was also seated in the room during the time of the shooting, rushed to the spot where the keys were kept and handed them to the criminals to avoid any further killing. The door of the jail was then opened and the three men commanded Deputy Sheriff Sharp and Mrs.

Sarber to enter the jail, leaving the sheriff dying on the floor. They then called for Dillinger who hastily prepared himself to leave and after firing another shot into the jail proper, evidently to prevent any of the other inmates from following them, the criminals locked the jail doors and fled. Deputy Sheriff Sharp stated that he could see one man standing outside of the door leading to the sheriff's office, apparently on guard.

From all indications there were five shots fired - one which hit the sheriff, two others which were evidently fired at the sheriff but missed - one striking the desk and ricocheting to the other end of the room - the third striking the wall; the fourth was fired inside the jail and there is a bullet hole in one of the doors leading from the sheriff's office, indicating that one shot had gone in that direction. However, only four bullets were found.

Following the escape it was learned that two pistols had been stolen from the sheriff's desk by the killers, viz. #1 - 38 Police Special nickel plated Colt #557614-N. On the side of the handle of this gun was stamped "Property Allen County Sheriff"; #2 - 38 Colt, Detective Special Blued Steel, 2" barrel, #410172-A-1. This gun belonged to the sheriff. The other was the property of Deputy Sheriff Sharp. The keys which were furnished by Mrs. Sarber were also taken by the bandits.

A period of about 15 minutes elapsed before the sheriff was given medical aid and he died in the hospital two hours later. The authorities at Lima advised that evidently the blows on the head caused his death as the bullet into the abdomen did not hit any vital spots. Mrs. Sarber and Deputy Sheriff Sharp remained locked in the jail for 20 or 25 minutes until the locks could be knocked off to effect their release.

It appears that while Dillinger was incarcerated in the jail he had dropped statements to other prisoners, mentioning the name of Harry Pierpont, indicating that Pierpont was an escapee from the Indiana State Prison and that his home was near Lima. A search of records was immediately made and it was found that Harry Pierpont was one of the convicts who escaped from the Indiana State Prison at Michigan City, Indiana on 9/26/33, during the wholesale escape there. A photograph of Pierpont was secured and when shown to Mrs. Sarber she partially identified it as the man who shot the sheriff.

A posse was immediately formed which was led by Chief of Police J. W. Cooke of Lima, Ohio, and a search was made of the premises occupied by Harry Pierpont's parents and brother, about four miles from Leipsic and about 35 miles from Lima. This search took place about 10:00 P.M. on the night of the slaying, 10/12/33. No trace of the bandits

was found and there was nothing on the property to indicate that the killers were in that vicinity. However, an Oldsmobile Coach, Motor #113694, was found in the barn without license plates. When first questioned, Fred Pierpont, brother of the convict, stated that he owned the car, but later changed this and told several conflicting stories regarding the car, finally stating that an individual had appeared at his house about three weeks previous and had left the car for repairs. (It may be stated here that Fred Pierpont is a mechanic and occasionally repairs automobiles.)

Upon carefully going into this angle the Police Department learned that a car answering the description of an Oldsmobile had been seen in the vicinity of a bank which was robbed in St. Marys, Ohio on 10/3/33 and there appeared to be a definite connection therefore between this car and the bank robbery at St. Marys. The Police at Lima immediately dispatched a wire to the Automobile Protective and Information Bureau at Chicago, requesting to be advised if they had any information regarding this particular automobile, and in response they received a wire dated 10/14/33 from the above organization, advising that this Oldsmobile was sold by the Sheair Motor Sales Company of Chicago to one Arthur S. Cherrington, 2318 Sunnyside Ave., Chicago, and that same had not been reported stolen. The Automobile Protective and Information Bureau also advised that they had made an inquiry at the above address and learned that Cherrington had rented an apartment there from 9/5/33 to 9/15/33, and that no forwarding address had been left.

Following the receipt of this wire Fred Pierpont was further interrogated and he stated at that time that Cherrington was the name of the man who left the car in his garage to be repaired, and later identified the photograph of Harry Copeland who was a parole from the Indiana State Prison and also wanted in the holdup of the Daleville Bank, Daleville, Indiana on 7/8/33, as being Cherrington. Deputy Sheriff W. L. Sharp, who was in the sheriff's office during the time of the shooting, partially identified the photograph of Copeland as the man who held the gun on him, Sharp. He also positively identified the photograph of Harry Pierpont as the man who shot the sheriff.

Fred Pierpont, the authorities advised upon our arrival at Lima, emphatically denied that he had any knowledge regarding the whereabouts of his brother or his brother's activities. Special Agent Genau and myself arrived at Lima about 8:00 P.M. on the night of 10/14/33 and after being informed of all the facts regarding this offense, it was deemed advisable to further interrogate Fred Pierpont. This interrogation lasted until 3:00 A.M. on the morning of 10/15/33, and although it was clearly indicated at that moment that he desired to talk and was in

possession of valuable information, he stated that he desired to consult his attorney and his father and mother before making any statement. We immediately took this matter up with the Prosecuting Attorney, Ernest M. Botkins, and the interested police officials, pointing out that it would be well to ascertain the attitude of his attorney, Mr. Warren of Leipsic, and attempt to have him request his client to give the necessary information. It was ascertained that Fred Pierpont's mother had taken an antagonistic attitude toward the police and not much co-operation could be expected from her. However, it was felt that with the assistance of the attorney she could be persuaded to render assistance.

Upon interviewing Mr. Warren, the attorney, and following a lengthy talk with him, it was determined that he would assist the authorities in every way possible, and following a general consultation between Fred Pierpont, his attorney and his parents, he talked freely and made a very complete statement. This statement has not as yet been prepared by the stenographer at Lima, but a copy will be forwarded to this office at the earliest possible date.

Fred Pierpont related in substance that shortly after the escape of the ten convicts from the Indiana State Prison on 9/26/33, his brother, one of the convicts, and four other men, three of whom were also escapes, and the fifth, Harry Copeland, a parole from this institution and now wanted for bank robbery, appeared at his home late one night. He stated that their appearance was a complete surprise to him as his brother had not notified his family that he was intending to come to Leipsic. He stated that these five men stayed at the house for a short while and visited the entire family and then departed. His brother, Harry, at that time told him, Fred, that he had an Oldsmobile automobile which was not stolen but which one of the men who is now known to him as Copeland, alias Cherrington, had purchased, and that he would give Fred this automobile if he would call for it at Hamilton, Ohio where the gang indicated they were staying. Harry Pierpont furnished his brother with the address "1052 South 2nd Ave., Hamilton, Ohio".

Within the course of the next two or three days Fred, with his mother, father and grandmother, drove to Hamilton in the family automobile and upon arriving at Hamilton Fred separated from the other members of the family and proceeded to the above address. He stated that he had no intention of remaining there but planned to secure the Oldsmobile and immediately drive back to Leipsic. Fred stated, however, that upon his arrival at Hamilton his brother informed him that the bill of sale on the car had not arrived from Chicago where the car was purchased, and that he, Fred, would have to remain there until the next day for the purpose of securing the bill of sale. Fred stated that he went back to the spot

where his family were waiting and informed them to drive back to Leipsic and that he would remain in Hamilton over-night. Fred Stated that the five men listed below, four of whom escaped from the Indiana State Prison on 9/26/33, and the fifth, Harry Copeland, alias Cherrington, were in the house at 1052 South 2nd Ave. and remained there with him during the night of 10/2/33:

#1 - Harry Pierpont, Indiana State Prison #11014, sentenced 5/6/25 for bank robbery to 10 to 21 years; description - age 31; height 6' 1"; weight 162#; medium build; eyes grey; hair chestnut; complexion light; scar 1" in back of head.

#2 - Russell Clark, Indiana State Prison #11261, sentenced 12/12/27 for bank robbery to 20 years; description - age 33; height 6' 1/2"; weight 167#; eyes grey; hair dark chestnut; medium build; scar middle of back; body covered with small moles.

#3 - Charles Makley, Indiana State Prison #12636, sentenced 6/23/28 for bank robbery to 10 to 20 years; description - age 44; height 5' 7 1/2"; weight 180#; build medium heavy; eyes grey; hair dark chestnut; complexion medium dark; tip of left index finger amputated; right leg short - limps slightly.

#4 - Edward Shouse, Indiana State Prison #13915, sentenced 6/4/30 for auto theft to 25 years; description - age 27; height 5' 7 1/2"; weight 150#; eyes medium blue; hair medium chestnut; complexion medium dark; build medium; scar depressed middle forehead; brown mole on right cheek.

#5 - Harry Copeland, alias Arthur S. Cherrington, Indiana State Prison #12231; description - age 38; height 5' 11"; weight 160#; brown eyes; hair dark brown; complexion fair; usually wears heavy mustache.

Fred went on to state that on the morning of 10/3/33 his brother, Harry, informed him that the gang was going away for the day and for him to make himself at home, and that they would be back in the evening with the Oldsmobile car. Fred stated that on the afternoon of 10/3/33 he went with a woman who was in the house, known to him as "Nona", to a small cottage along the banks of a river, about 12 or 14 miles from Hamilton, where they took a great quantity of groceries. He stated that it appeared to him as though someone was just going to move in; that with this woman he returned to 1052 South 2nd Avenue and shortly after their return the gang appeared and he was then given the Oldsmobile car which he drove back to Leipsic, his home. Fred stated that he believes there were Illinois license plates on the automobile before it was turned over to him. (Here

it is interesting to note that on 10/3/33 the bank robbery took place at St. Marys, Ohio, at which time an Oldsmobile automobile was seen. It therefore appears that the gang went out on this bank job while Fred Pierpont remained in Hamilton.)

Fred further went on to state that on Wednesday evening, 10/11/33, the five above named individuals again came to his home at Leipsic late at night and stated that they desired to remain there over-night; that they were driving two automobiles - an Essex Coach and a Chrysler Sedan. He was unable to give a description of the license plates but believes that one of the cars bore Illinois plates; that they remained at the house over-night and on the following day, 10/12/33, which was the day the sheriff was murdered, they all departed in the two cars - his brother and another convict in the Essex and three in the Chrysler. This departure took place about 4:00 P.M. He stated that one car headed toward Lima and the other in the opposite direction. (Here it is interesting to note that it takes approximately one hour to drive to Lima and the murder took place at 6:00 P.M., which definitely places the five above named men in that vicinity at that time.) This evidence, together with the identification made by Mrs. Sarber, the sheriff's wife, and Deputy Sheriff W. L. Sharp, indicates very definitely that the five above named men committed the crime and affected the escape of John Dillinger.

During the interrogation Fred picked out the photographs of these five men and identified them as the persons who stayed at the home of his parents on the night of 10/11/33. (It may here be stated that neither Mrs. Sarber nor Deputy Sheriff Sharp have been able to identify the third man who was in the sheriff's office.) It appears that he stayed in the background. It was also known that the fourth man was at the side door and it is believed that the fifth was either at the front door of the sheriff's residence or in the automobile. Fred denied being implicated in the St. Marys bank robbery and offered proof as to places he visited in Hamilton while there on 10/3/33. It was ascertained that the authorities at St. Marys have secured the names of witnesses there who claim that they will partially identify Fred as being the driver of the Oldsmobile car, which is alleged to have been used in the robbery. In view of the above Fred is at the present time being held by authorities pending further investigation, and to avoid any further possible jail delivery, he has been removed to the county jail at Wapakoneta, Ohio without the knowledge of the public.

Following the statement made by Fred his mother, who denied any knowledge of ever having seen her son since his escape, corroborated her son's statement about the convicts coming to her home,

which strengthened the prosecution against the five men.

The interrogation of these people lasted until approximately 7:00 o'clock Sunday evening and with all of the information furnished, together with the address at Hamilton, Ohio and that of the cottage along the river banks, a posse was immediately formed and the authorities made a speedy trip to this point where they were met by several other officers from Indiana and points in Ohio. Fred warned the authorities to use extreme precaution, stating that he was well aware of the fact that the convicts would not be taken alive and that they had a great amount of ammunition and guns.

Special Agent Genau and myself remained at Lima and worked out various angles of the crime with the prosecuting attorney. Upon the return of the authorities we were advised that a very extensive search was made at Hamilton and it was found that the five convicts had evidently left the above address on the night previous. In searching the house they found several pieces of clothing and indications therein reflected that the convicts had evidently left hurriedly. Also, a practically new Ford V-8 automobile was found in the back yard. This car was described as 1933 model, speedometer reading 4582 miles, bearing Illinois license plates #1264040, Motor #1839492. It is believed that perhaps the above described license plates were the ones issued for the Oldsmobile car in Chicago. The authorities found no one at the cottage on the river banks nor at the house at 1052 South 2nd Ave., and further investigation along these lines is now being made. The authorities stated that in regard to the house on the river banks near Hamilton, it was determined through the owner that five men who answered the descriptions of the above named individuals, had rented the house for a period of one week, but he was unable to furnish any further information regarding them. The Oldsmobile car above referred to is at the present time in a garage in Leipsic, Ohio, being held by the authorities.

A copy of this communication is being forwarded to the Chicago office with the suggestion that the names of the convicts mentioned herein be furnished to the Police Department at that city, together with the information concerning the purchase of the Oldsmobile car, evidently by Copeland using the alias of Cherrington and giving the address of 2318 Sunnyside Avenue, Chicago. It is believed that perhaps all of these men were together in Chicago and perhaps all stayed at the above address there, and possibly were involved in several crimes during their stay in that city. Along this line the Federal Reserve messenger holdup is suggested in which a patrolman was killed.

Capt. Matt Leach of the Indiana State Police, who is

carrying on an extensive search for the convicts who escaped from the Indiana State Prison, informed me at Lima that he would forward photographs of the men with complete descriptions and other essential information to this office. We have on hand only the photographs of Copeland, alias Cherrington; Makley; Harry Pierpont and John Dillinger. Two of each of these are being forwarded to the Chicago office for identification purposes. It should, of course, be remembered that Dillinger was incarcerated during the time that the men are alleged to have been in Chicago. It is presumed that the photographs of Shouse and Clark, who are also escaped prisoners from the Indiana State Prison, are in possession of the Chicago Police.

If such action is deemed advisable by the Police, it is suggested that the photographs be exhibited to the person from whom the apartment was rented on Sunnyside Avenue, and to the salesman of the Sheair Motor Sales Company, Chicago, who sold the Oldsmobile car to Cherrington.

It has been ascertained that these five individuals are extremely "hard-boiled" and the robbing of banks appears to be merely a pastime.

Mr. Ernest M. Botkins, Prosecuting Attorney at Lima, informed the writer that authorities from the Ohio State Identification Bureau at London, Ohio, are conferring with him regarding the issuance of identification orders. In view thereof it does not appear necessary for the Bureau to render any assistance along this line.

John Dillinger who escaped from the county jail during the murder of the sheriff at Lima, is described as follows: Alias John Donovan Hall; age 30; height 5' 7 $\frac{1}{2}$ "; grey eyes; hair light chestnut; medium complexion; Indiana State Prison #13225. It is respectfully requested that wanted notices be posted with the Identification Unit of the Division against the fingerprints of all of the convicts listed herein.

The bullets found in the sheriff's office, referred to in this communication, are being forwarded to the Division with the request that an examination be made to determine the caliber and type of gun from which they were fired, which information will be furnished the prosecuting attorney. These bullets which are wrapped separately in small boxes and forwarded with this communication are described as follows:

#1 - is the bullet which hit the sheriff and was found by Sergeant Harry Grant and Patrolman Carl Bowers of the Lima Police Department.

#2 - bullet which hit the desk and was found by Sergeant Grant and Patrolman Bowers.

#3 - bullet found by Sergeant Swaney of the Lima Police Department.

#4 - is a shell extracted from an automatic pistol. It appears that this shell was attached to the bullet which struck the sheriff.

In view of the possibility of the gang's returning to Chicago, it is requested that the Chicago office advise the Police Department there to be on the lookout, bearing in mind that they were last seen by Fred Pierpont in possession of an Essex Coach and a Chrysler Sedan.

Very truly yours,

*Wm Larson*

## OHIO, INDIANA POLICE SEARCH THROUGH AREA

Slayers of Sheriff Sarber  
Believed to Have  
Returned to  
Venice Base.

Cincinnati, Oct. 18 (AP)—A hundred officers from Ohio and Indiana moved through Big Miami river camps near Venice, 20 miles north of here, in search of John Dillinger, accused bank robber, and three men who released him from jail at Lima, O., last Thursday after killing Sheriff Jess Sarber, 50.

The officers said they believed the band that freed Dillinger lay in waiting near Venice before making the Lima raid. Finding in Hamilton, O., of a car believed to have been used in that foray, they said, made it seem likely the band had returned to the riverside base they had established.

Lima officers, led by Chief J. W. Cook and Detective Chief E. J. Roney, searched the camping area throughout Sunday night. Monday reinforcements came from the Indiana state police, Cincinnati police and Hamilton and Butler county officers.

### U. S. Joins Hunt

Lima, Oct. 18 — Two federal agents assigned to the search for the slayers of Sheriff Jess L. Sarber by J. Edgar Hoover, director of the division of investigation for the United States department of justice, were in Lima Monday to assist police and county authorities.

J. A. Genau and William Larson, the agents assigned, questioned Frederick Pierpont, route 2, Leipsic, brother of Harry Pierpont, fugitive from the Indiana prison at Michigan City, and identified as the triggerman in the shooting of Sheriff Sarber last Thursday night.

MEMORANDUM FOR THE DIRECTOR

DIVISION OF INVESTIGATION

OCT 31 1933

U. S. DEPARTMENT OF JUSTICE

RE: MURDER OF SHERIFF JESSE SARBBER AT  
OLINA, OHIO, OCTOBER 12, 1933

WATSON

FILE

The Division's file in this case indicates that on October 14, 1933, Mr. Brabner Smith of Mr. Keenan's office called Mr. Hughes by telephone and stated that he was in receipt of a telegram from a Sheriff in Ohio asking the assistance of this Division in the investigation of the shooting of the Sheriff at Lima. Mr. Smith stated that he had talked with Mr. Parrish who felt that it would be a good idea to have an Agent contact the Ohio people and make an offer of cooperation, and perhaps accomplish something in the way of fingerprint identification. Mr. Hughes advised Mr. Smith that inasmuch as the case was entirely without the jurisdiction of the Division it should be submitted by him to the Director in writing. Accordingly, on October 14th Mr. Smith directed a memorandum to this Division advising that he had just received a telegram from Congressman Frank L. Klobb of Ohio, requesting that the Federal Government lend every available resource to aid in the search for the killers. Upon receipt of this memorandum Mr. Hughes conferred with Mr. Parrish, who suggested that an Agent of this Division contact Congressman Klobb and volunteer to cooperate to a limited extent with the authorities of Allen County, Ohio, in their efforts to identify and apprehend the killers of Jesse Sarber. Mr. Hughes then called the Detroit Office and advised Mr. Larson of the telegram received from Congressman Klobb, and requested that he communicate with the Allen County authorities and offer such cooperation as might be practicable in the way of identifying latent fingerprints or forwarding the fingerprints of any convicts who were suspected of this crime.

The Division is now in receipt of a letter from the Detroit Office, dated October 20, 1933, in which Mr. Larson states that he and Special Agent (A) Genau, in compliance with the telephonic request of Mr. Hughes, proceeded to Lima, Ohio on the afternoon of October 14th and went into conference with Prosecuting Attorney Ernest W. Botkins, Chief of Police J. W. Cook, Inspector of Police S. J. Rooney and two detectives who were engaged in the investigation, and also interviewed Mrs. Sarber, the Sheriff's wife; that they determined that at about 6 P.M. on October 12, 1933 three men entered the Sheriff's Office stating that they were from the Indiana State Prison and came to get John Dillinger, who was a parole from that institution, Dillinger being at that time incarcerated in the prison. The Sheriff asked the man who was doing the talking for his credentials and simultaneously this individual pulled a gun and advised the Sheriff that that was his authority. It appears that the

*[Handwritten signature]*

Director,

- 2 -

10/24/33

Sheriff evidently made a move to reach for his gun and as he did so the slayer fired a bullet through the Sheriff's abdomen and then jumped upon the Sheriff and began beating him on the head with the butt of the pistol. The Sheriff fell helpless to the floor and died about two hours later. The second man then asked Deputy Sheriff Sharp for the keys and Mrs. Sarber, who was also seated in the room during the time of the shooting, handed them to the criminals. Following the escape it was learned that two pistols had been stolen from the Sheriff's desk by the killers. One was a 38 Police Special nickel plated Colt #557614-N. On the handle of this gun was stamped "Property Allen County Sheriff". The second gun was a 38 Colt, Detective Special Blued Steel, 2" barrel, #410172-A-1. This gun belonged to the Sheriff. The other was the property of Deputy Sheriff Sharp.

It appears that while Dillinger was incarcerated in the jail he had made statements to other prisoners, mentioning the name of Harry Pierpont, indicating that Pierpont was an escapee from the Indiana State Prison and that his home was near Lima. A check of the records indicated that Harry Pierpont was one of the convicts who escaped from the Indiana State Prison at Michigan City, Indiana on September 26, 1933. A photograph of Pierpont was secured and when shown to Mrs. Sarber she partially identified it as the man who shot the Sheriff. A posse was immediately formed by Chief of Police J. W. Cook of Lima, Ohio and a search made of the premises occupied by Harry Pierpont's parents and brother, about four miles from Leipsic and about 35 miles from Lima. This search took place about 10 P.M. on the night of the slaying, October 12, 1933. No trace of the bandits was found by the posse, which reported that there was nothing on the property of the Pierpont's to indicate that the killers were in that vicinity. However, an Oldsmobile coach, Motor #113694, bearing no license plates, was found in the Pierpont barn. Fred Pierpont, brother of the convict, made a number of conflicting statements to the police officers concerning this car. Police officers later determined, however, that an automobile answering the description of the Oldsmobile had been seen in the vicinity of St. Marys, Ohio on October 9, 1933 at which time a bank at St. Marys was robbed. Investigation by the police disclosed that this car was sold to one Arthur B. Cherrington, 2318 Sunnyside Avenue, Chicago. Fred Pierpont later identified the photograph of Cherrington as being the individual who left this car at his place, Cherrington being also known as Harry Copeland, who was a parole violator from the Indiana State Prison and who was also wanted in the hold-up of the Daleville Bank, Daleville, Indiana. Deputy Sheriff W. L. Sharp, who was in the Sheriff's office at the time of the shooting, partially identified the photograph of Copeland as the man who held the gun on him. He also partially identified the photograph of Harry Pierpont as the man who shot the Sheriff.

Director.

- 3 -

10/24/33

Fred Pierpont had repeatedly denied to local authorities that he knew anything about the whereabouts or activities of his brother Harry. Special Agent in Charge Larson and Special Agent (A) Genau, after interrogating Fred Pierpont for a considerable length of time, succeeded in obtaining information from him to the effect that shortly after the escape of the ten convicts from the Indiana State Prison on September 26, 1933 his brother, one of the convicts, and four other men, three of whom were also escapes, and Harry Copeland, a parole from the Indiana State Prison, appeared at his home late one night, visited the family for a short time and departed; that Harry Pierpont at the time of this visit told him that he had an Oldsmobile automobile and that he would give it to Fred if he would call for it at Hamilton, Ohio at 1052 South Second Avenue. Within the course of the next two or three days Fred stated that he, his mother, father and grandmother, drove to Hamilton in the family automobile, and that after separating from the other members of the family he proceeded to the above address for the purpose of obtaining the Oldsmobile; that upon his arrival at Hamilton his brother informed him that the bill of sale on the car had not arrived from Chicago, where the car was purchased, but that if he, Fred, would remain there until the next day he could obtain same; that he stayed there that night with his brother, Harry Pierpont, Indiana State Prison #11014, Russell Clark, Indiana State Prison #11261, Charles Makley, Indiana State Prison #12636, Edward Shouse, Indiana State Prison #13915, and Harry Copeland, Indiana State Prison #12231; that on the morning of October 3rd his brother Harry told him that the gang was going away for the day and that they would <sup>be</sup> back in the evening with the Oldsmobile car; that the above mentioned individuals did return that evening, at which time he obtained the car. On October 3, 1933 a bank robbery took place at St. Marys, Ohio, at which time an Oldsmobile automobile was seen.

Fred stated further that on Wednesday evening, October 11, 1933, the above named five individuals again came to his home at Leipsic late at night and stated that they desired to remain there overnight; that they were driving two automobiles, an Essex coach and a Chrysler sedan; that on the following day, October 12, 1933, which was the day the Sheriff was murdered, they all departed in the two cars. It takes about one hour to drive from Leipsic to Lima and the murder took place at 6 P.M. This evidence, together with the identification made by Mrs. Earber, the Sheriff's wife, and Deputy Sheriff W. L. Sharp, indicates rather definitely that the five above named men committed the crime and effected the escape of John Dillinger.

Fred Pierpont, during the interview with these Agents, identified the photographs of the above mentioned individuals as being the parties who stayed at the home of his parents on the night of October 11, 1933. Fred Pierpont is at the present time being held by authorities, pending further investigation.

Director.

- 4 -

10/24/33

Following a statement made by Fred, his mother, who had previously denied any knowledge of ever having seen her son since his escape, corroborated her son's statement about the convicts being at her home. Investigation by local authorities at Hamilton, Ohio indicates that the mob left there on October 19th.

The bullets found in the Sheriff's Office have been received by the Division and have been sent to Mr. Appel for the purpose of an examination.

Respectfully,

S. P. Cowley.

Laboratory Report

Case: UNKNOWN SUBJECTS, Sheriff Jesse Sarber, Lima, Ohio Number:  
Specimen: Victim.

#1, bullet which hit sheriff; #2, bullet which hit desk; #3, bullet found by Sergeant Swaney; #4, shell extracted from automatic pistol.

Examination requested by: Detroit Office.

Date received: October 24, 1933.

Examination desired: Determine caliber and kind of gun used.

Date of Report: October 28, 1933.

Result of examination:

Examination by: C. A. Appel.  
ON

Specimen #1 - This bullet is in good condition, has six grooves with a twist to the left and 1 cannellure, is metal coated, the length is .586 plus inches and the diameter .358 inches. The weight is 129.2 plus grains. From this it is concluded that the gun used was a 38 Colt automatic which is 5 $\frac{1}{2}$  inches long.

Specimen #2 - This is a metal coated bullet which has six grooves with a twist to the left, the cannellure is not visible. The diameter measures .354 to .404 inches, averaging .37, and the weight is 130 plus grains. From this it is concluded that this is the same kind of a bullet as specimen #1 and it was fired from the same kind of gun, that is, a 38 caliber Colt automatic. There are some small portions of the grooves left, but it is doubtful whether they could be used to identify the weapon as could those on specimen #1.

Specimen #3 - This is a lead bullet which has been deformed. It has plaster adhering to it. There are 2 cannellures. The diameter is .312 to .377 inches. There are 4 visible grooves and it is concluded that there are 6 in all. It is difficult to observe the twist of the grooves which, however, at the base where they are least distorted, appear for the short distance which is visible to slant to the left. This bullet weighs 149 plus grains and it is concluded that the weapon was a 38 caliber Colt long revolver. There is a possibility that it is a 38 caliber Colt specimen view of the fact that the weight may have been changed because of the condition of the bullet. The conclusion is based on the fact that the weight is nearest to that of the bullets used in a 38 caliber Colt long revolver. It might be possible to make an identification from marks on this bullet.

U. S. DEPARTMENT OF JUSTICE

- 2 -

The cartridge, specimen #4, bears the mark 38 ACP, Rem-  
umc on the base. There are marks on this cartridge similar to those made  
by a Colt automatic and it is an automatic type cartridge as shown by the  
shape of the base. This is probably one of the cases from which specimens  
1 and 2 were fired. An attempt should be made to find the other ejected  
cartridge case as it will help in any identification which may be attempted.

The specimens will be retained in the laboratory, in order  
that quick comparisons may be made, until their return is requested.

Director,  
Division of Investigation,  
U. S. Dept. of Justice,  
Washington, D. C.

Dear Sir:

Reference is made to telephonic communication received from Mr. Vincent Hughes on 10/14/33, requesting that officials at Lima, Ohio be contacted for the purpose of this Division's rendering aid with regard to the murder of Sheriff Jesse Sarber at Lima, Ohio on 10/12/33 during a jail delivery at which time a prisoner, John Dillinger, escaped from the county jail.

Dillinger, a former convict of the Indiana State Prison, Michigan City, Indiana, was incarcerated in the county jail at Lima, Ohio on a charge of bank robbery which occurred at Bluffton, Ohio. He was arrested by the Dayton, Ohio Police and subsequently removed to Lima on 9/28/33.

Accompanied by Special Agent (A) Conan, I proceeded to Lima on Saturday afternoon, following the call received from Mr. Hughes, and immediately went into conference with the Prosecuting Attorney, Mr. Ernest M. Botkins; Chief of Police J. W. Cooke; Inspector of Police B. J. Rooney and Detectives Clyde Dickson and James Goodwin who were engaged in this investigation. Also, an interview was had with Mrs. Jesse Sarber, wife of the slain sheriff, and Deputy Sheriff W. L. Sharp. It was determined through the above mentioned interview that at about 8:00 P.M. on the night of 10/12/33, three men entered the sheriff's office, stating that they were from the Indiana State Prison and came to get John Dillinger who was a parolee from that institution. The sheriff, who was seated at his desk, asked the man who was doing the talking, for his credentials and simultaneously the individual pulled a gun and advised the sheriff that that was his authority. It appears that the sheriff evidently made a move to reach his own gun which was on the desk and as he did so the slayer fired a bullet through the sheriff's abdomen. He then quickly jumped on the sheriff and began beating him on the head with the butt of a pistol. The sheriff fell helpless to the floor.

The second man then asked Deputy Sheriff Sharp for the keys and Mrs. Sarber, who was also seated in the room during the time of the shooting, rushed to the spot where the keys were kept and handed them to the criminals to avoid any further killing. The door of the jail was then opened and the three men commanded Deputy Sheriff Sharp and Mrs.

62-29777-15

Sarber to enter the jail, leaving the sheriff dying on the floor. They then called for Dillinger who hastily prepared himself to leave and after firing another shot into the jail proper, evidently to prevent any of the other inmates from following them, the criminals locked the jail doors and fled. Deputy Sheriff Sharp stated that he could see one man standing outside of the door leading to the sheriff's office, apparently on guard.

From all indications there were five shots fired - one which hit the sheriff, two others which were evidently fired at the sheriff but missed - one striking the desk and ricocheting to the other end of the room - the third striking the wall; the fourth was fired inside the jail and there is a bullet hole in one of the doors leading from the sheriff's office, indicating that one shot had gone in that direction. However, only four bullets were found.

Following the escape it was learned that two pistols had been stolen from the sheriff's desk by the killers, viz. #1 - 38 Police Special nickel plated Colt #357614-W. On the side of the handle of this gun was stamped "Property Allen County Sheriff"; #2 - 38 Colt, Detective Special Blued Steel, 2" barrel, #410172-A-1. This gun belonged to the sheriff. The other was the property of Deputy Sheriff Sharp. The keys which were furnished by Mrs. Sarber were also taken by the bandits.

A period of about 15 minutes elapsed before the sheriff was given medical aid and he died in the hospital two hours later. The authorities at Lima advised that evidently the blow on the head caused his death as the bullet into the abdomen did not hit any vital spots. Mrs. Sarber and Deputy Sheriff Sharp remained locked in the jail for 20 or 25 minutes until the locks could be knocked off to effect their release.

It appears that while Dillinger was incarcerated in the jail he had dropped statements to other prisoners, mentioning the name of Harry Pierpont, indicating that Pierpont was an escapee from the Indiana State Prison and that his home was near Lima. A search of records was immediately made and it was found that Harry Pierpont was one of the convicts who escaped from the Indiana State Prison at Michigan City, Indiana on 9/28/33, during the wholesale escape there. A photograph of Pierpont was secured and when shown to Mrs. Sarber she partially identified it as the man who shot the sheriff.

A posse was immediately formed which was led by Chief of Police J. W. Cooks of Lima, Ohio, and a search was made of the premises occupied by Harry Pierpont's parents and brother, about four miles from Leipsic and about 35 miles from Lima. This search took place about 10:00 P.M. on the night of the slaying, 10/12/33. No trace of the bandits

was found and there was nothing on the property to indicate that the killers were in that vicinity. However, an Oldsmobile Coach, Motor #113694, was found in the barn without license plates. When first questioned, Fred Pierpont, brother of the convict, stated that he owned the car, but later changed this and told several conflicting stories regarding the car, finally stating that an individual had appeared at his house about three weeks previous and had left the car for repairs. (It may be stated here that Fred Pierpont is a mechanic and occasionally repairs automobiles.)

Upon carefully going into this angle the Police Department learned that a car answering the description of an Oldsmobile had been seen in the vicinity of a bank which was robbed in St. Marys, Ohio on 10/3/33 and there appeared to be a definite connection therefore between this car and the bank robbery at St. Marys. The Police at Lima immediately dispatched a wire to the Automobile Protective and Information Bureau at Chicago, requesting to be advised if they had any information regarding this particular automobile, and in response they received a wire dated 10/14/33 from the above organization, advising that this Oldsmobile was sold by the Sheair Motor Sales Company, Chicago, and that same had not been reported stolen. The Automobile Protective and Information Bureau also advised that they had made an inquiry at the above address and learned that Charrington had rented an apartment there from 9/5/33 to 9/15/33, and that no forwarding address had been left.

Following the receipt of this wire Fred Pierpont was further interrogated and he stated at that time that Charrington was the name of the man who left the car in his garage to be repaired, and later identified the photograph of car in his garage to be repaired, and later identified the photograph of Harry Copeland who was a parole from the Indiana State Prison and also wanted in the holdup of the Daleville Bank, Daleville, Indiana on 7/8/33, as being Charrington. Deputy Sheriff W. L. Sharp, who was in the sheriff's office during the time of the shooting, partially identified the photograph of Copeland as the man who held the gun on him, Sharp. He also positively identified the photograph of Harry Pierpont as the man who shot the sheriff.

Fred Pierpont, the authorities advised upon our arrival at Lima, emphatically denied that he had any knowledge regarding the whereabouts of his brother or his brother's activities. Special Agent Genua and myself arrived at Lima about 8:00 P.M. on the night of 10/14/33 and after being informed of all the facts regarding this offense, it was deemed advisable to further interrogate Fred Pierpont. This interrogation lasted until 5:00 A.M. on the morning of 10/15/33, and although it was clearly indicated at that moment that he desired to talk and was in

possession of valuable information, he stated that he desired to consult his attorney and his father and mother before making any statement. We immediately took this matter up with the Prosecuting Attorney, Ernest M. Watkins, and the interested police officials, pointing out that it would be well to ascertain the attitude of his attorney, Mr. Warren of Leipsic, and attempt to have him request his client to give the necessary information. It was ascertained that Fred Pierpont's mother had taken an antagonistic attitude toward the police and not much co-operation could be expected from her. However, it was felt that with the assistance of the attorney she could be persuaded to render assistance.

Upon interviewing Mr. Warren, the attorney, and following a lengthy talk with him, it was determined that he would assist the authorities in every way possible, and following a general consultation between Fred Pierpont, his attorney and his parents, he talked freely and made a very complete statement. This statement has not as yet been prepared by the stenographer at Lima, but a copy will be forwarded to this office at the earliest possible date.

Fred Pierpont related in substance that shortly after the escape of the ten convicts from the Indiana State Prison on 9/26/33, his brother, one of the convicts, and four other men, three of whom were also escapes, and the fifth, Harry Copeland, a parolee from this institution and now wanted for bank robbery, appeared at his home late one night. He stated that their appearance was a complete surprise to him as his brother had not notified his family that he was intending to come to Leipsic. He stated that these five men stayed at the house for a short while and visited the entire family and then departed. His brother, Harry, at that time told him, Fred, that he had an Oldsmobile automobile which was not stolen but which one of the men who is now known to him as Copeland, alias Cherrington, had purchased, and that he would give Fred this automobile if he would call for it at Hamilton, Ohio where the gang indicated they were staying. Harry Pierpont furnished his brother with the address "1052 South 2nd Ave., Hamilton, Ohio".

Within the course of the next two or three days Fred, with his mother, father and grandmother, drove to Hamilton in the family automobile and upon arriving at Hamilton Fred separated from the other members of the family and proceeded to the above address. He stated that he had no intention of remaining there but planned to secure the Oldsmobile and immediately drive back to Leipsic. Fred stated, however, that upon his arrival at Hamilton his brother informed him that the bill of sale on the car had not arrived from Chicago where the car was purchased, and that he, Fred, would have to remain there until the next day for the purpose of securing the bill of sale. Fred stated that he went back to the spot

where his family were waiting and informed them to drive back to Leipsic and that he would remain in Hamilton over-night. Fred stated that the five men listed below, four of whom escaped from the Indiana State Prison on 8/25/25, and the fifth, Harry Copeland, alias Cherrington, were in the house at 1052 South 2nd Ave. and remained there with him during the night of 10/3/25:

#1 - Harry Pierpont, Indiana State Prison #11014, sentenced 8/6/25 for bank robbery to 10 to 21 years; description - age 31; height 5' 1"; weight 162#; medium build; eyes grey; hair chestnut; complexion light; scar 1" in back of head.

#2 - Russell Clark, Indiana State Prison #11261, sentenced 12/12/27 for bank robbery to 20 years; description - age 33; height 5' 1/2"; weight 167#; eyes grey; hair dark chestnut; medium build; scar middle of back; body covered with small moles.

#3 - Charles Makley, Indiana State Prison #12634, sentenced 6/23/28 for bank robbery to 10 to 20 years; description - age 44; height 5' 7 1/2"; weight 150#; build medium heavy; eyes grey; hair dark chestnut; complexion medium dark; tip of left index finger amputated; right leg short - limps slightly.

#4 - Edward Shouse, Indiana State Prison #13915, sentenced 6/4/30 for auto theft to 25 years; description - age 27; height 5' 7 1/2"; weight 150#; eyes medium blue; hair medium chestnut; complexion medium dark; build medium; scar depressed middle forehead; brown mole on right cheek.

#5 - Harry Copeland, alias Arthur S. Cherrington, Indiana State Prison #12251; description - age 38; height 5' 11"; weight 160#; brown eyes; hair dark brown; complexion fair; usually wears heavy mustache.

Fred went on to state that on the morning of 10/3/25 his brother, Harry, informed him that the gang was going away for the day and for him to make himself at home, and that they would be back in the evening with the Oldsmobile car. Fred stated that on the afternoon of 10/3/25 he went with a woman who was in the house, known to him as "Hona", to a small cottage along the banks of a river, about 12 or 14 miles from Hamilton, where they took a great quantity of groceries. He stated that it appeared to him as though someone was just going to move in; that with this woman he returned to 1052 South 2nd Avenue and shortly after their return the gang appeared and he was then given the Oldsmobile car which he drove back to Leipsic, his home. Fred stated that he believes there were Illinois license plates on the automobile before it was turned over to him. (Rare

It is interesting to note that on 10/3/33 the bank robbery took place at St. Marys, Ohio, at which time an Oldsmobile automobile was seen. It therefore appears that the gang went out on this bank job while Fred Pierpont remained in Hamilton.)

Fred further went on to state that on Wednesday evening, 10/11/33, the five above named individuals again came to his home at Leipsic late at night and stated that they desired to remain there over-night; that they were driving two automobiles - an Essex Coach and a Chrysler Sedan. He was unable to give a description of the license plates but believes that one of the cars bore Illinois plates; that they remained at the house over-night and on the following day, 10/12/33, which was the day the sheriff was murdered, they all departed in the two cars - his brother and another convict in the Essex and three in the Chrysler. This departure took place about 4:00 P.M. He stated that one car headed toward Lima and the other in the opposite direction. (Here it is interesting to note that it takes approximately one hour to drive to Lima and the murder took place at 6:00 P.M., which definitely places the five above named men in that vicinity at that time.) This evidence, together with the identification made by Mrs. Sarber, the sheriff's wife, and Deputy Sheriff W. L. Sharp, indicates very definitely that the five above named men committed the crime and effected the escape of John Dillinger.

During the interrogation Fred picked out the photographs of those five men and identified them as the persons who stayed at the home of his parents on the night of 10/11/33. (It may here be stated that neither Mrs. Sarber nor Deputy Sheriff Sharp have been able to identify the third man who was in the sheriff's office.) It appears that he stayed in the background. It was also known that the fourth man was at the side door and it is believed that the fifth was either at the front door of the sheriff's residence or in the automobile. Fred denied being implicated in the St. Marys bank robbery and offered proof as to places he visited in Hamilton while there on 10/3/33. It was ascertained that the authorities at St. Marys have secured the names of witnesses there who claim that they will partially identify Fred as being the driver of the Oldsmobile car, which is alleged to have been used in the robbery. In view of the above Fred is at the present time being held by authorities pending further investigation, and to avoid any further possible jail delivery, he has been removed to the county jail at Wapakoneta, Ohio without the knowledge of the public.

Following the statement made by Fred his mother, who denied any knowledge of ever having seen her son since his escape, corroborated her son's statement about the convicts coming to her home,

which strengthened the prosecution against the five men.

The interrogation of these people lasted until approximately 7:00 o'clock Sunday evening and with all of the information furnished, together with the address at Hamilton, Ohio and that of the cottage along the river banks, a posse was immediately formed and the authorities made a speedy trip to this point where they were met by several other officers from Indiana and points in Ohio. Fred warned the authorities to use extreme precaution, stating that he was well aware of the fact that the convicts would not be taken alive and that they had a great amount of ammunition and guns.

Special Agent Dennis and myself remained at Lima and worked out various angles of the crime with the prosecuting attorney. Upon the return of the authorities we were advised that a very extensive search was made at Hamilton and it was found that the five convicts had evidently left the above address on the night previous. In searching the house they found several pieces of clothing and indications therein reflected that the convicts had evidently left hurriedly. Also, a practically new Ford V-8 automobile was found in the back yard. This car was described as 1933 model, speedometer reading 4582 miles, bearing Illinois license plates #1264040, motor #1839482. It is believed that perhaps the above described license plates were the ones issued for the Oldsmobile car in Chicago. The authorities found no one at the cottage on the river banks nor at the house at 1052 South 2nd Ave., and further investigation along these lines is now being made. The authorities stated that in regard to the house on the river banks near Hamilton, it was determined through the owner that five men who answered the descriptions of the above named individuals, had rented the house for a period of one week, but he was unable to furnish any further information regarding them. The Oldsmobile car above referred to is at the present time in a garage in Leipsic, Ohio, being held by the authorities.

A copy of this communication is being forwarded to the Chicago office with the suggestion that the names of the convicts mentioned herein be furnished to the Police Department at that city, together with the information concerning the purchase of the Oldsmobile car, evidently by Copeland using the alias of Cherrington and giving the address of 2318 Sunnyside Avenue, Chicago. It is believed that perhaps all of these men were together in Chicago and perhaps all stayed at the above address there, and possibly were involved in several crimes during their stay in that city. Along this line the Federal Reserve messenger holdup is suggested in which a patrolman was killed.

Capt. Matt Leach of the Indiana State Police, who is

carrying on an extensive search for the convicts who escaped from the Indiana State Prison, informed me at Lima that he would forward photographs of the men with complete descriptions and other essential information to this office. We have on hand only the photographs of Copeland, alias Cherrington; Makley; Harry Pierpont and John Dillinger. Two of each of these are being forwarded to the Chicago office for identification purposes. It should, of course, be remembered that Dillinger was incarcerated during the time that the men are alleged to have been in Chicago. It is presumed that the photographs of Shouse and Clark, who are also escaped prisoners from the Indiana State Prison, are in possession of the Chicago Police.

If such action is deemed advisable by the Police, it is suggested that the photographs be exhibited to the person from whom the apartment was rented on Munnyside Avenue, and to the salesman of the Shear Motor Sales Company, Chicago, who sold the Oldsmobile car to Cherrington.

It has been ascertained that these five individuals are extremely "hard-boiled" and the robbing of banks appears to be merely a pastime.

Mr. Ernest M. Watkins, Prosecuting Attorney at Lima, informed the writer that authorities from the Ohio State Identification Bureau at London, Ohio, are conferring with him regarding the issuance of identification orders. In view thereof it does not appear necessary for the Bureau to render any assistance along this line.

John Dillinger who escaped from the county jail during the murder of the sheriff at Lima, is described as follows: Alias John Donovan Hall; age 30; height 5' 7 1/2"; grey eyes; hair light chestnut; medium complexion; Indiana State Prison #13225. It is respectfully requested that wanted notices be posted with the Identification Unit of the Division against the fingerprints of all of the convicts listed herein.

The bullets found in the sheriff's office, referred to in this communication, are being forwarded to the Division with the request that examination be made to determine the caliber and type of gun from which they were fired, which information will be furnished the prosecuting attorney. These bullets which are wrapped separately in small boxes and forwarded with this communication are described as follows:

#1 - is the bullet which hit the sheriff and was found by Sergeant Harry Grant and Patrolman Carl Bowers of the Lima Police Department.

MEMORANDUM FOR THE DIRECTOR, BUREAU  
OF PRISONS.

RECORDED

NOV 4 - 1933

BTD

I wish to acknowledge receipt of the letter addressed to you by Warden Robert H. Hudspeth, of the United States Penitentiary Annex at Fort Leavenworth, Kansas, under date of October 27, with its original enclosure of a letter addressed to the Warden, unsigned, but having been written by [REDACTED]

In accordance with telephonic conversation with Mr. Hughes, the Kansas City office of the Division was promptly advised of this letter by telephone on October 30 and instructed to have an Agent promptly interview prisoner [REDACTED]. The Division is not in receipt of a report covering the interview to date.

The original correspondence in this case is returned herewith for your files.

Very truly yours,

Director.

Encl. 860850.

RECORDED

NOV 4 - 1933

Dear Sir:

Confirming telephonic conversation of October 30,  
advising of the receipt of a letter by the Warden of the Leavenworth  
Penitentiary Annex from prisoner [redacted] requesting  
that an Agent of the Division call upon him as he has some information  
to impart concerning the escapes from the penitentiary at Michigan  
City, Indiana, and other matters, there are enclosed herewith, for  
your information, a copy of a letter addressed to the Director of the  
Bureau of Prisons by Warden Robert H. Hudspeth, dated October 27,  
and a copy of the letter addressed to the Warden by prisoner [redacted]  
but which does not bear his signature.

A copy of this letter is also being forwarded to the  
Cincinnati office in order that it may be fully informed of the  
background upon receipt of a report from your office covering the  
interview with prisoner [redacted]

Very truly yours,

Director.

MEMORANDUM FOR THE DIRECTOR.

Agent in Charge Larson at Detroit called on the telephone and stated that he received a telephone call from Captain Leech, of the Indiana State Police, requesting that he, Larson, meet Leech at Indianapolis tomorrow morning as Captain Leech has some important information which he would like to submit to Larson in connection with the escape of the ten convicts from the Indiana State Penitentiary. It appears that Larson met Leech at Lima, Ohio, when he went down there several days ago to seek information concerning the murder of the Sheriff there by these fugitives. Larson stated he looked upon Leech as a very substantial officer and in fact had asked him if he felt that the information he had would warrant his travel to Indianapolis and Captain Leech replied that he was quite sure that it did. I authorized Larson to proceed to Indianapolis. You were out at the time.

Respectfully,

V. W. Hughes.

Director,  
Division of Investigation,  
United States Department of Justice,  
Washington, D.C.

Dear Sir:

In accordance with the telephonic communication of Mr. V. W. Hughes to Special Agent in Charge Conroy on October 30, advising that the Division was in receipt of a letter from Mr. Bates, the Director of Prisons, which had been forwarded by Warden Hudspeth of the Leavenworth Annex Penitentiary, written by [redacted] relative to information in the recent prison break at Michigan City, Indiana, Special Agents B. R. Allen and G. F. Hurley interviewed [redacted], who stated that he was sentenced to the penitentiary from Cleveland, Ohio, in 1928, and that he was paroled and violated his parole by robbing the post office at Auburn, Indiana, after which he was returned to the Leavenworth Annex Penitentiary for violation of said parole. [redacted] advised that he still has fifteen months to serve. [redacted] states that he has cooperated at various times with Post Office Inspector W. B. Piatt at Ft. Wayne, Indiana, in solving post office robberies.

b7D

[redacted] further stated that one Charlie Zimmerman, a former Sheriff at Angola, Indiana, is a ring-leader and directs operations of a gang of criminals operating in and around Portland, Indiana, Geneva, Indiana, and Ft. Recovery, Ohio. [redacted] advised that Zimmerman was tried for murder at Angola in May, 1928, but was acquitted. [redacted] further advised that one Red Mersky, one Whitey Bechtel and one Paul Burgett are three desperate bankrobbers who work under the direction of Zimmerman. [redacted] advised that Paul Burgett was a former Deputy Sheriff at Angola under Zimmerman, and that Burgett was arrested with Mersky and Bechtel for possession of T.N.T. and guns.

[redacted] also mentioned the names of Walter Davis and Eb Landis as members of the Zimmerman gang. He likewise mentioned the name of Willard Comer, who is now serving a sentence at

2.

Michigan City, stating that Comer is connected with the Zimmerman gang.

██████████ stated that he knew eight months ago the Zimmerman crowd had planned to rob several police stations, in order to obtain possession of machine-guns, and that it is possible that Red Mersky smuggled guns into the Michigan City prison a short time prior to the break. ██████████ states that he bases this belief on the fact that Mersky was sentenced to Michigan City, but remained there only one week, having been released on an appeal bond.

██████████ stated that Zimmerman has a farm near Ft. Recovery, Ohio, and also runs a restaurant and speakeasy at Ft. Recovery, and, due to the proximity of Ft. Recovery to Portland, Indiana, and Geneva, Indiana, and due to the fact that Eb Landis has a farm near Portland Indiana, he, ██████████ is positive that Pierpont and other prisoners who escaped during the Michigan City prison break will be found in the vicinity of Portland or Geneva, Indiana, or Ft. Recovery, Ohio.

██████████ further stated that a postal inspector, whose name he does not recall, located at Ft. Recovery, Ohio, and who, he believes, works from the office of the Chief Post Office Inspector at Cincinnati, Ohio, (whose name it has been learned is possibly "Pate") has valuable information in connection with the above mentioned individuals.

b7D ██████████ stated that it may be possible for him to obtain the names of the persons who actually took the guns and ammunition into the Michigan City prison, and, if he can obtain same, he will turn the information over to Warden Hudspeth. Warden Hudspeth was advised of this fact, and stated that should he receive this information, he will communicate with the Kansas City office immediately.

Carbon copy of this letter is being furnished to the Cincinnati office for their information.

Very truly yours,

November 4, 1933.

MEMORANDUM FOR THE DIRECTOR

On October 26, 1933, Special Agent in Charge Larson telephoned Mr. Hughes of the Division requesting authority to proceed to Indianapolis, Indiana, for the purpose of conferring with Captain Leach of the Indiana State Police concerning the escape of the 10 convicts from the Indiana State Penitentiary. The files do not contain a report covering the activities of Agent in Charge Larson at this point.

The Division is in receipt of a letter dated October 28, 1933, from the Cincinnati office, copies of which were furnished the Detroit and Chicago offices. Mr. Connelley in this letter reports that he has been in conference with Walter Hentzer of the Indiana State Police and has offered every assistance that can possibly be rendered by this Division under the circumstances. Mr. Connelley has furnished the Detroit and Chicago offices with information obtained from the Indiana State Police concerning the various subjects, setting out their correspondences, visitors, etcetera, while they were incarcerated in the Michigan City Penitentiary. It does not appear, however, that photographs were furnished with Mr. Connelley's letter and I am arranging to have photographs furnished to all of the interested offices. Mr. Connelley in his letter makes reference to a possible violation of the National Motor Vehicle Theft Act on the part of Mr. and Mrs. Stanley Wagner and Mr. and Mrs. Larcy Hooten, who are known to have assisted in harboring the fugitives in this case.

Mr. Connelley reports that Special Agent Bliss Norton at Indianapolis, Indiana, has been instructed to keep in close contact with Captain Matt Leach of the Indiana State Police in order that he may be kept advised of the progress being made in this investigation.

Respectfully,

A. E. Neely.

 Mr. Clegg

FILE

Warden Kunkel was unable to advise if the Division had been notified by telegram or otherwise to place wanted notices for the escapes. He was informed regarding the proper procedure to take in all escape cases where it is known that the fingerprints of the escaped convicts are on file with the Division at Washington. Subsequently, Warden Kunkel furnished this office with a photograph of each of the escapes and their associates. Photostatic copies of the photographs are being attached hereto for your information.

On October 24, 1933, Special Agent T. E. Billings conferred with William Schoemaker, Chief of Police, Chicago Police Department, who advised that about noon on that day one Edwin J. Leeper, 6044 Stony Island Avenue, Chicago, a former convict of the Indiana State Prison, had appeared at the Detective Bureau and stated that he had observed two men in a Buick Sedan on the streets of Chicago that day, and that he recognized one of them as Joseph R. Burns, Indiana State Prison No. 8703, and he believed the other was Charles Makley, Indiana State Prison No. 12636. Leeper stated that when he observed Burns and Makley, they were engaged in repairing a tire on a car, and while so engaged a Studebaker Sedan with three or four men drove up and after some conversation with Burns and Makley, the men in the Studebaker departed.

Special Agent W. A. Smith ascertained, through Lieutenant John Howe, Chicago Police Department, that he has several men working on the prison break exclusively, and there are several members of the Indiana State Police who are working in Chicago with Lieutenant Howe. The Chicago and Indiana State Police are checking all known hang-outs, telephone numbers and addresses in this vicinity, with a view of ascertaining contacts of the escapes. Lieutenant Howe will provide this office with all available information in instant case and continue cooperating with the Indiana State Police and this Division with a view of apprehending the escapes.

Special Agent W. J. Devereux has been instructed to continue assistance with the State Police at South Bend and Fort Wayne, Indiana, with a view of collecting and submitting additional data which may lead to the location of the escapes.

General information regarding the escape has been broadcast throughout this vicinity and related in press reports.

An agent from this office will obtain all additional data possible at Michigan City, Indiana, and this office will continue to cooperate with the local and State Police, furnishing you the available facts at intervals.

Very truly yours,

*D. O. Smith*  
D. O. SMITH

Acting Special Agent in Charge

DOS:AB  
CC-Detroit; Cincinnati  
Encs.

On March 16, 1934, there were received in the Division of Investigation from the Sheriff at Mason City, Iowa, some latent fingerprints which had been found on the steering-wheel of an automobile used in a recent bank robbery at Mason City, Iowa. The Sheriff requested that these latent fingerprints be compared with the fingerprints of John Dillinger, whose photograph had been identified as the likeness of an individual who had participated in the robbery of this bank, and with the fingerprints of Frank Dennis Carpenter, who was believed to be an associate of John Dillinger.

The photographs of John Dillinger and Frank Dennis Carpenter, which are attached hereto, disclose a striking resemblance between the two as to facial characteristics, and their physical descriptions appear quite similar. However, the fingerprints of these individuals definitely show that they are not identical. Their descriptions are:

FRANK DENNIS CARPENTER

JOHN DILLINGER

Age	35	31
Height	5-8 1/2"	5-7 1/8"
Weight	150 pounds	153 pounds
Build	Medium	Medium
Hair	Dark chestnut	Medium chestnut
Eyes	Medium Blue	Grey
Complexion	Medium Dark	Medium
Occupation	Auto Dealer	Mechanic

John Dillinger is wanted by the Sheriff's Office, Lake County, Indiana, on a charge of murder, which crime he is alleged to have committed while participating in a bank robbery. He is also wanted by the Federal Government for violation of the National Motor Vehicle Theft Act.

Frank Dennis Carpenter is also wanted by the Federal Government for violation of the National Motor Vehicle Theft Act, having

MS

been indicted by the Federal Grand Jury, at Los Angeles, California on March 23, 1932, for the interstate transportation of a stolen Auburn Sedan, from St. Louis, Missouri, to Los Angeles, California, on or about June 30, 1931. He has also been positively identified as the bandit who robbed the State Bank of Byron, Minnesota, on March 17, 1933, of \$3,400.

There appear in the fingerprint files of the Division of Investigation the following known criminal records of John Dillinger and Frank Dennis Carpenters

JOHN DILLINGER

As John Dillinger, #14395, received State Reformatory, Pendleton, Indiana, September 16, 1924; crime, assault and battery with intent to rob and conspiracy to commit a felony; sentences, 2 to 14 years and 10 to 20 years respectively.

As John Dillinger, #13223, received State Prison, Michigan City, Indiana, July 16, 1929; transferred from Indiana State Reformatory; paroled under Reformatory jurisdiction, May 10, 1933; parole revoked by Governor - considered as delinquent parolee.

As John Dillinger, #10587, arrested Police Department, Dayton, Ohio, September 22, 1933; charge, fugitive; turned over to Allen County, Ohio, authorities.

As John Dillinger, received County Jail, Lima, Ohio, September 28, 1933; charge, bank robbery; escaped October 12, 1933.

As Frank Sullivan, arrested police Department, Tucson, Arizona, January 25, 1934; charge, fugitive; turned over to Lake County, Indiana, authorities.

As John Dillinger, #14487, arrested Sheriff's Office, Crown Point, Indiana, January 30, 1934; charge, murder - bank robbery; escaped March 3, 1934.

FRANK DENNIS CARPENTER

As William Carpenter, #695, arrested Police Department, Waterbury, Connecticut, February 16, 1914; charge, theft from a poor box; fined \$5 and costs, and 30 days to 1 year probation.

As Frank Burke, #385, arrested Police Department, Long Beach, California, January 11, 1915; charge, Grand Larceny - auto thief; returned to Police Department, Los Angeles, California; disposition not given.

As William H. Carpenter, #497, arrested Police Department, Hartford, Connecticut, May 18, 1917; charge, theft of auto; discharged to Police Department, Windsor, Connecticut.

As Frank Carpenter, #736, received State Reformatory, Cheeshire, Connecticut, June 9, 1917; - crime, theft of auto; sentence, indefinite.

As Frank R. Carpenter, #2927, arrested Police Department, Springfield, Massachusetts, June 26, 1921; charge, assault and robbery while armed; disposition not given.

As Frank Carpenter, #4876, received State Penitentiary, Concord, New Hampshire, October 26, 1925; crime, stealing; sentence, 4 to 5 years.

As Frank Dennis Carpenter, #24444-Y-1, arrested Police Department, Minneapolis, Minnesota, March 22, 1932; charge, investigation - Byer Act; delivered to Deputy United States Marshal; released on bond; forfeited.

DEPARTMENT OF JUSTICE  
UNITED STATES PENITENTIARY ANNEX  
FORT LEAVENWORTH, KANSAS.

October 27, 1933.

The Director  
Bureau of Prisons  
Department of Justice  
Washington D C

Dear Sir:

I am submitting the enclosed to you in order that you may place it in the proper hands for further investigation if you see fit.

b7D

The writer of this unsigned letter is [redacted] at present confined in this institution. As they are having so much serious trouble in the state of Indiana it is just possible that this man can give some valuable information in connection with matters he mentions in this letter since he has been known to have given valuable information to officials of that state at the time he was held in various jails as a parole violator.

Very truly yours,

(sgd) Robert H. Hudspeth

Warden

Note: 10/30/33

Warden R. H. Hudspeth

Dear Sir:

I have some information in regards to that prison break at Michigan City, Indiana. Also know who held up those two police stations in Indiana last week and obtained those machine guns and bullet proof vests, etc.

I would appreciate it very much if you would have a Dept of Justice man or a Post Office Inspector call to see me so that I may impart this information to him. He could send it on to Post Office Inspector Pratt at Ft. Wayne, Indiana, who is interested in this information because these same men have committed numerous P.O. robberies in that vicinity.

Respectfully,

Indiana State Prison

# UNITED STATES BUREAU OF INVESTIGATION

Form No. 1

THIS CASE ORIGINATED BY **DETROIT, MICHIGAN**

DATE **11-8-33**

REPORT MADE AT <b>DETROIT, MICHIGAN</b>	DATE WHEN MADE <b>11/8/33</b>	PERIOD FOR WHICH MADE <b>10/17 &amp; 18/33</b>	REPORT MADE BY <b>MR. LARSON</b>
TITLE <b>HARRY PIERPONT alias FROST MASON; RUSSELL LEE SLANK alias R. L. FREED; CHARLES MARLEY alias MACK GRAY alias A. OWENS alias CHARLES MOORE; EDWARD BROUSE; JOHN HAMILTON alias JACK CAMPBELL; HARRY COPELAND; JOHN DILLINGER</b>			CHARACTER OF CASE <b>MOTOC VEHICLE THEFT AND MURDER OF SHERIFF JESSE BARBER, Lima, Ohio</b>

**SYNOPSIS OF FACTS**

Investigation looking toward the location and apprehension of Subjects, who are also wanted as escaped convicts from the Indiana State Penitentiary, Michigan City, Indiana. Names of friends and relatives of some of the individuals secured but undeveloped leads have been sent out to interested offices.

**REFERENCES**

Letter from Detroit to the Division dated October 20, 1933; letter from Cincinnati to Division dated October 22, 1933; letter from Chicago to Division dated October 23, 1933, referring to telephonic instructions from Director with regard to aiding and assisting State authorities in the location and apprehension of the Subjects listed in this report.

**DETAILS**

It will be observed in reference communications that the above named individuals, five of whom escaped on September 26, 1933 from the Indiana State Penitentiary at Michigan City, Indiana and two of whom are paroled from that institution and wanted in various sections of the country for bank robbery, were implicated in the murder of Sheriff Jesse Barber, Lima, Ohio on October 12, 1933 during the escape from the County Jail by Subject John Dillinger, who was being held at Lima on a charge of bank robbery which took place at Bluffton, Ohio, Dillinger having been originally arrested at Dayton, Ohio and subsequently removed to Lima to await trial.

COPIES OF THIS REPORT FURNISHED TO: Division - 2 Cincinnati - 2 Chicago - 2 Detroit - 2 St. Louis - 2 W.L.MED		NOV 8 1933 A.M.	NOV 13 1933
ROUTED TO:		BUREAU OF INVESTIGATION	

*Keep behind file*

they played an important part in the escape of the ten convicts from the Penitentiary on September 26, 1933. It is also alleged that these two individuals had, prior to the escape of the other convicts, committed several bank hold-ups in Indiana and surrounding states.

It will be noted that complete descriptions of all of the above men are set out in the communication to the Division from the Chicago Office dated October 30, hence, it is not deemed necessary to again set out the descriptions in this report.

This office has been confidentially informed by the Prosecuting Attorney and police at Lima, Ohio, that secret indictments have been returned against all the Subjects listed in the title of this report, charging them with the murder of Sheriff Barber.

Since the crime at Lima was committed, it is believed that all of these Subjects have taken part in a series of bank robberies and also two police station hold-ups at Peru, and Auburn, Indiana.

The first police station hold-up was that at Auburn, which took place about October 14, at which time several guns were stolen.

At Peru, Indiana, a town of 15,000 population, on October 21st, the police station was robbed and the following articles taken:

- 2 Machine Guns
- 1 Tear Gas Gun
- 5 Rifles
- 2 Sawed off shotguns
- 1 .12 gauge repeating shotgun
- 12 Bullet proof vests
- 1 .32 Cal. Automatic
- 1 .45 Cal. Automatic
- 5 .38 Specials
- 5 Police Badges

Agent was advised by Captain Leach of the Indiana State Police, that Subjects Charles Makley and Harry Copeland were partially identified in this hold-up.

Since January 1, 1933 there have been 51 bank robberies in the State of Indiana, with an alleged loss of \$224,000. There have been three bank robberies in Indiana since the escape of the convicts from the Indiana State Penitentiary and Captain Matt Leach of the Indiana State Police and Al Feeney, Director of Public Safety, believe that these

Individuals perhaps took part in the robbery at Greencastle, Indiana where they have partially been identified. There have, however, been bank robberies in Ohio and other surrounding States which might be charged to these individuals. Mr. Feeney informed Agent that the information recently published by newspapers to the effect that the Governor had called out the militia is erroneous but to cope with the situation, arrangements have been made through the Director of Public Safety and the American Legion throughout the State of Indiana to form a vigilance organization, that the various posts of the American Legion will pick men who will keep in touch with the Sheriff's Office in the various counties. Many of the main roads in Indiana are now being watched through this arrangement. The majority of the convicts who escaped from the Indiana State Penitentiary reside either in Indiana or nearby States and there is every indication, because of recent developments, that they are continuing to stay in that vicinity.

Upon Division approval, Agent proceeded to Indianapolis, Indiana and there thoroughly discussed the entire situation with Captain Matt Leach of the Indiana State Police and with Al Feeney, Director of Public Safety.

It was learned that Harry Copeland is now evidently in Chicago. However, the authorities are desirous of not taking any specific action regarding the apprehension of Copeland, as it appears that all of the Subjects will evidently congregate, so that there is a possibility that they might all be apprehended together.

Agent was furnished a list giving the names of visitors received by the Subjects who escaped from the Indiana State Penitentiary, together with the correspondence record and it was determined through Captain Leach that the majority of these angles have been covered by his organization. It is understood that Lieut. Howe of the Chicago Police Department is working closely with the Indiana State Police on this matter and considerable valuable information is being received in Chicago through the tapping of telephones of associates of the fugitives. It is through this medium that it has been determined that Harry Copeland evidently is at the present time in that city, which information was determined from individuals talking over the telephone from the residence of Mrs. William Donahue, 1941 Warren Boulevard, Chicago.

Undeveloped leads will be set out in this report covering those angles which have not received attention by the Indiana State Police.

While at Indianapolis, Agent conferred with Chief of Police Massie of Muncie, Indiana who stated that Harry Copeland was born

and brought up in that city, that his parents still reside there, that Copeland was seen in that city a short time ago visiting a friend and indicated that he would return with his gang within the period of a few days. This matter was carefully gone into with Captain Leach of the Indiana State Police and officers are keeping a watch on the place.

Upon carefully going into this entire matter with officials of the Indiana State Police, it has been determined that they have the situation well in hand and every important angle is receiving careful attention. Captain Leach informed Agent that he and his men will keep in touch with the Division office at Chicago and also Walter Mentzer, who is at the present time concentrating his efforts at Hamilton, Ohio, is keeping in close touch with the Cincinnati office.

Prior to Agent's departure for Indianapolis a conference was had with officials of the Michigan State Police at Lansing, Michigan in an effort to determine whether or not there was any possibility of the fugitives referred to herein, having been in recent bank robberies here. There only appears to be one possibility along this line, which refers to Subject Dillinger.

Following the Holland, Michigan bank robbery, a chart was found in an abandoned automobile used by the bandits which had carefully been prepared, showing the route to be followed by the robbers after the offense had been committed in order to avoid being apprehended. It was learned from the Indiana State Police following the apprehension of Dillinger in Dayton, Ohio some months ago, that he had similar charts in his possession, one in particular which would indicate that he had planned the get-away for the escaped convicts from the Indiana State Penitentiary at Michigan City, Indiana on September 26. Also, two other charts which referred evidently to bank robberies outlined the route to be taken, which referred to isolated roads, etc.

In view of the possibility that the fugitives might cross the Michigan State line during their escapades, complete information was furnished the Michigan State Police, who will be on a constant look-out. There are being furnished herewith, complete sets of photographs, together with descriptions, of all of the Subjects involved in the instant case and of the others who escaped from the Indiana State Penitentiary, which are in the form of circulars and obtained from the Indiana State Police at Indianapolis.

MEMORANDUM FOR THE DIRECTOR

On October 26, 1933, Special Agent in Charge Larson telephoned Mr. Hughes of the Division requesting authority to proceed to Indianapolis, Indiana, for the purpose of conferring with Captain Leach of the Indiana State Police concerning the escape of the 10 convicts from the Indiana State Penitentiary. The files do not contain a report covering the activities of Agent in Charge Larson at this point.

The Division is in receipt of a letter dated October 28, 1933, from the Cincinnati office, copies of which were furnished the Detroit and Chicago offices. Mr. Connelley in this letter reports that he has been in conference with Walter Mentzer of the Indiana State Police and has offered every assistance that can possibly be rendered by this Division under the circumstances. Mr. Connelley has furnished the Detroit and Chicago offices with information obtained from the Indiana State Police concerning the various subjects, setting out their correspondence, visitors, etcetera, while they were incarcerated in the Michigan City Penitentiary. It does not appear, however, that photographs were furnished with Mr. Connelley's letter and I am arranging to have photographs furnished to all of the interested offices. Mr. Connelley in his letter makes reference to a possible violation of the National Motor Vehicle Theft Act on the part of Mr. and Mrs. Stanley Wagner and Mr. and Mrs. Leroy Hooten, who are known to have assisted in harboring the fugitives in this case.

Mr. Connelley reports that Special Agent Bliss Morton at Indianapolis, Indiana, has been instructed to keep in close contact with Captain Matt Leach of the Indiana State Police in order that he may be kept advised of the progress being made in this investigation.

TOP SECRET

DIVISION OF INVESTIGATION  
U. S. DEPARTMENT OF JUSTICE  
WASHINGTON, D. C.

November 7, 1933

MEMORANDUM FOR THE DIRECTOR

Mr. Purvis called on the telephone late Monday evening and stated he had a request from the Assistant United States Attorney at Milwaukee, Wisconsin, for an immediate investigation of the theft of 12 guns and much ammunition from an armory of the American Legion at Milwaukee, the guns and ammunition being Government property; that these guns were allegedly stolen by the farmer strikers and the United States Attorney was of the view that an immediate investigation should be made, sending several Agents to conduct the inquiry. Mr. Purvis stated he proposed to have one Agent make an investigation of the theft of the guns only and he proposed to have another agent let it be known he was investigating only the theft of the guns. I suggested to him that this would be entirely proper and that he should be very careful not to become embroiled in the farmer strike.

Mr. Purvis stated also that he had word from Special Agent Devereux, from Indiana, that he had an informant who knew the whereabouts of two of the Michigan City, Indiana, escapes and that by using another informant it was thought they might obtain from these escapes the whereabouts of four additional escapes. I suggested to Agent in Charge Purvis that if they knew of the whereabouts of two escapes, Agent Devereux should immediately notify the police and accompany them in an effort to make an apprehension.

Mr. Purvis also inquired if a decision had been handed down in the Factor case and I told him it apparently had not, at least I had not heard of it. He stated he had located Factor who was still in Chicago.

Respectfully,

V. W. Hughes  
V. W. HUGHES

RECORDED

62-2477-14

NOV 9 - 1933

NOV 9 1933

7

October 31, 1933.

Mr. Robert Hulsbeth,  
Warden, U. S. P. Annex.

Dear Sir:

When I first wrote you over a week ago, I had information that day of the whereabouts of two of the men that escaped from the State Prison at Michigan City, Ind. The exact word I had at that time was, that, they were in Indianapolis, Ind. and were going North (Portland, Ind.) in the next few days. These two men stopped at the home of an inmate of this institution. This inmate was formerly connected with some of the boys that escaped Michigan City. I did not give this information to the D. of J. men that interviewed me today because of two reasons - that it would be a waste of their time to go there now - and second, because I believe it best for this inmate not be interrogated, by officials at the present time, because I have his confidence and he will inform me of any new developments. Were he to be questioned now, he would know where the information came from and he would get word to the outside that I had talked and that would mean the outfit would scatter out. I gave these two D. of J. men the location of the main rendezvous in Indiana and something from that source should develop in the next few days.

I do not know, yet, who smuggled the guns into the prison but I do have a lead on it. It will take me a few days to get the positive information. In the interim I would suggest that the D. of J. locate and keep under surveillance a Miss Bee Harding. She will either be in Chicago, Michigan City or Portland. That can be determined by getting the address at Michigan City from the visitors record. She has been writing and visiting Willard Comer at that prison.

I have had word that I may be returned to Indiana sometime next month to testify in a perjury case. Of course I realize that it is up to the Att. Gen. to say whether or not I shall be removed from this place for that purpose. If I am returned to act in that capacity I would like to make this suggestion; that during that time, I be placed in the custody of two able D. of J. men who are capable of assuming the role of an underworld character. I will introduce them and set them in with the different outfits throughout Central Indiana whom are associated with the men who escaped from Michigan City. I can guarantee that within 48 hours of our arrival in Indiana I will be in contact with at least four men who are escaped from M. C. Through them the location of the rest can be obtained. I have worked in this capacity before - letters in Mr. Buehlars office will verify that and also state the reliability of my statements and the dependency that can be placed in me during such a time.

COPIES DESTROYED

170 Aug 31 1964

62-29777-27

It may seem that I have some ulterior motive in view for offering these suggestions. Such is not the case. I am merely trying to get my slate clean and I have the promise of a P. O. Inspector to try to get me a job with the D. of J. as an undercover man. With the experiences I have had in prison life and with the associations I have made, I undoubtedly would be successful in this work.

Kindly send the above information on, to the two gentlemen who called on me today.

Respectfully,  
[REDACTED]

Kansas City, Missouri.

Dear Sir:

With reference to your letter dated November 8, 1933 with which you transmitted a copy of a letter received from [redacted] United States Penitentiary Inmate, Fort Leavenworth, Kansas, by Mr. Robert Rudspeth, Warden of the Penitentiary in which [redacted] sets forth a proposition to assist in the apprehension of certain escaped convicts from the Indiana State Prison.

b7D

You are instructed to make necessary arrangements with Warden Rudspeth to be notified when [redacted] is returned to Indiana to testify in a perjury case so that appropriate arrangements can be made with either the Detroit or Cincinnati Offices of the Division to have an Agent interview [redacted] for the purpose of obtaining whatever information he cares to divulge with reference to the whereabouts of the escaped convicts.

Very truly yours,

Director

RE: SUSKILL CLARK, et al.  
Escapes from Indiana State Prison

Dear Sir:

In addition to the photographs forwarded to you with my letter dated November 6, 1933 in the above-captioned case, I am transmitting herewith photographs of four additional ex-convicts whose descriptions are set out below and which should be placed on the reverse side of the respective photographs. These individuals are believed to be associating with the night fugitives listed in my letter dated November 6, 1933.

Memorandum for Mr. Purvis.

Re: Escapes from Indiana State Penitentiary,  
Michigan City, Indiana.

Supplementing my memorandum regarding the above subject, dated November 8, 1933, I wish to state that during my talks with Joseph Taylor, the under cover operator for Warden Louis Kunkel, he mentioned that he had four of the escaped convicts lined up in Ohio, stating that they were around Defiance, Ohio, but would not enlarge on the information, stating that he could get them any time he wanted.

Today I talked with Detective Leo Berner of the South Bend police regarding the information which Taylor might have given the police the same night he talked to me, and Mr. Berner stated that Taylor told him and the other officers that he had four of the escaped convicts lined up near Bremen, Indiana.

It is probable, in view of the varying locations of the four convicts, as related by Taylor, that the whole thing is concocted and that there is no truth in anything he says.

DIVISION ONE  
U. S. DEPARTMENT OF JUSTICE

Director,  
Division of Investigation,  
U. S. Department of Justice,  
Washington, D. C.

Dear Sir:-

There is attached hereto a copy of a memorandum submitted to me by Special Agent W. J. Devereux concerning the recent escapes from the Indiana State Penitentiary at Michigan City, Indiana.

In this memorandum it will be noted that an individual by the name of JOE TAYLOR has requested the assistance of this Division in the placing of a Special Agent, working undercover, in with some of the escapes whom he claims to have located.

Special Agent Devereux, in addition to this memorandum, has informed me that he specifically requested Taylor to advise him as to the locations of these prisoners, whose whereabouts he claims to know. He declined to furnish this information to Special Agent Devereux.

From a discussion of this matter with Agent Devereux and from noting the so-called developments mentioned by Taylor, it is my opinion that he is entirely unreliable and that the information in his possession is without value whatever. I will keep in touch with this situation and inform the Division of any developments.

Very truly yours,

*M. H. Purvis*

Memorandum for Mr. Purvis.

Re: Indiana State Penitentiary escape,  
Michigan City, Indiana.

About 5:00 PM on Monday, November 6, 1933 while at the Federal Building at South Bend, Indiana I received a telephone call from one Joe Taylor representing himself as being working for Warden Louis Kunkel of the Indiana State Penitentiary, Michigan City, Indiana, in an attempt to locate and apprehend the escape convicts from said penitentiary. This person desired me to meet him across from the post office building as soon as possible and I did so immediately after the call.

Joe Taylor told me hurriedly that he had been working under cover ~~for a week or more~~ for Warden Kunkel and had been with Hamilton and Shouse, two of the escaped convicts, all that afternoon, drinking and playing cards; that just before he phoned me he had driven the two men to a house located at the north west corner of Washington and La Porte Streets, South Bend, Indiana. He suggested that I go with him later that night to meet the two men, representing myself as being an convict, just as he had been doing. I told him that I could hardly work under cover in South Bend since I had been living here too long. He wanted to know then whether I could suggest someone to do such work. I told him that I would call into Chicago and ask you.

Taylor then stated that he wanted to call Warden Kunkel and get some information and accordingly he accompanied me to my residence where he put in a call for Louis E. Kunkel, Warden of the Indiana State Penitentiary, Michigan City, Indiana. When the connection was made, I gathered from the one sided conversation that Warden Kunkel, upon being told by Taylor that he, Taylor had been with two of the escapes that afternoon, asked him why he did not cause the two escapes to be arrested. Taylor stated over the phone that he had in mind to work along with the two men in South Bend for awhile in hope of getting some information regarding two more of the escapes; that he, Taylor knew where four of the convicts were in Ohio and he thought that he could catch all eight of the men if he were allowed to proceed in his own way. The upshot of the conversation must have been that Kunkel told him to go ahead and do the job the way he wanted.

Later, after receiving advice from you that it would not be possible to put a man in with the two persons supposed to be the escapes, I informed Taylor who immediately stated that the whole deal was off; that he couldn't get cooperation and therefor he was going to drop the entire work. I suggested to him that my idea of the matter was to go and take the two escapes he had lined up and forget about the others for the time being. He stated he didn't want to do that but finally stated he might consider it. I also suggested that the South Bend police be contacted for assistance but he stated that he would not work with the police; that he did not trust them, and that if he decided to 'take' the escapes he would do it himself.

62-29777-30

Taylor got in touch with later in the evening and asked me to go out with him which I did. We went to the suspected house and upon being admitted and shown to the room of a man whom Taylor called George, he, Taylor, wanted me to take the man into custody on the theory that he was a member of the 'Khaki Shirts' from Philadelphia. I told him that I could not take the man into custody for any such reason. I assured myself that the man, who gave his name as George Husvar, was not any of the escaped convicts. Taylor acted pretty tough throughout the affair and I began to entertain doubts as to whether he had ever seen any of the escaped convicts, much less having been around with them all day long.

After I left Taylor for the night, he telephoned me and stated that he had had Chief of Police Kuespert arrest George Husvar.

The next day, Tuesday, November 7, 1933 I went to Michigan City, Indiana where I had a long talk with Warden Lewis E. Kunkel, of the Indiana State Penitentiary. Mr. Kunkel, in response to my inquiries regarding Taylor, informed me that while Taylor was working for him in trying to get a line on the escaped convicts, he had known nothing of the man before he came to Michigan City a short while after the escape with an introduction from Mr. Chester, secretary to Congressman Pettengill of South Bend, Indiana. Warden Kunkel told me that Taylor had served time at Michigan City prison for forgery some time ago and was supposed to know some of the men who had escaped from the prison and was in a position to get further valuable information. He stated however, that he doubted whether Taylor knew anything more about the whereabouts of the escapes than any ordinary citizen. He stated that Taylor had been running all over the State of Indiana on what were supposed to be 'hot tips' but that thus far there has been no information regarding the whereabouts of any of the escapes, much less the bodies of the escapes. In other words Warden Kunkel is of the opinion that Taylor is a fraud and knows nothing of value.

While at the prison, I informed the warden that he ought to take advantage of our fingerprint division in posting his wanted notices when men escaped the institution and that the best thing to do would be to wire the name and prison number of the escape and later follow the wire with a letter of request. I also told him that if the Division could be of use to him in running out leads in different parts of the country he should get in touch with the Chicago Division office.

After talking with the warden I returned to South Bend and talked with Chief of Police Kuespert who, after hearing of my experience with Taylor, told me that Taylor had appeared at the station late during the night of November 6, 1933 and told them that two of the escaped convicts from Michigan City were in the house at Washington and LaPorte Streets. The police went out to the place and found only Husvar, who was taken into custody but released on November 7, 1933. The Chief expressed the view that Taylor was trying to 'ride' the warden of the penitentiary for what money he could get, and did not possess any information of the whereabouts of any of the escaped men.

My own opinion is that Taylor is either 'stir crazy' or has hallucinations, and has no idea whatever of where the escaped convicts are. I have not seen him since the night of November 6, 1933 but if I do, I intend to try and get him to tell me just what his idea was in telling his 'stories' about the escaped convicts, and how far he thought he could get, by going around under authority of the prison and getting our division and the police out on a trail that was foolish to start with.

From what Mr. Kunkel told me I think that Taylor will be told to stop operating for the prison and that his help will not be wanted.

*L. J. Deveney*  
Special Agent
