

## Dissemination of CI Information

... a CI List, giving the name of all such known suspected [enemy] agents was compiled at Army Group Headquarters printed in pocket book form, and distributed on the scale of one for every CIC agent / FSS Non-commissioned officer. The List contained only names and references to the CI Bulletin from which further particulars could be obtained. This List could be carried at all times and was very useful in checking names at road blocks, refugee centers, hotels, etc.
